Item 1.01 Entry Into a Material Definitive Agreement.

On October 1, 2014, Harvard Bioscience, Inc. (the “Company”) issued a press release announcing that on such date it completed the acquisition of two privately held life science companies: Multi Channel Systems MCS GmbH, a German company with limited liability headquartered in Reutlingen, Germany (“MCS”) and Triangle BioSystems, Inc., a Delaware corporation based in Durham, North Carolina (“TBSI”). The full text of the press release is filed as Exhibit 99.1 to this Current Report on Form 8-K.

Multi Channel Systems MCS GmbH

To consummate the acquisition of MCS, on October 1, 2014, Biochrom Limited, a limited company incorporated in the United Kingdom and a wholly owned subsidiary of the Company (“Biochrom”), entered into a Share Purchase Agreement (the “MCS Purchase Agreement”) with Multi Channel Systems Holding GmbH, a German company with limited liability (“MCS Seller”), pursuant to which Biochrom agreed to acquire all of the outstanding shares of MCS from the MCS Seller. The closing of the acquisition of MCS occurred simultaneously with the signing of the MCS Purchase Agreement. The initial estimated purchase price for the purchase of MCS consisted of approximately €7.5 million in cash.

The MCS Purchase Agreement contains customary representations, warranties and indemnification provisions, as well as a customary post-closing adjustment to the estimated purchase price based on reviews of the closing calculations of financial liabilities, cash and working capital. In addition, the MCS Purchase Agreement contains non-competition provisions pursuant to which the MCS Seller and key MCS employees agreed that they would not directly or indirectly engage in the current business of MCS existing as of closing date of the transaction, for a period of five years beginning on the closing date of the transaction.

The preceding description of the MCS Purchase Agreement is a summary of its material terms, does not purport to be complete, and is qualified in its entirety by the copy of the MCS Purchase Agreement, which is filed herewith as Exhibit 2.1.

Triangle BioSystems, Inc.

To consummate the acquisition of TBSI, on October 1, 2014, the Company entered into a Stock Purchase Agreement (the “TBSI Purchase Agreement”) with TBSI, and the shareholders of TBSI (“TBSI Sellers”) and James Morizio, as TBSI Sellers’ representative, pursuant to which the Company agreed to acquire all of the outstanding shares of TBSI. The closing of the acquisition of TBSI occurred simultaneously with the signing of the TBSI Purchase Agreement. The initial estimated purchase price for the purchase of TBSI consisted of approximately \$1.6 million in cash, net of acquired cash.

The TBSI Purchase Agreement contains customary representations, warranties and indemnification provisions, as well as a post-closing adjustment to the estimated purchase price based on reviews of the closing calculations of the estimated closing cash and closing accounts receivables. In addition, the TBSI Purchase Agreement required the key shareholder, James Morizio, and certain key employees, to execute non-competition and non-solicitation agreements in favor of the Company and TBSI.

The preceding description of the TBSI Purchase Agreement is a summary of its material terms, does not purport to be complete, and is qualified in its entirety by the copy of the TBSI Purchase Agreement, which is filed herewith as Exhibit 2.2.
