FEMSA Reports 1Q11

Income from Operations Growth of 9.4%

Monterrey, Mexico, April 28, 2011 — Fomento Económico Mexicano, S.A.B. de C.V. (“FEMSA”) announced today its operational and financial results for the first quarter of 2011.

First Quarter 2011 Highlights:

- FEMSA comparable consolidated total revenues and income from operations grew 12.5% and 9.4%, respectively, compared to the first quarter of 2010, reflecting solid results at Coca-Cola FEMSA and FEMSA Comercio.
- Coca-Cola FEMSA total revenues and income from operations increased 9.5% and 10.4%, respectively. Double-digit income from operations growth in the Mexico and Mercosur divisions drove these results.
- FEMSA Comercio achieved total revenues growth of 19.5% aided by the opening of over 1,100 net new stores in the last twelve months, as well as robust same-store sales during the quarter. Income from operations increased 25.5%.

José Antonio Fernández Carbajal, Chairman and CEO of FEMSA, commented: “We are off to a good start in 2011. FEMSA Comercio delivered another strong quarter, showing good progress in terms of new store openings, revenue growth and profitability. And Coca-Cola FEMSA also had a promising start to the year, with Mexico showing very strong trends and Mercosur continuing with good momentum. We also continue to benefit from the strong profitability being achieved at Heineken. And so, we are optimistic that this year will continue to be an exciting and rewarding one for FEMSA.”

FEMSA Consolidated

On April 30, 2010, FEMSA announced the closing of the strategic transaction pursuant to which FEMSA agreed to exchange 100% of its beer operations for a 20% economic interest in the Heineken Group (“the transaction”). For more information regarding this acquisition, please refer to the transaction filings available at www.femsa.com/investor. FEMSA’s consolidated results for the first quarter of 2011 reflect the transaction effects and are presented on a comparable basis.

Comparable total revenues increased 12.5% compared to 1Q10 to Ps. 42.892 billion in 1Q11. FEMSA Comercio and Coca-Cola FEMSA drove the incremental consolidated revenues.

Comparable gross profit increased 12.1% compared to 1Q10 to Ps. 17.357 billion in 1Q11 driven by FEMSA Comercio and Coca-Cola FEMSA. Gross margin decreased 10 basis points compared to the same period in 2010 to 40.5% of total revenues, as the faster growth of lower-margin FEMSA Comercio tends to compress FEMSA’s consolidated margins over time.

Comparable income from operations increased 9.4% to Ps. 4.772 billion in 1Q11 as compared to the same period in 2010. Consolidated operating margin decreased 30 basis points compared to 1Q10 to 11.1% of total revenues, reflecting (i) the faster growth of lower-margin FEMSA Comercio that tends to compress FEMSA’s consolidated margins over time and (ii) lower operating income generation resulting from the sale of the Mundet brand and our flexible packaging business in the second half of 2010.

Net income from continuing operations increased 28.7% to Ps. 3.348 billion in 1Q11 compared to 1Q10, reflecting the fact that this line includes FEMSA’s 20% participation in Heineken’s first quarter 2011 net income. The figures also reflect growth in comparable income from operations, as described above. The effective income tax rate on continuing operations was 25.9% in 1Q11 compared to 30.5% in 1Q10.

Net consolidated income increased 8.3% compared to 1Q10 to Ps. 3.348 billion in 1Q11, reflecting the double-digit increase in FEMSA’s net income from continuing operations. Net majority income for 1Q11 resulted in Ps. 0.61 per FEMSA Unit1. Net majority income per FEMSA ADS was US\$ 0.51 for the quarter.

Capital expenditures decreased to Ps. 1.266 billion in 1Q11 as Coca-Cola FEMSA deployed a lower amount of investment in capacity-related projects than in the comparable quarter of last year. As the year progresses we expect the pace of investment to pick up.

Our consolidated balance sheet as of March 31, 2011, recorded a cash balance of Ps. 27.511 billion (US\$ 2.309 billion), an increase of Ps. 8.550 billion (US\$ 717.5 million) compared to the same period in 2010. Short-term debt was Ps. 6.745 billion (US\$ 566.0 million), while long-term debt was Ps. 17.766 billion (US\$ 1.491 billion). Our consolidated net cash balance was Ps. 3.000 billion (US\$ 251.7 million).

FEMSA Comercio

Total revenues increased 19.5% compared to 1Q10 to Ps. 16.110 billion in 1Q11 mainly driven by the opening of 195 net new stores in the quarter, reaching 1,129 total net new store openings in the last twelve months. As of March 31, 2011, FEMSA Comercio had a total of 8,621 convenience stores. Same-store sales increased an average of 9.0% for the quarter over 1Q10, reflecting a 5.2% increase in store traffic and a 3.7% increase in average customer ticket.

Gross profit increased by 21.1% in 1Q11 compared to 1Q10, resulting in a 40 basis point gross margin expansion to 31.4% of total revenues. This increase reflects (i) a positive mix shift due to the growth of higher margin categories, (ii) a more effective collaboration and execution with our key supplier partners combined with a more efficient use of promotion-related marketing resources, and (iii) a change in the structure of commercial terms for certain supplier partners; while the impact of these terms used to be skewed towards the fourth quarter, it is now more evenly spread throughout the year.

Income from operations increased 25.5% over 1Q10 to Ps. 777 billion in 1Q11. Operating expenses increased 20.4% to Ps. 4.283 billion, below revenue growth, largely driven by the growing number of stores as well as by incremental expenses such as the strengthening of FEMSA Comercio's organizational structure, mainly IT-related. Operating expense growth was contained during the first quarter, allowing the operating margin to expand 20 basis points compared to 1Q10, reaching 4.8% of total revenues.

Mexico City (April 27, 2011), Coca-Cola FEMSA, S.A.B. de C.V. (BMV: KOFL, NYSE: KOF) (“Coca-Cola FEMSA” or the “Company”), the largest public Coca-Cola bottler in the world in terms of sales volume, announces results for the first quarter of 2011.

“Leveraging the broad array of beverages we provide to our consumers and supported by solid volume growth in our Mexico and Mercosur divisions, we generated strong top- and bottom-line growth for the quarter. Consistent with our commitment to offer our consumers more and better beverage alternatives, at the end of March, 2011, together with The Coca-Cola Company, we successfully closed the acquisition of Grupo Industrias Lacteas in Panama. We believe this significant acquisition in the dairy and juice-based beverage categories

represents an important step in our growth strategy. Importantly, we are proud to welcome a talented team of professionals to our organization, who will help us to capitalize on our learning capabilities, leverage our mutual strengths, and reinforce our strategic partnerships with customers and suppliers. Our solid track record of growth and our strong financial position—which we have built over the past several years—enable us to significantly increase the dividend payment to our shareholders, as exemplified by the Ps. \$4.4 billion dividend we distributed as of April 27, 2011. Our clear focus on the precise execution of our strategic framework for growth guides our actions now and into the future, enabling us to stay ahead of the curve and to create value for our shareholders," said Carlos Salazar Lomelin, Chief Executive Officer of the Company.

CONSOLIDATED RESULTS

Our consolidated total revenues increased 9.5% to Ps. 25,826 million in the first quarter of 2011, compared to the first quarter of 2010 mainly as a result of double-digit total revenue growth in our Mercosur and Mexico divisions. On a currency neutral basis, total revenues grew approximately 11%, mainly driven by average price per unit case growth across our territories, in combination with volume growth in our Mexico and Mercosur divisions.

Total sales volume increased 2.6% to reach 604.8 million unit cases in the first quarter of 2011 as compared to the same period in 2010. The sparkling beverage category grew 2% mainly supported by double-digit volume growth of the Coca-Cola brand in Mexico and Argentina, contributing more than 65% of incremental volumes. The still beverage category grew 10%, mainly driven by the Jugos del Valle line of business in Mexico and Brazil and the introduction of line extensions of the Matte Leao portfolio in Brazil, representing approximately 20% of the incremental volumes. The bottled water category grew 2% contributing the balance.

Our gross profit increased 9.8% to Ps. 11,766 million in the first quarter of 2011, compared to the first quarter of 2010. Cost of goods sold increased 9.2%, mainly as a result of higher PET and sweetener costs across our territories, which were partially offset by the appreciation of the Brazilian real,⁽¹⁾ the Mexican peso⁽¹⁾ and the Colombian peso⁽¹⁾ as applied to our U.S. dollar-denominated raw material costs. Gross margin reached 45.6%, an expansion of 20 basis points as compared to the first quarter of 2010.

Our consolidated operating income increased 10.4% to Ps. 3,883 million in the first quarter of 2011, driven by double-digit operating income growth in our Mexico and Mercosur divisions. Operating expenses increased 9.5% in the first quarter of 2011 mainly as a result of higher labor costs in Venezuela and higher labor and freight costs in Argentina, which were partially compensated by lower operating expenses in Colombia and Central America. Our operating margin was 15.0% in the first quarter of 2011, an expansion of 10 basis points compared to the same period in 2010.

During the first quarter of 2011, we recorded Ps. 235 million in the other expenses, net line. These expenses mainly reflect the recording of employee profit sharing.

Our comprehensive financing result in the first quarter of 2011 recorded an expense of Ps. 152 million as compared to an expense of Ps. 179 million in the same period of 2010.

During the first quarter of 2011, income tax, as a percentage of income before taxes, was 32.6% compared to 29.9% in the same period of 2010. This difference was mainly driven by (i) the recording of a tax incentive during 2010 and (ii) an increase in the tax on shareholder's equity in the first quarter of 2011, both in one of our Latincentro subsidiaries.

Our consolidated net controlling interest income grew 6.0% reaching Ps. 2,237 million in the first quarter of 2011 as compared to the first quarter of 2010. Earnings per share (EPS) in the first quarter of 2011 were Ps. 1.21 (Ps. 12.11 per ADS) computed on the basis of 1,846.5 million shares outstanding (each ADS represents 10 local shares).

LATINCENTRO DIVISION OPERATING RESULTS (Colombia, Venezuela, Guatemala, Nicaragua, Costa Rica and Panama)

Revenues

Total revenues were Ps. 6,989 million in the first quarter of 2011, a decrease of 5.3% as compared to the same period of 2010 as a result of volume declines across the division. Volumes in Venezuela declined 29%, mainly due to the Valencia strike during the quarter. Volumes in Colombia declined 8% mainly as a result of continued bad weather conditions, and volumes in Central America declined approximately 2%.

Operating Income

Gross profit reached Ps. 3,304 million, a decrease of 2.3% in the first quarter of 2011, as compared to the same period of 2010. Cost of goods sold decreased 7.9%. Operating leverage achieved by higher average prices per unit case in local currency resulted in a gross margin expansion of 150 basis points to 47.3% in the first quarter of 2011.

Our operating income decreased 8.7% to Ps. 1,123 million in the first quarter of 2011, compared to the first quarter of 2010.
