Notes to Condensed Consolidated Financial Statements  
(Unaudited and in thousands, except for share and per share data)

## (1)Basis of Presentation and Significant Accounting Policies

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with the rules and regulations of the Securities and Exchange Commission (SEC) for reporting on Form 10-Q. Accordingly, certain information and notes required by United States of America generally accepted accounting principles (GAAP) for annual financial statements are not included herein. These interim statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Annual Report on Form 10-K for the year ended December 31, 2011 of Merge Healthcare Incorporated, a Delaware corporation, and its subsidiaries and affiliates (which we sometimes refer to collectively as Merge, we, us or our).

## Principles of Consolidation

Our unaudited condensed consolidated financial statements reflect all adjustments, which are, in the opinion of management, necessary for a fair presentation of our financial position and results of operations. Such adjustments are of a normal recurring nature, unless otherwise noted. The results of operations in the three month periods ended March 31, 2012 and 2011 are not necessarily indicative of the results to be expected for any future period.

Our unaudited condensed consolidated financial statements are prepared in accordance with GAAP. These accounting principles require us to make certain estimates, judgments and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. We believe that the estimates, judgments and assumptions are reasonable based on information available at the time they are made. Actual results could differ materially from those estimates.

## (2)Other Current Assets and Other Accrued Liabilities

Other current assets consist primarily of revenue recognized that has not yet been billed to a customer, unbilled A/R from acquisitions and other non-trade receivables, all of which are due within the next twelve months. The balances are comprised of the following as of March 31, 2012 and December 31, 2011:

	Balance at March 31, 2012	Balance at December 31, 2011
Revenue recognized in excess of billings	\$ 26,789	\$ 18,064
Acquired unbilled A/R	1,252	1,769
Other non-trade receivables	539	366
	\$ 28,580	\$ 20,199

Other accrued liabilities consist primarily of leases payable, accrued taxes and taxes payable, customer deposits, the current portion of an acquisition obligation and other non-trade payables, all of which are due within the next twelve months. The balances are comprised of the following as of March 31, 2012 and December 31, 2011:

	Balance at March 31, 2012	Balance at December 31, 2011
--	---------------------------------	------------------------------------

## (3) Goodwill and Other Intangible Assets

## Goodwill

The changes in carrying amount of goodwill in the three months ended March 31, 2012, are as follows:

	Total
Balance at December 31, 2011	\$ 209,829
Increase due to insignificant acquisition	4,523
Change due to foreign currency	62
Balance at March 31, 2012	\$ 214,414

## Other Intangible Assets

Our intangible assets subject to amortization are summarized as of March 31, 2012 as follows:

	Weighted Average Remaining Amortization Period (Years)	Gross Carrying Amount	Accumulated Amortization
Purchased software	5.1	\$ 32,152	\$ (9,105 )
Capitalized software	2.5	1,825	(1,381 )
Customer relationships	6.8	46,320	(9,369 )
Backlog	2.2	9,680	(6,679 )
Trade names	7.2	2,073	(417 )
Non-competes	5.1	3,190	(866 )
Total		\$ 95,240	\$ (27,817 )

As a result of an insignificant acquisition in the three months ended March, 31, 2012, we increased the gross carrying amounts of purchased software, customer relationships and trade names by \$750, \$1,250 and \$50, respectively, based on our preliminary purchase accounting for the acquisition.

Estimated aggregate amortization expense for our intangible assets, which become fully amortized in 2022, is as follows:

For the remaining 9 months of the year ended:	2012	\$11,406
For the year ended December 31:	2013	13,937
	2014	12,283
	2015	10,009
	2016	7,872
	2017	5,830
	Thereafter	6,086
	Total	\$67,423

Amortization expense in the three months ended March 31, 2012 and 2011 is set forth in the following table:

	Three Months Ended March 31,	
	2012	2011
Amortization included in cost of sales:		
Purchased software	\$ 1,150	\$ 1,384
Capitalized software	53	53
Backlog	552	936
Total	1,755	2,373
Amortization included in operating expenses:		
Customer relationships	1,813	1,421
Trade names	62	124
Non-competes	115	124
Total	1,990	1,669
Total amortization	\$ 3,745	\$ 4,042

(4)Fair Value Measurement

Our financial instruments include cash and cash equivalents, accounts receivable, marketable and non-marketable securities, accounts payable, notes payable, and certain accrued liabilities. The carrying amounts of our cash and cash equivalents (which are comprised primarily of deposit and overnight sweep accounts), accounts receivable, accounts payable, and certain accrued liabilities approximate fair value due to the short maturity of these instruments. The carrying amount of our marketable equity security is based on the quoted price of the security in an active market. The estimated fair values of the non-marketable equity securities have been determined from information obtained from independent valuations and management estimates. The fair value of our notes payable was approximately 108.875% of par value as of March 31, 2012 and 106.125% of par value as of December 31, 2011, based on quoted prices of the securities in an active market.

Non-Current Investments

At March 31, 2012, we held certain securities in a publicly traded entity and private companies which are classified within other assets on our condensed consolidated balance sheet. The investment in the publicly traded equity security, over which we do not exert significant influence, is classified as “available-for-sale” and reported at fair value on a recurring basis. Unrealized gains and losses are reported within the accumulated other comprehensive income component of shareholders’ equity. The investments in equity securities of private companies, over which we do not exert significant influence, are classified as Level 3 investments and are reported at cost or fair value, if an other-than-temporary loss has been determined. Any loss due to impairment in value is recorded when such loss occurs. We performed the evaluation of our Level 3 investments as of March 31, 2012, and concluded that there was no significant change in their fair value.

The following table sets forth the change in the fair value of our Level 1 publicly traded equity security:

Three Months Ended

	March 31,	
	2012	2011
Balance at January 1	\$ 106	\$ 55
Unrealized gain	35	283
Balance at March 31	\$ 141	\$ 338

Unrealized gains or losses on our Level 1 available-for-sale (publicly traded) security, as well as foreign currency translation adjustments, are components of accumulated other comprehensive income as set forth in the following table:

Unrealized loss on available-for-sale security, net of taxes	(319 )	(348 )
Total accumulated other comprehensive income	\$ 1,727	\$ 1,613

## (5)Restructuring

The following table sets forth the activity in the three months ended March 31, 2012, related to restructuring activities undertaken in prior years:

	Employee Termination Costs	Contract Exit Costs	Total
Balance at December 31, 2011	\$ 970	\$ 437	\$ 1,407
Payments	(57 )	(125 )	(182 )
Foreign exchange	1	-	1
Balance at March 31, 2012	\$ 914	\$ 312	\$ 1,226

## (6)Debt

In April 2010, we issued \$200,000 of Senior Secured Notes (Notes) at 97.266% of the principal amount, which bear interest at 11.75% of principal (payable on May 1st and November 1st of each year) and which will mature on May 1, 2015. In June 2011, we issued an additional \$52,000 in Notes at 103.0% of the principal amount with terms identical to the existing Notes. In connection with the Notes, we incurred issuance costs of \$9,015 and \$1,528, respectively (which are recorded in other assets on the condensed consolidated balance sheet). These issuance costs are recorded as a long-term asset and amortized over the life of the Notes using the effective interest method.

In the three months ended March 31, 2012 and 2011, we recorded \$8,051 and \$6,443, respectively, of interest expense related to the Notes, including \$488 and \$354, respectively, of amortization of debt issuance costs and \$161 and \$215, respectively, of amortization of net debt discount.

## (7)Shareholders' Equity

In the three months ended March 31, 2012, we issued 1,081,917 shares of our common stock (including 183,926 shares subscribed at March 31, 2012) valued at \$5,636 as partial consideration for an insignificant acquisition. The value of the shares issued, which was utilized in our preliminary allocation of the purchase price, was based on the closing price of our common stock as of the acquisition date, discounted based upon a one-year trading restriction.

In the three months ended March 31, 2011, we recorded a cumulative dividend of \$1,566 related to our Series A Preferred Stock. This dividend is reflected as a reduction of net income available to common shareholders of Merge in our condensed statement of operations. In June 2011, we redeemed and retired the Series A Preferred Stock, including the payment of associated dividends with the proceeds of the \$52,000 in Notes previously discussed.

## (8)Share-Based Compensation

The following table summarizes share-based compensation expense recognized during the periods indicated:

As of March 31, 2012, there was approximately \$19,832 of unrecognized compensation cost related to stock options that may be recognized in future periods.

#### (9) Commitments and Contingencies

On June 1, 2009, Merge Healthcare was sued in the Milwaukee County Circuit Court, State of Wisconsin, by William C. Mortimore and David M. Noshay with respect to the separation of Mortimore's and Noshay's employment and our subsequent refusal to indemnify them with respect to litigation related to their services as officers of Merge. The plaintiffs allege that we breached their employment agreements, unreasonably refused their requests for indemnification and breached other covenants of good faith and fair dealing. The plaintiffs seek indemnification and unspecified monetary damages. Discovery in this case is on-going. On April 6, 2011, the Milwaukee County Circuit Court rendered a decision in which it concluded that Merge and Mortimore had entered into an oral employment contract on or about June 15, 2006, but the Court did not make any decision as to damages, which damages would be addressed in a later phase of the litigation. On May 9, 2011, Merge appealed the Circuit Court's decision. The appeal is ongoing and the Circuit Court litigation has been stayed pending appeal. We have retained litigation counsel, intend to continue to defend this action vigorously and have filed a counterclaim for fraud, among other claims, against both Mortimore and Noshay. We will also continue to pursue the appeal. However, an adverse outcome could negatively impact our financial condition and cash flow.

In January 2010, a purported stockholder class action complaint was filed in the Superior Court of Suffolk County, Massachusetts in connection with AMICAS' proposed acquisition by Thoma Bravo, LLC. A second similar action

was filed in the same court in February 2010 and consolidated with the first action. In March 2010, because AMICAS had terminated the Thoma Bravo Merger and agreed to be acquired by us, the court dismissed the plaintiffs' claims as moot. Subsequently, counsel for the plaintiffs filed an application for approximately \$5,000 of attorneys' fees for its work on this case, which fee petition AMICAS opposed. We retained litigation counsel to defend against the fee petition. On December 23, 2010, the court awarded plaintiffs approximately \$3,200 in attorneys' fees and costs. AMICAS has appealed this judgment. We previously tendered the defense in this matter to our appropriate insurers, which provided coverage against the claims asserted against AMICAS. After receipt of the court's attorneys' fee award decision, the insurer denied policy coverage for approximately \$2,500 of the fee award. We do not believe that the insurer's denial has merit and have retained counsel to contest it. On June 6, 2011, the insurer filed an action against AMICAS and Merge in U.S. District Court for the Northern District of Illinois seeking a declaration that it is not responsible for the \$2,500 portion of the judgment rendered on December 4, 2010 by the Superior Court of Suffolk County, Massachusetts. Merge filed a counterclaim seeking a declaration that the insurer must pay the full amount of the Superior Court's fee award, plus additional damages. On April 30, 2012, the Northern District of Illinois federal court ruled in favor of our Motion for Summary Judgment in the insurer's underlying declaratory judgment action. The court ordered the insurer to pay the Massachusetts court judgment plus interest. The insurer has until May 30, 2012 to appeal that court's ruling. We continue to vigorously assert all of our rights under our applicable insurance policies, which we believe cover the claims and expenses incurred by AMICAS or us in connection with the fee award. However, an adverse outcome could negatively impact our financial condition and cash flow.

On February 1, 2010, Merge filed a complaint against its former CEO, Richard Linden, and its former CFO, Scott Veech, in the U.S. District Court for the Eastern District of Wisconsin, seeking a declaration that we do not have to indemnify either Mr. Linden or Mr. Veech for liabilities they incurred in connection with an SEC investigation and enforcement actions and various securities fraud and shareholder derivative litigation. Merge also seeks to recover from both defendants all costs incurred by Merge associated with defending Mr. Linden and Mr. Veech in those prior actions. On October 15, 2010, the Court concluded that it did not have subject matter jurisdiction over Merge's claims and dismissed the claims in their entirety. The Court rendered no opinion on the merits of Merge's claims. Merge is evaluating its further options with respect to the Scott Veech matter in Wisconsin state court. On February 8, 2011, Merge filed a complaint in the U.S. District Court for the Eastern District of Wisconsin captioned Merge Healthcare Incorporated v. Richard Linden, Case no. 11-CV-001541. On May 4, 2011, Merge and Mr. Linden entered into a confidential settlement agreement resolving all claims against Mr. Linden and through which Linden agreed to issue a statement of regret and apology to Merge's Board of Directors and reimburse Merge for a portion of the Company's legal fees to defend Mr. Linden in prior legal actions. Merge believes that it has numerous meritorious claims against Mr. Veech and will continue to pursue these claims, which have not been affected by the settlement with Mr. Linden.

In August, 2010, Merge Healthcare was sued in the Northern District of Texas by the court-appointed receiver for Stanford International Bank, Ltd. The receiver alleges that Merge was a recipient of a fraudulent conveyance as a result of a Ponzi scheme orchestrated by Robert Stanford and Stanford International Bank, Ltd. (SIBL). Merge is not alleged to have participated in the Ponzi scheme. The receiver's claims arise from the failed acquisition of Emageon, Inc. (Emageon) by Health Systems Solutions, Inc. (HSS), an affiliate of SIBL, in February 2009, which resulted in the payment of a \$9,000 break-up fee by HSS, which payment is alleged to have been financed by SIBL. Merge subsequently acquired Emageon as part of our AMICAS acquisition. The complaint seeks to recover the \$9,000 payment to Emageon, plus interest, costs, and attorneys' fees. We have retained litigation counsel and intend to vigorously defend this action. We have filed a motion to dismiss the complaint for failure to state a claim. That motion has been fully briefed, and we are awaiting a decision from the Court. However, an adverse outcome could negatively impact our operating results, cash flow and financial condition.

In addition to the matters discussed above, we are, from time to time, parties to legal proceedings, lawsuits and other claims incident to our business activities. Such matters may include, among other things, assertions of contract breach or intellectual property infringement, claims for indemnity arising in the course of our business and claims by persons whose employment has been terminated. Such matters are subject to many uncertainties and outcomes are not predictable. We are unable to estimate the ultimate aggregate amount of monetary liability, amounts which may be covered by insurance or recoverable from third parties, or the financial impact with respect to these matters as of the date of this report.

Guarantees

We assumed a guarantee to a lender on behalf of a customer in connection with an acquisition. At March 31, 2012, the balance outstanding on the loan was approximately \$396. Revenue is recorded as the guarantee is reduced.

(10) Transactions with Related Party

Merrick RIS, LLC (Merrick) and its affiliates, including Merrick Ventures, LLC (Merrick Ventures), beneficially own, as of March 31, 2012, approximately 35% of our outstanding common stock. Michael W. Ferro, Jr., our Chairman of the Board, and trusts for the benefit of Mr. Ferro's family members beneficially own a majority of the

equity interest in Merrick. Mr. Ferro also serves as the chairman and chief executive officer of Merrick and the chairman and chief executive officer of Merrick Ventures. Accordingly, Mr. Ferro indirectly owns or controls all of the shares of our common stock owned by Merrick and Merrick Ventures. Due to its stock ownership, Merrick has significant influence over our business, including the election of our directors.

Effective January 1, 2009, we entered into a consulting agreement with Merrick. Services provided by Merrick under the consulting agreement include financial analysis and strategic planning. Effective January 1, 2010, we entered into an amendment to extend the term of the consulting agreement with Merrick through December 31, 2011, and modified the payment terms from a flat fee arrangement per quarter to a per transaction or success based arrangement. On February 24, 2012, we entered into a second amendment, effective January 3, 2012, to extend the term of the consulting agreement with Merrick through December 31, 2013, and modified the fee structure to include a quarterly retainer in the amount of \$150. This is in addition to the per transaction or success based arrangement that exists. Further, the second amendment includes a modification of the success payment in the event of a sale, by including a payment of 2% of the total consideration received if the total consideration is greater than \$1 billion (the agreement still allows for a 1% success fee if under \$1 billion). We paid \$282 and \$304 to Merrick for such services and recognized \$427 and \$94 in expenses in the three months ended March 31, 2012 and 2011, respectively. As of March 31, 2012 and 2011, we have \$277 and \$94, respectively, recorded in accounts payable covering all obligations under this agreement.

Merrick Ventures owns over 75% of the outstanding equity interest of an entity called highi llc (highi). Mr. Ferro is highi's Chairperson and Founder. In December 2011, we entered into a master services agreement with highi, pursuant to which we agreed to provide highi with certain professional services, including software engineering design, application and web portal development for a fixed payment of \$675. In the three months ended March 31, 2012, we recognized \$155 in revenue under this Agreement. In addition, the master services agreement granted highi certain branding rights related to our health station business and requires highi to pay a fixed annual fee of one hundred dollars per station to us for each station that is branded with highi's trademarks and that includes highi's software, images and/or other intellectual property. The agreement has an initial term of one year, with continuing renewal rights, and is subject to termination on 120 days notice from us. On March 28, 2012, we entered into an agreement to sell health stations and related equipment to highi at the same pricing available to any authorized distributor. Under terms of the agreement we received a fixed payment of \$2,750 in the three months ended March 31, 2012. We only recognized revenue of \$358 in the first quarter as a result of the delay in shipment of completed units. This amount differs from the amount we expected to recognize in the first quarter as disclosed in a Form 8-K filed on April 3, 2012. We will recognize the remaining revenue under the agreement upon shipment, which is anticipated in the second quarter of 2012.

On February 24, 2012, we entered into an Assignment Agreement with Merrick Ventures under which Merge will sublease from Merrick approximately 4,700 square feet located at 200 E. Randolph Street, 22nd floor, Chicago, IL at an annual rental rate of \$78, terminating on December 13, 2013. The rent will be paid to Merrick monthly and is exactly the same rate as Merrick currently pays under its lease. Under the Assignment, Merge also paid approximately \$70 (which represents the book value) for all fixtures, leasehold improvements and furniture located in the space.

(11)Income Taxes

We are subject to tax in multiple jurisdictions and record income tax expense on an interim basis using an estimated annual effective tax rate. The estimated annual effective tax rate is modified to exclude the effect of losses for those jurisdictions where the tax benefit cannot be recognized and a separate estimated annual tax rate is required. Items discrete to a specific quarter are reflected in tax expense for that interim period. A valuation allowance is established when necessary to reduce deferred tax assets to the amount more-likely-than-not to be realized. Further limitations may apply to deferred tax assets if ownership changes occur. There was no material change in unrecognized tax benefits in the three month period ended March 31, 2012. We do not expect a significant change in unrecognized tax

benefits within the next twelve months.

(12)Earnings Per Share Available to Common Shareholders

Basic and diluted net earnings or loss per share are computed by dividing earnings or loss available to common shareholders by the weighted average number of shares of common stock outstanding. For the three months ended March 31, 2011, earnings or loss available to common shareholders is computed as net income or loss less the 15% cumulative annual compounding dividend earned by preferred shareholders in 2011. The computation of earnings or loss available to common shareholders is presented in our condensed consolidated statements of operations. Diluted earnings per share includes the dilution that could occur based on outstanding restricted stock awards and the potential exercise of stock options, except for stock options with an exercise price of more than the average market price of our common stock, as such exercise would be anti-dilutive.

Index

Merge Healthcare Incorporated and Subsidiaries  
Notes to Condensed Consolidated Financial Statements  
(Unaudited and in thousands, except for share and per share data)

In the three months ended March 31, 2012 and 2011, options to purchase 3,298,776 and 1,273,768 shares of our common stock, respectively, had exercise prices greater than the average market price of our common stock, and, therefore, are not considered in the above calculations of diluted net loss per share.

As a result of the losses in the three months ended March 31, 2012 and 2011, incremental shares from the assumed exercise of employee stock options totaling 8,546,709 and 7,800,000 shares, respectively, have been excluded from the calculation of diluted loss per share as their inclusion would have been anti-dilutive.

## (13) Guarantor Subsidiaries

The obligations under the Notes are fully and unconditionally guaranteed (except for certain release provisions which are considered customary), jointly and severally, by all of our current and future 100% owned domestic restricted subsidiaries (Guarantors). No other subsidiaries guarantee the Notes. The Notes and guarantees are secured by a first-priority lien on certain collateral which comprises substantially all of the Parent and Guarantors' tangible and intangible assets, subject to certain exceptions. The following tables present the balance sheets, statements of operations and statements of cash flows of the Parent, Guarantor and Non-Guarantor entities along with the eliminations necessary to arrive at the information on a consolidated basis.

General corporate expenses, including public company costs, certain amortization, corporate administration costs, acquisition-related expenses and net interest expense are included in the results of the Parent.

## Recent Accounting Pronouncements

We describe below recent pronouncements that have had or may have a significant effect on our financial statements or have an effect on our disclosures. We do not discuss recent pronouncements that are not anticipated to have an impact on or are unrelated to our financial condition, results of operations, or related disclosures.

In June 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2011-05, Comprehensive Income (Topic 220): Presentation of Comprehensive Income. ASU No. 2011-05 amends the FASB Accounting Standards Codification (Codification) to allow an entity the option to present the total of comprehensive income, the components of net income, and the components of other comprehensive income either in a single continuous statement of comprehensive income or in two separate but consecutive statements. In either case, an entity is required to present each component of net income along with total net income, each component of other comprehensive income along with a total for other comprehensive income, and a total amount for comprehensive income. ASU No. 2011-05 eliminates the option to present the components of other comprehensive income as part of the statement of changes in stockholders' equity. The amendments to the Codification in the ASU do not change the items that must be reported in other comprehensive income or when an item of other comprehensive income must be reclassified to net income. We adopted this amendment as of January 1, 2012, and it did not impact the presentation of comprehensive income in our consolidated condensed financial statements.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

Cautionary Note Regarding Forward-Looking Statements

The discussion below contains “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act, and Section 21E of the Exchange Act. We have used words such as “believes,” “intends,” “anticipates,” “expects” and similar expressions to identify forward-looking statements. These statements are based on information currently available to us and are subject to a number of risks and uncertainties that may cause our actual results of operations, financial condition, cash flows, performance, business prospects and opportunities and the timing of certain events to differ materially from those expressed in, or implied by, these statements. These risks, uncertainties and other factors include, without limitation, those matters discussed in Item 1A of Part I of our Annual Report on Form 10-K for the year ended December 31, 2011. Except as expressly required by the federal securities laws, we undertake no obligation to update such factors or to publicly announce the results of any of the forward-looking statements contained herein to reflect future events, developments, or changed circumstances, or for any other reason. The following discussion should be read in conjunction with our consolidated financial statements and notes thereto appearing in our Annual Report on Form 10-K and Item 1A, “Risk Factors” for the year ended December 31, 2011.

Management’s Discussion and Analysis is presented in the following order:

- Overview
- Results of Operations
- Liquidity and Capital Resources
- Material Off Balance Sheet Arrangements
- Critical Accounting Policies

Overview

We develop software solutions that facilitate the sharing of images to create a more effective and efficient electronic healthcare experience for patients and physicians. Our solutions are designed to help solve some of the most difficult challenges in health information exchange today, such as the incorporation of medical images and diagnostic information into broader healthcare IT applications, the interoperability of proprietary software solutions, the profitability of outpatient imaging practices in the face of declining reimbursement and the ability to improve the efficiency and cost effectiveness of our customers’ businesses. Our ability to innovate has driven consistent expansion of solutions and services and entry into new markets. We also look to expand through strategic acquisitions that will allow us to further expand our addressable market and customer base.

We primarily generate revenue from the sale of perpetual software licenses, upgrading and/or renewing those licenses, hardware, professional services and maintenance. Except for maintenance, these contract elements comprise the majority of non-recurring revenue. Our backlog of non-recurring revenue was approximately \$47.4 million as of March 31, 2012. Maintenance, which we renew annually with our customer base, is the primary component of recurring revenues. Recurring revenue also includes software licenses sold through contracts that are annually renewed and recognized ratably over the annual period (recorded as software revenue), revenues derived from SaaS offerings (recorded as professional services revenue) and Electronic Data Interchange (EDI) revenues which are recognized based on monthly transactional volumes. In the first quarter of 2012, recurring revenue was approximately 57.5% of total net sales. Notwithstanding, we expect our recurring revenue to increase as a percentage of overall total net sales on a go forward basis as a result of recent buying trends in the healthcare IT market sector, as well as our desire to emphasize recurring revenue and per study pricing models with our new customers.

Our solutions optimize processes for healthcare providers ranging in size from single-doctor practices to health systems, to the sponsors of clinical trials and medical device manufacturers. These solutions are licensed by more than 1,500 hospitals, 6,000 clinics and labs, 250 medical device manufacturers and by top pharmaceutical companies world-wide. We believe that we have an opportunity to grow revenues by expanding our solution footprint with existing customers, as only a small percent currently have more than one of our enterprise solutions. With the benefit of a broad customer base and several product lines undergoing ongoing innovation, we also believe that we are well-positioned to continue to leverage technologies into new segments where customers see value. For example, as the push for meaningful use incentives drives adoption of electronic health records, we envision this will create significant demand for our iConnect platform to image-enable those newly deployed systems.

(2)Depreciation and amortization expenses are excluded from these gross margin calculations.

## Net Sales

**Software and Other Sales.** Total software and other sales in 2012 were \$22.8 million, an increase of \$4.1 million, or 21.9%, from \$18.7 million in 2011, primarily due to increased bookings as a result of our new product offerings such as iConnect and meaningful use (MU), the success of our cross-selling initiatives and cardiology solutions to hospitals. Software and hardware orders are typically fulfilled, and revenue recognized, in either the quarter signed or the following two quarters. Revenue recognized from software and other sales may vary significantly on a quarterly basis.

**Professional Services Sales.** Total professional services sales in 2012 were \$9.4 million, an increase of \$1.0 million, or 12.4%, from \$8.4 million in 2011, primarily due to continued increased bookings over the past several sequential quarters. Revenue recognized from professional services sales generally lags software and other sales by one or two quarters due to the timing of when such services are performed compared to when the products are delivered.

## Index

**Maintenance and EDI Sales.** Total maintenance and EDI sales in 2012 were \$28.8 million, an increase of \$3.2 million, or 12.4%, from \$25.6 million in 2011 primarily due to maintenance revenue related to new contracts signed with both new and existing customers, which exceeded the rate of attrition from our existing maintenance customer base.

## Gross Margin

**Gross Margin – Software and Other Sales.** Gross margin on software and other sales was \$14.2 million in 2012, an increase of \$2.1 million, or 17.6%, from \$12.1 million in 2011. Gross margin as a percentage of software and other sales decreased to 62.5% in 2012 from 64.8% in 2011, due to an increase in hardware sales, which are at lower margins than software only sales. Our cardiology solutions have a greater amount of hardware than other product lines. Hardware sales were 36% of software and other sales in 2012 compared to 28% in 2011. We expect gross margin on software and other sales to fluctuate depending on the mix of sales among our products.

**Gross Margin – Professional Service Sales.** Gross margin on professional service sales was \$3.5 million in 2012, an increase of \$0.2 million, or 6.3%, from \$3.3 million in 2011. Gross margin as a percentage of professional service sales decreased to 37.6% in 2012 from 39.7% in 2011, primarily due to the billable utilization of our professional services resources. As the majority of professional services costs are fixed, we expect gross margins to fluctuate depending on billable utilization of these resources.

**Gross Margin – Maintenance and EDI Sales.** Gross margin on maintenance and EDI sales was \$20.1 million in 2012, an increase of \$2.5 million, or 14.0%, from \$17.6 million in 2011. Gross margin as a percentage of maintenance and EDI sales remained fairly constant at 69.8% in 2012 compared to 68.9% in 2011.

**Depreciation and Amortization.** Depreciation and amortization expense decreased \$0.6 million, or 24.8%, to \$1.9 million in 2012 from \$2.5 million in 2011, primarily due to a decrease in amortization related to certain intangible assets which became fully amortized in the second quarter of 2011.

## Sales and Marketing

Sales and marketing expense increased \$2.2 million, or 25.7%, to \$10.9 million in 2012 from \$8.7 million in 2011. As a percentage of net sales, sales and marketing expense increased by 1.4% to 17.9% due to efforts throughout 2011 and the first quarter of 2012 to enhance the Merge brand, hold more customer facing events and increase headcount in this area.

## Product Research and Development

Product research and development expense increased \$0.8 million, or 12.4%, to \$7.6 million in 2012 from \$6.8 million in 2011. As a percentage of net sales, product research and development decreased by 0.3% to 12.5%. We expect that our quarterly product research and development expense will remain relatively flat in 2012.

## General and Administrative

General and administrative expense increased \$2.0 million, or 31.1%, to \$8.6 million in 2012 from \$6.6 million in 2011. As a percentage of net sales, general and administrative expenses increased by 1.7% to 14.2% due to an increase in legal expenses of \$1.4 million (see Note 9 to the Condensed Consolidated Financial Statements for more information) and an increase in our allowance for doubtful accounts. We expect ongoing legal expenses to decline in 2012, allowing us to leverage the current level of general and administrative expenses during 2012.

#### Depreciation and Amortization

Depreciation and amortization expense increased \$0.2 million, or 5.9%, to \$2.8 million in 2012 from \$2.6 million in 2011, primarily due to amortization of intangible assets associated with the insignificant acquisitions completed in 2011.

#### Other Income (Expense), Net

Net other expense increased \$1.4 million in 2012, primarily due to an increase of \$1.6 million in interest expense and amortization of issuance costs and note discount associated with our \$52.0 million in additional Senior Secured Notes issued in June 2011.

#### Income Tax Expense (Benefit)

In 2012, we recorded an income tax benefit of \$0.4 million, resulting in an effective tax rate of 17.5% compared to \$0.8 million of income tax expense recorded in 2011. The current year benefit reflects the impact of applying an estimated annual effective tax rate to a year-to-date loss for jurisdictions expecting income for the year. The estimated annual effective tax rate differs from the statutory rate due primarily to the impact of valuation allowances in the U.S. and the deferred effect of tax deductible goodwill amortization. The effective tax rate for 2011 differs from the statutory rate primarily due to non-cash income tax expense being recorded for profitable foreign operations that cannot be offset by unprofitable U.S. domestic operations requiring a full valuation allowance. Our expected effective income tax rate is volatile and may move up or down with changes in, among other items, operating income and the results of changes in tax laws and regulations of the U.S. and the foreign jurisdictions in which we operate.

## Liquidity and Capital Resources

Our cash and cash equivalents were \$39.9 million at March 31, 2012, an increase of approximately \$0.6 million, or 1.5%, from our balance of \$39.3 million at December 31, 2011. In addition, our working capital was \$48.6 million at March 31, 2012, an increase of \$2.6 million from our working capital of \$46.0 million at December 31, 2011.

The change in cash and cash equivalents during the three month periods ended March 31, 2012 and 2011 is attributed to the following factors:

	Three Months Ended March 31,	
	2012	2011
	(unaudited)	
	(amounts in millions)	
Cash received from (paid for):		
Acquisitions	\$ (0.5 )	\$ -
Restructuring initiatives	(0.2 )	(0.6 )
Acquisition related costs	(0.2 )	(0.4 )
Proceeds from stock option exercises	0.7	-
Property and equipment purchases	(1.7 )	(0.3 )
Settlements with former officers	-	(0.9 )
Business operations	2.5	8.9
Increase (decrease) in cash	\$ 0.6	\$ 6.7

Cash generated from business operations in the first quarter of 2012 includes the payment of a company-wide 2011 bonus of \$2.7 million to eligible employees.

## Operating Cash Flows

As set forth in the consolidated statement of cash flows, cash provided by operating activities was \$2.2 million in 2012, compared to \$6.9 million in 2011. The net loss in 2012 of \$1.9 million includes non-cash expenses of \$6.7 million and interest expense on our Notes of \$7.4 million, which is not payable until May 2012.

In addition to the payments related to restructuring initiatives as noted in the table above, we have remaining payments as of March 31, 2012 of \$1.2 million.

Accounts receivable days sales outstanding was 103 days in the first quarter of 2012 compared to a quarterly average of 96 days in 2011.

## Investing Cash Flows

In the three months ended March 31, 2012, we paid \$0.5 million to complete an insignificant acquisition and \$1.7 million to purchase fixed assets.

## Financing Cash Flows

In the three months ended March 31, 2012, we received \$0.7 million in proceeds from the exercise of stock options and shares purchased under the employee stock purchase plan.

## Contractual Obligations

Total outstanding commitments as of March 31, 2012 (in thousands), were as follows:

20

---

Index

Contractual Obligations	Total	Payment due by period			
		Less than 1 Year	1 – 3 Years	3 – 5 Years	More than 5 Years
Operating leases	\$ 19,392	\$ 4,352	\$ 3,917	\$ 3,151	\$ 7,972
Capital leases (including interest)	390	145	241	4	-
Acquisition obligation	8,919	4,570	4,144	205	-
Notes payable (including interest)	355,719	29,640	59,249	266,830	-
<b>Total</b>	<b>\$ 384,420</b>	<b>\$ 38,707</b>	<b>\$ 67,551</b>	<b>\$ 270,190</b>	<b>\$ 7,972</b>

The above obligations include lease payments, net of contractually committed sub-lease income of \$0.2 million, zero, zero and zero in the respective periods indicated, involving facilities that we use and those we have either ceased to use or previously abandoned.

Except for restricted cash of \$0.7 million (primarily letters-of-credit related to our leased facilities) and a \$0.4 million guarantee to a lender on behalf of a customer at March 31, 2012, we do not have any other significant long-term obligations, contractual obligations, lines of credit, standby letters of credit, guarantees, standby repurchase obligations or other commercial commitments.

As of March 31, 2012, approximately \$3.6 million of our cash balance was held by our foreign subsidiaries. We may need to accrue and pay taxes if we choose to repatriate these funds.

## General

We believe our current cash and cash equivalent balances will be sufficient to meet our operating, financing and capital requirements through at least the next 12 months, including interest payments due under the Notes. However, any projections of future cash inflows and outflows are subject to uncertainty. In the event that it is necessary to raise additional capital to meet our short term or long term liquidity needs, such capital may be raised through additional debt, equity offerings or sale of certain assets. If we raise additional funds through the issuance of equity, equity-related or debt securities, such securities may have rights, preferences or privileges senior to those of our common stock. Furthermore, the number of shares of any new equity or equity-related securities that may be issued may result in significant dilution to existing shareholders. In addition, the issuance of debt securities could increase the liquidity risk or perceived liquidity risk that we face. We cannot, however, be certain that additional financing, or funds from asset sales, will be available on acceptable terms. If adequate funds are not available or are not available on acceptable terms, we will likely not be able to take advantage of opportunities, develop or enhance services or products or respond to competitive pressures. Any projections of future cash inflows and outflows are subject to uncertainty. In particular, our uses of cash in 2012 and beyond will depend on a variety of factors such as the costs to implement our business strategy, the amount of cash that we are required to devote to defend and address any regulatory proceedings, and potential merger and acquisition activities.

For a more detailed description of risks and uncertainties that may affect our liquidity, see Item 1A., “Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2011.

## Material Off Balance Sheet Arrangements

We have no material off balance sheet arrangements.

## Critical Accounting Policies

Our discussion and analysis of our financial condition and results of operations are based upon our unaudited condensed consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these condensed consolidated financial statements requires our management to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On an ongoing basis, our management evaluates these estimates. We base our estimates and judgments on our experience, our current knowledge (including terms of existing contracts), our beliefs of what could occur in the future, our observation of trends in the industry, information provided by our customers and information available from other sources. Actual results may differ materially from these estimates.

We have identified the following accounting policies and estimates as those that we believe are most critical to our financial condition and results of operations and that require management's most subjective and complex judgments in estimating the effect of inherent uncertainties: revenue recognition, allowances for sales returns and doubtful accounts, intangible assets and goodwill, share-based compensation expense, income taxes, guarantees and loss contingencies. There have been no significant changes in the quarterly period ended March 31, 2012 in our method of application of these critical accounting policies. For a complete description of our critical accounting policies, please refer to Part II, Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations – Critical Accounting Policies" in our Annual Report on Form 10-K for the year ended December 31, 2011.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Interest Rate Risk

Our cash and cash equivalents are exposed to financial market risk due to fluctuations in interest rates, which may affect our interest income. As of March 31, 2012, our cash and cash equivalents included money market funds and short term deposits, including certain cash which is restricted, totaling approximately \$39.9 million, and earned interest at a weighted average rate of approximately 0.1%. The value of the principal amounts is equal to the fair value of these instruments. Due to the relative short-term nature of our investment portfolio, our interest income is vulnerable subject to changes in short-term interest rates. At current investment levels, our results of operations would vary by approximately \$0.4 million on an annual basis for every 100 basis point change in our weighted average short-term interest rate. We do not use our portfolio for trading or other speculative purposes.

Foreign Currency Exchange Risk

We have sales and expenses in Canada, China and Europe that are denominated in currencies other than the U.S. dollar and, as a result, have exposure to foreign currency exchange risk. In the event our exposure to foreign currency exchange risk increases to levels that we do not deem acceptable, we may choose to hedge those exposures. We did not enter into any derivative financial instruments to hedge such exposures in 2012 or 2011.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

We evaluated the effectiveness of the design and operation of our disclosure controls and procedures, which were designed to provide reasonable assurance of achieving their objectives, as of March 31, 2012, as required by Rule 13a-15 of the Exchange Act. This evaluation was carried out under the supervision and with the participation of our management, including our principal executive officer and principal financial officer. Based on this evaluation, our principal executive officer and principal financial officer have concluded that, as of March 31, 2012, our disclosure controls and procedures were effective at the reasonable assurance level to ensure (1) that information required to be disclosed by us in the reports we file or submit under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms, and (2) information required to be disclosed by us in our reports that we file or submit under the Exchange Act is accumulated and communicated to our management, including our principal executive officer and principal financial officer, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

There were no changes with respect to our internal control over financial reporting that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting in the quarterly period ended March 31, 2012.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings

On June 1, 2009, Merge Healthcare was sued in the Milwaukee County Circuit Court, State of Wisconsin, by William C. Mortimore and David M. Noshay with respect to the separation of Mortimore's and Noshay's employment and our subsequent refusal to indemnify them with respect to litigation related to their services as officers of Merge. The plaintiffs allege that we breached their employment agreements, unreasonably refused their requests for indemnification and breached other covenants of good faith and fair dealing. The plaintiffs seek indemnification and unspecified monetary damages. Discovery in this case is on-going. On April 6, 2011, the Milwaukee County Circuit Court rendered a decision in which it concluded that Merge and Mortimore had entered into an oral employment contract on or about June 15, 2006, but the Court did not make any decision as to damages, which damages would be addressed in a later phase of the litigation. On May 9, 2011, Merge appealed the Circuit Court's decision. The appeal is ongoing and the Circuit Court litigation has been stayed pending appeal. We have retained litigation counsel, intend to continue to defend this action vigorously and have filed a counterclaim for fraud, among other claims, against both Mortimore and Noshay. We will also continue to pursue the appeal. However, an adverse outcome could negatively impact our financial condition and cash flow.

In January 2010, a purported stockholder class action complaint was filed in the Superior Court of Suffolk County, Massachusetts in connection with AMICAS Inc.'s (AMICAS) proposed acquisition by Thoma Bravo, LLC. A second similar action was filed in the same Court in February 2010 and consolidated with the first action. In March 2010, because AMICAS had terminated the Thoma Bravo Merger and agreed to be acquired by us, the Court dismissed the plaintiffs' claims as moot. Subsequently, counsel for the plaintiffs filed an application for approximately \$5 million of attorneys' fees for its work on this case, which fee petition AMICAS opposed. We retained litigation counsel to defend against the fee petition. On December 4, 2010, the Court awarded plaintiffs approximately \$3.2 million in attorneys' fees and costs. AMICAS has appealed this judgment. We previously tendered the defense in this matter to our appropriate insurers, which provided coverage against the claims asserted against AMICAS. After receipt of the Court's attorneys' fee award decision, the insurer denied policy coverage for approximately \$2.5 million of the fee award. We do not believe that the insurer's denial has merit and have retained counsel to contest it. On June 6, 2011, the insurer filed an action against AMICAS and Merge in U.S. District Court for the Northern District of Illinois seeking a declaration that it is not responsible for the \$2.5 million portion of the judgment rendered on December 4, 2010 by the Superior Court of Suffolk County, Massachusetts. Merge filed a counterclaim seeking a declaration that the insurer must pay the full amount of the Superior Court's fee award, plus additional damages. On April 30, 2012, the Northern District of Illinois federal court ruled in favor of our Motion for Summary Judgment in the insurer's underlying declaratory judgment action. The court ordered the insurer to pay the Massachusetts court judgment plus interest. The insurer has until May 30, 2012 to appeal that court's ruling. We are continuing to vigorously assert all of our rights under our applicable insurance policies, which we believe cover the claims and expenses incurred by AMICAS or us in connection with the fee award. However, an adverse outcome could negatively impact our financial condition and cash flow.

On February 1, 2010, Merge filed a complaint against its former CEO, Richard Linden, and its former CFO, Scott Veech, in the U.S. District Court for the Eastern District of Wisconsin, seeking a declaration that we do not have to indemnify either Mr. Linden or Mr. Veech for liabilities they incurred in connection with an SEC investigation and enforcement actions and various securities fraud and shareholder derivative litigation. Merge also seeks to recover from both defendants all costs incurred by Merge associated with defending Mr. Linden and Mr. Veech in those prior actions. On October 15, 2010, the Court concluded that it did not have subject matter jurisdiction over Merge's claims and dismissed the claims in their entirety. The Court rendered no opinion on the merits of Merge's claims. Merge is evaluating its further options with respect to the Scott Veech matter in Wisconsin state court. On February 8, 2011, Merge filed a complaint in the U.S. District Court for the Eastern District of Wisconsin captioned Merge Healthcare

Incorporated v. Richard Linden, Case no. 11-CV-001541. On May 4, 2011, Merge and Mr. Linden entered into a confidential settlement agreement resolving all claims against Mr. Linden and through which Linden agreed to issue a statement of regret and apology to Merge's Board of Directors and reimburse Merge for a portion of the Company's legal fees to defend Mr. Linden in prior legal actions. Merge believes that it has numerous meritorious claims against Mr. Veech and will continue to pursue these claims, which have not been affected by the settlement with Mr. Linden.

In August, 2010, Merge Healthcare was sued in the Northern District of Texas by the Court-appointed receiver for Stanford International Bank, Ltd. The receiver alleges that Merge was a recipient of a fraudulent conveyance as a result of a Ponzi scheme orchestrated by Robert Stanford and Stanford International Bank, Ltd. (SIBL). Merge is not alleged to have participated in the Ponzi scheme. The receiver's claims arise from the failed acquisition of Emageon, Inc. (Emageon) by Health Systems Solutions, Inc. (HSS), an affiliate of SIBL, in February 2009, which resulted in the payment of a \$9 million break-up fee by HSS, which payment is alleged to have been financed by SIBL. Merge subsequently acquired Emageon as part of our AMICAS acquisition. The complaint seeks to recover the \$9 million payment to Emageon, plus interest, costs, and attorneys' fees. We have retained litigation counsel and intend to vigorously defend this action. We have filed a motion to dismiss the complaint. That motion has been fully briefed, and we are awaiting a decision from the Court. An adverse outcome could negatively impact our operating results, cash flow and financial condition.

Index

In addition to the matters discussed above, we are, from time to time, parties to legal proceedings, lawsuits and other claims incident to our business activities. Such matters may include, among other things, assertions of contract breach or intellectual property infringement, claims for indemnity arising in the course of our business and claims by persons whose employment has been terminated. Such matters are subject to many uncertainties and outcomes are not predictable. Consequently, we are unable to estimate the ultimate aggregate amount of monetary liability, amounts which may be covered by insurance or recoverable from third parties, or the financial impact with respect to these matters as of the date of this report.

Item 1A.Risk Factors

Our operations and financial results are subject to various risks and uncertainties that could adversely affect our business, financial condition, results of operations, and the market price for our common stock. Part I, Item 1A, "Risk Factors" of our Annual Report on Form 10-K for the year ended December 31, 2011 includes a detailed discussion of these factors and these factors have not changed materially from those included in the Form 10-K.

See also the discussions in Part I, Item 2, "Management's Discussion and Analysis of Financial Condition and Results of Operations – Liquidity and Capital Resources" and Part I, Item 4, "Controls and Procedures" in this Quarterly Report on Form 10-Q.

Item 2.Unregistered Sales of Equity Securities and Use of Proceeds

On March 23, 2012, we issued 1,081,917 shares of our common stock (including 183,926 shares subscribed at March 31, 2012) as partial consideration for an insignificant acquisition. These shares were issued pursuant to an exception from registration provided by Section 4(2) of the Securities Act of 1933, as amended.
