PROXY STATEMENT

The Board is soliciting proxies for this year's Annual Meeting. This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the Annual Meeting. Please read it carefully.

The Board set March 25, 2019, as the record date for the Annual Meeting. Shareholders who owned the Company's common stock on that date are entitled to vote at the Annual Meeting, with each share entitled to one vote. There were 6,878,829 shares of the Company's common stock outstanding as of the record date.

Voting materials, which include this proxy statement dated April 16, 2019, a proxy card, the 2018 Annual Report and the Company's Annual Report on Form 10-K, are first being mailed to shareholders on or about April 16, 2019, unless the shareholder has elected electronic delivery. If the shareholder has elected electronic delivery, we have provided a notice of Internet availability of proxy materials which contains instructions on how to access proxy materials via the Internet or how to request a printed set of proxy materials. Additionally, this proxy statement, the 2018 Annual Report and the Company's Annual Report on Form 10-K are available at www.northrim.com by clicking the "Investor Relations" link. In accordance with Securities and Exchange Commission rules, our proxy materials posted on both our website and the website described below do not contain any cookies or other tracking features.

Regarding the Availability of Proxy Materials for the Annual Shareholders' Meeting

To be Held on May 23, 2019

The Proxy Statement and Annual Report to Shareholders are available at

QUESTIONS AND ANSWERS ABOUT VOTING AND THE ANNUAL SHAREHOLDERS' MEETING

Why am I receiving this proxy statement and proxy card?

You are receiving this proxy statement and proxy card because you own shares of the Company's common stock. This proxy statement describes matters on which we would like you to vote.

When you sign the proxy card, you appoint the persons named in the proxy, Messrs. Joseph M. Schierhorn and Jed W. Ballard, as your representatives at the Annual Meeting, and those persons will vote your shares at the Annual Meeting as you have instructed on the proxy card. This way, your shares will be voted even if you cannot attend the Annual Meeting.

Who is soliciting my proxy, and who is paying the cost of solicitation?

The enclosed proxy is solicited by and on behalf of the Board, and the Company will bear the costs of solicitation. Certain directors, officers, and employees of the Company and/or its subsidiary, Northrim Bank (the "Bank"), may solicit proxies by telephone, facsimile, the Internet, and personal contact.

The Company does not expect to pay any compensation to employees, officers, or directors for soliciting proxies, but will reimburse brokers, nominees, and similar record holders for reasonable expenses in mailing proxy materials to beneficial owners of the Company's common stock.

What am I voting on, and what vote is required for approval?

At the Annual Meeting, you will be asked to vote on:

the election of eleven directors to serve on the Board until the 2020 Annual Meeting or until their successors have been elected and have qualified ("Proposal 1");

a nonbinding advisory vote on the compensation of the named executive officers as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure in this proxy statement ("Proposal 2"); and,

the ratification of Moss Adams LLP as the Company's independent registered accounting firm for fiscal year 2019 ("Proposal 3").

All proposals will require the affirmative vote of a majority of the Company's shareholders in person or represented by a duly executed proxy at the Annual Meeting.

Who is entitled to vote?

Only shareholders who owned the Company's common stock as of the close of business on the record date, March 25, 2019, are entitled to receive notice of the Annual Meeting and to vote the shares that they held on that date at the Annual Meeting, or any postponement or adjournment of the Annual Meeting.

How do I vote, and how are the votes counted?

Registered shareholders may vote in person at the Annual Meeting, on the Internet, or by mail.

Voting in Person. If you attend the Annual Meeting, you may vote as instructed at the Annual Meeting. However, if you hold your shares in street name (that is, through a broker/dealer or other nominee), you will need to bring to the Annual Meeting a proxy delivered to you by such nominee reflecting your share ownership as of the record date.

Voting on the Internet. Go to www.proxyvote.com and follow the instructions. You will need your proxy when you access the website.

Voting by Mail. Complete, date, sign, and mail the proxy in the enclosed postage pre-paid envelope. If you mark your voting instructions on the proxy, your shares will be voted as you instruct. Please see the proxy for voting instructions. If you own your shares through a brokerage account or in other nominee form, you should follow the instructions you receive from the record holder to see which voting methods are available. If your shares are registered in your own name and you attend

the Annual Meeting, you may deliver your completed proxy card in person. "Street name" shareholders, that is, those shareholders whose shares are held in the name of and through a broker or other nominee, who wish to vote at the Annual Meeting will need to obtain a proxy from the broker or nominee that holds their shares. Your broker or nominee will generally provide you with the appropriate forms at the time you receive this proxy statement. If you own your shares through a broker or other nominee, you cannot vote in person at the Annual Meeting unless you receive a proxy card from the broker or nominee.

Each shareholder will be entitled to one vote for each share of common stock held of record by the shareholder on the record date, March 25, 2019. With regard to the election of directors, you may cast your vote in favor of some or all of the nominees, or you may withhold your vote for any nominee in the election of directors. Withheld votes will be excluded entirely from the vote and will have no effect on the outcome. On other proposals, you can "abstain." If you abstain, your shares will be counted as present at the Annual Meeting for purposes of that proposal and your abstention will have the effect of a vote against the proposal. Shareholders may not cumulate their votes for the election of directors.

If your shares are held in street name, the broker or nominee is permitted to exercise voting discretion under certain circumstances. At the Annual Meeting, if the broker or nominee is not given specific voting instructions, the shares may not be voted on Proposal 1 or Proposal 2 by the broker or nominee in their own discretion. If your shares are held in street name and you do not give instructions to your broker or nominee on how to vote them, the votes will be "broker non-votes," which will have the effect of excluding your vote from the tallies. However, in these cases, and in cases where the shareholder abstains from voting on a matter, those shares will be counted for determining whether a quorum is present. We expect that brokers or nominees will be allowed to exercise discretionary authority for beneficial owners who have not provided voting instructions with respect to Proposal 3 to ratify the Company's selected independent registered public accounting firm, but abstentions will have the effect of a vote against the proposal.

If your shares are held in your own name and you do not vote, your shares will not be voted.

What does it mean if I receive more than one proxy card?

It means that you hold shares in multiple accounts. Please complete and return all proxies (either by mail or over the Internet) to ensure that your shares are all voted in accordance with your instructions.

Can I change my vote after I return my proxy card?

Yes. If the enclosed proxy is duly executed and received in time for the Annual Meeting, the persons named in the proxy will vote the shares represented by the proxy "FOR" the eleven nominees listed in the proxy statement, "FOR" the approval of the compensation of the named executive officers, and "FOR" the ratification of the Company's independent registered public accounting firm. If you grant a proxy, you may revoke it at any time before its exercise by submitting a second proxy with a subsequent date either over the Internet or by mail to the attention of the Corporate Secretary at P.O. Box 241489, Anchorage, AK 99524-1489 or by announcing your revocation to the Corporate Secretary at the Annual Meeting prior to the taking of a shareholder vote. The shares represented by properly executed proxies that are not revoked will be voted in accordance with the specifications in such proxies.

Can I vote on other matters or submit a proposal to be considered at the Annual Meeting?

The Company has not received timely notice of any shareholder proposals to be considered at the Annual Meeting, and shareholders may submit matters for a vote only in accordance with the Company's Bylaws, as amended (the "Bylaws"). The Board does not presently know of any other matters to be brought before the Annual Meeting. For shareholders seeking to include proposals in the proxy materials for the 2020 Annual Meeting, the proposing shareholder or shareholders must comply with all applicable regulations, including Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "1934 Act"), and the proposals must be received by the Corporate Secretary of the Company on or before December 16, 2019. Upon receipt of such proposal, the Company will determine whether to include the proposal in its proxy materials for the 2020 Annual Meeting in accordance with applicable law. A shareholder that wishes to present a proposal at the 2020 Annual Meeting, but not submit such proposal for inclusion in our proxy statement for our 2020 Annual Meeting must submit such proposal to the Corporate Secretary on or before February 24, 2020. Shareholder proposals should be sent to the attention of the Corporate Secretary, Northrim BanCorp, Inc., P.O. Box 241489, Anchorage, AK 99524-1489.

How many votes are needed to hold the Annual Meeting?

A majority of the Company's outstanding shares as of the record date (a quorum) must be present at the Annual Meeting in order to hold the Annual Meeting and conduct business. Shares are counted as present at the Annual Meeting if a shareholder is present and votes in person at the Annual Meeting or has properly submitted an executed proxy card either over the Internet or by

3

mail. Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting. As of the record date for the Annual Meeting, 6,878,829 shares of the Company's common stock were outstanding and eligible to vote.

Where and when will I be able to find the results of the voting?

The results of the voting will be announced at the Annual Meeting. Final results will be disclosed in the Company's Current Report on Form 8-K to be filed with the Securities and Exchange Commission within four business days of the Annual Meeting.

How do I communicate with Directors?

The Board provides a process for shareholders to send communications to the Board or any of the individual directors. Shareholders may send communications to the Board or any of the directors at c/o Corporate Secretary, Northrim BanCorp, Inc., P.O. Box 241489, Anchorage, AK 99524-1489. All communications will be compiled by the Corporate Secretary of the Company and submitted to the Board or the individual directors on a periodic basis.

PROPOSAL 1: ELECTION OF DIRECTORS

General Information

How many directors are nominated?

The Company's Articles of Incorporation provide that the Board will consist of not less than five nor more than twenty-five directors. Currently, the Board consists of eleven directors, and the Board has set the number of directors to be elected at the Annual Meeting at eleven.

Who are the nominees?

The Board has nominated the individuals listed on the following pages for election as directors for a one year term expiring at the 2020 Annual Meeting or until their successors have been elected and qualified. If any nominee refuses or becomes unable to serve as a director before the Annual Meeting, the Board will select a replacement nominee, and your proxies will be voted for that replacement nominee. The Board presently has no knowledge that any nominee will refuse or be unable to serve.

It is the Company's policy to encourage director nominees up for election at the Annual Meeting to attend the Annual Meeting. All directors up for election at the 2019 Annual Meeting attended the 2018 Annual Meeting with the exception of Director Aaron Schutt who was appointed to the Board on November 29, 2018.

THE BOARD RECOMMENDS THAT YOU VOTE "FOR" THESE NOMINEES.

Shareholder Nominations for 2019 Annual Shareholders' Meeting

In accordance with the Bylaws, shareholder nominations for the 2019 Annual Meeting may be made (i) by, or at the direction of, a majority of the Board or (ii) by any shareholder entitled to vote at the Annual Meeting. Only persons nominated in accordance with the procedures set forth in the Bylaws shall be eligible for election as directors at the Annual Meeting. Nominations, other than those made by or at the direction of the Board, shall be made pursuant to timely notice in writing to the Secretary of the

Company as set forth in the Bylaws. To be timely, a shareholder's notice shall be delivered to, or mailed and received at, the principal office of the Company not later than one-hundred-twenty days prior to the anniversary date of the immediately preceding annual meeting of shareholders of the Company. Such shareholder's notice shall set forth (i) the name, age, business address and residence address of the shareholder who intends to make the nomination and of the person or persons to be nominated; (ii) the principal occupation or employment of the shareholder submitting the notice and of each person being nominated; (iii) the class and number of shares of the Company's stock owned of record and beneficially by the shareholder who intends to make the nomination and of the person or persons to be nominated; (iv) a representation that the shareholder is and will continue to be a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (v) a description of all arrangements or understandings between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholder; (vi) such other information regarding the shareholder submitting the notice, each nominee proposed by such shareholder and any other person covered by clause (iii) of this paragraph as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission, whether or not the Company's common stock is registered under the Securities Exchange Act of 1934, as amended; and (vii) the consent of each nominee to serve as a director of the Company if so elected. At the request or at the direction of the Board, any person nominated for election as a director at the Annual Meeting shall furnish to the Corporate Secretary of the Company that information required to be set forth in a shareholder's notice of nomination, which pertains to the nominee. The Company may require any proposed nominee to furnish such other information as it may reasonably require to determine the eligibility of such proposed nominee to serve as an independent director of the Company or that could be material to a reasonable shareholder's understanding of the independence, or lack thereof, of such nominee. The Board may reject any nomination by a shareholder not timely made in accordance with the requirements. If the Board, a designated committee thereof, or other authorized individual determines that the information provided in a shareholder's notice does not satisfy the informational requirements in any material respect, the Secretary of the Company or a duly authorized representative of the Company shall promptly notify such shareholder of the deficiency in the notice. If the deficiency is not cured within five days from the date such deficiency notice is given to the shareholder, or if the Board or such committee or other authorized individual reasonably determines that the additional information provided by the shareholder, together with information previously provided, does not satisfy the requirements in any material respect, then the Board may reject such shareholder's nomination. The Secretary of the Company or a duly authorized representative of the Company shall notify a shareholder in writing whether his nomination has been made in accordance with the time and informational requirements.

Information Regarding the Board of Directors and Its Committees

The Board has determined that all nominees other than Mr. Schierhorn are independent within the meaning of currently applicable rules of the Securities and Exchange Commission and the Nasdaq Global Select Market listing requirements. The Board met nine times and the Board of Directors of the Bank met ten times during 2018. The Board has adopted certain standing committees, including an Audit Committee, a Compensation Committee, and a Governance and Nominating Committee. During 2018, all directors attended at least seventy-five percent (75%) of the total meetings of the Board and committee meetings that they were each required to attend.

Currently, the Board has determined that having the Company's Chief Executive Officer also serve as Chair of the Board is in the best interests of the Company's shareholders. Given Mr. Schierhorn's in-depth knowledge of the Company's business, his leadership in formulating and implementing strategic initiatives and the current regulatory and market environment, the Board believes that having one leader serving as both Chair and Chief Executive Officer provides the most decisive and effective leadership for the Company. Further, having a combined Chair and Chief Executive Officer enables the Company to speak with a unified voice to the Company's shareholders, employees, governmental and regulatory agencies, and other stakeholders. The Board believes that this current leadership structure is optimal for the Company because it provides the Company with consistent leadership.

The Board has also designated one of its independent members as a lead director. Mr. John C. Swalling currently serves as the Company's independent lead director. The lead director's primary responsibilities are to preside over

executive sessions of non-management directors; to conduct annual interviews with all directors regarding each director's own self-assessment of their contribution to the Board prior to nominations for election at the Annual Meeting; and, to recommend to the Governance and Nominating Committee, in consultation with the Chair of the Board, proposed committee assignments and chairmanships. The Board believes that our leadership structure of combining the Chair and Chief Executive Officer roles as part of a governance structure that includes a lead director, plus the exercise of key board oversight responsibilities by independent directors, is appropriate for the Company at this time.

The Company and the Bank have in place policies and procedures to manage risks that could affect their operational and strategic position as a profitable, safe and sound financial institution. The Bank's Internal Audit Department provides written results of internal and out-sourced audits, including review of the credit quality of the loan portfolio, directly to the Audit Committee and

management. The Audit Committee, which is made up entirely of directors deemed independent of the Company by the Board, reviews, and reports to the Board on the results of these audits. The Audit Committee also reports to the Board on any deficiencies identified, as well as any steps deemed necessary to resolve and mitigate risk. An officer, appointed by the Board, serves as the Bank's risk manager and is responsible for monitoring and maintaining the Bank's company-wide contingency plan. This contingency plan addresses and provides guidelines for the restoration of business in the event of man-made and natural disruptive events.

With regard to certain risks affecting the Company and the Bank, we recognize that not maintaining the privacy and security of customer information could damage our reputation and cause us to incur additional costs or even litigation. On an annual basis, the Bank's Board of Directors reviews its Information Security Policy with its appointed Information Security Officer. We work to educate our customers about the importance and understanding of their role in protecting their identities and the privacy of their information. We consider customer education regarding the use of electronic convenience products to be especially important due to the Bank's increased exposure to loss related to these products if procedures are not followed. A Vendor Management Policy is in place, which is approved by the Bank's Board of Directors annually. The Vendor Management Policy calls for the assignment of levels of risk to each vendor based upon an assessment of the degree to which their relationship could expose the Company to risk in relation to the Company's reliance on the vendor's promise to perform and to protect customer privacy, and based on the vendor's fiscal strength.

The Company monitors its interest rate risk through a review of its sensitivity to upward and downward movements of interest rates and their impact on the Company's interest-earning assets, interest-bearing liabilities, and the net interest margin. The Company monitors concentrations and economic trends in the communities it serves and in the global economy in order to respond to issues that could affect the economic climate in which it operates. The Company's management reports its analysis of these areas to the Bank's Board of Directors on a periodic basis.

It is management's policy to discuss a detailed analysis of any proposed major project with the Board. This analysis generally includes management's reasons for the proposal, results of due diligence analysis, potential risks, costs, and the estimated period for implementation of the project, and the Bank's Compliance Department and Operations and Technology Committee's recommendations prior to seeking the Board's approval.

From time to time, the Company engages the services of experienced consultants to facilitate director education and discussion as to bank directorship issues, the management of risk, miscellaneous timely topics affecting the Company, as well as future corporate governance matters. The Company did not retain any such consultants in 2018.

Best Interests of All Shareholders. Each candidate must be prepared to represent the best interests of all the Company's shareholders and be willing to state their independent opinions in a constructive manner.

Collegiality. Each candidate should be able to work well with other directors and executives of the Company.

COMPENSATION DISCUSSION AND ANALYSIS

This section provides information regarding the compensation program in place for those who served as Chief Executive Officer, Chief Financial Officer, and the three other most highly compensated executive officers who were serving as executive officers of the Company or the Bank at the end of 2018, outside of those who served as Chief Executive Officer and Chief Financial Officer (collectively, the "named executive officers"). This section includes information regarding the overall objectives of our compensation program and each element of compensation that we provide.

The Compensation Committee believes that the Company's current annual and long-term incentive compensation programs for its executives, senior managers and key employees serve to appropriately focus these individuals on the

Company's current and future business needs. The Company's compensation program is designed to mitigate risk by capping performance-based payments and defining performance criteria focused not only on profitability and growth, but also on managing risk and expenses and improving credit quality. The Compensation Committee continually assesses the Company's compensation objectives, philosophy, forms of compensation for the Company's executives, and has determined that the Company's current compensation practices and policies do not create risks that are reasonably likely to have a material adverse effect on the Company.

The Company has included Proposal 2, a non-binding advisory vote on executive compensation, in this proxy statement in accordance with the provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") and regulations of the Securities and Exchange Commission. Proposal 2 provides the shareholders of the Company with a non-binding advisory vote on compensation programs for our named executive officers (sometimes referred to as "say on pay") as described in the Compensation Discussion and Analysis section of this proxy statement. Although the vote is non-binding, the Board and the Compensation Committee value the opinions of our shareholders and will consider the outcome of the vote when making future compensation decisions for our named executive officers. At the annual meeting of our shareholders that was held on May 25, 2017, the Company's shareholders expressed a preference that an advisory vote on executive compensation of the Company's named officers should occur every year. Accordingly, we are holding the non-binding advisory vote outlined in Proposal 2 at the Annual Meeting.

The Compensation Committee has concluded that the compensation policies of the Company are not likely to have a material adverse effect on the Company.

Overview of Compensation Program

The Compensation Committee bases its compensation strategy on maintaining the Company's primary strategic goal: to maintain, over the next several years, a well-capitalized, superior customer first service-focused financial institution headquartered in Anchorage and serving the greater Anchorage, Matanuska Valley, Fairbanks, Kenai Peninsula, and Southeast Alaska areas, as well as various other markets in and outside Alaska. We believe that achieving the Company's business and growth strategies will create long-term value for shareholders and will protect the interests of our customers.

Compensation Philosophy and Objectives

The Compensation Committee believes that compensation packages for the Company's named executive officers, key personnel, and other employees should be based, to a substantial extent, on achievement of the goals and strategies the Board has established. When establishing salaries, performance based payments, and stock option awards for named executive officers, the Compensation Committee considers: (i) the Company's financial performance during the past year; (ii) the individual officer's performance during the past year based upon the officer's scope and level of responsibility and how well they managed and carried out those responsibilities to achieve the Company's goals, as well as how well that officer dealt with unexpected challenges and opportunities that were not anticipated in the Company's annual goal setting process; and (iii) market data related to the salaries of executive officers and key personnel in similar positions with companies of comparable size, as well as other companies within the financial institutions industry. For named executive officers other than the Chief Executive Officer, the Compensation Committee considers recommendations made by the Chief Executive Officer.

The Company has developed and implemented policies for determining salary structure, annual performance based payments, and employee stock option and other stock-based awards based on recommendations of independent, nationally recognized compensation consultants. These consultants periodically evaluate the Company's executive compensation programs at the request of the Compensation Committee.

Role of Executive Officers in Compensation Decisions

The Compensation Committee makes all decisions related to the compensation of the Company's Chief Executive Officer, subject to the Board's further approval. The Compensation Committee approves recommendations made by the Chief Executive Officer for all compensation for other executive officers of the Company. All Compensation for the Company's Chief Executive Officer, Chief Operating Officer, and Chief Financial Officer are further approved by the Board.

The Chief Executive Officer annually reviews the individual performance of the Company's key employees. The Chief Executive Officer's recommendations for all compensation, based upon individual officer performance evaluations, are presented to and discussed with the Compensation Committee. The Compensation Committee can modify any recommended adjustments or awards as deemed to be appropriate.

Independent Consultants

The Compensation Committee has the authority to engage independent compensation consultants. The Compensation Committee, from time-to-time as deemed appropriate, has engaged the services of Frederic W. Cook and Co., Inc.

("FWCC") to analyze and evaluate the Company's overall compensation program and practices as compared to a selected group of publicly traded peer group banks of similar size within the Pacific Northwest region and California. The Company engaged FWCC to assist the Governance and Nominating Committee with a review of compensation for non-officer members of the Board in 2017. In 2016 and 2018, the Company engaged FWCC to assist the Compensation Committee with a compensation survey in connection with the review of

12

compensation for the named executive officers and other senior officers. Additionally, in 2014 FWCC advised the Compensation Committee regarding the creation of the 2014 Stock Incentive Plan and in 2017 regarding the creation of the 2017 Stock Incentive Plan.

In connection with its engagements with FWCC, the Compensation Committee considered various factors bearing upon FWCC's independence, including, but not limited to, FWCC's policies and procedures designed to prevent conflicts of interest and the existence of any business or personal relationship that could affect FWCC's independence. After reviewing these and other factors, the Compensation Committee determined that FWCC was independent and that FWCC's engagements with the Compensation Committee did not present any conflicts of interest.

Executive Compensation

The Company's executive compensation program currently consists of four key elements: (i) base salary; (ii) a performance-based annual payment; (iii) periodic stock option grants and other stock-based compensation awards; and, (iv) retirement and other deferred benefits. The Compensation Committee engages the services of a qualified compensation consultant as appropriate, and it considers the Company's executive compensation package as a whole. Each component of the executive's package is in large part provided for under the terms of the executive's employment agreement including base salary, which can change from time to time, as well as a performance based payment opportunity under the Company's Profit Sharing Plan and retirement benefits according to the prescribed terms of the executive's employment agreement. The Compensation Committee's and the Company's philosophy is to be consistent in the timing of its review of the executives' performance and opportunities for compensatory recognition. Review occurs multiple times in a given year. The Compensation Committee and the Company believe that this practice facilitates the retention of the executive over the short and long-term and appropriately, rewards performance based upon each executive's level of responsibility, accountability, leadership, and measured contributions to the organization.

The Compensation Committee believes that this four-part approach best serves the interests of the Bank, the Company, and its shareholders. This approach enables the Company to meet the requirements of the highly competitive banking and lending environment in which it currently operates while ensuring that executive officers are compensated in a way that advances both the short and long-term interests of shareholders. The performance based annual payment opportunity, which is provided for under the Company's Profit Sharing Plan, rewards and motivates individual performance, and is based in large part on the contribution made by the officer to the Company's overall performance. Stock options and other stock-based awards relate a significant portion of long-term remuneration directly to stock price appreciation and serve to promote the executives' continued service with the Company. These awards also closely align the interests of the executives and the Company's shareholders.

The Compensation Committee annually evaluates both executive performance and the structure of executive compensation to ensure that the Company maintains its ability to attract and retain customer service motivated employees in key positions. From time-to-time, the Compensation Committee engages an independent consultant to analyze executive compensation. The last evaluation of executive compensation that included an analysis by FWCC was done in 2018. This evaluation ensures that compensation for executives is reasonable and competitive with similar positions held in peer group organizations in the local Alaska market, the Pacific Northwest, and California. The peer group that the Compensation Committee used for this evaluation in 2018 consisted of fourteen Pacific Northwest and California commercial banks similar in size to Northrim: TriCo Bancshares; F & M BanCorp; First Financial Northwest, Inc.; Heritage Financial; Heritage Commerce; Riverview Bancorp; Bank of Commerce; Bank of Marin Bancorp; First Northern Community Bancorp; Oak Valley Bancorp; Sierra Bancorp; Central Valley Bancorp; First Northwest; and, Timberland Bancorp. The Compensation Committee objectively evaluates the performance of the Company's compensation program by periodically comparing the weight and values of its components to the Company's peer group of Pacific Northwest and California financial institutions as surveyed by independent consultants who gather pertinent salary, benefit, and equity compensation data from then current proxy statement disclosures.

The Compensation Committee's approach for giving consideration to each element of the Company's executive compensation package multiple times during a given year is intended to bring consistency to the overall program, and to support the Company's philosophy to provide more than one opportunity during a given year to measure and

recognize the performance and contributions of individual executive officers and officers in key positions. For example, early in the first quarter, the Compensation Committee considers and approves awards to participants under the Company's Profit Sharing Plan. Later in the first quarter of the year, the Compensation Committee selects criteria for the Company's Profit Sharing Plan's plan year and conducts the annual officer and executive officer salary review. In the fourth quarter, the Compensation Committee considers and approves stock option grants and stock awards with pricing based upon the closing price of the Company's stock on the date of grant.

The Compensation Committee takes an approach based on both quantitative and qualitative factors when considering the compensation of the Company's Chief Executive Officer. The Compensation Committee considers the Company's financial results for a given year compared to the Company's plan and actual results for the previous year. The Compensation Committee also considers certain qualitative accomplishments of the Chief Executive Officer in terms of the Company's realization of its corporate

objectives, his foresight, his extensive community involvement, as well as his leadership in strategically positioning the Company for future significant developments in the banking industry and the Company's market and developing long-term strategies for the future direction and growth of the organization.

Elements of Executive Compensation

Each year, the Compensation Committee determines whether or not the employment agreements of the Company and Bank named executive officers should be renewed, and whether or not a change in terms is appropriate. See further discussion of the employment agreements under "Executive Compensation - Employment Agreements."

The Company and the Bank do not have any arrangements in place for or with the named executive officers whereby their compensation may be comprised of proportionate amounts of base salary, performance based annual payments, options and other stock-based compensation, or retirement and other deferred benefits. Instead, compensation is comprised of such components in amounts as determined by the Compensation Committee at its discretion and with respect to the components of compensation for the Chief Executive Officer, Chief Financial Officer, and Chief Operating Officer, approved by the Board.

Base Salary. Based on its consideration of competitive industry salaries and general economic conditions within the Company's market area and the financial institution industry, the Company's Human Resources Department has established a graded salary structure for all of the Company's employees. Every salary grade is structured to allow for personal growth ranging from the grade's entry-level benchmark through the mid-point range and to the upper-most level of annual salary for each grade. The matrix used to calculate annual merit increases applies factors related to the position of the individual's current salary within the established ranges for her or his salary grade, predetermined rates of increase based on an annual survey of market data, and an evaluation of the employee's performance. The Company's Human Resources Department reviews the schedule of matrix driven changes to individual officer annual base salaries and can make recommendations for any additional adjustments. Additionally, individual base salaries for named executive officers and other officers in key positions, other than the Chief Executive Officer, are reviewed and may be adjusted by the Chief Executive Officer. The Compensation Committee makes all decisions related to the compensation of the Company's Chief Executive Officer. Officer base salary levels are reviewed annually in the first quarter of the Company's fiscal year and any increases to base annual salaries are recommended to the Compensation Committee by the Chief Executive Officer for approval based on an assessment of an officer's scope of responsibilities, experience, the officer's individual performance, and contributions to the success of the organization. Additionally, the salaries of the Chief Executive Officer, the Chief Operating Officer, and the Chief Financial Officer are reviewed and approved by the Compensation Committee and the Board.

Performance Based Annual Payment. In November of 2011, the Board approved the Company's Profit Sharing Plan. Executive officers, in addition to all current employees of the Company and Bank who commenced employment prior to the January 1 that precedes or coincides with a performance period, are eligible to participate in payments made from a profit sharing pool calculated in accordance with the provisions of the Company's Profit Sharing Plan. The selection of the Company's Profit Sharing Plan criteria occurs within one-hundred-twenty days of the beginning of the Company's fiscal year. The selection of the criteria for 2018 occurred in March of 2018. Under the provisions of the Profit Sharing Plan, criteria established each year would include:

Designation of one or more performance periods for the fiscal year;

Determination of the formula for determining the profit share pool for each performance period, including the performance goals used in the formula;

Assignment of an initial profit share pool allocation for each performance period for each eligible employee of the Bank and the Company based on responsibility level; and,

Designation of a performance rating factor for each eligible employee of the Bank and the Company.

The Company's Profit Sharing Plan also provides that the Compensation Committee may designate any employee, including an executive officer, as ineligible to receive a profit sharing allocation at its complete discretion.

Additionally, the Compensation Committee may adjust any employee's profit sharing allocation from the profit sharing pool at its discretion. However, no individual profit sharing allocation can exceed seven and a half percent (7.5%) of the entire profit sharing pool for any performance period, and total profit sharing allocations for any performance period cannot exceed one hundred percent (100%) of the profit sharing pool for the performance period. Lastly, no

individual profit sharing allocation can exceed fifty percent (50%) of that individual's base salary, and total profit sharing allocations made to the Chief Executive Officer, Chief Operating Officer, and Chief Financial Officer of the Company cannot exceed twenty-five percent (25%) of the profit sharing pool in any performance period. The profit sharing awards to the Chief Executive Officer, the Chief Operating Officer, and the Chief Financial Officer are reviewed and approved by the Compensation Committee and the Board.

The performance goals established by the Compensation Committee for the Company's Profit Sharing Plan for 2018 include measures based on the Company's strategic goals for 2018. The Compensation Committee reviewed and approved management's recommended thresholds for each criterion. In 2018, the Company had to meet the following minimum criteria in order for a profit sharing pool to be established:

A consolidated return on average assets, which is calculated as consolidated net income divided by average total assets, of at least point nine percent (0.90%). Additionally, the Company adopted a tiered structure ranging from a total profit share pool of up to five percent (5%) to eight percent (8%) of pre-tax income for incremental increases in return on average assets with a cap of one point five percent (1.50%) where no additional profit share would be paid;

A ratio of total regulatory capital to risk-weighted assets of at least ten percent (10%) for both the Bank and the Company;

A ratio of tier one regulatory capital to risk-weighted assets of at least eight percent (8%) for both the Bank and the Company;

A ratio of tier one regulatory capital to total average assets of at least five percent (5%) for both the Bank and the Company;

A ratio of classified assets to total risk-based regulatory capital for the Company of no more than thirty percent (30%). (Classified assets include loans classified as substandard, doubtful or loss assets within the Bank's internal risk rating system, plus other real estate owned and other repossessed assets.); and,

Regulatory examination results must be acceptable.

Once the Company determined that the above criteria were met, the profit sharing pool for 2018 was calculated by multiplying pre-tax net income by five percent (5%) for the consolidated return on average assets up to one point one five percent (1.15%). For consolidated return on average assets in excess of one point one five percent (1.15%) and up to one point two five percent (1.25%), the Company multiplies the excess pre-tax net income by six percent (6%). For consolidated return on average assets in excess of one point two five percent (1.25%) and up to one point three five percent (1.35%), the Company multiplies the excess pre-tax net income by seven percent (7%). For consolidated return on average assets in excess of one point three five percent (1.35%) and up to one point five percent (1.50%), the Company multiplies the excess pre-tax net income by eight percent (8%). No additional profit sharing pool, is established if the Company's consolidated return on average assets exceeds one point five percent (1.50%).

Additionally, the Compensation Committee has complete discretion to reduce the size of the profit sharing pool as it deems appropriate regardless of the calculated amount described above. The Compensation Committee approved management's recommendation based upon the calculated payout under the Profit Sharing Plan's methodology resulting in an aggregate payout of \$1.3 million for 2018, \$226,000 of which was paid, in aggregate, to the named executive officers.

Options and Other Stock-Based Compensation. The Compensation Committee is of the philosophy that offering stock-based incentives to executives and key employees: (i) attracts and retains the best available personnel for the long-term; (ii) enhances long-term profitability and shareholder value; and (iii) encourages employees to acquire and maintain stock ownership in the Company, thereby more closely aligning the interests of employees and shareholders. The Compensation Committee follows this philosophy, and subject to the Company's employee stock incentive plans, the Compensation Committee may determine the employees eligible to receive stock options and other equity awards and to assess the amount of each such stock option or other equity award.

The Company's 2017 Stock Incentive Plan ("2017 Plan"), an omnibus plan approved by shareholders, authorizes the Board or the Compensation Committee to administer the 2017 Plan and to grant to eligible key employees nonqualified stock options, restricted stock, restricted units, performance shares, performance units, stock appreciation rights, or dividend equivalent rights. The Compensation Committee has not delegated any aspect of the administration of any of the Company's stock incentive plans, including the 2017 Plan, to any other persons.

The 2017 Plan is designed to afford the Compensation Committee flexibility, consistency, and balance in determining and governing the terms and mix of the annual grant of long- and short-term equity based compensation awards to the Company's executive officers and other employees key to the safe and profitable operation of the Bank. The majority of participants in the Plan are members of the Bank's senior management team. Participants, including the Company's named executive officers, are grouped within five tier levels for purposes of granting awards, with the first tier being

the highest and the fifth tier being the lowest. These tiers are defined by the scope of the participants' responsibility and roles within the organization. In 2018, Mr. Schierhorn was classified in the first tier, Mr. Ballard and Mr. Martin were classified in the second tier, and Messrs. Craig and Huston were classified in the third tier. The proportion of stock options and restricted stock units granted may vary depending upon an employee's position within the five tier levels.

15

The Compensation Committee believes that the awards of stock options and shorter-term restricted stock units serve to tie the executives' interests to those of the Company's shareholders. These awards also provide an incentive for the executives' long-term retention given the competitive climate in the Bank's marketplace for experienced and seasoned bankers. The methodology for calculating the total value of equity awards that will be awarded to employees, including the executives, starts with calculating the maximum aggregate value that may be allocated to employees. The maximum aggregate value is calculated by taking the Company's market capitalization times point five percent (0.50%). Employees are placed into one of the five tiers based on their level of responsibility within the Company and a percentage range (low, medium, and high) for each tier of the aggregate value is awarded but not to exceed the maximum aggregate value. The Chief Executive Officer recommends proposed grantees and proposed award levels based on performance. The Compensation Committee has full discretion to approve, deny, or change any recommendations from the Chief Executive Officer. Additionally, awards of stock options and restricted units made to the Chief Executive Officer, the Chief Operating Officer, and the Chief Financial Officer are reviewed and approved by the Board. The Compensation Committee also analyzes the financial impact of the grant on the Company's income statement and the potential dilution of the grant to existing shareholders compared to prior grants and the Company's peer group.

In March of 2019, the Board amended the Company's Profit Sharing Plan to fund the plan based on a target percentage of employees' base salary as opposed to creating a pool based on a percentage of the Company's pre-tax income. This target is based on the results of the Company. Specifically, the profit sharing is funded 60% for budget to actual performance of pre-tax income for the Community Banking Segment and 40% for the Company's consolidated return on average assets rank in a peer comparison of U.S. banks with assets between one and five billion dollars. A tiered approach is taken for both criteria, with funding of 50% to 150% for budget to actual performance between 85% and 125% and funding of 50% to 150% for peer comparison between 31% and 90+%. A weighted average based on this funding criteria determines the funding percentage of the target. The funding percentage is then applied to an individual's percent of base salary based on their grade to establish the total profit sharing amount. Once this amount is determined, 10% of the total profit share is reserved for CEO discretion.

The Company has not established any program whereby executives or key personnel are required to own and purchase within any specific schedule a defined number of shares of the Company's common stock.

Retirement and Other Deferred Benefits

Deferred Compensation Plan. The Bank established a Deferred Compensation Plan ("DCP") dated January 1, 1995, as amended October 3, 1996 and January 1, 2005, for the purpose of providing benefit planning to key employees of the Bank by permitting them to defer the receipt of compensation. All officers of the Bank and the Company, including the named executive officers, are eligible to participate and other key employees may become eligible to participate if so notified by the Compensation Committee.

The DCP provides that on or prior to December 31 of each year the DCP is in effect, any eligible employee may elect in writing to defer receipt of at least five percent (5%) to a maximum of one hundred percent (100%) of their salary to be paid in the calendar year following the year of election. Any election is irrevocable as to any salary payable in the next year and effective with respect to future years unless revoked by the participant prior to December 31 of the year preceding the year in which the deferral is to take effect. Under the DCP, eligible employees, including the named executive officers, may elect to defer receipt of all or a portion of their remaining salary to be paid in the current calendar year if such written election is made within thirty days after they are first notified by the Compensation Committee of their eligibility to become a participant. The DCP provides that any eligible employee may elect to defer receipt of at least five percent (5%) to a maximum of one hundred percent (100%) of their performance-based payments for services to be performed in a succeeding plan year under the same conditions described above. All amounts deferred are credited to participant accounts with interest compounded annually. According to the DCP, interest while an eligible employee is not eligible for distributions is based on the Bank's average yield on its total assets calculated on January 1, based on the prior year's performance, less one percentage point. Interest after an employee starts taking distributions from the DCP is based on the market yield on U.S. Treasury securities for a term equal to two-thirds of the installment period of payments to the employee. None of the named executive officers elected to defer receipt of compensation in 2018.

Northrim Bank Savings Incentive Plan 401k. Named executive officers participate in the Company's qualified retirement plan, the Northrim Bank Savings Incentive Plan ("401k Plan") to the same extent and subject to the same rules and limitations as the Company's and the Bank's other employees. The 401k Plan provides up to a \$1.00 match for each \$1.00 contributed by an employee up to five point five percent (5.5%) of the employee's salary. Based on the Bank's performance in 2018, a full match was approved by the Compensation Committee and the Board of Directors. Supplemental Executive Retirement Plan. Effective July 1, 1994, the Bank adopted the Northrim Bank Supplemental Executive Retirement Plan ("SERP") for the benefit of its executive officers, including the named executive officers. As provided by the SERP, the Company makes annual contributions to participant accounts on January 1 at a percentage rate of annual base salary determined and approved by the Compensation Committee. The Compensation Committee can exercise its authority to determine and approve changes to this percentage, as well as approve new participants under the SERP. The Compensation Committee

generally makes these determinations based upon recommendations of the Chief Executive Officer or the Chief Operating Officer and upon consideration of the percentage rates of annual base salary contributed by the Company for each SERP participant and relative levels of each participant's current responsibility. Additionally, contributions made to the Chief Executive Officer, the Chief Operating Officer, and the Chief Financial Officer under the SERP Plan are reviewed and approved by the Board.

Earnings under the SERP are credited for the year on January 1 and based on the Bank's average yield on its total assets, less a three year rolling average of net loan charge-offs as a percentage of average loans outstanding for the respective periods. The SERP provides for payment of a specified amount to plan participants upon retirement, with early retirement permitted after the participant's fifty-fifth birthday, if she or he has completed at least five years of vesting service under the terms of the Company's Savings Incentive Plan prior to early retirement. Benefits are payable in lump sum or in monthly installments beginning ninety-one days after retirement, with the amount payable being equal to the total plan account balance for that participant (including interest at a specified fixed rate) divided by twelve months, divided by the number of years over which the participant elects to receive payments, with fifteen years being the maximum period over which payout is permitted. If the participant dies prior to commencement of benefits, benefits are paid to the participant's survivors in equal installments over fifteen years unless the Compensation Committee elects to accelerate payment. Additionally, the SERP was amended in August 2015 to provide for a distribution of benefits upon termination of employment resulting from disability. Under the terms of the SERP a participant will receive such participant's account in the most recent form of payment properly elected prior to his or her disability in accordance with the terms of this SERP, with payments commencing as soon as reasonably practicable after such participant's disability. If the SERP participant made no form of payment election, the participant's account will be paid to the participant in ten annual installments, beginning as soon as reasonably practicable after the participant's disability.

Supplemental Executive Retirement Deferred Compensation Plan. The Compensation Committee, the Board and management have deemed it prudent for the Bank to have life insurance protection on certain of the Company's executive officers, including the named executive officers, considering the out-of-pocket costs related to replacing an executive officer, as well as the intangible but real loss due to disruptions in management and loss of existing or new business because of the death of a key individual. For these reasons, the Compensation Committee and the Board authorized the Bank to establish the Supplemental Executive Retirement Deferred Compensation Plan ("SERDCP"), a non-qualified deferred compensation plan. Certain executive officers, including the named executive officers, as identified by the Compensation Committee, are entitled to participate in the SERDCP. The SERDCP is intended to provide a source of funds for participants' retirement through the Bank's purchase and ownership of key man insurance coverage in the form of a variable adjustable life policy in an amount approved by the Compensation Committee and the Board for each participant. The annual premium payment covers the cost of providing the Bank with a full death benefit for the face amount of the policy, and the cost of providing the executive officer the deferred compensation retirement benefit or a death benefit to the executive officer's beneficiaries in the event of the executive officer's death before retirement. Earnings are based upon the participant's discretionary selection of investment opportunities available through the insurance provider to develop the cash surrender value of the portion of the premiums paid and allocated for that purpose.

In the event of the participant's retirement, the cash surrender value of the policy can be paid out in a lump sum or in installments not to exceed ten years. The participant can also elect to receive the insurance policy net of a distribution of cash value sufficient to pay taxes upon receipt of the policy. In the event of the participant's death, an amount equal to the greater of the cash surrender value or a stated death benefit, as described in the SERDCP document, would be paid to the participant's beneficiaries. Additionally, the SERDCP was amended in August 2015 to provide for a distribution of benefits upon termination of employment resulting from disability. Under the terms of the SERDCP a participant will receive such participant's account in the most recent form of payment properly elected prior to his or her disability in accordance with the terms of this SERDCP, with payments commencing as soon as reasonably practicable after such participant's disability.

Tax and Accounting Treatment of Executive Compensation

Deductibility of Executive Compensation. The Compensation Committee is aware of the limits set on individual grants to provide for the Company's deductibility of options and performance-based awards under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). Based on the terms of the 2017 Plan, individual grants of options and stock appreciation rights are limited to one-hundred-thousand (100,000) shares of common stock during any three consecutive calendar years; individual grants of restricted stock, restricted stock units, performance shares, and performance units are limited to fifty-thousand (50,000) shares of common stock during any three consecutive calendar years. Performance measures are included in the 2017 Plan as required for performance shares and performance units to qualify for exemption under Section 162(m).

Nonqualified Deferred Compensation. Section 409A of the Code imposes election, payment, and funding requirements on "nonqualified deferred compensation" plans. If a nonqualified deferred compensation arrangement subject to Section 409A of the Code fails to meet, or is not operated in accordance with, the requirements of Section 409A, then compensation deferred under the arrangement may become immediately taxable and subject to a twenty percent (20%) additional tax. Certain awards that may be issued under the plan may constitute a "deferral of compensation" subject to the requirements of Section 409A of the Code.

Prohibition against Hedging

The Board has approved a policy that prohibits our directors and executive officers from hedging their ownership of Company shares of common stock including trading in options, puts, calls, or other derivative instruments relating to our securities.

2018 Advisory Vote on Executive Compensation

The Company provided shareholders a non-binding advisory vote on executive compensation in 2018. At the Company's 2018 Annual Meeting, shareholders expressed substantial support for the compensation of the Company's named executive officers, with approximately ninety-seven percent (97%) of the votes cast for approval of the "say-on-pay" vote on executive compensation. The Compensation Committee considered the results of the 2018 advisory vote. The Compensation Committee also considered many other factors in evaluating the interaction of the Company's compensation programs with its business objectives. While all of these factors bore on the Compensation Committee's decisions regarding named executive officer compensation, the Compensation Committee did not make any changes to the Company's executive compensation program and policies as a result of the shareholders' 2018 "say-on-pay" advisory vote.

Employment Agreements

The Company and the Compensation Committee share the philosophy that employment agreements serve to further strengthen the relationships between the Company, its key executives, and its shareholders, particularly in light of the highly competitive climate in which the Bank and the Company currently operate.

Messrs. Schierhorn, Ballard, Martin, Craig, and Huston entered into new employment agreements effective January 1, 2019 and included the following entitlements: reasonable health insurance, disability and other employee benefits on a basis at least as

favorable as that accorded to any other officer, as well as allowance for adjustments to annual base salary as deemed appropriate by the Compensation Committee.

The contracts of Messrs. Schierhorn, Ballard, Martin, Craig and Huston included nearly identical terms and provisions as their previous employment agreements. Each new employment agreement also provides that in the event of termination of employment by the Company or the Bank without cause or by the employee for good reason, health and insurance benefits for such employee will be continued for a period of twelve months from the termination date, with the exception of Mr. Craig, who's benefits will be continued for a period of nine months from the termination date.

Each of the new employment agreements has an initial term ending on December 31, 2019, which will be automatically extended for an additional one year term unless at least ninety days prior to any January 1, either party gives notice of its intent not to extend such term or the employment agreement is terminated in accordance with its termination provisions.

All of the employment agreements reflect the named executive officer's eligibility to participate in the Company's Profit Sharing Plan. The employment agreements with the named executive officers also contain a covenant not to compete, which stipulates that for a period of one year following termination of the agreement (or in the case of Mr. Craig, nine months following the termination of his agreement), or one year following the close of a transaction constituting a change of control agreement (or in the case of Mr. Craig, nine months following the close of such a change in control transaction), the named executive officer will not be directly or indirectly employed by or own any business activity that is competitive with the Company or the Bank. As defined in each of their employment agreements, each of the named executive officers is also entitled to the severance benefits discussed herein under the heading Potential Payments upon Termination or Change of Control.

Potential Payments upon Termination or Change in Control

In accordance with the terms of the Company's 2017 Plan, which applied to all named executive officers, if the Company or the Bank is subjected to a change of control, any outstanding stock option grants or stock awards held by the named executive officers would not automatically vest. However, if the awards were not assumed by or replaced with comparable awards by the successor company, the Compensation Committee may immediately vest all shares at its sole discretion.

Additionally, the current employment agreements with Messrs. Schierhorn, Ballard, Martin, Craig and Huston specify that if the Company or the Bank is subjected to a change of control and either the Company or the Bank terminates a named executive officer's employment without cause or if a named executive terminates his or her employment for good reason within seven hundred and thirty days of the change in control for Messrs. Schierhorn, Ballard Martin and Huston and three hundred and sixty five days for Mr. Craig, the named executive is entitled to:

Receive age credit and credit for period of service towards all SERP plans for the remaining period covered by each named executive officer's individual employment agreement.

For Messrs. Schierhorn, Ballard, Martin, Craig and Huston, in the event the Company terminates the named executive officer's employment for cause or the named executive officer terminates their employment without good reason, the named executive officer is entitled only to payment of all base salary earned and all reimbursable expenses incurred through the termination date payable upon the effective date of termination and will have no right to receive compensation or other benefits for any period after termination.

If the Company terminates the employment of Messrs. Schierhorn, Ballard, Martin, Craig or Huston on account of any mental or physical disability that prevents them from performing their duties, then they are entitled to one lump sum payment, on the first day of the month following a period of six months after employment was terminated, of all base salary earned and reimbursable expenses incurred through the termination date, as well as full base salary and health and dental insurance benefits provided, at the Company's expense, for one year following the termination date.

If a named executive officer's employment agreement is terminated due to their death, under the terms of the agreement, their beneficiaries will receive that portion of their base salary that otherwise would have been paid to them for the month in which their death occurred and any other amounts due them pursuant to the Company's SERP, any supplemental deferred compensation plan, and any other death, insurance, employee benefit plan or stock benefit plan provided to them by the Company according to the terms of the respective plans.

The following table sets forth potential payments payable to our named executive officers in the event of termination of their employment or a change of control of the Company or the Bank as of December 31, 2018 under the provisions of their employment agreements as described above. The value of unvested options and restricted stock units in the discussion below is based on the closing price of the Company's common stock on December 31, 2018 at \$32.87 per share.

In addition to the above provisions, the Company's Profit Sharing Plan contains what is commonly referred to as a "claw back provision" with respect to bonuses or profit sharing allocations paid under the plan. Under this provision, if the Company is required to restate the financial statements due to material noncompliance with generally accepted accounting principles, the Company will recover from the named executive officers any excess incentive compensation that was paid as a result of the restatement during the three years prior to the restatement.

Grants of Plan-Based Awards

The Compensation Committee approved awards under our Profit Sharing Plan, awarded stock options, and restricted stock grants under our 2017 Plan to our named executive officers during 2018. Set forth below is information regarding awards granted during 2018:

Profit Sharing Plan

The dollar values reflected in the above table as to estimated future payouts under the non-equity incentive plan awards to the named executive officers are based on a formula driven methodology applied to determine the annual profit sharing allocation to the Company's Profit Sharing Plan participants recommended by the Chief Executive Officer as described above in the section entitled "Performance Based Annual Payment." The Company's Profit Sharing Plan defines minimum threshold and maximum payouts but it does not define a target payout.

2017 Stock Incentive Plan

The provisions of the 2017 Plan under which the above grants were made permit the Compensation Committee flexibility in determining the terms of the stock option agreements and letter agreements for restricted/performance shares and units granted, respectively, as related to the death, disability, retirement, and termination of employment, and in the event of a change in control.

Shares Available for Issuance

The 2017 Plan provides that a total of 350,000 shares may be issued to eligible participants. Additionally, any shares under the 2017 Plan that are forfeited back to the Company and shares that are withheld by the Company to pay for taxes with respect to awards other than options or stock appreciation rights shall again be available for issue pursuant to new awards granted under this plan. For purposes of calculating available shares, stock options or stock appreciation rights granted are counted as one share for every one share granted, and any shares that are subject to awards other than stock options or stock appreciation rights are counted as three shares for every one share granted. As of December 31, 2018 under the 2017 Plan and previous plans, there were a total of 148,065 options, 74,382 shares of restricted stock, and no performance shares or performance units outstanding and there were 176,199 shares available for issuance.

Stock Options

The 2017 Plan provides that the exercise price of stock options or any other awards as set by the Compensation Committee shall not be less than one-hundred percent (100%) of the fair market value of the shares at the close of business on the date of grant. Outstanding options may not be repriced without shareholder approval. All options granted under the 2017 Plan will expire not more than ten years from the date of grant. Each option is exercisable subject to the vesting schedule determined by the Compensation Committee. The exercise price for shares purchased upon the exercise of an option must be paid in cash or such other consideration, including shares of the Company's common stock, as the Compensation Committee deems acceptable.

Stock Awards

Stock awards are earned and vest over a period of at least three years and can be governed by conditions, restrictions, and contingencies determined at the discretion of the Compensation Committee such as continuous service and/or the achievement of performance goals. The stock awards will be in the form of restricted stock, restricted units, performance shares, and performance units.

Stock Appreciation Rights

The 2017 Plan also authorizes the grants of stock appreciation rights, which are grants of rights that entitle the holder to payment equal to the difference between the fair market value of a share at the time of grant versus the fair market value at the time the stock appreciation right is exercised. Stock appreciation rights may be granted in connection with options or separately. Similarly, the 2017 Plan authorizes the grant of dividend equivalent rights, either in connection with other awards (particularly stock awards and stock appreciation rights) or separately.

Administration

Historically, it has been the Compensation Committee's overall practice to consider and grant stock based incentives to employees in the fourth quarter of the Company's fiscal year. In the fourth quarter of 2018, the Compensation Committee analyzed and considered the estimated impact of proposed grants on the Company's income statement, as well as the potential dilution from options outstanding and available for future grant. The number of shares of the Company's common stock underlying equity awards granted to employees in 2018 under the 2017 Plan as a percent of fully diluted shares outstanding was point seventy percent (0.70%) as compared to point forty-five percent (0.45%) for our peer median. The Company's shares of common stock underlying equity awards granted in 2018 was higher than our peer median mainly due to a larger number of Nonqualified Stock Options granted to Executive Vice Presidents and named officers of the Company. Peer median data was obtained from data received from FWCC, an independent, nationally recognized compensation-consulting firm, in 2018. The banks that were used to obtain this peer group median were fourteen Pacific Northwest and California commercial banks similar in size to Northrim: TriCo Bancshares; F & M Bancorp; First Financial Northwest, Inc.; Heritage Financial; Heritage Commerce; Riverview Bancorp; Bank of Commerce; Bank of Marin Bancorp; First Northern Community Bancorp; Oak Valley Bancorp; Sierra Bancorp; Central Valley Bancorp; First Northwest; and, Timberland Bancorp;

Amendment and Termination

The 2017 Plan may be modified, amended or terminated by the Board, except that shareholder approval is required for any amendment which increases the number of shares subject to the 2017 Plan other than in the cases of certain automatic adjustments such as changes in capitalization, which increase or expand the category of eligible recipients, or whenever applicable law requires that a proposed amendment of the 2017 Plan receive shareholder approval. The

Compensation Committee may amend the terms and conditions of outstanding stock options as long as such amendments do not terminate the option or otherwise adversely affect the holders of such stock options without the holders' consent. Additional amendments to terms and conditions of outstanding stock options are subject to vote by the Board.

(7) Summary Compensation Table, Change in Pension Value and Nonqualified Deferred Compensation Earnings with excess earnings identified by footnote to the table.

Pay-Ratio Disclosure

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, the Securities and Exchange Commission has adopted a final rule requiring annual disclosure of the ratio of the median employee's annual compensation to the annual compensation of the Chief Executive Officer.

The median employee compensation was identified from full-time and part-time employees, excluding the Chief Executive Officer, who were employed by the Company on December 31, 2018. All of our employees are located in the United States. A total of 433 employees were included. Compensation was measured over the 12-month period beginning on January 1, 2018 and ending on December 31, 2018.

The median employee compensation was determined in the same manner that total compensation was determined in the Summary Compensation Table at the beginning of this section. Wages were annualized for our employees who did not work the entire calendar year.

In 2018, Mr. Schierhorn had an annual total compensation of \$771,192 as reflected in the Summary Compensation Table included in this Proxy Statement. The median employee's annual total compensation for 2018 that would be

reportable in the Summary Compensation Table was \$64,640. As a result, the Chief Executive Officer pay ratio is 12:1.

Director Compensation

Directors who are Company employees receive no additional fee for service as a director. Except for Mr. Schierhorn, the remaining directors in 2018 were non-officers of the Company and the Bank.

Effective May 26, 2016, non-officer directors are entitled to the payment of \$1,000 for each Board meeting attended, \$850 for attendance at each meeting of the Compensation Committee and the Governance and Nominating Committee and \$1,000 for attendance at each meeting of the Audit Committee, while the Chairs of the Audit Committee, Compensation Committee and Governance and Nominating Committee are entitled to receive \$1,750, \$1,500, and \$1,500, respectively, for each committee meeting attended. In 2018 all non-officer directors, except Mr. Swalling, received a \$13,500 annual cash retainer. Mr. Swalling, who serves as the Company's lead director, received an \$18,500 annual cash retainer in 2018. Additionally, all non-officer directors received an additional \$25,000 in cash with the intention that it be used for the purchase of the Company's common stock on the open market.

The Alaska Banking Code requires that each director of a state bank shall own at least an aggregate fair market value of \$1,000 in the common or preferred stock in such state bank or the controlling entity of such state bank. All of the Company's current directors are currently in compliance with the share ownership provisions of the Alaska Banking Code.

Additionally, the Company's Corporate Governance Guidelines include a recommendation (as a minimum level of stock ownership) that non-officer directors should purchase not less than three times their annual stock retainer of Company common stock and hold that common stock free of any encumbrances. Effective May 26, 2016, non-officer directors should meet this stock ownership requirement within five years of that date or within five years of their election to the Board, if they are elected to the Board after May 26, 2016.

The following table sets forth a summary of the compensation that was earned by our non-management directors in 2018:

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the 1934 Act ("Section 16(a)") requires that the Company's officers, directors and persons who own more than ten percent (10%) of the Company's outstanding shares of common stock file reports of ownership and changes in ownership with the Securities and Exchange Commission. Based solely upon a review of the copies of these reports and upon written representations by the Company's directors and officers regarding their compliance with the applicable reporting requirements under Section 16(a), the Company believes all of the Company's directors and officers filed all reports required by Section 16(a) in a timely manner for the year ended December 31, 2018.

INTEREST OF MANAGEMENT IN CERTAIN TRANSACTIONS

Bank Loan Transactions

As prescribed by regulation and specifically incorporated into the Bank's Loan Policy, Regulation O promulgated under the Federal Reserve Act, governs loans made to or guaranteed by directors, executive officers, and principal shareholders or their related interests. As a group, these people and related interests are referred to as "insiders." All loans subject to Regulation O, which include new, modified, and/or increased loans to insiders, or loans guaranteed by insiders are further subject to the provisions and procedures of the Bank's Loan Policy. The Bank's Loan Policy requires that loans to insiders, after proper approval by the Bank's Loan Committee, must also be approved by a majority of the Bank's directors who are not members of the Bank's Loan Committee. Director approval of those loans is documented and provided to the Board.

During 2018, certain directors and executive officers of the Company and the Bank and/or their associates were also customers of the Bank. It is anticipated that directors, executive officers, and their associates will continue to be customers of the Bank in the future. All transactions between the Bank and directors, executive officers, and their associates were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons not related to the Bank. These transactions did not involve more than the normal risk of collectability or present other unfavorable features. At December 31, 2018, the Bank had no outstanding loans to directors and their related interests. The Bank had \$15,000 in unfunded loan commitments to these directors and their related interests at December 31, 2018.

Other Related Party Transactions

Under the Company's Corporate Governance Guidelines, directors are required to disclose to the Governance and Nominating Committee any financial interest or personal interest that such director may have in any contract or transaction being considered by the Board for approval. The Governance and Nominating Committee is charged with review and approval of all related person transactions. All proposed related person transactions that are not subject to Regulation O must be presented to the Governance and Nominating Committee and ultimately to the Board for review, discussion, and consideration. Neither the Governance and Nominating Committee nor the Board has adopted any specific procedures for conducting reviews of related party transactions not subject to Regulation O and considers each transaction in light of the particular facts and circumstances. In the course of its review, the Governance and Nominating Committee considers the related party nature of a transaction and its relation to the services being rendered to the Company. In addition, any interested director, after full disclosure, does not participate in the discussion related to and abstains from voting on the transaction or issue brought before the Governance and Nominating Committee or the Board.

During 2018, neither the Company nor the Bank participated in any transactions with related persons that had a direct or indirect material interest in an amount exceeding \$120,000. There are no currently proposed transactions with related persons that exceed \$120,000.

They also will be available to respond to appropriate questions.

	2018	2017
Audit fees	\$376,000	\$393,000

The Company requires that all non-audit services rendered to the Company by independent registered public accounting firms be pre-approved by the Audit Committee. The Audit Committee has delegated to its Chair the authority to address requests for pre-approval of services in an amount up to an aggregate of \$50,000. The Chair must report any pre-approval decisions to the Audit Committee at its next scheduled meeting. In all cases the Audit Committee considers whether the provision of such services would impair the independence of the Company's external registered public accounting firm.

COMMITTEE REPORTS

The following reports of the Audit Committee and Compensation Committee are made pursuant to the rules of the Securities and Exchange Commission and the listing standards of the Nasdaq Global Select Market. These reports shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the 1934 Act, except to the extent that the Company specifically incorporates the information by reference, and shall not otherwise be deemed filed under such acts.

Audit Committee Report

The Audit Committee Charter of the Company and its subsidiaries specifies that the purpose of the Audit Committee is to assist the Board in its oversight of:

- The integrity of the Company's financial reporting process, financial statements, and systems of internal controls;
- The Company's accounting practices and internal controls;
- The independent registered public accounting firm's qualifications, independence, and performance; and,
- The performance of the Company's internal audit function.

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the year ended December 31, 2018 with the Company's management and has discussed with Moss Adams the matters required to be discussed by the Public Company Accounting Oversight Board ("PCAOB") Auditing Standard 1301 (Communications with Audit Committees). The Audit Committee discussed with the Company's internal and external independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the internal and external independent auditors, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

The Audit Committee has received the written disclosures and the letter from the Company's independent registered public accounting firm required by applicable requirements of the PCAOB regarding the Company's independent registered public accounting firm's communications with the Audit Committee concerning independence. The Audit Committee also discussed with the Company's independent registered public accounting firm the independent accountant's independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements for the fiscal year ended December 31, 2018, be included in the Company's Annual Report on Form 10-K for that year for filing with the Securities and Exchange Commission.

The Audit Committee does not believe the non-audit services provided by Moss Adams called into question Moss Adams' independence.

PROPOSAL 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION

Executive compensation is an important matter for our shareholders. The Company's named executive officers are compensated in a manner consistent with the Company's strategy, competitive practice, sound corporate governance principles, and shareholder interests and concerns. We believe our compensation program, with its balance of short and long-term incentives, is strongly aligned with the interests of our shareholders. We urge you to read the Compensation Discussion and Analysis section of this proxy statement for additional details on executive compensation, including the Company's compensation philosophy and objectives and the 2018 compensation of the named executive officers.

In accordance with the Dodd-Frank Act and regulations passed by the Securities and Exchange Commission, the Company is providing shareholders with an advisory (nonbinding) vote on compensation programs for our named executive officers (sometimes referred to as "say on pay"). As an advisory vote, this proposal is nonbinding. Although the vote is nonbinding, the Board and the Compensation Committee value the opinions of our shareholders and will consider the outcome of the vote when making future compensation decisions for our named executive officers.

THE BOARD RECOMMENDS THAT YOU VOTE "FOR" APPROVAL OF THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THE COMPENSATION DISCUSSION AND ANALYSIS, THE ACCOMPANYING COMPENSATION TABLES, AND THE RELATED NARRATIVE DISCLOSURE IN THIS PROXY STATEMENT.

PROPOSAL 3: RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Moss Adams currently serves as our independent registered public accounting firm, and that firm conducted the audit of our financial statements for the fiscal years ended December 31, 2018, 2017, and 2016.

Appointment of the Company's independent registered public accounting firm is not required to be submitted to a vote of our shareholders for ratification. However, the Board determined that submitting the appointment of Moss Adams to the shareholders for ratification was a matter of good corporate practice. If the Company's shareholders do not ratify the appointment, the Audit Committee will reconsider whether to retain that firm. However, if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different principal independent registered public accounting firm at any time.

Representatives of Moss Adams are expected to be present at the Annual meeting and will have the opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions.

THE BOARD RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF MOSS ADAMS LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2019. INFORMATION CONCERNING SHAREHOLDER PROPOSALS

A shareholder proposing to transact business at the Company's 2020 Annual Shareholders' Meeting must provide notice of such proposal to the Company no later than February 24, 2020. For shareholder proposals to be considered for inclusion in the Company's proxy statement and form of proxy relating to its Annual Shareholders' Meeting, such proposals must be received by the Company no later than December 16, 2019. If the Company receives notice of a shareholder proposal after February 24, 2020, the persons named as proxies in the proxy statement and/or form of proxy will have discretionary authority to vote on such shareholder proposal.

HOUSEHOLDING

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as "householding," potentially means extra convenience for shareholders and cost savings for companies. We have not implemented householding rules with respect to our record holders. However, a number of brokers with account holders who are shareholders may be "householding" our proxy materials. If a shareholder receives a householding notification from their broker, a single proxy statement will be delivered to multiple shareholders sharing an address, unless contrary instructions have been received from an affected shareholder. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise.

Shareholders who currently receive multiple copies of the proxy statement at their address and would like to request "householding" of their communications should contact their broker. In addition, if any shareholder that receives a "householding" notification wishes to receive a separate annual report or proxy statement at their address, such shareholder should also contact their broker directly. Shareholders who in the future wish to receive multiple copies may also contact the Company c/o Corporate Secretary, Northrim BanCorp, Inc., P.O. Box 241489, Anchorage, AK 99524-1489.

Shareholders of record sharing an address can request delivery of a single copy of annual reports to security holders, proxy statements, and notices of Internet availability of proxy materials by contacting the Company at: c/o Corporate Secretary, Northrim BanCorp, Inc., P.O. Box 241489, Anchorage, AK 99524-1489.

2018 REPORT TO SHAREHOLDERS AND ANNUAL REPORT — FORM 10-K

The Company's 2018 Annual Report (which is not part of the Company's proxy soliciting materials), and 2018 Annual Report on Form 10-K for the fiscal year ended December 31, 2018, accompanies this proxy statement. These reports are also available on our website at www.northrim.com under "Investor Relations." Additional hard copies will be furnished to shareholders upon request to: c/o Corporate Secretary, Northrim BanCorp, Inc., P.O. Box 241489, Anchorage, AK 99524-1489, or by telephone to (907) 562-0062, or by fax to (907) 562-1758.

OTHER MATTERS

The Board knows of no other matters to be brought before the Annual Meeting. However, if other matters should properly come before the Annual Meeting, it is the intention of the persons named in the proxy to vote the proxy in accordance with the recommendations of management on such matters.

WE URGE YOU TO SIGN AND RETURN THE ENCLOSED PROXY OR VOTE USING THE INTERNET AS PROMPTLY AS POSSIBLE WHETHER OR NOT YOU PLAN TO ATTEND THE MEETING IN PERSON. IF YOU ATTEND THE MEETING, YOU MAY THEN WITHDRAW YOUR PROXY AND VOTE AT THE MEETING, IF YOU WISH. THE PROXY MAY BE REVOKED AT ANY TIME PRIOR TO ITS EXERCISE.

Adopted by the Board of Directors February 28, 2019

This Audit Committee Charter has been adopted by the Northrim BanCorp, Inc. (the “Company”) Board of Directors (the “Board”) on recommendation by the Audit Committee of the Board (the “Committee”).

Committee Purpose

The Committee is appointed by the Board to assist in fulfilling its oversight responsibilities. The purpose of the Committee is to oversee the Company’s accounting and financial reporting processes and the audit of the Company’s financial statements. The Committee’s primary duties and responsibilities are to:

- Monitor the quality and integrity of the accounting, auditing, internal control and financial reporting practices of the Company and its subsidiaries.

- Review the qualifications, independence and performance of the Company’s internal and external auditors.

- Provide a free and open avenue of communication among the external auditors, management, the internal auditing department, and the Board.

Committee Composition and Meetings

The Committee shall be comprised of three or more directors as determined by the Board, each of whom shall, in the opinion of the Board, be independent non-executive directors, free from any relationship that would interfere with the exercise of his or her independent judgment. Each Committee member shall meet the requirements of applicable rules and regulations, including the rules of The NASDAQ Stock Market, Inc. or any other exchange on which the Company’s securities are traded, and the rules and regulations of the Securities and Exchange Commission (including the requirements of Rule 10A-3 of the Securities Exchange Act of 1934). Each member of the Committee must be able to read and understand fundamental financial statements, including the Company’s balance sheet, income statement and cash flow statement. At least one member of the Committee must have past employment experience in finance or accounting, requisite professional certification in accounting or other comparable experience or background that leads to financial sophistication. At least one member of the Committee must be an “audit committee financial expert” as defined in Item 407(d)(5)(ii) of Regulation S-K. A person who satisfies this definition of audit committee financial expert will also be presumed to have financial sophistication. No member of the Committee can have participated in the preparation of the Company’s or any of its subsidiaries’ financing statements at any time during the past three years.

Committee members shall be appointed by the Board. If a Committee Chair is not designated or present, the members of the Committee may designate a Chair by majority vote of the Committee membership. The Committee shall maintain minutes of its meetings and regularly report to the Board on its activities.

The presence of a majority of the members of the Committee shall constitute a quorum for the transaction of business, and the acts of a majority of the members of the Committee at a meeting at which a quorum is present shall be the acts of the Committee. The Committee may, in its discretion, delegate any of its specific duties or responsibilities to individual Committee members or to subcommittees.

The Committee shall meet at least four times annually, or more frequently as the Committee considers necessary. At least once each year, the Committee or Chair shall have a private meeting with the internal and external auditors. The auditors and management may be invited by the Committee to participate in specific portions of Committee meetings to provide information and expertise and to facilitate discussion when appropriate.

Committee Responsibilities and Duties

In fulfilling its oversight role, the Committee provides a vehicle for communication between the directors and the external auditors, the internal auditors, and financial management. It establishes a forum for an open exchange of views and information. The external auditors shall report directly to the Committee. The Committee shall report to the Board the matters reviewed and actions taken at each Committee meeting. The general activities of the Committee in carrying out its oversight role are described below. The Committee may consider undertaking additional duties to fulfill its oversight function.

Review other material written communications between the external auditors and management. Review with management and the external auditors the basis for their reports issued under 12 C.F.R. Part 363. Oversee the resolution of any disagreements between management and the external auditors.
1. Fraud. Establish, oversee and review procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and the confidential, anonymous submission by Company employees of concerns regarding questionable accounting or auditing matters. Appropriate Response. Determine that appropriate actions have been taken to resolve matters reported to the Committee that in the Committee's judgment could materially jeopardize the Company's financial condition, results of operations and accuracy of the Company's financial statements.
2. Inclusion of Audited Financials in 10-K. Based on the Committee's review of the financial statements and evaluation of the independence and qualifications of the auditors, the Committee shall make its recommendation to the Board as to whether the Company's audited financial statements should be included in the Company's Annual Report on Form 10-K (or the Annual Report to Shareholders, if distributed prior to the filing of the Form 10-K). The Committee shall also review and approve the audit committee report required to be included in the Company's annual proxy statement.
4. Related Party Information and Audit. Keep the Company's independent auditors informed of the Committee's understanding of the Company's relationships and transactions with related parties that are significant to the Company; and to review and discuss with the Company's independent auditors the auditors' evaluation of the Company's identification of, accounting for, and disclosure of its relationships and transactions with related parties, including any significant matters arising from the audit regarding the Company's relationships and transactions with related parties.
5. Oversight of Auditors
- Retention; Approval of Services. Select, pre-approve, appoint, compensate and determine retention terms for, and oversee, all audit and all permitted non-audit and tax services that may be provided by the Company's external auditors. Such auditors are ultimately accountable to the Board and the Committee, as representatives of the Company's shareholders. Receive and review audit reports, provide the auditors full access to the Committee, and the Board as appropriate.
6. Auditor Independence. Obtain annually from the external auditors a formal written statement describing all relationships between the auditors and the Company, consistent with Independence Standards Board Standard Number 1 (Independence Discussions with Audit Committees). The Committee shall actively discuss with the external auditors any relationships that may impact the objectivity and independence of the auditors and shall take, or recommend that the Board take, appropriate actions to oversee and satisfy itself as to the auditors' independence.

Review significant reports prepared by the internal audit department together with management's response and follow-up to these reports. Approve the appointment and replacement of the Internal
- 10.

Audit Manager. The Internal Audit Manager, together with the internal audit function, shall report functionally to the Committee and administratively to the Chief Operating Officer.

12. Bank Audit Committee. Perform the audit committee functions specified by 12 C.F.R. Part 363 for depository institution subsidiaries of the Company.

13. The Committee's job is one of oversight. Management is responsible for the preparation of the Company's financial statements and the external auditors are responsible for auditing those financial statements. The Committee and the Board recognize that management, the internal audit staff and the external auditors have more resources, time, detailed knowledge and information regarding the Company's accounting, auditing, internal control and financial reporting practices than the Committee does. Accordingly, the Committee's oversight role does not provide any expert or special assurance as to the financial statements and other financial information provided by the Company to its shareholders and others.

Committee Charter and Performance Evaluation

The Committee shall review and assess the adequacy of this Charter annually and recommend any proposed changes to the Board for approval.
