As described in its Current Report on Form 8-K/A filed on March 9, 2010, the Registrant completed the divestiture of all of its interest in Domilens GmbH, its German distribution subsidiary, on March 2, 2010. Because of the need to prepare full financial reporting of the divestiture as an event subsequent to the fiscal year ended January 1, 2010, and the need to analyze and describe fully the effect of the divestiture on STAAR's business and financial condition, the Registrant could not complete its financial statements and related disclosures prior to the prescribed filing deadline for the 10-K.

In the foregoing table, expenses for the three months and year ended January 1, 2010 include bonuses of \$431,000 awarded on March 5, 2010, as described in the Registrant's Current Report on Form 8-K filed on March 11, 2010.

In the Registrant's audited consolidated financial statements for the fiscal year ended January 2, 2009, the report of the Registrant's independent registered public accounting firm included an explanatory paragraph indicating that substantial doubt exists regarding the Registrant's ability to continue as a going concern. Because of the Registrant's limited capital resources, significant financial obligations that mature in 2010, the need to satisfy or bond for appeal the \$6.5 million judgment entered against the Registrant on December 8, 2009, and its history of losses, the Registrant believes that in its audited consolidated financial statements for the fiscal year ended January 1, 2010 the report of its independent registered public accounting firm will again include an explanatory paragraph indicating that substantial doubt exists regarding the Registrant's ability to continue as a going concern.
