DESCRIPTION OF BUSINESS

GENERAL

American Hospital Resources, Inc. or AMHR, originally incorporated in the State of Utah on May 9, 1972, under the name High-Line Investment & Development Company. In 1977, we changed our name to Gayle Industries, Inc. In 1978 we merged into our subsidiary, Swing Bike, and retained the Swing Bike name. In 1979 we changed our name from Swing Bike to Horizon Energy Corp., and in 1992 we changed our name to Millennium Entertainment Corp.

In 1993 we changed our name to New Horizon Education, Inc. and implemented a business plan focusing on marketing computer education programs. Later that year, we formed a new subsidiary, Sunset Horizon, Inc. for the purpose of merging with Ruff Network Marketing, Inc. The subsidiary owned the marketing rights to the computer education programs and Ruff Network Marketing, Inc. provided the marketing network. We were not successful in our marketing activities and in 1995 we sold our assets and suspended operations. In 1997 we sold our subsidiary and remained essentially dormant from 1998 through 2000.

In 2001, we brought our SEC filings current and began seeking business opportunities. In June of 2002, we finalized an Agreement and Plan of Reorganization with American Hospital Resources, Inc. Under the Agreement, American Hospital Resources Inc. became our wholly owned subsidiary and we changed our name to American Hospital Resources, Inc. We also authorized a class of 10,000,000 shares of Preferred Stock at no par value and changed our business strategy to focus on providing health care services and management.

Our common stock is quoted on the OTCBB under the symbol AMHR.

NATURE OF BUSINESS

American Hospital Resources is a healthcare services company that provides pharmacy services to long-term care providers and hospitals as well as other acute care consulting and management services. We are currently focusing on the acquisition and consolidation of profitable pharmacy outsourcing businesses. These consolidated pharmacy outsourcing and materials management companies provide pharmacy management services and pharmaceutical supplies to acute care hospitals and long-term care facilities such as nursing homes and hospices. As

part of our business strategy, we have structured a program designed to merge profitable regional pharmacy outsourcers into a national team. We believe these regional providers will benefit from the enhanced buying power and market presence of a consolidated healthcare entity.

Since acquiring our subsidiary and implementing our business plan in the summer of 2002, we have been actively engaged in identifying pharmaceutical and healthcare companies to join our healthcare network. During the past year we identified three companies that we thought would be suitable for potential

Edgar Filing: AMERICAN HOSPITAL RESOURCES INC - Form 10KSB

acquisition and/or management. In December of 2002 we reported on Form 8-K an Asset Purchase Agreement to acquire the assets of NIPSI Healthcare of Houston LP and its general partner. For a brief time in late 2002 and early 2003, we operated the assets of NIPSI pursuant to this Agreement. However, the assets were returned in early 2003 after NIPSI failed to honor certain conditions to closing. Subsequent to the date of this report, in April of 2003, a Texas State court voided the agreement entirely. We are currently negotiating to acquire the assets of Rx Solutions, Inc., Coastalmed Inc. and Coastalmed of Panama City, Inc. Although we have been engaged in negotiations, no transactions have been consummated at the date of this report. We intend to continue seeking suitable healthcare and pharmaceutical companies for potential acquisition, consulting or management opportunities.

EMPLOYEES

Christopher Wheeler is currently our only full time employee. Mr. Wheeler has served as our Chief Executive Officer, Chief Financial Officer and president since March of 2002. We are in the process of negotiating a formal employment agreement with Mr. Wheeler, however, the terms have not been finalized at the date of this report. We have also contracted with outside consultants and subcontractors on a part time, as-needed basis.

ITEM 2. DESCRIPTION OF PROPERTY.

From January 2002 through July of 2002, we rented office space in Springville, Utah from our former president for \$100 per month. In October of 2002 we relocated our corporate headquarters to Santa Ana, California and began renting office space from our current president for \$500 per month. Our office is located at 1912 West Bay Crest in Santa Ana, California. We did not maintain an office in August or September of 2002 during our transition from Utah to California. Total rents paid in 2002 were \$2,100.

ITEM 3. LEGAL PROCEEDINGS.

AMHR Subsequent to the date of this report, AMHR learned of three legal proceedings that could potentially affect our business:

Management is aware of a potential suit in the Circuit Court of the County of St. Louis, State of Missouri, Cause No. 03AC-002539TCV, dated March 25, 2003. The suit is being brought by Pre-Employment Screening, Inc., Lawrence J. Altman, Gateway Legal Services, Inc. and Fun Services of Kansas City, Inc. against American Hospital Resources, Inc. f/k/a New Horizon Resources, Inc. The suit is a petition for damages arising from an alleged violation of the Telephone Consumer Protection Act. The petition alleges that the company breached the Act by sending unsolicited advertising faxes to plaintiffs and requests damages of \$12,000 and such other relief as the court deems proper. Management denies transmitting any faxes to the plaintiffs and regards the lawsuit as frivolous and opportunistic. Should AMHR be formally served with this suit, it intends to deny all charges and defend itself appropriately.

Management was notified via facsimile dated March 18, 2003, that they were to be joined as defendants in a suit brought by AmeriSource Bergen Corporation against NIPSI Healthcare of Houston, LP, Case No. 03-1972-A, filed in the county court at law, Court Number One, Dallas County, Texas. In the original complaint dated

February 19, 2003, AmeriSource sought to recover \$480,335.28 from defendant NIPSI Healthcare of Houston for failing to honor a prior contract. In a supplemental petition dated March 18, 2003, AmeriSource alleged that AMHR was

Edgar Filing: AMERICAN HOSPITAL RESOURCES INC - Form 10KSB

conducting business in Texas under the name NIPSI Pharmacy of Texas and sought to enjoin any transfer of assets from NIPSI to AMHR. On April 16, 2003, the court entered an interlocutory default judgment against NIPSI. The court found that NIPSI had fraudulently transferred assets to AMHR to avoid the claims of AmeriSource. The court voided the transfer of assets from NIPSI to AMHR and ordered NIPSI to pay AmeriSource \$551,264.48 in actual damages, interest and attorney's fees with interest accruing at 10% per annum. As a result of these proceedings, the December 2002 Asset Purchase Agreement between NIPSI and AMHR was nullified by act of law and the Company was released as a defendant. The possibility exists that other creditors may attempt to join AMHR as co-defendant in claims against NIPSI based on the voided agreement. However, AMHR is not aware of any other suits or claims against NIPSI and management believes AMHR would be successful in defending themselves should any such claims arise.

AMHR received by facsimile a demand letter from National Institutional Pharmacy Services, LP, the general partner of NIPSI Healthcare of Houston, LP, dated March 18, 2003. The letter sought to rescind the December 2002 Asset Purchase Agreement between NIPSI and the Company by alleging fraud and demanding \$120,000. AMHR denies it has any obligation to NIPSI and regards the Asset Purchase Agreement as being voided by the April 16, 2003 default judgment entered against NIPSI. At this date, AMHR has not responded to the demand letter and neither party has initiated formal legal proceedings.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITIES HOLDERS.

On June 17, 2002, our shareholders approved an Agreement and Plan of Reorganization between New Horizon Education, Inc., a Utah corporation and American Hospital Resources Inc., a Delaware corporation. The Agreement and Plan of Reorganization was approved by written majority consent pursuant to Section 16-10a-704 of the Utah Revised Business Corporation Act and Article V of our bylaws. Under the agreement, 3,196,873 common shares of New Horizon stock were exchanged for 1,500 common shares of American Hospital's common stock representing all the issued and outstanding stock of American Hospital Resources, Inc. As a result of this transaction, New Horizon acquired American Hospital and the company's name was changed to American Hospital Resources, Inc. The transaction was reported on form 8-K as filed with the Securities and Exchange Commission on July 8, 2002 and a copy of the Agreement and an amendment to the Agreement was attached as an exhibit to the form 8-K. Total shares eligible to vote were 16,633,127. The number of votes cast and the matters approved are as follows:

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION.

The Management's discussion and analysis should be read in conjunction with the audited consolidated financial statements appearing at the end of this report. Consolidated financial data from 2002 reflects the status of the company after the merger between New Horizon Education, Inc. and American Hospital Resources, Inc. The financial data from 2001 is derived from the audited financial statement of the predecessor company, New Horizon Education, Inc.

RESULTS OF OPERATIONS FOR THE PERIODS ENDED DECEMBER 31, 2002 AND DECEMBER 31, 2001

Revenues for the year ended December 31, 2002 were \$52,700 compared to no revenue during the year ended December 31, 2001. All revenue in 2002 derived from one source. General and administrative expenses were \$1,292,931 during the year ended December 31, 2002. We also recorded expenses of \$5,957 relating to our attempt to acquire NIPSI and interest expense of \$1,122. General and administrative expenses were \$57,727 for the period ended December 31, 2001 with interest expense of \$948. Higher general and administrative expenses in 2002 were the result of several factors. In 2001, general and administrative expenses consisted mainly of salaries, accounting and legal costs associated with preparing and filing our public reports. By comparison, in 2002 we had additional legal and auditing costs relating to the acquisition of our subsidiary in June of 2002 and our attempted acquisition of NIPSI in December of 2002. The bulk of general and administrative expenses in 2002 consisted of services rendered by consultants, subcontractors, officers and directors. Services totaling \$1,070,477 were paid by issuing stock, options and warrants representing approximately 83% of general and administrative expenses. We also recorded \$102,300 in bad debt expense. All bad debts consisted of payment due on commissions and consulting agreements with Parkview Hospital. Although we

Edgar Filing: AMERICAN HOSPITAL RESOURCES INC - Form 10KSB

anticipate recovering these accounts, Parkview is currently undergoing bankruptcy reorganization and collection of the receivables is uncertain at this point. In addition, we advanced \$15,000 to NIPSI before the rescission of the December 2002 Agreement. We collected the advance from NIPSI in January of 2003.

As a result of these factors, we realized a net loss of \$1,247,310 for the year ended December 31, 2002 compared to a net loss of \$58,675 for the year ended December 31, 2001.

Net cash provided by operations was \$48,774 during the year ended December 31, 2002 compared to net cash used by operations of \$42,829 for the year ended December 31, 2001. Net cash used by investing activities was \$152,575 during the year ended December 31, 2002 with no comparable investing activities during the year ending December 31, 2001. Net cash provided by financing activities was \$110,500 for the year ended December 31, 2002 compared to \$35,000 for the year ended December 31, 2001.

8

LIQUIDITY AND CAPITAL RESOURCES

At December 31, 2002 we had total assets of \$1,173,342. Current assets were \$51,854 consisting of \$6,779 in cash, \$15,000 in an advance and prepaid expenses of \$30,075. We also had property and equipment of \$1,743. Other assets at December 31, 2002 consisted of \$60,321 in goodwill and \$1,059,424 in deferred stock offering costs. Assets at December 31, 2001 consisted of \$80 in cash.

Current liabilities at December 31, 2002 totaled \$1,198,090 consisting of \$1,088,150 in accounts payable, and \$109,940 in accrued expenses. Accounts payable consist mainly of commitment fees and finders' fees relating to securing a \$10,000,000 equity line of credit with Cornell Capital LP. Liabilities at December 31, 2001 totaled \$54,534 consisting of \$11,086 in accounts payable, \$948 in accrued expenses, \$22,500 payable to a related party and \$20,000 in notes payable. Our auditors have expressed substantial doubt about our ability to continue as a going concern due in part to the fact that our current liabilities exceed our current assets.

We anticipate that our operating expenses for the next twelve months will be approximately \$120,000 consisting mainly of salaries and consulting fees. We will also have legal and auditing expenses relating to our public reports as well as office rental and other expenses. Management believes that our cash needs can be met with cash on hand, continuing operations, anticipated cash collections from accounts receivable and short and long-term investments. However, we have a number of commitments and contingencies that could impact our liquidity needs. In addition, we are currently negotiating to acquire the assets of two health care related companies. Our capital requirements may increase dramatically if these proposed transactions are consummated. Should it become necessary to raise additional capital, we may consider securing loans from officers and directors, selling additional stock or entering into debt financing.

Our operating plan is to maintain current operations and to continue seeking other healthcare companies for potential acquisition, management or consulting opportunities. We also hope to reduce liabilities and bring current our outstanding debts. Other than as discussed in this report, we have no material commitments for capital expenditures for the next twelve months.

ITEM 7. FINANCIAL STATEMENTS.

As a result of these transactions, Phase One LLC gained control of the company. Total consideration amounted to \$110,000 or \$.01 per share. One of our directors, Mr. Mark Buck, is the controlling member of Phase One LLC.

As a result of this transaction Mr. Wheeler gained control of 67% of our voting stock.

INDEPENDENT AUDITORS' REPORT

Board of Directors
AMERICAN HOSPITAL RESOURCES, INC. AND SUBSIDIARY
Santa Ana, California

We have audited the accompanying consolidated balance sheet of American Hospital Resources, Inc. and Subsidiary as of December 31, 2002, and the related consolidated statements of operations, stockholders' equity (deficit) and cash flows for the years ended December 31, 2002 and 2001. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements audited by us present fairly, in all material respects, the consolidated financial position of American Hospital Resources, Inc. and Subsidiary as of December 31, 2002, and the results of their operations and their cash flows for the years ended December 31, 2002 and 2001, in conformity with generally accepted accounting principles in the United States of America.

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note 12 to the financial statements, the Company has just recently commenced operations and all of their revenues have been from one customer. Further, the Company has current liabilities in excess of current assets. These factors raise substantial doubt about the ability of the Company to continue as a going concern. Management's

Edgar Filing: AMERICAN HOSPITAL RESOURCES INC - Form 10KSB

plans in regards to these matters are also described in Note 12. The financial statements do not include any adjustments that might result from the outcome of these uncertainties.

PROPERTY AND EQUIPMENT - Property and equipment are stated at cost. Expenditures for repairs and maintenance are charged to operating expense as incurred. Expenditures for additions and betterments that extend the useful lives of property and equipment are capitalized, upon being placed in service. Depreciation is computed using the straight-line method over the estimated useful lives of the assets of five years [See Note 6].

WEBSITE COSTS - The Company has adopted the provisions of Emerging Issues Task Force 00-2, "Accounting for Web Site Development Costs." Costs incurred in the planning stage of a website are expensed as research and development while costs incurred in the development stage are capitalized and amortized over the life of the asset, estimated to be five years. As of December 31, 2002 the Company has capitalized a total of \$1,541 of website costs which are included in property and equipment. The Company did not incur any planning costs and did not record any research and development costs for the years ended December 31, 2002 and 2001.

Company to third party vendors. These direct costs are recorded by the Company as general and administrative expenses. Revenue from the sale of hospital property is recorded when property is sold. The Company has purchased the right to receive a portion of the revenues from a consulting and asset sale agreement. Revenue derived from the purchased contract rights is recorded as received on a net basis. On a net basis, only the share of revenue belonging to the Company is recorded as revenue.

NOTE 11 - INCOME TAXES

The Company accounts for income taxes in accordance with Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes". SFAS No. 109 requires the Company to provide a net deferred tax asset or liability equal to the expected future tax benefit or expense of temporary reporting differences between book and tax accounting methods and any available operating loss or tax credit carryforwards. At December 31, 2002, the Company has available unused operating loss carryforwards of approximately \$270,000, which may be applied against future taxable income and which expire in various years through 2022. If certain substantial changes in the Company's ownership should occur, there will be an annual limitation on the amount of net operating loss carryforwards which can be utilized.

At December 31, 2002, the total of all deferred tax assets was approximately \$205,000 and the total of all deferred tax liabilities was \$0. The amount of and ultimate realization of the benefits from the deferred tax assets for income tax purposes is dependent, in part, upon the tax laws in effect, the future earnings of the Company, and other future events, the effects of which cannot be determined. Because of the uncertainty surrounding the realization of the loss carryforwards, the Company has established a valuation allowance of approximately \$205,000. The net change in the valuation allowance was approximately \$168,000 during the year ended December 31, 2002.

The temporary differences gave rise to the following deferred tax asset (liability):

	December 31, 2002

Excess of tax over financial accounting depreciation	\$ 126
Accrued compensation	43,794
Capital loss carryover	12,945

NOTE 12 - GOING CONCERN

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles in the United States of America, which contemplate continuation of the Company as a going concern. However, the Company has just recently commenced operations and all of their revenues have been from one customer. Further, the Company has current liabilities in excess of current assets. These factors raise substantial doubt about the ability of the Company to continue as a going concern. In

Edgar Filing: AMERICAN HOSPITAL RESOURCES INC - Form 10KSB

this regard, management is proposing to raise any necessary additional funds not provided by operations through loans or through sales of their common stock or through a possible business combination with another company. There is no assurance that the Company will be successful in raising this additional capital or achieving profitable operations. The financial statements do not include any adjustments that might result from the outcome of these uncertainties.
