PROXY STATEMENT

March 20, 2006

GENERAL

This Proxy Statement and the accompanying Proxy Card are being mailed to Shareholders of Westamerica Bancorporation (Westamerica or the Corporation) beginning on or about March 20, 2006. The Westamerica Board of Directors is soliciting proxies to be used at the 2006 Annual Meeting of Westamerica Shareholders, which will be held at 11:00 a.m. Pacific Time, Thursday, April 27, 2006, or at any adjournment or postponement of the Meeting. Proxies are solicited to give all Shareholders of record (Record Holder) an opportunity to vote on matters to be presented at the Annual Meeting. In the following pages of this Proxy Statement, you will find information on matters to be voted on at the Annual Meeting.

Voting Information

Who Can Vote. You are entitled to vote if you were a Record Holder of Westamerica common stock as of the close of business on February 27, 2006. Your shares can be voted at the Meeting only if you are present or represented by a valid proxy. If your shares of common stock are held by a bank, broker or other nominee in street name, you are a beneficial owner and will receive voting instructions from the record holder (including instructions, if any, on how to vote by telephone or through the Internet). You must follow these instructions in order to have your shares voted by proxy. To be able to vote in person at the Meeting, beneficial owners must obtain and bring to the Annual Meeting a proxy from the institution that holds your shares, indicating that you were the beneficial owner of the shares on February 27, 2006, the record date for voting.

Proxy Card. The Board has designated Arthur C. Latno, Jr., Ronald A. Nelson and Edward B. Sylvester to serve as Proxies for the Annual Meeting. As Proxies, they will vote the shares represented by proxies at the Annual Meeting. If you sign, date and return your Proxy Card but do not specify how to vote your shares, they will be voted by the Proxies in favor of the election of all of the director nominees. The Proxies will also have discretionary authority to vote in accordance with their judgment on any other matter that may properly come before the Meeting that we did not have notice of by February 6, 2006.

Quorum and Shares Outstanding. A quorum, which is a majority of the total shares outstanding as of the Record Date, must be present to hold the Meeting. A quorum is calculated based on the number of shares represented by Shareholders attending in person or by proxy. On February 27, 2006, 31,648,838 shares of Westamerica common stock were outstanding. We also count broker non-votes, which we describe below, as shares present or represented at the Meeting for the purpose of determining whether a quorum exists.

Required Votes Election of Director Nominees. Each share is entitled to one vote, except in the election of directors where a Shareholder may cumulate votes as to candidates nominated prior to voting, but only

when a Shareholder gives notice of intent to cumulate votes prior to the voting at the Meeting. If any Shareholder gives such notice, all Shareholders may cumulate their votes for nominees. Under cumulative voting, each share carries as many votes as the number of directors to be elected, and the Shareholder may cast all of such votes for a single nominee or distribute them in any manner among as many nominees as desired. In the election of directors, the ten nominees receiving the highest number of votes will be elected. If your proxy is marked Withhold with regard to the election of any nominee, your shares will be counted toward a quorum but they will not be voted for or against the election of that nominee.

Other Matters. Approval of any other matter considered at the Meeting will require the affirmative of a majority of the shares present or represented by proxy and entitled to vote at the Meeting.

Broker Non-Votes. Broker non-votes will be included as present for the purpose of determining the presence of a quorum. A broker non-vote occurs under the stock exchange rules when a broker is not permitted to vote on a matter without instructions from the beneficial owner of the shares and no instruction is given on a timely basis. Brokers may vote at their discretion on routine matters, such as the election of directors, but not on non-routine matters.

How You Can Vote. Record Holders may vote by proxy or in person at the Meeting. To vote by proxy, you may select one of the following options:

Vote by Telephone. You can vote your shares by telephone by calling the toll-free telephone number shown on Proxy card. Telephone voting is available 24 hours a day, seven days a week. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded. Our telephone voting procedures are designed to authenticate the Shareholder by using individual control numbers, which you will find on your Proxy Card. If you vote by telephone, you should **NOT** return your Proxy Card.

Vote by Internet. You can choose to vote on the Internet. The web site for Internet voting is shown on your Proxy your Card. Internet voting is available 24 hours a day, seven days a week. You will be given the opportunity to confirm that your instructions have been properly recorded. Our Internet voting procedures are designed to authenticate the Shareholder by using individual control numbers, which you will find on your Proxy Card. If you vote on the Internet, you should **NOT** return your Proxy Card.

If you vote by telephone or Internet, your vote must be received by 1:00 a.m., Central Time, on April 27, 2006 to ensure that your vote is counted. For Westamerica Bancorporation Tax Deferred Savings/Retirement Plan (ESOP) participants, your vote must be received by 1:00 a.m., Central Time, on April 25, 2006.

Vote by Mail. If you choose to vote by mail, simply mark your Proxy Card, date and sign it, and return it in the postage-paid envelope provided.

We have been advised by counsel that these telephone and Internet voting procedures comply with California law.

Revocation of Proxy. Record Holders who vote by proxy, whether by telephone, Internet or mail, may revoke that proxy at any time before it is voted at the Meeting. You may do this by: (a) signing another Proxy Card with a later date and delivering it to us prior to the Meeting or sending a notice of revocation to the Corporate Secretary of Westamerica at 1108 Fifth Avenue, San Rafael, CA 94901; (b) voting at

a later time by telephone or on the Internet prior to 1:00 a.m. Central Time, on April 27, 2006; or (c) attending the Meeting in person and casting a ballot. If you hold shares in street name, you may change your vote by submitting new voting instructions to your broker or other nominee.

Additional Information

Householding. As permitted by the Securities Exchange Act of 1934 (the Exchange Act) only one copy of the Annual Report and the Proxy Statement is being delivered to shareholders residing at the same address, unless such shareholders have notified their bank, broker, Computershare Investor Services or other holder of record that they wish to receive separate mailings. If you are a beneficial holder and own your shares in street name, contact your broker, bank or other holder of record to discontinue householding and receive your own separate copy of Proxy Statements and Annual Reports in future years. If you are a registered holder and own your shares through Computershare Investor Services, contact Computershare toll-free at 877-588-4258 or in writing directed to Computershare Investor Services, 2 North LaSalle Street, Chicago, IL 60602 to discontinue householding and receive multiple Annual Reports and Proxy Statements in future years. To receive an additional Annual Report or Proxy Statement this year, contact Shareholder Relations at 707-863-6992.

At least one account at your address must continue to receive an Annual Report, unless you elect to receive future Annual Reports and Proxy Statements over the Internet. Mailing of dividends, dividend reinvestment statements, and special notices will not be affected by your election to discontinue duplicate mailings of the Annual Report and Proxy Statement. Regardless of householding, each shareholder will continue to receive a separate Proxy Card and return envelope.

Electronic Access to Proxy Materials and Annual Reports. This Proxy Statement and the 2005 Annual Report are available on the Corporation's Internet site at www.westamerica.com/investor_relations/index.html. If you hold your Westamerica common stock in street name through a broker, a bank or other nominee, you may have the option of securing your Proxy Statement and Annual Report over the Internet. If you vote this year's proxy electronically, you may also be able to elect to receive future Proxy Statements, Annual Reports and other materials electronically by following the instructions given by your bank, broker, or other holder of record when you vote.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Corporation's directors and executive officers and persons who own more than 10% of a registered class of the Corporation's equity securities to file with the Securities and Exchange Commission (the "SEC") and NASDAQ initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Corporation, and to send a copy to the Corporation.

To the Corporation's knowledge, except as disclosed below, and based solely on a review of the copies of reports furnished to the Corporation and written representations that no other reports were required, during the fiscal year ended December 31, 2005, all Section 16(a) filing requirements were timely complied with by Westamerica's officers, directors and 10% Shareholders, except for a Form 4 report by Mr. Payne with respect to the gifting of 750 shares on November 9, 2004. Mr. Payne advised representatives of the Corporation prior to the transfer of the gift; however, the Corporation inadvertently failed to file a Form 5 in 2005 to report the gift. In October 2005, the omission was discovered and a report that included the gift was filed on October 26, 2005.

The Board does not anticipate that any of the nominees will be unable to serve as a director, but if that should occur before the Meeting, the Board reserves the right to substitute another person as nominee. The Proxies will vote for any substitute nominated by the Board of Directors. The Proxies may use their discretion to cumulate votes for election of directors and cast all of such votes for any one or more of the nominees, to the exclusion of the others, and in such order of preference as they may determine at their discretion.

Board of Directors and Committees

Director Independence

The Board of Directors has considered whether any relationships or transactions related to a director were inconsistent with a determination that a director is independent. Based on this review, the Board affirmatively determined that E. Allen, L. E. Bartolini, E. J. Bowler, A. C. Latno, Jr., P. D. Lynch, C. C. MacMillan, R. A. Nelson, C. R. Otto and E. B. Sylvester are independent directors, as that term is defined by applicable rules of NASDAQ.

Meetings

The Corporation expects all Board members to attend all meetings, including the Annual Meeting of Shareholders, except for reasons of health or special circumstances. Last year all ten directors attended the Annual Meeting. The Board held a total of 11 meetings during 2005. Every director attended at least 75% of the aggregate of: (i) the 11 Board meetings or that number of Board meetings held during the period in which they served; and (ii) the total number of meetings of any Committee of the Board on which such director served.

Committees of the Board

Executive Committee:

Members: D. L. Payne, Chairman; A. C. Latno, Jr., P. D. Lynch and E. B. Sylvester.

Number of Meetings in 2005: Ten

Functions: The Board delegates to the Executive Committee, subject to the limitations of the California General Corporation Law, any powers and authority of the Board in the management of the business and affairs of the Corporation.

Audit Committee:

Members: R. A. Nelson, Chairman; L. E. Bartolini, C. C. MacMillan, and C. R. Otto. The Board of Directors has determined that all members are independent, as that term is defined by applicable rules of NASDAQ. The Board has also designated Mr. Nelson as the audit committee financial expert as defined by the rules of the SEC and is financially sophisticated under NASDAQ rules. In concluding that Mr. Nelson is an audit committee financial expert, the board determined that he has:

an understanding of generally accepted accounting principles and financial statements;

the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves;

experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Corporation's financial statements, or experience actively supervising one or more persons engaged in such activities;

an understanding of internal control over financial reporting; and

an understanding of audit committee functions.

Designation of a person as an audit committee financial expert does not result in the person being deemed an expert for any purpose, including under Section 11 of the Securities Act of 1933. The designation does not impose on the person any duties, obligations or liability greater than those imposed on any other Audit Committee member or any other director and does not affect the duties, obligations or liability of any other

member of the Audit Committee or Board of Directors.

Number of Meetings in 2005: Five

Functions: The Audit Committee provides independent, objective oversight of the integrity of the Corporation's financial statements, the Corporation's compliance with legal and regulatory requirements, the independence and performance of the Corporation's independent auditor as it performs audit, review or attest services, and the Corporation's internal audit and control function. It selects and retains the independent auditors, reviews the plan and the results of the auditing engagement and acts pursuant to a written charter that was amended by the Board on January 21, 2004 and filed with our 2004 Proxy Statement. The Audit Committee Report that follows below more fully describes the responsibilities and the activities of the Audit Committee.

Employee Benefits and Compensation Committee:

Members: P. D. Lynch, Chairman; E. Allen, A.C. Latno, Jr., and R. A. Nelson. The Board of Directors has determined that all members are independent, as that term is defined by applicable rules of NASDAQ.

Number of Meetings in 2005: Five

Functions: The Employee Benefits and Compensation Committee administers and carries out the terms of the Corporation's employee stock option plans as well as the tax deferred savings and retirement plan and the profit-sharing plan. The Employee Benefits and Compensation Committee administers the Corporation's compensation programs and reviews and recommends to the Board the compensation level for the executive officers of the Corporation and its subsidiaries. The Employee Benefits and Compensation Committee also reviews the performance of and recommends promotions for the executive officers of the Corporation.

Nominating Committee:

Members: A. C. Latno, Jr., Chairman; P. D. Lynch, and E. B. Sylvester. The Board of Directors has determined that all members are independent, as that term is defined by applicable rules of NASDAQ.

Number of Meetings in 2005: One

Functions: The Nominating Committee is governed by a written charter which was adopted February 24, 2004 and attached to our 2004 Proxy Statement.

The Nominating Committee is responsible for screening and recommending qualified candidates for Board membership. The Committee will annually recommend a slate of nominees to be submitted for election at each Annual Meeting. As part of that process, it will evaluate and consider all candidates submitted by Shareholders in accordance with the Corporation's bylaws and will consider each existing Board member's contributions to evaluate his or her experience as a Director prior to recommending the Board member for renomination each year. The Committee will apply the same standards to evaluate candidates whether the candidate was recommended by a Shareholder or otherwise. The minimum criteria set for all nominees is found below.

Nominating Directors: For the Annual Meeting to be held in 2007, the Nominating Committee will consider Shareholder nominations for election to the Board submitted in accordance with Section 2.14 of the Bylaws of the Corporation, which requires, among other things, that nominations be submitted in writing and must be received by the Corporate Secretary at least 45 days before the anniversary of the date on which the Corporation first mailed its proxy materials for the prior year's Annual Meeting of Shareholders. In the event the date for the current year's Annual Meeting has changed more than 30 days from the date

on which the prior year's meeting was held, then notice must be received a reasonable time before the Corporation mails its proxy materials for the current year.

Any written nomination should include the following information:

The name and address of proposed nominee;

The principal occupation of the nominee;

The total number of shares of capital stock of the Corporation that the Shareholder expects will be voted for the nominee;

The name and address of the notifying Shareholder; and

The number of shares of capital stock of the Corporation owned by the notifying Shareholder.

The Committee has specified the following minimum qualifications it believes must be met by a nominee for a position on the Board:

Appropriate personal and professional attributes to meet the Corporation's needs;

Highest ethical standards and absolute personal integrity;

Physical and mental ability to contribute effectively as a Director;

Willingness and ability to participate actively in Board activities and deliberations;

Ability to approach problems objectively, rationally and realistically;

Ability to respond well and to function under pressure;

Willingness to respect the confidences of the Board and the Corporation;

Willingness to devote the time necessary to function effectively as a Board member;

Possess independence necessary to make unbiased evaluation of management performance;

Number of Meetings in 2005: Eleven

Compensation of Nonemployee Directors

During 2005, nonemployee directors of the Corporation received an annual retainer of \$14,000. Each nonemployee director received \$1,000 for each meeting of the Board that he or she attended.

During 2005, each nonemployee director received \$500 for each Committee meeting of the Board attended. The Chairman of each Committee received an additional \$250, for a total of \$750, for each Committee meeting attended. All outside directors are reimbursed for expenses incurred in attending Board and Committee meetings. The Chairman of the Board, D. L. Payne, is compensated as an employee and did not receive an annual retainer or director's fees.

The Westamerica Bancorporation and Subsidiaries Deferred Compensation Plan (the Deferred Compensation Plan) allows nonemployee directors to defer some or all of their director compensation with interest earnings credited on deferred compensation accounts.

Corporation Transactions with Directors and Management

Certain of the directors, executive officers and their associates have had banking transactions with subsidiaries of the Corporation in the ordinary course of business. With the exception of the Corporation's Employee Loan Program, all outstanding loans and commitments included in such transactions were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, did not involve more than a normal risk of collectibility, and did not present other favorable features. As part of the Employee Loan Program, all employees, including corporate officers, are eligible to receive mortgage loans at one percent (1%) below Westamerica Bank's prevailing interest rate at the time of loan origination. All loans to corporate officers under the Employee Loan Program are made by Westamerica Bank in compliance with the applicable restrictions of section 22(h) of the Federal Reserve Act.

Board Compensation Committee Report

The material in the Compensation Committee Report and the investment performance graph included elsewhere in this proxy statement is not soliciting material, is not deemed filed with the Securities and Exchange Commission, and is not to be incorporated by reference in any of the Corporation's filings under the Securities Act of 1933, as amended, or the Exchange Act, as amended, whether made before or after the date of this Proxy Statement and irrespective of any general incorporation language therein.

Overview. The Employee Benefits and Compensation Committee of the Board of Directors (the Committee) is comprised solely of directors who are not current or former employees of Westamerica Bancorporation and are independent, as that term is defined by applicable rules of NASDAQ. The Committee oversees the executive compensation program and recommends compensation for the CEO and other executive officers to the board. The CEO does not participate nor is he present when the Compensation Committee evaluates his performance and compensation. This executive compensation program and annual evaluation process establishes a competitive base salary for each executive and offers incentive compensation which can provide additional compensation if established performance measures are achieved.

Compensation Objectives and Policies. The Committee seeks to ensure that:

incentive compensation is closely linked to company-wide, division and individual performance;

the interests of the Corporation's key employees are aligned with those of its shareholders through stock-based incentives and resulting stock ownership; and

compensation and benefits are set at levels that enable the Corporation to attract and retain highly qualified employees.

Over time, the Committee intends to limit base salary increases, creating an increasing reliance on incentives (in the form of annual cash bonuses and stock-based awards) to achieve targeted total compensation, thus increasing the percentage of total compensation dependent upon meeting specific performance objectives.

In determining total compensation, the Committee obtains competitive market data, comparing the Corporation's compensation practices to those of a peer group of companies. The peer group is comprised of companies in the banking industry with which the Corporation competes for executive talent and which are generally comparable with respect to business activities. The companies in the peer group may or may not be included in the NASDAQ Bank Index (an index included in Westamerica's Performance Graph below).

Base Salary and Bonus. Each executive officer named in the Summary Compensation Table receives a monthly base salary and is eligible to receive an annual cash bonus. Corporate performance measures are established each year based on the Corporation's business objectives. Specific criteria for each corporate objective are established for Threshold, Target, and Outstanding performance. Achievement of these annual corporate-level performance measures determines between 55% and 80% of the annual cash bonuses to be paid to each named executive, with the remaining percentage of the annual cash bonus determined by individual and division-level performance. This furthers the Committee's goal of linking management compensation to shareholder interests.

All employees, including corporate officers, are eligible to receive severance pay benefits in the event of a Change in Control, as defined in the Corporation's Severance Payment Plan (Severance Payment Plan).

Benefits under the Severance Payment Plan vary based on years of service, corporate title, and salary, but are limited to a maximum benefit equal to one year's annual salary.

Stock Option and Restricted Performance Shares. Westamerica grants stock options and restricted performance shares to encourage key employees to remain with the Corporation by providing them with a long-term interest in the Corporation's overall performance and an incentive to manage with a view toward maximizing long-term shareholder value. Each named executive officer may be awarded an annual grant of stock options if one-year corporate-level goals are achieved. Stock options are priced at 100% of fair market value on the date of grant and generally vest over three years. Options generally expire ten years after grant. All named executive officers are also eligible to receive an annual grant of restricted performance shares. Restricted performance shares generally vest three years after grant but only if three-year corporate-level performance goals are met.

Performance Criteria. Specific criteria for each corporate objective are established for Threshold, Target, and Outstanding performance. During 2005, corporate performance measures for cash bonuses and stock option grants included meeting predetermined target levels for:

return on equity, return on assets, and earnings per share;

credit quality measures;

revenue per share growth;

controlling noninterest expenses;

maintaining satisfactory audit results; and

improving service quality.

Additional corporate performance objectives for a three-year period are established by the Committee to accompany each grant of restricted performance shares. Each grant vests at the end of a three-year period subject to achievement of pre-established, three-year performance objectives which may include one or more of the following:

earnings and diluted earnings per share;

revenue and revenue per diluted share;

expenses;

share price;

return on equity and return on assets;

return on equity and return on assets relative to the average return on equity for similarly-sized institutions;

efficiency ratio (operating expenses divided by operating revenue);

net loan losses as a percentage of average loans outstanding; and

nonperforming assets and nonperforming assets as a percentage of total assets.

Compensation of Chief Executive Officer. Mr. Payne's 2005 base salary was \$371,000 and his annual cash bonus was \$450,000. His 2005 bonus (included in the Summary Compensation below) was related 80% to the achievement of the corporate goals listed above and 20% to the achievement of individual management goals. Individual management goals achieved in 2005 included satisfactory results from integration of the acquired Redwood Empire Bancorp, regulatory examinations, satisfactory compliance with internal control requirements, satisfactory progress on management succession and development plans, and satisfactory improvements in operational efficiency. Pursuant to the 1995 Stock

Option Plan, Mr. Payne was granted 250,000 nonqualified stock options in January 2005 which was related to achievement of the 2004 performance measures. Compared to the corporate objectives, the Corporation:

achieved its core profitability objectives;

improved credit quality measures to better than targeted levels;

outperformed non-interest expense and control goals; and

exceeded targeted levels for efficiency measures.

Other. Internal Revenue Code (IRC) Section 162(m) places a limit of \$1,000,000 on the amount of compensation that may be deducted by the Corporation in any year with respect to certain of the Corporation s highest-paid executives. Certain performance-based compensation is not counted toward this limit. The Corporation intends generally to qualify compensation paid to executive officers for deductibility under the IRC, including Section 162(m), but reserves the right to pay compensation that is not deductible under Section 162(m).

The Committee believes that the foregoing compensation programs and policies provide competitive levels of compensation, encourage long-term performance and promote management retention, while further aligning shareholder and management interests in the performance of the Corporation and the Corporation s common stock.

Stock Options

The following table describes stock options that were granted shareholder approved Amended and Restated Westamerica Bancorporation 1995 Stock Option Plan (the 1995 Stock Option Plan) to the Corporation's Chief Executive Officer and the four other most highly compensated executive officers (plus one additional officer who was no longer in office at the end of 2005) in the fiscal year ended December 31, 2005. ⁽¹⁾ All options are nonqualified stock options, which vest ratably over a three-year period commencing one year after the grant date. All options have an exercise price equal to the market value on the date of grant. The terms of all of the Corporation's stock option plans provide that options may become exercisable in full in the event of a Change of Control as defined in the 1995 Stock Option Plan.

⁽²⁾ The Roll-Geske option pricing model (Modified Roll), which is used to determine grant date present value, modifies the Black-Scholes Model to take into account dividends and American options. To derive the per share option value of \$6.61, the assumptions used include 10.0% annual dividend growth, a 2.63% dividend yield, a risk-free rate equal to the seven-year interpolated treasury yield of 3.91%, volatility of 14.72%, and a seven-year maturity.

⁽³⁾ These options were forfeited effective August 5, 2005 upon Mr. Tjian's death. The following table sets forth the stock options exercised in 2005 and the December 31, 2005 unexercised value of both vested and unvested stock options for the Corporation's Chief Executive Officer and the four other most highly compensated executive officers (plus one additional officer who was no longer in office at the end of 2005).

Other Compensation Arrangements

Certain Employment Contracts

Hans T. Y. Tjian accepted a position with Westamerica as Senior Vice President and Manager of Operations and Systems Administration under the terms set forth in a letter agreement dated April 14, 1989. Under the terms of this agreement, Mr. Tjian was entitled to: (1) receive an annual salary of \$130,008; (2) receive a car allowance of \$1,000 per month; (3) participate in Westamerica's executive bonus plan; (4) participate in the Corporation's Stock Option Plan; and (5) vacation leave. In addition, Mr. Tjian was entitled to receive severance pay equal to his annual base salary for one year, if his position was eliminated as a result of a Change of Control (as defined in the agreement). Mr. Tjian passed away on August 5, 2005.

Pension Agreement

During 1997, the Corporation entered into a nonqualified pension agreement ("Pension Agreement") with Mr. Payne in consideration of Mr. Payne's agreement that restricted performance shares granted in 1995, 1996 and 1997 would be canceled. In January 2000, the Employee Benefits and Compensation Committee (the "Committee"), based on the Corporation's achievement of certain performance goals which had first been established for Mr. Payne's 1995, 1996, and 1997 restricted performance shares, determined Mr. Payne's annual pension will be \$511,950. The vested portion of the pension will be paid to Mr. Payne as a 20-year certain pension commencing at age 55. Mr. Payne became fully vested in the pension on December 31, 2002.

As part of the Pension Agreement, if Mr. Payne becomes subject to an excise tax as a result of the accelerated vesting of the pension in connection with a Change of Control (as defined in the Pension Agreement), Mr. Payne will also receive a cash payment equal to the sum of (1) the portion of any excise tax due attributable to the vested pension in excess of the portion of any excise tax that would be due if Mr. Payne's restricted performance shares had not been canceled, and (2) the amount necessary to restore Mr. Payne to the same after-tax position as if no such excise tax had been imposed.

Deferred Compensation Agreement

In December 1998, the Corporation entered into a deferred compensation agreement with Mr. Payne for additional discretionary deferred compensation to provide an incentive to remain with the Corporation. The deferred compensation was to be delivered in the form of discretionary monthly company contributions to be deposited in a nonqualified deferred compensation plan. The Committee was to periodically review the accumulated deferred compensation balance, including investment performance, to determine if the additional discretionary company contributions were necessary to provide Mr. Payne with an appropriate level of benefits. The amount of such additional company contributions was to be determined quarterly by the Committee and be based on Mr. Payne's attainment of certain performance goals to include, but not be limited to, Shareholder returns, overall financial performance, merger and acquisition activities, loan review examinations, asset quality and related reserves, and revenue growth.

In 2002, the Committee and Mr. Payne mutually agreed that monthly contributions be temporarily suspended. As a result no contributions were made in 2003. Mr. Payne's deferred compensation award of \$456,430 was paid in a lump sum on January 1, 2004 pursuant to the provision that he be continuously employed through that date.

In making the determination to reappoint KPMG as the Corporation's independent auditors, the Audit Committee will consider whether the providing of services by KPMG, other than audit services, is compatible with maintaining the independence of the outside auditors.

The Corporation expects representatives of KPMG to attend the Annual Meeting of Shareholders. They will respond to appropriate questions from Shareholders and have the opportunity to make a statement if they desire to do so.

Preapproval Policies and Procedures

The Audit Committee is responsible for the appointment, compensation, retention and oversight of the work of any public accounting firm engaged by the Corporation for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Corporation. Any accounting firm appointed by the Corporation reports directly to the Audit Committee.

The Audit Committee must preapprove all auditing services and permitted nonaudit services by its independent auditors and the fees to be paid by the Corporation for these services, except for those fees qualifying for the de minimis exception which provides that the preapproval requirement for certain non-audit services may be waived if certain expressed standards and requirements are satisfied prior to completion of the audit. During fiscal year 2005, there were no nonaudit services that were approved using this exception.

The Audit Committee may delegate to one or more members of the committee the authority to grant preapprovals of nonaudit services and fees. In such event, the decisions of the member or members of the committee regarding preapprovals are presented to the full Audit Committee at its next meeting. The Audit Committee preapproved 100% of all services performed on behalf of the Corporation by KPMG during fiscal year 2005.

⁽¹⁾ Audit fees consisted of fees billed by KPMG for professional services rendered for the audit of the Corporation's consolidated financial statements, reviews of the consolidated financial statements included in the Corporation's quarterly reports on Form 10-Q, and the audit of the Corporation's internal control over financial reporting in 2005. The audit fees also relate to services such as consents, and audits of mortgage banking subsidiaries during fiscal year 2005 and 2004.

AUDIT COMMITTEE REPORT

The material in this report is not soliciting material, is not deemed filed with the Securities and Exchange Commission, and is not to be incorporated by reference in any of the Corporation's filings under the Securities Act of 1933, as amended, or the Exchange Act, as amended, whether made before or after the date of this proxy statement and irrespective of any general incorporation language therein.

The Audit Committee is composed of four Directors who are neither officers nor employees of the Company, and who meet the independence requirements for Audit Committee members of NASDAQ. The Audit Committee selects, appoints and retains the Corporation's independent auditors and is responsible for their compensation and oversight.

In performing its functions, the Audit Committee acts only in an oversight capacity and necessarily relies on the work and assurances of the Corporation's management, which has the primary responsibility for financial statements and reports, and of the independent auditors, who, as part of their examination, express an opinion on the conformity of the Corporation's annual financial statements to generally accepted accounting principles. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited consolidated financial statements for the fiscal year 2005 and discussed such statements with management and with KPMG LLP, the Corporation's independent auditors.

Management represented to the Audit Committee that the Corporation's consolidated financial statements were prepared in accordance with generally accepted accounting principles. Management also represented that it performed an assessment of the effectiveness of internal control over financial reporting as of December 31, 2005, and that adequate internal control over financial reporting for the Corporation was maintained. The Audit Committee discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees) as amended, including the auditor's judgment about the quality as well as the acceptability of the Corporation's accounting principles, as applied in its financial reporting.

The Corporation's independent auditors also provided to the Audit Committee the written disclosures and the letter from the independent auditors required by the Independence Standards Board Standard No. 1 (Independence Discussions with the Audit Committees). The Audit Committee discussed with the independent auditors the firm's independence.

Based on the Audit Committee's discussion with management and the independent auditors, the Audit Committee's review of the representations of management and the report of the independent auditors to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2005, for filing with the SEC.
