PROXY STATEMENT

FOR ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD ON JULY 8, 2003

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of AZZ incorporated (the Company) for use at the Annual Meeting of the Shareholders of the Company to be held at the City Club, Tower II, In the Presidents Room, 301 Commerce Street, Fort Worth, Texas, on July 8, 2003, at 10:00 a.m., and at any adjournment or adjournments thereof (the Annual Meeting). This Proxy Statement and the accompanying proxy are being mailed on or about June 6, 2003, to the shareholders of the Company.

QUORUM AND VOTING INFORMATION

At the close of business on May 12, 2003, the record date for determination of shareholders entitled to notice of and to vote at the meeting, there were outstanding 5,286,988 shares of common stock, \$1.00 par value, of the Company (the Common Stock). The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock is necessary to constitute a quorum at the meeting. All shares represented at the meeting in person or by proxy shall be counted in determining the presence of a quorum.

Each holder of shares of Common Stock will be entitled to one vote, in person or by proxy, for each share of Common Stock of the Company owned of record at the close of business on May 12, 2003. Cumulative voting for directors is not permitted. Directors are elected by plurality vote and, therefore, the three nominees receiving the highest number of affirmative votes shall be elected as directors provided a quorum is present. Abstentions and broker non-votes will not be considered part of the voting power present with respect to any matter on which such shares abstained or were not qualified to vote, which will have the effect of reducing the number of shares voting affirmatively that is required to approve a matter requiring a majority vote. Therefore, assuming a quorum is present, if more shares vote for approval of the appointment of the independent auditors than vote against, this matter will pass. All shares of Common Stock represented by a valid proxy will be voted. A proxy may be revoked at any time before it is voted by filing with the Secretary of the Company a written revocation of the proxy or a duly executed proxy bearing a later date.

The cost of preparing, assembling and mailing the Notice of Annual Meeting of Shareholders, the Proxy Statement and the accompanying proxy will be borne by the Company. In addition to solicitation of proxies by mail, certain officers and employees of the Company, without additional compensation for such services, may solicit proxies by telephone, fax or personal contact. The Company will also supply brokerage firms and other custodians, nominees, and fiduciaries with such number of proxy materials as they may require for mailing to beneficial owners and will reimburse them for their reasonable expenses in connection with those mailings.

BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD

Organization of the Board: Meetings

During the fiscal year ended February 28, 2003, there were seven (7) meetings of the Board of Directors. For that year each non-employee director was paid a monthly retainer of \$900 and a fee of \$1,200 for each quarterly meeting of the Board of Directors and \$400 for each special meeting of the Board of Directors attended. Dr. H. Kirk Downey was elected non-executive Chairman of the Board on December 4, 2002. As Chairman of the Board, Dr. Downey's retainer changed from \$900 per month to \$5,000 per month effective December 1, 2002. Mr. Martin, as an employee director until January 28, 2003, was paid a monthly retainer of \$500 and a fee of \$600 for each quarterly meeting of the Board of Directors and \$200 for each other meeting of the Board of Directors attended. Each committee member was paid a fee of \$400 for each meeting of a committee attended.

Under the 1999 Independent Director Share Ownership Plan (the Plan), each independent member of the Board of Directors has been granted 500 shares of Common Stock after each annual meeting of the shareholders, beginning with the 1999 annual meeting, after which he continued to serve as a director. Mr. Martin, as an employee director, has been granted 1,000 shares of common stock after each annual meeting of the shareholders beginning with the 2001 annual meeting, after which he continued to serve as a director. Also, under the Plan each newly elected independent director who has not previously served on the Board of Directors, whether elected by the Board of Directors or the shareholders, is granted such number of shares as the Board of Directors may deem appropriate, but not less than 1,000 shares of Common Stock, or if less, Common Stock having a value of \$15,000. Grants under the Plan terminate as to each independent director when a total of 5,000 shares have been granted to him or her. During their tenure on the Board of Directors each director is to retain a number of shares of Common Stock equal to at least one-half the number of shares granted pursuant to the Plan. Additionally, options to purchase shares of the Company's Common Stock have been granted from time to time to the Directors who are not employees of the Company. Options were granted during fiscal 2003 to purchase 2,000 shares of Common Stock at \$15.40 a share, the market price on the date of grant.

During the fiscal year ended February 28, 2003, each of the current directors of the Company attended more than 75 percent of the aggregate of (i) the total number of meetings of the Board of Directors and (ii) the total number of meetings held by all committees of the board on which he or she served.

PROPOSAL NO. 1: ELECTION OF DIRECTORS

The Bylaws of the Company generally have provided for nine directors and classified the Board of Directors into three classes, each class consisting of three directors, the members of which have served for three years. In March 2001 the Company's Bylaws were amended to provide that the Board of Directors shall consist of ten directors until the 2004 annual shareholders meeting, after which the Board of Directors shall consist of nine directors. At the July 8, 2003 annual meeting the terms of Messrs. David H. Dingus, Dana L. Perry and Daniel E. Berce will expire. Messrs. Dingus, Perry and Berce have been nominated by the Board of Directors for election to a new three-year term ending at the annual shareholders meeting in 2006. The Board of Directors will continue after the annual meeting to have one vacancy among the group of four

directors whose term expires at the 2004 annual shareholders meeting. That vacancy resulted from the resignation of Mr. L.C. Martin as a director on January 28, 2003. Under the bylaws of the Company, the size of the Board of Directors will be reduced to nine at the 2004 annual shareholders meeting.

Mr. W. C. Walker and Mr. Robert H. Johnson who served as Directors of the Company for many years, have served as Advisory Directors since 2000. Company policy permits the election of a former director who has reached retirement age to one term of up to three years as an Advisory Director and as of the annual meeting each of Messrs. Walker and Johnson will have served as Advisory Directors for three years. Advisory Directors receive the same cash retainer and meeting attendance fees received by active members of the Board of Directors and, like active members of the Board of Directors, receive a grant of 500 shares of the Common Stock of the Company after each annual shareholders meeting after which they continue to serve as an Advisory Director until they have received a total of 5,000 shares, including shares received while serving as an active member of the Board of Directors. The term of any stock options which had been acquired by an Advisory Director while an independent director, does not terminate as the result of his or her change in status, and an Advisory Director may continue to vest in stock options previously granted by reason of his or her prior status as an independent director but no new stock options are granted to an Advisory Director. Advisory Directors do not have the duties or responsibilities of directors, may not vote on any matter coming before the Board and serve at the pleasure of the Board.

All of the nominees are now directors of the Company. All of the nominees have consented to serve if elected. If for any unforeseen reason a nominee would be unable to serve if elected, the persons named in the accompanying proxy may exercise their discretion to vote for a substitute nominee selected by the Board of Directors. However, the Board of Directors has no reason to anticipate that any of the nominees will not be able to serve, if elected.

It similarly reviews quarterly financial reports and earnings press releases. The Audit Committee also has oversight of the Company's internal audit function and compliance by the Company with various policies, procedures and legal standards.

The Audit Committee operates under a written charter, which was adopted in revised form by the Board of Directors on April 2, 2003. A copy of the full text of the charter is attached as Exhibit A. The Audit Committee reviews and assesses the adequacy of its charter on an annual basis.

Based on the review and discussions referred to in the preceding paragraph, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for its fiscal year ended February 28, 2003.

PROPOSAL NO. 2: RATIFICATION OF APPOINTMENT OF AUDITORS

Subject to ratification by the shareholders, the Audit Committee has selected the firm of Ernst & Young LLP, (Ernst & Young) to be the independent auditors of the Company for the fiscal year ending February 29, 2004. The Audit Committee reviews and proposes audit and non-audit services to be performed by Ernst & Young and approves the fees charged by Ernst & Young for such services. Each of the employment agreements is for a term of thirty-six months from March 1, 2001 and is automatically extended for additional one year periods on each anniversary of that date unless either party gives written notice to the other at least thirty days in advance of an anniversary date. The Dingus Employment Agreement provides an annual base salary of \$350,000, permits him to participate annually in an incentive bonus plan and originally provided long term incentive compensation in the form of annually granted options to purchase shares of the Company s common stock having an aggregate value of \$641,667 on the date of grant. By agreements entered into in May of 2003, Messrs. Dingus, Perry and the Company agreed to a revision of the stock option provisions of their Employment Agreements providing that they shall receive stock options grants under such terms, if any, as the Board of Directors may deem appropriate. Both employment agreements permit termination for cause with payment of salary accrued to the date of termination. In the event of termination without cause, both employment agreements require payment of an amount equal to base salary for a period from the date of termination to the end of the term of the employment agreement, but in any event for a period of at least twenty-four months and payment of any amounts accrued under any employee plan.

The Compensation Committee of the Company has retained the services of an executive compensation consultant to advise it in connection with a review of the Company s annual incentive and long term incentive programs for Messrs. Dingus, Perry and all other key employees.

All of the Named Executives, other than Mr. Martin, have entered into agreements (the Change in Control Agreements) with the Company providing for payments to them following a change in the control of the Company. The Dingus and Perry Employment Agreements provide that (i) the employment agreement shall terminate in the event of a change in control, (ii) no termination pay shall be due as a result of such contract termination, (iii) the executives will receive the payment called for by their Change in Control Agreement, and (iv) their employment status after the change in control will be subject to negotiation between the executives and the Board as it is constituted after the change in control.

Under the Dingus and Perry Change in Control Agreement, a payment equal to 2.99 times their base amount as that term is used in Section 280G(b)(3) of the Internal Revenue Code of 1986, as amended, will be made to them upon completion of a period of service by them in connection with the transition of control (the Service Term). The Service Term extends for a period of one year from occurrence of a change in control or, if shorter, until the termination of their employment by reason of (i) total disability, (ii) death, (iii) termination by the Company for any reason other than for good cause or (iv) voluntary termination by the executive for good reason, as defined in the Change in Control Agreement. The Company also has Change in Control Agreements with its other Named Executives. Under those Change in Control Agreements the other Named Executives would receive, in the event of a change in control, a payment equal to two times their base salary if, within two years following a change in control they are terminated by the Company for reasons other than cause or if the executive terminates employment for good reason.

Management Incentive Compensation Plan

The Company's Management Incentive Compensation Plan is designed to encourage the Company's key management to contribute their best efforts and management skills in an effort to help the Company achieve its budgeted financial goals for the current fiscal year. Each participant in the plan is assigned one or more objective goals taken from the Company's budget for the current year. The Company's success in reaching those goals determines the size of the cash incentive bonus received by each participant. The sole determining factor for Messrs. Dingus and Perry, whose responsibilities are Company wide, is diluted earnings per share. The determining factors for Messrs. Wright, Watson and Petro, whose responsibilities relate, in the case of Mr. Wright, to the Company's Galvanizing Service Segment and, in the case of Messrs. Watson and Petro, to the Electrical Products Groups of the Company's Electrical and Industrial Products Segment, include not only diluted earnings per share but also revenue, operating income and return on assets for their respective segments. Bonuses under the Management Incentive Compensation Plan may not exceed 67.5% of base salary for the Named Executives. The maximum bonus is reached by the Named Executives by achieving an average performance level of 125% of their performance goals. The Compensation Committee has authority to increase or decrease the amount of the cash incentive bonus determined by the plan formula in order to recognize the effects on performance targets resulting from efforts to enhance either short term or long term shareholder value.

The options are for a term of 10 years, subject to earlier termination related to termination of employment.
- (d) The options above were granted at the average of the high and low prices on the New York Stock Exchange at date of grant.
- (f) & (g) These columns reflect the potential realizable value of each grant assuming the market value of the Company's stock appreciates at 5 percent and 10 percent, compounded annually, from the date of grant over the term of the option. There is no assurance that the actual stock price appreciation over the 10 year option term will be at the assumed 5 percent or 10 percent levels or at any other level. Unless the market price of the stock does in fact appreciate over the option term, no value will be realized from the option grants. These calculations are based on requirements promulgated by the Securities Exchange Commission and do not reflect the Company's estimate of future price growth.

COMPENSATION COMMITTEE REPORT

Under the Compensation Committee Charter, the Compensation Committee is delegated broad authority to determine the compensation and benefits paid the Company's key management personnel, including the Named Executives and is directed to take into account during its deliberations the following goals: (i) provision of incentives and rewards that will attract and retain highly qualified and productive people; (ii) motivation of employees to high levels of performance; (iii) differentiation of individual pay based on performance; (iv) consideration of external competition for management talent and internal equity among employees; and (v) alignment of Company, employee and shareholder interests.

In order to meet these goals, the Compensation Committee strives to develop compensation packages for the Named Executives made up of a balanced combination of base salary, annual incentive bonus and long term compensation. The compensation of the Company's Named Executives, including the Employment Agreements with the Company's Chief Executive Officer and Chief Financial Officer, each address these forms of compensation.

Base Salary. The base salary provided in the Employment Agreements with the Company's Chief Executive Officer and the Company's Chief Financial Officer, and the base salary of the other Named Executives are designed to be competitive with the salaries of other executives holding similar positions with other companies of similar size and complexity.

Edgar Filing: AZZ INC - Form DEF 14A

Annual Incentive Compensation. The purpose of the annual cash incentive compensation plan is to encourage the Named Executive to contribute their best efforts and management skills toward achieving

predetermined objectives derived from the Company's budgeted financial goals for its current fiscal year. The Compensation Committee retains authority to vary the results of application of the short term incentive formula in order to recognize the effects on performance targets resulting from efforts designed to enhance either short term or long term shareholder value.

Long Term Incentive Compensation. The compensation packages of the Named Executives include long term compensation in the form of stock option grants. All such options are granted under the Company's 2001 Long Term Incentive Plan which was approved by the shareholders at the 2001 annual shareholders meeting, vest over a period of four years, have a term of ten years and an exercise price equal to the market value of the common stock on the date of grant. The provisions of the Employment Agreements relating to long term compensation have been amended through the mutual agreement of Messrs. Dingus and Perry and the Company. As amended, the Company is given discretion to determine the type and magnitude of long-term compensation beginning with fiscal year 2004. The Company has retained an executive compensation consultant for the purpose of re-examining the form and magnitude of long term compensation for its Named Executives and other members of its key management group.

Change in Control Agreements. During fiscal 2002, all of the Named Executives, other than Mr. Martin, entered into agreements (the Change in Control Agreements) with the Company providing for payments to them following a change in the control of the Company.

Section 162(m) of the Internal Revenue Code of 1986, as amended, which was enacted in 1993, imposes a \$1 million limit on the amount of compensation that will be deductible by the Company for federal income tax purposes with respect to compensation paid to the chief executive officer and the four other most highly compensated executive officers. Performance based compensation that meets certain requirements are not subject to the deduction limit. The Compensation Committee monitors the impact of the Section 162(m) limit to assess alternatives for avoiding any loss of tax deductions. There was no such loss during fiscal 2003.

Berce as directors for a three year term expiring at the 2006 annual meeting of shareholders, and **FOR** the ratification of the appointment of Ernst & Young LLP as the independent auditors of the Company for its fiscal year ending February 29, 2004.

Shareholder Proposals

Rule 14a-8 under the Securities Exchange Act of 1934 addresses when a company must include a shareholder proposal in its proxy statement for the purpose of an annual or special meeting. Pursuant to the rule, in order for a shareholder proposal to be considered for inclusion in the proxy statement for the 2004 annual meeting of shareholders of the Company, a proposal must be received at the principal executive offices of the Company on the date in the year 2004 that corresponds to the date that is not less than 120 calendar days before the date that this Proxy Statement was released to shareholders in connection with the 2003 annual meeting. However, if the date of the 2004 annual meeting of shareholders changes by more than 30 days from the date of the 2003 meeting, the deadline is a reasonable time before the Company begins to print and mail its proxy material.

If a proposal is submitted outside the process provided by Rule 14a-8, shareholders' proposals must meet the requirements of Section 2.08 of the Bylaws of the Company. Section 2.08 of the Bylaws provides that to be timely, a proposal must be delivered to or mailed and received not less than 50 days nor more than 75 days prior to the meeting; however, if less than 65 days notice or public disclosure of the meeting is given or made to shareholders, notice must be received not later than the close of business on the 15th day following the earlier of the day on which notice of the date of the annual meeting was mailed or public disclosure was made.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires executive officers, directors and persons who beneficially own more than ten percent of the Company's stock to file initial reports of ownership and reports of changes of ownership with the Securities and Exchange Commission. Copies of such reports are required to be furnished to the Company. Based solely on a review of such forms furnished to the Company and certain written representations from the executive officers and directors, the Company believes that all Section 16(a) filing requirements applicable to its executive officers, directors and greater than 10% beneficial owners were complied with on a timely basis except that one report of a sale of 5,000 shares of common stock

by Dr. H. Kirk Downey was reported late. The sale consisted of eight transactions on the same day.

Annual Reports

The Company's 2003 Annual Report to Shareholders, covering the fiscal year ended February 28, 2003, including audited financial statements, is enclosed with this Proxy Statement. Neither the Annual Report nor the financial statements are incorporated into this Proxy Statement or shall be deemed to be a part of the material for the solicitation of proxies.
