Certain supplemental schedules have been omitted because they are either not required or not applicable.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To The Board of Directors of

Chemtura Corporation:

We have audited the accompanying statements of net assets available for plan benefits (modified cash basis) of the Chemtura Corporation Employee Savings Plan (the "Plan") as of December 31, 2011 and 2010 and the related statement of changes in net assets available for plan benefits (modified cash basis) for the year ended December 31, 2011. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note B, these financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Chemtura Corporation Employee Savings Plan as of December 31, 2011 and 2010 and the changes in net assets available for plan benefits for the year ended December 31, 2011, on the basis of accounting described in Note B.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedule is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The

supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The accompanying notes are an integral part of the financial statements.

CHEMTURA CORPORATION EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

A.

Plan Description:

The following description of the Chemtura Corporation Employee Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan sponsored by Chemtura Corporation (the “Company”) covering eligible employees of the Company and its participating subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The plan administrator is the Chemtura Corporation Employee Benefits Committee. Fidelity Investments is the trustee and record keeper of the Plan. The investments of the Plan are held in a trust arrangement.

Eligibility

The Plan allows substantially all Company employees to participate in the Plan. Employees become eligible to participate in the Plan beginning on the first day of the first calendar month following their date of hire.

Participant Contributions

Participants may contribute up to 50% of their annual compensation (as defined by the Plan) as pre-tax deferrals or Roth after-tax contributions, subject to Internal Revenue Code (“IRC”) limitations, for non-highly compensated employees, or 20% for highly compensated employees. Certain bargaining employees may also elect to make non-Roth after-tax contributions. Each newly hired employee is automatically enrolled in the plan. Pre-tax contributions of 3% of compensation begin with the first pay period occurring 60 days after the participant's participation date. The participant may elect to cease or change the amount of these contributions at any time.

Participant contributions are subject to an Internal Revenue Code deferral limitation, which was \$16,500 in 2011.

Participants who are at least age 50 may make an additional pretax "catch-up" contribution subject to IRC limitations. Participants may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements.

Employer Contributions

Non-bargaining employees will receive employer matching contributions of 100% up to a maximum of 6% of a participant's earnings.

Bargaining employees shall receive employer fixed and matching contributions in accordance with the following terms prescribed in the Plan document for their respective location:

CHEMTURA CORPORATION EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Bargaining employees of the Company's Westlake, Louisiana, Adrian, Michigan and Mapleton, Illinois facilities receive matching contributions of 50% of up to 6% of eligible earnings for a maximum match of 3% of compensation. Effective December 31, 2008 certain bargaining employees who meet certain requirements agreed upon by the Company and the Lake Charles Metal Trades Council are eligible for matching contributions of 100% of up to 4% of participant deferrals, as well as an employer fixed contribution of 3% of compensation.

Bargaining employees of the Company's Perth Amboy, New Jersey facility receive matching contributions of 50% of up to 6% of eligible earnings for maximum match of 3% of compensation. Effective November 1, 2006 certain bargaining employees who meet requirements agreed upon by the Company and the United Steel Workers Union are eligible for matching contributions of 100% of up to 6% of eligible earnings. These employees are also eligible to receive employer fixed contributions of 3% of compensation for 2011 and 2010.

Participant Accounts

Each participant's account is credited with the participant's contributions, the participant's allocation of the Company's contributions, and the participant's proportional allocation of the Plan's earnings, including realized and unrealized gains and losses, and expenses. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Vesting

Participants are fully vested in that portion of their account which represents their contributions and the income earned thereon. Effective January 1, 2006, non-bargaining participants are automatically 100% vested in all Company matching contributions and earnings thereon. A non-bargaining participant's interest in the Company's fixed contributions and earnings thereon vests according to the following:

Completed Years of Service	Percent Vested
Less than 3	0 %
3 or more	100 %

Participants become 100% vested in the Company's fixed contributions and earnings thereon upon death, change of company control, total and permanent disability, or attainment of normal retirement age.

A bargaining participant's interest in the Company's contributions and earnings thereon vests according to the schedules outlined in the Plan document specific to each location.

Participants' interests in employer contributions attributable to the Crompton Corporation Employee Stock Ownership Plan ("ESOP") vested 25% each year and are 100% vested after 4 years of service. Participants become 100% vested in ESOP employer contributions and earnings thereon upon death, change of company control, total and permanent disability, or attainment of normal retirement age.

CHEMTURA CORPORATION EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

A participant's interest in Great Lakes employer contributions made prior to January 1, 2006 vest 20% each year after 1 year of service and is 100% vested after 6 years of service. Participants become 100% vested in Great Lakes employer contributions and earnings thereon upon death, total and permanent disability, or attainment of normal retirement age.

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of a participant's account represents a forfeiture, as defined by the Plan. Forfeitures are used to reduce future employer contributions or pay administrative expenses for the Plan. Total unapplied forfeitures were \$176,268 and \$51,583 at December 31, 2011 and 2010, respectively. Forfeitures in the amount of \$18,513 were used to pay administrative expenses during 2011.

Distribution of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants who terminate employment and have a vested account balance of less than \$1,000 will receive a lump sum distribution of 100% of their vested benefits. Participants who have a vested account balance in excess of \$1,000 may leave their funds invested in the Plan or may elect a lump sum distribution. Participants with a vested ESOP account balance may elect to receive their ESOP balance in the form of stock shares, instead of cash.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

Any participant eligible to participate in the Witco plan, a predecessor plan, as of December 31, 2000 may withdraw from the Plan any after-tax contributions and interest earned thereon.

Participant Loans

A participant may borrow aggregate amounts up to the lesser of \$50,000 or 50% of the participant's vested account balance, subject to plan limitations. The minimum loan allowed is \$1,000. Loans must bear a reasonable rate of interest commensurate with local prevailing interest rates, as determined by the plan administrator. Loans are collateralized by the participant's nonforfeitable interest in the Plan and are supported by a promissory note. Loans must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a longer repayment period is allowed. A participant may have no more than two loans outstanding at any one time. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

CHEMTURA CORPORATION EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

B. Summary of Significant Accounting Policies:

Adoption of Accounting Pronouncement:

In January 2010, the Financial Accounting Standards Board (“FASB”) issued ASU No. 2010-06, “Improving Disclosures about Fair Value Measurements” (“ASU 2010-06”), which required additional disclosure related to the three-level fair value hierarchy. The Plan adopted the disclosure requirements related to significant transfers in and out of Levels 1 and 2 of the fair value hierarchy effective January 1, 2010. Effective January 1, 2011, the Plan adopted the remaining disclosure amendments in ASU 2010-06 requiring the Plan to separately present information related to purchases, sales, issuances and settlements in the reconciliation of fair value measurements classified as Level 3.

Future Accounting Pronouncement:

In May 2011, the FASB issued ASU No. 2011-04, “Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards” (“ASU 2011-04”), which was issued to create a consistent framework for the application of fair value measurement across jurisdictions. Some of the amendments clarify FASB’s intent about the application of existing fair value measurement requirements. Other amendments change a particular principle or requirement for measuring fair value or for disclosing information about fair value measurements. There are no additional fair value measurements required upon the adoption of ASU 2011-04. The amendments are effective, prospectively, for interim and annual reporting periods beginning after December 15, 2011. Early adoption is not permitted. The Plan will adopt the provisions of ASU 2011-04 effective January 1, 2012. The adoption is not expected to have a material effect on the financial statements of the Plan.

Basis of Accounting

The accompanying financial statements have been prepared using a modified basis of accounting of cash receipts and disbursements; consequently, contributions, interest and the related assets are recognized when received rather than when earned, and expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying financial statements are presented on a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through a common collective trust. As required by the standard, the statements of net assets available for plan benefits present the fair value of the common collective trust as well as the adjustment of the common collective trust from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

- 7 -

CHEMTURA CORPORATION EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Expenses for participant loans are paid by the Plan by reducing balances of those participants initiating the transaction. All other expenses incurred in the administration of the Plan are first offset against forfeitures, if any, with any remaining balances paid by the Company at its discretion or by the Plan.

Use of Estimates

The preparation of the Plan's financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides investment options which may invest in any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

- 8 -

CHEMTURA CORPORATION EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

C.

Investments:

The following represents the Plan's investments as of December 31, 2011 or 2010 that represented 5% or more of the net assets available for plan benefits:

	2011	2010
Columbia Acorn Fund	\$ 15,756,244 *	\$ 17,400,649 *
Fidelity Managed Income Portfolio II	59,602,692 *	57,663,434 *
Dodge & Cox Stock Fund	26,003,226 *	30,967,449 *
Dodge & Cox Income Fund	17,564,021 *	17,436,995 *
Fidelity Growth Company Fund	39,166,781 *	41,516,498 *
Fidelity Diversified International Fund	13,244,632	18,137,574 *
Spartan 500 Index Fund	29,860,128 *	31,479,732 *

* Represents 5% or more of net assets available for plan benefits.

During the year ended December 31, 2011, the investments held by the Plan (including investments bought, sold and held during the year) appreciated (depreciated) in value as follows:

	2011
Chemtura Corporation common stock	\$(614,668)
Mutual funds	(10,183,675)
Total net depreciation in fair value	\$(10,798,343)

D. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- 9 -

CHEMTURA CORPORATION EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Level 2 - Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology that are unobservable and supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Common collective trust – Valued at net asset value based on information reported by the trustee with reference to the market value of the trust's underlying assets at year end. The common collective trust is audited annually.

Mutual funds – Valued at the net asset value of the shares held by the Plan at year end as determined by quoted market prices.

Company stock – Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

CHEMTURA CORPORATION EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

The following tables set forth by level and by investment class, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Description	2011			
	Total	Level 1	Level 2	Level 3
Common collective trust:

Company stock	2,183,971	2,183,971	-	-
Total	\$309,083,110	\$251,419,676	\$57,663,434	\$ -

The common collective trust held by the Plan is a stable value investment which has an objective to preserve capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve this objective the fund invests in fixed-income securities, bond funds and money market funds. Twelve months notice is required for a complete liquidation, however the trustee, at their discretion, may waive the twelve month waiting period. Participant directed redemptions are allowed daily with no restrictions. There are no unfunded commitments.

- 11 -

CHEMTURA CORPORATION EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

E. Tax Status:

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated January 24, 2012 that the Plan and related trust are designed in accordance with applicable sections of the IRC. The plan administrator believes the Plan is designed and has been operated in compliance with the applicable requirements of the IRC.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan did not recognize any interest and penalty expense for the year ended December 31, 2011. The Form 5500 remains subject to examination by the IRS for the years ended December 31, 2008 through December 31, 2011.

During the audit it was discovered that the employer contribution provisions in the Plan document for Lake Charles Metal Trades Council participants do not conform with the Plan's operation or those participants' collective bargaining agreement. Plan management is consulting with ERISA counsel to determine appropriate action to avoid disqualification of the Plan. The Plan's management believes that the errors are immaterial and correctable under the IRS' Employee Plans Compliance Resolution System ("EPCRS").

F. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the trustee are considered party-in-interest transactions.

G.

Plan Termination:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA.

CHEMTURA CORPORATION EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

H. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for plan benefits on the financial statements to the Form 5500 for the years ended December 31, 2011 and 2010:

	2011	2010
Net assets available for plan benefits on the financial statements	\$298,129,766	\$313,852,220
Less: Adjustment from fair value to contract value for interest in common collective trust relating to fully benefit- responsive investment contracts	1,448,147	569,387
Net assets available for plan benefits on the Form 5500	\$299,577,913	\$314,421,607

The following is a reconciliation of net depreciation on the financial statements to the Form 5500 for the year ended December 31, 2011:

Net depreciation on the financial statements	\$(10,798,343)
Adjustment from fair value to contract value for interest in common collective trust relating to fully benefit- responsive investment contracts for the years ended:	
December 31, 2011	1,448,147
December 31, 2010	(569,387)
Net depreciation on the Form 5500	\$(9,919,583)

I. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through the date these financial statements were issued.
