**Item 2.05 Costs Associated with Exit or Disposal Activities.**

On December 12, 2005, the Board of Directors of the Registrant approved the closure of the Registrant's leaf tobacco processing plant in Danville, Virginia. The closure of the plant was effective December 13, 2005, and is a result of the Registrant's consolidation of all of its United States flue-cured and burley leaf processing into its facility in Nash County, North Carolina.

The Registrant has estimated that the total costs in connection with the closure of the Danville plant will range from approximately \$2.0 million to \$3.25 million. These amounts consist of the following components:

a range of \$1.5 million to \$2.5 million associated with one-time termination benefits to be provided to 55 full-time employees and approximately 325 seasonal employees and

a range of \$500,000 to \$750,000 associated with the relocation of 23 full-time employees from Danville to Nash County.

The Registrant expects to record the costs for the one-time termination benefits in the fiscal quarter ending December 31, 2005. Employee relocation costs will be charged to expense as the relocations occur. The Registrant expects that all of these costs will be paid in subsequent fiscal quarters.

In addition, the Registrant expects to incur an additional charge to write down the value of the Danville plant's land, building and equipment to fair value. The Registrant intends to dispose of certain of these assets, but none of the assets are expected to meet the accounting criteria for classification as "held for sale" as of the closure date. At this time, the Registrant has not completed its determination of the fair value of the assets and does not have an estimate of the write-down or future cash expenditures associated with the disposition or relocation of the assets.

A copy of the press release issued by the Registrant on December 13, 2005, with respect to the action described above is attached as Exhibit 99.1 to this report and is incorporated by reference into this Item 2.05.

**Item 2.06 Material Impairments.**

The Registrant expects to incur a material charge to write down certain of the assets at its Danville plant. The information included in Item 2.05 is incorporated by reference into this Item 2.06.

**Item 9.01 Financial Statements and Exhibits.**
