DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

Board of Directors and Executive Officers

At the annual meeting, four directors will be elected to serve a three year term until each such director's successor is elected and qualified or until the director's earlier death, resignation or removal. The Board currently consists of eleven members and is divided into three classes. The term of only one class of directors expires in each year, and their successors are elected for terms of up to three years and until their successors are elected and qualified. Messrs. Section 16(a) Beneficial Ownership Reporting Compliance

Our directors and executive officers must, under Section 16(a) of the Exchange Act, file certain reports of their initial ownership of our common stock and of changes in beneficial ownership of our securities. Based solely on a review of reports submitted to NBT, or written representations from reporting persons that all reportable transactions were reported, the Company believes that during the fiscal year ended December 31, 2008 all Section 16(a) filing requirements applicable to NBT's officers and directors were complied with on a timely basis.

Corporate Governance

The business and affairs of the Company are managed under the direction of the Board of Directors. Members of the Board are kept informed of the Company's business through discussions with the Company's executive officers, by reviewing materials provided to them and by participating in meetings and strategic planning sessions of the Board and its committees. The Board has adopted corporate governance practices and policies which the Board and senior management believe promote sound and effective corporate governance.

Director Independence

Based on a review of the responses of the directors to questions regarding employment and compensation history, affiliations and family and other relationships and on individual discussions with directors, the full Board has determined that all directors, excluding Mr. Dietrich, meet the standards of independence set forth by the NASDAQ Stock Market. In making this determination, the Board considered transactions and relationships between each director or his or her immediate family and the Company and its subsidiaries, including those reported under "Compensation Committee Interlocks and Insider Participation" and "Certain Relationships and Related Party Transactions" below. Mr. Dietrich is not independent because he is the President and Chief Executive Officer of the Company.

The independent members of the Board meet at least twice annually in an executive session where non-independent directors and management are excused. John Mitchell, who serves as chairman of the Nominating and Corporate Governance Committee, currently chairs these executive sessions.

Code of Ethics

The Company has adopted a Code of Business Conduct and Ethics that applies to all employees, as well as each member of the Company's Board of Directors. The Code of Business Conduct and Ethics is available at the Company's website at www.nbtbancorp.com/bncp/corporategov.html.

Board Policy Regarding Communications with the Board

The Board of Directors maintains a process for shareholders to communicate with the Board of Directors. Shareholders wishing to communicate with the Board of Directors should send any communication to Corporate Secretary, NBT Bancorp Inc., 52 South Broad Street, Norwich, New York 13815. Any such communication must state the name of and the number of shares beneficially owned by the shareholder making the communication. The Corporate Secretary will forward such communication to the full Board of Directors or to any individual director or directors to whom the communication is directed unless the communication is unduly hostile, threatening, illegal or similarly inappropriate. At each Board meeting, a member of management presents a summary of all communications received since the last meeting that were not forwarded and makes those communications available on request.

Director Attendance at Board Meetings and Annual Meetings

During fiscal 2008, the Board held seven meetings. Each incumbent director attended at least 75% of the aggregate of (i) the total number of meetings of the Board held during the period that the individual served and (ii) the total number of meetings held by all committees of the Board on which the director served during the period that the individual served. In addition, directors are expected to attend our annual meeting of shareholders. All directors were in attendance at the 2008 annual meeting, and we expect that all directors will be present at the 2009 annual meeting.

Committees of the Board of Directors

Our Board has a number of standing committees, including a Nominating and Corporate Governance Committee, Audit and Risk Management Committee and Compensation and Benefits Committee. The Board has determined that all of the directors who serve on these committees are independent for purposes of NASDAQ Rule 4200 and that the members of the Audit and Risk Management Committee are also “independent” for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934 (the “Exchange Act”). A description of each of these committees follows:

Nominating and Corporate Governance Committee. The members of the Nominating and Corporate Governance Committee are John C. Mitchell (Chair), Richard Chojnowski, William C. Gumble, Joseph A. Santangelo and Robert A. Wadsworth. The Committee is responsible for determining the qualification of and nominating persons for election to the Board of Directors, including (if applicable) shareholder nominations that comply with the notice procedures set forth by SEC rules and the Company’s Bylaws. The Committee also formulates our corporate governance guidelines and functions to insure successful development of management at the senior level and succession planning, as applicable. The Board of Directors has adopted a written charter for the Nominating and Corporate Governance Committee, a copy of which is available on the NBT Bancorp website at www.nbtbancorp.com/bncp/corporategov.html. This Committee met three times in 2008.

The Board of Directors believes that it should be comprised of directors who possess the highest personal and professional ethics, integrity, and values, and who shall have demonstrated exceptional ability and judgment and who shall be most effective in representing the long term interests of the shareholders.

When considering candidates for the Board of Directors, the Nominating and Corporate Governance Committee takes into account the candidate’s qualifications, experience and independence from management. In addition, in accordance with the Company’s Bylaws:

- Every director must be a citizen of the United States and have resided in the State of New York, or within two hundred miles of the principal office of the company, for at least one year immediately preceding the election;
- Each director must own \$1,000 aggregate book value of the Company’s common stock; and
- No person shall be eligible for election or re-election as a director if they shall have attained the age of 70 years.

When seeking candidates for director, the Nominating and Corporate Governance Committee may solicit suggestions from incumbent directors, management or others. The Committee also has the authority to retain any search firm to assist in the identification of director candidates. The Committee will review the qualifications and experience of each candidate. If the Committee believes a candidate would be a valuable addition to the Board, it will recommend to the full Board that candidate’s election.

The Company’s Bylaws also permit shareholders eligible to vote at the annual meeting to nominate director candidates, but only if such nominations are made pursuant to timely notice in writing to the President of NBT. To be timely, notice must be delivered to, or mailed to and received at, the principal executive offices of NBT within 10 days following the day on which public disclosure of the date of any annual meeting called for the election of directors is first given. The Nominating and Corporate Governance Committee will consider candidates for director suggested by shareholders applying the criteria for candidates described above and considering the additional information required by Article III, Section 3 of the Company’s Bylaws, which must be set forth in a shareholder’s notice of nomination. Article III, Section 3 of the Company’s Bylaws requires that the notice include: (a) as to each person whom the shareholder proposes to nominate for election as a director, (i) the name and address of such person and (ii) the principal occupation or employment of such person; and (b) as to the shareholder giving notice (i) the name and

address of such shareholder, (ii) the number of shares of the Company that will be voted for the proposed nominee by such shareholder (including shares to be voted by proxy) and (iii) the number of shares of the Company which are beneficially owned by such shareholder.

Audit and Risk Management Committee. The Audit and Risk Management Committee represents our Board in fulfilling its statutory and fiduciary responsibilities for independent audits of NBT's consolidated financial statements, including monitoring accounting and financial reporting practices and financial information distributed to shareholders and the general public. The Committee members are identified in the Audit and Risk Management Committee Report below. Directors on our Audit and Risk Management Committee meet the expanded independence requirements of audit committee members. In addition, our Board of Directors has determined that Ms. Civil is an "audit committee financial expert" as that term is defined in NASDAQ Marketplace Rule 4350(d)(2)(A) and the rules of the SEC.

This Committee met four times in 2008. Responsibilities and duties of this Committee are discussed more fully in the Audit and Risk Management Committee Report below and in the Committee's charter, which is available on the Company's website at www.nbtbancorp.com/bncp/corporategov.html.

Compensation and Benefits Committee. Directors William L. Owens (Chair), Patricia T. Civil, William C. Gumble, Michael M. Murphy, Joseph G. Nasser, and Joseph A. Santangelo constitute the Company's Compensation and Benefits Committee. All of the Committee members are independent directors, as determined by the Board, and as such term is defined in the NASDAQ Marketplace Rules as they apply to the Company.

The Committee is responsible for the development, oversight and administration of the Company's compensation program. The Committee works closely with the Company's CEO and Executive Vice President of Human Resources to implement our compensation program. In addition, the Committee sometimes works in executive sessions without Company management present.

The Committee regularly reviews our compensation practices and policies and recommends to the Board of Directors the compensation and benefits for the CEO, directors and executive management team, including the named executive officers. In making compensation recommendations to the Board of Directors for the named executive officers, the Committee relies substantially on the recommendations of the CEO and, in the case of the CEO's compensation, upon the recommendation of the Chairman of the Board. The Committee generally determines the compensation for the named executive officers at its December meeting preceding the commencement of the fiscal year in which the compensation will be paid or earned or in January of such fiscal year.

The Committee has engaged Mercer Human Resources Consulting, ("Mercer"), a global human resources consulting firm, to conduct an annual review of the Company's executive compensation program. Mercer is charged with comparing all elements of the Company's executive compensation program to external, objective benchmarks in order to assess the competitiveness of the Company's total compensation. Two competitive markets are compared - the broader banking industry and peer group data. In addition to a competitive analysis, Mercer performs a pay for performance alignment analysis based on a few macro-financial metrics. These measures provide information regarding compensation paid by our competitors and the broader banking industry taking into consideration size, asset growth, earnings growth and stewardship of capital. Mercer provides the Committee with relevant market data and alternatives to consider in its executive compensation decision-making. The Committee reviews information provided by Mercer to determine the appropriate level and mix of short and long-term incentive compensation and cash and equity-based compensation.

The CEO's compensation reflects the Committee's evaluation of his performance measured against the following criteria: (i) implementation of the Company's short and long-term strategies; (ii) financial and operating performance; (iii) management development; (iv) customer service; and (v) leadership in positioning the Company to meet the significant operational and regulatory challenges of the evolving financial services industry. The Committee may use its discretion to deviate from or modify compensation policies and recommendations, but does so rarely, and typically, only in unusual circumstances.

The Committee also administers the Company's pension plan, 401(k) & ESOP, the directors' and officers' stock option plans, the deferred and performance share stock plans as well as the 2008 Omnibus Incentive Plan (the "Omnibus Plan"). Pursuant to the terms of the Company's Omnibus Plan, the Committee may delegate its authority to grant awards under such plan to a member of the Board and the Committee has granted such authority, within certain defined limits, to Mr. Dietrich. A charter that reflects these responsibilities and delegated authority, which the Committee and the Board periodically review and revise, governs the Committee. A copy of the charter appears on the Company's website at www.nbtbancorp.com/bncp/corporategov.html. The Committee met four times in 2008.

Policy on Recovery of Awards

The Company does not currently have a policy with respect to the recovery of awards when the performance measures upon which they are based are restated or otherwise adjusted in a manner that would reduce the size of an award or payment.

The restricted stock and the deferred stock awards were issued pursuant to the NBT Bancorp Inc. Non-Employee Directors Restricted and Deferred Stock Plan. The restricted stock awarded to Directors vests one-third annually beginning on the first anniversary of the grant date and the restricted stock awarded to the Chairman of the Board vests 50% annually beginning on the first anniversary of the grant date. The deferred stock vests fully upon the award date but issuance of shares is delayed until the respective director leaves the Board. Options were issued pursuant to the NBT Bancorp Inc. Non-Employee Director, Divisional Director and Subsidiary Director Stock Option Plan and each grant vests 40% after one year, 20% annually for the following three years. In addition to the fees set forth above, committee members receive an additional \$900 per meeting for meetings held at the request of management for the purpose of discussing Board related matters.

Mr. Forsythe serves as the Company's Chairman under an agreement that was entered into in 2003, when he was also serving as the Company's President and CEO. Pursuant to this agreement, commencing January 1, 2006 and continuing as long as Mr. Forsythe is a member of the Board of Directors, he will serve as Chairman of the Company. In addition to the fees set forth above, pursuant to his agreement, Mr. Forsythe is also entitled to be reimbursed for dues and assessments (including initiation fees) incurred in relation to his country club membership. Mr. Forsythe has also agreed that for one year after the termination of his agreement, he will not directly or indirectly compete with the Company or the Bank. Under the agreement, during the term of his tenure with the Company, Mr. Forsythe may not disclose confidential information about the Company or its subsidiaries to any other person or entity.

The following table provides information about the compensation paid to the Company's non-employee directors in 2008.

Compensation Discussion and Analysis

This section provides a discussion and an analysis of our executive compensation philosophy, guidelines and programs. The discussion and analysis is presented to give our shareholders a clear and comprehensive picture of our executive compensation. For a full understanding of the information presented, you should read and consider the following narrative discussion, together with the information in the tables below and the narratives and footnotes that accompany the tables, as well as the Compensation and Benefits Committee Report included in this Proxy Statement. In this discussion, we refer to the Company's Chief Executive Officer (the "CEO"), its Chief Financial Officer (the "CFO"), and the other individuals included in the Summary Compensation Table below as the Company's "named executive officers".

Guiding Principles and Policies

The primary objectives of the Company's executive compensation program are:

- To attract and retain talented senior executives.
- To motivate senior executives by rewarding them for outstanding corporate and individual performance.

The following fundamental principles underlie the Company's executive compensation program:

- Executive compensation should be closely aligned with both short-term and long-term shareholder interests.
- Executive compensation should appropriately reflect performance related to the achievement of corporate and individual goals.
 - Executives should be required to build and maintain significant equity investments in the Company.
- Executive compensation should be determined by a committee composed entirely of independent directors having sufficient resources to do its job, including access to independent, qualified experts.

Setting Executive Compensation

Benchmarking with Peer Companies. The Compensation and Benefits Committee analyzes and uses, compensation data from other companies provided by Mercer in making compensation decisions. The comparative data is derived from a peer group comprised of community-based banking organizations, primarily in the Northeast, with asset size and markets similar to the Company's, and against which the Committee believes that the Company competes for executive talent. The peer group, which the Committee periodically reviews, consisted of the following companies for 2008: Berkshire Hills Bancorp, Inc., Community Bank Systems, Inc., First Commonwealth Financial Corporation, FNB Corporation, First Niagara Financial Group, Inc., Harleystown National Corporation, National Penn Bancshares, Inc., Northwest Bancorp, Inc., Provident New York Bancorp, S&T Bancorp, Inc., Tompkins Financial Corporation, and TrustCo Bank Corp NY.

The Committee generally sets total compensation (base salary, annual incentive and long-term incentive opportunity) for the named executive officers at median market levels within this peer group. In some situations, the Committee may vary from this practice, based upon factors such as market competition, the urgency of the Company's need to fill a position, and a candidate's skill, experience, expertise and performance history. In 2008, total direct compensation for the named executive officers in the aggregate approximates the median market levels.

Components of Executive Compensation

During 2008, the Company's executive compensation program consisted of base salary, short-term cash incentives and long-term equity based incentives together with benefit plans, perquisites and personal benefits, and for certain of the named executive officers, post-termination pay. In 2008, base salary, cash incentive pay and long-term equity based compensation comprised 86%, 88%, 88%, and 89% of the aggregate compensation of Messrs. Dietrich, Chewens, Raven, and Levy, respectively. The Company believes that this compensation mix accurately reflects the principles and objectives described in this Compensation Discussion and Analysis.

Base Salary

The Committee reviews executive base salaries annually. Base salary is intended to recognize the value of the executive's position and to be market competitive. All current named executive officers serve pursuant to employment agreements that provide for a minimum base salary that may not be reduced without their consent. In establishing the fiscal 2008 salary for each executive, the Committee considered:

- the officer's responsibilities, qualifications and experience;
- the officer's overall financial and operational achievements, as well as the performance of the business or function for which the individual is responsible;
 - the officer's role in leading or helping implement our short-term and long-term strategies;
- the market for individuals with the relevant skills, experience and expertise and the competitiveness of the executive compensation program in relationship to relative company peers; and
 - prevailing interest rates and other conditions in the financial markets.

For 2008, the base salaries for the named executive officers, upon recommendation by the CEO and as determined by the Committee, were in line with market surveys for financial institutions within our asset size and in our geographic area. The base salary for each of the named executive officers is reflected in column (c) of the Summary Compensation Table on page 22. Mr. Dietrich's base salary in 2008 was \$495,000, and will be \$520,000 in 2009. Mr. Chewens' base salary was \$345,000 in 2008 and will be \$363,000 in 2009. Mr. Raven's base salary was \$330,000 in 2008 and will be \$363,000 in 2009. Mr. Levy's base salary was \$208,600 in 2008 and will be \$250,000 in 2009.

Variable Compensation.

In addition to base salaries in fixed amounts, the Company provides cash and equity based incentive compensation. These forms of compensation vary in amount depending on the factors discussed below and are designed to promote superior performance and achievement of corporate goals, encourage the growth of shareholder value, and allow key employees to participate in the long-term growth and profitability of the Company.

Executive Incentive Compensation Plan. The Executive Incentive Compensation Plan (“EICP”), directly ties compensation to specific company financial goals, as well as individual performance objectives. The awards under the plan are determined through a combination of achievement of individual performance goals and the attainment of certain levels of Earnings Per Share (“EPS”) goals with respective weighting determined by each executive’s position. At the beginning of each year, the Committee decides whether an EICP should be established, and if it is, approves the group of employees eligible to participate for that year and the EPS goal levels that will determine year end payout.

At the beginning of 2008, after a review of the Mercer study of our peers, the Board opted to adopt similar payout methodology and restructured the EICP in line with some of these peers to allow payouts not only at budgeted baseline goals, but within established guidelines when results are within a certain percentage of the baseline goal. The Company paid no bonuses based on 2007 performance because the Company only achieved 92.1% of the budgeted EPS; however, the Company’s overall performance was still better than most of our peers who were paying bonuses. For 2008, the baseline earnings threshold was set at 100% of budget, with a minimum threshold of 90%. If the Company’s earnings for the year were equal to or greater than the minimum threshold, the named executive officers would be eligible for awards to be determined in accordance with the respective level of earnings. If the minimum threshold was not achieved, awards would not be made under the EICP. This change had no impact on bonus payouts for 2008 as the Company’s performance was significantly higher than the budget.

In addition to corporate earnings goals, the Committee may establish individual performance objectives as a component of the overall payout for each of the named executive officers. The CEO generally provides input for these performance objectives for the named executive officers other than himself. Each named executive officer may have several individual performance objectives that are tied to both the executive’s respective corporate responsibilities and the Company’s overall strategic plan. Objectives more critical to the Company are given more significant weight than other objectives. Each individual performance objective is evaluated at year end in terms of accomplishment and the total result of all objectives plus the respective achieved corporate earnings percentage are combined and multiplied times base salary to derive the total payout.

The following table depicts the corporate component and total individual performance objectives component weightings for the named executive officers for fiscal year 2008.

Executive Level	Named Executive Officer	Corporate Component	Individual Component	Total
Level A	Mr. Dietrich	100%	0%	100%
Level B-1	Mr. Chewens	66%	34%	100%
Level B-2	Mr. Raven	50%	50%	100%
Level C	Mr. Levy	50%	50%	100%

The following table depicts the range of potential payouts to the named executive officers under the EICP as a percentage of base salary, based upon achievement of individual performance objectives and attainment of corporate earnings goals identified in the table above. With the restructure of the EICP, Level 5 in 2008 compares to Level 1 in 2007. These percentages have been adjusted to more accurately reflect current market payout levels to executives in

positions of the named executive officers.

- 13 -

EICP Payout Level	Exec. Level A Potential Payouts	Exec. Level B-1&B-2 Potential Payouts (% Achieved = 100%)	Exec. Level C Potential Payouts (% Achieved = 100%)
Level 1	48%	37.6%	24.8%
Level 2	51%	40.0%	26.4%
Level 3	54%	42.3%	27.9%
Level 4	57%	44.7%	29.5%
Level 5(baseline)	60%	47.0%	31.0%
Level 6	70%	58.8%	38.8%
Level 7	80%	70.5%	46.5%
Level 8	90%	82.3%	54.3%
Level 9	100%	94.0%	62.0%

If the Company's actual earnings are equal to or greater than a predetermined threshold, the named executive officers are eligible for awards to be determined in accordance with the following formula: [Assigned Percentage Achieved (based upon corporate component and, if applicable, achievement of individual performance objectives)] x [base salary]. The awards determined in accordance with the formula are increased by a factor of up to 3 times based upon attainment of actual earnings between the threshold and maximum set by the Committee. For example, if the Company achieved an EPS Level 5 (baseline budget) and the named executive officer was at an Executive Level B-1, the maximum payout would be 47% of base salary.

Performance Share Plan. The Performance Share Plan is a long-term, equity-based incentive plan that links executive compensation to the Company's profitability and increased share value. The Committee establishes guidelines for awards under this restricted stock plan, which must be based on the attainment by the participant of specific performance goals established at a time when the outcome of the performance goals is substantially uncertain. In setting the guidelines, the Committee considers a number of factors, including an individual's organizational position, historical performance, prior awards, current performance and potential future contribution to the Company. The Committee determines the performance period over which the achievement of applicable performance goals will be measured, the executives who will participate during the period, the amount of performance shares that may be awarded, and the vesting period for each grant. The guidelines established by the Committee applicable to the named executive officers in 2008 were based on increased diluted EPS over the one year period ending December 31, 2008. The Committee believes the EPS measure best reflects the value provided to the shareholders. The Committee believes that these objectives are challenging and require significant individual achievement to be met. This plan was terminated on May 6, 2008. Any future performance based equity awards will be issued under the Omnibus Plan.

Stock Option Plan. The Company's 1993 Stock Option Plan ("Stock Option Plan"), administered by the Compensation and Benefits Committee, provides for awards of non-tax qualified options to key management employees, including the named executive officers. The Committee believes stock options are inherently performance-based, and therefore support the objective of providing performance-based compensation while providing an opportunity for the Company's named executive officers to acquire or increase a proprietary interest in the Company. The Committee does not consider the number of options outstanding and held by the named executive officers in determining current year option awards. Options are awarded with an exercise price equal to the fair market value on the NASDAQ Stock Market on the date of the grant. Options granted by the Committee under the Stock Option Plan vest at a rate of 40% after one year, and in equal increments over the next three years. Options are forfeited if the holder does not exercise them within ten years of the grant date. The Committee's established practice is to grant options annually at the Committee's regularly scheduled January meeting. This plan was terminated on April 18, 2008. Any future awards will be issued under the 2008 Omnibus Incentive Plan.

Omnibus Plan. The Omnibus Plan was approved by the Board of Directors on January 28, 2008 and by our shareholders at the annual meeting on May 6, 2008. The Omnibus Plan is used to grant equity and performance-based awards to applicable employees, including our named executive officers, similar to those previously granted under the Stock Option Plan and the Performance Share Plan, and also replaces the Company's Non-Employee Directors Restricted and Deferred Stock Plan, Non-Employee Director, Divisional Director and Subsidiary Director Stock Option Plan and the 2006 Non-Executive Restricted Stock Plan. All outstanding awards under the previous plans will remain outstanding; however, no further awards were granted pursuant to such plans after the Omnibus Plan was approved by shareholders at the 2008 annual meeting. The Omnibus Plan does not have a substantive effect on the elements of compensation that comprise each named executive officer's total compensation package. Under the Omnibus Plan, the Company continues to provide each named executive officer with annual and long-term incentives in the form of cash and equity-based awards with terms similar to those discussed in this Compensation Discussion and Analysis. During 2008, the Committee approved a one time retention award for the named executive officers of the company in the form of restricted stock units. This award was issued under the Omnibus Plan and is detailed in the Grants of Plan-Based Awards table on page 24.

Equity-Based Incentive Compensation Plan. As shown in the table below, Messrs. Dietrich, Chewens, Raven and Levy received the following long-term non-cash compensation awards under the Stock Option Plan, the Performance Share Plan, and the Omnibus Plan. In granting these awards, the Committee considered peer group and market data, as well as individual performance contributing to the Company's success.

Named Executive Officer	Option Awards	Performance Share	Restricted Stock
		Awards	Unit Award
Dietrich	25,000	7,800	9,700
Chewens	18,000	5,850	6,700
Raven	17,000	5,850	6,500
Levy	7,500	4,875	2,800

Retirement Plans.

Defined Benefit Pension Plan. Our named executive officers participate in the NBT Bancorp Inc. Defined Benefit Pension Plan, which is a noncontributory, tax-qualified defined benefit pension plan. The plan is available to all Company employees who have attained age 21 and have completed one year of service, as defined in the plan. The plan provides for 100% vesting after three years of qualified service. The plan has a cash balance feature, in which all of the named executive officers participate. The footnotes to the Pension Benefits Table on page 27, including the narrative discussion that follows such table, contain a detailed description of the defined benefit/cash balance pension plan, including a description of the eligibility, crediting, vesting, mortality, and other terms and assumptions used for the calculation of plan benefits.

Supplemental Retirement Benefits. Messrs. Dietrich, Chewens and Raven each participate in a supplementary executive retirement plan ("SERP"), which provides the executive with supplemental retirement benefits. Each SERP is embodied in agreements between the Company and the respective named executive officer, and is principally designed to restore benefits that would have been paid to the named executive officer if certain federal tax limitations were not in effect, as well as to attract and retain qualified and experienced executive officers. The narrative that follows the Nonqualified Deferred Compensation table on page 28 contains a detailed description of each SERP.

401(k) & Employee Stock Ownership Plan. The 401(k) & Employee Stock Ownership Plan ("401(k) & ESOP") is a tax-qualified defined contribution retirement savings plan available to all Company employees who have attained age 21 and are either scheduled to complete one year of service or have completed one year of service, as defined by the plan. Plan participants may contribute up to the limit prescribed by the Internal Revenue Service on a before-tax basis. The Company matches 100% of the first 3% of pay contributed to the plan. Additionally, the Company can make discretionary contributions to the plan based on its financial performance. A discretionary contribution may also be made in the form of an employer non-elective amount to the ESOP portion of the plan based on the performance of the Company of up to 3% of base pay. In 2008, the discretionary contribution for both the 401(k) and the ESOP portions of the plan were 2.0% of base pay. All Company contributions to this retirement plan are made in the form of Company common stock, and vest at the rate of 20% per year with full vesting following five years of benefit service. The named executive officers participate in this plan. Column (g) in the Summary Compensation table on page 22 includes the dollar value of the stock contributed by the Company under the 401(k) & ESOP to each of the named executive officers.

The Company amended the 401(k) & ESOP effective January 1, 2008 to add an automatic enrollment provision which allows the company to automatically enroll any eligible employee hired on or after January 1, 2008 who is expected to satisfy eligibility requirements for making elective contributions. An eligible employee will be automatically enrolled unless the employee declines enrollment or self-enrolls in the plan prior to the automatic enrollment deadline.

Perquisites and Other Personal Benefits.

The Company provides named executive officers with perquisites and other personal benefits that the Company and the Committee believe are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain superior employees for key positions. During 2008, these benefits included the use of Company-owned automobiles, life and disability insurance, and club memberships. Each of the named executive officers have term life insurance policies equal to two times their base salary, up to a maximum of \$500,000, with the benefit payable to a beneficiary selected by the named executive officer. The Company pays the premiums on each policy. Each of the named executive officers (except for Mr. Levy) also has the use of a Company-owned automobile. Any personal mileage incurred by the executive is taxed as additional compensation in accordance with IRS regulations. The Committee periodically reviews the levels of perquisites and other personal benefits provided to named executive officers. The dollar amount of these benefits is reflected in column (h) in the Summary Compensation Table on page 22. The aggregate amounts of perquisites and other personal benefits paid to Messrs. Dietrich, Chewens and Raven were determined to be less than the established reporting thresholds for detailed disclosure.

Stock Ownership Guidelines

To directly align their interests with shareholders' interests, in 2005, the Committee established stock ownership guidelines for the Board of Directors and the executive management team including our named executive officers. The Committee considered individual financial means in setting each executive's required minimum number of shares. The executives must comply with the guidelines the later of five years from the adoption of the policy or five years from the date of promotion to the executive management team. Failure to meet the guidelines could, at the Committee's discretion, affect future stock option awards. As of December 31, 2008, all named executive officers were in compliance with established guidelines.

Accounting for Stock-Based Compensation

Beginning on January 1, 2006 the Company began accounting for equity-based payments in accordance with the requirements of SFAS No. 123R.

Tax Matters

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to a company for compensation in excess of one million dollars paid to a company's CEO, and to the next four highest paid officers of the company, unless the compensation qualifies as "performance-based compensation" or falls under certain other specified exceptions under Section 162(m). Generally, to qualify as performance-based compensation, the plan or arrangement must contain specific performance criteria, specific limits on awards and amounts and must have shareholder approval. While the Committee recognizes the importance of tax deductibility and endeavors to formulate its compensation program in a tax-effective manner, it also believes it is critical to balance tax deductibility with ensuring that the Company's programs are designed appropriately to recognize and reward executive performance, such that at times current tax deductibility limits may be exceeded.

Section 409A of the Internal Revenue Code generally provides that unless certain requirements are met, amounts deferred under a nonqualified deferred compensation plan are currently includible in an employee's gross income to the extent not subject to a substantial risk of forfeiture. Section 409A applies to most forms of deferred compensation, including but not limited to, nonqualified deferred compensation plans or arrangements, certain equity based performance awards, and severance plans or individual severance arrangements contained within employment agreements. Generally, under Section 409A, any severance arrangement not in compliance with Section 409A covering a named executive officer pursuant to an employment or change in control agreement which is effective upon termination of employment, any deferrals under a nonqualified deferred compensation plan that do not comply with Section 409A or any stock option award grants with an exercise prices of less than fair market value on the date of grant may subject the named executive officer to (i) current income inclusion of the relevant amounts, (ii) interest at the IRS underpayment rate, and (iii) an additional 20% excise tax. The Company believes it is operating in good faith compliance with the statutory and regulatory provisions currently in effect. The Nonqualified Deferred Compensation table on herein provides detailed information about the Company's nonqualified deferred compensation arrangements.

Executive Compensation

The table below summarizes the total compensation paid to or earned by each of the named executive officers for the fiscal year ended December 31, 2008. The compensation received by the named executive officers was a combination of cash and equity compensation and long-term and short-term compensation. The Compensation and Benefits Committee concluded that this mix reflects the compensation principles discussed in the Compensation Discussion and Analysis, as applied to each officer's responsibilities and performance. Collectively, 2008 compensation for the named executive officers consisted of 60% cash payments and 28% equity awards, and 61% and 39% in short-term and long-term compensation respectively. Mr. Dietrich's compensation was comprised of 53% cash payments and 33% equity awards, and 53% and 47% in short-term and long-term compensation respectively.

Interest Rate Credit for determining projected cash balance account – 4.75%

Assumed Retirement Age – Retirement rates for ages 55-66 for Defined Benefit Plan Benefits, age 60 for Dietrich SERP, age 62 for Chewens SERP and Raven SERP

Credited service under the Defined Benefit Plan is based on date of participation, not date of hire; the first year of service is excluded. Credited service under each SERP is earned from the effective date of the agreement.

Our named executive officers participate in the NBT Bancorp Inc. Defined Benefit Pension Plan (the "Pension Plan"). This plan is a noncontributory, tax-qualified defined benefit pension plan. Eligible employees are those who have attained age 21 and have completed one year of service in which the employee worked at least 1,000 hours. The plan provides for 100% vesting after three years of qualified service. Benefits payable as an annuity at age 65 are reduced 3% per year for early retirement. Early retirement eligibility is age 55 with 3 years of service. None of the named executives are eligible for early retirement as of December 31, 2008. All executives are 100% vested as of December 31, 2008. Prior to the amendment and restatement of the plan effective January 1, 2000, the plan had received a determination from the Internal Revenue Service that the plan was qualified under Section 401(a) of the Internal Revenue Code. The plan, as amended and restated effective January 1, 2000, received favorable determination effective October 11, 2007. The plan was converted to a defined benefit plan with a cash balance feature, effective January 1, 2000. Prior to that date, the plan was a traditional defined benefit pension plan. Each active participant in the Pension Plan as of January 1, 2000 was given a one-time irrevocable election to continue participating in the traditional defined benefit plan design or to begin participating in the new cash balance plan design. All employees who became participants after January 1, 2000 automatically participated in the cash balance plan design. Each of our named executive officers chose to participate in the cash balance plan design.

Under the cash balance plan design, hypothetical account balances are established for each participant and pension benefits are generally stated as the lump sum amount in that hypothetical account. Notwithstanding the preceding sentence, since a cash balance plan is a defined benefit plan, the annual retirement benefit payable at normal retirement (age 65) is an annuity, which is the actuarial equivalent of the participant's account balance under the cash balance plan. However, participants may elect, with the consent of their spouses if they are married, to have the benefits distributed as a lump sum rather than an annuity.

Benefits under the plan for 2008 are computed using a cash balance methodology for people who converted (as described hereafter) that provides for pay-based credits to the participants' hypothetical accounts equal to 5% to 22% (depending on age and other factors) on the first \$230,000 of annual eligible compensation. Eligible compensation under the plan is defined as fixed basic annual salary or wages, commissions, overtime, cash bonuses, and any amount contributed by the Company at the direction of the participant pursuant to a salary reduction agreement and excludible from the participant's gross income under the Internal Revenue Code, but excluding any other form of remuneration, regardless of the manner calculated or paid, such as amounts realized from the exercise of stock options, severance pay or our cost for any public or private benefit plan, including the Pension Plan. In addition to the pay-based service credits, monthly interest credits are made to the participant's account balance based on the average annual yield on 30-year U.S. Treasury securities for the November of the prior year. For 2008, the pay-based credits for Messrs. Dietrich, Chewens, Raven, and Levy were 22%, 19%, 19%, and 5%, respectively. The Company's contributions to the Pension Plan in 2008 for Messrs. Dietrich, Chewens, Raven and Levy were \$50,600, \$43,700, \$43,700, and \$10,430, respectively.

(1) Messrs. Dietrich and Levy contributed \$25,000 and \$10,000, respectively to the Deferred Compensation plan, which was reported as salary in the Summary Compensation Table on page 22. Messrs. Chewens, Raven and Levy contributed \$239,698, \$11,633, and \$16,765, respectively, to the Deferred Compensation plan, which was reported as non-equity incentive plan compensation earnings in the Summary Compensation Table on page 22.

Supplemental Retirement Benefits

Section 415 of the Internal Revenue Code places certain limitations on pension benefits that may be paid from the trusts of tax-qualified plans, such as the plan. Because of these limitations and in order to provide certain executives with adequate retirement income, we have entered into supplemental retirement agreements which provide retirement benefits to the named executives in the manner discussed below. It should be noted that where applicable, the amounts payable under the Supplemental Retirement Agreements, as discussed in the following section, are offset by payments made under the Pension Plan, the annuitized employer portion of our 401(k) & ESOP and Social Security.

NBT has entered into agreements with Messrs. Dietrich, Chewens and Raven to provide the executive with supplemental retirement benefits, of which Mr. Dietrich's was revised most recently on January 20, 2006, and Mr. Chewens' and Mr. Raven's were revised most recently on January 1, 2005. Each SERP provides the executive with an annual supplemental benefit at normal retirement, including (a) the annual benefit payable to the executive under our pension plan, (b) the annual benefit that could be provided by contributions by us and NBT Bank (other than the executive's elective deferrals) to our 401(k) & ESOP and the earnings on those amounts if these contributions and earnings were converted to a benefit payable under the agreement using the actuarial assumptions provided under the agreement, (c) his social security benefit and (d) the SERP, which will be equal to the greater of (1) a percentage (60% for Mr. Dietrich and 50% for Messrs. Chewens and Raven) of the executive's final average compensation (i.e., average annual base salary, commissions, bonuses and elective deferrals without regard to any Internal Revenue Code limitations on compensation applicable to tax qualified plans) or (2) the sum of the annual amount of the executive's benefit under our pension plan, calculated without giving effect to limitations and restrictions imposed by the Internal Revenue Code plus the annual benefit that could be provided by contributions by us and NBT Bank (other than the executive's elective deferrals) to our 401(k) & ESOP and the earnings on those amounts, calculated by disregarding the limitations and restrictions imposed by the Internal Revenue Code and using the actuarial assumptions set out in our

pension plan, with the exception of a different salary scale assumption.

Reduced amounts will be payable under each SERP in the event the executive takes early retirement. If the executive dies leaving a surviving spouse, his spouse will be entitled to an annual benefit for life equal to the annual survivor annuity benefit under our pension plan, calculated without giving effect to limitations and restrictions imposed by the Internal Revenue Code, reduced by the surviving spouse benefit actually payable under such plan, plus a lump sum amount equal to contributions by us and NBT Bank (other than the executive's elective deferrals) to our 401(k) & ESOP, calculated by disregarding the limitations and restrictions imposed by the Internal Revenue Code, reduced by the amounts actually contributed to our 401(k) & ESOP, plus the earnings on such net amount. If the executive dies after attaining a certain age (age 58 for Mr. Dietrich and age 60 for Messrs. Chewens and Raven) and after he has retired, but before payment of benefits has commenced, the surviving spouse will receive an annual benefit equal to the excess, if any, of (1) the monthly amount the surviving spouse is entitled to under our pension plan, calculated without giving effect to limitations and restrictions imposed by the Internal Revenue Code, over (2) the monthly amount actually payable to the surviving spouse under our pension plan plus the monthly amount that is the actuarial equivalent of any supplemental retirement benefit payable to the surviving spouse. Except in the case of early retirement or death, payment of benefits will commence upon the first day of the month after the executive attains a certain age (age 60 for Mr. Dietrich and age 62 for Messrs. Chewens and Raven). Assuming Mr. Dietrich is currently 60 years old and retiring, Messrs. Chewens and Raven are currently 62 years old and retiring, satisfaction of applicable SERP conditions, and that each executive's 2008 compensation were his final average compensation as defined by the SERP, the estimated aggregate annual retirement benefit under the SERP, our cash balance pension plan, the annuitized employer portion of our 401(k) & ESOP and social security to be paid to Messrs. Dietrich, Chewens and Raven would be \$346,380, \$424,867 and \$334,128, respectively. The social security portion of these amounts is assumed to commence at the Normal Social Security Retirement Age for each executive. The SERP for Messrs. Dietrich, Chewens and Raven will at all times be unfunded except that, in the event of a change in control, NBT will be required to transfer to a grantor trust an amount sufficient to cover all potential liabilities under the SERP.

Deferred Compensation Plan

The Deferred Compensation Plan allows the named executive officers, and such other officers as named annually, to defer some or all of their salary, commissions and/or bonus, to a future date. Eligible employees are generally those employees determined to be highly compensated employees of the company. The Plan provisions allow for a minimum annual deferral election of \$1,000, a maximum of 100% of salary, commissions and/or bonus. Deferral of these payments lowers each participant's compensation for income tax purposes for the year of deferral and allows accumulation of earnings on that deferred compensation on a tax-deferred basis. Participants are required to elect a time of distribution, either a specific date or at time of separation from employment; and a form of distribution, either a lump sum or annual installments for a period of either five or ten years following the elected time of distribution.

Potential Payments Upon Termination or Change in Control

The following table and related footnotes describe and quantify the amount of post termination payments that would be payable to each of the named executive officers of the Company in the event of termination of such named executive officer's employment as of December 31, 2008, under various employment related scenarios pursuant to the Employment Agreements, Change in Control Agreements and equity award agreements entered into with each of the named executive officers. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be different from those presented in the following table. Factors that could affect these amounts include the timing during the year of any such event, the Company's stock price and the named executive officer's age.

NOTES:

1. The Company pays the premiums on up to \$500,000 face amount life insurance policies insuring the life of the named executives (with beneficiaries designated by the named executives). The values shown in the table do not reflect the death benefit payable to the named executive's beneficiaries by the Company's insurer. The premiums associated with the life insurance policies for the year 2008 and paid by the Company on behalf of the named executive officers is included in the Summary Compensation Table under the column "All Other Compensation," and detailed in footnote 8 to that table.
2. Change in Control benefit will only be payable in the following scenarios: (1) executive is terminated w/o Cause within 24 months following a Change in Control; (2) executive terminates employment for Good Reason within 24 months following a change in control; or (3) executive terminates employment w/o Good Reason within 12 months following a change in control.
3. Mr. Dietrich's accrued unpaid salary as of 12/31/2008 was \$26,000, plus accrued unused vacation of \$5,000.
4. Severance, under a Change in Control situation is computed for the named executive officer by the following formula: 2.99 multiplied by the greater of: (A) executive's base salary for termination year, plus maximum targeted bonus for termination year or largest bonus paid over last 3 years, plus other taxable income/benefits including non-qualified stock option exercises or (B) the average total taxable compensation paid and reported for 3 years prior to the change in control. No mitigation is required and gross-up will be paid to cover any excise taxes imposed on the executive pursuant to Code Section 4999.
5. As of 12/31/2008, Mr. Dietrich is entitled to 3 years of salary continuation, at \$495,000 per year.
6. Mr. Dietrich is entitled to a higher severance benefit under severance formula option (A) (as referenced in footnote #4 above), which is \$3,738,113 (compared with \$2,514,901 under option (B)); based on 2008 amounts of \$495,000 for salary, \$396,000 for bonus, \$211,907 for the income on exercised stock options, \$119,805 for performance shares paid out, \$5,314 for auto, \$14,420 for dividends, and \$7,759 for life and disability insurance coverage.
7. The SERP is divided into 3 parts: (1) a Retirement Income component which provides a benefit equal to the benefit that would have been provided to the participant under the Defined Benefit Plan disregarding provisions required to comply with Internal Revenue Code Sections 401(a)(17) and 415 less the benefit provided by the Defined Benefit Plan; (2) a Deferral Account component which provides a benefit equal to the discretionary and matching contributions provided for under the Basic 401(k) & ESOP, disregarding provisions required to comply with Internal Revenue Code Sections 401(a)(17), 401(k)(3), 401(m), and 415, adjusted for income, gains and losses based on deemed investments less the actual benefit under the 401(k) & ESOP Plan and (3) a supplemental benefit payable as an annuity at the executive's normal retirement age equal to a percentage of the average of the highest five consecutive years of earnings, less the benefit provided under the Defined Benefit Plan, less the benefit provided under the Basic 401(k) & ESOP (as an annuity), less the Retirement Income Component (as an annuity), less the Deferral Account (as an annuity). This benefit is further reduced at Social Security Normal Retirement Age by the executive's Social Security Benefit.
8. Under their CIC Agreements, Messrs Dietrich, Chewens and Raven are entitled to receive 3 additional years of benefit accrual under the terms of their SERP agreement (or a shorter period, if dictated by the terms of each SERP, or by law), based on compensation equal to their annualized severance compensation, following a change in control of the Company. In addition, pursuant to their CIC Agreements, the supplemental benefit feature under each SERP, which would normally not become vested until at least age 58 (Dietrich) or 60 (Chewens/Raven) will become immediately and fully vested following a change in control of the Company. This supplemental benefit is assumed to be paid as an annuity beginning at age 60 (Dietrich) or 62 (Chewens/Raven).

9. Nonqualified Stock Options issued under the Stock Option Plan.
10. Shares of common stock awarded under the Performance Share Plan and common stock units awarded under the Omnibus Plan.
11. Under their CIC Agreements Messrs Dietrich, Chewens, Raven, and Levy are entitled to continuation of all non-cash employee benefit plans, programs or arrangements, for 3 years following their termination following a change in control of the Company, unless a longer or shorter period is dictated by the terms of the plan or by law. The figure in this row represents the present value of continued medical insurance coverage for 36 months, all at the cost of the Company (generally, 18 months maximum under COBRA, plus the balance of 18 months of medical coverage under a conversion policy -- using assumptions mandated by GAAP; 18 months dental and vision coverage under the Company's self-insured plans; plus continued premium payment on portable life insurance policies and a disability income policy for Mr. Chewens).
12. Under his CIC Agreement, Mr. Dietrich is entitled to a tax gross-up payment equal to the excise tax that would be applicable on "excess parachute payments" due to the change in control (which includes an amount equal to the gross-up payment) plus federal and state income taxes on the gross-up payment. This gross-up payment is determined by first adding together the present value of the additional SERP benefit due to change in control (\$3,126,028, which is equal to \$3,681,291 - \$555,263 as shown in the table), the present value of the additional Health & Welfare benefits (\$58,441), the value of the accelerated Stock Options (\$358,069), the value of the accelerated Restricted Stock (\$643,080), and the severance compensation (\$3,738,113). This total of \$7,923,731 is then reduced by the base amount of \$717,265 (the average of actual compensation paid to Mr. Dietrich during the 2003 - 2007 fiscal years). The resulting amount of \$7,206,466 is then grossed-up by \$3,927,230 to reimburse Mr. Dietrich for the 20% excise tax that will be required for the excess parachute payments, pursuant to IRS regulations, and federal and state income taxes on the gross-up payment at the assumed aggregate rate of 43.3%. It is assumed, for this purpose, that independent tax counsel will have opined as to the amount of the excess parachute payments; no opinion of counsel was in fact obtained for purposes of this disclosure. In addition, no value was assigned to the non-compete and other restrictive covenants that apply to Mr. Dietrich under his CIC Agreement for purposes of the estimated tax gross-up payment shown. Such amount may significantly reduce the amount of the gross-up payment due.
13. Mr. Chewens' accrued unpaid salary as of 12/31/2008 was \$17,250, plus accrued unused vacation of \$7,298.
14. As of 12/31/2008, Mr. Chewens is entitled to 2 years of salary continuation, at \$345,000.
15. Mr. Chewens is entitled to a higher benefit using severance formula option (A) (as referenced in footnote #4 above), which is \$2,264,472 (compared with \$2,096,650 under option B); based on 2008 amounts of: \$345,000 for salary, \$243,225 for bonus, \$67,458 for the income on exercised stock options, \$83,864 for performance shares paid out, \$1,319 for income from Employee Stock Purchase Plan shares exercised, \$1,977 for auto, \$2,383 for universal life, \$10,040 for dividends on restricted stock and options and \$2,083 for disability coverage.
16. Represents the actuarial net present value as of December 31, 2008, of the payments Messrs. Dietrich, Chewens, and Raven are entitled to under their Executive LTD plans as well as Mr. Chewens' benefits under his supplemental disability policy. In addition to utilizing the RP2000 Mortality Table for Disabled Males, the following assumptions were used to calculate the present value: (i) payments would be made until age 65; (ii) discount rate of 6.30%; and (iii) annual cost of living adjustment of 0% (3% for Mr. Chewens' supplemental disability policy).

17. Under his CIC Agreement, Mr. Chewens is entitled to a tax gross-up payment equal to the excise tax that would be applicable on “excess parachute payments” due to the change in control (which includes an amount equal to the gross-up payment) plus federal and state income taxes on the gross-up payment. This gross-up payment is determined by first adding together the present value of the additional SERP benefit due to change in control (\$366,379, which is equal to \$399,749 - \$33,370 as shown in the table), the present value of the Health & Welfare benefits (\$56,857), the value of the accelerated Stock Options (\$228,913), the value of the accelerated Restricted Stock (\$458,544), and the severance compensation (\$2,264,472). This total of \$3,375,165 is then reduced by the base amount of \$612,436 (the average of actual compensation paid to Mr. Chewens during the 2003 – 2007 fiscal years). The resulting amount of \$2,762,729 is then grossed-up by \$1,505,575 to reimburse Mr. Chewens for the 20% excise tax that will be required for the excess parachute payments, pursuant to IRS regulations, and federal and state income taxes on the gross-up payment at the assumed aggregate rate of 43.3%. It is assumed, for this purpose, that independent tax counsel will have opined as to the amount of the excess parachute payments; no opinion of counsel was in fact obtained for purposes of this disclosure. In addition, no value was assigned to the non-compete and other restrictive covenants that apply to Mr. Chewens under his CIC Agreement for purposes of the estimated tax gross-up payment shown. Such amount may significantly reduce the amount of the gross-up payment due.
18. Mr. Raven’s accrued unpaid salary as of 12/31/2008 was \$16,500, plus accrued unused vacation of \$3,808.
19. As of 12/31/2008, Mr. Raven is entitled to 2 years of salary continuation, at \$330,000.
20. Mr. Raven has a higher benefit using severance formula option (A) (as referenced in footnote #4 above) which is \$3,222,567 (compared with \$2,274,457 under option B), based on 2008 amounts of: \$330,000 for salary, \$232,650 for bonus, \$411,602 for the income on exercised stock options, \$83,864 for performance shares paid out, \$3,159 for income on Employee Stock Purchase Plan shares exercised, \$2,995 for auto, \$9,920 for dividends on restricted shares and options and \$2,098 for universal life and \$1,494 for disability coverage.
21. Under his CIC Agreement, Mr. Raven is entitled to a tax gross-up payment equal to the excise tax that would be applicable on “excess parachute payments” due to the change in control (which includes an amount equal to the gross-up payment) plus federal and state income taxes on the gross-up payment. This gross-up payment is determined by first adding together the present value of the additional SERP benefit due to change in control (\$946,143, which is equal to \$975,167 - \$29,024 as shown in the table), the present value of the Health & Welfare benefits (\$50,759), the value of the accelerated Stock Options (\$214,365), the value of the accelerated Restricted Stock (\$452,952) and the severance compensation (\$3,222,567). This total of \$4,886,786 is then reduced by the base amount of \$477,689 (the average of actual compensation paid to Mr. Raven during the 2003 – 2007 fiscal years). The resulting amount of \$4,409,097 is then grossed-up by \$2,402,777 to reimburse Mr. Raven for the 20% excise tax that will be required for the excess parachute payments, pursuant to IRS regulations, and federal and state income taxes on the gross-up payment at the assumed aggregate rate of 43.3%. It is assumed, for this purpose, that independent tax counsel will have opined as to the amount of the excess parachute payments; no opinion of counsel was in fact obtained for purposes of this disclosure. In addition, no value was assigned to the non-compete and other restrictive covenants that apply to Mr. Raven under his CIC Agreement for purposes of the estimated tax gross-up payment shown. Such amount may significantly reduce the amount of the gross-up payment due.
22. Mr. Levy’s accrued unpaid salary as of 12/31/2008 was \$11,050, plus accrued unused vacation of \$7,650.
23. Under Mr. Levy’s Employment Agreement, with a termination for Cause he is only entitled to accrued, but unpaid base salary, and no payment of accrued but unused vacation.
24. As of 12/31/2008, Mr. Levy is entitled to 1 year of salary continuation, at \$208,600.

25. Mr. Levy has a higher benefit using severance formula option (A) (as referenced in footnote #4 above) which is \$336,525 (compared with \$274,750 under option B, except substituting 1.00 for 2.99), based on 2008 amounts of: \$208,600 for salary, \$111,765 for bonus, \$7,800 for auto, \$3,000 for dividends on restricted shares and options and \$5,360 for universal life.

In addition to the payments outlined above, pursuant to the Employment Agreements entered into with Messrs. Dietrich, Chewens and Raven, if any of Messrs. Dietrich, Chewens or Raven are terminated “without cause” (as defined in each such respective parties’ Employment Agreement) or if any such executive terminates his employment for “good reason” (as defined in each such respective parties’ Employment Agreement) and if, within 18 months following the termination date, the executive should sell his principal residence, then the executive shall be reimbursed for (i) any shortfall between the net proceeds on the sale of his principal residence and the purchase price plus improvements, including reasonable transaction costs incurred in connection with such purchase and sale, and (ii) an amount necessary to pay all federal, state and local income taxes resulting from any reimbursement. The foregoing benefit shall also be made available to each of Messrs. Dietrich, Chewens and Raven pursuant to their respective Change in Control Agreements if (a) within 24 months from the date of occurrence of any event constituting a change in control of the Company such executive’s employment with the Company is terminated (i) by the Company for “disability” (as defined therein), (ii) by the Company without “cause” (as defined therein), or (iii) by the executive with “good reason” (as defined therein), or (b) within 12 months from the date of occurrence of any event constituting a change in control of the Company the executive terminates his employment either with or without good reason.

Agreements with Executive Officers

Employment Agreements. We currently have employment agreements with Messrs. Dietrich, Chewens, Raven and Levy. These agreements will terminate upon the earlier to occur of the executive's death, disability, discharge, resignation, or a date specified in the agreements. This date is currently January 1, 2010 for Mr. Dietrich, and January 1, 2009 for Messrs. Chewens, Raven and Levy. The agreements for Messrs. Dietrich, Chewens and Raven also provide for automatic one-year extensions occurring annually on each January 1 and Mr. Levy's agreement provides for an automatic one-year extension occurring annually on each December 31. As of the date of this proxy statement, each of Messrs. Chewens' and Raven's agreements have been automatically extended to January 1, 2010 and Levy's agreement has been automatically extended to December 31, 2009. Each of these agreements were prepared and/or reviewed by Counsel to the Company.

Upon termination of his respective agreement, Messrs. Dietrich, Chewens, Raven and Levy are each entitled to receive accrued and unpaid salary, accrued rights under our employee plans and arrangements, unpaid expense reimbursements, and the cash equivalent of accrued annual vacation and sick leave. If the executive's employment is terminated by us other than for "cause" (as defined in the agreements), or by the executive for "good reason" (as defined in the agreements) the executive will continue to receive his base salary in a manner consistent with our normal payroll practices for a certain period. For Mr. Dietrich, these payments would be made until the latest of January 1, 2010 or three years after termination of employment. For Messrs. Chewens and Raven, the payments would continue until the later of the date on which the current employment term expires or two years after termination of employment, and for Mr. Levy, the payments would continue for a period of one year following the termination date. Messrs. Dietrich, Chewens and Raven will also receive a relocation payment if the executive relocates within 18 months after termination of employment from the Norwich, Binghamton or Scranton area, respectively. Each executive has also agreed that for one year after the termination of his agreement, he will not directly or indirectly compete with the Company or the Bank. Under the agreements, during the term of their employment, the executives may not disclose confidential information about the Company or its subsidiaries to any other person or entity. If any of the executives are terminated due to a change of control covered by his change in control agreement (discussed later), his severance payments will be determined under that agreement. The agreements provide that in the event the executive becomes entitled to severance payments under the employment agreement, and if at this time the executive is a key employee with the Company, then the Company will defer commencement of the executive's severance payments until six months after his employment with the Company ends.

Change in Control Agreements. We currently have change in control agreements with each of Messrs. Dietrich, Chewens, Raven, and Levy. The agreements provide in general that, if within 24 months from the date of a change in control of the Company or the Bank, as defined in the agreements, their employment is terminated without cause or by the executive with good reason, or if within 12 months of such change in control, the executive resigns, irrespective of the existence of good reason, then: Mr. Levy will be entitled to receive 1.00 times the greater of; and Messrs. Dietrich, Chewens and Raven, will be entitled to receive 2.99 times the greater of (x) the sum of his annualized salary for the calendar year in which the change in control occurs, the maximum target bonus that could have been paid to him for such year if all applicable targets and objectives had been achieved, or if no formal bonus program is in effect, the largest bonus amount paid to him during any of the three preceding calendar years, his income from the exercise of nonqualified stock options during such year and other annualized amounts that constitute taxable income for such year, without consideration for salary reduction amounts that are excludible from taxable income, or (y) his average annual compensation includible in his gross income for federal income tax purposes for the three years immediately preceding the year in which the change in control occurs, including base salary, bonus and ordinary income recognized with respect to stock options and other annualized amounts that constitute taxable income for such year, without reduction for salary reduction amounts that are excludible from taxable income.

Each executive (except for Mr. Levy) will also receive a gross-up payment to compensate for the imposition of any excise taxes under section 4999 of the Internal Revenue Code. In the case of Mr. Levy, if making the payment to Mr. Levy would trigger the federal excise tax imposed on excess parachute payments, the amounts payable to Mr. Levy will be reduced as necessary to avoid the excise tax. In addition, each executive's benefit under any SERP shall be fully vested and his benefit thereunder will be determined as if his employment had continued for three additional years (or such lesser period after which the maximum benefit is attained), at an annual compensation equal to the amount determined for purposes of calculating his severance amount. The agreements provide that in the event the executive becomes entitled to severance payments under the change in control agreement, and if at that time the executive is a key employee with the Company, then the Company will defer commencement of the executive's severance payments until six months after his employment with the Company ends.

Audit and Risk Management Committee Report

Our Audit and Risk Management Committee is comprised of six directors who are not officers or employees of NBT. Each of the members of the Audit and Risk Management Committee is an independent director as defined by the SEC rules and Rule 4200(a)(14) of the NASDAQ Stock Market. The Audit and Risk Management Committee held four meetings during 2008. The meetings were designed to facilitate and encourage private communication between the Audit and Risk Management Committee, the internal auditors and our independent registered public accounting firm, KPMG LLP.

Our Audit and Risk Management Committee acts under a written charter adopted and approved by our Board, a copy of which is available on the Company's website at www.nbtbancorp.com/bncp/corporategov.html. The Audit and Risk Management Committee has performed the procedures specified in the charter regarding the preparation and review of our consolidated financial statements as of and for the year ended December 31, 2008. Among the procedures performed, the Audit and Risk Management Committee has:

- Reviewed and discussed the audited consolidated financial statements with NBT Management;
- Discussed with KPMG LLP, our independent registered public accounting firm, the matters required to be discussed by professional standards; and
- Received the written disclosures and the letter from KPMG LLP required by relevant professional and regulatory standards and discussed with KPMG LLP its independence.

On the basis of its review as specified in the charter and discussions referred to in this section, the Audit and Risk Management Committee has recommended to our Board that the audited consolidated financial statements be included in our Annual Report Form 10-K for the year ended December 31, 2008 for filing with the SEC.

Audit and Risk Management Committee Review

Our Audit and Risk Management Committee concluded that KPMG LLP's provision of the non-audit services summarized in the preceding section is compatible with maintaining KPMG LLP's independence.

Audit and Risk Management Committee Pre-Approval Requirements

The Audit and Risk Management Committee has adopted a policy regarding the pre-approval of audit and permitted non-audit services to be performed by KPMG LLP. Annually, the Audit and Risk Management Committee will consider and approve the provision of audit and non-audit services by KPMG LLP that are not prohibited by law. In addition, the Audit and Risk Management Committee will, as necessary, consider and approve the provision of additional audit and non-audit services by KPMG LLP which are not encompassed by the Audit and Risk Management Committee's annual pre-approval. All audit and non-audit services performed by KPMG LLP during fiscal 2008 were pre-approved pursuant to the procedures outlined above, and none of the engagements pre-approved by the Committee during 2008 made use of the de minimis exception to pre-approval contained in the applicable rules of the SEC.
