PROXY STATEMENT

Annual Meeting of Stockholders

This Proxy Statement is being furnished to stockholders in connection with the solicitation of proxies on behalf of the Board of Directors (the Board) of the Company for use at the Annual Meeting of Stockholders (the Meeting) to be held at the time and place and for the purposes set forth in the accompanying notice. This Proxy Statement is first being mailed to stockholders about May 13, 2004.

The close of business on April 28, 2004, has been fixed as the record date for the determination of stockholders entitled to notice of and to vote at the Meeting or any adjournment thereof (the Record Date). As of the Record Date, there were 12,184,409 shares of the Company's Common Stock (Common Stock) outstanding, each of which is entitled to one vote.

The presence, in person or by proxy, of holders of a majority of the outstanding shares of Common Stock as of the Record Date is necessary to constitute a quorum at the Meeting. Abstentions and broker non-votes will be counted towards a quorum. If a quorum is not present, the stockholders present may adjourn the Meeting from time to time, without notice, other than an announcement at the Meeting, until a quorum is present. At any such adjourned Meeting at which a quorum is present, any business may be transacted that might have been transacted at the original Meeting.

Directors are elected by a plurality of the votes cast at the Meeting, and amendments to the Company's stock plans will require a majority of the voting power present. Abstentions and broker non-votes will have no effect on the election. Abstentions will have the effect of a vote against the stock plan amendments, but broker non-votes will have no effect.

All shares represented by properly executed proxies, unless previously revoked, will be voted at the Meeting in accordance with the directions set forth on the proxies. IF NO DIRECTION IS GIVEN, THE SHARES WILL BE VOTED (i) FOR THE ELECTION OF THE NOMINEES NAMED HEREIN, (ii) FOR THE PROPOSED AMENDMENT TO THE 1998 STOCK OPTION PLAN, (iii) FOR THE PROPOSED AMENDMENT TO THE DIRECTORS STOCK OPTION PLAN AND (iv) IN THE DISCRETION OF THE PROXY HOLDER WITH RESPECT TO OTHER BUSINESS AS MAY PROPERLY COME BEFORE THE MEETING.

A proxy may be revoked at any time before it is voted by (a) the execution and submission of a revised proxy, (b) written notice to the Secretary of the Company, or (c) voting in person at the Meeting.

Edgar Filing: AMEDISYS INC - Form DEF 14A

The Company will bear the cost of the solicitation of proxies. In addition to the use of mail, proxies may be solicited by directors, officers and regular employees of the Company in person or by telephone or other means of communication. They will not be compensated for the solicitation, but may be reimbursed for out-of-pocket expenses. Arrangements are also being made with brokerage firms and other custodians, nominees and fiduciaries for the forwarding of solicitation material to the beneficial owners of the Company's Common Stock, and the Company will reimburse them for their reasonable out-of-pocket expenses.

Board Committees and Meetings

During 2003, the Board held seven meetings. The Board maintains Audit and Compensation Committees that are both comprised solely of independent directors. The Board currently also has an adhoc committee chaired by Peter F. Ricchiuti which is undertaking a search, and, if appropriate, overseeing the selection process for additional directors. The Audit Committee met seven times during the year and the Compensation Committee met twice. Each director attended at least 75% of the total number of Board and committee meetings held on which he served.

The Audit Committee's responsibilities are covered by the Company's Audit Committee Charter, which is attached. The Audit Committee is comprised of Jake L. Netterville, Ronald A. LaBorde, David R. Pitts and Peter F. Ricchiuti.

The Compensation Committee is responsible to review and act on compensation levels and benefit plans for executives of the Company and the issuance of stock options under the Company's stock option plans. The Compensation Committee is comprised of David R. Pitts and Peter F. Ricchiuti.

On February 25, 2003 the Board appointed Ronald A. LaBorde as Lead Director. It is intended that the Lead Director would undertake the following functions: consultations with the Chairman regarding the agenda for any Board meeting, general Board organization, annual evaluations of the Board and the Chief Executive Officer, dialogue with executive management and presiding over executive sessions with non-management directors. The Board may add additional duties to his role in the future.

Directors Compensation

The Chairman of the Audit Committee receives a monthly retainer of \$2,000 and the Lead Director receives a monthly retainer of \$4,000. All other directors, with the exception of Mr. Borne, receive a monthly retainer of \$1,500. The Company does not pay a fee for each meeting

attended by a director.

Directors also receive stock options in amounts determined by the Compensation Committee. During 2003, each director, with the exception of Mr. Borne, was granted stock options for 10,000 shares of Common Stock at an exercise price of \$5.65 per share, the fair market value on the date of the grant. All directors are also entitled to reimbursement for reasonable travel and lodging expenses incurred in attending meetings.

Nominations, Communication & Attendance

The Board does not have a nominating committee, but all nominations are approved by a majority of the independent directors. Shareholders who wish nominations to be considered should follow the procedures elsewhere in this proxy statement. Shareholders who wish to communicate with the Board on other matters should address their communications to the Company's Secretary, who will be responsible for promptly disseminating such communications to the Board.

The Company does not have a formal policy regarding attendance by Board members at the annual shareholders meeting and as a matter of practice Board members do not attend. None of the Board members other than Mr. Borne attended the 2003 annual meeting.

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than ten percent of its Common Stock to file reports of ownership and changes of ownership with the Securities and Exchange Commission (SEC). Copies of all filed reports are required to be furnished to the Company. Based solely on the reports received by the Company, the Company believes all such persons complied with all applicable filing requirements during 2003, except Mr. Pitts filed one report late.

Mr. Borne entered into a five-year employment agreement with the Company effective January 1, 1999, which provided for annual one-year renewals unless either party gives 30-day written notice of an election not to renew before the expiration of the term. The agreement provides for a base salary of \$250,000 annually, with yearly increases of the greater of (i) 6%, (ii) the percentage increase, if any, of a specified consumer price index or (iii) \$25,000. The agreement also provides for the issuance of stock and stock options, an annual bonus up to 100% of the base salary then in effect for the applicable year if the Company's operating income (loss) equals or exceeds the Company's budgeted projection for such year as approved by the Board, payment of an additional cash bonus sufficient to pay any taxes incurred as a result of the issuance of stock, stock grants or stock options, and payment of additional benefits such as an automobile allowance, education benefits, participation in Company benefit plans and life insurance benefits. The Board is permitted to defer the annual salary increase for up to three months.

If Mr. Borne's employment is terminated due to death, disability, without cause, upon Company default of the agreement, following a change of control of the Company, upon termination by the Company relating to automatic extensions of the agreement, or upon termination by Mr. Borne for failing to be elected to the Board, he will be entitled to receive the greater of the base salary he would have received had his employment continued for the remaining term of the agreement or an amount equal to one month's base salary for each \$10,000 of total compensation he received in either (i) the highest of the last five years of the agreement or (ii) an amount equal

to 150% of the total base salary for the previous fiscal year, whichever is greater. Compensation includes all salary, bonuses, stock, benefits, and personal perquisites, whether in cash or property. In addition, he will be entitled to receive all of the benefits and personal perquisites provided under the agreement, including but not limited to, automobile expenses, health and life insurance premiums and benefits, stock grants, and stock options during the period of time which is the greater of the remaining term of the agreement, or the number of months calculated by dividing \$10,000 into his total compensation.

REPORT OF THE COMPENSATION COMMITTEE

The Company's executive compensation is supervised by the Compensation Committee of the Board. The Committee seeks to provide executive compensation that will support the achievement of the Company's financial goals while attracting and retaining talented executives and rewarding superior performance. In performing this function, the Committee reviews executive compensation surveys and other available information and may from time to time consult with independent compensation consultants.

The Committee seeks to provide an overall level of compensation to executives that is competitive within the healthcare industry and other companies of comparable size and complexity. Compensation in any particular case may vary from an industry average on the basis of annual and long-term Company performance, as well as individual performance. The Committee will exercise its discretion to set compensation based on its judgment and where external, internal or individual circumstances warrant.

In general, the Company compensates its executive officers through a combination of base salary, annual incentive compensation in the form of cash and non-cash bonuses and long-term incentive compensation in the form of stock options.

Base Salary. Base salary levels for the Company's executive officers are set generally to be competitive in relation to the salary levels of executive officers in other companies within the healthcare industry or other companies of comparable size, taking into consideration the position's complexity, responsibility and need for special expertise. In reviewing salaries in individual cases, the Committee also takes into account individual experience and performance.

Annual Incentive Compensation. The Committee has historically structured employment arrangements with incentive compensation. Payment of bonuses has generally depended upon the Company's achievement of budgeted operating income (loss) targets established at the beginning of each fiscal year, or other significant corporate objectives. Individual performance is also considered in determining bonuses.

Other Compensation. In addition to cash and equity compensation programs, the executive officers participate in various other employee benefit plans. Executive officer participation in various clubs, organizations, and associations may also be funded by the Company.

Long-Term Incentive Compensation. The Company provides long-term incentive compensation through its stock option plan. The number of common shares covered by any grant is generally determined by the then-current stock price, subject in certain circumstances to vesting requirements. In special cases, however, grants may be made to reflect increased responsibilities or reward extraordinary performance.

Chief Executive Officer Compensation. Mr. Borne has served as chief executive officer since 1982. Mr. Borne's annual base salary for fiscal year 2003 was \$350,000 pursuant to his employment agreement described herein. The Compensation Committee approved a bonus of \$375,000 for Mr. Borne in respect of the fiscal year ended December 31, 2003. In considering the amount of the bonus, the Committee considered the criteria outlined above, in particular the achievement of budgeted income target, the significant increase in the Company's market capitalization and achievement of other personal and corporate objectives.

The overall goal of the Compensation Committee is to ensure that compensation policies are established that are consistent with the Company's strategic business objectives and that provide incentives for the attainment of those objectives. This is effected in the context of a compensation program that includes base pay, annual incentive compensation, and stock ownership.

REPORT OF THE AUDIT COMMITTEE

The following report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this report by reference therein.

The Audit Committee consists of three directors, each of whom has been determined by the Board to be independent within the meaning of applicable rules of the NASDAQ Stock Market and the SEC.

The function of the Committee is to review, in consultation with the independent auditors, the Company's financial statements, accounting and other policies, accounting systems and system of internal controls. It also recommends the engagement of the Company's independent auditors and reviews other matters relating to the relationship of the Company with its auditors, all in accordance with the Audit Committee Charter, which was revised in 2004 and is attached hereto.

In carrying out its functions, the Committee provides independent and objective oversight of the performance of the Company's financial reporting process, system of internal controls and legal and regulatory compliance system. The Committee provides for open, ongoing communication among the independent accountants, financial and senior management, compliance officers and the Board concerning the Company's financial and compliance position and affairs. The Committee has the power to conduct or authorize investigations into any matters within its scope of responsibilities and is empowered to retain independent counsel, accountants, or others to assist it in the conduct of any investigation. The Committee's responsibility is oversight, and it recognizes that the Company's management is responsible for preparing the Company's financial statements and complying with applicable laws and regulations.

The Committee recommended to the Board that KPMG be appointed as outside auditors for 2003, and continuing, and this appointment was confirmed in May 2003.

The Committee met seven times during 2003. In overseeing the preparation of the Company's financial statements, the Committee met with both management and the Company's outside auditors to review and discuss all financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Committee that all financial statements were prepared in accordance with generally accepted accounting principles, and the Committee discussed the statements with both management and the outside auditors. The Committee's review included discussion with the outside auditors of matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communications with Audit Committees). With respect to the Company's outside auditors, the Committee, among other things, discussed with KPMG matters relating to its independence, including the disclosures made to the Committee as required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). On the basis of these reviews and discussions, the Committee recommended to the Board that they approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the SEC.

PROPOSED AMENDMENTS TO 1998 STOCK OPTION PLAN AND TO DIRECTORS

STOCK OPTION PLAN

The 1998 Stock Option Plan (the Plan) currently provides that up to 1,425,000 shares of Common Stock may be awarded in stock options and restricted stock, subject to adjustment as provided in the Plan. Under the Plan at April 21, 2004, no shares of restricted stock had been awarded and options to purchase 778,620 shares of Common Stock were outstanding. At that date, options to purchase 626,303 shares had been exercised.

In addition to the Plan, the Company has a directors stock option plan (Directors Plan) providing for the grant of options to purchase up to 250,000 shares of Common Stock. At April 21, 2004, options to purchase 181,400 shares were outstanding and no options had been exercised.

The Company currently has total outstanding options or restricted stock with respect to 947,020 shares, or 8 percent of the outstanding Common Stock and 7.4 percent of our outstanding common stock plus plan shares. The Plan currently has 20,077 shares available for grant, and the Directors Plan currently has 68,600 shares.

The purpose of the Plan and the Directors Plan is to increase shareholder value and to promote the Company's long-term growth and profitability by furnishing incentives to strengthen mutuality of interests between directors, officers, other employees and shareholders.

The Board of Directors has approved a proposed amendment to the Plan that would increase the number of shares available under the Plan by 700,000 shares, to a total of 2,125,000 shares, subject to future adjustment as provided in the Plan. The Board has recommended this amendment so that it can continue to reward officers and other key employees with the opportunity to acquire a proprietary interest in the Company as an additional incentive to promote its success and remain in its employ.

Directors of the Company are currently eligible to receive awards under the Directors Plan. It is proposed to amend the Directors Plan to increase the number of shares available by 150,000 shares to a total of 400,000 shares. The Board has recommended this amendment so as to permit directors to continue to be compensated in stock awards which will, it is believed, align their interests more closely with shareholders.

Adoption of the proposed amendment to the Plan and the Directors Plan requires the affirmative vote of the holders of a majority of the outstanding shares present or represented at the Meeting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE PROPOSAL TO AMEND THE PLAN AND THE DIRECTORS PLAN.

SHAREHOLDER PROPOSALS

Proposals of stockholders of the Company which are intended to be presented by such stockholders at the 2005 Annual Meeting must be received by the Company no earlier than March 13, 2005 and no later than April 12, 2005 in order for such proposals to be eligible for inclusion in the proxy statement and form of proxy relating to that meeting.

For business other than nominations to be properly brought before an annual meeting by a stockholder, the stockholder must have given timely notice thereof in writing to the Secretary of the Company and such other business must otherwise be a proper matter for stockholder action. To be timely, a stockholder's notice shall be delivered to the Secretary at the principal executive offices of the Company not later than the close of business on the 60th day nor earlier than the close of business on the 90th day before the first anniversary of the preceding year's annual meeting; except that if the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date, notice by the stockholder to be timely must be so delivered not earlier than the close of business on the 90th day before such annual meeting and not later than the close of business on the later of the 60th day before such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made by the Company. Such notice shall set forth (a) as to any business that the stockholder proposes to bring before the meeting, a brief description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting and any material interest in such business of such stockholder and the beneficial owner, if any, on whose behalf the proposal is made; and (b) as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (i) the name and address of such stockholder, as they appear on the Company's books, and of such beneficial owner and (ii) the class and number of shares of the Company which are owned beneficially and of record by such stockholder and such beneficial owner.

A stockholder shall also comply with all applicable requirements of the Exchange Act and the rules and regulations thereunder. Nothing in the Bylaws, however, shall be deemed to affect any rights (i) of stockholders to request inclusion of proposals in the Company's proxy statement pursuant to Rule 14a-8 under the Exchange Act, which must be presented by February 10, 2005, or (ii) of the holders of any series of Preferred Stock to elect directors or propose other business under specified circumstances.

However, if any other matter is properly presented at the Meeting or any adjournment thereof, it is the intention of the persons named in the enclosed proxy to vote in accordance with their best judgment on such matter.
