Item 2.04 - Triggering Events that Accelerate or Increase a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement

On June 3, 2008, Conversion Services International, Inc. (“the Company”) received a letter from Access Capital Inc. (the “Access”), stating the Company did not maintain working capital of at least \$400,000 in the month of April 2008 (the “Default”), as required by the Loan And Security Agreement (the “Agreement”) dated March 31, 2008 entered between the Company and Access, and therefore an event of default existed. Pursuant to the terms of the Agreement, Access may seek certain remedies, including the right to demand payment of all amounts owed to them and the right to take possession of all collateral pledged to them under the Agreement. During the period the Company is in default of the Agreement, the interest rate on amounts owed to Access Capital will be 18% per annum.

In connection with the Default, the Company and Access entered into a Limited Waiver Agreement whereby Access waives the Default, on the condition that (i) all debts owed by the Company to Access bear an interest rate of 18% per annum from May 1, 2008 until such time as the Company maintains working capital of at least \$400,000 and (ii) the Company pays to Access a waiver fee in the amount of \$5,000.
