I. INFORMATION ABOUT VOTING

Solicitation of Proxies. The Board of Directors (Board) of Crown Castle International Corp. (CCIC or the Company) is soliciting proxies for use at the 2005 Annual Meeting of Stockholders of CCIC (Annual Meeting) and any adjournments of the Annual Meeting. CCIC first sent this proxy statement, the accompanying form of proxy and the CCIC Annual Report for 2004 to its stockholders on or about April 18, 2005.

Agenda Items. The agenda for the Annual Meeting is to:

1. Elect four class I directors for a term of three years;
2. Ratify the appointment of KPMG LLP (KPMG) as the Company s independent public accountants for 2005; and
3. Transact such other business as may properly come before the Annual Meeting.

Who can Vote. You can vote at the Annual Meeting if you are a holder of record on the Record Date of CCIC s common stock, par value of \$0.01 per share (Common Stock), or CCIC ~~1 1/8%~~ Series A Cumulative Convertible Redeemable Preferred Stock (~~8~~ 1/4% Convertible Preferred Stock). The record date for determining the stockholders entitled to notice of, and to vote at, the Annual Meeting is the close of business on April 1, 2005 (Record Date). Holders of Common Stock will have one vote for each share of Common Stock, and holders of 8 1/4% Convertible Preferred Stock, which vote on an as converted basis, will have an aggregate of 7,441,860 votes. As of the close of business on the Record Date, there were 225,467,722 shares of Common Stock and 200,000 shares of 8 1/4% Convertible Preferred Stock outstanding. As of the Record Date, the outstanding shares of 8 1/4% Convertible Preferred Stock were convertible into an aggregate of 7,441,860 shares of Common Stock.

How to Vote. You may vote in two ways:

You can come to the Annual Meeting and cast your vote there; or

You can cause your shares to be voted by signing and returning the enclosed proxy card (or contacting the internet or telephone voting service listed on your proxy card). If you do, the individuals named on the card will vote your shares in the manner you indicate (or if you fail to so indicate, in the manner described in Use of Proxies below).

Use of Proxies. Unless you mark the proxy card to vote differently, the individuals named in the proxy card will vote all shares represented by the signed and returned proxies **FOR** the Board nominees named herein (Proposal 1), and **FOR** the ratification of the appointment of KPMG LLP as the Company s independent public accountants for 2005 (Proposal 2). The Company does not now know of any other matters to come before the Annual Meeting. If they do, the proxy holder will vote the shares represented by the proxies in his or her best judgment.

Table of Contents

Revoking a Proxy. You may revoke your proxy at any time before it is exercised. You can revoke a proxy by:

Sending a written notice of revocation to the Corporate Secretary of CCIC;

Delivering a properly executed, later-dated proxy; or

Attending the Annual Meeting and voting in person.

The Quorum Requirement. A quorum of stockholders is needed to hold a valid Annual Meeting. A quorum will exist to hold a valid Annual Meeting if the holders of at least a majority in voting power of the outstanding shares of Common Stock and 8 1/4% Convertible Preferred Stock entitled to vote at the Annual Meeting attend the Annual Meeting in person or are represented by proxy. Abstentions and broker non-votes are counted as present for the purpose of establishing a quorum. A broker non-vote occurs when a broker votes on some matters on the proxy card but not on others because the broker has not received voting instructions from its customer or does not have the authority to do so.

Vote Required for Action. Directors are elected (Proposal 1) by a plurality vote of the holders of shares of Common Stock and the holders of 8 1/4% Convertible Preferred Stock present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors, voting together as a single class. The ratification of KPMG LLP as CCIC's independent public accountants for 2005 (Proposal 2) requires the affirmative vote of the holders of a majority of the voting power represented by the shares of Common Stock and 8 1/4% Convertible Preferred Stock present in person or represented by proxy at the annual meeting and entitled to vote on such matter, voting together as a single class. Generally, all other actions which may come before the Annual Meeting require the affirmative vote of a majority of the voting power represented by shares of Common Stock and 8 1/4% Convertible Preferred Stock present in person or represented by proxy at the Annual Meeting and entitled to vote on such matters, voting together as a single class.

With respect to Proposal 1, abstentions and broker non-votes have no effect on determinations of plurality, except to the extent that they affect the total votes received by any particular candidate. Abstentions have the same effect as a vote against with respect to all proposals other than the election of directors. Shares represented by broker non-votes are not considered to be entitled to vote for purposes of Proposal 2; therefore, broker non-votes will have the practical effect of reducing the number of affirmative votes required to achieve a majority vote by reducing the total number of shares from which the majority is calculated.

II. PROPOSALS

1. The Election of Directors

CCIC has three classes of directors of as nearly equal size as possible. The term for each class is three years. Class terms expire on a rolling basis, so that one class of directors is elected each year. The term for current class I directors (Dale N. Hatfield, Lee W. Hogan and Robert F. McKenzie) expires at the 2005 Annual Meeting. In addition, the Board, upon the recommendation of the Nominating and Corporate Governance Committee (NCG Committee), has nominated Robert E. Garrison II as an additional Class I director. Mr. Garrison was originally recommended as a potential nominee for director by a non-management director of the Board.

The nominees for class I directors this year are: Dale N. Hatfield, Lee W. Hogan, Robert F. McKenzie and Robert E. Garrison II.

Each nominee has consented to be nominated and has expressed his intention to serve if elected. The Board expects that each of the nominees for class I directors will be able and willing to serve as a director. If any nominee is not available, the proxies may be voted for another person nominated by the current Board to fill the vacancy, or the size of the Board may be reduced. Information about the nominees, the continuing directors and the Board is contained in the next section of this proxy statement (See III. Board of Directors).

The Board of Directors recommends a vote FOR the election of Dale N. Hatfield, Lee W. Hogan, Robert F. McKenzie and Robert E. Garrison II as class I directors.

Table of Contents**2. Ratification of Appointment of Independent Public Accountants**

The Audit Committee of the Board has appointed KPMG LLP to continue to serve as CCIC's independent public accountants for 2005. KPMG LLP has served as CCIC's independent public accountants since 1995. In the event the stockholders do not ratify the appointment, the appointment will be reconsidered by the Audit Committee.

The Company expects a representative of KPMG LLP to attend the Annual Meeting. The representative will have an opportunity to make a statement if he or she desires and also will be available to respond to appropriate questions.

The Company was billed for professional services provided during fiscal years 2003 and 2004 by KPMG LLP in the amounts set forth in the following table.

- (d) No products or services were provided to the Company by KPMG LLP other than those reported as audit, audit-related or tax fees.

Board Compensation and Relationships

- **Independence.** To assist in its determination of the independence of members of the Board, the Board has adopted certain categorical standards, as set forth on *Appendix B* hereto. The Board has affirmatively determined, taking into account such categorical standards, that each member of the Board, except Mr. Kelly (CCIC's President and CEO), has no material relationship with CCIC and is an independent director, as defined under NYSE listing standards.
- **Compensation Plan.** The Board maintains a compensation arrangement for independent directors of CCIC as described below.
- **Retainer and Fees.** Each independent director of CCIC receives an annual retainer of \$20,000 (plus an additional \$10,000 for the Audit Committee chairman and an additional \$5,000 for each other Committee chairman) paid quarterly and reimbursement of reasonable incidental expenses. Each independent director also receives \$1,500 for attendance at each Board meeting held in person and \$1,000 for attendance at each Board meeting held by conference call. In addition, each independent director receives \$1,500 for each Committee meeting attended (plus, in the case of a Committee chairman, an additional \$1,000 for each Committee meeting after the fourth such meeting in any given year).
- **Equity Compensation.** At the first regularly scheduled Board meeting of each year, CCIC typically grants each independent director an equity-based award as a

Table of Contents

component of compensation for service on the Board. In connection with the equity award for both 2004 and 2005, the Board retained the services of the executive compensation consulting firm Towers Perrin to conduct research regarding equity compensation standards and trends for independent directors. At the first regularly scheduled Board meeting of 2004, following receipt and review of the Towers Perrin analysis with respect to the 2004 award, and upon recommendation of the NCG Committee, the Board granted pursuant to the Company's 2001 Stock Incentive Plan (1) 3,375 shares of Common Stock to each independent director of the Board other than J. Landis Martin and (2) 8,400 shares of Common Stock to J. Landis Martin for service as independent Chairman of the Board.

Following receipt and review of the Towers Perrin analysis with respect to the 2005 award, and upon recommendation from the NCG Committee, the Board approved a policy of granting, at the Board's first regularly scheduled meeting of each year, shares of Common Stock to each independent director having a valuation equal to \$55,000, valued at the per share closing price of the Common Stock as of the date of such first Board meeting. Pursuant to such policy, the Board granted pursuant to the 2001 Stock Incentive Plan (1) 3,395 shares of Common Stock (valued at \$16.20 per share, the closing price of the Common Stock on February 24, 2005) to each independent director of the Board other than J. Landis Martin and (2) 8,490 shares of Common Stock to J. Landis Martin for service as independent Chairman of the Board.

- **Other Compensation.** Each independent director is eligible to participate, at such director's cost and election, in the Company's medical and dental plans. A director who is also an employee of the Company receives no additional compensation for services as a director.
- **Certain Relationships and Related Transactions.** On November 19, 1999, GE Capital Structured Finance Group (GE Capital), made a \$200,000,000 strategic investment in CCIC in exchange for 200,000 shares of the Company's 8% Convertible Preferred Stock and warrants to purchase 1,000,000 shares of Common Stock. The warrants expired unexercised in November 2004. The net proceeds of this investment were used to pay a portion of the consideration for CCIC's transaction with GTE Wireless. The agreements relating to the 8 1/4% Convertible Preferred Stock investment provide that so long as GE Capital or its permitted transferees hold at least 50% of such 8 1/4% Convertible Preferred Stock, GE Capital will have the right to designate one nominee to be a member of the Board. William D. Strittmatter has served as a director of CCIC as the nominee of GE Capital since November 1999 and is also Vice President of GE Capital and Chief Risk Officer for GE Commercial Finance.

During 2004 and the first quarter of 2005, the Company retained the law firm of Hogan & Hartson L.L.P. to provide certain regulatory legal counsel, including with respect to the spectrum acquired in FCC Auction 46 in 2003. Mr. Fitzgerald, a director of CCIC, is a partner with Hogan & Hartson L.L.P.

Such Schedule 13G amendment provides that FMR has sole voting power over 2,998,126 of such shares and sole dispositive power over all of such shares. In addition, such Schedule 13G amendment indicates that each of E.C. Johnson and A.P. Johnson has beneficial ownership of and sole dispositive power over such 18,977,773 shares. Percentage ownerships shown are based on the number of shares of Common Stock outstanding as of April 1, 2005 rather than February 14, 2005.

The Schedule 13G amendment also provides, among other things, the following information regarding the shares reported (percentage interest calculations shown below are based upon the number of shares of Common Stock outstanding as of April 1, 2005, rather than the percentages set forth in the Schedule 13G amendment).

Fidelity, a wholly-owned subsidiary of FMR and an investment adviser registered under the Investment Advisers Act of 1940, is the beneficial owner of 15,958,868 shares, or 7.01%, of the Common Stock as a result of acting as investment adviser to various investment companies registered under the Investment Company Act of 1940. The number of shares owned by the investment companies at December 31, 2004 included (1) 566,970 shares resulting from the assumed conversion of 418,150 shares of the Company's 6.25% Convertible Preferred Stock (6.25% Preferred) (approximately 1.356 shares of Common Stock for each share of 6.25% Preferred) and (2) 1,726,685 shares resulting from the assumed conversion of \$18,700,000 principal

amount of the Company's 4% Convertible Senior Notes due 2010 (92,3361 shares of Common Stock for each \$1,000 principal amount). E.C. Johnson, FMR, through its control of Fidelity, and the funds each has sole power to dispose of such 15,958,868 shares. Neither FMR nor E.C. Johnson, Chairman of FMR, has the sole power to vote or direct the voting of the shares owned directly by the Fidelity funds, which power resides with the funds' boards of trustees. Fidelity carries out the voting of the shares under written guidelines established by the funds' boards of trustees.

Fidelity Management Trust Company (FMT), a wholly-owned subsidiary of FMR and a bank as defined in Section 3(a)(6) of the 1934 Act, is the beneficial owner of 488,405 shares, or 0.22%, of the Common Stock as a result of its serving as investment manager of the institutional accounts. E.C. Johnson and FMR, through its control of FMT, each has sole dispositive power over such 488,405 shares, sole power to vote or to direct the voting of 467,626 of such shares, and no power to vote or to direct the voting of 20,779 of such shares owned by such institutional accounts.

Members of the E.C. Johnson family are the predominant owners of Class B shares of common stock of FMR, representing approximately 49% of the voting power of FMR. E.C. Johnson owns 12.0% and A.P. Johnson owns 24.5% of the outstanding voting stock of FMR. E.C. Johnson is Chairman of FMR and A.P. Johnson is a director of FMR. The Johnson family group and all other Class B shareholders have entered into a shareholders' voting agreement under which all Class B shares will be voted in accordance with the majority vote of Class B shares. Accordingly, through their ownership of voting common stock and the execution of the shareholders' voting agreement, members of the Johnson family may be deemed, under the Investment Company Act of 1940, to form a controlling group with respect to FMR.

Fidelity International Limited (FIL), and various foreign-based subsidiaries provide investment advisory and management services to a number of non-U.S. investment companies (International Funds) and certain institutional investors. FIL is the beneficial owner of 2,530,500 shares, or 1.12%, of the Common Stock.

Prior to June 30, 1980, FIL was a majority-owned subsidiary of Fidelity. On that date, the shares of FIL held by Fidelity were distributed to the shareholders of FMR. FIL currently operates as an entity independent of FMR and Fidelity. The International Funds and FIL's other clients, with the exception of Fidelity and an affiliated company of Fidelity, are non-U.S. entities.

A partnership controlled by E.C. Johnson and members of his family owns shares of FIL voting stock with the right to cast approximately 39.89% of the total votes which may be cast by all holders of FIL voting stock. E.C. Johnson is Chairman of FMR and FIL. FMR and FIL are separate and independent corporate entities, and their boards of directors are generally composed of different individuals. Other than when one serves as a sub-adviser to the other, their investment decisions are made independently, and their clients are generally different organizations.

FMR and FIL are of the view that they are not acting as a group for purposes of Section 13(d) under the 1934 Act and that they are not otherwise required to attribute to each other the beneficial ownership of securities beneficially owned by the other corporation within the meaning of Rule 13d-3 promulgated under the 1934 Act. Therefore, they are of the view that the shares held by the other corporation need not be aggregated for purposes of Section 13(d). However, FMR has filed the Schedule 13G amendment on a voluntary basis as if all of the shares are beneficially owned by FMR and FIL on a joint basis.

- (e) Based on an amendment to Schedule 13G filed with the SEC on February 15, 2005, T. Rowe Price Associates, Inc. has sole voting power over 4,880,108 of such shares and sole dispositive power over all of such shares of Common Stock. Percentage ownership shown is based on the number of shares of Common Stock outstanding as of April 1, 2005 rather than February 15, 2005.
- (f) Represents all outstanding shares of 8 1/4% Convertible Preferred Stock. Such shares of Preferred Stock are convertible into an aggregate of 7,441,860 shares of Common Stock and vote with the Common Stock in proportion to the number of shares of Common Stock into which they are convertible. General Electric Capital Corporation also holds (1) options to purchase 45,000 shares of Common Stock and (2) 16,770 shares of Common Stock.

Employment, Termination and Change of Control Arrangements

- **Severance Agreements.** As a condition to the grant of certain restricted stock awards in January 2003, CCIC entered into agreements containing non-compete, non-solicitation and minimum stock ownership provisions with each of the executive officers named above in VII. Executive Compensation Summary Compensation Table . Such provisions are generally contained in a severance agreement between CCIC and each of the executive officers that replaces the prior severance agreement with such executive officer.

Pursuant to each severance agreement, CCIC is required to provide severance benefits to the executive officer if such officer is terminated without cause (as defined in the severance agreement) or such officer terminates his employment with good reason (as defined in the severance agreement) (collectively, a qualifying termination). The severance agreements provide for enhanced severance benefits if the executive officer incurs a qualifying termination within the two-year period following a change in control (as defined in the severance agreements). Upon a qualifying termination that does not occur during a change in control period, the executive officer is entitled to:

a lump sum payment equal to two times the sum of his base salary and annual bonus (as defined in the severance agreement),

a prorated cash amount equal to his annual bonus for the year of termination,

continued coverage under specified welfare benefit programs for two years,

immediate vesting of any outstanding options (which remain exercisable for two years following employment or service as a director, if applicable) and restricted stock awards (except restricted stock awards granted in January 2003 and March 2004), and

continued vesting of restricted stock awards granted in January 2003 and March 2004 for three years after termination, as if the executive officer were an employee of CCIC.

Upon a qualifying termination during a change in control period, the executive officer is entitled to:

receive a lump sum payment equal to three times the sum of his base salary and annual bonus (as defined in the severance agreement),

a prorated cash amount equal to his annual bonus for the year of termination,

continued coverage under specified welfare benefit programs for three years, and

immediate vesting of any outstanding options (which remain exercisable for two years following employment or service as a director, if applicable) and restricted stock awards.

Table of Contents

Each of the severance agreements also has provisions that generally prohibit the executive officer, for a period of 12 months following the termination of such officer's employment with CCIC, from (1) engaging in business activities relating to wireless communication or broadcast towers which compete with CCIC or its affiliates in the United States or Australia and (2) soliciting employees of CCIC and its affiliates. Further, the agreements contain provisions requiring each of the executive officers to own and hold at all times during his employment with CCIC, a specified number of shares of Common Stock as follows, which number does not include unvested restricted stock which remain subject to transfer and forfeiture restrictions:

<u>Name</u>	<u>Title</u>	<u>Minimum Share Holdings</u>
John P. Kelly	President & Chief Executive Officer	85,000
E. Blake Hawk	Executive Vice President & General Counsel	47,000
W. Benjamin Moreland	Executive Vice President & Chief Financial Officer	43,000
Michael T. Schueppert	Senior Vice President of CCIC and President Crown Castle Mobile Media	32,000

Compensation Committee 2004 Report

On behalf of the Board of Directors (Board) of Crown Castle International Corp. (CCIC), the Compensation Committee (Committee) of the Board reviews, evaluates and recommends the compensation levels of CCIC s senior officers (the chief executive officer (CEO) and the officers reporting directly to the CEO currently seven persons including the CEO) and administers CCIC s equity-based and other compensatory plans. The current members of the Committee are Lee W. Hogan (Chairman), Carl Ferenbach and Ari Q. Fitzgerald. The following report presents the Committee s summary of CCIC s compensation programs and policies and describes the bases for compensation of CCIC s executive officers.

- **Goals.** The principal goals of CCIC s executive compensation policy are to provide competitive compensation opportunities to attract and retain qualified and productive executive employees; to motivate executives to meet and exceed corporate financial and operational goals; and to create meaningful links between corporate performance, individual performance and rewards. It has been CCIC s executive compensation policy that a significant portion of the compensation paid to the executive officers should be based on CCIC s results of operations and the growth in value of its equity. CCIC s executive officer compensation program is designed to align executive officer compensation with stockholder interests. Specifically, the program seeks to:

motivate executive officers to make sound business decisions that improve stockholder value and reward such decisions,

balance its components so that the accomplishment of short-term and long-term operating and strategic objectives is encouraged and recognized,

encourage achieving objectives within a team environment, and

attract, motivate and retain the type of high-quality executive officers necessary for the long-term success of CCIC.

- **Compensation Program.** For the year 2004, as in prior years, the Committee reviewed the compensation programs of similar-sized companies and certain competitors and peers in similar industries. All of the companies used by the Committee for evaluating CCIC s executive officer compensation offer base salary, annual incentive and long-term equity-based compensation and bonuses.

The Committee believes that using long-term equity-based compensation and annual performance-based bonuses as components of overall compensation helps align executive officers interests with those of the stockholders. The value of equity-based compensation to an executive officer increases as the market price of CCIC s stock increases. Therefore, CCIC s operating goals and individual incentives are targeted towards those activities that increase stockholder value. If CCIC does not perform or

Table of Contents

does not meet its objectives, the equity-based compensation is of less value and performance-based bonuses are reduced.

In the Committee's assessment of compensation levels, the Committee takes into consideration performance relative to the individual responsibilities of the executive officers and considerations of internal equity, as well as the financial performance of CCIC relative to its goals. The Committee also considers the competitiveness of the entire executive compensation package and each of its individual components. The Committee reviews CCIC's overall performance and each executive officer individually to determine salary and bonus adjustments and to determine equity-based awards.

- **Salaries.** The Committee reviews and recommends the annual salaries for all executive officers of CCIC. The Committee reviews proposals made by the CEO with regard to salary adjustments for executive officers other than himself, and then either recommends or amends these proposed salary adjustments for consideration by the Board. The Committee independently reviews the performance of the CEO and determines an appropriate salary, to be recommended to the independent directors of the Board for their consideration, based on the criteria set forth above, as well as input from outside compensation consultants and other sources. With respect to salaries for 2004, the Committee retained the services of the executive compensation consulting firm Towers Perrin to review CCIC's overall compensation packages for executive officers. For 2004, the executive officers received a salary adjustment to their base salaries.
- **Annual Incentive Compensation.** Each year, the Committee considers annual incentive bonuses for the executive officers of CCIC using methodologies similar to those employed in evaluating salaries for the executive officers. For 2004, as in prior years, achievement of certain performance goals was used by the Committee in awarding bonuses. The performance goals may be based on one or more business criteria, or any combination thereof, including but not limited to:

Adjusted EBITDA¹,

free cash flow¹,

other measures of financial performance,

individual performance measures specific to each executive officer, and

¹ Free Cash Flow is defined as net cash provided by operating activities less capital expenditures. Adjusted EBITDA is defined as net income (loss) plus cumulative effect of change in accounting principle, income from discontinued operations, minority interests, provision for income taxes, interest expense, amortization of deferred financing costs and dividends on preferred stock, interest and other income (expense), depreciation, amortization and accretion, non-cash general and administrative compensation charges, asset write-down charges and restructuring charges (credits).

additional components at the Committee's discretion.

The CEO is eligible for a target cash bonus equal to 100% of his or her base salary, and each of the other executive officers generally is eligible for a target cash bonus equal to 55% or 75% of his or her base salary. Depending upon the level at which the performance goals are met, (1) the CEO and each of the other corporate and business unit operating executive officers is eligible to earn between 0 to 150% (175% in the case of the CEO and Chief Financial Officer) of his or her target annual cash bonus and (2) each of the functional executive officers is eligible to earn between 0 to 150% of his or her target annual cash bonus. Based on the actual 2004 financial performance results and individual performance, executive officers' 2004 annual incentive bonuses ranged from 120 to 170% of their target bonus levels.

- Equity-Based Compensation.** During the first quarter of 2004, as a component of long-term incentive compensation, the Committee authorized the grant of approximately 1,347,200 shares of restricted stock (2004 Restricted Stock) to over 510 of CCIC's employees (including employees of CCIC's discontinued operations in the United Kingdom), including the grant of 457,163 shares of 2004 Restricted Stock to the CEO and five other CCIC senior officers. The shares of 2004 Restricted Stock are subject to the terms of Restricted Stock Agreements executed in connection with the grant of such shares. The shares of 2004 Restricted Stock may generally vest (i.e., the transfer and forfeiture restrictions terminate) pursuant to either (i) Time Vesting (defined below) or (ii) Performance Vesting (defined below). The 2004 Restricted Stock vests over time at 10%, 20%, 30% and 40% respectively, on each February 26 for the years 2005 through 2008 (Time Vesting). Performance Vesting relates to target increases in the per share closing price of the CCIC's common stock (Stock) at or above a base price equal to the closing price per share of Stock as of the date on which the Board approved the grant of the restricted stock. If and when the Stock closes at or above per share prices equal to each of 125% of the base price (\$14.81), 156% of the base price (\$18.52), and 195% of the base price (\$23.14) for 20 consecutive trading days, 33% of the 2004 Restricted Stock performance vests upon reaching each price target (Performance Vesting). Following the grant of the 2004 Restricted Stock, on October 27, 2004, 33% of the 2004 Restricted Stock vested as a result of the Performance Vesting target being met at \$14.81 on such date. If a restricted stockholder's employment with the Company is terminated, any remaining, unvested shares of restricted stock which such individual holds are generally forfeited and surrendered to CCIC, subject to the provisions of any severance arrangements between such individual and CCIC.

In addition, in the first quarter of 2005, as a component of long-term incentive compensation, the Committee authorized the grant of approximately 694,714 shares of restricted stock (2005 Restricted Stock) to over 275 of CCIC's employees, including the grant of 317,005 shares of 2005 Restricted Stock to the CEO and five other CCIC

senior officers. The terms of the 2005 Restricted Stock issued to the CEO and the senior officers provides for (1) Time Vesting of 100% of the 2005 Restricted Stock on the fourth anniversary of the grant date (February 24, 2009) provided the per share price of the Stock closes at or above \$19.44 for twenty consecutive days at any time during such four year period and (2) Performance Vesting of 33% of the 2005 Restricted Stock if and when the Common Stock closes at or above per share prices equal to each of 115% of the base price (\$18.63), 132% of the base price (\$21.42), and 152% of the base price (\$24.64) for 20 consecutive trading days. The terms of the 2005 Restricted Stock issued to all other employees provide for (1) Time Vesting at 10%, 20%, 30% and 40%, respectively, on each February 24 for the years 2006 through 2009 and (2) Performance Vesting at the same price targets as the 2005 Restricted Stock issued to the CEO and the senior officers.

- **Compensation of the Chief Executive Officer.** For 2004, the Committee recommended, and CCIC's independent directors approved, Mr. Kelly's base salary as President and CEO of CCIC at \$450,900. Mr. Kelly also received a bonus of \$740,600 (or 164% of his base salary) for his service during 2004. In addition, in 2004 and 2005, the Company granted Mr. Kelly 154,341 shares of 2004 Restricted Stock and 129,532 shares of 2005 Restricted Stock, respectively, subject to the vesting terms described above under "Equity-Based Compensation". In determining the level of Mr. Kelly's salary, bonus and Restricted Stock award, the Committee considered the market in which CCIC competes, the compensation of similarly situated officers at similar-sized companies and certain competitors and peers in similar industries, CCIC's performance in 2003 and 2004, and Mr. Kelly's contributions to corporate performance. In addition, in establishing Mr. Kelly's compensation for 2004, the Committee also considered the market analysis prepared by Towers Perrin.
- **Deductibility of Compensation.** Section 162(m) of the Internal Revenue Code includes potential limitations on the deductibility of compensation in excess of \$1 million paid to the CEO and each of the other four highest compensated executive officers. It is the Committee's intent to adopt policies to obtain maximum tax deductibility of executive compensation consistent with providing motivational and competitive compensation, which is truly performance-based. However, it is also the Committee's intent to balance the effectiveness of its plans and compensation policies against the materiality of any possible lost deductions.

Respectfully submitted by the Compensation Committee of the Board of Directors of Crown Castle International Corp.

VIII. AUDIT COMMITTEE MATTERS

The Board has established an Audit Committee comprised entirely of independent directors, as defined in the rules and regulations of the NYSE and SEC. Upon the recommendation of the Audit Committee and in compliance with the regulations of the NYSE, the Board has adopted an Audit Committee Charter setting forth the requirements for the composition of the Audit Committee, the qualifications of its members and the responsibilities of the Audit Committee. The Audit Committee Charter is set forth on *Appendix A* to this proxy statement.

The Audit Committee has adopted certain procedures under which audit and non-audit services to be rendered by the Company's independent public accountants are pre-approved. Such procedures provide that between the regularly scheduled meetings of the Audit Committee, each member of the Audit Committee (with preference given to the Chairman of the Audit Committee, if available) is authorized to pre-approve fees presented by an officer of the Company relating to audit and permitted non-audit related engagements of the Company's independent auditors, up to an aggregate of \$100,000 of such fees not previously approved or ratified by the Audit Committee; provided, however, that any fees so approved regarding engagements or services relating to securities offerings of the Company are not subject to or included in the calculation of such \$100,000 limit. At each regularly scheduled meeting of the Audit Committee, the officers of the Company present to the Audit Committee a schedule detailing any fees and engagements approved pursuant to the foregoing procedures by a member of the Audit Committee since the last regularly scheduled meeting of the Audit Committee.

No services were provided by the independent public accountants in 2004 that were approved by the Audit Committee under Securities and Exchange Commission Regulation S-X Section 2-01(c)(7)(i)(C) (which addresses certain services considered de minimis approved by the Audit Committee after such services have been performed).

In addition, in accordance with regulations promulgated by the SEC, the Audit Committee has issued the following report.

Charitable Contributions. A Director is a trustee, fiduciary, director, officer or employee of a tax-exempt organization to which the Company contributes, and the Company's contributions in any single fiscal year to the organization does not exceed the greater of (a) \$500,000, or (b) one percent (1%) of that organization's total annual receipts.
