The debenture is convertible at the option of the holder at any time after November 30, 2003 or earlier under certain circumstances at the conversion price of \$3.00 per common share. The Company has the option to repay the debenture at anytime subject to certain restrictions within its amended and restated banking facility. In addition, the Company issued Claridge 250,000 warrants exercisable into an equivalent number of common shares of the Company at a price of \$3.25 per common share. These warrants expire November 30, 2004. Claridge has collateralised the convertible debenture with a second priority security interest on certain of the Company's Canadian and U.S. properties.

The meetings in which new Directors participate (including annual strategic planning sessions) as well as</p>		

discussions with other Directors and with management permit new Directors to familiarize themselves rapidly with the operations of the Company. Facility visits can also be arranged for new Directors.

8. Consider reducing the size of the Board of Directors, with a view to improving effectiveness

The Board of Directors is of the view that its size and composition is somewhat larger than ideal and intends to reduce its size from 11 to 9 over a period of time reducing both related and unrelated Directors.

11

9. The Board of Directors should review compensation of Directors in light of risks and responsibilities

The Corporate Governance Committee, which also acts as the Compensation Committee of the Board of Directors periodically reviews compensation policies in light of market conditions and practices and in light of risks and responsibilities.

10. Committees of the Board of Directors should be composed of a majority of unrelated (non-management) Directors

The Corporate Governance Committee is composed of three outside Directors, two that are unrelated. This Committee also acts as the Compensation Committee. The Corporate Governance Committee has the responsibility, upon the recommendation of the Chairman and Chief Executive Officer, for defining salary classes and levels and extent of participation in incentive programs. In addition, this Committee determines, based on the proposal of the Chairman of the Board, the persons eligible to benefit from the stock option plan and in which proportion, according to their position. The Corporate Governance Committee also assesses the performance of the Chairman and Chief Executive Officer and the Committee's recommendations in this regard are then presented to the Board of Directors. When a vacancy on the Board of Directors needs to be filled, the Chairman of the Board recommends the person or persons whom he deems appropriate to fill the vacancy and submits his proposal to the Corporate Governance Committee. The Corporate Governance Committee can then endorse such recommendations, which, if endorsed, are presented to the Board of Directors.

11. The Board of Directors should expressly assume responsibility for, or assign

The Corporate Governance Committee is responsible for developing and monitoring the Company's approach to

Edgar Filing: STAKE TECHNOLOGY LTD - Form DEFR14A

to a committee the general responsibility for, approach to corporate governance issues

governance issues, the Company's response to the required Guidelines and recommending these policies to the Board of Directors.

12.a. Define limits to Management's responsibilities by developing mandates for:

(i) the Board of Directors

The Board of Directors is, by law, responsible for managing the business and affairs of the Company. Any responsibility which is not delegated to either Management or a Committee remains with the Board of Directors. In general, all matters of policy and all actions proposed to be taken which are not in the ordinary course of business require the prior approval of the Board of Directors or of a Board Committee to which approval authority has been delegated.

(ii) the CEO

The corporate objectives which the Chairman and Chief Executive Officer is responsible for meeting, with the rest of Management placed under his supervision, are determined by the strategic plans and the budget as they are approved each year by the Board of Directors. Performance of the Chairman and Chief Executive Officer and Management is assessed against the achievement of the strategic plans and the budget.

b. the Board of Directors should approve CEO's corporate objectives

The Board of Directors governs the strategic plan and budgets for the Company.

12

12. Establish procedures to enable the Board of Directors to function independently of management

While there are no formal structures in place to ensure that the Board of Directors can function independently of Management, the Board of Directors of the Company is free to ask one or more members of Management to withdraw during certain discussions. In addition, the Directors of the Company would not hesitate to meet without the presence of the members of Management who are also Directors, including the Chairman and Chief Executive Officer, if the circumstances were to so require.

13.a. establish an Audit Committee with a specifically defined mandate

The roles and responsibilities of the Audit Committee have been specifically defined and approved by the Board of

Directors and include the review of the annual and interim financial statements and related statutory filings of the Company. The Audit Committee has direct communication channels with both the internal financial management and external auditors to discuss and review specific issues, as appropriate.

b. all members should be non-management Directors

The Audit Committee is composed of three outside Directors, all of whom are "unrelated" and are advised by the Executive Vice President and Chief Financial Officer.

14. Implement a system to enable individual Directors to engage outside advisors, at the Company's expense

Individual Directors may, if required, retain outside advisors at the Company's expense.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Company has reviewed and discussed with Senior Management the Audited Consolidated Financial Statements of the Company for the fiscal year ended December 31, 2002. The Audit Committee has discussed with PricewaterhouseCoopers LLP, the independent auditors of the Company, the matters required to be discussed by the Statement on Auditing Standards (SAS) No.61 (Communication with Audit Committee), amended by SAS No. 89 (Audit Adjustments) and SAS No. 90 (Audit Committee Communication). The Audit Committee has also received the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1 (which relates to the auditor's independence from the Company and its related entities) and the Audit Committee has discussed with PricewaterhouseCoopers LLP their independence as auditor of the Company. Based on the review and discussions, the Audit Committee of the Company has recommended to the Board of Directors and the Board has approved that the Audited Consolidated Financial Statements of the Company be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2002.

This report is dated as of March 19, 2003 and has been submitted by Joseph Riz (Chairman), James Rifembergh, and Katrina Houde, all of the members of the Audit Committee.

The information contained in this Audit Committee report to the Board of Directors shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the 1934 Securities Exchange Act, as amended, except to the extent that the Company specifically incorporates it by reference in such filing.

Item 2 - APPOINTMENT OF AUDITORS

The Board of Directors has reappointed PricewaterhouseCoopers LLP ("PWC") as independent auditors for the year 2003. The shareholders are being asked to ratify the appointment of PWC for the year 2003 and to authorize the Board of Directors to fix their remuneration.

The Board of Directors recommend that the shareholders vote for the appointment of PWC, formed from the merger in 1998 of Price Waterhouse, Chartered Accountants, and Coopers & Lybrand, Chartered Accountants, who have been the Company's auditors since 1975. In the event that the Shareholders fail to ratify the appointment, the Board of Directors will reconsider its selection.

A representative of PWC will attend the Annual Meeting and will have the opportunity to make a statement if he desires to do so and will be available to respond to appropriate questions from shareholders in attendance.

During the Company's fiscal year ended December 31, 2002, the Company was billed the following aggregate fees by PWC.

14

Audit Fees

The total fees billed by PWC for professional services rendered for the audit of the Company's Consolidated Financial Statements for the fiscal year ended December 31, 2002 and the reviews of the financial statements included in the Company's Forms 10-Q for that fiscal year was \$263,000.

Financial Information Systems Design and Implementation Fees

No fees were billed by PWC to the Company for professional services described in Paragraph (c)(4)(ii) of Rule 2-01 of Regulation S-X (financial information systems design and implementation services).

All Other Fees

PWC billed the Company \$45,000 for services related to compliance and advice on tax matters.

The Audit Committee did consider and conclude that the provision of the non-audit services is compatible with maintaining PWC's independence.

Item 3 - AMENDMENT TO THE COMPANY'S ARTICLES TO CHANGE THE NAME OF THE COMPANY

The Board of Directors has recommended passage of a special resolution to change

Edgar Filing: STAKE TECHNOLOGY LTD - Form DEFR14A

the name of the Company to "SunOpta Inc." and unanimously recommends that the Company's shareholders pass this special resolution. The full text of the special resolution to change the Company's name is set forth in Exhibit B.

The Board has recommended the adoption of the special resolution because the Company's current name no longer fits with the stated mission and focus on development of vertically integrated natural and organic food businesses. The Board of Directors believes the proposed name more accurately reflects the current business of the Company.

Passage of the special resolution authorizing the application for amending articles to change the name of the Company from Stake Technology Ltd. to SunOpta Inc. requires the affirmative vote of two thirds (2/3) of the votes cast at the meeting. Proxies received in favour of management will be voted for the approval of the application for amending articles, unless a shareholder has specified in the proxy that his or her shares are to be voted against such resolution.

In the event the special resolution is not passed by the necessary majority, the name of the Company will not be changed and management has no alternative plans at the present time.

If the resolution is passed, Management will not file the Amended Articles until such time as it's transition plans are completed.

The Board of Directors recommends a vote "For" the Special Resolution.

Item 4 - ADOPTION OF THE COMPANY'S EMPLOYEE STOCK PURCHASE PLAN

General

On May 7, 2003, the Board of Directors adopted, subject to shareholder approval, the Stake Technology Ltd. ("the Company") Employee Stock Purchase Plan (the "Purchase Plan"). The Board of Directors approved the Purchase Plan because the Directors believe that it is desirable to offer employees an inducement to acquire an ownership interest in the Company on a tax-favoured basis.

Set forth below is a general description of the terms of the Purchase Plan, which is qualified in its entirety by reference to the Purchase Plan, a copy of which is attached hereto as Exhibit C.

The Purchase Plan

All employees who work 20 hours or more per week and more than five months in a calendar year and who have been continuously employed by the Company or a Designated Subsidiary for at least the six months immediately prior to any offering period are eligible to participate in the Purchase Plan. However, any employee who would own more than 5% of the voting power of the Company's stock immediately after a grant under the Purchase Plan is not eligible to participate and no participant may purchase more than \$25,000 of common stock in any one calendar year, based on the undiscounted value of the common stock at the beginning of each offering period.

The Purchase Plan is implemented by a series of offering periods, with a new offering period starting on January 1 of each year (or such other times as may be determined by the Board of Directors). If the Purchase Plan is approved, the first offering period will begin on January 1, 2004. To participate in the Purchase Plan, an eligible employee will authorize the Company to deduct up to 10% of the employee's pay, not to exceed \$25,000 per year, beginning on the

Edgar Filing: STAKE TECHNOLOGY LTD - Form DEFR14A

first day of each designated offering period. On the first day of each offering period, each eligible employee who has elected to participate in the Purchase Plan will be granted an option to purchase shares of the Company's common stock. Unless a participating employee withdraws from the Purchase Plan prior to the end of the offering period, on the last day of the offering period the option will be automatically exercised for the purchase of a number of shares of the Company's common stock determined by dividing the employees' contributions during the offering period by the lesser of 90% of (or such other amount as determined by the Board not to exceed 85%) of (i) the fair market value of the common stock on the first day of the Offering period, or (ii) the fair market value of the common stock on the last day of the offering period. Under the Purchase Plan, the fair market value of a share of common stock on a given date shall be based on the closing sale price of the common stock on that trading date, as reported on the NASDAQ Small Cap Market or such other NASDAQ market on which the common stock may be reported for U.S. and foreign residents and as reported on the Toronto Stock Exchange for Canadian residents.

A participant may, on one occasion only during an offering period, decrease the amount of payroll deductions or may withdraw from participation in the Purchase Plan at any time. If a participant withdraws from the Purchase Plan or becomes ineligible to participate in the Purchase Plan, any accumulated employee contributions are paid back to such participant.

The Board of Directors may amend or terminate the Purchase Plan at any time and in any respect without shareholder approval unless shareholder approval of the amendment in question is required under Section 423 of the Internal Revenue Code of 1986, as amended (the "Code"), any national securities exchange or system on which the common stock is then listed or reported, or under any other applicable laws, rules, or regulations. The Purchase Plan will continue in effect until June 30, 2025, subject to the right of the Board of Directors to terminate the Purchase Plan at any earlier time.

Certain Tax Consequences

United States Tax Consequences

The Purchase Plan is intended to qualify as an "employee stock purchase plan" within the meaning of Section 423 of the Code and, as a result, participants will be afforded favorable tax treatment under Sections 421 and 423 of the Code. A participant in an offering under the Purchase Plan will not recognize income subject to Federal income tax at the commencement of an offering period or at the time shares are purchased. However, any discount from the market price on the purchase date may be subject to employment taxes (FICA and FUTA). No Federal income tax consequences result to the Company at the commencement of an offering period under the Purchase Plan, upon the subsequent purchases of Common Stock by participants, or upon the disposition of shares acquired under the Purchase Plan other than with respect to a disqualifying disposition (as described below). If no disposition of the common stock purchased in an offering period is made within two years from the commencement of such offering period or within one year from the date the common stock are transferred to the employee, then upon subsequent disposition of the shares, the participant will recognize ordinary income equal to the

lesser of the gain recognized or 10 percent of the market price of the common stock on such commencement date under the discount factor currently fixed at 10 percent under the purchase plan. Any additional gain will be capital gain, and any loss recognized will be capital loss.

Edgar Filing: STAKE TECHNOLOGY LTD - Form DEFR14A

If the common stock's are disposed of within either two years after the option is granted or within one year after the participant receives the shares (a so-called disqualifying disposition), the participant will recognize ordinary income at the time of such disposition in an amount equal to the difference between the fair market value of the common stock at the time such shares were purchased and the purchase price of the common stocks, and the Company will generally be entitled to a corresponding deduction from its income. Any difference between such fair market value and the disposition price will be treated as capital gain or loss to the participant and will not be deductible by the Company.

Canadian Tax Consequences

The Purchase Plan does not qualify for any special treatment under the Income Tax Act (Canada). Section 7 of the Act governs the issuance of securities to employees and provides that the employee, upon acquiring securities, is deemed to have acquired a taxable benefit of the amount by which the value of the securities of the date of acquisition exceeds the acquisition price.

Other Information

It is not possible to determine the benefits that U.S. and Canadian employees will receive under the Purchase Plan since the number of shares and exercise prices for the options granted under the Purchase Plan depend on fluctuating market prices and cannot be determined until the end of each offering period.

The Board of Directors recommends that the stockholders vote FOR approval of the adoption of the Company's Employee Stock Purchase Plan and the reservation of 1,000,000 shares of the Company's common stock for issuance under the plan.

Passage of the resolution approving the adoption of the proposed employee stock purchase plan requires a simple majority of the votes cast at the meeting. Proxies received in favour of management will be voted for the adoption of such plan, unless a shareholder has specified in the proxy that his or her shares are to be voted against such resolution. In the event shareholder approval of the adoption of the plan is not given, the plan will not be implemented.

SHAREHOLDERS' PROPOSALS

All proposals of Shareholders intended to be presented at the Company's Annual Meeting of Shareholders in 2004, must be received at the Company's Executive Office no later than February 15, 2004 for inclusion in the Information Circular and Form of Proxy related to that meeting. The Company's next Annual Meeting of Shareholders is planned for June 2004.

OTHER MATTERS

NASDAQ corporate governance rules state that the required quorum for the Annual Meeting of Shareholders cannot be represented by less than 33 1/3% of the outstanding common shares. Therefore shareholders of at least 14, 205,650 common shares must participate directly or be present by proxy to validate the quorum requirements.

The Company encourages all of its shareholders to participate in the Annual and Special Meeting.

The Management of the Company does not know of any matters other than those stated in this Information Circular, which are to be presented for action at the meeting. If any other matters should properly come before the meeting, proxies will be voted on the other matters in accordance with the best judgement of the persons voting the proxies.

Any option granted under the Plan shall be deemed to be modified to the extent necessary to satisfy this paragraph 3(b).

4. Offering Periods. The Plan shall be implemented by a series of Offering Periods, with a new Offering Period commencing on January 1 of each year (or at such other time or times as may be determined by the Board of Directors). The Plan shall continue until terminated in accordance with paragraph 19 hereof. The Board shall have the power to change the duration and/or the frequency of Offering Periods with respect to future offerings without stockholder approval if such change is announced at least 15 days prior to the scheduled beginning of the first Offering Period to be affected.

5. Participation.

(a) An eligible Employee may become a participant in the Plan by completing an Enrollment Form provided by the Company and filing it with the Company or its designee prior to the applicable Offering Date. The enrollment form and its submission may be electronic as directed by the Company. The enrollment form shall set forth the percentage of the participant's Compensation (which shall be not less than 1% and not more than 10%) to be paid as Contributions pursuant to the Plan.

(b) Payroll deductions shall commence with the first payroll following the Offering Date and shall end on the last payroll paid on or prior to the Exercise Date of the Offering Period to which the Enrollment Form is applicable, unless sooner terminated as provided in paragraph 10.

6. Method of Payment of Contributions.

(a) Each participant shall elect to have payroll deductions made on each payroll during the Offering Period in an amount not less than 1% and not more than 10% of such participant's Compensation on each such payroll; provided that the aggregate of such payroll deductions during the Offering Period shall not exceed 10% of the participant's aggregate Compensation during said Offering Period (or such greater percentage as the Board may establish from time to time before an Offering Date). All payroll deductions made by a participant shall be credited to his or her account under the Plan. A participant may not make any additional payments into such account.

25

(b) A participant may discontinue his or her participation in the Plan as provided in paragraph 10, or, on one occasion only during the Offering Period, may decrease, but may not increase, the rate of his or her Contributions during the Offering Period by completing and filing with the Company a new Enrollment Form authorizing a change in the deduction rate. The change in rate shall be effective as of the beginning of the next payroll period following the date of filing of the new Enrollment Form, if the Enrollment Form is completed at least ten days prior to such date, and, if not, as of the beginning of the next succeeding payroll period.

Edgar Filing: STAKE TECHNOLOGY LTD - Form DEFR14A

(c) Notwithstanding the foregoing, to the extent necessary to comply with Section 423(b)(8) of the Code and paragraph 3(b), a participant's payroll deductions may be decreased to zero at such time and for so long as the aggregate of all payroll deductions accumulated with respect to the current Offering Period and any other Offering Period ending within the current calendar year equals USD \$25,000 or CDN \$37,500.

7. Grant of Option.

(a) On the Offering Date of each Offering Period, each eligible Employee participating in such Offering Period shall be granted an option to purchase on the Exercise Date of such Offering Period a number of shares of the Common Stock determined by dividing such Employee's Contributions accumulated prior to such Exercise Date and retained in the participant's account as of the Exercise Date by the applicable Exercise Price; provided however, that such purchase shall be subject to the limitations set forth in paragraphs 3(b) and 12. The fair market value of a share of the Common Stock shall be determined as provided in paragraph 7(b).

(b) The fair market value of the common stock on a given date shall be determined by the Board based on (i) if the Common Stock is listed on a National Securities Exchange or traded in the over-the-counter market and sales prices are regularly reported for the Common Stock, the closing or last sale price of the common stock for such date (or, in the event that the Common Stock is not traded on such date, on the immediately preceding trading date), on the composite tape or other comparable reporting system or (ii) if the common stock is not listed on a national securities exchange and such price is not regularly reported, the mean between the bid and asked prices per share of the common stock at the close of trading in the over-the-counter market.

8. Exercise of Option. Unless a participant withdraws from the Plan as provided in paragraph 10, his or her option for the purchase of shares will be exercised automatically on the Exercise Date of the Offering Period, and the maximum number of full shares of common stock subject to the option will be purchased for him or her at the applicable Exercise Price with the accumulated Contributions in his or her account. If a fractional number of shares results, then such number shall be rounded down to the next whole number and any unapplied cash shall be carried forward to the next Exercise Date, unless the participant requests a cash payment. The common stock purchased upon exercise of an option hereunder shall be deemed to be transferred to the participant on the Exercise Date. During a participant's lifetime, a participant's option to purchase shares hereunder is exercisable only by him or her.

9. Delivery. Upon the written request of a participant, certificates representing the common stock purchased upon exercise of an option will be issued as promptly as practicable after the Exercise Date of each Offering Period to participants who wish to hold their shares in certificate form. Any cash remaining in a participant's account under the Plan after a purchase by him or her of common stock at the termination of each Offering Period shall be carried forward to the next Exercise Date unless the participant requests a cash payment.

10. Withdrawal; Termination of Employment.

(a) A participant may withdraw all but not less than all the Contributions credited to his or her account under the Plan at any time prior to the Exercise Date of the Offering Period by giving written notice to the Company or its designee. All of the participant's Contributions credited to his or her account will be paid to him or her promptly after receipt of his or her notice of withdrawal and his or her option for the current period will be automatically terminated, and no further Contributions for the purchase of shares will be made

during the Offering Period.

(b) Upon termination of the participant's Continuous Status as an Employee prior to the Exercise Date of the Offering Period for any reason, including retirement or death, the Contributions credited to his or her account will be returned to him or her or, in the case of his or her death, to the person or persons entitled thereto under paragraph 14, and his or her option will be automatically terminated.

(c) In the event an Employee fails to remain in Continuous Status as an Employee for at least 20 hours per week during the Offering Period in which the Employee is a participant, he or she will be deemed to have elected to withdraw

26

from the Plan and the Contributions credited to his or her account will be returned to him or her and his or her option terminated.

(d) A participant's withdrawal from an Offering Period will not have any effect upon his or her eligibility to participate in a succeeding offering or in any similar plan which may hereafter be adopted by the Company.

11. Interest. No interest shall accrue on the Contributions of a participant in the Plan.

12. Stock.

(a) The maximum number of shares of common stock which shall be made available for sale under the Plan shall be 1,000,000 shares, subject to adjustment upon changes in capitalization of the Company as provided in paragraph 18. If the total amount of common stock which would otherwise be subject to options granted pursuant to paragraph 7(a) on the Offering Date of an Offering Period exceeds the amount of common stock then available under the Plan (after deduction of all shares for which options have been exercised or are then outstanding), the Company shall make a pro rata allocation of the common stock remaining available for option grants in as uniform a manner as shall be practicable and as it shall determine to be equitable. Any amounts remaining in an Employee's account not applied to the purchase of common stock pursuant to this paragraph 12 shall be refunded on or promptly after the Exercise Date. In such event, the Company shall give written notice of such reduction of the amount of common stock subject to the option to each Employee affected thereby and shall similarly reduce the rate of Contributions, if necessary.

(b) The participant will have no interest or voting right in common stock covered by his or her option until such option has been exercised.

13. Administration. The Board shall supervise and administer the Plan and shall have full power to adopt, amend and rescind any rules deemed desirable and appropriate for the administration of the Plan and not inconsistent with the Plan, to construe and interpret the Plan, and to make all other determinations necessary or advisable for the administration of the Plan.

14. Designation of Beneficiary.

(a) A participant may designate a beneficiary who is to receive any common stock and cash, if any, from the participant's account under the Plan in the event of such participant's death subsequent to the end of the Offering Period but prior to delivery to him or her of such common stock and cash. In addition, a participant may designate a beneficiary who is to receive any cash

Edgar Filing: STAKE TECHNOLOGY LTD - Form DEFR14A

from the participant's account under the Plan in the event of such participant's death prior to the Exercise Date of the Offering Period. If a participant is married and the designated beneficiary is not the spouse, spousal consent shall be required for such designation to be effective. Beneficiary designations shall be made either in writing or by electronic delivery as directed by the Company.

(b) Such designation of beneficiary may be changed by the participant (and his or her spouse, if any) at any time by submission of the required notice, which may be electronic. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Company shall deliver such common stock and/or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such common stock and/or cash to the spouse or to any one or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

15. Transferability. Neither Contributions credited to a participant's account nor any rights with regard to the exercise of an option or to receive common stock under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in paragraph 14) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw funds in accordance with paragraph 10.

16. Reports. Individual accounts will be maintained for each participant in the Plan. Statements of account will be given to participating Employees promptly following the Exercise Date, which statements will set forth the amounts of Contributions, the per share purchase price, the number of shares purchased and the remaining cash balance, if any.

17. Adjustments Upon Changes in Capitalization. Subject to any required action by the stockholders of the Company, the number of shares of Common Stock covered by unexercised options under the Plan and the number of

27

shares of common stock which have been authorized for issuance under the Plan but are not yet subject to options (collectively, the "Reserves"), as well as the price per share of common stock covered by each unexercised option under the Plan, shall be proportionately adjusted for any increase or decrease in the number of issued shares of common stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the common stock, or any other increase or decrease in the number of shares of common stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration." Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issue by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of common stock subject to an option.

In the event of the proposed dissolution or liquidation of the Company, an Offering Period then in progress will terminate immediately prior to the consummation of such proposed action, unless otherwise provided by the Board. In

Edgar Filing: STAKE TECHNOLOGY LTD - Form DEFR14A

the event of a proposed sale of all or substantially all of the assets of the Company, or the merger, consolidation or other capital reorganization of the Company with or into another the Company, each option outstanding under the Plan shall be assumed or an equivalent option shall be substituted by such successor the Company or a parent or subsidiary of such successor the Company, unless the Board determines, in the exercise of its sole discretion and in lieu of such assumption or substitution, to shorten the Offering Period then in progress by setting a new Exercise Date (the "New Exercise Date"). If the Board shortens the Offering Period then in progress in lieu of assumption or substitution in the event of a merger or sale of assets, the Board shall notify each participant in writing, at least ten days prior to the New Exercise Date, that the Exercise Date for his or her option has been changed to the New Exercise Date and that his or her option will be exercised automatically on the New Exercise Date, unless prior to such date he or she has withdrawn from the Offering Period as provided in paragraph 10. For purposes of this paragraph, an option granted under the Plan shall be deemed to be assumed if, following the sale of assets, merger or other reorganization, the option confers the right to purchase, for each share of common stock subject to the option immediately prior to the sale of assets, merger or other reorganization, the consideration (whether stock, cash or other securities or property) received in the sale of assets, merger or other reorganization by holders of Common Stock for each share of Common Stock held on the effective date of such transaction (and if such holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares of common stock); provided, however, that if such consideration received in such transaction was not solely common stock of the successor the Company or its parent (as defined in Section 424(e) of the Code), the Board may, with the consent of the successor the Company, provide for the consideration to be received upon exercise of the option to be solely common stock of the successor the Company or its parent equal in fair market value to the per share consideration received by holders of common stock in the sale of assets, merger or other reorganization.

The Board may, if it so determines in the exercise of its sole discretion, also make provision for adjusting the reserves, as well as the price per share of common stock covered by each outstanding option, in the event that the Company effects one or more reorganizations, recapitalizations, rights offerings or other increases or reductions of shares of its outstanding Common Stock, and in the event of the Company being consolidated with or merged into any other the Company.

18. Amendment or Termination.

(a) The Board may at any time terminate or amend the Plan. Except as provided in paragraph 18, no such termination may affect options previously granted, nor may an amendment make any change in any option theretofore granted which adversely affects the rights of any participant provided that an Offering Period may be terminated by the Board on an Exercise Date or by the Board's setting a new Exercise Date with respect to an Offering Period then in progress if the Board determines that termination of the Offering Period is in the best interests of the Company and the stockholders or if continuation of the Offering Period would cause the Company to incur adverse accounting charges in the generally-accepted accounting rules applicable to the Plan. In addition, to the extent necessary to comply with Section 423 of the Code (or any successor rule or provision or any applicable law or regulation), the Company shall obtain stockholder approval in such a manner and to such a degree as so required.

(b) Without stockholder consent and without regard to whether any participant rights may be considered to have been adversely affected, the Board shall be entitled to change the Offering Periods, change the Discount Factor between 0 and 15%, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than Canadian or United States dollars,

Edgar Filing: STAKE TECHNOLOGY LTD - Form DEFR14A

permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each participant properly correspond with amounts withheld from the participant's Compensation, and establish such other limitations or procedures as the Board determines in its sole discretion advisable that are consistent with the Plan.

28

19. Notices. All notices or other communications by a participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

20. Conditions Upon Issuance of Shares. Shares of common stock shall not be issued with respect to an option unless the exercise of such option and the issuance and delivery of such shares of common stock pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which the shares of common stock may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

As a condition to the exercise of an option, the Company may require the person exercising such option to represent and warrant at the time of any such exercise that the shares of common stock are being purchased only for investment and without any present intention to sell or distribute such shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.

21. Right to Terminate Employment. Nothing in the Plan or in any agreement entered into pursuant to the Plan shall confer upon any Employee or other optionee the right to continue in the employment of the Company or any Subsidiary, or affect any right which the Company or any Subsidiary may have to terminate the employment of such Employee or other optionee.

22. Rights as a Stockholder. Neither the granting of an option nor a deduction from payroll shall constitute an Employee the owner of shares covered by an option. No optionee shall have any right as a stockholder unless and until an option has been exercised, and the shares of common stock underlying the option have been registered in the Company's share register.

23. Term of Plan. The Plan became effective upon its adoption by the Board in May 2003 and shall continue in effect until June 30, 2025 unless sooner terminated under paragraph 19.

24. Applicable Law. This Plan shall be governed in accordance with the laws of the Province of Ontario, applied without giving effect to any conflict-of-law
