Manulife Financial Corporation
Manulife Life Insurance Company
Mitsubishi Tokyo Financial Group, Inc.
The Bank of Tokyo-Mitsubishi, Ltd.

Business Partnership launched between Manulife Financial,
its Japan affiliate Manulife Life Insurance, and Bank of Tokyo-Mitsubishi

Tokyo, January 26, 2004 --- Manulife Financial Corporation (Headquarters: Toronto, Ontario, Canada, President & CEO: Dominic D'Alessandro) along with its affiliate Manulife Life Insurance Company (President & CEO: Trevor Matthews) and The Bank of Tokyo-Mitsubishi, Ltd. (BTM; President: Shigemitsu Miki), an affiliate of Mitsubishi Tokyo Financial Group, Inc. (MTFG; President & CEO: Shigemitsu Miki) agreed today to enter into a strategic alliance in individual annuity insurance product development and sales. At the same time, BTM decided to invest five billion yen in the preferred stock of Manulife Life Insurance by March 2004, in light of establishing a long-term relationship with Manulife Financial and Manulife Japan.

The purpose of this alliance is to bring together the advantages of Manulife Life Insurance as well as its parent company Manulife Financial, one of the top financial and insurance companies worldwide that enjoys leading-edge products/service development capability, and BTM, which has a wide range of excellent clientele throughout Japan. The companies will cooperate in using their experiences inside and outside Japan to develop and sell competitive and innovative products that can win a significant share in the individual annuity market in Japan, which is expected to grow quickly.

BTM has been actively promoting the sales of individual annuity insurance since it was deregulated to the banks in October 2002. Among its product line-up are capital guarantee variable annuity and foreign currency-denominated fixed annuity insurance with currency switching features between US dollar and Euro, a first of its kind to be introduced in Japan. The alliance with Manulife Financial and Manulife Japan will provide BTM with the power in product development through the two companies that have extensive global experiences including North America, and with the capability of offering more attractive and cutting-edge individual annuity insurance products to customers in Japan. In turn, Manulife Life Insurance will be able to offer its annuity insurance to a large number of Japanese customers through BTM.

As the first step of the product development alliance, BTM plans to launch a new product in April this year at all of its branches, provided FSA approval will be issued in time. The product will also be offered at The Mitsubishi Trust and Banking Corporation and Mitsubishi Securities Co., Ltd. soon after.

About Manulife Life Insurance Company
