Item 2.05 - Costs Associated with Exit or Disposal Activities

On June 25, 2008 the Board of Directors of Amen Properties (the "Company") authorized a plan to discontinue the operations of W Power and Light ("W Power"), the Company's retail electricity provider business. Management recommended this plan to the Board based on the unfavorable conditions in the

Texas retail electricity market which have been exacerbated by heightened volatility in recent months. Management is working to settle W Power's existing supply contracts and transfer its customer contracts to another retail electricity provider and expects to complete these activities by the end of August.

Management expects the costs associated with discontinuing W Power's operations to fall within the following ranges:

Description -----	Estimated Cost -----
Mark to market payment on transfer of customer agreements to another retail electricity provider	\$250 - 300 thousand
Costs to settle supply contracts	\$500 - 700 thousand -----
Total	\$750 thousand - \$1 million

In addition to the costs shown above, management expects additional costs typical of winding down operations but does not expect these costs to be material. Management plans to record a charge to earnings for these projected shut down costs in the Company's second quarter 2008 financial statements.
