Item 2.02. Results of Operations and Financial Condition

Attached and being furnished hereby as Exhibit 99.1 is a copy of a press release of International Flavors & Fragrances Inc. ("IFF" or the "Company") dated August 6, 2013 reporting IFF's financial results for the quarter ended June 30, 2013.

An audio webcast to discuss the Company's first quarter 2013 financial results and full year 2013 outlook will be held today, August 6, 2013, at 10:00 a.m. EDT. Interested parties can access the webcast and accompanying slide presentation on the Company's website at www.iff.com under the Investor Relations section. For those unable to listen to the live broadcast, a replay will be available on the Company's website approximately one hour after the event and will remain available on the IFF website for one year.

Non-GAAP financial measures: In the attached press release and the referenced audio webcast, the Company uses the following non-GAAP financial operating measures: (i) adjusted EPS, (ii) adjusted operating profit, (iii) adjusted operating profit margin, (iv) adjusted gross profit, (v) adjusted gross margin, (vi) local currency sales, (vii) LFL, or like-for-like, sales and (viii) adjusted effective tax rate. Such information is supplemental to information presented in accordance with GAAP and is not intended to represent a presentation in accordance with GAAP. In discussing the Company's historical and expected future results and financial condition, the Company believes it is meaningful for investors to be made aware of and to be assisted in a better understanding of, on a period-to-period comparable basis, financial amounts both including and excluding these identified items, as well as the impact of exchange rate fluctuations and the exit of certain low margin sales activities on operating results and financial condition. The Company believes such additional non-GAAP information provides investors with an overall perspective of the period-to-period performance of our business. In addition, management internally reviews each of these non-GAAP measures to evaluate performance on a comparative period-to-period basis in terms of absolute performance, trends and expected future performance with respect to our business. A material limitation of these non-GAAP measures is that such measures do not reflect actual GAAP amounts; for example, charges relating to Spanish tax assessments and costs associated with operational improvements include actual cash outlays that impact cash flows. The Company compensates for such limitations by presenting the reconciliations contained in the attached press release to the most directly comparable GAAP measure. These non-GAAP measures may not be comparable to similarly titled measures used by other companies.
