ANORMED RESPONDS TO SHAREHOLDER S SEC FILING

For Immediate Release:

February 20, 2006

Vancouver, B.C. - AnorMED Inc. (TSX:AOM, AMEX:AOM) provides shareholders with additional information regarding a filing of a further amendment to a Schedule 13D filing with the United States Securities and Exchange Commission by Felix J. Baker and Julian C. Baker. Mr. David Scott, Chairman of the Special Committee of the Board of Directors of AnorMED Inc., has responded to Mr. Baker, in a letter which can be found on the Company's website at www.anormed.com.

Contrary to the position put forward by Mr. Baker, the Chairman of AnorMED as well as other members of the Special Committee and management have been actively meeting and talking to him in a concerted effort to come to an agreement on a group of directors that is satisfactory to all. Unfortunately, to date Mr. Baker has been unwilling to consent to the consideration of a Board that is fully independent of himself and the shareholders he represents and insists that a majority of the Board come from his slate of candidates.

The most recent proposal made to Mr. Baker by AnorMED was a Board of Directors that consisted of: Michael Abrams, Felix Baker, three of the existing Directors and four new independent Directors to be mutually agreed upon by members of the Board, including Mr. Baker. This proposal and the timing of such changes are still open for discussion with Mr. Baker.

The willingness of the Company to replace and/or add new directors is consistent with AnorMED's past practice. The Company's goal has always been to recruit independent Directors, as necessary, that bring relevant business and industry experience and who will act in the best interests of all AnorMED shareholders. Consistent with this goal, the

approach taken by the Special Committee has been, and will continue to be, to try and reach an agreement with Mr. Baker and those shareholders represented by him so that the Special Meeting will not be required.

As announced by the Company in its release on February 2, 2006, a Special Committee was created to consider the requisition of the Special Meeting and the issues raised by that requisition. The formation of this Committee reflects best practices for situations of this nature and the Company's intention to follow an independent approach to dealing with the requisition and consequential matters.

The Schedule 13D filing amendment by Messrs. Baker does not sufficiently describe the formation and mandate of the Special Committee, or his participation in the current Board.

•

The formation and mandate of the Special Committee were approved by the majority of the AnorMED Board. As a member of the Board, Mr. Baker participated at this directors' meeting. The mandate of the Special Committee allows the committee to establish its own procedures and to retain such advisers as it considers appropriate.

•

The primary mandate of the Special Committee includes evaluating the concerns of the shareholders that have requested the Special Meeting, as well as the views of other shareholders, and to take such steps, if any, as the Special Committee deems appropriate to address such concerns. Mr. Baker suggests that due to the mandate of the Special Committee, he has been excluded from participation in the evaluation of Company strategy and direction. What he fails to disclose is that while the Special Committee is to consider and make recommendations to the Board of Directors on fundamental issues such as the calling of the shareholders meeting, it is not in its mandate to implement any such decision that the Special Committee may otherwise

wish to have made. As a result, all such recommendations of the Special Committee are made to the Board of Directors who are then obligated to meet as a Board, including Mr. Baker, at which time the Board will decide as they deem appropriate. Company strategy and direction is, and has always been, a Board decision.

•

The Special Committee recommended the adoption of a Shareholder Rights Plan to the Board. This recommendation was subsequently approved by the majority of the Board with Mr. Baker in attendance.

•

The objective of the Shareholder Rights Plan is to promote fair and equal treatment for all shareholders in the event of a bid to buy the Company. The Plan provides the Board time to explore and develop alternatives in order to maximize shareholder value. The Plan is not intended to deter bids. The Plan is similar to plans adopted by other Canadian companies. It will be placed before the shareholders of the Company for their approval at a meeting and will cease to have any effect if such approval is not obtained.

The Company's proposed Board and its position on issues raised by the requisition will be addressed in its Proxy Circular.

The Circular will be distributed to all AnorMED shareholders in March, prior to the Special Meeting of Shareholders, which will be held on April 11, 2006 in Vancouver, B.C.
