DIRECTORS' SHARE INTERESTS - SECTION 329 COMPANIES ACT 1985

Following the end of the three year performance period for the conditional awards of shares made and conditional options granted on May 15, 2001, under the Hanson Long Term Incentive Plan (the "LTIP") and Hanson Share Option Plan (the "Option Plan"), respectively, approximately 1,120,000 Hanson ordinary shares ("shares") have vested on May 15, 2004 in approximately 300 LTIP participants and approximately 283,000 shares have vested in 24 Option Plan participants (ie have become capable of being exercised over the next 7 years at an exercise price of 473.3p per share).

There were two performance measurements to be satisfied for participants to become entitled under the Plans.

Half of the conditional awards of shares vested under the LTIP and half of the conditional options granted under the Option Plan were dependent on Hanson's total shareholder return ("TSR") over a three year performance period, compared to the members of an international peer group of 21 companies. Hanson's TSR for this performance period exceeded 12 members of the comparator group. In accordance with the performance criteria, 53.34% of the conditional awards / grants of options subject to the TSR performance measurement vested on May 15, 2004.

The remaining half of the conditional award of shares under the LTIP and the remaining half of the conditional options granted under the Option Plan were subject to the attainment of an economic value added target. For the economic value added measurement, a linear vesting schedule applied and the improvement over the three years of the performance period means that 25% of the conditional awards / grants of option subject to the economic value added performance measurement vested on May 15, 2004.

Overall 39.17% of the conditional awards under the LTIP and 39.17 % of the conditional grants of option under the Option Plan vested, with the balance of the awards and grants, respectively, lapsing.

Details of the participation of the executive directors of Hanson in the LTIP vesting are set out below:-

| Director | Shares vesting | Reduction in shares vesting (1) | Shares retained | Resultant interest in shares |
|--------------|----------------|---------------------------------|-----------------|------------------------------|
| A J Murray | 67,458 | 27,658 | 39,800 | 238,461 |
| J C Nicholls | 24,000 | 9,840 | 14,160 | 69,875 |
| G Dransfield | 24,000 | 9,840 | 14,160 | 132,994 |

1. The directors concerned elected to satisfy their liabilities to income tax and national insurance contributions, arising on the vesting of shares under the LTIP, out of the share award.

Shares retained by the directors and other participants in the LTIP will be transferred from the Hanson Employee Share Trust.

Details of the participation of the executive directors of Hanson in the Option Plan are set out below:-

| Director | Number of shares under option vesting | Exercise price | Expiry date of option |
|--------------|--|----------------|-----------------------|
| J C Nicholls | 24,000 | 473.3p | May 14, 2011 |
| G Dransfield | 24,000 | 473.3p | May 14, 2011 |

Yours faithfully
