PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON NOVEMBER 9, 2006

SOLICITATION AND REVOCABILITY OF PROXIES

This Proxy Statement (the "Proxy Statement") and the accompanying materials are furnished in connection with the solicitation of proxies by the Board of Directors of Sharps Compliance Corp., a Delaware corporation (the "Company"), on behalf of the Company, to be used at the Annual Meeting of Stockholders of the Company to be held on November 9, 2006 (the "Annual Meeting") at the time and place and for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders and adjournment(s) or postponement(s) thereof.

The accompanying proxy is designed to permit each holder of the Company's

Edgar Filing: SHARPS COMPLIANCE CORP - Form DEF 14A

common stock, par value \$0.01 per share (the "Common Stock"), to vote for or withhold voting for, (i) the nominees for election as directors of the Company set forth under the Proposals, and (ii) to authorize the proxies to vote in their discretion with respect to any other proposal brought before the Annual Meeting. When a stockholder's executed proxy card specifies a choice with respect to a voting matter, the shares will be voted accordingly. If no such specifications are made, the Proxies for the Common Stock will be voted by those persons named in the Proxies at the Annual Meeting FOR the election of the nominees specified under the caption "Election of Directors". If any other matters properly come before the Annual Meeting, the Proxies will vote upon such matters according to their judgment.

The Company encourages the personal attendance of its stockholders at the Annual Meeting, and execution of the accompanying proxy will not affect a stockholder's right to attend the Annual Meeting and to vote his or her shares in person. Any stockholder giving a proxy has the right to revoke it by giving written notice of revocation to David P. Tusa, Corporate Secretary, Sharps Compliance Corp., at the Company's executive office, 9350 Kirby Drive, Suite 300, Houston, Texas 77054, at any time before the proxy is voted, by executing and delivering a later-dated proxy, or by attending the Annual Meeting and voting his or her shares in person. No such notice of revocation or later-dated proxy will be effective, however, until received by the Company at or prior to the Annual Meeting. Such revocation will not affect a vote on any matters taken prior to the receipt of such revocation. Mere attendance at the Annual Meeting will not of itself revoke the proxy.

All expenses of the Company in connection with the solicitation will be borne by the Company. In addition to the solicitation of proxies by use of the mail, officers, directors and regular employees of the Company may solicit the return of proxies by personal interview, mail, telephone and/or facsimile. General

The Board has fixed the close of business on September 21, 2006 as the record date (the "Record Date") for the Annual Meeting. Only holders of record of the outstanding shares of Common Stock at the close of business on the Record Date are entitled to notice of and to vote at the Annual Meeting and any adjournment(s) thereof. Cumulative voting is not permitted by Common Stock shareholders of the Company.

Quorum and Vote Required

The presence, in person or by proxy, of a majority of the total shares of Common Stock issued and outstanding at the close of business on the Record Date is necessary to constitute a quorum for transaction of business at the Annual Meeting. Assuming the existence of a quorum, the affirmative vote of a plurality of the shares of Common Stock present, either in person or represented by proxy, and entitled to vote at the Annual Meeting is required to elect directors, and the affirmative vote of a majority of the shares of Common Stock present, either in person or represented by proxy, and entitled to vote at the Annual Meeting is required to decide any other questions brought before such meeting, unless the question is one upon which, by express provision of a statute or the certificate of incorporation of the Company, a different vote is required, in which case such express provision shall govern and control the decision in question. If a quorum is not present in person or by proxy, the Annual Meeting may be adjourned until a quorum is obtained.

Abstentions are counted toward the calculation of a quorum and will have the same effect as a vote against a proposal. Broker non-votes will be counted toward the calculation of a quorum but will have no effect on the voting outcome of a proposal.

Compensation Committee. The Compensation Committee has furnished the following report on the Company's executive compensation policies. This report describes the Compensation Committee's policies applicable to the compensation of the Company's Executive Officers and provides specific information regarding the compensation of the Company's CEO. The information contained in this "Compensation Committee Report on Executive Compensation" shall not be deemed to be "soliciting material" or to be "filed" with the Commission, nor shall such information be incorporated by reference into any future filings under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent that the Company specifically incorporates it by reference into such filing.

The Compensation Committee currently is comprised of two outside Directors, Messrs. Gillman and Holmes, and administers and oversees all aspects of the Company's Executive Compensation Policy and reports its determinations to the Board of Directors. The Compensation Committee's overall goal is to develop executive compensation policies that are consistent with, and linked to, strategic business objectives and Company values. The Compensation Committee approves the design of, assesses the effectiveness of and administers executive compensation programs in support of the Company's compensation policies. The Compensation Committee also reviews and approves all salary arrangements and other remuneration for executives, evaluates executive performance and considers related matters.

Compensation Philosophy. The Company's executive compensation policies have four primary objectives: to attract and retain highly competent executives to manage the Company's business, to offer executives appropriate incentives for accomplishment of the Company's business objectives and strategy, to encourage stock ownership by executives to enhance mutuality of interest with stockholders and to maximize long-term stockholder value.

Elements of Compensation. The key elements of the Company's executive compensation are base salary, annual incentive and long-term incentive. These key elements are addressed separately below. In determining compensation, the Compensation Committee considers all elements of an executive's total compensation package.

Edgar Filing: SHARPS COMPLIANCE CORP - Form DEF 14A

Base Salary. Base salaries for executives are determined initially by evaluating the executive's level of responsibility, prior experience, breadth of knowledge, internal equity issues and external pay practices. Increases to base salaries are driven primarily by individual performance. Individual performance is evaluated based on sustained levels of individual contribution to the Company. When evaluating individual performance, the Compensation Committee considers the executive's efforts in promoting Company values, continuing educational and management training, improving product quality, developing relationships with customers and vendors and demonstrating leadership abilities among co-workers.

Annual Incentive. Each year, the Compensation Committee evaluates the performance of the Company as a whole, as well as the performance of each individual executive. Factors considered include Company performance versus expectations, as well as individual accomplishments. The Compensation Committee does not utilize formalized mathematical formulae, nor does it assign weightings to these factors. The Compensation Committee, in its sole discretion, determines the amount, if any, of incentive payments to each executive. The Compensation Committee believes that the Company's performance versus expectations and individual accomplishments require subjectivity on the part of the Committee when determining incentive payments.

Long-Term Incentive. The Company's long-term compensation philosophy provides that long-term incentives should relate to improvement in stockholder value, thereby creating a mutuality of interests between executives and stockholders. Additionally, the Compensation Committee believes that the long-term security of executives is critical for the perpetuation of the Company. Long-term incentives are provided to executives through the Company's 1993 Stock Plan, in the form of stock options and restricted stock awards.

Stock Options. Stock options generally are granted at an option price not less than the fair market value of the Common Stock on the date of grant. Accordingly, stock options have value only if the price of the Common Stock appreciates after the date the options are granted. The design focuses executives on the creation of stockholder value over the long-term and encourages equity ownership in the Company. The Compensation Committee met twice time during the fiscal year ended June 30, 2006.

The Board of Directors accepted the Compensation Committee's recommendations related to future employee stock options grants established on June 28, 2005.

No further annual employee stock option grants will be approved by the Compensation Committee of the Board of Directors until the achievement, by the Company, of the following financial results: (i) fiscal year revenue of \$12.5 million or higher and (ii) fiscal year earnings of \$1.0 million or higher.

Should the Company achieve only one of the above goals, then stock option grants up to 1.5% of the outstanding common shares of the Company may be authorized by the Compensation Committee of the Board of Directors. Should the Company achieve both of the above noted goals, then the Compensation Committee of the Board of Directors may authorize the issuance of employee stock options, at its sole discretion, and consistent with the Company and the individual employee performance.

The above does not apply to new employee stock option grants. The above is also subject to the further policies and discretion of the Compensation Committee of the Board of Directors.

Edgar Filing: SHARPS COMPLIANCE CORP - Form DEF 14A

On June 20, 2006, the Company's Board of Directors approved the accelerated vesting of unvested stock options previously awarded to employees, officers, and directors as of June 30, 2006 in light of new accounting regulations that took effect on July 1, 2006 (see second paragraph below). The Board took the action with the belief that it is in the best interest of stockholders, as it will reduce the Company's reported compensation expense in future periods.

As a result of the vesting acceleration, options to purchase 757,696 shares of Company common stock, which would otherwise have vested over the next one to three years, become exercisable effective June 30, 2006. Based upon the closing stock price of the Company's common stock on June 30, 2006 of \$0.85 per share, fifty-two percent (52%), or 391,028, of the total accelerated common stock options are "in-the-money" and have exercise prices ranging from \$0.52 to \$0.84 per share. Thirty percent (30%), or 226,666, of the total accelerated stock options have an exercise price of \$0.85 per share. Eighteen percent (18%), or 140,001, of the total accelerated stock options are "under water" or "out-of-the-money" and have exercise prices ranging from \$0.86 to \$1.15 per share. Of the accelerated options, 328,408 options are held by executive officers (of which 161,741 are "in-the-money"), 246,774 options are held by non-employee directors (of which 133,441 are "in-the-money"), and 182,514 options are held by other employees (of which 95,846 are "in-the-money"). In addition to the above, the vesting of annual grants to non-employee directors totaling 260,000 stock options, granted on June 28, 2006, was also accelerated.

Under the recently issued Statement of Financial Accounting Standards No. 123R, "Share-Based Payment" ("SFAS 123R"), the Company would be required to apply the expense recognition provisions beginning July 1, 2006. As a result of the acceleration, the Company eliminated future stock option expense of approximately \$232,000 in fiscal 2007, \$132,000 in fiscal 2008, and \$55,000 in fiscal 2009 on a pre-tax basis, based upon the Company's value calculations using the Black-Scholes methodology. The acceleration resulted in the recording of non-cash compensation expense of \$11,036 in the quarter ending June 30, 2006.

The Compensation Committee: Ramsay Gillman and Parris H. Holmes, Jr.

EMPLOYEE BENEFIT PLANS

Sharps Compliance Corp. 1993 Stock Plan

General. Effective November 16, 1993, the stockholders of the Company

Edgar Filing: SHARPS COMPLIANCE CORP - Form DEF 14A

approved the Stock Plan. Under the Stock Plan, (a) employees of the Company and any subsidiary of the Company may be awarded incentive stock options ("ISOs"), as defined in Section 422A(b) of the Internal Revenue Code of 1986, as amended (the "Code"), and (b) employees, consultants and affiliates or any other person or entity, as determined by the Administrator to be in the best interests of the Company, may be granted (i) stock options which do not qualify as ISOs ("Non-qualified Options"), (ii) awards of stock in the Company ("Awards"), (iii) stock appreciation rights ("SARs") in conjunction with, or independently of, options granted thereunder, (iv) performance awards in the form of units ("Units") representing phantom shares of stock, (v) non-employee director options and (vi) opportunities to make direct purchases of stock in the Company ("Purchases"). ISOs and Non-qualified Options are collectively referred to as "Options," and together with Awards, SARs, Units, Purchases and non-employee director options are collectively referred to as "Stock Rights."

Shares Subject to the Stock Plan. The Stock Plan currently authorizes the issuance of up to 3,500,000 shares. At September 21, 2006, options to purchase 3,036,390 shares had been granted under the Stock Plan. If any Stock Right granted under the Stock Plan terminates, expires or is surrendered, new Stock Rights may thereafter be granted covering such shares.

Administration. The Stock Plan is administered by the Board of Directors (the "Administrator"). Subject to the terms of the Stock Plan, the Administrator has the authority to determine the persons to whom Stock Rights (except non-employee director options) shall be granted, the number of shares covered by each such grant, the exercise or purchase price per share, the time or times at which Stock Rights shall be granted, whether each option granted shall be an ISO or a Non-qualified Option, whether restrictions such as repurchase options are to be imposed on shares subject to Stock Rights and the nature of such restrictions, if any. The interpretation or construction by the Administrator of the Stock Plan or with respect to any Stock Rights granted thereunder shall, unless otherwise determined by the Board of Directors, be final. The option

17

price for ISOs may not be less than 100% of the fair market value of the Common Stock on the date of grant, or 110% of the fair market value with respect to any ISO issued to a holder of 10% or more of the Company's shares. There is no price requirement for Non-qualified Stock Options. In no event may the aggregate fair market value (determined on the date of the grant of an ISO) of Common Stock for which ISOs granted to any employee under the Stock Plan are exercisable for the first time by such employee during any calendar year exceed \$100,000. The Stock Plan further directs the Administrator to set forth provisions in Option agreements regarding the exercise and expiration of Options according to stated criteria. The Administrator oversees the methods of exercise of Options, with attention being given to compliance with appropriate securities laws and regulations. The Stock Plan permits the use of already owned Common Stock as payment for the exercise price of Stock Rights.

Eligibility for Granting of Stock Rights. ISOs may be granted under the Stock Plan only to employees of the Company. Non-qualified Options, SARs and Units may be granted to any officer, employee, consultant or affiliate of the Company, or any other person or entity, as determined by the Administrator to be in the best interests of the Company.

Awards. Restricted stock awards may be granted under the Stock Plan at the discretion of the Administrator. The grantee purchases the number of shares subject to the Award, usually for a nominal price such as the par value. The shares, however, are held in escrow and may not be sold until they are vested in

Edgar Filing: SHARPS COMPLIANCE CORP - Form DEF 14A

accordance with the terms of the grant, such as continued employment for a specific period of time, accomplishment by the Company of certain goals, or a combination of criteria. Upon termination of the Award, all unvested shares are repurchased by the Company for the same nominal purchase price originally paid for the stock. As of September 21, 2006, the Company had not granted any Awards under the Stock Plan.

Stock Appreciation Rights. Options (except non-employee director options) granted under the Stock Plan may be granted in tandem with SARs ("tandem SARs") or independently of and not in tandem with an Option ("naked SARs"). SARs will become exercisable at such time or times, and on such conditions, as specified in the grant. Any tandem SAR granted with an ISO may be granted only at the date of grant of such ISO. Any tandem SAR granted with a Non-qualified Option may be granted either at or after the time such Option is granted. As of September 21, 2006, the Company had not granted any SARs under the Stock Plan.

A tandem SAR is the right of an optionee, without payment to the Company (except for applicable withholding taxes), to receive the excess of the fair market value per share on the date which such SAR is exercised over the option price per share as provided in the related underlying Option. A tandem SAR granted with an Option shall pertain to, and be exercised only in conjunction with, the related underlying Option granted under the Stock Plan and shall be exercisable and exercised only to the extent that the underlying Option is exercisable. The tandem SAR shall become either fully or partially non-exercisable and shall then be fully or partially unexercisable and fully or partially forfeited if the exercisable portion, or any part thereof, of the underlying Option is exercised, and vice versa.

A naked SAR may be granted irrespective of whether the recipient holds, is being granted or has been granted any Options under any stock plan of the Company. A naked SAR may be granted irrespective of whether the recipient holds, is being granted or has been granted any tandem SARs. A naked SAR may be made exercisable without regard to the exercisability of any Option.

Units. The Stock Plan provides that performance awards in the form of Units may be granted either independently of or in tandem with a Stock Right, except that such Units shall not be granted in tandem with ISOs. Units granted shall be based on various performance factors and have such other terms and conditions at the discretion of the Administrator. As of September 21, 2006, the Company had not granted any Units under the Stock Plan.

18

Termination and Amendment of the Stock Plan. The Board of Directors may terminate or amend the Stock Plan in any respect or at any time, except that no amendment requiring stockholder approval under the provisions of the Code and related regulations relating to ISOs or under Rule16b-3 will be effective without approval of stockholders as required and within the times set by such rules.
