PROXY STATEMENT

FOR THE ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD JUNE 9, 2005

This Proxy Statement is being furnished in connection with the solicitation of proxies on behalf of the Board of Directors (the **Board**) of the Company for use at the Annual Meeting of Stockholders (the **Meeting**) to be held at the time and place and for the purposes set forth in the accompanying notice. This Proxy Statement is first being mailed to stockholders about May 11, 2005.

The close of business on April 27, 2005, has been fixed as the record date for the determination of stockholders entitled to notice of and to vote at the Meeting or any adjournment thereof (the **Record Date**). As of the Record Date, there were 15,468,880 shares of the Company's common stock (**Common Stock**) outstanding, each of which is entitled to one vote.

The presence, in person or by proxy, of holders of a majority of the outstanding shares of Common Stock as of the Record Date is necessary to constitute a quorum at the Meeting. Abstentions and broker non-votes will be counted towards a quorum. If a quorum is not present, the stockholders present may adjourn the Meeting from day to day, without notice, other than an announcement at the Meeting. At such adjourned meeting directors will be elected regardless of whether a quorum is present. At any such adjourned Meeting at which a quorum is present, any business may be transacted that might have been transacted at the original Meeting.

Directors are elected by a plurality of the votes cast at the Meeting. Abstentions and broker non-votes will have no effect on the election.

All shares represented by properly executed proxies, unless previously revoked, will be voted at the Meeting in accordance with the directions set forth on the proxies. IF NO DIRECTION IS GIVEN, THE SHARES WILL BE VOTED (i) FOR THE ELECTION OF THE PERSONS NAMED HEREIN, AND (ii) IN THE DISCRETION OF THE PROXY HOLDERS WITH RESPECT TO OTHER BUSINESS AS MAY PROPERLY COME BEFORE THE MEETING.

A proxy may be revoked at any time before it is voted by (a) the execution and submission of a revised proxy, (b) written notice to the Secretary of the Company, or (c) voting in person at the Meeting.

Edgar Filing: AMEDISYS INC - Form DEF 14A

The Company will bear the cost of the solicitation of proxies. In addition to the use of mail, proxies may be solicited by directors, officers and regular employees of the Company in person or by telephone or other means of communication. They will not be compensated for the solicitation but may be reimbursed for out-of-pocket expenses. Arrangements are also being made with brokerage firms and other custodians, nominees and fiduciaries for the forwarding of solicitation material to the beneficial owners of Common Stock, and the Company will reimburse them for their reasonable out-of-pocket expenses.

ELECTION OF DIRECTORS
Nominees

The Bylaws of the Company provide that the number of directors will be determined by the Board, which has set the maximum number at six and has nominated the six persons named below for election at the Meeting. All of the nominees currently serve as directors. Each person elected will serve until the next annual meeting of stockholders and until his successor has been duly elected and qualified. Although the Board does not contemplate that any of the nominees will be unable to serve, if such a situation arises before the Meeting, the persons named in the enclosed Proxy will vote for the election of such other person(s) as may be nominated by the Board.

The Board maintains a Nominating and Governance Committee to recommend to the Board all nominees for election, and a shareholder who desires a person to be considered as a director should address any communication to the Company's Secretary at our address, following the procedures described below. Each director attended at least 75% of the total number of Board and committee meetings held on which he served, except Mr. Pitts, who attended 61%.

Edgar Filing: AMEDISYS INC - Form DEF 14A

The Audit Committee's responsibilities are covered by the Company's Audit Committee Charter which was reproduced as Appendix A to the Company's proxy statement for the annual meeting of stockholders held on

June 10, 2004. The Audit Committee is comprised of Jake L. Netterville (Chairman), Ronald A. LaBorde, David R. Pitts, Peter F. Ricchiuti and Donald A. Washburn. All other directors, with the exception of Mr. Borne, received a monthly retainer of \$1,500. During 2004, the Company did not pay a fee for each meeting attended by a director. Directors also received stock options in amounts determined by the Compensation Committee. During 2004, each director, with the exception of Mr. Borne, was granted stock options for 10,000 shares of Common Stock at an exercise price of \$29.75 per share, the fair market value on the date of the grant.

Beginning March 1, 2005, all directors other than Mr. Borne receive a monthly retainer of \$3,000 and meeting attendance fees of \$1,000 per meeting attended in person and \$500 per meeting attended via teleconference. In addition, directors receive a fee of \$2,000 for attendance at the annual strategy session of the Board. Each director, other than Mr. Borne, will also receive annually restricted stock having a value of \$44,000 which will vest after 12 months from the date of grant. The Chairman of the Audit Committee and the Lead Director receive, in addition to the other fees mentioned, a monthly retainer of \$1,000. All directors are entitled to reimbursement for reasonable travel and lodging expenses incurred in attending meetings.

Board Independence, Communication & Attendance

Edgar Filing: AMEDISYS INC - Form DEF 14A

The Board has determined that all directors other than Mr. Borne meet the definition of independence of the NASDAQ National Market System. The Board has also determined that both Jake L. Netterville, Chairman of the Audit Committee, and Ronald A. LaBorde meet the definition of Audit Committee Financial Expert within the meaning of that term as defined by the SEC and NASDAQ. In 2005, the independent directors plan to meet in executive sessions on a regular basis without any management or non-independent directors present. Ronald A. LaBorde will preside over these executive sessions as Lead Director.

Shareholders who desire a person to be considered as a director should address any communication to the Company's Secretary, following the procedures described elsewhere in this Proxy Statement. Shareholders who wish to communicate with the Board on other matters should address their communications to the Company's Secretary, who will be responsible for promptly disseminating such communications to the Board.

The Company does not have a formal policy regarding attendance by Board members at the annual shareholders meeting, and, as a matter of practice, Board members do not attend.

The Board has also adopted a Code of Ethical Business Conduct that is applicable to all our directors, officers and employees, including our Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer. The Code is available on the Investors' section of our internet website, www.amedisys.com, using the link entitled "Pledge to our Shareholders". The purpose of the Code is to, among other things, deter wrongdoing and promote honest and ethical conduct; full, fair, accurate, timely and understandable disclosure in our filings with the SEC and public communications; compliance with applicable laws, rules and regulations; and the prompt internal reporting of violations and accountability.

Employment Agreements

Mr. Borne entered into a three-year employment agreement with the Company, effective April 1, 2005, which provides for an automatic one-year extension of the agreement unless either party provides written notice six months before the expiration of the term. The agreement provides for a base salary of \$400,000 annually. It also provides for an annual bonus up to 100% of the base salary then in effect for the applicable year if the target established by the Board for the performance-based criteria for the related fiscal year of the Company is met, annual long-term equity incentive awards (at the Board's discretion) at an amount equal to the median market for comparable awards to chief executive officers of other companies determined by the Board to have similar attributes. Any long-term equity incentive awards made shall vest over a three-year period.

If Mr. Borne's employment is terminated (i) due to expiration of the term, (ii) by the Company without cause prior to a change of control, or (iii) by Mr. Borne for the Company's failure to meet its obligations under the agreement, Mr. Borne is entitled to receive severance compensation of two times the average for the prior three fiscal years of the Company of the sum of Mr. Borne's base salary and bonus for each such fiscal year. If Mr. Borne's employment is terminated due to a change of control, he is entitled to receive 2.99 times the average for the prior three fiscal years of the Company of the sum of his base salary and bonus for each such fiscal year less the amount of the base salary and bonus that he received from the date of the change of control until the date on which Mr. Borne's employment is terminated.

Messrs. Graham and Browne each have employment agreements with the Company of indefinite duration, providing for an annual base salary (\$300,000 for Mr. Graham, \$225,000 for Mr. Browne) with minimum yearly increases, an annual performance-based cash incentive and annual long-term equity incentive awards. The performance-based cash incentives are targeted at 50% of base salary and are based on the achievement of certain performance criteria approved by the Compensation Committee. The agreements also provide for additional benefits such as participation in employee health plans. If Mr. Graham is terminated without cause or following a change of control of the Company, he is entitled to severance compensation in an amount equal to eighteen months of his base salary. If Mr. Browne is terminated without cause he is entitled to severance compensation of six months base salary and various employee benefits, or in the case of a termination following a change of control of the Company, twelve months base salary and various employee benefits.

Compensation Committee Interlocks and Insider Participation

Edgar Filing: AMEDISYS INC - Form DEF 14A

The Compensation Committee is composed of the directors listed below, none of whom has ever been an officer of the Company or any of its subsidiaries.

REPORT OF THE COMPENSATION COMMITTEE

The Company's executive compensation is supervised by the Compensation Committee of the Board. The Compensation Committee seeks to provide executive compensation that will support the achievement of the Company's financial goals while attracting and retaining talented executives and rewarding superior performance. In performing this function, the Committee reviews executive compensation surveys and/or other available information and may from time to time consult with independent compensation consultants. In 2004, the Compensation Committee directly engaged an outside compensation consulting firm to assist the Compensation Committee in its review of the compensation for the executive officers. This consulting firm does not provide other consulting services to the Company.

The Committee seeks to provide an overall level of compensation to executives that is competitive with the healthcare industry and other companies of comparable size and complexity. Compensation in any particular case may vary from an industry average on the basis of annual and long-term Company performance, as well as individual performance. The Committee will exercise its discretion to set compensation based on its judgment and where external, internal or individual circumstances warrant.

Compensation Philosophy

The compensation philosophy of the Company is designed to align our employees and shareholders. This philosophy applies to all employees, with a more significant level of variability and compensation at risk as an employee's level of responsibility increases. The philosophy is designed for fair pay based on an employee's role in the Company; the market value of their job; and their performance in that position. Opportunities for additional compensation rewards are offered when the Company meets or exceeds its targeted business objectives. The four core aspects of the Company's compensation philosophy are described below:

1. *Market-driven.* The Company's compensation programs will be structured to be competitive both in their design and in the total compensation they offer.
2. *Shareholder-aligned.* All employees of the Company will have some portion of their compensation aligned with the Company's stock price or with another approved measure of shareholder value creation.
3. *Performance-based.* All employees will have their compensation linked to a combination of Company, regional unit, operating unit, and/or individual performance. The specific measures of success that apply and the forms of compensation that are affected will vary by responsibilities and by position. Individual performance will be objectively assessed via a formal performance management process.
4. *Values-oriented.* The design and administration of the Company's compensation programs will be guided by, and supportive of, the Company's value and commitment to diversity. The Company's assessments of individual performance will measure results and the extent to which each employee is living the Company's values.

In 2004 the Compensation Committee directly engaged an outside compensation consultant to provide an independent analysis of the Company's compensation program for its Chief Executive Officer, President and Chief Operating Officer and Chief Financial Officer. The analysis completed by this independent consultant reflected base pay, levels of annual cash incentives and long-term equity incentive grants for a peer group of companies. The Compensation Committee targeted the 50th percentile of the peer group analyzed for evaluating individual compensation levels. Generally, the Compensation Committee believes both the individual components of compensation, as well as total compensation, are equitable and competitive.

Compensation Program Components

In general, the Company compensates its executive officers through a combination of base salary, annual incentive compensation in the form of cash bonuses and long-term incentive compensation in the form of equity

awards. The Compensation Committee regularly reviews the Company's executive compensation program to ensure that pay levels and incentive opportunities reflect the performance of the Company. Each element of the compensation program for executive officers is further explained below.

Base Salary. Base salary levels for the Company's executive officers are set generally to be competitive in relation to the salary levels of executive officers in other companies with the healthcare industry or other companies of comparable size, taking into consideration the position's complexity, responsibility and need for special expertise. In reviewing salaries in individual cases, the Company also takes into account individual experience and performance.

Annual Incentive Compensation. The Compensation Committee has historically structured bonuses as incentive compensation. Payment of bonuses have generally been dependent upon the Company's achievement of budgeted operating income targets and, to a lesser degree, individual bonuses based on individual's performance have also been awarded.

Other Compensation. In addition to cash and equity compensation programs, the executive officers participate in various other employee benefit plans. Executive officer participation in various clubs, organizations, and associations that may also be funded by the Company.

Long-Term Incentive Compensation. The Company provides long-term incentive compensation through its stock option plan. The number of shares covered by any grant is generally determined by the then-current stock price, subject in certain circumstances to vesting requirements. In special cases, however, grants may be made to reflect increased responsibilities or reward extraordinary performance.

Chief Executive Officer Compensation. Mr. Borne's annual base salary for fiscal year 2004 was \$375,000 pursuant to his employment agreement in effect during 2004 and is currently \$400,000 per year, effective April 1, 2005, pursuant to his 2005 employment agreement. The Compensation Committee approved a bonus of \$400,000 for Mr. Borne in respect of the fiscal year ended December 31, 2004. In considering the amount of the bonus, the Committee considered the criteria outlined in his employment contract, in particular the achievement of budgeted income target, the significant increase in the Company's market capitalization and achievement of other personal and corporate objectives.

Certain Tax Considerations

Section 162(m) of the Internal Revenue Code of 1986 (as amended) currently imposes a \$1 million dollar limitation on the deductibility of certain compensation paid to the Company's executive officers. Excluded from the limitation is compensation that is performance based. For compensation to be performance based, it must meet certain criteria, including being based on predetermined objective performance standards. In general, the Company believes that the long-term stock option awards offered to executives qualify for exclusion from the \$1 million limitation. Compensation paid in 2004 subject to the Section 162(m) cap is not expected to exceed \$1 million for any officer. Therefore, the Committee believes that the Company will not be subject to any Section 162(m) limitations on the deductibility of compensation paid to the Company's Named Executive Officers for 2004.

The Compensation Committee continues to consider other steps which might be in the Company's best interests to comply with Section 162(m), while reserving the right to award future compensation which would not comply with the Section 162(m) requirements for nondeductibility if the Compensation Committee concluded that this was in the Company's best interests.

REPORT OF THE AUDIT COMMITTEE

The following report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Exchange Act, except to the extent the Company specifically incorporates this report by reference therein.

The Audit Committee consists of five directors, each of whom has been determined by the Board to be independent within the meaning of applicable rules of the NASDAQ Stock Market and the SEC. The Audit Committee's responsibilities are detailed in the Audit Committee Charter, which was reproduced as Appendix A to last year's proxy statement.

In carrying out its functions, the Committee provides independent and objective oversight of the performance of the Company's financial reporting process, system of internal controls and legal and regulatory compliance system. The Committee provides for open, ongoing communication among the independent accountants, financial and senior management, compliance officers and the Board concerning the Company's financial and compliance position and affairs. The Committee has the power to conduct or authorize investigations into any matters within its scope of responsibilities and is empowered to retain independent counsel, accountants, or others to assist it in the conduct of any investigation. The Committee's responsibility is oversight, and it recognizes that the Company's management is responsible for preparing the Company's financial statements and complying with applicable laws and regulations.

The Committee met five times during 2004. In overseeing the preparation of the Company's financial statements, the Audit Committee discussed with the Company's independent auditors the overall scope and plans for their audit. In addition, the Committee met with the Company's independent auditors, with and without management present, to review and discuss all financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Committee that all financial statements were prepared in accordance with generally accepted accounting principles, and the Committee discussed the statements with both management and the independent auditors. The Committee's review included discussion with the independent auditors of matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communications with Audit Committees). With respect to the Company's independent auditors, the Committee, among other things, discussed with KPMG LLP matters relating to its independence, including the disclosures made to the Committee as required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). The Audit Committee has determined that the rendering of all non-audit services by the Company's independent auditors is compatible with maintaining the auditor's independence. On the basis of these reviews and discussions, the Committee recommended to the Board that it approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K and Form 10-K/A for the year ended December 31, 2004 for filing with the SEC.
