Item 3.01 Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer or Listing.

As previously disclosed, on July 22, 2009, Fortress International Group, Inc. (the “Company”) received a deficiency letter from The Nasdaq Stock Market LLC (“Nasdaq”) indicating that the Board of Directors of the Company no longer complied with Nasdaq’s majority of independent directors requirement for continued listing on Nasdaq under Listing Rule 5605(b)(1) (the “Rule”).

As previously disclosed, on August 6, 2009, Mr. C. Thomas McMillen, a non-independent member of the Board of Directors, resigned from his position as Vice-Chairman and as a member of the Board of Directors. Following his resignation, the Company has three independent members and three non-independent members on its Board of Directors.

The Company submitted to Nasdaq on August 6, 2009 a specific plan and timetable to achieve compliance with the Rule in connection with the Staff’s review of Fortress’s eligibility for continued listing on Nasdaq. On August 11, 2009, the Company received a letter from Nasdaq notifying the Company that the Staff has determined to grant the Company an extension to regain compliance with the Rule, as follows: (i) until the earlier of the Company’s next annual stockholders’ meeting or June 30, 2010; or (ii) if the next annual stockholders’ meeting is held before December 28, 2009, then the Company must evidence compliance no later than December 28, 2009. The Company is required to submit to Nasdaq documentation, including biographies of any new directors, evidencing compliance no later than the dates stated above. In the event the Company does not regain compliance during this cure period, Nasdaq rules require the Staff to provide written notification to the Company that its securities will be delisted.

On August 12, 2009, the Company issued a press release announcing its receipt of Nasdaq’s letter granting the Company a cure period in order to regain compliance with the Rule. A copy of the press release is being furnished as Exhibit 99.1 to this report and is incorporated herein by reference.
