PROXY STATEMENT

Our board of directors is soliciting proxies for the 2010/2011 annual meeting of shareholders to be held on September 12, 2011. This proxy statement and the enclosed form of proxy contain important information for you to consider in deciding how to vote on the matters brought before the meeting.

We first sent this proxy statement to shareholders on or about August 18, 2011. Our board of directors set August 3, 2011 as the record date for the meeting. Shareholders of record who owned our stock at the close of business on that date may vote and attend the meeting. As of the record date, we had issued and outstanding 107,202,145 shares of common stock and 2,154.99984 shares of 10% Series A Convertible Preferred Stock ("Series A preferred stock"). Each holder of our common stock is entitled to one vote for each share of common stock held on the record date and each holder of Series A preferred stock is entitled to one vote for each share of common stock issuable upon conversion of such Series A preferred stock held on the record date, or 3,290 votes for each share of Series A preferred stock.

What matters am I voting on?

You will be voting on:

- the election of ten directors to hold office until the next annual meeting of shareholders and until their successors are duly elected and qualified;
- the approval of the issuance of securities convertible into our common stock that, in the aggregate, exceed 19.99% of our outstanding shares of common stock in connection with our June 2011 financing transaction under the rules and regulations of the NYSE Amex;
- the approval of the issuance of Series A preferred stock and warrants to purchase our common stock to affiliate investors in connection with our June 2011 financing transaction under the rules and regulations of the NYSE Amex;
- the ratification of the appointment of EisnerAmper LLP as our independent registered public accounting firm for fiscal 2012; and
- any other business that may properly come before the meeting.

Who may vote?

Holders of our common stock and Series A preferred stock at the close of business on August 3, 2011, the record date, may vote at the meeting. On the record date, 107,202,145 shares of our common stock were issued and outstanding and 2,154.99984 shares of our Series A preferred stock were issued and outstanding. Each holder of our common stock is entitled to one vote for each share held on the record date and each holder of our Series A preferred stock is entitled to one vote for each share of common stock issuable upon conversion of such Series A preferred stock as of the record date, or 3,290 votes for each share of Series A preferred stock.

When and where is the meeting?

We will hold the meeting on September 12, 2011, at 10:00 a.m. Eastern Time at the offices of Ladenburg Thalmann & Co. Inc., located at 520 Madison Avenue, 9th Floor, New York, New York 10022.

Edgar Filing: Castle Brands Inc - Form DEF 14A

If you need directions to the location of the meeting, please contact our Investor Relations Department by: (a) mail at Castle Brands Inc., Attention: Investor Relations, 122 East 42nd Street, Suite 4700, New York, New York 10168, (b) telephone at (646) 356-0200, or (c) e-mail at ir@castlebrandsinc.com.

What is the effect of giving a proxy?

Proxies in the form enclosed are solicited by and on behalf of our board. The persons named in the proxy have been designated as proxies by our board. If you sign and return the proxy in accordance with the procedures described in this proxy statement, the persons designated as proxies by the board will vote your shares at the meeting as specified in your proxy.

If you duly execute the proxy card but do not specify how you want to vote, your shares will be voted:

- FOR the election as directors of the nominees listed below under Proposal I.
- FOR the approval of the issuance of securities convertible into our common stock that, in the aggregate, exceed 19.99% of our outstanding shares of common stock in connection with our June 2011 financing transaction under the rules and regulations of the NYSE Amex as listed below under Proposal II.
- FOR the approval of the issuance of Series A preferred stock and warrants to purchase our common stock to affiliate investors in connection with our June 2011 financing transaction under the rules and regulations of the NYSE Amex as listed below under Proposal III.
- FOR the ratification of the appointment of EisnerAmper LLP as our independent registered public accounting firm for fiscal 2012 as listed below under Proposal IV.

If you give your proxy, the proxies named on the proxy card also will vote your shares in their discretion on any other matters properly brought before the meeting.

Can I change my vote after I voted?

You may revoke your proxy at any time before it is exercised by:

- delivering written notification of your revocation to our Corporate Secretary;
- voting in person at the meeting; or
- delivering another proxy bearing a later date.

Please note that your attendance at the meeting will not alone serve to revoke your proxy.

What is a quorum?

A quorum is the minimum number of shares required to be present at the meeting for the meeting to be properly held under our bylaws and Florida law. The presence, in person or by proxy, of outstanding shares of common stock and Series A preferred stock representing a majority of all votes entitled to be cast at the meeting will constitute a quorum. A proxy submitted by a shareholder may indicate that all or a portion of the shares represented by the proxy are not being voted on a particular matter, which is referred to as shareholder withholding. Similarly, a broker may not be permitted to vote stock held in street name on a particular matter absent instructions from the beneficial owner of the stock, which is referred to as a broker non-vote. Abstentions and broker non-votes will be counted for purposes of determining the presence of a quorum.

How may I vote?

You may vote your shares by mail or by attending the meeting. If you vote by mail, date, sign and return the accompanying proxy in the envelope enclosed for that purpose (to which no postage need be affixed if mailed in the United States). You may specify your choices by marking the appropriate boxes on the proxy card. If you attend the meeting, you may deliver your completed proxy card in person or fill out and return a ballot that will be supplied to you at the meeting.

What is the vote required for each proposal?

Proposal	Vote Required	Broker Discretionary Voting Allowed
Proposal I – Election of ten directors	Plurality of votes cast	No
Proposal II – Approval of the issuance of securities in excess of 19.99% of our outstanding common stock in connection with our June 2011 financing transaction	Majority of votes cast	No
Proposal III – Approval of the issuance of securities to affiliate investors in connection with our June 2011 financing transaction	Majority of votes cast	No
Proposal IV – Ratification of auditors for fiscal 2012	Majority of votes cast	Yes

On Proposal I, you may vote FOR all nominees, WITHHOLD your vote as to all nominees, or vote FOR all nominees except those specific nominees from who you WITHHOLD your vote. The ten nominees receiving the most FOR votes will be elected. A properly executed proxy marked WITHHOLD as to the election of one or more directors will not be voted with respect to the director or directors indicated.

On Proposals II, III and IV, you may vote FOR, AGAINST or ABSTAIN.

Broker non-votes will not affect the outcome of any matter being voted on at the meeting, assuming a quorum is obtained, as shares subject to a broker non-vote will not be considered entitled to vote with respect to any of the Proposals. Abstentions, on the other hand, will have the same effect as votes against Proposals II, III and IV, but will have no effect on the election of directors because approval of a percentage of shares present or outstanding is not required for Proposal I.

Are there any shareholders already committed to voting in favor of the Proposals II and III?

Yes. Holders of approximately 41.7% of our outstanding common stock have agreed to vote their shares in favor of Proposals II and III.

Are there any rules regarding admission to the meeting?

Yes. You are entitled to attend the meeting only if you were, or you hold a valid legal proxy naming you to act for, one of our shareholders on the record date. Before we will admit you to the meeting, we must be able to confirm:

- Your identity by reviewing a valid form of photo identification, such as a driver’s license; and
- You were, or are validly acting for, a shareholder of record on the record date by:

Ø verifying your name and stock ownership against our list of registered shareholders, if you are the record holder of your shares;

- Ø reviewing other evidence of your stock ownership, such as your most recent brokerage or bank statement, if you hold your shares in street name; or
- Ø reviewing a written proxy that shows your name and is signed by the shareholder you are representing, in which case either the shareholder must be a registered shareholder or you must have a brokerage or bank statement for that shareholder as described above.

If you do not have a valid picture identification and proof that you owned, or are legally authorized to act for someone who owned, shares of voting stock on August 3, 2011, you will not be admitted to the meeting.

At the entrance to the meeting, we will verify that your name appears in our stock records or will inspect your brokerage or bank statement as your proof of ownership and any written proxy you present as the representative of a shareholder. We will decide whether the documentation you present for admission to the meeting meets the requirements described above.

What is the “householding” of annual disclosure documents?

The Securities and Exchange Commission (“SEC”) has adopted rules governing the delivery of annual disclosure documents that permit us to send a single set of our annual report and proxy statement to any household at which two or more shareholders reside if we believe that the shareholders are members of the same family. This rule benefits both shareholders and us by reducing the volume of duplicate information received and our expenses. Each shareholder will continue to receive a separate proxy card. If your household received a single set of disclosure documents for this year, but you would prefer to receive your own copy, or if you share an address with another shareholder and together both of you wish to receive only a single set of our annual disclosure documents, please contact our Investor Relations Department by: (a) mail at Castle Brands Inc., Attention: Investor Relations, 122 East 42nd Street, Suite 4700, New York, New York 10168, (b) telephone at (646) 356-0200, or (c) e-mail at ir@castlebrandsinc.com.

Our 2011 annual report, including financial statements for the fiscal year ended March 31, 2011, accompany the proxy solicitation materials. The annual report, however, is not part of the proxy solicitation materials, except as provided in the section entitled “Incorporation by Reference” below.

Share Ownership

The table below shows the number of shares of our common stock and Series A preferred stock beneficially owned as of August 3, 2011 by (i) those persons or groups known by us to beneficially own more than 5% of our common stock or Series A preferred stock, (ii) each of our directors, (iii) each of our executive officers named in the Summary Compensation Table below, who we refer to as named executive officers, and (iv) all directors and executive officers as a group. The number of shares beneficially owned by each individual or group is based upon information in SEC documents, other publicly available information or information available to us. Percentage ownership information is based on 107,202,145 shares of our common stock and 2,154.99984 shares of our Series A preferred stock issued and outstanding as of August 3, 2011. Upon conversion of all of our Series A preferred stock, subject to shareholder approval of Proposals II and III, we would issue 10,633,233 additional shares of our common stock.

Shares of our common stock issuable upon the exercise of options or warrants that are presently exercisable or exercisable within 60 days of August 3, 2011 are deemed to be outstanding and beneficially owned by the person holding the options or warrants for the purpose of computing the percentage of ownership of that person, but are not treated as outstanding for the purpose of computing the percentage of any other person.

PROPOSAL II

APPROVAL OF THE ISSUANCE OF SECURITIES IN EXCESS OF 19.99% OF OUR OUTSTANDING COMMON STOCK IN CONNECTION WITH OUR JUNE 2011 FINANCING TRANSACTION UNDER THE RULES AND REGULATIONS OF THE NYSE AMEX

We are seeking approval of the issuance of securities in excess of 19.99% of our outstanding common stock in connection with the transactions contemplated by three securities purchase agreements and an exchange agreement, each dated as of June 8, 2011 and described below, for purposes of Section 713 of the NYSE Amex LLC Company Guide.

Description of the June 2011 Financing Transaction

On June 8, 2011, we entered into two Securities Purchase Agreements (“Securities Purchase Agreements”), between us and purchasers (“Purchasers”), under which the Purchasers agreed to purchase an aggregate of approximately \$2,155,000 of our newly-designated Series A preferred stock, for its stated value of \$1,000 per share (“Stated

Value”), and warrants to purchase 50% of the number of shares of our common stock issuable upon conversion of such Series A preferred stock in a private offering. Subject to adjustment (including Dilutive Issuances, as defined below), the Series A preferred stock is convertible into shares of our common stock at a conversion price of \$0.304 per share and the warrants have an exercise price of \$0.38 per share. The closing sale price of our common stock was \$0.28 per share on June 7, 2011, the day before we executed the Securities Purchase Agreements, and \$0.26 per share on August 15, 2011.

Also on June 8, 2011, we entered into a Securities Purchase Agreement (“Affiliate Purchase Agreement”), with directors, officers and other affiliates of ours (“Affiliate Purchasers”), under which the Affiliate Purchasers agreed to purchase an aggregate of approximately \$1,005,000 of Series A preferred stock and warrants on substantially the same terms as under the Securities Purchase Agreements, subject to shareholder approval of such issuance under NYSE Amex rules. Pending shareholder approval, we issued an aggregate of approximately \$1,005,000 in promissory notes (“Temporary Notes”) to the Affiliate Purchasers, which together with accrued but unpaid interest thereon will convert automatically into Series A preferred stock and warrants following shareholder approval. The Temporary Notes bear interest at a rate of 10% per year and mature 18 months from the date of issuance, subject to prior conversion upon shareholder approval. The Affiliate Purchasers included Frost Gamma Investments Trust, an entity affiliated with Dr. Frost, and Messrs. Lampen, Andrews (and certain of his affiliates), Glover and Small.

Also on June 8, 2011, we entered into an Exchange Agreement (“Exchange Agreement” and together with the Securities Purchase Agreements and the Affiliate Purchase Agreement, the “Purchase Agreements”), with holders of our outstanding debt, including directors, officers and other affiliates of ours (“Exchange Purchasers”), under which the Exchange Purchasers agreed to purchase Series A preferred stock and warrants in exchange for approximately \$3,607,000 aggregate principal amount of our existing debt, and accrued but unpaid interest thereon, on substantially the same terms as the Securities Purchase Agreement and the Affiliate Purchase Agreement, subject to shareholder approval. The Exchange Purchasers of our existing debt included Frost Gamma Investments Trust, Vector Group Ltd., Messrs. Lampen and Andrews, Lafferty Ltd., IVC Investments, LLP, an entity affiliated with Mr. Halpryn, and Betts & Scholl, LLC, an entity affiliated with Mr. Scholl (which agreed to convert principal, but not accrued but unpaid interest thereon).

The offering of the Series A preferred stock and warrants was made in reliance upon the exemption from registration under Section 4(2) of the Securities Act of 1933, as amended (the “Securities Act”), and Regulation D promulgated thereunder. The shares of Series A preferred stock and warrants issued and issuable under the Purchase Agreements, including the shares of common stock issuable upon the conversion of the Series A preferred stock or exercise of the warrants, will be “restricted securities” as that term is defined by Rule 144 under the Securities Act, until such time as such shares are registered for resale under the Securities Act. We also entered into a Registration Rights Agreement, dated as of June 8, 2011, with the Purchasers, Affiliate Purchasers and Exchange Purchasers under which we agreed to register for resale the shares of common stock issuable upon conversion of the Series A preferred stock and exercise of the warrants.

A special committee of our board, which consisted solely of independent directors, recommended to our board the approval of the transactions contemplated by the Purchase Agreements. Holders of approximately 41.7% of our outstanding common stock have agreed to vote their shares in favor of the transactions.

We expect to use the net proceeds from the transactions for working capital and other general corporate purposes.

Articles of Designation

On June 9, 2011, we filed articles of amendment designating the preferences, rights and limitations of the Series A preferred stock (“Articles of Designation”) to our articles of incorporation with the Florida Secretary of State.

Dividends. Holders of Series A preferred stock are entitled to receive cumulative dividends thereon at the rate per share (as a percentage of the Stated Value per share) of 10% per year (calculated on the basis of a 360-day year, consisting of twelve 30 calendar day periods), whether or not declared by our board, which are payable upon conversion of the Series A preferred stock or upon a Liquidation (as defined below) (for Series A preferred stock not previously converted) in an amount of common stock (the dollar amount to be paid in shares of common stock, the “Dividend Share Amount”) equal to (x) the applicable Dividend Share Amount divided by (y) the Conversion Price (as

defined below).

Voting Rights. The Series A preferred stock votes equally with the common stock and not as a separate class, at any annual or special meeting of shareholders, and may act by written consent in the same manner as our common stock. Each holder of Series A preferred stock is entitled to the number of votes equal to the whole number of shares of common stock into which such holder's aggregate number of shares of Series A preferred stock are convertible under the Articles of Designation immediately after the close of business on the record date for such meeting or the effective date of such written consent, subject to the Issuable Maximum (as defined below). As long as any shares of Series A preferred stock are outstanding, we may not, without the affirmative vote of the holders of a majority of the then outstanding shares of the Series A preferred stock, (i) alter or change adversely the powers, preferences or rights given to the Series A preferred stock or alter or amend the Articles of Designation, (ii) authorize or create any class of stock ranking as to dividends, redemption or distribution of assets upon a Liquidation senior to the Series A preferred stock, (iii) amend our articles of incorporation or other charter documents in any manner that adversely affects any rights of the holders of Series A preferred stock, (iv) increase the number of authorized shares of Series A preferred stock, or (v) enter into any agreement to do any of the foregoing; provided, however, that as long as any shares of Series A preferred stock are outstanding, we may not alter or amend the anti-dilution provisions of the Articles of Designation without the affirmative vote of the holders of at least 67% of the then outstanding shares of Series A preferred stock.

Rank. With respect to distributions upon Liquidation, the Series A preferred stock ranks senior to all classes of common stock and to each other class of our existing or hereafter created capital stock that are not specifically designated as ranking senior to the Series A preferred stock. We may not issue any capital stock that is senior to the Series A preferred stock unless the holders of a majority of the then outstanding shares of the Series A preferred stock voting separately as a class approve such issuance.

Liquidation Preference. Upon any liquidation, dissolution or winding-up of our company, whether voluntary or involuntary (“Liquidation”), the holders of Series A preferred stock will be entitled to receive out of our assets, whether capital or surplus, an amount equal to the Stated Value, plus any accrued and unpaid dividends thereon and any other fees then due and owing thereon under the Articles of Designation, for each share of Series A preferred stock before any distribution or payment is made to the holders of any junior securities, and if our assets are insufficient to pay in full such amounts, then the entire assets to be distributed to the holders of Series A preferred stock will be ratably distributed among the holders in accordance with the respective amounts that would be payable on such shares if all amounts payable thereon were paid in full.

Conversion. Each share of Series A preferred stock is convertible at any time into that number of shares of common stock (subject to the limitations set forth in the Articles of Designation) determined by dividing the Stated Value of such share of Series A preferred stock by the conversion price, which was initially \$0.304 (“Conversion Price”), subject to adjustment as provided in the Articles of Designation, including in the event that, during the Threshold Period (as defined in the Articles of Designation), the Company sells or grants any option to purchase or sells or grants any right to reprice, or otherwise disposes of or issues (or announces any sale, grant or any option to purchase or other disposition), any common stock or Common Stock Equivalents (as defined in the Articles of Designation) entitling any person to acquire shares of common stock at an effective price per share that is lower than the then Conversion Price (“Dilutive Issuance”). The Conversion Price is based on the average closing price of our common stock on the NYSE Amex for the five trading days before the execution of the Purchase Agreements. We may not effect any conversion of the Series A preferred stock, and a holder will not have the right to convert any portion of the Series A preferred stock if, after giving effect to the conversion, such holder (together with any affiliates, and any persons acting as a group together with such holder or any affiliates) would beneficially own more than 4.99% of the number of shares of the common stock outstanding immediately after giving effect to the issuance of shares of common stock issuable upon conversion of the Series A preferred stock held by the applicable holder (“Beneficial Ownership Limitation”). A holder, upon not less than 61 days’ prior written notice to us, may increase or decrease the Beneficial Ownership Limitation applicable to its Series A preferred stock; any such increase or decrease will not be effective until the 61st day after such notice is delivered to us and will only apply to such holder and no other holder; provided, however, that the Beneficial Ownership Limitation will not apply to any holder whose beneficial ownership of common stock exceeded the Beneficial Ownership Limitation as of the date of issuance of such holder’s Series A preferred stock.

Issuance Limitation. Until we have obtained shareholder approval of the transactions contemplated by the Purchase Agreements, which we are seeking in this proxy statement, we may not issue, upon conversion of the Series A preferred stock, a number of shares of common stock which, when added to any shares of common stock issued on or after the date of the Purchase Agreements and prior to such conversion (i) in connection with any conversion of Series A preferred stock issued under the Purchase Agreements and (ii) in connection with the exercise of any warrants issued under the Purchase Agreements would exceed 19.99% of the shares of common stock outstanding as of June 8, 2011 (subject to adjustment for forward and reverse stock splits, recapitalizations and the like) (such number of shares, the “Issuable Maximum”). Each holder of Series A preferred stock is entitled to a percentage of the Issuable Maximum equal to (x) the original Stated Value of such holder’s Series A preferred stock divided by (y) the aggregate Stated Value of all Series A preferred stock issued on the original issue date. Also, each holder may allocate its pro-rata portion of the Issuable Maximum among Series A preferred stock and warrants it holds.

Forced Conversion. If (i) there is an effective registration statement covering the common stock issuable upon conversion of the Series A preferred stock or all such shares may be sold under Rule 144 under the Securities Act without the requirement for us to be in compliance with Rule 144(c)(1), (ii) the average daily volume of the common stock exceeds \$100,000 per trading day and (iii) the daily volume weighted average price as listed on the NYSE Amex (or, if our common stock is not then listed on a trading market, as determined in the Articles of Designation), referred to as VWAP, for at least 20 trading days during any 30 consecutive trading day period exceeds \$0.76 (subject to adjustment), we may convert all or any portion of the outstanding Series A preferred stock into shares of common stock. If a forced conversion would result in a holder exceeding the Beneficial Ownership Limitation, then the shares of common stock issuable to such holder will be held in abeyance and will not be distributed to such holder for a period of 71 days following the effective date of the notice regarding the forced conversion, or such time during such 71-day period, if ever, as the distribution of such shares would not result in the holder exceeding the Beneficial Ownership Limitation. In the event of a Fundamental Transaction (as defined in the Articles of Designation), we may convert all of the Series A preferred stock plus all accrued but unpaid dividends thereon into common stock concurrently with the completion of such Fundamental Transaction.

Warrants

The warrants are exercisable for five years and are subject to the Beneficial Ownership Limitation and Issuable Maximum applicable to the Series A preferred stock. The initial exercise price of the warrants is equal to 125% of the Conversion Price of the Series A preferred stock. If there is no effective registration statement registering for resale the shares of common stock issuable upon exercise of the warrants after December 8, 2011, then the warrants may only be exercised at such time by cashless exercise. If a Fundamental Transaction (as defined in the warrants) occurs, we or any successor entity may, at our or such successor entity's option, exercisable at any time concurrently with, or within 30 days after, the completion of the Fundamental Transaction, purchase the warrant by paying an amount of cash equal to the Black-Scholes Value (as defined in the warrant) of the remaining unexercised portion of the warrant on the date of the completion of a Fundamental Transaction. If, after the one year anniversary of the closings of the transactions contemplated by the Securities Purchase Agreement, among other conditions, (i) the VWAP for any 20 trading days during any 30 consecutive trading days exceeds \$0.95 (subject to adjustment), and (ii) the average daily volume for such measurement period exceeds \$100,000 per trading day, then we may call for cancellation all or any portion of the warrants on the 10th trading day after such call, for consideration equal to \$0.01 per share of common stock issuable upon exercise of the warrants.

The descriptions of the Temporary Notes, Securities Purchase Agreements, Affiliate Purchase Agreement, Exchange Agreement, Registration Rights Agreement, warrants and Articles of Designation are qualified in their entirety by reference to the descriptions contained in the Current Report on Form 8-K filed by us with the SEC on June 9, 2011, and the documents filed as exhibits to such Current Report.

Interest of Certain Persons in Proposals II and III

The Affiliate Purchasers include Frost Gamma Investments Trust, an entity affiliated with Dr. Frost, a director of our company (\$600,000), Mr. Lampen, our president and chief executive officer and a director of our company (\$50,000), Mr. Andrews, our chairman of the board, and certain of his affiliates (\$300,000), Mr. Glover, our chief operating officer (\$50,000), and Mr. Small, our senior vice president, chief financial officer, secretary and treasurer (\$5,000). The Exchange Purchasers include Frost Gamma Investments Trust (\$2,500,000), Vector Group Ltd., for whom Mr. Lampen serves as executive vice president and Mr. Beinstein serves as a director (\$200,000), Mr. Lampen (\$200,000), Mr. Andrews (\$200,000), IVC Investments, LLP, an entity affiliated with Mr. Halpryn (\$200,000), and Betts & Scholl, LLC, an entity affiliated with Mr. Scholl (which agreed to convert principal, but not accrued but unpaid interest thereon) (\$107,354).

It is anticipated that if Proposals II and III are approved, each of the Affiliated Purchasers and Exchange Purchasers will purchase the securities under the Purchase Agreements. For additional information regarding the number of shares of Series A preferred stock (including dividends thereon) and warrants (and shares underlying the warrants) to be purchased by the Affiliate Purchasers and the Exchange Purchasers, assuming the transactions are completed, please see the chart listed in Proposal III.

Reason for Request for Shareholder Approval

As of June 8, 2011, we had approximately 107,202,145 shares of common stock outstanding. Section 713 of the NYSE Amex LLC Company Guide requires shareholder approval prior to the issuance of common stock, or securities convertible into or exercisable for common stock, in any transaction or series of transactions if the sale, issuance or potential issuance by the issuer of common stock (or securities convertible into common stock) is equal to 20% or more of the presently outstanding common stock for less than the greater of book or market value of the stock.

If approved by our shareholders, our issuance of the Series A preferred stock (and payment of potential dividends thereon) and the warrants issuable under the Purchase Agreements will result in the issuance of securities convertible into common stock equal to 20% or more of our common stock outstanding immediately before we entered into the Purchase Agreements. Also, the Series A preferred stock and warrants contain anti-dilution provisions that provide for the adjustment to the Conversion Price of the Series A preferred stock and the exercise price and number of shares of common stock underlying the warrants upon certain future issuances by us. These anti-dilution provisions could, in the future, potentially result in the sale, issuance or potential issuance by us of common stock (or securities convertible into common stock) at a price less than the greater of book or market value. Accordingly, we are seeking shareholder approval of this proposal in order to ensure compliance with Section 713(a) of the NYSE Amex LLC Company Guide.

Effect of Approval of this Proposal on Current Shareholders

The issuance of common stock under the Purchase Agreements will have a dilutive effect on our earnings per share and on each shareholder's percentage voting power. Also, such issuance could have the effect of delaying or preventing a change in control by increasing the number of outstanding shares entitled to vote and by increasing the number of votes required to approve a change in control or remove incumbent directors from office. Such issuance will also increase the number of shares of common stock held by our directors and executive officers. Moreover, any dividends paid could be lower, as the funds available to pay dividends would be spread among a greater number of shares upon completion of the transactions under the Purchase Agreements.

PROPOSAL III

APPROVAL OF THE ISSUANCE OF SECURITIES TO AFFILIATE INVESTORS IN CONNECTION WITH OUR JUNE 2011 FINANCING TRANSACTION UNDER THE RULES AND REGULATIONS OF THE NYSE AMEX

We are seeking approval of the issuance of securities to Affiliate Purchasers and Exchange Purchasers under the Purchase Agreements for purposes of Section 711 of the NYSE Amex LLC Company Guide. For information regarding our proposed issuance of the securities and the terms of the Purchase Agreements, see the section entitled “Description of the June 2011 Financing Transaction” above. For information regarding the interests of our directors and executive officers and their affiliates in the Purchase Agreements, see “Interest of Certain Persons in Proposals II and III” above.

Reason for Request for Shareholder Approval

Section 711 of the NYSE Amex LLC Company Guide requires us to obtain shareholder approval when an equity compensation arrangement is made, under which stock may be acquired by officers, directors, employees or consultants. The issuance of common stock or securities convertible into or exercisable for common stock by a company to affiliated entities of the company's officers, directors, employees or consultants other than in a public offering at a price less than the greater of the book or market value of the common stock may be deemed to be equity compensation requiring shareholder approval under Section 711. The Series A preferred stock and warrants contain anti-dilution provisions that provide for the adjustment to the Conversion Price of the Series A preferred stock and the exercise price and number of shares of common stock underlying the warrants upon certain future issuances by us. These anti-dilution provisions could, in the future, potentially result in the sale, issuance or potential issuance by us of common stock (or securities convertible into common stock) at a price less than the greater of book or market value. Because each of Dr. Frost and Messrs. Andrews, Beinstein, Glover, Halpryn, Lampen, Scholl and Small serve as directors or officers of our company, we need to seek approval of this proposal to ensure compliance with Section 711 of the NYSE Amex LLC Company Guide.

Effect of Approval of this Proposal on Current Shareholders

The issuance of common stock to Affiliate Purchasers and Exchange Purchasers under with the Purchase Agreements will have a dilutive effect on our earnings per share and on each shareholder's percentage voting power. Also, such issuance could have the effect of delaying or preventing a change in control by increasing the number of outstanding shares entitled to vote and by increasing the number of votes required to approve a change in control or remove incumbent directors from office. Such issuance will also increase the number of shares of common stock held by our directors and executive officers. Moreover, any dividends paid could be lower, as the funds available to pay dividends would be spread among a greater number of shares upon completion of the transactions with affiliated investors under to the Purchase Agreements.

The following table summarizes (a) the total number of shares of common stock that will be issued to affiliated investors upon conversion of the Series A preferred stock under the Purchase Agreements (not including the warrants) assuming all shares are issued under the Purchase Agreements as of July 31, 2011, (b) the total number of shares of common stock that will be issued as dividends on the affiliated investors' shares of Series A preferred stock assuming the Series A preferred stock is held for at least three years, (c) the number of shares of common stock that will be issued to affiliated investors upon exercise of the warrants under the Purchase Agreements assuming the warrants are fully exercised at the current applicable exercise price and (d) the percentage of our common stock that each affiliated investor could potentially acquire under the Purchase Agreements if all securities anticipated by the Purchase Agreements are issued and converted or exercised to common stock.

PROPOSAL IV RATIFICATION OF THE APPOINTMENT OF OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL 2012

We ask that you ratify the appointment of EisnerAmper LLP as our independent registered public accounting firm for fiscal 2012.

Our audit committee appointed EisnerAmper LLP as our independent registered public accounting firm for fiscal 2012. Representatives of EisnerAmper LLP are expected to be present at the meeting with the opportunity to make a statement if they so desire and to be available to respond to appropriate questions.

If the appointment is not ratified, the adverse vote will be considered as an indication to our audit committee that it should consider selecting another independent registered public accounting firm for the following fiscal year. Even if the selection is ratified, our audit committee, in its discretion, may select a new independent registered public accounting firm at any time during the year if it believes that such a change would be in our best interest.

Required Approvals

Approval of the ratification of the appointment of EisnerAmper LLP as our independent registered public accounting firm for fiscal 2012 requires the affirmative vote of a majority of votes cast at the meeting.

Our board recommends that you vote FOR Proposal IV.

CORPORATE GOVERNANCE MATTERS

Independence of Directors

We follow the NYSE Amex rules in determining if a director is independent. Our board of directors also consults with our counsel to ensure that the board's determination is consistent with those rules and all other relevant laws and regulations regarding director independence. Consistent with these considerations, our board of directors has determined that Messrs. Beaudette, Beinstein, Eisen, Halpryn and Rubin are independent directors. The other remaining directors may not be deemed independent under the NYSE Amex rules because they currently have relationships with us that may result in them being deemed not "independent." All members of our audit, compensation and nominating and corporate governance committees are independent. The members of our audit committee are also independent under Rule 10A-3 under the Securities Exchange Act of 1934, as amended.

Board Leadership Structure and Role in Risk Oversight

We believe that effective board leadership structure can depend on the experience, skills, and personal interaction between persons in leadership roles, and the needs of our company at any point in time. We currently maintain separate roles between the chief executive officer and chairman of the board in recognition of the differences between the two responsibilities. Our chief executive officer is responsible for setting our strategic direction and for day-to-day leadership and performance of our company. Our chairman of the board provides input to the chief executive officer, sets the agenda for board meetings, and presides over meetings of the full board of directors, as well as executive sessions of the board of directors. We do not have a lead director because we believe that the separation of the roles of chairman of the board and chief executive officer make the role of lead director unnecessary.

The board is also responsible for oversight of our risk management practices, while management is responsible for the day-to-day risk management processes. This division of responsibilities is the most effective approach for addressing the risks facing our company, and our company's board leadership structure supports this approach. The board receives periodic reports from management regarding the most significant risks facing our company. Also, our audit committee assists the board in its oversight role by receiving periodic reports regarding our company's risk and control environment.

Board Committee Membership and Information

The following table shows the current members of each board committee, the directors our board has determined to be independent and the number of meetings held by each committee in fiscal 2011.

Number of meetings held in fiscal 2011	—	5	1	0

Our board of directors met four times during fiscal 2011. During fiscal 2011, each of our current directors attended at least 75% of the aggregate number of meetings of the board and of each committee of which he or she was a member. We expect our directors to attend all board and committee meetings and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities. Although we do not have any formal policy regarding director attendance at annual shareholder meetings, we attempt to schedule our annual meetings so that all of our directors can attend. We did not hold an annual meeting within one year after our fiscal year ended March 31, 2010. Two directors attended our 2009 annual meeting.

Executive Sessions

We regularly schedule executive sessions during which our independent directors meet without the presence of or participation by management.

Nominating Committee Information

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee identifies, researches and recommends to the board of directors qualified candidates to serve as directors on our board of directors.

Our nominating and corporate governance committee is responsible for, among other things:

- recommending to our board of directors the slate of nominees of directors to be proposed for election by the shareholders and individuals to be considered by our board of directors to fill vacancies;
 - establishing criteria for selecting new directors; and
- reviewing and assessing annually the performance of the nominating and corporate governance committee and the adequacy of the nominating and corporate governance committee charter.

Our nominating and corporate governance committee will consider candidates suggested by our shareholders pursuant to written applications submitted to the nominating and corporate governance committee, in care of our Corporate Secretary at the address set forth below for the submission of shareholder proposals.

Besides considering candidates suggested by shareholders, our nominating and corporate governance committee also accepts recommendations from our directors, members of management and others familiar with, and experienced in, the beverage alcohol industry. Our nominating and corporate governance committee establishes criteria for the selection of nominees and reviews the appropriate skills and characteristics required of board members. In evaluating candidates, the committee considers issues of independence, diversity and expertise in numerous areas, including experience in the premium branded spirits industry, finance, marketing, international experience and culture. Our nominating and corporate governance committee selects individuals of the highest personal and professional integrity who have demonstrated exceptional ability and judgment in their field and who would work effectively with the other directors and nominees to the board of directors. Our nominating and corporate governance committee also monitors and reviews the committee structure of our board of directors, and each year it recommends to our board of directors for its approval directors to serve as members of each committee. The nominating and corporate governance committee conducts an annual review of the adequacy of the nominating and corporate governance charter (described above) and recommends proposed changes.

The persons to be elected at our annual meeting are the current directors standing for re-election.

Compensation Committee

Messrs. Eisen, Halpryn and Rubin currently comprise our compensation committee. None of these individuals has ever served as an officer of ours or of any of our subsidiaries. The compensation committee does not have a charter.

Audit Committee Information and Report

Our audit committee assists the board in monitoring:

- the integrity of our financial statements;
- our independent auditor's qualifications and independence;
 - the performance of our independent auditor; and
- our compliance with legal and regulatory requirements.

The audit committee also reviews and approves all related-party transactions. Our audit committee charter is posted on our investor relations website at <http://investor.castlebrandsinc.com>.

As required by applicable SEC and NYSE Amex rules, our board has determined that each audit committee member is financially literate and that Mr. Beinstein, who chairs the committee, is an audit committee financial expert as defined by SEC rules.

EXECUTIVE COMPENSATION

Compensation Overview

We are a “smaller reporting company” as such term is defined in Rule 405 of the Securities Act and Item 10 of Regulation S-K. Accordingly, and in accordance with relevant SEC rules and guidance, we have elected, with respect to the disclosures required by Item 402 (Executive Compensation) of Regulation S-K, to comply with the disclosure requirements applicable to smaller reporting companies. This Compensation Overview section discusses the compensation programs and policies for our executive officers and the compensation committee’s role in the design and administration of these programs and policies in making specific compensation decisions for our executive officers, including our “named executive officers.”

Our compensation committee has the sole authority and responsibility to review and determine, or recommend to our board of directors for determination, the compensation package of our chief executive officer and each of our other named executive officers, each of whom is identified in the Summary Compensation Table below. Our compensation committee also considers the design and effectiveness of the compensation program for our other executive officers and approves the final compensation package, employment agreements and stock award and option grants for all of our executive officers. Our compensation committee is composed entirely of independent directors who have never served as officers of our company. Our compensation committee is authorized to engage compensation consultants, but did not do so in fiscal 2011.

Set forth below is a discussion of the policies and decisions that shape our executive compensation program, including the specific objectives and elements. Information regarding director compensation is included under the heading “Director Compensation” contained in this proxy statement.

General Executive Compensation Objectives and Philosophy

The objective of our executive compensation program is to attract, retain and motivate talented executives who are critical for our continued growth and success and to align the interests of these executives with those of our shareholders. To achieve this objective, besides annual base salaries, our executive compensation program utilizes a combination of annual incentives through cash bonuses and long-term incentives through equity-based compensation. In establishing overall executive compensation levels, our compensation committee considers a number of criteria, including the executive’s scope of responsibilities, prior and current period performance and attainment of individual and overall company performance objectives and retention concerns. Our president and chief executive officer and our compensation committee believe that substantial portions of executive compensation should be linked to the overall performance of our company, and that the contribution of individuals over the course of the relevant period to the goal of building a profitable business and shareholder value will be considered in the determination of each executive’s compensation.

Generally, our compensation committee reviews and, as appropriate, modifies compensation arrangements for executive officers in the first quarter of each fiscal year, subject to the terms of existing employment agreements with our named executive officers, as discussed below. For the fiscal year ended March 31, 2011, except for our president and chief executive officer’s compensation, our compensation committee also considered our president and chief executive officer’s executive compensation recommendations, which recommendations were presented at the time of our compensation committee’s annual review of executive performance and compensation arrangements. In making such determinations, the compensation committee considered the overall performance of each executive and their contribution to the growth of our company and its products as well as overall company performance through personal and corporate achievements. As we are not yet cash-flow positive, the compensation committee considered each executive officer’s contributions to brand growth, cost management and long-term value creation for our shareholders

for the fiscal year ended March 31, 2011, as well as the retention of our executive officers.

Summary Compensation Table

The following table shows the compensation paid to our named executive officers for our 2011 and 2010 fiscal years.

Timing of Equity Grants

For all of our employees, including our named executive officers, grants of equity-based compensation are effective on the date that our compensation committee approves them. All stock option grants to employees, including named executive officers, are made with an exercise price at least equal to the fair market value of the underlying stock on the grant date. Our compensation committee does not grant equity compensation awards in anticipation of the release of material nonpublic information. Similarly, we do not time the release of material nonpublic information based on equity award grant dates.

Severance and Change in Control Benefits

We provide certain severance and change in control benefits to Messrs. Glover and Spillane. You can find detailed information about these benefits below.

Perquisites and Other Benefits

We generally provide the same health and welfare benefits to all of our full-time employees, including our named executive officers, including health and dental coverage, disability insurance, and paid holidays and other paid time off.

We maintain a 401(k) retirement savings plan for the benefit of all of our full-time employees, including our named executive officers.

Indemnification

Our articles of incorporation, as amended, and bylaws require us to indemnify our directors and officers to the fullest extent permitted by Florida law. We also have entered into indemnity agreements with each of our directors and named executive officers.

Material Tax Implications of Our Compensation Policy

Section 162(m) of the Internal Revenue Code of 1986, as amended, limits the deductibility on our tax return of compensation over \$1 million to any of our named executive officers unless, in general, the compensation is paid under a plan which is performance-related, non-discretionary and has been approved by our shareholders. Our compensation committee's policy with respect to section 162(m) is to make every reasonable effort to ensure that compensation is deductible to the extent permitted while simultaneously providing our executives with appropriate compensation for their performance. We did not pay any compensation during fiscal 2011 that would be subject to the limitations set forth in section 162(m).

Potential Payments Upon Termination or Change in Control

The following describes the potential payments upon termination or a change in control for our named executive officers.

Termination Without Cause

Under employment agreements with our named executive officers, if we terminate the executive's employment without "cause," we have agreed to pay the executive his annual base salary and a pro-rated bonus, and, for Mr. Glover, provide benefits to maintain medical insurance, for 12 months following termination.

Also, if we terminate any of our named executive officers without "cause," then such officer is entitled to accelerated vesting or other treatment of some or all of the stock options granted to such executive under the terms of such executive's employment agreement.

For Mr. Glover, the vesting of any options held accelerates with respect to the number of shares of our common stock that equals (x) the number of shares that would have vested during the 12 months following termination, multiplied by (y) a fraction, the numerator of which is the number of full calendar months that have elapsed since the last vesting date or the original issue date (if a vesting date has not occurred) and the denominator of which is the number of full calendar months from the last vesting date or the original issue date (if a vesting date has not occurred) to the vesting date during the 12 months following termination. For Mr. Spillane, any unvested options that would have become vested if his employment continued during the 12 month period following his termination will become vested at the end of such 12 month period and will be exercisable for a period of two years after termination.

For Mr. Glover, "cause" is defined as (i) personal dishonesty, (ii) willful misconduct, (iii) breach of fiduciary duty, (iv) failure to substantially perform assigned duties relating to his performance under his agreement, (v) conviction or entry of any plea of guilty or nolo contendere to any felony or other lesser crime that would require removal from his position with us (e.g. any alcohol or drug related misdemeanor) or (vi) material breach of any provision of his employment agreement for a period of 15 days after written demand by us.

For Mr. Spillane, “cause” is defined as (i) personal dishonesty, (ii) willful misconduct, (iii) breach of fiduciary duty, (iv) failure to substantially perform assigned duties relating to his performance under his agreement (other than due to becoming disabled) as reasonably determined by our board or (v) any willful violation of any law, rule or regulation (other than traffic violations or similar offenses) or material breach of his employment agreement as reasonably determined by our board.

Non-Renewal of Employment Agreement

If we do not renew the employment agreements, then such officer is entitled to receive his annual base salary and medical benefits for six months and a pro-rata share of his annual incentive bonus.

Termination Due to Disability

The employment agreements of Messrs. Glover and Spillane each provide that, in each case, if we terminate such executive due to a “disability,” we must pay such executive his annual base salary for a period of one year following the date of termination, minus any other disability benefits provided by us to the executive during this period, plus a pro-rated bonus for the year in which the termination occurs. For each of our named executive officers, a “disability” is defined in his employment agreement as a failure, because of illness or incapacity, to perform the duties of his employment for six months.

Termination by Employee with Good Reason

Each named executive officer’s employment agreement provides that if he terminates his employment for “good reason,” we have agreed to pay the executive his annual base salary and a pro-rated bonus and, for Mr. Glover, provide benefits to maintain medical insurance, for a period of one year following the date of termination.

For Mr. Glover, “good reason” means a termination of his employment within 30 days after (i) a material diminution in nature, title or status of his responsibilities, (ii) dissolution or divestiture of all or a significant portion of our assets or another material change to us that would materially adversely diminish the nature, title or status of his job responsibilities, (iii) a relocation of his principal place of work to a location of more than 50 miles from our current office or (iv) our failure to perform any obligation under his employment agreement for a period of 15 days following written notice by him. For Mr. Spillane, “good reason” means a termination of his employment within 30 days after (i) a material diminution in nature or status of his responsibilities, (ii) dissolution or divestiture of all or a significant portion of our assets or another material change to us that would materially adversely diminish the nature or status of his job responsibilities or (iii) our material breach of any provision under his employment agreement which is not cured within 15 business days following written notice by him.

Any severance payments described above under “Termination Without Cause,” “Non-Renewal of Employment Agreement,” “Termination Due to Disability” and “Termination by Employee with Good Reason” are in consideration of the non-compete provisions contained in each named executive officer’s employment agreement.

Each of our named executive officers is prohibited from, during the term of his employment and for 12 months thereafter, (1) competing with us, (2) soliciting our employees and (3) soliciting our customers.

Change in Control

If any of our named executive officers is terminated following or in connection with a “change of control” of our company (as defined for each executive below), by the executive for “good reason” or by our company or its successor without “cause,” all unvested stock options granted to the executive will vest without further action on the date of termination and all stock options granted to the executive will be exercisable during the remainder of their original terms.

For Messrs. Glover and Spillane, a “change of control” is defined as (i) any person becoming the beneficial owner of 35% or more of our outstanding voting stock, other than directly from us; (ii) a merger or consolidation of our company where 49% or more of the voting stock of the surviving company is held by persons other than our former

shareholders; (iii) during any period of two consecutive years, individuals who at the beginning of such period were members of our board of directors cease to constitute at least a majority thereof (unless the appointment, election or the nomination for election by our shareholders of each new director was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of such period); or (iv) a sale or disposal of substantially all of our assets to an outside entity or entities. Subclause (i) of the prior sentence will not apply to any acquisition of our securities by Dr. Frost, any member of his immediate family, any “person” or “group” (as used in Section 13(d)(3) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”)) that is controlled by Dr. Frost or any member of his immediate family, any beneficiary of the estate of Dr. Frost, or any trust, partnership, corporate or other entity controlled by any of the foregoing.

The following table quantifies for each named executive officer the estimated potential severance payments and benefits that would be provided, if each termination circumstance set forth below occurred on March 31, 2011.

-
- (1) Estimated using the value of COBRA payments at the rates in effect on March 31, 2011.
- (2) The estimated amount of benefit was calculated by multiplying the number of options that would accelerate vesting upon the termination circumstance indicated by the difference between the closing price of our common stock on March 31, 2011, which was \$0.33 and the exercise price of the stock option. This column shows no benefit for Mr. Lampen since the exercise price for his stock options was above the closing price of our common stock at March 31, 2011. This column shows a benefit for each of Messrs. Glover and Spillane due to the accelerated vesting of option awards granted to each such named executive officer.
- (3) Severance payments would be paid out over the duration of the severance period.
- (4) The change in control provisions of Mr. Glover's employment agreement were amended on July 26, 2011. The estimated potential severance payments and benefits listed in the table are those that would be provided to Mr. Glover under his employment agreement, as amended.

See note 13 to our consolidated financial statements for fiscal 2011, included in our annual report on Form 10-K regarding the assumptions underlying the valuation of these option grants.

(2) Mr. Andrews, our chairman, receives an annual salary of \$100,000. We do not pay any additional cash compensation for his services as a director. As of March 31, 2011, Mr. Andrews held options to purchase 375,000 shares of our common stock.

Our board of directors believes that compensation for our non-employee directors should be a combination of cash and equity-based compensation. Employee directors are not paid for their service on the board of directors and only receive compensation as employees.

In December 2008, effective with the 2008 annual meeting, our board of directors approved the payment of annual compensation of our non-employee directors comprised of cash and options granted under the 2003 Stock Incentive Plan, as amended, as set forth in the following table:

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related party policy

Our Code of Conduct requires us to avoid related party transactions that could result in actual or potential conflicts of interest, except under guidelines approved by our board or audit committee. Related-party transactions are defined as transactions in which:

- the aggregate amount involved is expected to exceed \$120,000 in any calendar year;
 - we or any of our subsidiaries is a participant; and
- any (a) executive officer, director or director nominee, (b) 5% or greater beneficial owner of our common stock, or (c) immediate family member, of the persons listed in clauses (a) and (b), has or will have a material interest (other than solely as a result of being a director or a less than 10% beneficial owner of another entity).

A conflict of interest can arise when a person takes actions or has interests that may make it difficult for such person to perform his or her work objectively and effectively. Conflicts of interest may also arise if a person, or a member of his or her family, receives improper personal benefits as a result of his or her position. Our audit committee, under its charter, reviews and approves related-party transactions to the extent we enter into such transactions.

The audit committee considers all relevant factors when determining whether to approve a related party transaction, including:

- whether the transaction is on terms no less favorable to us than terms generally available to an unaffiliated third-party under the same or similar circumstances; and
 - the extent of the related party's interest in the transaction.

A director may not participate in the approval of any transaction in which he is a related party, but must provide the audit committee with all material information concerning the transaction. Also, we require each of our directors and executive officers to complete a directors' and officers' questionnaire annually that elicits information about related-party transactions. These procedures are intended to determine whether any such related party transaction impairs the independence of a director or presents a conflict of interest on the part of a director, employee or officer.

Related party transactions

Relationship with I.L.A.R. S.p.A.

Since August 2004, we have had an agreement with I.L.A.R. S.p.A., which became a more than 5% shareholder in October 2008, under which we are the exclusive U.S. importer for Pallini Limoncello and its flavor extensions. In January 2011, we entered into an agreement with Pallini Internazionale S.r.l. ("Pallini"), as successor in interest to I.L.A.R., regarding the importation and distribution of certain Pallini brand products, under which the exclusive territory is the fifty states of the United States of America and the District of Columbia, but does not include Puerto Rico, overseas territories or military bases of the United States that were included in the August 2004 agreement. The January 2011 agreement supersedes our August 2004 agreement with I.L.A.R. S.p.A. The terms of the January 2011 agreement were effective as of April 1, 2010. Ms. Pallini, one of our directors, is a director and the head of production of I.L.A.R. S.p.A. For the fiscal years ended March 31, 2011 and March 31, 2010, we purchased \$2,948,625 and \$2,590,646 of goods from Pallini, respectively. As of March 31, 2011 Pallini owed us \$216,361 for its share of marketing expense. Also, as of March 31, 2011 and 2010, we were indebted to Pallini for \$695,270 and \$32,215, respectively.

Agreement with MHW LTD.

Since April 1998, we and our predecessor have had an agreement with MHW Ltd., through which MHW acted as importer of record and distributor for our products in the United States, and provides accounting, inventory, payment, transportation and storage services for us. Mr. Beaudette, one of our directors, is the president and a principal shareholder of MHW and MHW has a 10% ownership interest in our Celtic Crossing brand. For the fiscal years ended March 31, 2011 and March 31, 2010, we incurred fees for services rendered by MHW in the amounts of \$32,152 and \$291,262, respectively.

Agreements with Ladenburg Thalmann & Co. Inc. and Ladenburg Thalmann Financial Services Inc.

In November 2008, we entered into an agreement to reimburse Ladenburg Thalmann Financial Services Inc, the parent of Ladenburg Thalmann & Co. Inc., for its costs in providing certain administrative, legal and financial services to us. Mr. Lampen, our president and chief executive officer and a director, is the president and chief executive

officer and a director of Ladenburg Thalmann Financial Services Inc. Dr. Frost, one of our directors, is the chairman and principal shareholder of Ladenburg Thalmann Financial Services Inc. Mr. Beinstein, one of our directors, is a director of Ladenburg Thalmann Financial Services Inc. For the fiscal years ended March 31, 2011 and 2010, Ladenburg Thalmann Financial Services Inc. was paid \$124,450 and \$200,055, respectively, under this agreement.

Ladenburg Thalmann & Co. Inc. acted as our placement agent in connection with the June 2011 financing transaction (see the section entitled “Description of the June 2011 Financing Transaction” above). As placement agent for that offering, we paid Ladenburg Thalmann & Co. Inc. aggregate placement fees of approximately \$40,000 and issued to Ladenburg Thalmann & Co. Inc. a warrant to purchase 30,838 shares of our common stock.

Loans from Certain Executive Officers, Directors and Shareholders

In December 2010, we issued promissory notes in the aggregate principal amount of \$1,000,000 to Frost Gamma Investments Trust, an entity affiliated with Dr. Frost, Vector Group Ltd., an entity for whom Mr. Lampen is the executive vice president and Mr. Beinstein is a director, IVC Investors, LLLP, an entity affiliated with Mr. Halpryn, and Messrs. Andrews and Lampen. Borrowings under these notes mature on June 21, 2012 and bear interest at a rate of 11% per year. Interest is accrued quarterly and is due at maturity. These notes may be prepaid in whole or in part at any time prior to maturity without penalty, but with payment of accrued interest to the date of prepayment. These notes do not contain any financial covenants. As of March 31, 2011, \$1,030,000 consisting of \$1,000,000 of principal and \$30,000 of accrued interest was outstanding under these notes. \$1,000,000 of principal under these notes, and accrued but unpaid interest thereon, will be converted to Series A preferred stock and warrants as part of the June 2011 financing transaction described in the section entitled “Description of the June 2011 Financing Transaction” above, if we obtain shareholder approval of such transaction.

In June 2010, we issued a \$2,000,000 note to an affiliate of Dr. Frost. Borrowings under this note mature on June 21, 2012 and bear interest at a rate of 11% per annum. Interest is accrued quarterly and due at maturity. This note may be prepaid in whole or in part at any time prior to maturity without penalty, but with payment of accrued interest to the date of prepayment. The note does not contain any financial covenants. As of March 31, 2011, \$2,200,000, consisting of \$2,000,000 of principal and \$200,000 of accrued interest was outstanding under the note. \$2,000,000 of principal under these notes, and accrued but unpaid interest thereon, will be converted to Series A preferred stock and warrants as part of the June 2011 financing transaction described in the section entitled “Description of the June 2011 Financing Transaction” above, if we obtain shareholder approval of such transaction.

In December 2009, we entered into a \$2,500,000 revolving credit agreement with, among others, Frost Gamma Investments Trust, Vector Group Ltd., IVC Investors, LLLP, and Messrs. Andrews and Lampen. Under the credit agreement, we may borrow from time to time up to \$2,500,000 to be used for working capital or general corporate purposes. Borrowings under the credit agreement mature on April 1, 2013 and bear interest at a rate of 11% per year, payable quarterly. The credit agreement requires us to pay an aggregate commitment fee of \$75,000 payable to the lenders over the three-year period. The note issued under the credit agreement contains customary events of default, which if uncured, entitle the holders to accelerate the due date of the unpaid principal amount of, and all accrued and unpaid interest on, such note. Amounts may be repaid and reborrowed under the revolving credit agreement without penalty. At March 31, 2011, the note was secured by approximately \$8,700,000 of inventory and approximately \$5,100,000 in trade accounts receivable of Castle Brands (USA) Corp. under a security agreement. Approximately \$500,000 outstanding under this facility, and accrued but unpaid interest thereon, will be converted to Series A preferred stock and warrants as part of the June 2011 financing transaction described in the section entitled “Description of the June 2011 Financing Transaction” above, if shareholder approval of such transaction is obtained. We have borrowed the full amount available under the credit agreement as of June 29, 2011. For the fiscal year ended March 31, 2011, we paid total interest of \$172,733 to related parties under the credit agreement. For each of the fiscal years ended March 31, 2011 and 2010, we paid \$25,000 of the commitment fee under the credit agreement.

In connection with the September 2009 Betts & Scholl acquisition, we issued a secured promissory note in the aggregate principal amount of \$1,100,000 to Betts & Scholl, LLC, an entity affiliated with Mr. Scholl. The note is secured under a security agreement by the Betts & Scholl inventory acquired. The note provides for an initial

payment of \$300,000, paid at closing, and for eight equal quarterly payments of principal and interest, with the final payment due on September 21, 2011. Interest under the note accrues at an annual rate of 0.84%, compounded quarterly. The note contains customary events of default, which if uncured, entitle the holder to accelerate the due date of the unpaid principal amount of, and all accrued and unpaid interest on, the note. In December 2010, we entered into a letter agreement amending the terms of the note with Betts & Scholl, LLC, that provides that the quarterly installment payments of principal and interest due December 21, 2010 and March 21, 2011, each in the amount of approximately \$107,000, will not be due and payable until the maturity date of such note and that such installment payments will bear interest, payable on such maturity date, at the rate of 11% per annum, compounded quarterly. Approximately \$107,000 of this note will be converted to Series A preferred stock and warrants as part of the June 2011 financing transaction described in the section entitled "Description of the June 2011 Financing Transaction" above, if we obtain shareholder approval of such transaction. For the fiscal years ended March 31, 2011 and 2010, we paid \$212,271 in principal and \$2,437 in interest and \$461,207 in principal and \$3,501 in interest, respectively, under the Betts & Scholl note.

Agreement with Vector Group Ltd.

In November 2008, we entered into a management services agreement with Vector Group Ltd., a more than 5% shareholder, under which Vector Group agreed to make available to us the services of Richard J. Lampen, Vector Group's executive vice president, effective October 11, 2008 to serve as our president and chief executive officer and to provide certain other financial and accounting services, including assistance with complying with Section 404 of the Sarbanes-Oxley Act of 2002. In consideration for such services, we agreed to pay Vector Group an annual fee of \$100,000, plus any direct, out-of-pocket costs, fees and other expenses incurred by Vector Group or Mr. Lampen in connection with providing such services, and to indemnify Vector Group for any liabilities arising out of the provision of the services. The agreement is terminable by either party upon 30 days' prior written notice. For the fiscal years ended March 31, 2011 and March 31, 2010, we paid Vector Group \$105,326 and \$128,510, respectively, under this agreement. Mr. Beinstein, a director of our company, is also a director of Vector Group.

These reporting persons are also required to furnish us with copies of all Section 16(a) forms they file. To our knowledge, based solely on our review of the copies of these forms furnished to us and representations made to us that no other reports were required, we are not aware of any late or delinquent filings required under Section 16(a) with respect to the fiscal year ended March 31, 2011.

Independent Auditors

EisnerAmper LLP was our independent auditor for fiscal 2011 and will serve in that capacity for the 2012 fiscal year unless our audit committee deems it advisable to make a substitution. Representatives of EisnerAmper LLP are expected to be present at the meeting. The representatives of EisnerAmper LLP will have the opportunity to make statements and will be available to respond to appropriate questions from shareholders.

Solicitation of Proxies

We are paying the cost of soliciting proxies. Besides the use of the mails, we may solicit proxies by personal interview, telephone or similar means. No director, officer or employee will be specially compensated for these activities. We will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for expenses incurred in sending proxy material to beneficial owners of our stock.

Submission of Future Shareholder Proposals

Shareholder proposals to be presented at our 2012 annual meeting of shareholders must be received by us no later than April 19, 2012 and must otherwise comply with applicable SEC requirements to be considered for inclusions in the proxy statement and proxy for the 2012 annual meeting. Each proposal should include the exact language of the proposal, a brief description of the matter and the reasons for the proposal, the name and address of the shareholder

making the proposal and the disclosure of that shareholder's number of shares of common stock owned, length of ownership of the shares, representation that the shareholder will continue to own the shares through the shareholder meeting, intention to appear in person or by proxy at the shareholder meeting and material interest, if any, in the matter being proposed.

Such shareholders must provide timely notice in writing. To be timely, a shareholder's notice must be delivered to or mailed and received at our principal executive offices not less than 60 days nor more than 90 days prior to the anniversary date of the meeting. Accordingly, for our 2012 annual meeting, proposals must be received at our principal executive offices not earlier than May 19, 2012 and not later than June 18, 2012. However, if the 2012 annual meeting is called for a date that is not within 30 days before or after the anniversary date of the meeting, notice by the shareholder in order to be timely must be received not later than the close of business on the tenth day following the date on which notice of the date of the 2012 annual meeting is mailed to shareholders or made public, whichever first occurs. Our bylaws also specify requirements as to the form and content of a shareholder's notice. These provisions may preclude shareholders from bringing matters before an annual meeting of shareholders.

In such cases, correspondence may be forwarded elsewhere for review and possible response.

Discretionary Voting of Proxies

Under SEC Rule 14a-4, our management may exercise discretionary voting authority under proxies it solicits and obtains for our 2011 annual meeting of shareholders with respect to any proposal presented by a shareholder at such meeting, without any discussion of the proposal in our proxy statement for such meeting, unless we receive notice of such proposal at our principal office in New York, New York, a reasonable time before we send our proxy materials for the current year.
