##### NOTE B - PREPARATION OF FINANCIAL STATEMENTS

The Company follows the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and has adopted a year-end of September 30.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## Edgar Filing: CENTURY PARK PICTURES CORP - Form 10QSB/A

Management further acknowledges that it is solely responsible for adopting sound accounting practices, establishing and maintaining a system of internal accounting control and preventing and detecting fraud. The Company's system of internal accounting control is designed to assure, among other items, that 1) recorded transactions are valid; 2) valid transactions are recorded; and 3) transactions are recorded in the proper period in a timely manner to produce financial statements which present fairly the financial condition, results of operations and cash flows of the Company for the respective periods being presented

During interim periods, the Company follows the accounting policies set forth in its annual audited financial statements filed with the U. S. Securities and Exchange Commission on its Annual Report on Form 10-KSB for the year ended September 30, 2003. #### NOTES TO FINANCIAL STATEMENTS - CONTINUED

##### NOTE C - GOING CONCERN UNCERTAINTY

The Company has effectively had no operations, assets or liabilities since its fiscal year ended September 30, 1999.

The Company has no operating activities, no cash on hand, no profit and operates a business plan with inherent risk. Because of these factors, our auditors have issued an audit opinion for the Company which includes a statement describing our going concern status. This means, in our auditor's opinion, substantial doubt about our ability to continue as a going concern exists at the date of their opinion.

The Company's continued existence is dependent upon its ability to generate sufficient cash flows from operations to support its daily operations as well as provide sufficient resources to retire existing liabilities and obligations on a timely basis.

The Company anticipates offering future sales of equity securities. However, there is no assurance that the Company will be able to obtain additional funding through the sales of additional equity securities or, that such funding, if available, will be obtained on terms favorable to or affordable by the Company.

## Edgar Filing: CENTURY PARK PICTURES CORP - Form 10QSB/A

If no additional operating capital is received during the next twelve months, the Company will be forced to rely on existing cash in the bank and upon additional funds loaned by management and/or significant stockholders to preserve the integrity of the corporate entity at this time. In the event, the Company is unable to acquire advances from management and/or significant stockholders, the Company's ongoing operations would be negatively impacted.

It is the intent of management and significant stockholders to provide sufficient working capital necessary to support and preserve the integrity of the corporate entity. However, no formal commitments or arrangements to advance or loan funds to the Company or repay any such advances or loans exist. There is no legal obligation for either management or significant stockholders to provide additional future funding.

While the Company is of the opinion that good faith estimates of the Company's ability to secure additional capital in the future to reach our goals have been made, there is no guarantee that the Company will receive sufficient funding to sustain operations or implement any future business plan steps.

### NOTE D - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### 1. CASH AND CASH EQUIVALENTS

For Statement of Cash Flows purposes, the Company considers all cash on hand and in banks, including accounts in book overdraft positions, certificates of deposit and other highly-liquid investments with maturities of three months or less, when purchased, to be cash and cash equivalents.

#### 2. PROPERTY AND EQUIPMENT

Property and equipment consists of furniture and fixtures and is recorded at historical cost. These costs were depreciated over the estimated useful lives of the individual assets using the straight-line method.

Gains and losses from disposition of property and equipment are recognized as incurred and are included in operations.

#### 3. INCOME TAXES

The Company uses the asset and liability method of accounting for income taxes. At March 31, 2004 and 2003, respectively, the deferred tax asset and deferred tax liability accounts, as recorded when material to the financial statements, are entirely the result of temporary differences. Temporary differences represent differences in the recognition of assets and liabilities for tax and financial reporting purposes, primarily accumulated depreciation and amortization, allowance for doubtful accounts and vacation accruals.

As of March 31, 2004 and 2003, the deferred tax asset related to the Company's net operating loss carryforward is fully reserved. Due to the provisions of Internal Revenue Code Section 338, the Company may have limited net operating loss carryforwards available to offset financial

statement or tax return taxable income in future periods as a result of any future change in control involving 50 percentage points or more of the issued and outstanding securities of the Company.

### 4. INCOME (LOSS) PER SHARE

Basic earnings (loss) per share is computed by dividing the net income (loss) by the weighted-average number of shares of common stock outstanding. The calculation of fully diluted earnings (loss) per share assumes the dilutive effect of the exercise of outstanding options and warrants, using the treasury stock method, at either the beginning of the respective period presented or the date of issuance, whichever is later. As of March 31, 2004 and 2003, respectively, the Company has no outstanding stock warrants, options or convertible securities which could be considered as dilutive for purposes of the loss per share calculation.

### NOTE E - FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying amount of cash, accounts receivable, accounts payable and notes payable, as applicable, approximates fair value due to the short term nature of these items and/or the current interest rates payable in relation to current market conditions.

Interest rate risk is the risk that the Company's earnings are subject to fluctuations in interest rates on either investments or on debt and is fully dependent upon the volatility of these rates. The Company does not use derivative instruments to moderate its exposure to interest rate risk, if any.

Financial risk is the risk that the Company's earnings are subject to fluctuations in interest rates or foreign exchange rates and are fully dependent upon the volatility of these rates. The company does not use derivative instruments to moderate its exposure to financial risk, if any.

### NOTE F - NOTES PAYABLE

On July 31, 2002, the Company's Board of Directors and the respective noteholders approved the extension of the ultimate maturity date of the notes through December 3, 2003. In conjunction with the extension, the noteholders agreed to discontinue the accrual of interest subsequent to July 31, 2002.

The effect of the discontinuance of interest accruals subsequent to July 31, 2002 will be charged to operations as a component of interest expense with an offset to contributed additional paid-in capital to recognize the economic effect of the suspended and forgiven interest on these notes in the respective future period.

### (2) RESULTS OF OPERATIONS, LIQUIDITY AND CAPITAL RESOURCES

Century Park Pictures Corporation (Company) was incorporated in 1983 in accordance with the Laws of the State of Minnesota.

The Company has effectively had no operations, assets or liabilities since its fiscal year ended September 30, 1999.

General and administrative expenses for the six months ended March 31, 2004 and 2003 were approximately \$4,500 and \$10,300, respectively. Interest expense on the outstanding \$100,000 and \$400,000 in notes payable was approximately \$6,000 and \$26,000 for each of the respective six month periods.

On July 31, 2002, the Company's Board of Directors and the respective noteholders approved the extension of the ultimate maturity date of the notes through December 3, 2003. In conjunction with the extension, the noteholders agreed to discontinue the accrual of interest subsequent to July 31, 2002. The effect of the discontinuance of interest accruals subsequent to July 31, 2002 will be charged to operations as a component of interest expense with an offset to contributed additional paid-in capital to recognize the economic effect of the suspended and forgiven interest on these notes in the respective future period.

On June 25, 2003, noteholders aggregating \$300,000 in outstanding principal and \$231,900 in accrued interest payable exercised their respective conversion rights and received an aggregate 53,106,900 shares of restricted, common stock upon conversion.

On December 3, 2003, the final ultimate maturity date, one remaining noteholder exercised his conversion rights and converted approximately \$50,000 in principal and \$36,758 in accrued interest payable into 8,675,800 shares of restricted, unregistered common stock.

On December 3, 2003, upon the failure to convert or post a claim for repayment, the Company's Board of Directors, with the approval of legal counsel, voided the remaining outstanding unconverted notes payable of approximately \$50,000 and the

associated accrued interest of approximately \$36,956 and recognized a one-time gain on the technical forgiveness of these debts.

On December 3, 2003, the Company issued 787,100 shares of restricted, unregistered common stock as compensation for fees associated with the

conversion of the outstanding notes payable and accrued interest payable. This transaction was valued at approximately \$7,871, which was equal to the "fair value" of the Company's common stock on the conversion date. The Company relied upon Section 4(2) of The Securities Act of 1933, as amended, for an exemption from registration of these shares and no underwriter was used in this transaction.

Net income (loss) for the six months ended March 31, 2004 and 2003, respectively, was approximately \$72,455 and \$(36,200). Earnings per share for the respective quarters ended March 31, 2004 and 2003 was \$0.00 and \$0.00 on the weighted-average post-reverse split shares issued and outstanding.

The Company does not expect to generate any meaningful revenue or incur operating expenses for purposes other than fulfilling the obligations of a reporting company under the Securities Exchange Act of 1934 (Exchange Act).

At March 31, 2004 and September 30, 2003, respectively, the Company had working capital of approximately \$(396,000) and \$(1,091,500).

Management intends to continue to restrict expenditures with respect to the future development of entertainment properties and to market its completed properties. The Company has two completed properties. The costs of development have been written off. Accordingly, the Company will incur little, if any, costs of marketing. Management believes these actions may contribute to the Company's liquidity. The Company has no material commitments for capital expenditures as of March 31, 2004 and anticipates no significant capital expenditures for future periods.

The Company intends to continue to seek out potential acquisitions. Since the Company has no available bank lines of credit, there are no assurances that the Company will be able to successfully identify any potential acquisitions or that, if identified, it will obtain financing under terms acceptable to the Company. Management presently considers an acquisition or a merger of the Company a viable alternative.

The Company has no operating activities, no cash on hand, no profit and operates a business plan with inherent risk. Because of these factors, our auditors have issued an audit opinion for the Company which includes a statement describing our going concern status. This means, in our auditor's opinion, substantial doubt about our ability to continue as a going concern exists at the date of their opinion.

The Company's continued existence is dependent upon its ability to generate sufficient cash flows from operations to support its daily operations as well as provide sufficient resources to retire existing liabilities and obligations on a timely basis.

The Company anticipates offering future sales of equity securities. However, there is no assurance that the Company will be able to obtain additional funding through the sales of additional equity securities or, that such funding, if available, will be obtained on terms favorable to or affordable by the Company.

If no additional operating capital is received during the next twelve months, the Company will be forced to rely on existing cash in the bank and upon

additional funds loaned by management and/or significant stockholders to preserve the integrity of the corporate entity at this time. In the event, the Company is unable to acquire advances from management and/or significant stockholders, the Company's ongoing operations would be negatively impacted.

It is the intent of management and significant stockholders to provide sufficient working capital necessary to support and preserve the integrity of the corporate entity. However, no formal commitments or arrangements to advance or loan funds to the Company or repay any such advances or loans exist. There is no legal obligation for either management or significant stockholders to provide additional future funding.

While the Company is of the opinion that good faith estimates of the Company's ability to secure additional capital in the future to reach our goals have been made, there is no guarantee that the Company will receive sufficient funding to sustain operations or implement any future business plan steps.

Based upon that evaluation, the Company's President, Chief Executive and Financial Officer concluded that the Company's disclosure controls and procedures are effective. There have been no significant changes in the Company's internal controls or in other factors, which could significantly affect internal controls subsequent to the date the Company carried out its evaluation.
