1

## **Introduction**

This slide presentation contains forward-looking statements which are subject to change based on various important factors, including without limitation, competitive actions in the marketplace and adverse actions of governmental and other third-party payors.

Actual results could differ materially from those suggested by these forward-looking statements. Further information on potential factors that could affect the Company's financial results is included in the Company's Form 10-K for the year ended December 31, 2006, and subsequent SEC filings.

**Financial Guidance - 2008**

Excluding the impact of any share repurchase activity after December 31, 2007, guidance for 2008 is as follows:

\$66 million

\$60 million

Net interest of approximately

\$120 million to

\$140 million

\$115 million to

\$130 million

Capital expenditures of approximately

\$775 million to

\$800 million

\$770 million to

\$790 million

Operating cash flow, excluding any transition payments to UnitedHealthcare, of approximately

\$4.74 and \$4.90

\$4.73 and \$4.88

Diluted earnings per share of between

25.6% to 26.0%

26.8% to 27.2%

EBITDA margins of approximately

13.0% to 14.3%

7.0% to 8.0%

Revenue growth

**Post-JV  
Transaction**

**Pre-JV  
Transaction**

23

**Reconciliation of Non-GAAP  
Financial Measures  
(In millions)**

1) EBITDA represents earnings before interest, income taxes, depreciation, amortization, and nonrecurring charges, and includes the Company's proportional share of the underlying EBITDA of the income from joint venture partnerships. The Company uses EBITDA extensively as an internal management performance measure and believes it is a useful, and commonly used measure of financial performance in addition to earnings before taxes and other profitability measurements under generally accepted accounting principles ( GAAP ). EBITDA is not a measure of financial performance under GAAP. It should not be considered as an alternative to earnings before income taxes (or any other performance measure under GAAP) as a measure of performance or to cash flows from operating, investing or financing activities as an indicator of cash flows or as a measure of liquidity. The following table reconciles earnings before income taxes, representing the most comparable measure under GAAP, to EBITDA for the three-month period and year ended December 31, 2007 and 2006:

**2007**

**2006**

**2007**
