Item 3. Source and Amount of Funds or Other Consideration

On October 31, 2008, Glencore AG, the Issuer and the Issuer's wholly owned subsidiary, Poly Met Mining, Inc., a Minnesota corporation (the "Issuer Subsidiary"), entered into a purchase agreement (the "Original Purchase Agreement"), as amended by a letter agreement ("Amendment No. 1"), dated as of November 28, 2008, and as further amended by a letter agreement ("Amendment No. 2"), dated as of December 12, 2008, a letter agreement ("Amendment No. 3"), dated as of December 19, 2008, a letter agreement ("Amendment No. 4"), dated as of January 30, 2009, a letter agreement ("Amendment No. 5"), dated as of February 24, 2009, a letter agreement ("Amendment No. 6"), dated as of March 30, 2009, a letter agreement ("Amendment No. 7"), dated as of April 28, 2009, a letter agreement ("Amendment No. 8"), dated as of June 4, 2009, a letter agreement ("Amendment No. 9"), dated as of August 31, 2009, a letter agreement ("Amendment No. 10"), dated as of October 20, 2009, and a letter agreement ("Amendment No. 11"), dated as of November 16, 2009 (the Original Purchase Agreement, as amended, the "Purchase Agreement"), which provided for, among other things, Glencore AG's purchase of up to US\$50,000,000 in aggregate principal amount of floating rate secured debentures due September 30, 2011 issued by the Issuer Subsidiary (collectively, the "Debentures").

The initial closing of the transactions contemplated by the Original Purchase Agreement occurred on October 31, 2008. At the initial closing, the Issuer Subsidiary issued to Glencore AG an initial tranche of US\$7,500,000 of the Debentures (the "Tranche A Debenture"). Subsequently, the Issuer Subsidiary issued to Glencore AG a second tranche of US\$7,500,000 of the Debentures (the "Tranche B Debenture") on December 22, 2008, a third tranche of US\$5,000,000 of the Debentures (the "Tranche C Debenture") on June 17, 2009 and a fourth tranche of US\$5,000,000 of the Debentures (the "Tranche D Debenture") on August 31, 2009. The Original Purchase Agreement had also provided for a fifth tranche of US\$25,000,000 of the Debentures (the "Tranche E Debenture") to be issued to Glencore AG upon the satisfaction of additional closing conditions set forth in the Original Purchase Agreement.

The Tranche A Debenture, the Tranche B Debenture, the Tranche C Debenture and the Tranche D Debenture initially bore interest at a rate equal to the 12-month US dollar LIBOR plus 4%. Interest is payable in cash or by increasing the principal amount of such Debentures. On or before September 30, 2009, the Issuer was able to elect in which form to make the interest payments; thereafter, Glencore AG may make such election. The Issuer has guaranteed the Issuer Subsidiary's obligations under such Debentures pursuant to a Parent Guarantee (the "Parent Guarantee"), dated as of October 31, 2008. The Issuer Subsidiary's obligations under such Debentures are secured by (i) the assets of the Issuer pursuant to a security agreement (the "Issuer Security Agreement"), dated as of October 31, 2008, between the Issuer and Glencore AG, (ii) the assets of the Issuer Subsidiary pursuant to a security agreement (the "Issuer Subsidiary Security Agreement"), dated as of October 31, 2008, between the Issuer Subsidiary and Glencore AG, and (iii) a security interest in the Issuer's equity interest in the Issuer Subsidiary pursuant to a pledge agreement (the "Pledge Agreement"), dated as of October 31, 2008, between the Issuer and Glencore AG.

In connection with the Original Purchase Agreement, on October 31, 2008, the Issuer issued to Glencore AG an exchange warrant pursuant to which the Debentures were exchangeable into Common Shares at any time at an exchange rate of US\$4.00 per Common Share for the Tranche A Debenture, the Tranche B Debenture, the Tranche C Debenture and the Tranche D Debenture, and an exchange rate of US\$2.65 per Common Share for the Tranche E Debenture (the "Original Exchange Warrant").

In connection with the Original Purchase Agreement, on October 31, 2008, the Issuer issued to Glencore AG a purchase warrant entitling Glencore AG to purchase 6,250,000 Common Shares at an exercise price of US\$3.00 per Common Share (the "2008 Purchase Warrant").

Concurrently with the issuance of the Tranche A Debenture and the 2008 Purchase Warrant, the Issuer and Glencore AG entered into a Registration Rights Agreement (the "2008 Registration Rights Agreement"). The 2008 Registration Rights Agreement granted Glencore AG demand and piggyback registration rights with respect to Common Shares issuable upon exercise of the Original Exchange Warrant and/or exercise of the 2008 Purchase Warrant.

Pursuant to a subscription agreement, dated as of November 17, 2009, between Glencore AG and the Issuer (the "First 2009 Subscription Agreement"), Glencore AG acquired from the Issuer, on a private placement basis, 3,773,585 Common Shares for an aggregate purchase price of US\$10,000,000.25 (or US\$2.65 per Common Share). Pursuant to another subscription agreement, dated as of November 23, 2009, between Glencore AG and the Issuer (the "Second 2009 Subscription Agreement"), on January 26, 2010, Glencore AG acquired from the Issuer, on a private placement basis, 5,660,377 Common Shares for an aggregate purchase price of US\$14,999,999.05 (or US\$2.65 per Common Share).

On November 12, 2010, the Issuer, the Issuer Subsidiary and Glencore AG entered into an amendment and waiver agreement (the "2010 Amendment and Waiver") pursuant to which the parties agreed, among other things, to:

terminate and discharge the Issuer Subsidiary's obligation to issue, and Glencore AG's obligation to purchase, the Tranche E Debenture;

extend the maturity date for each of the Tranche A Debenture, the Tranche B Debenture, the Tranche C Debenture and the Tranche D Debenture from September 30, 2011 to September 30, 2012;

extend the expiration date of the Original Exchange Warrant from September 30, 2011 to September 30, 2012; and

cancel the 2008 Purchase Warrant and cause the Issuer to issue to Glencore a new warrant to purchase up to 3,000,000 Common Shares at an exercise price of US\$2.00 per share.

On November 12, 2010, as contemplated by the 2010 Amendment and Waiver, the Issuer issued to Glencore AG a purchase warrant entitling Glencore AG to purchase 3,000,000 Common Shares at an exercise price of US\$2.00 per Common Share until December 31, 2015 (the "2010 Purchase Warrant").

In accordance with the terms of the 2010 Amendment and Waiver, the Issuer and Glencore AG also entered into a registration rights agreement, dated as of November 12, 2010 (the "2010 Registration Rights Agreement"), pursuant to which Glencore AG (and any transferee of Common Shares to whom Glencore AG transfers its registration rights) was granted demand and piggyback registration rights with respect to all Common Shares held by Glencore AG, including any Common Shares issuable upon exercise of the 2010 Purchase Warrant and/or exercise of the Original

Exchange Warrant. The 2010 Registration Rights Agreement provides that the Issuer must effect an unlimited number of demand registration rights if holders of at least fifty percent (50%) of such registrable securities demand the registration of Common Shares covering at least twenty-five percent (25%) of the outstanding amount of such registrable securities (or a lesser percent if the anticipated aggregate offering price, net of underwriting discounts and commissions, would exceed US\$5,000,000); provided, however, the Issuer is not obligated to effect (i) a registration covering the sale of Common Shares for an aggregate public offering price of less than US\$5,000,000, (ii) more than two such registrations in any twelve-month period or (iii) any registration at a time when it is keeping three such registration statements effective.

Concurrently, Glencore AG and the Issuer entered into a Subscription Agreement, dated as of November 12, 2010 (the "2010 Subscription Agreement"), pursuant to which Glencore AG agreed to purchase from the Issuer, on a private placement basis, an aggregate of 15,000,000 Common Shares for a purchase price of US\$2.00 per Common Share in three separate tranches of 5,000,000 Common Shares each.

On January 17, 2011, pursuant to the first tranche of the 2010 Subscription Agreement, Glencore AG acquired from the Issuer, on a private placement basis, 5,000,000 Common Shares for an aggregate purchase price of US\$10,000,000 (or US\$2.00 per Common Share).

The Issuer's board of directors waived applicable provisions of the Issuer's amended and restated shareholder rights plan agreement with respect to Glencore AG's purchase of the remaining second and third tranches of the 2010 Subscription Agreement.

On July 15, 2011, pursuant to the second tranche of the 2010 Subscription Agreement, Glencore AG acquired an additional 5,000,000 Common Shares from the Issuer for an aggregate purchase price of US\$10,000,000 (or US\$2.00 per Common Share). Concurrently, Glencore AG granted a waiver to the Issuer pursuant to which Glencore AG waived the application of certain covenants contained in the Tranche A Debenture, the Tranche B Debenture, the Tranche C Debenture and the Tranche D Debenture to the secured loan provided by the Iron Range Resources and Rehabilitation Board to the Issuer Subsidiary that previously closed on June 28, 2011 (the "IRRRB Loan Waiver").

On October 15, 2012, pursuant to the remaining third tranche of the 2010 Subscription Agreement, Glencore AG acquired an additional 5,000,000 Common Shares from the Issuer for an aggregate purchase price of US\$10,000,000 (or US\$2.00 per Common Share).

On July 15, 2011, Glencore AG acquired pursuant to a private transaction 9,200,547 Common Shares at a price of US\$1.4233 per share. These shares were purchased from Cliffs Erie L.L.C. ("Cliffs") in accordance with the Issuer's right to arrange for a purchaser of the shares upon notice from Cliffs of its desire to sell the shares. The purchase was made pursuant to a share purchase agreement, which was previously filed with the SEC as an exhibit to the Statement, and is hereby incorporated herein by reference.

In connection with Glencore AG's purchase from Cliffs, the Issuer's board of directors waived applicable provisions of the Issuer's amended and restated shareholder rights plan agreement with respect to Glencore AG becoming the beneficial owner of more than 20% of the outstanding voting shares of the Issuer as a result of the purchases described above.

On December 6, 2011, pursuant to a subscription agreement, dated as of November 30, 2011, between Glencore AG and the Issuer (the “2011 Subscription Agreement”), Glencore AG acquired from the Issuer, on a private placement basis, an aggregate of 13,333,333 Common Shares and a warrant entitling Glencore AG to purchase up to an aggregate of 2,600,000 Common Shares at an exercise price of US\$1.50 per Common Share until December 31, 2015 (the “2011 Purchase Warrant”) for an aggregate purchase price of US\$19,999,999.50.

In connection with the 2011 Subscription Agreement, on December 6, 2011, an amendment and waiver agreement, dated as of November 30, 2011, among the Issuer, the Issuer Subsidiary and Glencore AG (the “2011 Amendment and Waiver”), became effective and amended, among other things:

each of the Tranche A Debenture, the Tranche B Debenture, the Tranche C Debenture and the Tranche D Debenture to extend the maturity date from September 30, 2012 to the earlier of (i) the date which is 10 business days after the date on which the Issuer and/or the Issuer Subsidiary has received all permits required to commence construction of the NorthMet mine and Erie Plant facilities in St. Louis County, Minnesota in a form reasonably acceptable to Glencore AG (the “NorthMet Project”) and the senior construction financing for the NorthMet Project is made available to the Issuer and/or the Issuer Subsidiary in a form reasonably acceptable to Glencore AG (collectively, the “Construction Prerequisites”) and (ii) September 30, 2014;

each of the Tranche A Debenture, the Tranche B Debenture, the Tranche C Debenture and the Tranche D Debenture to prohibit the Issuer from redeeming such Debentures prior to the Issuer and/or the Issuer Subsidiary satisfying the Construction Prerequisites;

the 2010 Purchase Warrant to reduce the exercise price from US\$2.00 to US\$1.50 per Common Share; and

the 2010 Purchase Warrant to include a mandatory exercise feature if the 20-day volume weighted average price of the Common Shares is equal to or greater than 150% of the exercise price and the Issuer provides notice to Glencore AG that it has obtained the Construction Prerequisites.

In addition, pursuant to the 2011 Amendment and Waiver, on December 6, 2011, the Issuer issued to Glencore AG an amended and restated exchange warrant that amended and restated the Original Exchange Warrant (the "Amended and Restated Exchange Warrant"). Pursuant to the Amended and Restated Exchange Warrant, the Tranche A Debenture, the Tranche B Debenture, the Tranche C Debenture and the Tranche D Debenture are exchangeable into Common Shares at an exchange rate of US\$1.50 per Common Share for such Debentures at any time until the earlier of (i) the Issuer and/or the Issuer Subsidiary satisfying the Construction Prerequisites and (ii) September 30, 2014. The Amended and Restated Exchange Warrant further provides that the Issuer may, within 10 business days after the date on which the Issuer and/or the Issuer Subsidiary has satisfied the Construction Prerequisites, deliver a notice to Glencore AG requiring Glencore AG to exercise the Amended and Restated Exchange Warrant.

In addition, in connection with the 2011 Subscription Agreement and the 2011 Amendment and Waiver, on November 30, 2011, the Issuer and Glencore AG entered into a registration rights agreement and amendment to existing registration rights agreement (the "2011 Registration Rights Agreement"), pursuant to which (i) Glencore AG (and any transferee of Common Shares to whom Glencore AG transfers its registration rights) was granted demand and piggyback registration rights with respect to the Common Shares issued under the 2011 Subscription Agreement and the Common Shares issuable upon exercise of the 2011 Purchase Warrant and (ii) the 2010 Registration Rights Agreement was amended so that the registrable securities covered by the 2010 Registration Rights Agreement include the Common Shares issuable upon exercise of the 2010 Purchase Warrant, as amended by the 2011 Amendment and Waiver, and the Common Shares issuable upon exercise of the Amended and Restated Exchange Warrant.

The Issuer's board of directors waived applicable provisions of the Issuer's amended and restated shareholder rights plan agreement with respect to the transactions contemplated by the 2011 Subscription Agreement and the 2011 Amendment and Waiver.

On April 11, 2013, Glencore AG loaned US\$20 million to the Issuer Subsidiary through the purchase of an amended Tranche E Debenture from the Issuer Subsidiary (as amended, the "Amended Tranche E Debenture") pursuant to an amendment to the Purchase Agreement, dated as of April 10, 2013 (the "Amendment No. 14 to Purchase Agreement"), among the Issuer, the Issuer Subsidiary and Glencore AG. The Amended Tranche E Debenture had a maturity date of May 1, 2014, subject to mandatory repayment upon closing of the Rights Offering and carried a fixed interest rate of

4.721% per annum. Pursuant to a confirmation of secured obligations agreement (the “Confirmation of Secured Obligations Agreement”), dated as of April 10, 2013, among the Issuer Subsidiary, the Issuer and Glencore AG, the parties had confirmed that the Issuer Subsidiary’s obligations under the Amended Tranche E Debenture were guaranteed by the Issuer and secured by the assets of the Issuer and the Issuer Subsidiary on the same terms as the Tranche A Debenture, the Tranche B Debenture, the Tranche C Debenture and the Tranche D Debenture. On July 5, 2013, the Amended Tranche E Debenture was fully repaid with proceeds from the Rights Offering (as described below).

On July 5, 2013, at the closing of an offering of rights (“Rights”) by the Issuer to holders of Common Shares to raise up to approximately US\$60.5 million in gross proceeds (the “Rights Offering”) contemplated by a standby purchase agreement, dated as of April 10, 2013, between Glencore AG and the Issuer (the “Standby Purchase Agreement”), Glencore AG acquired from the Issuer 31,756,979 Common Shares for an aggregate purchase price of US\$20,959,606.14 (or US\$0.66 per Common Share), of which 23,483,921 Common Shares were acquired by Glencore AG pursuant to the exercise of its basic subscription privilege under the Rights Offering and 8,273,058 Common Shares of which were acquired by Glencore AG pursuant to the exercise of its additional subscription privilege under the Rights Offering. In consideration for Glencore AG’s agreement to provide a standby commitment for the Rights Offering pursuant to the Standby Purchase Agreement, Glencore AG received a cash fee of approximately US\$1.06 million at the closing of the Rights Offering. In addition, on July 5, 2013, at the closing of the Rights Offering, the Issuer and Glencore AG entered into (i) a corporate governance agreement (the “Corporate Governance Agreement”) under which, effective January 1, 2014, Glencore AG may appoint that number of the directors of the Issuer which is proportionate to Glencore AG’s ownership of Common Shares (on a fully diluted basis), subject to certain limitations including that Glencore AG may not appoint more than 49% (rounding down) of the Issuer’s directors and (ii) a registration rights agreement (the “2013 Registration Rights Agreement”) pursuant to which Glencore AG (and any transferee of Common Shares to whom Glencore AG transfers its registration rights) was granted demand and piggyback registration rights with respect to all Common Shares acquired by Glencore AG pursuant to the Rights Offering.

Glencore AG waived its right of first refusal on material financings by the Issuer contained in the 2010 Subscription Agreement with respect to the Rights Offering. In addition, the Issuer’s board of directors waived applicable provisions of the Issuer’s amended and restated shareholder rights plan agreement with respect to Glencore AG in connection with (i) the issuance of the Rights and Common Shares issuable upon exercise of the Rights under the Rights Offering and (ii) the Standby Purchase Agreement.

At the closing of the Rights Offering, as a result of the Rights Offering’s triggering of customary anti-dilution provisions: (i) the exchange rate at which the Tranche A Debenture, the Tranche B Debenture, the Tranche C Debenture and the Tranche D Debenture are exchangeable pursuant to the Amended and Restated Exchange Warrant was reduced from US\$1.50 to US\$1.2920 per Common Share, (ii) the exercise prices for the 2010 Purchase Warrant and the 2011 Purchase Warrant were reduced from US\$1.50 to US\$1.3007 per Common Share and (iii) the number of Common Shares issuable upon exercise of the 2010 Purchase Warrant and the 2011 Purchase Warrant were increased to 3,459,643 Common Shares and 2,998,358 Common Shares, respectively.

On April 25, 2014, the Issuer, the Issuer Subsidiary and Glencore AG entered into an amendment agreement (the “2014 Amendment”) pursuant to which the parties agreed, among other things, to:

extend the maturity date for each of the Tranche A Debenture, the Tranche B Debenture, the Tranche C Debenture and the Tranche D Debenture to the earlier to occur of (i) the Issuer giving Glencore AG ten days’ notice that it has received permits necessary to start construction of the NorthMet Project and availability of senior construction finance, in a form reasonably acceptable to Glencore AG (the “Early Maturity Event”) and (ii) September 30, 2015; and

extend the expiration date of the Amended and Restated Exchange Warrant to the earlier to occur of (i) the Early Maturity Event and (ii) September 30, 2015.

On January 28, 2015, the Issuer, the Issuer Subsidiary and Glencore AG entered into an amendment to the Purchase Agreement (the “Amendment No. 16 to Purchase Agreement”) pursuant to which the parties agreed, among other things, for the Issuer Subsidiary to issue to Glencore AG new Tranche F, G, H, and I debentures (the “2015 Debentures”) with the total principal amount of US\$30.0 million. Item 4. Purpose of Transaction

The Reporting Persons acquired the securities of the Issuer covered by this Schedule 13D for investment purposes. The Reporting Persons intend to continue to evaluate the Issuer's business, financial condition, results of operations, capital structure, financing requirements, management, stock market performance, competitive outlook and other relevant factors. As part of such evaluations, the Reporting Persons may seek the views of, hold discussions with and respond to inquiries from representatives of the Issuer and other persons regarding the Issuer's affairs. In addition, the Reporting Persons have held discussions, and may continue to hold discussions, with the Issuer regarding the Issuer's equity and debt financing requirements and sources, including the Issuer's equity and debt financing requirements relating to the development and construction of the Issuer's NorthMet Project. Depending on such evaluations and discussions, each Reporting Person may at any time and from time to time acquire Common Shares, debt securities and/or securities convertible, exercisable or exchangeable for Common Shares; dispose of securities which it has acquired; and/or enter into privately negotiated derivative transactions with institutional counterparts to hedge the market risk of some or all of the positions in the Common Shares which it has acquired. Any acquisition or disposition of Common Shares by the Reporting Persons may be effected through open market or privately negotiated transactions, or otherwise. Any such transactions may be effected at any time and from time to time subject to any applicable limitations of the United States Securities Act of 1933, as amended. In addition, in the interest of maximizing shareholder value, the Reporting Persons may, from time to time, develop plans respecting, or propose changes in the management, policies, operations, capital structure or business of the Reporting Persons. Such plans or proposals may include or relate to one or more of the transactions specified in Items 4(a) through (j) of Schedule 13D under Rule 13d-1(a), including without limitation, a merger, disposition, sale of the Issuer's assets or changes in the Issuer's capitalization. Each Reporting Person reserves the right to change its plans and intentions at any time, as it deems appropriate.

In connection with the 2019 Rights Offering, Glencore AG would acquire additional Common Shares of the Issuer, and depending on the level of participation in the 2019 Rights Offering by other shareholders of the Issuer, it is possible that Glencore's percentage ownership of Common Shares would increase.

As described in Item 3 of the Statement, (i) on July 5, 2013, the Issuer and Glencore AG entered into the Corporate Governance Agreement under which, effective January 1, 2014, Glencore AG may appoint that number of the directors of the Issuer which is proportionate to Glencore AG's ownership of Common Shares (on a fully diluted basis), subject to certain limitations including that Glencore AG may not appoint more than 49% (rounding down) of the Issuer's directors, and (ii) under the 2019 Extension Agreement, the Issuer and Glencore AG have agreed that the 2019 Standby Purchase Agreement will provide for the termination of such limitation on Glencore AG's right to appoint directors of the Issuer.

Mr. Mike Ciricillo, who is currently employed by Glencore, is a member of (i) the Issuer's board of directors, (ii) the Issuer's Health, Safety, Environment and Communities Committee and (iii) the Issuer's Technical Steering Committee. Ms. Helen Harper, who is currently employed by Glencore, is a member of (i) the Issuer's board of directors, (ii) the Issuer's Audit Committee (as a non-voting participant), (iii) the Issuer's Nominating and Corporate Governance Committee (as a non-voting participant), (iv) the Issuer's Health, Safety, Environment and Communities Committee

and (v) the Issuer's Technical Steering Committee. Mr. Stephen Rowland, who is currently employed by Glencore, is a member of (i) the Issuer's board of directors, (ii) the Issuer's Compensation Committee and (iii) the Issuer's Nominating and Corporate Governance Committee (as a non-voting participant).

Except as described herein, neither the Reporting Persons, nor, to the Reporting Persons' knowledge, any of the Schedule 1 Persons has any present plans or proposals that relate to or would result in any of the actions described in Items 4(a) through (j) of Schedule 13D under Rule 13d-1(a). To the Reporting Persons' knowledge, any of the Schedule 1 Persons may make the same evaluation and reserve the same rights.

Item 5. Interest in Securities of the Issuer

(a) and (b)

The Reporting Persons collectively own, directly or indirectly, 92,836,072 Common Shares. However, the Reporting Persons may be deemed to collectively have direct or indirect “beneficial ownership” within the meaning of Rule 13d-3 under the United States Securities Exchange Act of 1934, as amended (the “Exchange Act”), of (i) an additional 45,744,217 Common Shares issuable upon exercise of the Amended and Restated Exchange Warrant (based on the principal amount of the Debentures that includes capitalized and accrued interest as of March 31, 2019), (ii) an additional 625,000 Common Shares issuable upon exercise of the First 2016 Purchase Warrant, (iii) an additional 7,055,626 Common Shares issuable upon exercise of the Second 2016 Purchase Warrant and (iv) an additional 6,458,001 Common Shares issuable upon exercise of the 2019 Purchase Warrant. Accordingly, each of the Reporting Persons may be deemed to beneficially own an aggregate of 152,718,916 Common Shares, representing 40.08% of the Issuer’s issued and outstanding Common Shares. This beneficial ownership percentage assumes that there are 381,072,913 Common Shares outstanding, which was calculated based on the sum of (i) 321,190,069 Common Shares outstanding as at November 9, 2018 as reported by the Issuer in its Management Discussion and Analysis for the three and nine months ended September 30, 2018, filed as Exhibit 99.2 to the Issuer’s Report on Form 6-K furnished to the SEC on November 13, 2018, (ii) the 45,744,217 Common Shares issuable upon exercise of the Amended and Restated Exchange Warrant (based on the principal amount of the Debentures that includes capitalized and accrued interest as of March 31, 2018), (iii) the 625,000 Common Shares issuable upon exercise of the First 2016 Purchase Warrant, (iv) the 7,055,626 Common Shares issuable upon exercise of the Second 2016 Purchase Warrant and (v) the 6,458,001 Common Shares issuable upon exercise of the 2019 Purchase Warrant. The number of Common Shares described above as beneficially owned by the Reporting Persons (and which are added to the number of Common Shares outstanding for the purpose of calculating the Reporting Persons beneficial ownership percentage) does not include the 6,458,001 Common Shares issuable upon exercise of the 2018 Purchase Warrant, which is scheduled to expire on March 31, 2019 and which the Reporting Persons do not intend to exercise. The Reporting Persons share the power to vote or to direct the vote and dispose or to direct the disposition of the 92,836,072 Common Shares set forth above.

(c) Except as set forth in Item 3 and this Item 5 of the Statement, none of the Reporting Persons nor, to the Reporting Persons’ knowledge, any of the Schedule 1 Persons, has beneficial ownership of any other Common Shares, or has engaged in any other transaction during the past 60 days in any Common Shares.

Mr. Mike Ciricillo, who is currently employed by Glencore and is a member of the Issuer’s board of directors, holds deferred share units in respect of 78,840 Common Shares and options to purchase 250,000 Common Shares. Ms. Helen Harper, who is currently employed by Glencore and is a member of the Issuer’s board of directors, holds 10,000 Common Shares, deferred share units in respect of 109,705 Common Shares and options to purchase 250,000 Common Shares. Mr. Stephen Rowland, who is currently employed by Glencore and is a member of the Issuer’s board of directors, holds 232,641 Common Shares, deferred share units in respect of 109,705 Common Shares and options to purchase 750,000 Common Shares.

(d) Not applicable.

(e) Not applicable.

Item 6 Contracts, Arrangements, Understandings or Relationships with Respect to Securities of the Issuer

Except as set forth in Item 3 of the Statement, to the best knowledge of the Reporting Persons, there are no other contracts, arrangements, understandings or relationships (legal or otherwise) among the persons named in Item 2 or between such persons and any other person with respect to any securities of the Issuer, including but not limited to, transfer or voting of any of the securities of the Issuer, joint ventures, loan or option arrangements, puts or calls, guarantees of profits, division of profits or loss, or the giving or withholding of proxies, or a pledge or contingency the occurrence of which would give another person voting power over the securities of the Issuer.
