**CAMTEK REPORTS PRELIMINARY INFORMATION
ON REVENUES FOR THE FIRST AND SECOND QUARTERS OF 2005**

First Quarter's Revenue Range: \$8.5 to \$9 Million

Expects Second Quarter's Revenues to Return to the \$16-18 Million Level

MIGDAL HA EMEK, Israel, April 5 – Camtek Ltd. (Nasdaq: CAMT) reported today that it expects to report revenues of between \$8.5 and \$9 million for the first quarter of 2005. The Company anticipates a stronger performance during the rest of the year; the second quarter is already expected to show a recovery with revenues between \$16 and \$18 million.

Camtek will report its financial results for the first quarter during the third week of May 2005.

Rafi Amit, Camtek's CEO, commented: "Our first quarter decline in sales was due to a flattening in the demand for production capacity. After a year of exceptional growth in capacity, our customers delayed their purchasing decisions until the very end of the quarter. In fact, we received many of the orders in the first quarter during March, after the Chinese New Year and the major trade show in Shanghai, where our newest models have raised significant interest."

Rafi Amit continued, "We believe that the flattening in capacity build-up was short-term, and in the second quarter, we have already seen strong indications that our customers are again accelerating their purchase decisions and the demand for production capacity is strengthening. Over the past few weeks, we have seen a significant increase in orders. Therefore, we expect to recognize second quarter revenues of between \$16 and \$18 million, with revenues growing over the rest of the year."

ABOUT CAMTEK LTD.

With headquarters in Migdal Ha Emek Israel, Camtek Ltd., designs, develops, manufactures, and markets automatic optical inspection systems and related products. Camtek's automatic inspection systems are used to enhance both production processes and yield for manufacturers in the printed circuit board industry, the high density interconnect substrate industry and the semiconductor manufacturing and packaging industry. This press release is available at www.camtek.co.il.

This press release may contain projections or other forward-looking statements regarding future events or the future performance of the Company. These statements are only predictions and may change as time passes. We do not assume any obligation to update that information. Actual events or results may differ materially from those projected, including as a result of changing industry and market trends, reduced demand for our products, the timely development of our new products and their adoption by the market, increased competition in the industry, price reductions as well as due to risks identified in the documents filed by the Company with the SEC.
