Item 1.01. Entry into a Material Agreement.

Stock Purchase Agreement

On December 20, 2005, DII Taiwan Corporation Ltd. ("DII"), a wholly owned subsidiary of Diodes Incorporated formed under the laws of Taiwan, entered into a Stock Purchase Agreement (the "Stock Purchase Agreement") with Anachip Corporation, a Taiwan corporation ("Anachip"), Lite-On Semiconductor Corporation ("LSC"), Shin Sheng Investment Limited ("SSIL") and Sun Shining Investment Corp. ("SSIC").

Edgar Filing: DIODES INC /DEL/ - Form 8-K

The following description of the Stock Purchase Agreement (and the exhibits thereto) does not purport to be complete and is qualified in its entirety by reference to the copy of the Stock Purchase Agreement (and the exhibits thereto), which is filed as Exhibit 2.1 to this Report and is incorporated herein by this reference.

Under the Stock Purchase Agreement, DII will purchase from LSC, SSIL and SSIC (collectively, the "Selling Stockholders") 40,470,212 of the 50,000,000 issued and outstanding shares of the capital stock of Anachip (collectively, the "Shares"). The purchase price will be NT\$20.00 (approximately U.S.\$0.60) per Share, for an aggregate purchase price of NT\$809,404,240 (approximately U.S.\$24.3 million). The purchase price will be payable in cash as follows: (i) NT\$728,463,816 will be payable on the closing date and (ii) NT\$80,940,424 (the "Holdback Amount") will be payable on December 31, 2006. DII will have the right to set off against the Holdback Amount the amount of any claim for indemnification arising under the Stock Purchase Agreement.

The Stock Purchase Agreement contains customary representations and warranties. The representations and warranties have been made solely for the benefit of the parties to the Stock Purchase Agreement and should not be relied on by any other person. In addition, such representations and warranties (i) have been qualified by disclosure schedules, (ii) are subject to the materiality standards set forth in the Stock Purchase Agreement, which may differ from what may be considered to be material by investors, and (iii) were made only as of the date of the Stock Purchase Agreement or such other date as specified in the Stock Purchase Agreement.

The Stock Purchase Agreement provides for DII to be indemnified by the Selling Stockholders, subject to certain exceptions and limitations, for losses resulting from the breach of the representations, warranties and covenants of the Selling Stockholders or Anachip and certain tax liabilities. The obligations of DII and the Selling Stockholders to complete the purchase and sale of the Shares is subject to customary conditions. Any party may terminate the Stock Purchase Agreement if the closing has not occurred on or before March 31, 2006.

Proposed Merger

In December 2005, DII purchased from employees and other stockholders of Anachip an aggregate of 9,383,613 additional shares of the capital stock of Anachip for NT\$20.00 per share for an aggregate of NT\$ 187,672,260 (approximately U.S.\$5.6 million). Following the completion of the purchase and sale of the Shares, DII will hold more than 99% of the issued and outstanding shares of the capital stock of Anachip, and DII intends to merge with Anachip. In the merger, each outstanding share of the capital stock of Anachip (other than those held by DII) will be cancelled and, thereafter, will represent only the right to receive NT\$20.00, subject to statutory appraisal rights.

Wafer Purchase Agreement

Concurrent with the purchase and sale of the Shares, Anachip will enter into a Wafer Purchase Agreement (the "Wafer Purchase Agreement") with LSC, pursuant to which LSC will sell to Anachip, according to Anachip's requirements, during the two year period ending on December 31, 2007, wafers of the same or similar type, and meeting the same specifications, as those wafers currently being purchased from LSC by Anachip. Anachip will purchase such wafers on terms (including purchase price, delivery schedule, and payment terms) no less favorable to Anachip than those terms on which Anachip currently purchases such wafers from LSC; provided, however, that the purchase price will be the lower of

Edgar Filing: DIODES INC /DEL/ - Form 8-K

the current price or the most favorable customer pricing. If the price of raw wafers increases by more than 20% within any six-month period, Anachip and LSC will renegotiate in good faith the price of wafers to reflect the cost increase.

A copy of the proposed form of Wafer Purchase Agreement is attached as Exhibit B to the Stock Purchase Agreement.
