, 2006

Dear Stockholder:

You are cordially invited to attend a special meeting of the stockholders of Checkers Drive-In Restaurants, Inc. (Checkers). The special meeting will be held on , 2006 at 9:00 a.m., Eastern Time, at the [Tampa DoubleTree Hotel, located at 4500 West Cypress Street], Tampa, Florida.

At the special meeting, you will be asked to consider and vote on a proposal to adopt the Agreement and Plan of Merger, dated as of February 16, 2006, by and among Taxi Holdings Corp., Taxi Acquisition Corp., and Checkers, pursuant to which Taxi Acquisition will merge with and into Checkers, with Checkers as the surviving corporation in the merger. Upon completion of the merger, each share of Checkers common stock not held by Checkers, Taxi Holdings or their subsidiaries, or by stockholders who perfect appraisal rights under Delaware law, will be cancelled and converted into the right to receive \$15.00 in cash, without interest. The receipt of cash in exchange for your shares of common stock in the merger will constitute a taxable transaction for U.S. federal income tax purposes.

Our board of directors (with recusal by Mr. Sirois), and the special committee of the board of directors formed to consider strategic alternatives, have each unanimously determined that the merger and the merger agreement are advisable and are fair to, and in the best interest of, Checkers and our unaffiliated stockholders. Accordingly, the board of directors (with recusal by Mr. Sirois) and the special committee have each unanimously approved the merger agreement. Each of the board of directors and the special committee unanimously recommends that you vote FOR the adoption of the merger agreement and the approval of the transactions contemplated thereby at the special meeting and FOR the approval of the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies.

Your vote is extremely important. We cannot consummate the merger unless holders of a majority of the outstanding shares of our common stock entitled to vote adopt the merger agreement and approve the transactions contemplated thereby. We ask that you either promptly sign, date and return the enclosed proxy card in the envelope provided without delay or promptly submit your proxy by telephone or over the Internet following the instructions on the proxy card, even if you plan to attend the special meeting. Returning your proxy card to us or submitting your proxy by telephone or over the Internet will not prevent you from voting in person at the special meeting if you are present and choose to do so. **If you fail to vote in person or by proxy, or abstain from voting, it will have exactly the same effect as voting against the merger proposal.**

If your shares are held in street name by a brokerage firm, your broker will supply you with a proxy to be returned to the brokerage firm and/or will provide instructions for any other manner in which you can instruct the brokerage firm how to vote your shares. It is important that you instruct the brokerage firm how to vote your shares as quickly as possible so that the brokerage firm may vote your shares. **Failure to instruct your broker to vote your shares will have exactly the same effect as voting against the merger proposal.** If your shares are held in street name by a brokerage firm, you may not vote your shares in person at the special meeting unless you obtain a power of attorney or legal proxy from your broker authorizing you to vote the shares, and you present this power of attorney or proxy at the special meeting.

NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES COMMISSION HAS APPROVED OR DISAPPROVED THIS TRANSACTION, PASSED UPON THE MERITS OR FAIRNESS OF THIS TRANSACTION OR PASSED UPON THE ADEQUACY OR ACCURACY OF THE INFORMATION CONTAINED IN THIS DOCUMENT. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

This proxy statement and the form of the proxy are first being sent to the stockholders on or about , 2006.

Sincerely,

Brian R. Doster

The Special Meeting (page 15)

Date, Time and Place. The special meeting will be held on _____, _____, 2006 at the [Tampa DoubleTree Hotel, located at 4500 West Cypress Street, Tampa], Florida, at 9:00 a.m., Eastern Time, to consider and vote upon proposals to adopt the merger agreement and to approve the transactions contemplated thereby, to approve the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the special meeting to approve the adoption of the merger agreement, and to transact other business as may properly come before the special meeting and any adjournment of the special meeting.

Record Date and Voting Power. You are entitled to vote if you owned shares of our common stock at the close of business on May 1, 2006, the record date for the special meeting. You will have one vote for each share of our common stock you owned at the close of business on the record date. On the record date, there were [11,501,200] shares of our common stock entitled to be voted at the special meeting.

Quorum and Vote Required. A quorum will be present at the special meeting if the holders of a majority of the outstanding shares of our common stock entitled to vote on the record date are represented in person or by proxy. In order to adopt the merger agreement, holders of a majority of the outstanding shares of our common stock entitled to vote must vote in favor of adopting the merger agreement. **As such, if you withhold a vote or abstain from voting on the proposal for the adoption of the merger agreement and the approval of the transactions contemplated thereby, it will have the same effect as a vote AGAINST the proposal.** In order to approve the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the special meeting to adopt the merger agreement and to approve the transactions contemplated thereby, a majority of the shares voting at the special meeting must vote in favor of such proposal.

Submitting Your Proxy; Revoking Your Proxy. After carefully reading and considering the information contained in the proxy statement, you should either complete, date and sign the enclosed proxy card and mail the proxy card in the enclosed return envelope as soon as possible or promptly submit your proxy by telephone or over the Internet following the instructions on the proxy card so that your shares of common stock are represented at the special meeting, even if you plan to attend the special meeting in person. If you elect to submit your proxy by telephone or via the Internet, you will need to provide the control number set forth on the enclosed proxy card upon which you will be provided the option to vote for, against, or abstain with respect to each of the proposals. If no specification is indicated, all of your shares of common stock represented by valid proxies that have been submitted will be voted FOR the adoption of the merger agreement and the approval of the transactions contemplated thereby and FOR the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies.

Until your proxy is voted at the special meeting, you can revoke your proxy and change your vote in any of the following ways:

giving written notice of the revocation to Checkers Secretary, Brian R. Doster, at Checkers Drive-In Restaurants, Inc., 4300 West Cypress Street, Suite 600, Tampa, Florida 33607;

by properly submitting another proxy by mail, telephone or the Internet, with a later date; or

voting in person at the special meeting (if your shares are registered directly on our books and not held through a broker, bank, or other nominee); attendance at the special meeting will not in and of itself constitute a revocation of the proxy.

If you have instructed your broker or other nominee to vote your shares, you must follow the procedures provided by your broker or nominee to change those instructions.

Background of the Merger (page 19)

The section of the proxy statement entitled Special Factors Background of the Merger contains a description of the process that we undertook with respect to exploring strategic alternatives and, eventually,

Table of Contents

reaching a definitive merger agreement with Taxi Holdings, and includes a discussion of our contacts and discussions with Taxi Holdings and its affiliates, as well as other potential acquirers, that led to that agreement.

Structure of the Merger (page 61)

Subject to the terms and conditions of the merger agreement, Taxi Acquisition will be merged into Checkers, and Checkers will be the surviving entity in the merger. As a result of the merger, Checkers will cease to be a publicly traded company, and Checkers will be owned directly by Taxi Holdings.

Merger Consideration (page 61)

If we complete the merger, each share of our common stock, other than any such share held by Checkers, Taxi Holdings or their subsidiaries, or by stockholders who perfect appraisal rights under Delaware law, will be cancelled and converted into the right to receive \$15.00 in cash, without interest.

Stock Options (page 61)

If we complete the merger, except as described below, each option to purchase shares of our common stock, whether or not vested, will be cancelled and the holder of such option will be entitled to receive an amount in cash equal to the product of (1) the amount by which \$15.00 exceeds the applicable per share exercise price of such option, and (2) the number of shares subject to such option, without interest, and less any amount required to be withheld under applicable law. No consideration will be paid in respect of any stock options for which the exercise price equals or exceeds the merger consideration.

Prior to the completion of the merger, Taxi Holdings expects to offer selected members of Checkers management the opportunity to elect, in lieu of canceling their options in exchange for the right to receive the cash consideration described above, to have their options be assumed by Taxi Holdings and replaced by options to purchase shares in Taxi Holdings. None of the members of the board of directors (other than Mr. Sirois), including the members of the special committee, will be offered this opportunity. The terms of any such assumption and exchange of options by Taxi Holdings, the value of any such options and the individuals to be offered the opportunity to participate in such assumption and exchange, have not been determined as of the date of this proxy statement and such matters remain subject to negotiation among the relevant parties prior to the completion of the merger.

Certain Effects of the Merger (page 47)

If the merger agreement is approved and adopted by our stockholders and the other conditions to closing are satisfied, Taxi Acquisition will be merged with and into Checkers, with Checkers being the surviving corporation. Upon completion of the merger, shares of our common stock, other than such shares held by Checkers, Taxi Holdings or their subsidiaries, or by stockholders who perfect appraisal rights under Delaware law, will be cancelled and converted into the right to receive \$15.00 per share in cash, without interest. Following the completion of the merger, Checkers will no longer be a public company, and you will cease to have any ownership interest in Checkers and will not participate in any future earnings and growth or losses of Checkers.

Conditions to the Merger (page 70)

The obligations of each of Checkers, Taxi Holdings and Taxi Acquisition to complete the merger are subject to the satisfaction or waiver (where permissible), at or prior to the closing of the merger, of the following conditions:

approval and adoption of the merger agreement by the holders of a majority of the then outstanding shares of Checkers common stock;

absence of legal prohibitions to completion of the merger; and

Table of Contents

expiration or termination of any waiting period (and any extension thereof) applicable to the merger under the Hart-Scott-Rodino Antitrust Improvements Act of 1976.

The obligations of Taxi Holdings and Taxi Acquisition to complete the merger are further subject to the satisfaction or waiver at or prior to the closing of certain additional conditions, including the following:

accuracy of Checkers' representations and warranties, with only such exceptions as would not, individually or in the aggregate, reasonably be expected to have a material adverse effect;

Checkers' performance in all material respects with its obligations under the merger agreement required to be performed by it at or prior to the closing;

absence of any event, circumstance, change or effect that, individually or in the aggregate, has had, or would reasonably be expected to have, a material adverse effect;

Taxi Holdings or Taxi Acquisition, as applicable, having received the proceeds of the financing contemplated by the debt and equity commitment letters described below under "Special Factors: Financing for the Merger; Source and Amount of Funds," or alternative financing, on terms and conditions reasonably acceptable to Taxi Holdings and Taxi Acquisition (we refer to this condition as the financing condition);

receipt of third party consents, other than those the failure of which to obtain would not, individually or in the aggregate, reasonably be expected to have a material adverse effect, on terms reasonably satisfactory to Taxi Holdings and Taxi Acquisition;

the fiscal year 2005 audited financial statements of Checkers and its subsidiaries reflecting net income for such fiscal year, before deducting interest expense, taxes, depreciation and amortization, of no less than \$23.7 million;

there being no legal proceeding or investigation pending seeking to prohibit or restrain, or seeking damages in connection with, the merger or the transactions contemplated by the merger agreement; and

the aggregate number of shares for which stockholders have properly exercised and perfected appraisal rights under the Delaware General Corporation Law being less than 10% of the total number of shares of Checkers' common stock outstanding at the effective time of the merger.

The obligation of Checkers to complete the merger are further subject to the satisfaction or waiver at or prior to the closing of certain additional conditions, including the following:

accuracy of Taxi Holdings' and Taxi Acquisition's representations and warranties, with only such exceptions as would not, individually or in the aggregate, reasonably be expected to prevent or materially impede, interfere with, hinder, or delay the consummation by Taxi Holdings and Taxi Acquisition of the transactions contemplated by the merger agreement; and

each of Taxi Holdings' and Taxi Acquisition's performance in all material respects with its obligations under the merger agreement required to be performed by it at or prior to the closing.

Termination of the Merger Agreement (page 71)

Edgar Filing: CHECKERS DRIVE IN RESTAURANTS INC /DE - Form PRER14A

The merger agreement may be terminated and the merger may be abandoned at any time prior to the effective time of the merger, notwithstanding the approval and adoption of the merger agreement by Checkers stockholders (except as otherwise provided below):

by mutual written consent of Taxi Holdings, Taxi Acquisition and Checkers;

by Taxi Holdings or Checkers, if any court or other governmental authority of competent jurisdiction shall have issued a final order, decree or ruling or taken any other final action restraining, enjoining or otherwise prohibiting the merger and such order, decree, ruling or other action is or shall have become final and non-appealable;

by either Taxi Holdings or Checkers, if the effective time of the merger shall not have occurred on or before August 16, 2006 (which we refer to in this proxy statement as the termination date); provided,

that the right to terminate the merger agreement pursuant to this provision would not be available to the party seeking to terminate if any action of such party or the failure of such party to perform any of its obligations under the merger agreement required to be performed at or prior to the effective time of the merger has been the cause of, or resulted in, the failure of the effective time of the merger to occur on or before the termination date and such action or failure to perform constitutes a breach of the merger agreement;

by Checkers, if there shall have been a breach of any representation, warranty, covenant or agreement on the part of Taxi Holdings or Taxi Acquisition contained in the merger agreement such that the conditions with respect to the accuracy of Taxi Holdings and Taxi Acquisition's representations and warranties and their material compliance with their respective obligations under the merger agreement, as described above, would not be satisfied and, in either such case, such breach is not capable of being cured or, if capable of being cured, shall not have been cured prior to the termination date; provided that Checkers would not have the right to terminate the merger agreement pursuant to this provision if Checkers was then in material breach of any of its covenants or agreements contained in the merger agreement;

by Checkers, if prior to the obtaining of the required Checkers stockholder approval:

the Checkers board of directors or the special committee shall have received a superior proposal (as defined in the merger agreement);

Checkers, the Checkers board of directors and the special committee shall have complied in all material respects with Checkers covenants regarding this proxy statement, access to information, the special meeting and the recommendation of the Checkers board of directors and special committee, non-solicitation of competing transactions, and changes in the recommendation of the Checkers board of directors and special committee and decisions to terminate the merger agreement in response to a superior proposal;

on the date of such termination, Checkers enters into a definitive agreement for, or consummates, the transaction contemplated by such superior proposal; and

Taxi Holdings shall have received the termination fee payable by Checkers, as described below;

by Taxi Holdings, if there shall have been a breach of any representation, warranty, covenant or agreement on the part of Checkers contained in the merger agreement such that the conditions with respect to the accuracy of Checkers' representations and warranties and its material compliance with its obligations under the merger agreement, as described above, would not be satisfied and, in either such case, such breach is not capable of being cured or, if capable of being cured, shall not have been cured prior to the termination date; provided that Taxi Holdings would not have the right to terminate the merger agreement pursuant to this provision if Taxi Holdings or Taxi Acquisition is then in material breach of any of its covenants or agreements contained in the merger agreement;

by Taxi Holdings, if the Checkers board of directors or the special committee shall have changed or withdrawn its recommendation with respect to the merger agreement and the merger, or taken certain other related actions;

by either Taxi Holdings or Checkers, if, upon a vote taken at the special meeting or any postponement or adjournment thereof, the merger agreement shall not have been adopted by the holders of at least a majority in combined voting power of the outstanding shares of Checkers' common stock; or

Edgar Filing: CHECKERS DRIVE IN RESTAURANTS INC /DE - Form PRER14A

by Taxi Holdings, if Checkers, the Checkers board of directors or the special committee shall have willfully and materially breached any of Checkers' covenants regarding this proxy statement, the special meeting and the recommendation of the Checkers board of directors and special committee, non-solicitation of competing transactions, and changes in the recommendation of the Checkers board of directors and special committee and decisions to terminate the merger agreement in response to a superior proposal.

within nine months after termination, Checkers enters into an agreement in respect of any Competing Transaction (as defined below) or a Competing Transaction is consummated (provided that, for this purpose, the definition of Competing Transaction is redefined by replacing all references to 20% in that definition with references to 50%).

Taxi Holdings has agreed to reimburse Checkers for all reasonable out-of-pocket expenses incurred in connection with the merger agreement by or on behalf of Checkers or its affiliates up to a maximum of \$3.0 million, if:

Edgar Filing: CHECKERS DRIVE IN RESTAURANTS INC /DE - Form PRER14A

following satisfaction of all other conditions to the obligations of Taxi Holdings and Taxi Acquisition to consummate the merger (other than those that, by their nature, are to be and will be satisfied at the closing), Taxi Holdings exercises its right not to close the merger based on failure to satisfy the financing condition, as described above; or

Checkers exercises its right to terminate the merger agreement based on a breach of the representations, warranties or covenants of Taxi Holdings or Taxi Acquisition, as described above.

Table of Contents

Taxi Holdings has further agreed to pay Checkers a termination fee of \$7.0 million (less any amount previously paid to Checkers as reimbursement of expenses incurred in connection with the merger agreement, as described above), if:

one of the events resulting in a payment to Checkers as reimbursement of expenses, as described above, has occurred; and

within nine months after termination, Checkers has not entered into an agreement in respect of any Competing Transaction or consummated a Competing Transaction (provided that, for this purpose, the definition of Competing Transaction is redefined by replacing all references to 20% in that definition with references to 50%).

Limitation on Liability (page 74)

Each of Checkers, on the one hand, and Taxi Holdings and Taxi Acquisition, on the other, has agreed that the reimbursement of expenses and the termination fees described above will constitute liquidated damages and, except for the recovery of damages incurred in enforcing such reimbursement and termination fee provisions, will constitute the sole and exclusive remedy of the receiving party for any and all damages arising under or in connection with any breach of any representation, warranty, covenant or agreement on the part of the other party contained in the merger agreement.

Wellspring IV Support of Reimbursement and Termination Fee Obligations (page 74)

Wellspring IV has agreed, pursuant to a letter agreement dated February 16, 2006 between Wellspring IV and Checkers, that in the event that Taxi Holdings is required to reimburse Checkers expenses or pay a termination fee to Checkers pursuant to the merger agreement, in each case as described above under The Merger Agreement Reimbursement of Expenses; Termination Fee, Wellspring IV will pay or cause Taxi Holdings to pay such amounts to Checkers in accordance with the merger agreement. A copy of this letter agreement is attached as Annex C to this proxy statement.

Regulatory Matters (page 55)

Except for the filing of a certificate of merger in Delaware at or before the effective date of the merger, we are unaware of any material federal, state or foreign regulatory requirements or approvals, including providing notification to the Federal Trade Commission or the Antitrust Division of the U.S. Department of Justice, that would be necessary for the consummation of the merger.

Financing for the Merger; Source and Amounts of Funds (page 49)

Checkers and Taxi Holdings estimate that, based on information available as of the date of this proxy statement, the total amount of funds required to complete the merger and related transactions, repay certain of Checkers existing debt and pay related fees and expenses, will be approximately \$221 million.

Taxi Holdings expects this amount to be provided through a combination of the proceeds of:

a cash equity investment by Wellspring IV (or Wellspring IV together with its co-investors, which may include members of Checkers management or Wellspring IV's financing sources) in Taxi Holdings, all of which will be contributed to Taxi Acquisition;

cash on Checkers balance sheet;

a senior secured credit facility, which is described below under Special Factors Financing for the Merger; Source and Amount of Funds Debt Financing ;

a secured subordinated credit facility, which is described below under Special Factors Financing for the Merger; Source and Amount of Funds Debt Financing ; and

sale-leaseback transactions, as described below under Special Factors Financing for the Merger; Source and Amount of Funds Sale-Leaseback Financing, the net proceeds of which would be expected to be used to reduce amounts outstanding under the credit facilities described under Special Factors Financing for the Merger; Source and Amount of Funds Debt Financing.

Reasons for the Merger (page 28)

Our board of directors and the special committee have determined unanimously to recommend the adoption of the merger agreement and the approval of the transactions contemplated thereby based on their respective considerations of a number of factors, which are described in the section of this proxy statement entitled Special Factors Reasons for the Merger.

Recommendation of the Special Committee (page 32)

The special committee of our board of directors, comprised solely of independent directors, has unanimously determined that the merger and the merger agreement are advisable and are fair to, and in the best interest of, Checkers and our unaffiliated stockholders and has approved the merger agreement and has recommended to the board of directors the approval of the merger and the merger agreement. **The special committee unanimously recommends that you vote FOR the adoption of the merger agreement and the approval of the transactions contemplated thereby at the special meeting and FOR the approval of the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies.**

Recommendation of the Board of Directors (page 32)

Our board of directors (with recusal by Mr. Sirois) has unanimously determined that the merger and the merger agreement are advisable and are fair to, and in the best interest of, Checkers and our unaffiliated stockholders. **Accordingly, the board of directors (with recusal by Mr. Sirois) has unanimously approved the merger agreement. The board of directors unanimously recommends that you vote FOR the adoption of the merger agreement and the approval of the transactions contemplated thereby at the special meeting and FOR the approval of the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies.**

Opinion of the Special Committee's Financial Advisor (page 32)

In connection with the merger, the special committee received a written opinion, dated February 16, 2006, from the special committee's financial advisor, Citigroup Global Markets Inc., which we refer to in this proxy statement as Citigroup, as to the fairness, from a financial point of view and as of the date of the opinion, of the merger consideration to be received by holders of Checkers' common stock (other than members of the management of Checkers who have entered or may enter into arrangements with Taxi Holdings or its affiliates relating to employment or an equity ownership in Taxi Holdings or its affiliates). We sometimes refer to these members of management, together with their respective affiliates, as management participants. The full text of Citigroup's written opinion is attached to this proxy statement as Annex B. We encourage you to read this opinion carefully in its entirety for a description of the assumptions made, procedures followed, matters considered and limitations on the review undertaken. **Citigroup's opinion was provided to the special committee in connection with its evaluation of the merger consideration and relates only to the fairness, from a financial point of view, of the merger consideration to holders of Checkers' common stock (other than the management participants). Citigroup's opinion does not address any other terms, aspects or implications of the merger and does not constitute a recommendation to any stockholder as to how such stockholder should vote or act on any matters relating to the proposed merger.**

Position of the Executive Officers Regarding the Fairness of the Merger (page 41)

Each of Keith E. Sirois, S. Patric Plumley, Steve Cohen, Adam Noyes, Richard Turer, Ron Levondosky, and Brian R. Doster, each of whom is an executive officer of Checkers and may become a management participant,

Table of Contents

believes that the merger is fair to our unaffiliated stockholders. See **Special Factors Position of the Executive Officers Regarding the Fairness of the Merger** for a discussion of the factors considered by each of such executive officers in considering the fairness of the merger to such stockholders.

Position of Taxi Holdings, Taxi Acquisition and the Wellspring Entities Regarding the Fairness of the Merger (page 44)

Taxi Holdings, Taxi Acquisition and the Wellspring Entities believe that the merger is fair to our unaffiliated stockholders. See **Special Factors Position of Taxi Holdings, Taxi Acquisition and the Wellspring Entities Regarding the Fairness of the Merger** for a discussion of the factors considered by Taxi Holdings, Taxi Acquisition and the Wellspring Entities in considering the fairness of the merger to such stockholders.

Interests of Checkers Directors and Executive Officers in the Merger (page 55)

When considering our board of directors and the special committee's unanimous recommendations that Checkers stockholders vote in favor of the adoption of the merger agreement and approval of the transactions contemplated thereby, you should be aware that some directors and executive officers of Checkers may have interests in the merger that may be different from, or in addition to, the interests of Checkers unaffiliated stockholders. See **Special Factors Interests of Checkers Directors and Executive Officers in the Merger** for a description of such interests that may be different from, or in addition to, the interest of Checkers unaffiliated stockholders.

Our board of directors and the special committee knew about these additional interests, and considered them, among other matters, when it approved the merger agreement and determined that the merger and the merger agreement are advisable and are fair to, and in the best interests of, Checkers and our unaffiliated stockholders.

Dissenter's Right of Appraisal (page 58)

Holders of our common stock who do not wish to accept the \$15.00 per share cash consideration payable pursuant to the merger agreement may seek, under Delaware law, appraisal of the fair value of their shares by the Delaware Court of Chancery. The fair value, which would be exclusive of any value arising from the accomplishment or expectation of the merger, could be more or less than, or the same as, the merger consideration of \$15.00 per share. This right of appraisal is subject to a number of restrictions and requirements. Generally, in order to exercise appraisal rights, among other things you:

- (a) must not vote your shares in favor of adoption of the merger agreement;
- (b) must make and deliver to us a written demand for appraisal in compliance with Delaware law before the vote on the adoption of the merger agreement; and
- (c) must continuously hold your shares of record from the date of making the written demand for appraisal through the effectiveness of the merger and otherwise comply with the procedures under Delaware law for exercising appraisal rights.

Because a proxy submitted without instructions to vote **AGAINST** or **ABSTAIN** with respect to the proposal to adopt the merger agreement will, unless revoked, be voted for the adoption of the merger agreement, the submission of a proxy without instruction to vote **AGAINST** or **ABSTAIN** with respect to the proposal to adopt the merger agreement will result in the loss of your appraisal rights. If you hold shares in the name of a broker or other nominee, you must instruct your broker or nominee to take the steps necessary to enable you to exercise your appraisal rights. If you or your nominee fails to follow all of the steps required by the statute, you will lose your right of appraisal.

Annex D to this proxy statement sets forth the Delaware statute relating to your right of appraisal. This proxy statement constitutes the notice required by Delaware law concerning the appraisal rights of our common stockholders.

Table of Contents

Under the merger agreement, Taxi Holdings is not required to complete the merger if holders of 10% or more of our outstanding common stock as of the effective date of the merger demand appraisal of their shares in accordance with Delaware law.

Material United States Federal Income Tax Consequences (page 53)

The receipt of cash in the merger by holders of our common stock will be a taxable transaction for United States federal income tax purposes (and may also be a taxable transaction under applicable state, local, foreign and other tax laws). For federal income tax purposes, a holder of shares of our common stock generally will recognize gain or loss equal to the difference between (1) the amount of cash received in exchange for such shares and (2) the holder's adjusted tax basis in such shares. Please refer to the section entitled "Material United States Federal Income Tax Consequences" of this proxy statement for a more detailed explanation of the material federal income tax consequences of the merger. **We urge you to consult your own tax advisors to determine the particular tax consequences to you (including the application and effect of any state, local or foreign income and other tax laws) of the receipt of cash in exchange for our common stock.**

Litigation Challenging the Merger (page 57)

On March 3, 2006, Checkers was notified that a state court civil action, *Pipefitters Local No. 636 Defined Benefit Plan v. Checkers Drive-In Restaurants, Inc et. al.* Case No. 06-CA-001825, had been filed against Checkers and its directors in the Hillsborough County, Florida Circuit Court.

The complaint alleges that each of the directors of Checkers individually breached the fiduciary duties owing to the Checkers stockholders by voting to approve the merger agreement and alleges that Checkers aided and abetted such alleged breach of fiduciary duties. The complaint seeks, among other relief, the court's designation of class action status, a declaration that entry into the merger agreement was in breach of the defendants' fiduciary duties and therefore was unlawful and unenforceable, and entry of an order enjoining the defendants from taking further action to consummate the proposed merger. The board of directors is of the unanimous belief that the action is without merit, and intends for Checkers and the directors to vigorously defend against it.

On April 7, 2006, a Notice of Voluntary Dismissal Without Prejudice was filed by counsel for Pipefitters Local No. 636 Defined Benefit Plan in Hillsborough County, Florida Circuit Court, dismissing without prejudice its action against Checkers. Checkers did not pay any consideration or compensation to plaintiff or its counsel in connection with such dismissal.

QUESTIONS AND ANSWERS ABOUT THE SPECIAL MEETING AND THE MERGER

The following questions and answers briefly address some commonly asked questions regarding the proposed merger and the special meeting. These questions and answers may not address all questions that may be important to you as a stockholder of Checkers. Please refer to the more detailed information contained elsewhere in this proxy statement, the appendices to this proxy statement and the other documents we refer to in this proxy statement.

Q. What matters will we vote on at the special meeting?

A. You will vote on the following proposals:

to adopt the merger agreement and approve the transactions contemplated thereby;

to approve the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the special meeting to adopt the merger agreement and approve the transactions contemplated thereby; and

to transact such other business as may properly come before the special meeting or any adjournment of the special meeting.

None of the proposals to be acted upon at the special meeting is conditioned upon the approval of any other proposal.

Q. How does Checkers board of directors and the special committee recommend I vote on the proposals?

A. Checkers board of directors and the special committee recommend that you vote:

FOR the adoption of the merger agreement and approval of the transactions contemplated thereby; and

FOR the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies.

Q. What are the required votes for the proposals?

A. In order to adopt the merger agreement and approve the transaction contemplated thereby, holders of a majority of the outstanding shares of Checkers common stock entitled to vote must vote in favor of the merger agreement proposal. Approval of the proposal to adjourn the special meeting, if necessary or appropriate, requires the favorable vote of a majority of the votes cast at the special meeting, in person or by proxy. Each share of Checkers common stock is entitled to one vote.

Q. Who may attend the special meeting?

A.

Edgar Filing: CHECKERS DRIVE IN RESTAURANTS INC /DE - Form PRER14A

All stockholders of Checkers who owned shares on May 1, 2006, the record date for the special meeting, may attend. Just communicate your intention to attend when submitting your proxy and bring the admission ticket included in this proxy statement with you to the special meeting.

Please note that the admission ticket will be required in order to obtain admission to the special meeting. Accordingly, the admission ticket should not be returned with your proxy card. If your shares are held in a brokerage account, you will also need to bring a copy of your brokerage account statement (which you can obtain from your broker) reflecting your stock ownership as of May 1, 2006.

Q. Who may vote at the special meeting?

A. Only holders of record of Checkers common stock as of the close of business on May 1, 2006 may vote at the special meeting. As of May 1, 2006, Checkers had [11,501,200] outstanding shares of common stock entitled to vote.

Q. If my shares are held in street name by my broker, will my broker vote my shares for me?

A. Yes, but your broker will only be permitted to vote your shares of Checkers common stock if you instruct your broker how to vote. You should follow the procedures provided to you by your broker regarding how to instruct your broker to vote your shares. Failure to instruct your broker to vote your shares will have exactly the same effect as voting against adoption of the merger proposal.

Table of Contents

Q. What does it mean if I get more than one proxy card?

- A. If your shares are registered in multiple accounts with one or more brokers and/or Checkers transfer agent, you will receive more than one proxy card. If you are submitting your proxy by completing and returning your proxy card, please complete and return each of the proxy cards you receive to ensure that all of your shares are voted.

Q. What is a quorum ?

- A. A quorum, for purposes of the special meeting, means a majority of the shares of Checkers common stock outstanding on the record date. This quorum of Checkers shares must be present at the special meeting, in person or by proxy, in order for the special meeting to be held. Shares present by proxy will be counted as present for purposes of determining the presence of a quorum even if the proxy does not have authority to vote on all matters.

Q. What happens if I withhold my vote or abstain from voting?

- A. If you withhold a vote or abstain from voting on the proposal relating to the approval of the merger agreement, it will have the same effect as a vote AGAINST the proposal because holders of a majority of the outstanding shares of Checkers common stock entitled to vote must vote in favor of the proposal in order for it to be approved. For the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies, abstentions will have no effect on the outcome, since an abstention is not a vote cast.

Q. Will my shares be voted if I do not provide my proxy?

- A. Under stock market rules currently in effect, brokerage firms and nominees have the authority to vote their customers' unvoted shares on certain routine matters if the customers have not furnished voting instructions within a specified period prior to the special meeting. However, the approval of the merger agreement and the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies, are not considered routine matters and hence brokerage firms and nominees will not be able to vote the shares of customers from whom they have not received voting instructions with regard to approval of the merger agreement or the proposal to adjourn the special meeting. If you hold your shares directly in your own name, they will not be counted as shares present for the purposes of establishing a quorum or be voted if you do not provide a proxy or attend the special meeting and vote the shares yourself.

Broker non-votes occur when shares held by a broker are not voted with respect to a proposal because (1) the broker has not received voting instructions from the beneficial owner of the shares, and (2) the broker lacks the authority to vote the shares at the broker's discretion. Broker non-votes will have no effect on the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies because broker non-votes will not be considered votes cast, but will be counted as shares present and entitled to vote for the purposes of determining the presence of a quorum. However, with regard to the approval of the merger agreement, the shares represented by broker non-votes will also be considered present at the special meeting for the purposes of determining a quorum, but will have the same effect as a vote AGAINST the proposal because holders of a majority of the outstanding shares of Checkers common stock entitled to vote must vote in favor of the merger agreement proposal in order for it to be approved.

Q. If I have given a proxy, may I change my vote?

- A. Yes. Until your proxy is voted at the special meeting, you can revoke your proxy and change your vote in any of the following ways:

Edgar Filing: CHECKERS DRIVE IN RESTAURANTS INC /DE - Form PRER14A

giving written notice of the revocation to Checkers Secretary, Brian R. Doster, at Checkers Drive-In Restaurants, Inc., 4300 West Cypress Street, Suite 600, Tampa, Florida 33607;

by properly submitting another proxy by mail, telephone or the Internet, with a later date; or

Table of Contents

voting in person at the special meeting (if your shares are registered directly on our books and not held through a broker, bank, or other nominee).

If you have instructed a broker to vote your shares, the above-described options for changing your vote do not apply; instead, you must follow the instructions received from your broker to change your vote.

Your attendance at the special meeting will not in and of itself constitute a revocation of the proxy.

Q. What should I do now?

- A. After carefully reading and considering the information contained in this proxy statement, including the appendices, please authorize your shares of Checkers common stock to be voted by either marking, signing and dating the enclosed proxy card and returning it in the postage prepaid envelope provided as soon as possible or promptly submitting your proxy by telephone or over the Internet following the instructions on the proxy card. Do NOT enclose or return your stock certificates with the proxy card.

Q. What happens if I sell my shares of Checkers common stock before the special meeting?

- A. The record date for the special meeting is May 1, 2006, which is earlier than the date of the special meeting. If you held your shares of Checkers common stock on the record date for the special meeting, you will retain your right to vote at the special meeting. If you transfer your shares of Checkers common stock after the record date for the special meeting but prior to the date on which the merger is completed, you will lose the right to receive the merger consideration for the shares of Checkers common stock you have sold. The right to receive the merger consideration will pass to the person who owns your shares of Checkers common stock when the merger is completed.

Q. When do you expect to complete the merger?

- A. We are working toward completing the merger as quickly as possible. We currently expect to complete the merger as soon as possible after the special meeting and after all the conditions to the merger, including antitrust regulatory approval, are satisfied or waived. In order to complete the merger, we must obtain stockholder approval and satisfy all other closing conditions under the merger agreement. See the section of this proxy statement entitled "The Merger Agreement - Conditions to the Completion of the Merger."

Q. What happens to Checkers if the merger agreement is not adopted?

- A. If the merger agreement is not adopted, the merger will not be consummated and the Checkers stockholders will not receive any payment for their shares. Checkers will remain an independent public company, and Checkers would be anticipated to be operated by management in a manner similar to that in which it is being operated today. See "The Special Factors - Certain Effects on Checkers if the Merger is Not Completed."

Q. After the meeting, how can I determine whether the proposal to adopt the merger agreement has been approved by the Checkers stockholders?

- A. Promptly after the special meeting, Checkers anticipates that it will issue a press release announcing whether the proposal to adopt the merger agreement has been approved by holders of sufficient number of outstanding shares of Checkers common stock.

Q. Should I send in my stock certificates now?

- A. No. After we complete the merger, you will receive written instructions informing you how to send in your stock certificates in order to receive the merger consideration. You will receive your cash payment as soon as practicable after receipt of the stock certificates representing the shares of Checkers common stock that you own, together with the completed documents requested in the instructions. *PLEASE DO NOT SEND ANY STOCK CERTIFICATES WITH YOUR PROXY CARD.*

Q. Where can I find more information about Checkers?

- A. We file periodic reports and other information with the Securities and Exchange Commission, which we refer to as the SEC. This information is available at the SEC's public reference facilities, and at the Internet site maintained by the SEC at <http://www.sec.gov>. For a more detailed description of the information available, please see the section of this proxy statement entitled "Where You Can Find Additional Information," on page .

THE SPECIAL MEETING OF STOCKHOLDERS

We are furnishing this proxy statement to our stockholders as part of the solicitation of proxies by our board of directors for use at the special meeting.

Date, Time and Place

We will hold the special meeting in the [Tampa DoubleTree Hotel, located at 4500 West Cypress Street], Tampa, Florida, on _____, 2006 at 9:00 a.m., Eastern Time.

Purpose of the Special Meeting

At the special meeting, we will ask holders of our common stock to consider and vote on the following proposals:

to adopt the merger agreement and approve the transactions contemplated thereby;

to approve the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the special meeting to approve the merger agreement and approve the transactions contemplated thereby; and

to transact such other business as may properly come before the special meeting or any adjournment of the special meeting.

Our board of directors (with recusal by Mr. Sirois) and the special committee have each unanimously determined that the merger and the merger agreement are advisable and are fair to, and in the best interest of, Checkers and our unaffiliated stockholders. **Accordingly, the board of directors (with recusal by Mr. Sirois) and the special committee have each unanimously approved the merger agreement. Each of the board of directors and the special committee unanimously recommends that you vote FOR the adoption of the merger agreement and the approval of the transactions contemplated thereby at the special meeting and FOR the approval of the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies.**

Record Date, Shares Entitled to Vote and Quorum

Only holders of record of our common stock at the close of business on May 1, 2006, the record date for the special meeting, are entitled to notice of, and to vote at, the special meeting. On the record date, [11,501,200] shares of our common stock were issued and outstanding and held by approximately [19,000] holders of record. A quorum will be present at the special meeting if the holders of a majority of the outstanding shares of our common stock entitled to vote on the record date are represented in person or by proxy. Each holder of Checkers common stock is entitled to one vote for each share held of record on the record date.

Vote Required

In order to adopt the merger agreement and approve the transactions contemplated thereby, holders of at least a majority of the outstanding shares of Checkers common stock entitled to vote must vote in favor of adopting the merger agreement and approving the transactions, although the terms of the merger agreement do not require a majority of outstanding shares held by unaffiliated stockholders to be voted in favor of such proposal. As such, if you withhold a vote or abstain from voting on the proposal relating to the adoption of the merger agreement, it will have the same effect as a vote AGAINST the proposal. As of the record date, our directors as a group (excluding Keith E. Sirois) and executive officers as a group, owned and were entitled to vote [374,238] shares and [25,583] shares, respectively, of our common stock, which represent approximately [3.3]% and [0.2]%, respectively, of the total common stock outstanding on that date. Each of our

Table of Contents

directors and executive officers has indicated that he intends to vote in favor of adoption of the merger agreement and approval of the transactions contemplated thereby and for the approval of the adjournment, if necessary or appropriate, of the special meeting, but, in each case, has no obligation to do so. Assuming that the directors, as a group, and executive officers, as a group, vote in favor of adoption of the merger agreement, other stockholders holding at least [5,350,780] shares of our common stock, representing over [46.5%] of all shares outstanding, must vote in favor of the proposals in order for them to be adopted.

Approval of the proposal to adjourn the special meeting, if necessary or appropriate, requires the favorable vote of a majority of the votes cast at the special meeting, in person or by proxy. For the proposal to adjourn the special meeting, abstentions will have no effect on the outcome, since an abstention is not a vote cast.

Under stock market rules currently in effect, brokerage firms and nominees have the authority to vote their customers' unvoted shares on certain routine matters if the customers have not furnished voting instructions within a specified period prior to the special meeting. However, the proposal to adopt the merger agreement and the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies, are not considered routine matters and hence brokerage firms and nominees will not be able to vote the shares of customers from whom they have not received voting instructions with regard to the proposal to adopt the merger agreement or the proposal to adjourn the special meeting. If you hold your shares directly in your own name, they will not be counted as shares present for the purposes of establishing a quorum or be voted if you do not provide a proxy or attend the special meeting and vote the shares yourself. Failure to instruct your broker to vote your shares will have exactly the same effect as voting against adoption of the merger proposal.

Broker non-votes occur when shares held by a broker are not voted with respect to a proposal because (1) the broker has not received voting instructions from the beneficial owner of the shares, and (2) the broker lacks the authority to vote the shares at the broker's discretion. Broker non-votes will have no effect on the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies because broker non-votes will not be considered votes cast, but will be counted as shares present and entitled to vote for the purposes of determining the presence of a quorum. However, with regard to the adoption of the merger agreement, the shares represented by broker non-votes will also be considered present at the special meeting for the purposes of determining a quorum, but will have the same effect as a vote AGAINST the proposal because holders of a majority of the outstanding shares of Checkers' common stock entitled to vote must vote in favor of the merger agreement proposal in order for it to be approved.

Voting of Proxies

All shares represented by properly submitted proxies received in time for the special meeting will be voted at the special meeting in the manner specified by the holders. Properly submitted proxies that do not contain voting instructions will be voted FOR adoption of the merger agreement and approval of the transactions contemplated thereby and FOR approval of the proposal to adjourn the special meeting, if necessary or appropriate.

We do not expect that any matter other than the proposal to adopt the merger agreement and to adjourn the special meeting, if necessary or appropriate, will be brought before the special meeting. If, however, our board of directors properly presents other matters, the person named as proxy will vote in accordance with his judgment as to matters that he believes to be in the best interests of the stockholders. A proxy in the accompanying form or properly submitted by telephone or over the Internet will give authority to Peter C. O'Hara and Keith E. Sirois to vote on such matters at their respective discretion and they intend to do so in accordance with their respective best judgment on any such matter.

Revocability of Proxies

The grant of a proxy on the enclosed form of proxy or submission of proxy by telephone or over the Internet pursuant to the instructions on the proxy card does not preclude a stockholder from voting in person at the special

Table of Contents

meeting. Until your proxy is voted at the special meeting, you can revoke your proxy and change your vote in any of the following ways:

giving written notice of the revocation to Checkers Secretary, Brian R. Doster, at Checkers Drive-In Restaurants, Inc., 4300 West Cypress Street, Suite 600, Tampa, Florida 33607;

by properly submitting another proxy by mail, telephone or the Internet, with a later date; or

voting in person at the special meeting (if your shares are registered directly on our books and not held through a broker, bank, or other nominee).

If you have instructed a broker to vote your shares, the above-described options for changing your vote do not apply; instead, you must follow the instructions received from your broker to change your vote.

Your attendance at the special meeting will not in and of itself constitute a revocation of the proxy.

Solicitation of Proxies

Pursuant to the merger agreement, the parties to the merger agreement will bear their respective expenses incurred in connection with soliciting proxies in the form included with this proxy statement, including the cost of preparing and filing material in connection with the solicitation. In addition to the use of the mail, our directors, executive officers and employees may solicit proxies personally or by telephone. We will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to stockholders. We have retained the firm of Innisfree M&A Incorporated to assist in the solicitation of proxies for a base fee of \$12,000, plus reasonable out-of-pocket expenses.

You should not send your stock certificates with your proxy. A letter of transmittal with instructions for the surrender of our common stock certificates will be mailed to our stockholders promptly after the consummation of the merger.

Background of the Merger

In early 2005, in the course of its ongoing evaluation of the financial and strategic position of Checkers, Checkers' board of directors became concerned that the market value of Checkers' common stock historically had not fully reflected the value of Checkers. Over five years following Checkers' merger with Rally's, the board of directors had concluded that, despite the belief of the board that Checkers had demonstrated favorable operating results and industry peer recognition, and despite prior initiatives, including stock repurchases, internal unit growth initiatives, and existing unit acquisitions, intended to increase value for stockholders, Checkers' stock was still perceived as lagging relative to the market value of the stock of Checkers' market peers.

On February 23, 2005, a meeting of the board of directors was held which Citigroup was invited to attend to discuss, among other things, Checkers' financial and market performance. At this meeting, the board of directors discussed the current economic environment impacting the restaurant industry, potential future developments

Table of Contents

within the industry as well as the financial and market performance of Checkers and other companies in the quick service restaurants sector. The board discussed possible strategic alternatives to enhance stockholder value that could be considered by a subcommittee of the board of directors, such as a sale of Checkers, acquisitions, commencing payment of regular dividends or the making of a special dividend and/or significant share repurchases. The board continued to discuss strategies to enhance stockholder value during the course of February and March 2005.

At a meeting of the board of directors held on March 29, 2005, the board of directors determined the scope of the purpose of, and formed, a special committee to explore potential strategic opportunities available to Checkers. Board members Peter O Hara, Burt Sugarman and David Gotterer were appointed as the members of the special committee.

During the month of April and into early May 2005, the special committee conducted a process to select firms to serve as the special committee's outside legal counsel and independent financial advisor. At a meeting of the board of directors held on May 11, 2005, and based on the recommendation of the special committee, the board of directors authorized the retention of Thelen Reid & Priest LLP, which we refer to in this proxy statement as TRP, as legal counsel, and Citigroup, as financial advisor, to the special committee. On May 16, 2005, Checkers issued a press release announcing the formation of the special committee and the retention of TRP and Citigroup as the special committee's advisors to assist the special committee in identifying and evaluating various strategic alternatives that could enhance stockholder value. The release indicated that the board of directors believed that Checkers' then current stock price was not representative of the financial performance of Checkers. The closing price of Checkers' common stock on May 13, 2005, the last trading day prior to the issuance of this press release, was \$12.00 per share.

On May 18, 2005, the board of directors met with the special committee and Citigroup. Citigroup reviewed, among other things, preliminary financial analyses of Checkers based on selected publicly traded companies, selected merger and acquisition transactions, a selected leveraged buyout scenario and Checkers' future cash flows based on internal estimates of Checkers' management. The board discussed with Citigroup possible strategic alternatives available to Checkers, including continuing on the company's present course, recapitalizing the company to finance significant share repurchases, pursuing acquisitions, or selling the company. At this meeting, the board of directors instructed the special committee to explore the company's strategic alternatives and to make a recommendation to the full board of directors concerning any such transaction.

The members of the special committee subsequently discussed certain strategic alternatives potentially available to Checkers. After considering various strategies available to Checkers, and in light of the limited number of potential strategic candidates of sufficient size that could be acquired by Checkers, the historical market price of Checkers' stock that would limit the equity capital that would be available to Checkers in such acquisition, the potentially adverse effect that significant share repurchases could have on the market value of Checkers' common stock in light of its trading volume, and the increasing rate of interest for debt financing that would be available to Checkers, the special committee concluded that a sale of the company represented the most favorable alternative. Following the meeting, the special committee notified Citigroup of its determination and instructed Citigroup to assist the special committee in exploring a possible sale or merger transaction of Checkers and authorized Citigroup to identify, and solicit initial indications of interest from, potential buyers.

By late June 2005, 54 potential buyers were identified, of which 48 were financial buyers and six were strategic buyers. Wellspring was not one of the entities contacted at that time. On July 7, 2005, the special committee authorized distributing a confidential information memorandum to potential buyers, together with a letter inviting such buyers to submit preliminary, non-binding indications of interest. By August 15, 2005, 30 of the potential buyers which had been contacted entered into confidentiality agreements with Checkers and received the confidential memorandum. These parties consisted of 28 financial buyers and two strategic buyers. Three of these parties, consisting of two financial buyers and a franchisee of Checkers, submitted preliminary indications of interest.

On August 17, 2005, the special committee held a meeting, together with its financial advisor, to receive an update on the sale process. Citigroup reviewed with the special committee the three preliminary indications of interest that had been received. Citigroup also updated information relating to selected publicly traded companies, and updated the list of selected transactions, previously reviewed with the special committee and the board of directors. The special committee noted that the franchisee which had submitted a preliminary indication of interest had not indicated how it proposed to finance the equity component of its proposal. After discussion, the special committee authorized its representatives to enter into the due diligence phase of the sale process with the two financial bidders (which we refer to in this proxy statement as, respectively, Bidder X and Bidder Y) that had submitted preliminary indications of interest. The special committee instructed its representatives to inform the franchisee that it would need to provide additional information regarding its discussions with equity partners before it could proceed with due diligence. This bidder subsequently withdrew from the process.

At a meeting held by the special committee on September 6, 2005, the special committee decided to recommend to the compensation committee of the board of directors that, upon the closing of a sale transaction, Keith Sirois, the President and a director of Checkers, receive a transactional bonus of \$100,000 if the transaction price exceeded \$16 per share, a bonus of \$150,000 if the price exceeded \$17 per share, and a bonus of \$250,000 if the price exceeded \$18 per share. Such recommendation, which was made prior to management presentations during the due diligence presentation, reflected the significant incremental value to stockholders each such additional benchmark would provide relative to the corresponding amount of the bonus and the additional effort that would be required of Mr. Sirois in connection with the sale process.

On October 3, 2005, another franchisee of Checkers submitted a preliminary indication of interest which included an aggregate proposed purchase price for Checkers and limited information as to how such franchisee would fund such purchase price. The franchisee was requested to resubmit its bid with a per share purchase price as well as additional information regarding its proposed financing. On October 14, 2005, the franchisee's potential equity partner sent a brief letter confirming that it had prior discussions with the franchisee and supported the franchisee's October 3rd preliminary indication of interest. The letter from the potential equity partner, however, did not reflect the additional information that had been requested regarding the proposed financing for a transaction. On October 20, 2005, the franchisee submitted a revised preliminary indication of interest, again without complete information previously requested regarding its financing. Despite a final request for additional information, this franchisee did not subsequently provide any additional information regarding its ability to finance a transaction.

During the due diligence review period, which occurred between mid-September 2005 and mid-October 2005, Bidder X and Bidder Y participated in meetings with Checkers' management and site visits and were given access to an electronic data room. Thereafter, Bidder X submitted a revised preliminary indication of interest at a per share purchase price of \$14.00. Bidder Y withdrew from the process as a result of its perception of Checkers' business and growth prospects, business strategies, and ability to attract higher-tier franchisees.

On October 19, 2005, the special committee again met, together with the special committee's financial advisor, to discuss the sale process. Citigroup updated the special committee on the status of the sale process and also updated information relating to selected publicly traded companies, and updated the list of selected transactions, previously reviewed with the board of directors and the special committee. The special committee was informed that Bidder X had provided an indication of interest to acquire Checkers for a purchase price of \$14.00 per share, that Bidder Y had withdrawn from the process, and that the franchisee had not responded to requests for additional information concerning its proposed financing for a transaction. After discussion, the special committee decided to engage in further discussions with Bidder X concerning its proposal and instructed its representatives to inform Bidder X that \$14.00 per share was not acceptable. After further discussions between representatives of the special committee and Bidder X, representatives of Bidder X informed representatives of the special committee that it would consider increasing its proposal to \$14.50 per share if it were granted a period of exclusivity to negotiate the terms of a transaction. In its proposal seeking exclusivity, Bidder X proposed to acquire Checkers' outstanding shares of common stock for \$14.50 per share payable in

Table of Contents

cash, based upon the information then available to Bidder X and subject to its satisfactory completion of confirmatory due diligence and negotiation of mutually acceptable definitive agreements.

On October 27, 2005, the special committee met to consider the terms of an exclusivity agreement that had been proposed by Bidder X. The proposed agreement contemplated a 30-day exclusivity period which could be extended to December 16 if, prior to the end of the 30-day period, Bidder X confirmed its valuation of \$14.50 per share in cash and delivered financing commitments and a draft acquisition agreement. The proposed exclusivity agreement also provided that, in the event that Checkers received a superior proposal from a third party and entered into a competing transaction during the negotiation period, Checkers would be obligated to reimburse Bidder X for up to \$1.0 million of its expenses related to a transaction with Checkers. After discussion, the special committee determined to request that the full board of directors authorize the special committee to proceed with negotiations with Bidder X with respect to the proposed exclusivity agreement.

At a meeting held on November 3, 2005, the board of directors received an update on the discussions concerning Bidder X's request for exclusivity. Also at this meeting, Citigroup updated information relating to selected publicly traded companies, and updated the list of selected transactions, previously reviewed with the board of directors and the special committee. After discussion, the board of directors approved the exclusivity arrangement with Bidder X so long as Bidder X's proposed purchase price remained at \$14.50 per share (subject only to a material adverse change in Checkers), Bidder X delivered satisfactory financing commitments and any definitive acquisition agreement with Bidder X provided Bidder X with only a limited ability to terminate the transaction.

On November 8, 2005, Checkers entered into the exclusivity agreement with Bidder X, after which Bidder X proceeded to perform confirmatory due diligence.

At the end of the exclusivity period on December 8, 2005, Bidder X informed representatives of the special committee that, after having conducted further due diligence, it had revised its views on, among other things, Checkers' leverage capacity and had determined that it would need to reduce its proposed purchase price to \$13.00 per share. During subsequent discussions between representatives of the special committee and Bidder X, representatives of Bidder X verbally indicated that it might be willing to increase its offer to \$14.00 per share.

On December 9, 2005, the special committee, together with its legal and financial advisors, met to discuss Bidder X's reduced offer. The special committee also discussed the risks to, and the timing for, consummating a transaction with Bidder X. Although the special committee recognized that Checkers' then current stock price (which, as of that date, was \$14.76 per share) may have reflected, in part, market speculation regarding a possible sale transaction, the special committee rejected Bidder X's reduced offer and recommended a meeting of the full board of directors to review Bidder X's revised proposal and to determine the future course of the sale process. The special committee also considered how Checkers might realize long-term value in the event negotiations with Bidder X were terminated by rededicating management's efforts on new unit and same store sales growth for Checkers, the results of which efforts, in the view of the special committee, could take a significant amount of time to realize.

On Saturday, December 10, 2005, the board of directors met to discuss the status of negotiations with Bidder X. After discussion, the board of directors instructed Citigroup to inform Bidder X that it would need to increase its proposed purchase price to \$14.50 per share. The board of directors determined that, if Bidder X did not agree to an increased purchase price by Sunday evening, then Checkers would issue a press release announcing the termination of the sale process and Checkers' focus on rededicating management's efforts on new unit and same store sales growth for Checkers. Over the weekend, in accordance with the board of directors' instructions, representatives of Citigroup sought an increase in Bidder X's proposed purchase price but, by Sunday evening, had not received any response from Bidder X.

Prior to the opening of trading on the securities markets on Monday morning, December 12, 2005, Mr. Sirois contacted Mr. O Hara, Chairman of the special committee and also Chairman of the board of

Table of Contents

directors, to request that a management team, consisting of Mr. Sirois and other company executives, be provided with the opportunity to submit a proposal to purchase Checkers. In light of Mr. Sirois' request, the press release regarding termination of the sale process was not issued and Mr. O Hara called a full board of directors meeting for later that day to discuss this request.

At the meeting of the full board of directors convened, together with the special committee's outside legal counsel, during the afternoon of December 12th, Mr. Sirois informed the board that he and other members of management were interested in making a proposal now that no third party proposals were under consideration. Mr. Sirois also informed the board of directors that he believed he could find financing sources that would be receptive to financing a bid at \$14.50 per share and requested three weeks to make arrangements with financing partners for a proposal. Mr. Sirois and all other members of management who had attended the meeting were then excused from the meeting. TRP then reviewed with the board the directors' fiduciary duties in connection with a proposed sale of Checkers to members of management. After discussion, the board of directors decided to continue the sale process and to provide the management group with the opportunity, until January 6, 2006, to submit a proposal.

Following the December 12, 2005 board meeting, Mr. Sirois engaged Morgan Keegan & Company, Inc., which we refer to in this proxy statement as Morgan Keegan, to assist the management group in identifying equity sponsors for an acquisition of Checkers.

On December 17, 2005, Gary Lieberthal, a director, advised Mr. O Hara that a private equity firm in which Mr. Lieberthal served as a limited partner might be interested in participating in the financing for the proposal being arranged by members of the management group. On December 19, 2005, the special committee met to discuss the possible participation of this private equity firm in such financing. The special committee determined that the private equity firm could participate in financing a proposal arranged by the management group so long as Mr. Lieberthal did not communicate to the private equity firm any non-public information concerning Checkers disclosed to him in his capacity as a director of Checkers and Mr. Lieberthal recused himself from all board deliberations of any management group proposal. Checkers entered into a confidentiality agreement with the private equity firm the following day.

On January 5, 2006, a representative of Morgan Keegan and a representative of Wellspring Capital spoke regarding the possibility of Wellspring Capital participating in an acquisition of Checkers. The Morgan Keegan representative advised Wellspring Capital that, to be considered, Wellspring Capital would have to be in a position to submit a binding proposal for the acquisition of Checkers, with a proposed purchase price of between \$14.50 and \$15.00, within approximately three weeks. Representatives of Morgan Keegan, the management group and Wellspring Capital had a number of informal conversations over the next several days regarding a potential transaction.

On January 6, 2006, Mr. Sirois, on behalf of the management group, met with members of the special committee. The special committee's legal and financial advisors also were present at this meeting. At the meeting, Mr. Sirois distributed indications of interest from potential providers of financing for an acquisition of Checkers, which included two potential equity financing sources (one of which was the private equity firm identified by Mr. Lieberthal) and one potential provider of debt financing. Wellspring Capital had not yet submitted an indication of interest at this time. Mr. Sirois described the status of negotiations between the management group and such financing sources and indicated that he expected binding letters of intent from such financing sources within three weeks. Mr. Sirois then was excused from the meeting. In the meeting, Mr. Sugarman objected to extending the sale process. Mr. Sugarman noted that the sale process had been open and continuing for more than six months during which any interested party, including the management group, was permitted to submit a proposal. Mr. Sugarman also noted that terminating the sale process would not necessarily preclude the board of directors from considering any future acquisition proposals, including a proposal from the management group. Mr. O Hara, however, noted that the sale process had been conducted in a deliberate manner.

Table of Contents

and that the management group had waited in seeking an opportunity to make a proposal only after it appeared that other parties were no longer actively pursuing a transaction. After discussion, the special committee requested that Citigroup contact, and thereafter update the special committee regarding, the potential financing sources identified by the management group, and recommended that the full board of directors also meet to consider the management group's progress and the future direction of the sale process.

On January 9, 2006, the special committee met, together with its legal and financial advisors. Citigroup reviewed with the special committee the indications of interest received by the management group from potential financing sources, its discussions with these parties regarding the status of their discussions with the management group and the amount of time that the management group indicated would be required to obtain financing commitments. The special committee then proceeded to discuss in greater detail these indications of interest and the timing for a transaction involving the management group.

Immediately following the January 9th special committee meeting, the full board of directors convened a meeting. Mr. Sirois opened the meeting with a presentation on the management group's process for pursuing an acquisition of Checkers, including the status of the financing commitments sought by the management group. He informed the board of directors that he expected final financing commitments within 30 days and requested additional time to coordinate the proposal and to negotiate with other possible equity and debt partners. Mr. Sirois then was excused from the meeting. Mr. Lieberthal also was excused from the meeting. The board of directors discussed the feasibility of a potential acquisition of Checkers by the management group and possible transaction prices. The board of directors decided to provide the management group with an additional 30 days (until February 9th) to make a definitive proposal so long as the per share purchase price was appropriate relative to Checkers' stock price during the period prior to execution of a definitive agreement for a transaction, and directed the special committee to communicate this to the management group.

At a meeting of the special committee held on January 11, 2006, the special committee discussed, and approved, providing the management group with an extension until February 9, 2006 to present a final proposal so long as the purchase price was appropriate relative to Checkers stock price and the management group did not risk further delay by seeking other equity or debt partners significantly beyond those currently in discussions with the management group. The special committee also decided that, if the management group were to request exclusivity, it would not be granted unless preliminary terms satisfactory to the special committee were set. After the meeting, Mr. O'Hara contacted Mr. Sirois to inform him of the special committee's conditions, which Mr. Sirois accepted.

Also on January 11, 2006, Wellspring Capital sent a letter to Mr. Sirois, expressing its interest in Checkers. In the letter, Wellspring Capital confirmed its understanding that any successful transaction would require a per share purchase price of between \$14.50 to \$15.00 and its need for a three-week period to complete its due diligence in order to deliver to the special committee a binding, non-contingent offer and definitive financing commitments.

On January 13, 2006, the special committee received and discussed the January 11, 2006 letter from Wellspring Capital to Mr. Sirois. After discussion, including discussion of Mr. Sugarman's concern regarding the extension of the sale process, the special committee decided to permit Wellspring Capital to participate in the sale process. Wellspring Capital executed a confidentiality agreement with Checkers later that day.

On January 16, 2006, representatives of Wellspring Capital met with Mr. Sirois and S. Patric Plumley, Senior Vice President and Chief Financial Officer and Treasurer of Checkers, to discuss the possibility of Wellspring Capital or its affiliate pursuing an acquisition of Checkers.

On January 17, 2006, Messrs. Sirois and Plumley conducted a due diligence management presentation for representatives of Wellspring Capital. Representatives of Morgan Keegan also attended this meeting.

Table of Contents

Representatives of Wellspring Capital attended a follow-up diligence meeting with Checkers management on January 19, 2006. During the period prior to the execution of a final merger agreement, representatives of the Wellspring parties, Checkers management and their respective representatives had numerous, immaterial conversations in connection with the due diligence process to request supplemental diligence materials and obtain clarifications with respect to information previously provided.

On January 20, 2006, Messrs. Sirois and Plumley and a representative of Morgan Keegan attended a meeting at the offices of Wellspring Capital to discuss a potential acquisition of Checkers and to be introduced to some of the members of the Wellspring Capital team.

The management group subsequently requested that the special committee extend the February 9th deadline for the submission of the management group's final proposal. On January 24, 2006, the special committee considered the management group's request and decided not to extend the date, in part because the date previously had been extended and the special committee believed that the process needed to be resolved.

Between January 20, 2006 and January 24, 2006, representatives of Wellspring Capital, the management group and their respective advisors negotiated the terms of a letter agreement regarding the submission of a bid by an affiliate of Wellspring Capital for the acquisition of Checkers. On January 24, 2006, Wellspring Capital entered into a letter agreement with Messrs. Sirois and Plumley pursuant to which Wellspring Capital agreed, subject to completion of due diligence and receipt of financing commitments, to submit by February 8, 2006 a proposal for the acquisition of Checkers for no less than \$14.50 per share. Pursuant to the letter agreement, Wellspring Capital agreed that it would execute employment agreements with members of senior management of Checkers on terms no less favorable than their existing arrangements with Checkers. Wellspring Capital also agreed that it would set aside a market portion of the common stock of the Wellspring Capital affiliate that acquired Checkers for management equity participation and for a management option plan. The letter agreement did not address the specific members of senior management to be provided with such employment agreements, the terms of any such equity participation or option plan, or the timing for reaching agreements with respect to such matters. Also pursuant to the letter agreement, Messrs. Sirois and Plumley agreed, solely in their individual capacities and subject to their fiduciary duties to Checkers and its stockholders, that prior to February 8, 2006 they would not participate in any competing proposal to acquire Checkers.

Later on January 24, 2006, Wellspring Capital agreed orally with Morgan Keegan that, following, and subject to, the successful acquisition of Checkers by an affiliate of Wellspring Capital, Wellspring Capital would cause Checkers to pay Morgan Keegan's fees for its services to the management group.

On January 25, 2006, a letter was sent on behalf of the special committee to Mr. Sirois indicating that any offer by the management group would need to be received by 5:00 p.m. on February 9th, together with financing commitment letters and a markup of the form of merger agreement prepared by TRP, and that no further extensions would be given.

On January 26, 2006, representatives of Wellspring Capital held a conference call with members of the management group and their advisors to discuss the process for submitting an acquisition proposal to the special committee.

On January 31 and February 1, 2006, representatives of Wellspring Capital and its prospective financing sources held due diligence meetings with representatives of Checkers at Checkers' offices in Tampa, Florida.

On February 6, 2006, the special committee received an acquisition proposal from Wellspring Capital and Taxi Holdings, which contemplated the acquisition by Taxi Holdings of all outstanding shares of Checkers' common stock for \$14.75 per share in cash. Attached to this proposal were (1) an executed markup of the form of merger agreement prepared by TRP, subject to disclosure schedules acceptable to Wellspring Capital, (2) an equity commitment letter from Wellspring IV, (3) a debt commitment letter from Guggenheim Corporate

Table of Contents

Financing, LLC, which we refer to in this proxy statement as Guggenheim, and (4) a letter from Mr. Sirois expressing his support for the proposal. The proposal also included a form of exclusivity letter, which contemplated an exclusive negotiating period through 5:00 p.m. on February 17, 2006 for entering into a definitive merger agreement.

Also on February 6, 2006, Messrs. Sirois and Plumley agreed to extend their exclusivity obligations under the January 24, 2006 letter agreement with Wellspring Capital until February 17, 2006.

On February 8, 2006, the special committee, together with its legal and financial advisors, met to discuss the draft merger agreement as revised by the Wellspring parties. Representatives of TRP highlighted for the special committee several significant revisions reflected in the markup of the merger agreement that would likely be viewed by the special committee as threshold points. These threshold points included additional closing conditions included in the draft merger agreement relating to Checkers' 2005 EBITDA and Taxi Holdings' financing, limitations on Checkers' ability to terminate the merger agreement in favor of a superior proposal and modifications to the scope and amount of termination fees that would be payable upon termination of the merger agreement. TRP also reviewed the terms of the financing commitment letters included with the proposal. Citigroup then reviewed the financing structure proposed by the Wellspring parties based upon the commitment letters. The special committee also discussed the timing of the transaction. The special committee determined that, prior to engaging in negotiations, the Wellspring parties would need to address the threshold points outlined by TRP and their willingness to increase the per share purchase price above \$14.75. Another issue considered by the special committee to be of primary importance was the need for a financially capable Wellspring Capital affiliate to stand behind Taxi Holdings' obligations under the merger agreement with respect to any termination fee or expense reimbursement.

Later on February 8, 2006, representatives of TRP called representatives of Paul, Weiss, Rifkind, Wharton & Garrison LLP, which we refer to in this proxy statement as Paul, Weiss, counsel to the Wellspring parties, to raise the threshold points previously discussed by the special committee and requested a prompt response from the Wellspring parties.

On February 9, 2006, representatives of the Wellspring parties and Mr. Sirois discussed the special committee's response to the Wellspring parties' proposal. Later on February 9th, Paul, Weiss called TRP to discuss the Wellspring parties' position on the points raised by TRP on February 8. On that call, the Paul, Weiss representatives indicated that the Wellspring parties had agreed to increase the per share purchase price to \$14.80, to reduce the maximum termination fee payable by Checkers from \$8.0 million to \$7.0 million, to consider a reverse break-up fee and expense reimbursement obligation that would be payable by Taxi Holdings under certain circumstances and supported by a Wellspring Capital affiliate, and to consider granting greater flexibility to the Checkers board and special committee to entertain unsolicited competing proposals. Paul, Weiss informed TRP that the Wellspring parties were not willing, however, to agree to permit Checkers to terminate the merger agreement in order to accept a superior proposal prior to approval of the merger agreement by Checkers stockholders.

Later in the day on February 9th, at a meeting of the special committee, TRP informed the special committee of the Wellspring parties' responses to the threshold points previously discussed by the special committee. After further discussion, the special committee voted to proceed with negotiations, and enter into the exclusivity agreement, with the Wellspring parties, with Mr. Sugarman objecting to the granting of exclusivity to Wellspring.

Between February 9 and February 14, 2006, the Wellspring parties and Checkers, through their respective representatives, negotiated the terms of a definitive merger agreement. On February 12, 2006, TRP sent to Paul, Weiss a revised draft merger agreement and, on February 13, 2006, representatives of Paul, Weiss and TRP held a conference call to resolve issues raised by the TRP draft. Later that day, Paul, Weiss sent a further revised draft of the merger agreement to TRP.

Table of Contents

On February 14, 2006, representatives of the Wellspring parties spoke separately with Mr. Sirois and with representatives of Citigroup regarding the remaining issues with respect to the merger agreement. In those conversations, representatives of the Wellspring parties requested that the special committee's representatives provide a list of all remaining outstanding issues.

On February 15, 2006, representatives of Citigroup, in accordance with the directives of the special committee, sent to the Wellspring parties a list of open issues. These issues included, among other points, requests for an increase in the merger consideration to \$15.00 per share, increased flexibility for the Checkers board and special committee to respond to unsolicited competing proposals, a right for Checkers to terminate the merger agreement in order to accept a superior proposal prior to approval of the merger agreement by Checkers' stockholders, provisions for a reverse termination fee and expense reimbursement in amounts mirroring Checkers' termination fee and expense reimbursement obligations, and the deletion of Taxi Holdings' right not to close the merger if stockholders exercised dissenters' appraisal rights in respect of more than five percent of the outstanding Checkers' common stock.

Over the course of February 15 and 16, 2006, representatives of the Wellspring parties, Checkers and their respective advisors negotiated to resolve the remaining open points. On February 16, 2006, Paul, Weiss sent to TRP a revised draft of the merger agreement, reflecting merger consideration of \$15.00 per share, increased flexibility for the Checkers board and special committee to respond to unsolicited competing proposals, a right to terminate the merger agreement in order to accept a superior proposal prior to approval of the merger agreement by Checkers' stockholders, provisions for a reverse termination fee and expense reimbursement in amounts that would mirror Checkers' termination fee and expense reimbursement obligations, and a revised closing condition for exercises of appraisal rights that increased the threshold for Taxi Holdings' closing condition from five percent to ten percent of outstanding shares.

On February 16, 2006, the special committee, together with its legal and financial advisors, met to review the proposed sale of Checkers to Taxi Holdings. Prior to the meeting, each member of the special committee had received a draft of the proposed merger agreement, a copy of Citigroup's financial presentation and other related materials. TRP reviewed with the special committee material legal points in the proposed merger agreement and reviewed the directors' fiduciary duties in connection with the proposed transaction. Citigroup reviewed with the special committee its financial analysis of the merger consideration and rendered to the special committee an oral opinion, which was confirmed by the delivery of a written opinion later that day, to the effect that, as of the date of its opinion and based on and subject to the matters described in its opinion, the \$15.00 per share merger consideration was fair, from a financial point of view, to the holders of Checkers' common stock (other than the management participants).

After an extensive discussion, in which the members of the special committee, together with legal counsel, discussed potential risks and benefits of the merger transaction, the size of the proposed termination fee as compared to similar transactions and related matters, the special committee unanimously approved a motion recommending that the full board of directors approve the merger agreement and the merger.

Later in the day on February 16th, the full board of directors also met to consider the transaction. Prior to the meeting, each director had received a draft of the proposed merger agreement, a copy of Citigroup's financial presentation provided to the special committee and other related materials. At the inception of the meeting, Mr. Sirois was recused. Mr. Lieberthal participated in the meeting after confirming that the private equity firm in which he serves as a limited partner had determined not to participate in the transaction. Citigroup reviewed with the board of directors its financial analysis of the merger consideration as presented to the special committee earlier in the day. The board also was informed that Citigroup had rendered an oral opinion to the special committee, which would be confirmed by the delivery of a written opinion later that day, as to the fairness, from a financial point of view, of the \$15.00 per share merger consideration to be received by the holders of Checkers' common stock (other than the management participants). In addition, TRP reviewed the final changes in the merger agreement from the draft previously distributed to the directors and explained the principal provisions of

Taxi Holdings' commitment letters and the directors' fiduciary duties in connection with the proposed sale to Taxi Holdings.

The board discussed the risks associated with the transaction, such as the conditions to fund under the commitment letters, the minimum EBITDA condition, the appraisal rights condition and other closing conditions. Mr. Sirois then was asked to rejoin the meeting and was requested to inform the board of the extent of management's involvement with the Wellspring parties, including any agreements with respect to future equity participation or employment. Mr. Sirois stated that, while he expected members of management to be given the opportunity to receive equity interest in Taxi Holdings after completion of the merger, no definitive agreements had been reached with respect to such interests. In addition, Mr. Sirois informed the board that the Wellspring parties had agreed that any existing employment agreements between the management participants and Checkers would be honored after the completion of the merger. Mr. Sirois and the Citigroup representatives were then excused from the meeting. A discussion thereafter ensued as to whether there were other ways to maximize value for Checkers stockholders. Based upon the prior factors considered by the special committee and the board with respect to Checkers and its business, the board determined that the proposed merger was the best current opportunity to realize such value. After further discussion, the board of directors (other than Mr. Sirois who had been recused) unanimously declared the merger and the merger agreement advisable, fair to and in the best interests of Checkers' stockholders, approved the merger and the merger agreement, and resolved to recommend that Checkers' stockholders adopt the merger agreement and approve the merger.

Following the board of directors meeting, Mr. O'Hara informed a representative of the Wellspring parties that Checkers' board of directors had approved the merger agreement. Later that night, the definitive merger agreement was executed.

On February 17, 2006, prior to the opening of the trading markets, Checkers issued a press release announcing the execution of the merger agreement with Taxi Holdings.

Reasons for the Merger

The special committee of the board of directors has at all times been composed of independent directors who are neither officers nor employees of any of the parties to the merger agreement. Furthermore, the members of the special committee have no financial interest in the proposed merger different from Checkers' stockholders generally other than for the fact that members of the special committee (a) hold unvested stock options, which will be cancelled and cashed out as part of the merger in the same manner as vested stock options and (b) will be entitled to the indemnification and officer and director liability insurance coverage under the terms of the merger agreement described below under "The Merger Agreement - Principal Covenants - Director and Officer Indemnification and Insurance."

The special committee, with the assistance of its own legal and financial advisors, evaluated and negotiated the merger proposal, including the terms and conditions of the merger agreement, with Taxi Holdings and its advisors. The special committee unanimously determined that the merger and the merger agreement are advisable and are fair to, and in the best interest of, Checkers and our unaffiliated stockholders and the consideration to be paid for each share of Checkers' common stock in connection with the merger is fair to our unaffiliated stockholders.

Based, in part, on the unanimous recommendation of the special committee, the board of directors (with recusal by Mr. Sirois) of Checkers determined that the merger and the merger agreement are advisable and are fair to, and in the best interest of, Checkers and our unaffiliated stockholders and the consideration to be paid for each share of Checkers' common stock in connection with the merger is fair to our unaffiliated stockholders. The board of directors and the special committee each recommended that Checkers' stockholders adopt the merger agreement and approve the transactions contemplated thereby.

Substantive Factors

In reaching their respective determinations, the special committee and the board of directors considered a number of substantive factors and potential benefits of the merger, including those discussed below, each of which they believed supported their respective decisions.

The special committee's determination that, based on historical and current information concerning our business, financial performance and condition, franchise growth rate, competitive position, and economic and historical performance, an acquisition of Checkers by a third party, as opposed to other strategic alternatives or remaining as a stand-alone, publicly traded company, would maximize stockholder value.

The current and historical market prices of Checkers' common stock, including the fact that the merger consideration of \$15.00 per share represents a 25% premium over the closing stock price of \$12.00 on the last trading day prior to Checkers' public announcement on May 16, 2005 that it was exploring strategic alternatives, although such merger consideration represented a 1% discount from the closing stock price of \$15.16 on the last trading day prior to Checkers' public announcement on February 17, 2006 that it had executed a merger agreement with Taxi Holdings and Taxi Acquisition.

The fact that, prior to entering into the merger agreement, the special committee had undertaken an extensive process designed to solicit competitive bids, as described under "Background to the Merger."

\$15.00 per share was higher than the final proposed purchase price submitted by the last third party bidder in the competitive bid process initiated by the special committee prior to such party subsequently withdrawing from the bidding process. The special committee believed that it was unlikely that any other person would be willing to enter into a binding agreement at a price higher than \$15.00.

\$15.00 per share represented an increase from Taxi Holdings' original proposed price of \$14.75 per share. The special committee believed that \$15.00 per share represented the highest price that Taxi Holdings was willing to pay and the highest price reasonably available for Checkers' shares.

The fact that the merger consideration will be all cash, which provides liquidity and certainty of value to our stockholders.

The fact that under certain circumstances described under "The Merger Agreement - Reimbursement of Expenses; Termination Fee," Taxi Holdings may be required to reimburse up to \$3.0 million of Checkers' expenses incurred in connection with the merger agreement or pay a termination fee of \$7.0 million (including any previous payment for expense reimbursement) if Taxi Holdings exercises its right not to complete the merger based on the failure to obtain financing on terms reasonably acceptable to Taxi Holdings and Taxi Acquisition.

The opinion, dated February 16, 2006, of Citigroup to the special committee as to the fairness, from a financial point of view and as of the date of the opinion, of the merger consideration to be received by holders of Checkers' common stock (other than the management participants), as more fully described below under the section entitled "Opinion of the Special Committee's Financial Advisor."

The ability of the special committee or the board of directors, under the terms of the merger agreement, to terminate the merger agreement if the special committee or the board determines in good faith that any unsolicited proposal constitutes a superior proposal, subject to payment to Taxi Holdings of a termination fee of \$7.0 million (less any amount of reimbursement of Taxi Holdings' and Taxi Acquisition's expenses previously paid by Checkers), in accordance with the terms of the merger agreement.

The other terms and conditions of the merger agreement, including the cash price, the ability to consider unsolicited offers, the ability of Checkers to terminate the merger agreement in certain circumstances,

the fact that the representations and warranties of Checkers are subject to a customary material adverse effect standard, and the limited closing conditions.

The belief of the special committee, after consultation with its legal and financial advisors, that the termination fee was within the range of termination fees observed in similar transactions and should not unduly discourage other possible buyers from offering acquisition proposals that are more favorable than the transactions contemplated by the merger agreement.

The agreement by Wellspring IV that, in the event that Taxi Holdings is required to reimburse Checkers' expenses or pay a termination fee to Checkers pursuant to the merger agreement, Wellspring IV will pay or cause Taxi Holdings to pay such amounts to Checkers in accordance with the merger agreement.

Procedural Factors

The special committee and the board of directors also considered a number of factors relating to the procedural safeguards involved in the negotiation of the merger, including those discussed below, each of which they believed supported their respective decisions and provided assurance of fairness of the merger to the unaffiliated stockholders.

The fact that the board of directors appointed the special committee:

which consisted entirely of directors who are not officers of Checkers or affiliated with Taxi Holdings or its investors;

which consisted entirely of directors with no financial interest in the proposed merger different from Checkers' stockholders generally other than for the fact that members of the special committee (a) hold unvested stock options, which will be cancelled and cashed out as part of the merger in the same manner as vested stock options, and (b) will be entitled to the indemnification and officer and director liability insurance coverage under the terms of the merger agreement described below under "The Merger Agreement - Principal Covenants - Director and Officer Indemnification and Insurance";

which was given exclusive authority to, among other things, consider, negotiate and evaluate the terms of any proposed transaction, including the merger; and

which retained its own legal and financial advisors with experience in transactions similar to the merger to assist the special committee in the negotiations with Taxi Holdings.

The fact that, prior to entering into the merger agreement, the special committee engaged in a competitive bid process over a period of more than nine months aimed at maximizing stockholder value, which included the solicitation of indications of interest from 54 potential acquirers, the delivery of corporate and financial information to 30 potential acquirers that signed a confidentiality agreement with Checkers, the receipt and response to inquiries from three potential acquirers, and the receipt and evaluation of indications of interest from one potential acquirer, which subsequently lowered its offering price and withdrew from the bidding process. See "Background of the Merger."

The fact that merger consideration of \$15.00 per share and other terms and conditions of the merger agreement resulted from extensive negotiations between Taxi Holdings and its advisors and the special committee and its advisors.

Edgar Filing: CHECKERS DRIVE IN RESTAURANTS INC /DE - Form PRER14A

The requirement that the merger agreement be adopted by the affirmative vote of the holders of at least a majority of the outstanding shares of Checkers common stock entitled to vote. As of May 1, 2006, [96.5]% of the outstanding shares of Checkers common stock were held by unaffiliated stockholders and [99.8]% of the outstanding shares of Checkers common stock were held by stockholders other than the executive officers.

The fact that Checkers stockholders have the right to demand appraisal of their shares in accordance with the procedures established by Delaware law. See Appraisal or Dissenters Rights.

Potential Negative Factors

The special committee and the board of directors also considered and balanced against the potential benefits of the merger a variety of risks and other potentially negative factors concerning the merger but determined that these factors were outweighed by the benefits of the factors supporting the merger. These potentially negative factors included the following:

the risk that the merger might not be completed in a timely manner or at all, including the risk that the merger will not occur if the financing condition described below is not satisfied;

the fact that the funding of the financing contemplated by the debt and equity commitment letters issued to Taxi Holdings, or alternative financing, on terms and conditions reasonably acceptable to Taxi Holdings, is a condition to Taxi Holdings' and Taxi Acquisition's obligation to complete the merger;

the interests of Checkers' executive officers and directors in the merger (see "Interests of Checkers' Directors and Executive Officers in the Merger");

the fact that Checkers will no longer exist as an independent, publicly traded company;

the fact that, following the merger, Checkers will not be subject to the provisions of the Sarbanes-Oxley Act of 2002 or certain provisions of the Securities and Exchange Act of 1934, such as requirements to file periodic reports and requirements preventing insiders from taking short-swing profits, although, immediately following the merger, Taxi Holdings will be the sole stockholder of Checkers;

the fact that Checkers' current stockholders (other than the management participants) will not participate in any future earnings or growth of Checkers and will not benefit from any appreciation in its value or otherwise have any rights or benefits as a stockholder of Checkers;

the fact that Checkers was entering into a merger agreement with newly formed entities with essentially no assets and, accordingly, that Checkers' recourse for a breach by Taxi Holdings or Taxi Acquisition of the merger agreement is to seek recovery of the termination fee or expense reimbursement, as applicable, under the letter agreement with Wellspring IV;

the restrictions on the conduct of Checkers' business prior to completion of the merger, which may delay or prevent Checkers from undertaking business opportunities that may arise pending completion of the merger;

the fact that the merger consideration consists of cash and will therefore be taxable to Checkers' stockholders for U.S. federal income tax purposes;

the restrictions on our ability to solicit or engage in discussions or negotiations with a third party regarding specified transactions involving Checkers and the requirement that Checkers pay Taxi Holdings a \$7.0 million termination fee (less any amount of reimbursement of Taxi Holdings' and Taxi Acquisition's expenses previously paid by Checkers) in order for the board of directors to accept a superior proposal; and

Edgar Filing: CHECKERS DRIVE IN RESTAURANTS INC /DE - Form PRER14A

the risk of diverting management focus and resources from other strategic opportunities and from operational matters while working to complete the merger.

In analyzing the transaction, the special committee and the board of directors, with the assistance of the special committee's financial advisor, considered the going concern value of Checkers. Neither the special committee nor the board of directors considered liquidation value as a factor because Checkers is a viable going concern business, and the liquidation value was not deemed relevant to a determination as to whether the merger and the merger consideration are fair to our stockholders. Further, neither the special committee nor the board of directors considered the net book value a material indicator of the value of Checkers because the net book value, as an indication of only the historical costs, was deemed to understate Checkers' value as a going concern.

After considering these factors, the special committee and the board of directors concluded that the positive factors relating to the merger outweighed the negative factors. Because of the variety of factors considered, the

Table of Contents

special committee and the board of directors did not find it practicable to quantify or otherwise assign relative weights to, and did not make specific assessments of, the specific factors considered in reaching their respective determinations. The respective determinations of the special committee and the board of directors were made after consideration of all of the factors taken together.

Provisions for Unaffiliated Stockholders

No provisions were made in connection with the merger to grant unaffiliated stockholders access to our corporate files or those of Taxi Holdings or its affiliates or to obtain counsel, separate representatives, financial advisors, or appraisal services at our expense or at the expense of Taxi Holdings or its affiliates. No appraisal services were retained on behalf of the unaffiliated stockholders. In addition, in order to adopt the merger agreement and approve the transactions contemplated thereby, holders of a majority of the outstanding shares of Checkers common stock entitled to vote must vote in favor of adopting the merger agreement, irrespective of whether a majority of outstanding shares of Checkers common stock entitled to vote held by unaffiliated stockholders are voted in favor of adopting the merger agreement.

Recommendation of the Special Committee

The special committee of our board of directors, which is comprised solely of independent directors, after due consideration unanimously:

determined that the merger represented the most favorable alternative reasonably available to Checkers and our unaffiliated stockholders;

determined that the merger agreement and the merger are advisable and are fair to, and in the best interests of, Checkers and our unaffiliated stockholders; and

recommended to the board of directors the approval of the merger agreement and the approval of the merger.

The special committee unanimously recommends that you vote **FOR** the adoption of the merger agreement and the approval of the transactions contemplated thereby at the special meeting and **FOR** the approval of the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies.

Recommendation of the Board of Directors

After careful consideration, the board of directors (with recusal by Mr. Siroris) has determined that the merger agreement and the merger are advisable and are fair to, and in the best interests of, Checkers and our unaffiliated stockholders and has approved the merger agreement and the merger. The board of directors unanimously recommends that you vote **FOR** the adoption of the merger agreement and the approval of the transactions contemplated thereby at the special meeting and **FOR** the approval of the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies.

Opinion of the Special Committee's Financial Advisor

The special committee has retained Citigroup as its financial advisor in connection with the merger. In connection with this engagement, the special committee requested that Citigroup evaluate the fairness, from a financial point of view, of the merger consideration to be received by holders of Checkers common stock (other than the management participants). On February 16, 2006, at a meeting of the special committee held to evaluate the merger, Citigroup rendered to the special committee an oral opinion, which was confirmed by delivery of a written opinion dated the same date, to the effect that, as of that date and based on and subject to the matters described in its opinion, the merger consideration was fair, from a financial point of view, to the holders of Checkers common stock (other than the management participants).

Table of Contents

The full text of Citigroup's written opinion, dated February 16, 2006, which describes the assumptions made, procedures followed, matters considered and limitations on the review undertaken, is attached to this proxy statement as Annex B and is incorporated into this proxy statement by reference. Holders of Checkers' common stock are encouraged to read Citigroup's opinion carefully in its entirety. Citigroup's opinion was provided to the special committee in connection with its evaluation of the merger consideration and relates only to the fairness, from a financial point of view, of the merger consideration to holders of Checkers' common stock (other than the management participants). Citigroup's opinion does not address any other terms, aspects or implications of the merger and does not constitute a recommendation to any stockholder as to how such stockholder should vote or act on any matters relating to the proposed merger.

In arriving at its opinion, Citigroup:

reviewed a draft dated February 16, 2006 of the merger agreement;

held discussions with certain senior officers, directors and other representatives and advisors of Checkers and certain senior officers and other representatives of Wellspring Capital concerning Checkers' business, operations and prospects;

examined certain publicly available business and financial information relating to Checkers;

examined certain financial forecasts and other information and data relating to Checkers which were provided to or otherwise discussed with Citigroup by Checkers' management, including sensitivities to the financial forecasts and other information and data reviewed with the special committee to take into account, among other things, Checkers' actual financial performance for the fiscal year ended 2005 relative to budgeted estimates prepared by Checkers' management for that fiscal year;

reviewed the financial terms of the merger as described in the merger agreement in relation to, among other things, current and historical market prices and trading volumes of Checkers' common stock, historical and projected earnings and other operating data of Checkers and the capitalization and financial condition of Checkers;

analyzed certain financial, stock market and other publicly available information relating to the businesses of other companies whose operations Citigroup considered relevant in evaluating those of Checkers;

considered, to the extent publicly available, the financial terms of certain other transactions which Citigroup considered relevant in evaluating the merger; and

conducted other analyses and examinations and considered other financial, economic and market criteria as Citigroup deemed appropriate in arriving at its opinion.

In rendering its opinion, Citigroup assumed and relied, without assuming any responsibility for independent verification, on the accuracy and completeness of all financial and other information and data publicly available or provided to or otherwise reviewed by or discussed with it and on the assurances of Checkers' management that it was not aware of any relevant information that was omitted or remained undisclosed to Citigroup. With respect to financial forecasts and other information and data relating to Checkers provided to or otherwise reviewed by or discussed with Citigroup, Citigroup assumed, with the special committee's consent, that the forecasts and other information and data, as sensitized, reflected reasonable estimates and judgments as to the future financial performance of Checkers. Citigroup assumed, with the special committee's consent, that the merger would be consummated in accordance with its terms, without waiver, modification or amendment of any material term, condition or agreement, and in compliance with all applicable laws and that, in the course of obtaining the necessary regulatory or third party approvals, consents, releases and waivers for the merger, no delay, limitation, restriction or condition would be imposed that would have an adverse effect on Checkers or the merger. Representatives of the special committee advised Citigroup, and Citigroup also assumed, with

the special committee's consent, that the final terms of the merger agreement would not vary materially from those set forth in the draft Citigroup reviewed.

Table of Contents

Citigroup did not make, and it was not provided with, an independent evaluation or appraisal of the assets or liabilities, contingent or otherwise, of Checkers, and Citigroup did not make any physical inspection of the properties or assets of Checkers. In connection with Citigroup's engagement and at the direction of the special committee, Citigroup was requested to approach, and Citigroup held discussions with, third parties to solicit indications of interest in the possible acquisition of Checkers. Citigroup's opinion does not address any terms or other aspects or implications of the merger (other than the merger consideration to the extent expressly specified in the opinion). Citigroup expressed no view as to, and its opinion does not address, Checkers' underlying business decision to effect the merger, the relative merits of the merger as compared to any alternative business strategies that might exist for Checkers or the effect of any other transaction in which Checkers might engage. Citigroup's opinion was necessarily based on information available to Citigroup, and financial, stock market and other conditions and circumstances existing and disclosed to Citigroup, as of the date of its opinion. Except as described above, the special committee imposed no other instructions or limitations on Citigroup with respect to the investigations made or procedures followed by Citigroup in rendering its opinion.

In preparing its opinion, Citigroup performed a variety of financial and comparative analyses, including those described below. The summary of these analyses is not a complete description of the analyses underlying Citigroup's opinion. The preparation of a financial opinion is a complex analytical process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances and, therefore, a financial opinion is not readily susceptible to summary description. Citigroup arrived at its ultimate opinion based on the results of all analyses undertaken by it and assessed as a whole, and did not draw, in isolation, conclusions from or with regard to any one factor or method of analysis for purposes of its opinion. Accordingly, Citigroup believes that its analyses must be considered as a whole and that selecting portions of its analyses and factors or focusing on information presented in tabular format, without considering all analyses and factors or the narrative description of the analyses, could create a misleading or incomplete view of the processes underlying its analyses and opinion.

In its analyses, Citigroup considered industry performance, general business, economic, market and financial conditions and other matters existing as of the date of its opinion, many of which are beyond the control of Checkers. No company, business or transaction used in those analyses as a comparison is identical to Checkers or the merger, and an evaluation of those analyses is not entirely mathematical. Rather, the analyses involve complex considerations and judgments concerning financial and operating characteristics and other factors that could affect the acquisition, public trading or other values of the companies, business segments or transactions analyzed.

The estimates contained in Citigroup's analyses and the valuation ranges resulting from any particular analysis are not necessarily indicative of actual values or predictive of future results or values, which may be significantly more or less favorable than those suggested by its analyses. In addition, analyses relating to the value of businesses or securities do not necessarily purport to be appraisals or to reflect the prices at which businesses or securities actually may be sold. Accordingly, the estimates used in, and the results derived from, Citigroup's analyses are inherently subject to substantial uncertainty.

The type and amount of consideration payable in the merger was determined through negotiations between the special committee and the Wellspring parties and the decision to enter into the merger was solely that of the special committee and the board of directors. Citigroup's opinion was only one of many factors considered by the special committee in its evaluation of the merger and should not be viewed as determinative of the views of the special committee, the board of directors or Checkers' management with respect to the merger or the merger consideration.

A copy of Citigroup's written presentation to the special committee has been filed as an exhibit to the Rule 13e-3 Transaction Statement on Schedule 13E-3 filed by Checkers with the Securities and Exchange Commission and also will be available for inspection and copying at Checkers' principal executive offices during regular business hours by any interested stockholder of Checkers or any representative of such stockholder who has been so designated in writing and may be inspected and copied at the office of, and obtained by mail from, the Securities and Exchange Commission. See [Where You Can Find Additional Information](#).

The following is a summary of the material financial analyses presented to the special committee in connection with Citigroup’s opinion. **The financial analyses summarized below include information presented in tabular format. In order to fully understand Citigroup’s financial analyses, the tables must be read together with the text of each summary. The tables alone do not constitute a complete description of the financial analyses. Selected Companies Analysis.

Citigroup reviewed financial and stock market information and public market trading multiples of Checkers and the following nine selected publicly held companies in the quick service restaurant industry:

- McDonald’s Corporation
- YUM! Brands, Inc.
- Wendy’s International, Inc.
- Domino’s Pizza, Inc.
- Sonic Corp.
- Jack in the Box Inc.
- CKE Restaurants, Inc.
- Papa John’s International, Inc.
- The Steak ‘n Shake Company

Citigroup reviewed, among other things, closing stock prices on February 15, 2006 as a multiple of calendar year 2006 estimated earnings per share, commonly referred to as EPS. Citigroup then applied to Checkers’ calendar year 2006 estimated EPS a selected range of calendar year 2006 estimated EPS multiples of 14.0x to 16.0x, which range was derived taking into account the mean calendar year 2006 estimated EPS multiple for the selected companies and the fact that Checkers historically has traded at a lower forward 12 months EPS multiple than the mean multiple for the selected companies for the same period. Estimated financial data for the selected companies were based on research analysts estimates, public filings and other publicly available information. Estimated financial data for Checkers were based on internal estimates of Checkers’ management. This analysis indicated the following approximate implied per share equity reference range for Checkers, as compared to the merger consideration:

Citigroup reviewed, among other things, transaction values as a multiple of latest 12 months earnings before interest, taxes, depreciation and amortization, commonly referred to as EBITDA. Citigroup then applied to Checkers' calendar year 2005 EBITDA a selected range of latest 12 months EBITDA multiples of 6.0x to 7.0x, which range was derived taking into account the mean of the latest 12 months EBITDA multiples for the selected transactions for which information was publicly available. Multiples for the selected transactions were based on public filings and publicly available financial information at the time of announcement of the relevant transaction. Financial data for Checkers were based on

Discounted Cash Flow Analysis.

Citigroup performed a discounted cash flow analysis of Checkers to calculate the estimated present value of the standalone unlevered, after-tax free cash flows that Checkers could generate based on internal estimates of Checkers management for fiscal years 2006 through 2010, referred to as the Management Case. Given Checkers actual performance for the fiscal year ended 2005, which was lower than budgeted estimates prepared by Checkers management for that fiscal year, Citigroup also performed and reviewed with the special committee certain sensitivities to the Management Case, referred to as the Sensitivity Case, to take into account the potential for lower revenue growth and margin expansion, and higher capital expenditures, than reflected in the Management Case. The Sensitivity Case reflected, among other things:

company-operated unit growth and franchise unit growth consistent with Checkers recent actual performance relative to management's budgeted estimates;

annual same store sales growth based on the historical average for selected companies in the quick service restaurant industry over the period 2001 to 2005;

average annual sales per store, or average unit volume, for new company-operated and new franchise-operated stores for which full year sales data was available, and capital investment for new company-operated stores, based on Checkers actual store openings since 2003;

certain store-level costs as a percentage of store sales based on Checkers fiscal year 2005 estimated levels; and

incremental general and administrative costs related to potential personnel and other expenses required for store growth.

Estimated terminal values for Checkers were calculated by applying to Checkers fiscal year 2010 estimated EBITDA a range of EBITDA terminal value multiples of 6.0x to 7.0x, which range of terminal value multiples was derived taking into account Checkers historical EBITDA trading multiples and the implied EBITDA multiples paid for the target companies in the selected transactions referred to above under Precedent Transactions Analysis. The unlevered, after-tax free cash flows and terminal values were then discounted to present value using discount rates ranging from 9.7% to 11.2%, which discount rate range was derived taking into account the estimated weighted average cost of capital for Checkers utilizing selected data of the publicly held companies in the quick service restaurant industry referred to above under Selected Companies Analysis. This analysis indicated the following approximate implied per share equity reference ranges for Checkers under both the Management Case and the Sensitivity Case, as compared to the merger consideration:

Implied Per Share				Merger Consideration
Equity Reference Ranges for Checkers				
Management Case		Sensitivity Case

Table of Contents**Leveraged Buyout Analysis.**

Citigroup performed a leveraged buyout analysis to estimate the theoretical purchase price that could be paid by a hypothetical financial buyer in an acquisition of Checkers under the Management Case and the Sensitivity Case described above, taking into account the pro forma leverage structure of Checkers resulting from Wellspring's proposed financing for the merger. Citigroup assumed that a financial buyer would attempt to realize a return on its investment in Checkers' fiscal year 2010. Estimated exit values for Checkers were calculated by applying to Checkers' fiscal year 2010 estimated EBITDA a range of exit value multiples of 6.0x to 7.0x, which range of exit value multiples was derived taking into account Checkers' historical EBITDA trading multiples and the implied EBITDA multiples paid for the target companies in the selected transactions referred to above under Precedent Transactions Analysis. Citigroup then derived a range of theoretical purchase prices based on an assumed required internal rate of return for a financial buyer of approximately 25.0% to 30.0%, which range of percentages was, in Citigroup's professional judgment, generally reflective of the range of required internal rates of return commonly assumed when performing a leveraged buyout analysis. This analysis indicated the following approximate implied per share equity reference ranges for Checkers under both the Management Case and the Sensitivity Case, as compared to the merger consideration:

Implied Per Share Equity Reference Ranges for Checkers		Sensitivity		Merger Consideration
		Management Case	Case	
\$13.75	\$16.00	\$11.50	\$13.00	\$15.00

Miscellaneous.

Citigroup has acted as financial advisor to the special committee in connection with the merger. Under the terms of Citigroup's engagement, Checkers has agreed to pay Citigroup for its financial advisory services to the special committee in connection with the merger, a portion of which was payable in connection with the delivery of its opinion, an aggregate fee based on a percentage of the total consideration, including liabilities assumed, payable in the merger. The aggregate fee payable to Citigroup currently is estimated to be approximately \$3.0 million, of which \$2.5 million is contingent upon consummation of the merger. Checkers also has agreed to reimburse Citigroup for reasonable travel and other expenses incurred by Citigroup in performing its services, including reasonable fees and expenses of its legal counsel, and to indemnify Citigroup and related persons against liabilities, including liabilities under the federal securities laws, arising out of its engagement.

Citigroup and its affiliates in the past have provided services to an affiliate of Wellspring unrelated to the proposed merger, for which services Citigroup and its affiliates have received compensation. In the ordinary course of business, Citigroup and its affiliates may actively trade or hold the securities of Checkers for their own account or for the account of customers and, accordingly, may at any time hold a long or short position in those securities. In addition, Citigroup and its affiliates, including Citigroup Inc. and its affiliates, may maintain relationships with Checkers, Wellspring and their respective affiliates.

The special committee selected Citigroup as its financial advisor in connection with the merger based on Citigroup's reputation and experience. Citigroup is an internationally recognized investment banking firm which regularly engages in the valuation of businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, competitive bids, secondary distributions of listed and unlisted securities, private placements and valuations for estate, corporate and other purposes.

Certain Financial Projections Relating to Checkers

Checkers does not, as a matter of course, publicly disclose projections of future revenues, earnings or other financial performance. The projections were not prepared with a view to compliance with published guidelines of the Securities and Exchange Commission, the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information or generally accepted accounting principles. Such projected financial data provided on January 27, 2006 by the management of Checkers assumed a store and franchise growth rate, same-store sales growth rate, and average new store revenues that were higher, and expenses and expenditures that were lower, than may be indicated by Checkers' actual operating performance and reflected aggressive goals identified by management for internal purposes.

Given Checkers' actual performance for the fiscal year ended 2005, which was lower than budgeted estimates prepared by Checkers' management for that fiscal year, certain sensitivities also were reviewed with Checkers' special committee and applied to the above projections by the special committee's financial advisor in performing certain of its financial analyses with respect to Checkers in order to take into account the potential for lower revenue growth and margin expansion, and higher capital expenditures, than those reflected in such projections. These sensitivities reflected, among other things:

company-operated unit growth and franchise unit growth consistent with Checkers' recent actual performance relative to management's budgeted estimates;

annual same store sales growth based on the historical average for selected companies in the quick service restaurant industry over the period 2001 to 2005;

average annual sales per store, or average unit volume, for new company-operated and new franchise-operated stores for which full year sales data was available, and capital investment for new company-operated stores, based on Checkers' actual store openings since 2003;

certain store-level costs as a percentage of store sales based on Checkers' fiscal year 2005 estimated levels; and

incremental general and administrative costs related to potential personnel and other expenses required for store growth.

Position of the Executive Officers Regarding the Fairness of the Merger

Under the rules promulgated under the Securities Exchange Act of 1934, as amended, which we refer to in this proxy statement as the Exchange Act, governing going private transactions, each of Keith E. Sirois, S. Patric Plumley, Steve Cohen, Adam Noyes, Richard Turer, Ron Levondosky, and Brian R. Doster, collectively, the executive officers, may be deemed to be an affiliate of both Checkers and Taxi Holdings. The executive officers are making the statements included in this section solely for the purposes of complying with the requirements of Rule 13e-3 and related rules under the Exchange Act.

Edgar Filing: CHECKERS DRIVE IN RESTAURANTS INC /DE - Form PRER14A

Each of the executive officers, each of whom may become a management participant, believes that the merger and the merger agreement are fair to Checkers and the unaffiliated stockholders of Checkers from a financial point of view. The views of the executive officers as to the fairness of the merger agreement and the

Table of Contents

merger should not be construed as a recommendation, other than by Mr. Sirois solely in his capacity as a director of Checkers (see

Recommendation of the Board of Directors above), to any stockholder as to how that stockholder should vote on the proposal to adopt the merger agreement and approve the transactions contemplated thereby.

Substantive Factors

In reaching their respective determinations, the executive officers considered a number of substantive factors favoring the merger and potential benefits of the merger, including those discussed below, each of which they believed supported their respective decisions.

The current and historical market prices of Checkers common stock, including the fact that the merger consideration of \$15.00 per share represents a 25% premium over the closing stock price of \$12.00 on the last trading day prior to Checkers public announcement on May 16, 2005 that it was exploring strategic alternatives, although such merger consideration represented a 1% discount from the closing stock price of \$15.16 on the last trading day prior to Checkers public announcement on February 17, 2006 that it had executed a merger agreement with Taxi Holdings and Taxi Acquisition.

The fact that the merger consideration will be all cash, which provides liquidity and certainty of value to our stockholders.

The fact that under certain circumstances described under The Merger Agreement Reimbursement of Expenses; Termination Fee, Taxi Holdings may be required to reimburse up to \$3.0 million of Checkers expenses incurred in connection with the merger agreement or pay a termination fee of \$7.0 million (including any previous payment for expense reimbursement) if Taxi Holdings exercises its right not to complete the merger based on the failure to obtain financing on terms reasonably acceptable to Taxi Holdings and Taxi Acquisition.

The ability of the special committee or the board of directors, under the terms of the merger agreement, to terminate the merger agreement if the special committee or the board determines in good faith that any unsolicited proposal constitutes a superior proposal, subject to payment to Taxi Holdings of a termination fee of \$7.0 million (less any amount of reimbursement of Taxi Holdings and Taxi Acquisition's expenses previously paid by Checkers), in accordance with the terms of the merger agreement.

The other terms and conditions of the merger agreement, including the cash price, the ability to consider unsolicited offers, the ability of Checkers to terminate the merger agreement in certain circumstances, the fact that the representations and warranties by Checkers are subject to a customary material adverse effect standard, and the limited closing conditions.

The agreement by Wellspring IV that, in the event that Taxi Holdings is required to reimburse Checkers expenses or pay a termination fee to Checkers pursuant to the merger agreement, Wellspring IV will pay or cause Taxi Holdings to pay such amounts to Checkers in accordance with the merger agreement.

Procedural Factors

In reaching their respective determinations, the executive officers considered a number of procedural factors favoring the merger and potential benefits of the merger, including those discussed below, each of which they believed supported their respective decisions.

The fact that the board of directors appointed the special committee:

which consisted entirely of directors who are not officers of Checkers or affiliated with Taxi Holdings or its investors;

Table of Contents

which consisted entirely of directors with no financial interest in the proposed merger different from Checkers stockholders generally other than for the fact that members of the special committee (a) hold unvested stock options, which will be cancelled and cashed out as part of the merger in the same manner as vested stock options, and (b) will be entitled to the indemnification and officer and director liability insurance coverage under the terms of the merger agreement described below under The Merger Agreement Principal Covenants Director and Officer Indemnification and Insurance ;

which was given exclusive authority to, among other things, consider, negotiate and evaluate the terms of any proposed transaction, including the merger; and

which retained its own legal and financial advisors who assisted the special committee in the negotiations with Taxi Holdings.

The fact that, prior to entering into the merger agreement, the special committee engaged in a competitive bid process over a period of more than nine months aimed at maximizing stockholder value, which included the solicitation of indications of interest from 54 potential acquirers, the delivery of corporate and financial information to 30 potential acquirers that signed a confidentiality agreement with Checkers, the receipt and response to inquiries from three potential acquirers, and the receipt and evaluation of indications of interest from one potential acquirer, which subsequently lowered its offering price and withdrew from the bidding process. See Background of the Merger.

The fact that the merger consideration of \$15.00 per share and other terms and conditions of the merger agreement resulted from extensive negotiations between Taxi Holdings and its advisors and the special committee and its advisors.

The fact that the special committee received an opinion from its financial advisor as to the fairness, from a financial point of view, of the merger consideration to be received by holders of Checkers common stock (other than the management participants).

The requirement that the merger agreement be adopted by the affirmative vote of the holders of at least a majority of the outstanding shares of Checkers common stock entitled to vote. As of May 1, 2006, [96.5]% of the outstanding shares of Checkers common stock are held by unaffiliated stockholders and [99.8]% of the outstanding shares of Checkers common stock are held by stockholders other than the executive officers.

The fact that Checkers board of directors and special committee determined that the merger agreement and the merger contemplated thereby are advisable and are fair to, and in the best interests of, Checkers stockholders.

The fact that Checkers stockholders have the right to demand appraisal of their shares in accordance with the procedures established by Delaware law. See Appraisal or Dissenters Rights.

Potential Negative Factors

The executive officers also considered and balanced against the potential benefits of the merger a variety of risks and other potentially negative factors concerning the merger but determined that these factors were outweighed by the benefits of the factors supporting the merger. These potentially negative factors included the following:

The risk that the merger might not be completed in a timely manner or at all, including the risk that the merger will not occur if the financing condition described below is not satisfied.

Edgar Filing: CHECKERS DRIVE IN RESTAURANTS INC /DE - Form PRER14A

The fact that the funding of the financing contemplated by the debt and equity commitment letters issued to Taxi Holdings or, alternative financing, on terms and conditions reasonably acceptable to Taxi Holdings, is a condition to Taxi Holdings' and Taxi Acquisition's obligation to complete the merger.

The interests of Checkers' executive officers and directors in the merger (see Interests of Checkers' Directors and Executive Officers in the Merger).

Table of Contents

The fact that Checkers will no longer exist as an independent, publicly traded company.

The fact that Checkers' current stockholders (other than the management participants) will not participate in any future earnings or growth of Checkers and will not benefit from any appreciation in its value or otherwise have any rights or benefits as a stockholder of Checkers.

The fact that Checkers was entering into a merger agreement with newly formed entities with essentially no assets and, accordingly, that Checkers' recourse for a breach by Taxi Holdings or Taxi Acquisition of the merger agreement is to seek recovery of the termination fee or expense reimbursement, as applicable, under the letter agreement with Wellspring IV.

The restrictions on the conduct of Checkers' business prior to completion of the merger, which may delay or prevent Checkers from undertaking business opportunities that may arise pending completion of the merger.

The fact that the merger consideration consists of cash and will therefore be taxable to Checkers' stockholders for U.S. federal income tax purposes.

The restrictions on our ability to solicit or engage in discussions or negotiations with a third party regarding specified transactions involving Checkers and the requirement that Checkers pay Taxi Holdings a \$7.0 million termination fee (less any amount of reimbursement of Taxi Holdings' and Taxi Acquisition's expenses previously paid by Checkers) in order for the board of directors to accept a superior proposal.

The risk of diverting management focus and resources from other strategic opportunities and from operational matters while working to complete the merger.

The executive officers did not consider liquidation value as a factor because Checkers is a viable going concern business, and the liquidation value was not deemed relevant to a determination as to whether the merger and the merger consideration are fair to the stockholders. Further, the executive officers did not consider the net book value a material indicator of the value of Checkers because the net book value, as an indication of only the historical costs, was deemed to understate Checkers' value as a going concern.

After considering these factors, the executive officers concluded that the positive factors relating to the merger outweighed the negative factors. Because of the variety of factors considered, the executive officers did not find it practicable to quantify or otherwise assign relative weights to, and did not make specific assessments of, the specific factors considered in reaching their respective determinations. The respective determinations of the executive officers were made after consideration of all of the factors taken together.

Purpose and Reasons of Taxi Holdings, Taxi Acquisition and the Wellspring Entities for the Merger

For Taxi Holdings, Taxi Acquisition and the Wellspring Entities, the purpose of the merger is to allow Taxi Holdings to own Checkers and to benefit from any increase in the value of Checkers and to bear any losses resulting from any decrease in the value of Checkers after Checkers common stock is no longer publicly traded. The transaction has been structured as a cash merger in order to provide the stockholders of Checkers (other than the management participants) with cash for all of their shares and to provide a prompt and orderly transfer of ownership of Checkers in a single step, with transaction costs that are lower than they would be in a tender offer followed by a second-step merger.

Position of Taxi Holdings, Taxi Acquisition and the Wellspring Entities Regarding the Fairness of the Merger

Under the Exchange Act rules governing going private transactions, each of Taxi Holdings, Taxi Acquisition and the Wellspring Entities may be deemed to be an affiliate of Checkers. Taxi Holdings, Taxi Acquisition and the Wellspring Entities are making the statements included in this section solely for the purposes

Table of Contents

of complying with the requirements of Rule 13e-3 and related rules under the Exchange Act. The position of Taxi Holdings, Taxi Acquisition and the Wellspring Entities as to the fairness of the merger is not a recommendation to any Checkers stockholder as to how the stockholder should vote on the merger.

None of Taxi Holdings, Taxi Acquisition or the Wellspring Entities participated in the deliberations of Checkers board of directors or its special committee regarding, or received advice from the special committee's legal or financial advisors as to, the substantive or procedural fairness of the merger. However, Taxi Holdings, Taxi Acquisition and the Wellspring Entities believe that the merger agreement and the merger are substantively and procedurally fair to Checkers stockholders (other than the management participants).

Substantive Factors

In reaching their respective determinations, Taxi Holdings, Taxi Acquisition and the Wellspring Entities considered a number of substantive factors favoring the merger and potential benefits of the merger, including those discussed below, each of which they believed supported their respective decisions.

The fact that the \$15.00 being paid for each share of Checkers common stock in the merger represents a premium of 25% over the \$12.00 closing price of Checkers common stock on May 13, 2005, the last trading day prior to the announcement by Checkers that it was exploring strategic alternatives, although such merger consideration represented a 1% discount from the closing stock price of \$15.16 on the last trading day prior to Checkers public announcement on February 17, 2006 that it had executed a merger agreement with Taxi Holdings and Taxi Acquisition.

The fact that the merger consideration is all cash, so that the transaction allows Checkers stockholders (other than the management participants) to immediately realize a fair value for their investment and provides such stockholders certainty of value for their shares of Checkers common stock.

The fact that Checkers is permitted to receive and, under certain conditions and subject to the payment of a termination fee, to accept, an unsolicited superior proposal to complete an alternate transaction.

The fact that, under certain circumstances described under The Merger Agreement--Reimbursement of Expenses; Termination Fee, Taxi Holdings may be required to reimburse up to \$3.0 million of Checkers expenses incurred in connection with the merger agreement or pay a termination fee of \$7.0 million (including any previous payment for expense reimbursement) if it exercises its right not to complete the merger based on the failure to obtain financing on terms reasonably acceptable to Taxi Holdings and Taxi Acquisition.

Procedural Factors

In reaching their respective determinations, Taxi Holdings, Taxi Acquisition and the Wellspring Entities considered a number of procedural factors favoring the merger and potential benefits of the merger, including those discussed below, each of which they believed supported their respective decisions.

The fact that, prior to entering into the merger agreement, the special committee had undertaken an extensive process designed to solicit competitive bids, as described under Background to the Merger .

The fact that Checkers stockholders who do not vote in favor of adopting the merger agreement and who otherwise comply with all of the required procedures under the Delaware General Corporation Law will have the right to seek appraisal of the fair value of their shares of Checkers common stock as described below under Appraisal or Dissenters Rights .

Edgar Filing: CHECKERS DRIVE IN RESTAURANTS INC /DE - Form PRER14A

The fact that the board of directors of Checkers appointed a special committee:

which consisted entirely of directors who are not officers of Checkers or affiliated with Taxi Holding or its investors;

which consisted entirely of directors with no financial interest in the proposed merger different from Checkers stockholders generally other than for the fact that members of the special committee (a)

Table of Contents

hold unvested stock options, which will be cancelled and cashed out as part of the merger in the same manner as vested stock options and (b) will be entitled to the indemnification and officer and director liability insurance coverage under the terms of the merger agreement described below under The Merger Agreement Principal Covenants Director and Officer Indemnification and Insurance ;

which was given exclusive authority to, among other things, consider, negotiate and evaluate the terms of any proposed transaction, including the merger; and

which retained its own legal and financial advisors who assisted the special committee in the negotiations with Taxi Holdings.

The fact that Checkers board of directors and special committee determined that the merger agreement and the merger contemplated thereby are advisable and are fair to, and in the best interests of, the Checkers stockholders.

The requirement that the merger agreement be adopted by the affirmative vote of the holders of at least a majority of the outstanding shares of Checkers common stock entitled to vote. As of May 1, 2006, [96.5]% of the outstanding shares of Checkers common stock are held by unaffiliated stockholders and [99.8]% of the outstanding shares of Checkers common stock are held by stockholders other than the executive officers.

The fact that the merger consideration of \$15.00 per share and other terms and conditions of the merger agreement resulted from extensive negotiations between Taxi Holdings and its advisors and the special committee and its advisors.

The fact that the special committee received an opinion from its financial advisor as to the fairness, from a financial point of view, of the merger consideration to be received by holders of Checkers common stock (other than the management participants).

Potential Negative Factors

In addition to the foregoing, Taxi Holdings, Taxi Acquisition and the Wellspring Entities considered the following material negative factors:

The risk that the merger might not be completed in a timely manner or at all, including the fact that the obligation of Taxi Holdings and Taxi Acquisition to complete the merger is conditioned upon Taxi Holdings or Taxi Acquisition, as applicable, having received the proceeds of the financing contemplated by the debt and equity commitment letters described under Financing for the Merger; Source and Amount of Funds, or alternative financing, on terms and conditions reasonably acceptable to Taxi Holdings and Taxi Acquisition, and that Taxi Holdings and Taxi Acquisition may not be able to secure financing for a variety of reasons, including reasons beyond the control of Taxi Holdings and Taxi Acquisition.

The fact that Checkers stockholders (other than the management participants) will not participate in any future earnings or growth of Checkers and will not benefit from any future appreciation in value of Checkers.

The risks and costs to Checkers if the merger is not completed, including the diversion of management and employee attention, potential employee attrition and the potential effect on business relationships.

The fact that gains from an all-cash transaction would be taxable to Checkers stockholders for U.S. federal income tax purposes.

Edgar Filing: CHECKERS DRIVE IN RESTAURANTS INC /DE - Form PRER14A

The interests of certain members of Checkers management in the merger described below under Interests of Checkers Directors and Executive Officers in the Merger.

Taxi Holdings, Taxi Acquisition and the Wellspring Entities did not consider Checkers net book value or liquidation value in their evaluation of the fairness of the merger to Checkers stockholders (other than the management participants) because Taxi Holdings, Taxi Acquisition and the Wellspring Entities did not believe

Table of Contents

that Checkers' net book value or liquidation value were material or relevant to a determination of the substantive fairness of the merger. Taxi Holdings, Taxi Acquisition and the Wellspring Entities did not consider the net book value of Checkers to be a relevant valuation methodology since net book value is a purely historical measurement of value and is not forward looking. Checkers' net book value per share as of January 2, 2006 was \$7.51, or approximately 50% lower than the per share merger consideration. Taxi Holdings, Taxi Acquisition and the Wellspring Entities did not consider the liquidation value of Checkers to be a relevant valuation methodology because they considered Checkers to be a viable, going concern. To the extent that Taxi Holdings, Taxi Acquisition and the Wellspring Entities considered the going concern value of Checkers, they believed that a valuation metric based on the public market trading price of Checkers' common stock prior to its March 16, 2005 announcement that it was exploring strategic alternatives (i.e., the market price unaffected by any speculation or expectation that a transaction would occur), as described above, was the most appropriate measurement of Checkers' going concern value.

The foregoing discussion of the information and factors considered and given weight by Taxi Holdings, Taxi Acquisition and the Wellspring Entities in connection with the fairness of the merger agreement and the merger is not intended to be exhaustive. None of Taxi Holdings, Taxi Acquisition or the Wellspring Entities found it practicable to, and did not, quantify or otherwise attach relative weights to the foregoing factors in reaching their respective positions as to the fairness of the merger agreement and the merger. Each of Taxi Holdings, Taxi Acquisition and the Wellspring Entities believes that these factors provide a reasonable basis for its belief that the merger agreement and the merger are fair to Checkers' stockholders (other than the management participants). This belief should not, however, be construed in any way as a recommendation to any stockholder of Checkers as to whether such stockholder should vote in favor of the adoption of the merger agreement and the transactions contemplated thereby. Neither Taxi Holdings, Taxi Acquisition nor the Wellspring Entities make any recommendation as to how the stockholders of Checkers should vote their shares of Checkers' common stock relating to the merger.

While Taxi Holdings, Taxi Acquisition and the Wellspring Entities believe that the merger is substantively and procedurally fair to Checkers stockholders (other than the management participants), Taxi Holdings and Taxi Acquisition attempted to negotiate the terms of a transaction that would be most favorable to them, and not to Checkers' stockholders. Accordingly, Taxi Holdings and Taxi Acquisition did not negotiate the merger agreement with the goal of obtaining terms that were fair to Checkers' stockholders.

Certain Effects of the Merger

If the merger agreement is adopted by our stockholders and the other conditions to the closing of the merger are either satisfied or waived, Taxi Acquisition will be merged with and into Checkers, with Checkers being the surviving corporation. When the merger is completed, each share of our common stock, other than any such share held by Checkers, Taxi Holdings or their subsidiaries, or by stockholders who perfect appraisal rights under Delaware law, will be cancelled and converted into the right to receive \$15.00 in cash, without interest.

Following the merger, the entire equity in Checkers is expected to be beneficially owned by Taxi Holdings and its affiliates. If the merger is completed, Checkers' current stockholders will cease to have any direct or indirect ownership interest in Checkers or rights as stockholders of Checkers (other than the management participants as described in Interest of Checkers' Directors and Executive Officers in the Merger). As a result, those stockholders of Checkers will not participate in any future earnings or growth of Checkers and will not benefit from any appreciation in value of Checkers.

Following the closing of the merger, the entire interest in Checkers' net book value and net earnings will be held by Taxi Holdings and its affiliates. The interest in Checkers' net book value and net earnings as of the date of this proxy statement for Taxi Holdings, Taxi Acquisition, and the Wellspring Entities was zero.

The merger agreement provides that, at the effective time of the merger, each option to purchase shares of our common stock, whether or not vested, will be cancelled and the holder of such option will be entitled to

Table of Contents

receive an amount in cash equal to the product of (1) the amount by which \$15.00 exceeds the applicable per share exercise price of such option, and (2) the number of shares subject to such option, without interest, and less any amount required to be withheld under applicable law.

Prior to the completion of the merger, Taxi Holdings expects to offer selected members of Checkers management the opportunity to elect, in lieu of canceling their options in exchange for the right to receive the cash consideration described above, to have their options assumed by Taxi Holdings and replaced by options to purchase shares in Taxi Holdings. None of the members of the board of directors (other than Mr. Sirois), including the members of the special committee, will be offered this opportunity. The terms of any such assumption and exchange of options by Taxi Holdings, the value of any such options and the individuals to be offered the opportunity to participate in such assumption and exchange, have not been determined as of the date of this proxy statement and such matters remain subject to negotiation among the relevant parties prior to the completion of the merger.

In addition, Taxi Holdings may offer selected members of Checkers management additional equity incentive arrangements following the effective time of the merger. The terms of any such incentive arrangements, and the individuals to be offered the opportunity to participate in such arrangements, have not been determined as of the date of this proxy statement and such matters remain subject to negotiation among the relevant parties prior to or following the completion of the merger.

As of January 2, 2006, the net book value and the net earnings (or net income) of Checkers were approximately \$86.3 million and \$9.2 million, respectively, and the ownership interest of each of Keith E. Sirois, S. Patric Plumley, Steve Cohen, Adam Noyes, Richard Turer, Ron Levondosky, and Brian R. Doster, prior to the merger and based on their beneficial ownership of the shares of Checkers common stock as of March 2, 2006, in such net book value and net earnings would be 1.08%, 0.16%, 1.04%, 0.89%, 0.81%, 0.28%, and 0.79%, respectively, of such net book value and net earnings. Because neither the individuals who will receive equity interests in Taxi Holdings nor the extent of any such equity participation has been determined as of the date of this proxy statement, the effect of the merger on the interest of management participants in Checkers net book value and net earnings cannot be determined at this time.

Checkers common stock is currently registered under the Exchange Act and is quoted on the Nasdaq National Market, which we refer to in this proxy statement as Nasdaq, under the symbol CHKR. As a result of the merger, Checkers will become a privately held corporation, and there will be no public market for its common stock. After the merger, the common stock will cease to be quoted on Nasdaq, and price quotations with respect to sales of shares of common stock in the public market will no longer be available. In addition, the registration of our common stock under the Exchange Act will be terminated. This termination will make certain provisions of the Exchange Act, such as the requirement of filing periodic and other reports with the SEC and furnishing a proxy or information statement in connection with stockholders meetings, no longer applicable to Checkers.

At the effective time of the merger, the directors of Taxi Acquisition will be the initial directors of Checkers, and the officers of Checkers immediately prior to the merger will continue as officers of Checkers following the merger. All of the directors of Checkers immediately prior to the merger will resign as directors of Checkers at the effective time of the merger. The bylaws of Taxi Acquisition in effect immediately prior to the effective time of the merger will become the bylaws of Checkers following the merger.

Plans for Checkers after the Merger

Following completion of the merger, Taxi Holdings will own 100% of the equity in Checkers. It is expected that, following completion of the merger, the operations of Checkers will be conducted substantially as they currently are being conducted except that Checkers will not be subject to the obligations and constraints, and the related direct and indirect costs and personnel requirements, associated with having publicly traded equity

securities. Except as described below, Taxi Holdings has advised Checkers that it does not have any current plans or proposals that relate to or would result in an extraordinary corporate transaction following completion of the merger involving Checkers' corporate structure, business or management, such as a merger, reorganization, liquidation, relocation of any operations or sale or transfer of a material amount of assets. Taxi Holdings has explored and is exploring potential financing transactions that could be effected in connection with or following the completion of the merger, including sale and leaseback transactions involving company-owned locations. Taxi Holdings has entered into a commitment letter with CNL Restaurant Capital, LP with respect to sale-leaseback financing for up to 37 company-owned properties, as further described, and subject to the conditions described, below under Financing for the Merger; Source and Amount of Funds Sale-Leaseback Financing, the net proceeds of which would be expected to be used to reduce amounts outstanding under the credit facilities described below under Financing for the Merger; Source and Amount of Funds. Other than such commitment letter, no agreements have been entered into with respect to any such financing transaction, nor can there be any assurance that any such agreements will be entered into prior to or after completion of the merger. In addition, we expect that, both before and following the merger, Checkers' management and Taxi Holdings will continuously evaluate and review Checkers' business and operations and may develop new plans and proposals that they consider appropriate to maximize Checkers' value. Taxi Holdings expressly reserves the right to make any changes it deems appropriate in light of such evaluation and review or in light of future developments.

Certain Effects on Checkers if the Merger is Not Completed

In the event that the merger agreement is not adopted by Checkers' stockholders or if the merger is not completed for any other reason, Checkers stockholders will not receive any payment for their shares in connection with the merger. Instead, Checkers will remain an independent public company and its common stock will continue to be listed and traded on Nasdaq. In addition, if the merger is not completed, we expect that management will operate the business in a manner similar to that in which it is being operated today and that Checkers' stockholders will continue to be subject to the same risks and opportunities to which they are currently subject. Accordingly, if the merger is not consummated, there can be no assurance as to the effect of these risks and opportunities on the future value of shares of Checkers' common stock. From time to time, the board of directors may evaluate and review, among other things, the business operations, management, and capitalization of Checkers, make such changes as are deemed appropriate and continue to seek to identify strategic alternatives to maximize stockholder value. If the merger agreement is not adopted by the stockholders or if the merger is not consummated for any other reason, there can be no assurance that any other transaction acceptable to Checkers will be offered or that the business, prospects or results of operations of Checkers will not be adversely impacted. If the merger agreement is terminated under certain circumstances, Checkers may be obligated to reimburse up to \$3.0 million of expenses incurred by Taxi Holdings and certain related parties in connection with the merger agreement or pay a termination fee of \$7.0 million (less any previous payment for expense reimbursement). See The Merger Agreement Reimbursement of Expenses; Termination Fee.

Financing for the Merger; Source and Amount of Funds

Checkers and Taxi Holdings estimate that, based on information available as of the date of this proxy statement, the total amount of funds required to complete the merger and related transactions, repay certain of Checkers' existing debt and pay related fees and expenses, will be approximately \$221 million.

Taxi Holdings expects this amount to be provided through a combination of the proceeds of:

- a cash equity investment by Wellspring IV (or Wellspring IV together with its co-investors, which may include management participants or Wellspring IV's financing sources) in Taxi Holdings, all of which will be contributed to Taxi Acquisition;

- cash on Checkers' balance sheet;

- a senior secured credit facility, which is described below under Debt Financing ;

- a secured subordinated credit facility, which is described below under Debt Financing ; and

sale-leaseback transactions, as described below under Sale-Leaseback Financing, the net proceeds of which would be expected to be used to reduce amounts outstanding under the credit facilities described below under Debt Financing.

Table of Contents

There are currently no alternative financing plans in the event the debt financing described below is not consummated. Under the merger agreement, the obligations of Taxi Holdings and Taxi Acquisition to close the merger are subject to receipt of the proceeds of the financing contemplated in the debt and equity commitment letters described below, or alternate financing, on terms and conditions reasonably acceptable to Taxi Holdings and Taxi Acquisition. The obligation of Guggenheim Corporate Funding, LLC to fund the credit facilities contemplated in the commitment letters is subject to the conditions described below under Debt Financing. There can be no assurance that these conditions will be satisfied and that funding contemplated by the commitment letters will be made available. Taxi Holdings and Taxi Acquisition have each agreed to use their reasonable best efforts to cause this condition to be satisfied. In addition, under certain circumstances described under The Merger Agreement Reimbursement of Expenses; Termination Fee, Taxi Holdings may be required to reimburse up to \$3.0 million of Checkers expenses in connection with the merger agreement or pay a termination fee of \$7.0 million (including any previous payment for expense reimbursement) if it exercises its right not to close based on this condition.

Equity Financing

On February 6, 2006, Wellspring IV entered into an equity commitment letter with Taxi Holdings pursuant to which Wellspring IV committed to contribute or cause to be contributed to Taxi Holdings up to \$57.4 million in connection with the merger. The equity commitment is conditioned upon:

satisfaction of the conditions to the merger described under The Merger Agreement Conditions to Completion of the Merger ; and

Taxi Acquisition having received the proceeds of the credit facilities described below under Debt Financing, or alternative financing, on terms and conditions acceptable to Wellspring IV.

Debt Financing

Taxi Holdings and Taxi Acquisition entered into a debt commitment letter, dated February 16, 2006, with Guggenheim Corporate Funding, LLC, which we refer to in this proxy statement as Guggenheim. Pursuant to the debt commitment letter, Guggenheim committed, subject to the conditions described below, to provide a \$95 million term loan A facility, a \$35 million term loan B facility, a \$20 million revolving credit facility and a \$10 million subordinated term loan facility, which we refer to collectively in this proxy statement as the credit facilities, the proceeds of which will, except as provided in the next sentence, be used to complete the merger and related transactions, repay certain of Checkers existing debt and pay related fees and expenses. Up to \$1 million of the revolving credit facility will be available on the date the merger is consummated and the remaining portion of the revolving credit facility will thereafter be available for the general corporate purposes of the surviving company in the merger. Taxi Holdings and Taxi Acquisition have orally agreed with Guggenheim that they will not draw more than \$6.25 million of the available \$10.0 million credit available under the subordinated term loan facility.

The credit facilities will bear interest, at the option of the borrower, at LIBOR or the higher of the prime rate and the federal funds rate plus 0.50%, which we refer to as the base rate, in each case, plus the applicable margin set forth in the following table:

	Base Rate Loans	LIBOR Loans
Revolving Loans	2.50%	3.50%
Term Loans A	2.875%	3.875%
Term Loans B	7.00%	8.00%
Subordinated Term Loans	9.00%	10.00%

The borrowers under the facilities will be Taxi Acquisition and, from and after the consummation of the merger, Checkers, and the credit facilities will be guaranteed on a joint and several basis by each of the borrowers existing and future direct and indirect domestic subsidiaries. The credit facilities will be secured by pledges of all of the equity interests of the borrowers and each of their direct and indirect domestic subsidiaries, and security interests in and mortgages on substantially all material tangible and intangible assets of the borrowers and the guarantors.

Guggenheim shall be reasonably satisfied with the amount, types and terms and conditions of all insurance maintained by Checkers and the guarantors and Guggenheim shall have received endorsements naming Guggenheim or one of its affiliates, on behalf of the lenders under the credit facilities, as an additional insured or loss payee, as the case may be, under all insurance policies to be maintained with respect to the properties of Checkers and the guarantors forming part of the collateral;

there shall be no other material indebtedness of Checkers or the guarantors to remain outstanding on the closing date, except for (1) unsecured accounts payable to trade creditors for goods or services incurred in the ordinary course of business, (2) purchase money indebtedness or capital leases to acquire equipment or real property in the ordinary course of business secured solely by the equipment or real property acquired up to a maximum to be specified in the definitive loan documents, (3) contingent liabilities under leases for real property or operating leases in the ordinary course of business, (4) intercompany indebtedness in an amount to be agreed and (5) other unsecured indebtedness in an aggregate amount not to exceed \$0.5 million;

all of the capital stock of Checkers shall be owned by Taxi Holdings, and all capital stock of Checkers direct or indirect subsidiaries shall be owned by Checkers, in each case free and clear of any lien, charge or encumbrance, other than the liens and security interests created or permitted under the loan documentation;

subject to certain exceptions, the lenders shall have perfected security interests in the collateral with the relative priority appropriate for each portion of the credit facilities, all filings, recordations and searches

Guggenheim shall have received reasonably satisfactory evidence that all intellectual property material to the operations of Taxi Acquisition, Checkers and their respective subsidiaries is licensed or owned by a borrower or a guarantor. The credit facilities will be serviced through operating cash flow generated by Checkers and its subsidiaries, and, other than required prepayments and amortization, there are currently no other plans to refinance or otherwise repay the credit facilities.

Sale-Leaseback Financing

Taxi Holdings has entered into a commitment letter dated April 18, 2006 with CNL Restaurant Capital, LP, which we refer to in this proxy statement as CNL, in which CNL has agreed to provide sale/leaseback financing with respect to up to 37 company-owned properties. Taxi Holdings has informed Checkers that it would expect such transactions to be completed, if at all, either in connection with or following the completion of the merger, and that it would expect the proceeds of any such transactions, net of transaction costs and taxes, to be applied to reduce amounts outstanding under the Term Loan A described above. The commitment will expire on August 16, 2006. The receipt of this financing is subject to the satisfaction of certain conditions, including the following:

CNL's reasonable approval of each property to be included in the transaction following receipt of complete due diligence materials, and based on generally applicable underwriting standards, a physical inspection of each property and a review of certain other information to be provided by Checkers and by Rally's of Ohio, Inc., which we refer to collectively in this proxy statement as the seller/lessee;

Material United States Federal Income Tax Consequences

General

The following summary describes the material U.S. federal income tax consequences of the merger to our stockholders. This summary is based upon the provisions of the Internal Revenue Code of 1986, as amended (the Code), applicable existing and proposed U.S. Treasury Regulations promulgated thereunder, judicial authority and administrative pronouncements, all as in effect as of the date hereof and all of which are subject to change, possibly with retroactive effect. We have not requested, and will not request, a ruling from the Internal Revenue Service, which we refer to in this proxy statement as the IRS, with respect to any of the U.S. federal income tax consequences described below, and as a result there can be no assurance that the IRS will not disagree with or will not challenge any of the conclusions reached and described below. This summary addresses only shares of Checkers common stock that are held as capital assets within the meaning of section 1221 of the Code and does not address all aspects of U.S. federal income taxation that may be relevant to a particular Checkers stockholder in light of that Checkers stockholder's personal investment circumstances, or those Checkers stockholders subject to special treatment under the U.S. federal income tax laws (for example, life insurance companies, tax-exempt organizations, financial institutions, expatriates, dealers in securities, currencies, or commodities, traders in securities who elect to apply mark-to-market method of accounting, persons who have a functional currency other than the U.S. dollar, persons liable for the alternative minimum tax, regulated investment companies, real estate investment trusts, U.S. expatriates and foreign corporations, non-resident alien individuals and other persons not subject to U.S. federal income tax on their worldwide income). In addition, this discussion does not address the aspects of U.S. federal income taxation that may be relevant to Checkers stockholders who hold shares of Checkers common stock as part of a hedging, straddle, conversion or other integrated transaction, or Checkers stockholders who acquired their shares of Checkers common stock through the exercise of director or employee stock options or other compensation arrangements. In addition, this discussion does not address any aspect of foreign, state or local taxation or estate and gift taxation that may be applicable to a stockholder.

For purposes of this discussion, a U.S. holder means

a citizen or resident of the United States;

a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) organized or created in the United States or under laws of the United States or any political subdivision thereof;

an estate, the income of which is subject to federal income tax regardless of its source; or

Table of Contents

a trust (i) with respect to which a court within the United States is able to exercise primary supervision over its administration and one or more U.S. persons have the authority to control all of the substantial decisions of the trust or (ii) that has a valid election in place to be treated as a U.S. person.

The treatment of a partner in a partnership (or other entity treated as a partnership for U.S. federal income tax purposes) that holds Checkers common stock will generally depend on the status of the partner and upon the activities of the partnership. Partners of partnerships holding Checkers common stock should consult their tax advisors.

STOCKHOLDERS ARE URGED TO CONSULT THEIR TAX ADVISOR TO DETERMINE THE PARTICULAR TAX CONSEQUENCES TO THEM OF THE MERGER.

Consequences of the Merger to U.S. Holders

The receipt of the merger consideration in the merger will be a taxable transaction for U.S. federal income tax purposes (and also may be a taxable transaction under applicable state, local and other income tax laws). In general, for U.S. federal income tax purposes, a U.S. holder of Checkers common stock will recognize gain or loss equal to the difference between such stockholder's adjusted tax basis in Checkers common stock converted in the merger, and the amount of cash received. Gain or loss will be calculated separately for each block of shares (i.e., shares acquired at the same cost in a single transaction) converted in the merger. The gain or loss will generally be capital gain or loss, and will generally be long-term capital gain or loss if, at the effective time of the merger, the shares of Checkers common stock converted were held for more than one year. In the case of U.S. holders who are individuals, long-term capital gain is currently eligible for reduced rates of federal income tax. There are limitations on the deductibility of capital losses.

Consequences of the Merger to Non-U.S. Holders

The following discussion applies to Checkers stockholders who are non-U.S. holders. A non-U.S. holder is a person or entity that is not a U.S. holder.

If a non-U.S. holder sells or otherwise disposes of Checkers common stock in the merger in a transaction that is treated as a sale or exchange for U.S. federal income tax purposes, such stockholder generally will not be subject to U.S. federal income tax on any gain realized on the disposition of Checkers common stock in the merger unless:

the gain is effectively connected with the conduct of a trade or business in the United States of the non-U.S. holder, subject to an applicable treaty providing otherwise; or

Checkers is or has been a United States real property holding corporation and, assuming Checkers common stock is deemed to be regularly traded on an established securities market, the non-U.S. holder held, directly or indirectly at any time during the five-year period ending on the date of disposition or such shorter period that such shares were held, more than five percent of Checkers common stock.

An individual who is present in the United States for 183 days or more in the taxable year in which Checkers common stock is disposed of in the merger should consult his or her own tax advisor regarding the U.S. federal income tax consequences of the merger.

Backup Withholding Tax

Under the U.S. federal income tax backup withholding rules, unless an exemption applies, Taxi Holdings is required to and will withhold 28% of all payments to which a Checkers stockholder or other payee is entitled in the merger, unless Checkers stockholder or other payee provides its taxpayer identification number, or TIN, (social security number, in the case of an individual, or employer identification number, in the case of other

Table of Contents

stockholders), and certifies under penalties of perjury that the TIN provided is correct (or that such stockholder or other payee is awaiting a TIN) and that such stockholder is not subject to backup withholding. Each Checkers stockholder and, if applicable, each other payee, should complete and sign the substitute Form W-9 that will be part of the letter of transmittal to be returned to the payment agent in order to provide the information and certification necessary to avoid backup withholding, unless an applicable exemption exists and is otherwise proved in a manner satisfactory to the payment agent. The exemptions provide that certain Checkers stockholders (including, among others, all corporations and certain foreign individuals) are not subject to these backup withholding requirements. In order for a foreign individual to qualify as an exempt recipient, however, he or she must submit a signed statement (such as a Certificate of Foreign Status on Form W-8) attesting to his or her exempt status. Any amounts withheld will be allowed as a credit against the holder's U.S. federal income tax liability for that year. If withholding results in an overpayment of taxes, a refund may be obtained by filing a tax return with the Internal Revenue Service.

THE PRECEDING DISCUSSION OF THE MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE MERGER IS FOR GENERAL INFORMATION PURPOSES ONLY AND IS NOT TAX ADVICE. CHECKERS STOCKHOLDERS ARE URGED TO CONSULT THEIR TAX ADVISORS TO DETERMINE THE PARTICULAR TAX CONSEQUENCES TO THEM OF THE MERGER, INCLUDING THE APPLICABILITY AND EFFECT OF STATE, LOCAL, FOREIGN AND OTHER TAX LAWS AND THE POSSIBLE EFFECTS OF ANY CHANGES IN U.S. FEDERAL OR OTHER APPLICABLE TAX LAWS.

Regulatory Matters

Except for the filing of a certificate of merger in Delaware at or before the effective date of the merger, we are unaware of any material federal, state or foreign regulatory requirements or approvals, including providing notification to the Federal Trade Commission or the Antitrust Division of the U.S. Department of Justice, that would be necessary for the consummation of the merger.

Interest of Checkers Directors and Executive Officers in the Merger

In considering the recommendation of the board of directors and the special committee with respect to the adoption of the merger agreement and the approval of the transactions contemplated thereby, you should be aware that some of Checkers directors and executive officers have interests in the merger that are different from, or in addition to, the interests of our stockholders generally. These interests may present them with actual or potential conflicts of interest, and these interests, to the extent material, are described below. The board of directors and the special committee were aware of these interests and considered them, among other matters, in approving the merger agreement and the merger.

Treatment of Stock Options; Relationships of Executive Officers with Taxi Holdings

If we complete the merger, except as described below, each option to purchase shares of our common stock, whether or not vested, will be cancelled and the holder of such option will be entitled to receive an amount in cash equal to the product of (1) the amount by which \$15.00 exceeds the applicable per share exercise price of such option, and (2) the number of shares subject to such option, without interest, and less any amount required to be withheld under applicable law. No consideration will be paid in respect of any stock options for which the exercise price equals or exceeds the merger consideration.

Each of our directors and executive officers owns vested and/or unvested options with exercise prices of less than \$15.00 per share. The following table sets forth the cash consideration that the directors and executive officers, individually and as a group, will be entitled to receive in consideration for cancellation of unvested and vested options held by such directors and executive officers.

- (1) The consideration for such executive officer set forth in the table assumes that such executive officer will receive the cash consideration payable in the merger in respect of the options such executive officer holds.
- (2) The consideration assumes that each of the executive officers will receive the cash consideration payable in the merger in respect of the options each of such executive officers holds.

The foregoing notwithstanding, prior to the completion of the merger, Taxi Holdings expects to offer selected members of Checkers management the opportunity to elect, in lieu of canceling their options in exchange for the right to receive the cash consideration described above, to have their options assumed by Taxi Holdings and replaced by options to purchase shares in Taxi Holdings. None of the members of the board of directors (other than Mr. Sirois), including the members of the special committee, will be offered this opportunity. The terms of any such assumption and exchange of options by Taxi Holdings, the value of any such options, and the individuals to be offered the opportunity to participate in such assumption and exchange, have not been determined as of the date of this proxy statement and such matters remain subject to negotiation among the relevant parties prior to the completion of the merger.

In addition, Taxi Holdings may offer selected members of Checkers management additional equity incentive arrangements following the effective time of the merger. The terms of any such incentive arrangements, and the individuals to be offered the opportunity to participate in such arrangements, have not yet been determined as of the date of this proxy statement and such matters remain subject to negotiation among the relevant parties prior to or following the completion of the merger.

The merger agreement provides that the current officers of Checkers will continue as the officers of Checkers immediately following the merger until their successors are duly elected or appointed and qualified or until their earlier death, resignation or removal. Checkers has previously entered into employment agreements with Keith E. Sirois and Adam Noyes. There are currently no plans, proposals or negotiations that relate to, or would result in, a change in the terms of these employment agreements. Each of these employment agreements was entered into prior to, and not in anticipation of, the negotiation of the merger.

Indemnification and Insurance

Taxi Holdings has agreed that, for a period of six years following the effective time of the merger, Taxi Holdings will, and will cause the surviving corporation to, indemnify and hold harmless each present (as of immediately prior to the effective time of the merger) and former officer or director of Checkers and its subsidiaries,

against all claims, losses and other costs, including attorneys' fees and disbursements, incurred in connection with any action or investigation arising out of actions taken by them in their capacity as officers or directors at or prior to the effective time of the merger (including the merger agreement and the transactions and actions contemplated by the merger agreement), or taken by them at the request of Checkers or any of its subsidiaries, whether asserted or claimed prior to, at or after the effective time of the merger, to the fullest extent that applicable law permits a Delaware corporation to indemnify its officers and directors. Such indemnified parties may receive advancement of expenses incurred in defense of such actions or investigations, subject to providing an undertaking to repay such advances if it is ultimately determined that such person is not entitled to indemnification.

Taxi Holdings has further agreed that the certificate of incorporation and by-laws of the surviving corporation will continue to contain provisions no less favorable with respect to indemnification, advancement of expenses and exculpation of former or present directors and officers than are presently set forth in Checkers' certificate of incorporation and by-laws, which provisions will not, except to the extent required to comply with applicable law, be amended, repealed or otherwise modified for a period of six years from the effective time of the merger in any manner that would adversely affect the rights thereunder of any such individuals.

Prior to the effective time of the merger, Checkers will endeavor to (and if it unable to, Taxi Holdings will cause the surviving corporation to after the effective time of the merger) obtain, and the surviving corporation will maintain for a period of six years following the effective time of the merger, directors' and officers' liability insurance coverage with respect to matters existing or occurring at or prior to the effective time of the merger, from an insurance carrier with the same or better credit rating as Checkers' current insurance carrier with respect to directors' and officers' liability insurance, having terms and conditions and providing coverage in an amount at least as favorable to the insured parties as the terms and conditions and amounts of coverage of Checkers' existing policies. However, Taxi Holdings and its subsidiaries will not be required by this provision to incur costs in excess of 300% of the annual premiums paid by Checkers under its directors' and officers' liability policies as in effect as of February 16, 2006.

Litigation Challenging the Merger

On March 3, 2006, Checkers was notified that a state court civil action, *Pipefitters Local No. 636 Defined Benefit Plan v. Checkers Drive-In Restaurants, Inc et. al.* Case No. 06-CA-001825, had been filed against Checkers and its directors in the Hillsborough County, Florida Circuit Court.

The complaint alleges that each of the directors of Checkers individually breached the fiduciary duties owing to the Checkers stockholders by voting to approve the merger agreement and alleges that Checkers aided and abetted such alleged breach of fiduciary duties. The complaint seeks, among other relief, the court's designation of class action status, a declaration that entry into the merger agreement was in breach of the defendants' fiduciary duties and therefore was unlawful and unenforceable, and entry of an order enjoining the defendants from taking further action to consummate the proposed merger. The board of directors is of the unanimous belief that the action is without merit, and intends for Checkers and the directors to vigorously defend against it.

On April 7, 2006, a Notice of Voluntary Dismissal Without Prejudice was filed by counsel for Pipefitters Local No. 636 Defined Benefit Plan in Hillsborough County, Florida Circuit Court, dismissing without prejudice its action against Checkers. Checkers did not pay any consideration or compensation to the plaintiff or its counsel in connection with such dismissal.

Fees and Expenses

Whether or not the merger is completed, in general, all fees and expenses incurred in connection with the merger will be paid by the party incurring those fees and expenses. If the merger agreement is terminated under certain circumstances, Checkers may be required to reimburse Taxi Holdings for all reasonable out-of-pocket expenses incurred in connection with the merger agreement by or on behalf of Taxi Holdings or its affiliates, or

Table of Contents

their respective financing sources, up to a maximum of \$3.0 million. If the agreement is terminated under certain other circumstances, or if Taxi Holdings exercises its right not to close based the failure to obtain financing on terms reasonably acceptable to Taxi Holdings and Taxi Acquisition, Taxi Holdings may be required to reimburse Checkers for all reasonable out-of-pocket expenses incurred in connection with the merger agreement by or on behalf of Checkers or its affiliates, up to a maximum of \$3.0 million. See The Merger Agreement Reimbursement of Expenses; Termination Fee. Fees and expenses with respect to the merger are estimated at this time to be as follows:

Description	Amount
SEC filing fee	\$ 20,197
Legal fees	[1,510,000]
Accounting fees	[20,000]
Financial advisory fees	[4,800,000]
Financing fees	[2,825,620]
Paying agent fees and expenses	[110,000]
Printing, proxy solicitation and mailing costs	[175,000]
Miscellaneous expenses	[20,000]
Total expenses	[9,480,817]

These expenses will not reduce the merger consideration payable to Checkers stockholders under the merger agreement.

Appraisal or Dissenters Rights

Under Section 262 of the Delaware General Corporation Law, which we refer to in this proxy statement as the DGCL, any holder of our common stock who does not wish to accept the \$15.00 per share merger consideration may dissent from the merger and elect to exercise appraisal rights. A stockholder who exercises appraisal rights may ask the Delaware Court of Chancery to determine the fair value of his or her shares (exclusive of any element of value arising from the accomplishment or expectation of the merger), and receive payment of fair value in cash, together with a fair rate of interest, if any, provided that the stockholder complies with the provisions of Section 262 of the DGCL.

The following discussion is not a complete statement of the law pertaining to appraisal rights under the DGCL, and is qualified in its entirety by the full text of Section 262 of the DGCL, the full text of which is attached to this proxy statement as Annex D. All references in Section 262 of the DGCL or in this summary to a stockholder are to the record holder of the shares of our common stock who asserts appraisal rights.

Under Section 262 of the DGCL, when a merger agreement is submitted for adoption at a meeting of stockholders, as in the case of the merger agreement, the corporation, not less than 20 days prior to the meeting, must notify each of its stockholders that appraisal rights are available and include in the notice a copy of Section 262 of the DGCL. This proxy statement constitutes Checkers notice, and we have attached Section 262 of the DGCL to this proxy statement as Annex D. Any holder of our common stock who wishes to exercise appraisal rights or who wishes to preserve the right to do so, should review the following discussion and Annex D carefully. Failure to comply with the procedures of Section 262 of the DGCL, in a timely and proper manner, will result in the loss of appraisal rights.

Stockholders wishing to exercise the right to dissent from the merger and seek an appraisal of their shares must do **ALL** of the following:

The stockholder must NOT vote in favor of adoption of the merger agreement. A proxy that does not contain voting instructions will, unless revoked, be voted in favor of the merger agreement, therefore a stockholder who votes by proxy and who wishes to exercise appraisal rights must vote **AGAINST** the

Table of Contents

merger agreement or ABSTAIN . A vote in favor of the adoption of the merger agreement, by proxy or in person, will constitute a waiver of your appraisal rights in respect to Checkers common stock so voted and will nullify any previously filed written demands for appraisal.

The stockholder must deliver to us a written demand for appraisal of his or her Checkers common stock BEFORE the vote on the adoption of the merger agreement at the special meeting.

The stockholder must continuously hold the shares from the date of making the demand through the effective date of the merger. A stockholder will lose appraisal rights if the stockholder transfers the shares before the effective date of the merger.

The stockholder must file a petition in the Delaware Court of Chancery demanding a determination of the fair value of the shares within 120 days after the effective date of the merger.

Neither voting (in person or by proxy) against, abstaining from voting on or failing to vote on the proposal to adopt the merger agreement will constitute a written demand for appraisal within the meaning of Section 262 of the DGCL. The written demand for appraisal must be in addition to and separate from any proxy or vote. A stockholder who elects to exercise appraisal rights under Section 262 of the DGCL should mail or deliver a written demand fulfilling all the requirements of Section 262 of the DGCL to: Checkers Drive-In Restaurants, Inc., 4300 West Cypress Street, Suite 600, Tampa, Florida 33607, Attention: Corporate Secretary.

Only a holder of record of shares of our common stock issued and outstanding immediately prior to the effective date of the merger may assert appraisal rights for the shares of stock registered in that holder's name. A demand for appraisal must be executed by or on behalf of the stockholder of record, fully and correctly, as the stockholder's name appears on the stock certificates. The demand must specify the stockholder's name and mailing address, the number of shares of common stock owned and that the stockholder intends to demand appraisal of his or her common stock. Stockholders who hold their shares in brokerage accounts or other nominee forms, and who wish to exercise appraisal rights, should consult with their brokers to determine the appropriate procedures for the nominee holder to make a demand for appraisal of those shares. A person having a beneficial interest in shares held of record in the name of another person, such as a broker or nominee, must act promptly to cause the record holder to follow properly and in a timely manner the steps necessary to perfect appraisal rights.

Upon completion of the merger, we will give written notice of the effective date of the merger within 10 days of such time to each of our former stockholders who did not vote in favor of adoption of the merger agreement and who made a written demand for appraisal in accordance with Section 262 of the DGCL. Within 120 days after the effective date of the merger, but not later, either Checkers or any dissenting stockholder who has complied with the requirements of Section 262 of the DGCL may file a petition in the Delaware Court of Chancery demanding a determination of the value of the shares of our common stock held by all dissenting stockholders entitled to appraisal. The surviving corporation is under no obligation to and has no present intention to file a petition. Stockholders who desire to have their shares appraised should initiate any petitions necessary for the perfection of their appraisal rights within the time periods and in the manner prescribed in Section 262 of the DGCL. Failure to file such a petition within the specified period could nullify previously written demands for appraisal.

Within 120 days after the effective date of the merger, any stockholder who has complied with the provisions of Section 262 of the DGCL to that point in time may receive from Checkers, upon written request, a statement setting forth the aggregate number of shares not voted in favor of adoption of the merger agreement and with respect to which we have received demands for appraisal, and the aggregate number of holders of those shares. Checkers must mail this statement to the stockholder within 10 days of receipt of the request or within 10 days after expiration of the period for delivery of demands for appraisals under Section 262 of the DGCL, whichever is later.

If any party files a petition for appraisal in a timely manner, the surviving corporation will then be obligated, within 20 days after receiving a copy of the petition, to file with the Register in Chancery a duly verified list

Table of Contents

containing the names and addresses of all stockholders who have demanded an appraisal of their shares and with whom an agreement as to the value of their shares has not been reached. The Delaware Court of Chancery will then determine through a hearing which stockholders are entitled to appraisal rights and may require the stockholders demanding appraisal who hold certificated shares to submit their stock certificates to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings. If the stockholder fails to comply with the court's direction, the court may dismiss the proceeding as to the stockholder. The Delaware Court of Chancery will thereafter determine through a hearing the fair value of the shares of our common stock formerly held by dissenting stockholders, exclusive of any element of value arising from the accomplishment or expectation of the merger, but together with a fair rate of interest, if any, to be paid on the amount determined to be fair value upon surrender by such holders of the certificates representing those shares of Checkers' common stock.

In determining the fair value, the Delaware Court of Chancery will take into account all relevant factors. The Delaware Supreme Court has stated that proof of value by any techniques or methods which are generally considered acceptable in the financial community and otherwise admissible in court should be considered in the appraisal proceedings. In addition, Delaware courts have decided that the statutory appraisal remedy, in cases of unfair dealing, may or may not be a dissenter's exclusive remedy. The Delaware Court of Chancery may determine the fair value to be more than, less than or equal to the consideration that the dissenting stockholder would otherwise receive under the merger agreement. If no party files a petition for appraisal in a timely manner, then stockholders will lose the right to an appraisal.

The Delaware Court of Chancery will determine the costs of the appraisal proceeding and will allocate those costs to Checkers and the stockholders participating in the appraisal proceeding as the Delaware Court of Chancery determines to be equitable under the circumstances. Upon the application of a stockholder, the Delaware Court of Chancery may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including reasonable attorneys' fees and the fees and expenses of experts, to be charged pro rata against the value of all shares entitled to appraisal.

Stockholders should be aware that the fair value of their shares as determined under Section 262 of the DGCL could be greater than, the same as, or less than the \$15.00 per share merger consideration. The opinion of Citigroup delivered to the special committee as to the fairness, from a financial point of view, of the merger consideration does not in any manner address fair value under Section 262 of the DGCL.

Any stockholder who has duly demanded an appraisal in compliance with Section 262 of the DGCL may not, after the effective date of the merger, vote the shares subject to the demand for any purpose or receive any dividends or other distributions on those shares (except dividends or other distributions payable to holders of record of shares as of a record date prior to the effective date of the merger).

Any stockholder may withdraw a demand for appraisal and accept the merger consideration by delivering to Checkers a written withdrawal of the demand for appraisal and acceptance of the merger, except that (1) any attempt to withdraw made more than 60 days after the effective date of the merger will require written approval of Checkers and must, to be effective, be made within 120 days after the effective date and (2) no appraisal proceeding in the Delaware Court of Chancery will be dismissed as to any stockholder without the approval of the Delaware Court of Chancery, and may be subject to such conditions as the Delaware Court of Chancery deems just. If the stockholder fails to perfect, successfully withdraws or loses the appraisal right, the stockholder's shares will be converted into the right to receive the merger consideration.

Under the merger agreement, Taxi Holdings and Taxi Acquisition are not required to complete the merger if holders of 10% or more of our outstanding common stock as of the effective date of the merger demand appraisal of their shares in accordance with Delaware law.

THE MERGER AGREEMENT (PROPOSAL NO. 1)

The board of directors and the special committee are asking the stockholders of Checkers to vote on a proposal to adopt the merger agreement and approve the transactions contemplated thereby.

This section of the proxy statement summarizes some of the material terms and conditions of the merger agreement, but is not intended to be an exhaustive discussion of the merger agreement. The rights and obligations of the parties are governed by the express terms and conditions of the merger agreement and not the summary set forth in this section or any other information contained in this proxy statement. This summary is qualified entirely by reference to the complete text of the merger agreement, a copy of which is attached as Annex A to this proxy statement and is incorporated into this proxy statement by reference. We urge you to read the merger agreement carefully and in its entirety.

The Merger

The merger agreement provides that, upon the terms and subject to the conditions of the merger agreement and the Delaware General Corporation Law, Taxi Acquisition will be merged with and into Checkers, the separate corporate existence of Taxi Acquisition will cease, and Checkers will continue as the surviving corporation and become a wholly owned subsidiary of Taxi Holdings. We sometimes refer to the surviving corporation in the merger as the surviving corporation.

Closing of the Merger

The closing of the merger will take place as soon as reasonably practicable (but in no event later than the second business day) after the conditions to the completion of the merger set forth in the merger agreement are satisfied or validly waived (other than those conditions that, by their terms, cannot be satisfied until the closing date) or at such other time as Checkers, Taxi Holdings and Taxi Acquisition may agree in writing. The merger will become effective upon the filing of a certificate of merger with the Secretary of State of the State of Delaware.

Consideration to be Received by Checkers Stockholders in the Merger

At the effective time of the merger, each outstanding share of Checkers common stock (other than shares held by Taxi Holdings or Checkers (or any of their subsidiaries), and other than shares held by stockholders properly exercising appraisal rights pursuant to Section 262 of the DGCL) automatically will be cancelled and converted into the right to receive from the surviving corporation \$15.00 in cash, without interest. We refer to this amount in this proxy statement as the merger consideration. All shares of Checkers common stock held by Taxi Holdings, Taxi Acquisition or Checkers (or their subsidiaries) will be retired and cancelled and no payment will be made in respect of those shares.

Pursuant to Delaware law, holders of shares of Checkers common stock will have the right to dissent from the merger and receive the fair value of their shares. For a complete description of the procedures that must be followed to dissent from the merger, see Special Factors Appraisal or Dissenters Rights as well as the text of Section 262 of the DGCL, set forth in Annex D.

Treatment of Stock Options and Other Stock Rights

The merger agreement provides that, at the effective time of the merger, each option to purchase shares of Checkers common stock, whether or not vested, will be cancelled and the holder of such option will be entitled to receive an amount in cash equal to the product of (1) the amount by which the merger consideration exceeds the applicable per share exercise price of such option, and (2) the number of shares subject to such option, without interest, and less any amount required to be withheld under applicable law. No consideration will be paid in respect of any stock options for which the exercise price equals or exceeds the merger consideration.

Prior to the effective time of the merger, Checkers will take all necessary action to terminate Checkers stock option plans and to terminate each stock option agreement granted other than under such plans and to

Table of Contents

ensure that, following the effective time of the merger, no holder of Checkers stock options or participant in a Checkers stock option plan or anyone other than Taxi Holdings will have any right to acquire equity securities of Checkers or any of its subsidiaries. Also prior to the effective time, Checkers will take all necessary action to terminate the Checkers Employee Stock Purchase Plan.

Prior to the completion of the merger, Taxi Holdings expects to offer selected members of Checkers management the opportunity to elect, in lieu of canceling their options in exchange for the right to receive the cash consideration described above, to have their options be assumed by Taxi Holdings and replaced by options to purchase shares in Taxi Holdings. None of the members of the board of directors (other than Mr. Sirois), including the members of the special committee, will be offered this opportunity. The terms of any such assumption and exchange of options by Taxi Holdings, the value of any such options, and the individuals to be offered the opportunity to participate in such assumption and exchange, have not been determined as of the date of this proxy statement and such matters remain subject to negotiation among the relevant parties prior to the completion of the merger.

Representations and Warranties

Checkers Representations and Warranties. In the merger agreement, Checkers makes certain representations to Taxi Holdings and Taxi Acquisition with respect to itself and its subsidiaries. These include representations regarding corporate organization, existence, good standing, qualification and corporate power, and authority to own, lease and operate properties of Checkers and its subsidiaries; subsidiaries; certificates of incorporation and bylaws; capitalization; stock option plans; authority relative to the merger agreement and the completion of transactions contemplated by the merger agreement; actions of the Checkers board of directors and the special committee; ability to enter into and consummate the merger agreement without violation of organizational and governing documents, applicable law or contracts; governmental and regulatory approvals required to complete the merger; documents filed with the Securities and Exchange Commission and the accuracy of information contained in those documents; financial statements; compliance with the Sarbanes-Oxley Act; absence of undisclosed liabilities; absence of certain material changes or events since September 12, 2005; litigation matters; employee benefit matters; real property and other assets; tax matters; material contracts; environmental matters; labor and employment matters; compliance with law and permits; intellectual property matters; insurance matters; opinion of financial advisor; finders fees; franchise matters; inapplicability of antitakeover provisions and absence of shareholder rights plans; investment company matters; transactions with affiliates; and absence of illegal payments or other related business practices.

Many of Checkers representations and warranties are qualified by the absence of a material adverse effect on Checkers, which means, for purposes of the merger agreement, any event, circumstance, change or effect that, individually or in the aggregate with all other events, circumstances, changes and effects, is or is reasonably likely (i) to prevent or materially impede, interfere with, hinder, or delay the consummation by Checkers of the transactions contemplated by the merger agreement or (ii) to be materially adverse to the business, financial condition, assets, liabilities, or results of operations of Checkers and its subsidiaries taken as a whole; provided, however, that, for purposes of this clause (ii) of this definition, any change or effect to the extent arising from any of the matters described in the following clauses (A) through (D) will not constitute, or be considered in determining the existence of, a material adverse effect: (A) changes in general economic conditions, (B) general changes or developments in the industries in which Checkers and its subsidiaries operate, (C) with limited exceptions, the announcement of the merger agreement and the transactions contemplated by the merger agreement, including any termination of, reduction in or similar negative impact on relationships, contractual or otherwise, with any customers, suppliers, franchisees, distributors, partners or employees of Checkers and its subsidiaries, to the extent such change or effect is due to the identity of Taxi Holdings or its affiliates, or (D) changes in any tax laws or regulations or applicable accounting regulations or principles, unless, in the case of the foregoing clauses (A), (B) and (D), such changes referred to in those clauses have a disproportionate effect on Checkers and its subsidiaries taken as a whole relative to other participants in the industries in which Checkers and its subsidiaries operate.

grant any waiver or release under any standstill or similar agreement by any person who has made an acquisition proposal; or

authorize or direct any representative of Checkers or any of its subsidiaries to take any such action.

However, prior to the approval and adoption of the merger agreement by Checkers stockholders receipt of the required stockholder approval of the merger agreement and the merger, the Checkers board of directors or special committee may furnish information to, and enter into discussions with, a person who has made a bona fide, written acquisition proposal, but only if:

such acquisition proposal was made after February 16, 2006 (including new acquisition proposals made by a person who had made an acquisition proposal prior to such date) and none of Checkers, its subsidiaries or their representatives has violated any of the restrictions set forth in this section;

Edgar Filing: CHECKERS DRIVE IN RESTAURANTS INC /DE - Form PRER14A

the Checkers board of directors or special committee has determined in good faith after consultation with outside legal counsel and a financial advisor that such acquisition proposal constitutes, or is reasonably likely to result in, a Superior Proposal (as defined below);

prior to taking such action, such person executes a confidentiality agreement on terms no less favorable to Checkers than those contained in the confidentiality agreement between Checkers and Wellspring;

Taxi Holdings is provided, on a substantially concurrent basis, any non-public information provided or made available to such person that was not previously provided or made available to Taxi Holdings and its representatives; and

Checkers delivers to Taxi Holdings a prior written notice advising Taxi Holdings that the Checkers board of directors or special committee, as applicable, intends to take such action, and keeps Taxi Holdings reasonably informed on a current basis as to the status of and any material developments regarding any such inquiry or proposal.

In addition, Checkers has agreed that it will, promptly as practicable (and, in any event, within 24 hours), (i) advise Taxi Holdings and Taxi Acquisition, telephonically and in writing, of Checkers receipt of any acquisition proposal, any communication from any person that would reasonably be expected to lead to an acquisition proposal or any request for information relating to Checkers or any of its subsidiaries or for access to the officers, employees, agents, business, properties, assets, books or records of Checkers or any of its subsidiaries by any person that has made, or would reasonably be expected to make, an acquisition proposal and (ii) provide Taxi Holdings and Taxi Acquisition, in writing, with the terms and conditions of any such acquisition proposal, and a copy of such acquisition proposal, inquiry or request and the identity of the person making the same. Checkers has agreed to inform Taxi Holdings as promptly as practicable (and, in any event, within 24 hours) of any change to the material terms of any such acquisition proposal. Checkers has further agreed that, as promptly as practicable (and, in any event, within 24 hours) after determination by Checkers board of directors or special committee that an acquisition proposal constitutes a Superior Proposal, Checkers will deliver to Taxi Holdings and Taxi Acquisition a written notice advising them of such determination, specifying the terms and conditions of such Superior Proposal and the identity of the person making such Superior Proposal, and providing Taxi Holdings and Taxi Acquisition with a copy of the Superior Proposal.

Change in Recommendation; Termination for a Superior Proposal. If Checkers board of directors or special committee determines, in its good faith judgment prior to the approval and adoption of the merger agreement by Checkers stockholders and after consulting with outside legal counsel (who may be Checkers regularly engaged outside legal counsel or counsel to the special committee), that the failure to make a Change in Recommendation (as defined below) or to terminate the merger agreement in response to a Superior Proposal as described under Termination of the Merger Agreement would violate its fiduciary duties to Checkers stockholders under applicable law, then the Checkers board of directors or special committee may make a Change in Recommendation and/or so terminate the Merger Agreement (subject to the conditions described under Termination of the Merger Agreement).

As used in this proxy statement, Change in Recommendation means the Checkers board of directors or special committee s:

failure to make, withdrawal of, or modification in a manner adverse to Taxi Holdings or Taxi Acquisition of, the recommendation of the Checkers board of directors (made on the unanimous recommendation of the special committee), that Checkers stockholders approve and adopt the merger agreement and the merger, which we refer to in this proxy statement as the Checkers recommendation;

failure to publicly confirm the Checkers recommendation within seven days following Taxi Holdings written request;

recommendation or endorsement of a Competing Transaction; or

resolution or public announcement of an intention to do any of the foregoing.

Neither the Checkers board of directors nor the special committee is permitted to make a Change in Recommendation or terminate the merger agreement in response to a Superior Proposal unless:

at least three business days prior to taking such action Taxi Holdings receives written notice from Checkers (i) advising Taxi Holdings that the Checkers board of directors or special committee has received a Superior Proposal, (ii) advising that the Checkers board of directors or special committee intends to make such Change in Recommendation or to terminate the merger agreement in response to a Superior Proposal, as applicable, and (iii) containing certain required information, together with copies

Table of Contents

of any written offer or proposal in respect of such Superior Proposal (it being understood and agreed that any material amendment to the financial terms or other material terms of such Superior Proposal will require a new notice and a new three business day period); and

during such three business day period Checkers board of directors and special committee must have negotiated in good faith with Taxi Holdings concerning any amendments proposed by Taxi Holdings to the merger agreement and to the transactions contemplated by the merger agreement.

Any disclosure that the Checkers board of directors may be compelled to make with respect to an acquisition proposal or otherwise in order to comply with its fiduciary duties under applicable law or Rule 14d-9 or 14e-2 under the Exchange Act will not constitute a violation of the merger agreement; provided, that any such disclosure that would constitute a Change in Recommendation, and any disclosure of a decision to terminate the merger agreement in response to a Superior Proposal, may be made only in compliance with the conditions described above.

As used in this proxy statement, a **Competing Transaction** means any of the following (other than the transactions contemplated by the merger agreement):

any merger, consolidation, share exchange, business combination, recapitalization, liquidation, dissolution or other similar transaction (including any so-called merger-of-equals and whether or not Checkers is the entity surviving any such transaction) involving Checkers or any of its subsidiaries which results in any person beneficially owning 20% or more of any class of equity or voting securities of Checkers or of any of its subsidiaries or 20% or more of the assets of Checkers and its subsidiaries (directly or indirectly, including by the ownership of equity or voting securities);

any sale, lease, exchange, transfer or other disposition (directly or indirectly, including by the transfer of equity or voting securities) of 20% or more of the assets of Checkers and its subsidiaries;

any sale, exchange, transfer or other disposition of equity or voting securities in which Checkers or any of its subsidiaries participates and which results in any person beneficially owning 20% or more of any class of equity or voting securities of Checkers or of any of its subsidiaries; or

any transaction or series of transactions, including a tender offer or exchange offer, that, if consummated, would result in any person beneficially owning more than 20% of any class of equity or voting securities of Checkers or of any of its subsidiaries.

As used in this proxy statement, a **Superior Proposal** means a bona fide, unsolicited written offer (in its most recently amended or modified terms, if amended or modified) made by a person to enter into a Competing Transaction, the effect of which would be that the stockholders of Checkers would beneficially own less than 50% of the capital stock of the combined or ongoing entity, or the entity that succeeds to the assets of Checkers, as applicable, and which the Checkers board of directors or special committee determines, in its good faith judgment (after consulting with its financial advisor and/or legal counsel and taking into account any amendments proposed by Taxi Holdings to the merger agreement or to the transactions contemplated by the merger agreement) and taking into account all relevant legal, financial, regulatory and other aspects of the offer that it deems relevant in such circumstances under the DGCL, to be more favorable to Checkers' stockholders from a financial point of view than the merger and which is reasonably likely to be consummated.

Reasonable Best Efforts. Each of the parties to the merger agreement has agreed to use its reasonable best efforts to take, or cause to be taken, all appropriate action and to do, or cause to be done, all things necessary, proper or advisable under applicable laws or otherwise to consummate and make effective the transactions contemplated by the merger agreement.

Employee Benefits Matters. The parties have agreed that, for one year following the effective time of the merger, employees of Checkers and its subsidiaries will be offered participation in employee benefit plans and

Table of Contents

arrangements that are no less favorable in the aggregate to those provided by Checkers and its subsidiaries as of the effective time of the merger.

After completion of the merger, Taxi Holdings will cause Checkers and its subsidiaries to credit employees of Checkers and its subsidiaries as of the effective time of the merger with unused vacation days and other paid time off accrued by such employees prior to the effective time of the merger, in accordance with Checkers' applicable personnel policies as in effect as of February 16, 2006, although Taxi Holdings may, to the extent permitted by law, require that such vacation or other time off be taken prior to September 30, 2006. Employees of Checkers and its subsidiaries will also receive credit for purposes of eligibility to participate and vesting (but not for benefit accruals under any defined benefit pension plan and without duplication of benefits or funding) under any employee benefit plan or arrangement established by the surviving corporation or its United States affiliates, for service accrued prior to the effective time of the merger, to the extent recognized by Checkers or its subsidiary under comparable plans immediately prior to the effective time of the merger.

With respect to any welfare benefit plans, programs or arrangements in which an employee of Checkers or its subsidiaries may be eligible to participate after the effective time of the merger, Taxi Holdings will, and will cause the surviving corporation to, (i) waive all limitations as to preexisting conditions, exclusions and waiting periods with respect to participation and coverage requirements applicable to such employees to the extent such conditions were satisfied under the comparable welfare plans of Checkers and its subsidiaries prior to the effective time of the merger and (ii) to the extent permitted and applicable under any such plan, recognize for purposes of satisfying any analogous annual deductible or out-of-pocket requirements any deductible and out-of-pocket expenses paid by any such employee prior to the effective time of the merger in the calendar year in which such effective time occurs.

The merger agreement does not require Taxi Holdings or its subsidiaries to continue any particular employee benefit plan after the completion of the merger or to maintain in effect any particular plan or level or type of benefits and does not prohibit Taxi Holdings or its subsidiaries from making changes to employee benefit plans. The merger agreement also does not require Taxi Holdings or its subsidiaries to employ or continue the employment of any individual, or provide equity compensation to any employee of Checkers or its subsidiaries.

Director and Officer Indemnification and Insurance. Taxi Holdings has agreed that, for a period of six years following the effective time of the merger, Taxi Holdings will, and will cause the surviving corporation to, indemnify and hold harmless each present (as of immediately prior to the effective time of the merger) and former officer or director of Checkers and its subsidiaries, against all claims, losses and other costs, including attorneys' fees and disbursements, incurred in connection with any action or investigation arising out of actions taken by them in their capacity as officers or directors at or prior to the effective time of the merger (including the merger agreement and the transactions and actions contemplated by the merger agreement), or taken by them at the request of Checkers or any of its subsidiaries, whether asserted or claimed prior to, at or after the effective time of the merger, to the fullest extent that applicable law permits a Delaware corporation to indemnify its officers and directors. Such indemnified parties may receive advancement of expenses incurred in defense of such actions or investigations, subject to providing an undertaking to repay such advances if it is ultimately determined that such person is not entitled to indemnification.

Taxi Holdings has further agreed that the certificate of incorporation and by-laws of the surviving corporation will continue to contain provisions no less favorable with respect to indemnification, advancement of expenses and exculpation of former or present directors and officers than are presently set forth in Checkers' certificate of incorporation and by-laws, which provisions will not, except to the extent required to comply with applicable law, be amended, repealed or otherwise modified for a period of six years from the effective time of the merger in any manner that would adversely affect the rights thereunder of any such individuals.

Prior to the effective time of the merger, Checkers will endeavor to (and if it unable to, Taxi Holdings will cause the surviving corporation to after the effective time of the merger) obtain, and the surviving corporation

will maintain for a period of six years following the effective time of the merger, directors' and officers' liability insurance coverage with respect to matters existing or occurring at or prior to the effective time of the merger, from an insurance carrier with the same or better credit rating as Checkers' current insurance carrier with respect to directors' and officers' liability insurance, having terms and conditions and providing coverage in an amount at least as favorable to the insured parties as the terms and conditions and amounts of coverage of Checkers' existing policies. However, Taxi Holdings and its subsidiaries will not be required by this provision to incur costs in excess of 300% of the annual premiums paid by Checkers under its directors' and officers' liability policies as in effect as of February 16, 2006.

Financing Efforts. Checkers has agreed to provide, and to cause its subsidiaries and its and their respective directors, officers and employees to provide, all cooperation reasonably necessary in connection with the arrangement of financing to be consummated contemporaneously with or at or after the expiration of the effective time of the merger in respect of the transactions contemplated by the merger agreement, provided that such cooperation does not interfere unreasonably with the business or operations of Checkers or its subsidiaries. Checkers and its subsidiaries will not be required to incur material incremental out-of-pocket costs in respect of such cooperation unless Taxi Holdings undertakes to reimburse Checkers and its subsidiaries for all such reasonable and documented out-of-pocket costs.

Each of Taxi Holdings and Taxi Acquisition has agreed use its reasonable best efforts to take, or cause to be taken, all appropriate actions, and to do, or cause to be done, all things necessary or advisable to cause the condition regarding the receipt of financing described below under Conditions to Completion of the Merger to be satisfied. Taxi Holdings has agreed to provide Checkers with prompt written notice in the event that any of the commitment letters described above under Special Factors Financing for the Merger; Source and Amount of Funds is terminated, or if there is any written amendment, modification or supplement to any such commitment letter after February 16, 2006 and prior to the effective time of the merger. Upon request of Checkers, Taxi Holdings will keep Checkers reasonably informed of material developments in connection with the commitment letters and, upon reasonable request of Checkers, will provide Checkers with interim drafts of agreements to be entered into in connection with the commitment letters.

Certain Other Covenants. The merger agreement contains additional covenants, including relating to: the filing and distribution of this document and the accuracy of information supplied by each party for inclusion in this document; tax matters; access to personnel and information regarding Checkers and its subsidiaries; public announcements, actions regarding anti-takeover, business combination and similar statutes and regulations; disposition of litigation; and delivery of 2005 financial statements.

Conditions to the Completion of the Merger

The obligations of each of Checkers, Taxi Holdings and Taxi Acquisition to complete the merger are subject to the satisfaction or waiver (where permissible), at or prior to the closing of the merger, of the following conditions:

approval and adoption of the merger agreement by the holders of a majority of the then outstanding shares of Checkers' common stock, which we refer to in this proxy statement as the required Checkers stockholder approval;

absence of legal prohibitions to completion of the merger; and

expiration or termination of any waiting period (and any extension thereof) applicable to the merger under the Hart-Scott-Rodino Antitrust Improvements Act of 1976.

The obligations of Taxi Holdings and Taxi Acquisition to complete the merger are further subject to the satisfaction or waiver at or prior to the closing of the following conditions:

accuracy of Checkers' representations and warranties, with only such exceptions as would not, individually or in the aggregate, reasonably be expected to have a material adverse effect;

Table of Contents

Checkers' performance in all material respects with its obligations under the merger agreement required to be performed by it at or prior to the closing;

absence of any event, circumstance, change or effect that, individually or in the aggregate, has had, or would reasonably be expected to have, a material adverse effect;

receipt by Taxi Holdings of a certificate of the chief executive officer or chief financial officer of Checkers certifying that the previous three conditions have been satisfied;

Taxi Holdings or Taxi Acquisition, as applicable, having received the proceeds of the financing contemplated by the debt and equity commitment letters described above under Special Factors Financing for the Merger; Source and Amount of Funds, or alternative financing, on terms and conditions reasonably acceptable to Taxi Holdings and Taxi Acquisition (we refer to this condition as the financing condition);

Checkers having obtained, and provided to Taxi Holdings and Taxi Acquisition, copies of evidence with respect to, all consents, authorizations and approvals the failure to obtain in connection with the execution and delivery by Checkers of the merger agreement or the consummation of the transactions contemplated by the merger agreement, would, individually or in the aggregate, reasonably be expected to have a material adverse effect, on terms reasonably satisfactory to Taxi Holdings and Taxi Acquisition;

the audited financial statements of Checkers and its subsidiaries for the fiscal year ended on or about January 3, 2006 reflecting net income for such fiscal year, before deducting interest expense, taxes, depreciation and amortization, of no less than \$23.7 million (provided, that failure of Checkers to satisfy this condition shall not, by itself, constitute the basis for payment by Checkers of the expense reimbursement and/or termination fee payable as described below under Reimbursement of Expenses; Termination Fee);

there being no legal proceeding or investigation pending seeking to prohibit or restrain, or seeking damages in connection with, the merger or the transactions contemplated by the merger agreement; and

the aggregate number of shares for which stockholder have properly exercised and perfected appraisal rights under the DGCL being less than 10% of the total number of shares of Checkers' common stock outstanding at the effective time of the merger.

The obligation of Checkers to complete the merger is further subject to the satisfaction or waiver at or prior to the Closing of the following conditions:

accuracy of Taxi Holdings' and Taxi Acquisitions' representations and warranties, with only such exceptions as would not, individually or in the aggregate, reasonably be expected to prevent or materially impede, interfere with, hinder, or delay the consummation by Taxi Holdings and Taxi Acquisition of the transactions contemplated by the merger agreement;

each of Taxi Holdings' and Taxi Acquisition's performance in all material respects with its obligations under the merger agreement required to be performed by it at or prior to the closing; and

receipt by Checkers of a certificate of the chief executive officer or chief financial officer of each of Taxi Holdings and Taxi Acquisition certifying that the previous two conditions have been satisfied.

Termination of the Merger Agreement

otherwise prohibiting the merger and such order, decree, ruling or other action is or shall have become final and non-appealable;

- c) by either Taxi Holdings or Checkers, if the effective time of the merger shall not have occurred on or before August 16, 2006 (which we refer to in this proxy statement as the termination date); provided, that the right to terminate the merger agreement pursuant to this provision would not be available to the party seeking to terminate if any action of such party or the failure of such party to perform any of its obligations under the merger agreement required to be performed at or prior to the effective time of the merger has been the cause of, or resulted in, the failure of the effective time of the merger to occur on or before the termination date and such action or failure to perform constitutes a breach of the merger agreement;
- d) by Checkers, if there shall have been a breach of any representation, warranty, covenant or agreement on the part of Taxi Holdings or Taxi Acquisition contained in the merger agreement such that the conditions with respect to the accuracy of Taxi Holdings and Taxi Acquisition's representations and warranties and their material compliance with their respective obligations under the merger agreement, as described above under Conditions to the Completion of the Merger, would not be satisfied and, in either such case, such breach is not capable of being cured or, if capable of being cured, shall not have been cured prior to the termination date; provided that Checkers would not have the right to terminate the merger agreement pursuant to this provision if Checkers was then in material breach of any of its covenants or agreements contained in the merger agreement;
- e) by Checkers, if prior to the obtaining of the required Checkers stockholder approval:
 - i. the Checkers board of directors or the special committee shall have received a Superior Proposal;

 - iii. on the date of such termination, Checkers enters into a definitive agreement for, or consummates, the transaction contemplated by such Superior Proposal; and
 - iv. Taxi Holdings shall have received the termination fee payable by Checkers, as described below;
- f) by Taxi Holdings, if there shall have been a breach of any representation, warranty, covenant or agreement on the part of Checkers contained in the merger agreement such that the conditions with respect to the accuracy of Checkers' representations and warranties and its material compliance with its obligations under the merger agreement, as described above under Conditions to the Completion of the Merger, would not be satisfied and, in either such case, such breach is not capable of being cured or, if capable of being cured, shall not have been cured prior the termination date; provided that Taxi Holdings would not have the right to terminate the merger agreement pursuant to this provision if Taxi Holdings or Taxi Acquisition is then in material breach of any of its covenants or agreements contained in the merger agreement;
- g) by Taxi Holdings, if the Checkers board of directors or the special committee shall have made a Change in Recommendation;
- h) by either Taxi Holdings or Checkers, if, upon a vote taken at the special meeting or any postponement or adjournment thereof, the merger agreement shall not have been adopted by the holders of at least a majority in combined voting power of the outstanding

shares of Checkers common stock; or

- i) by Taxi Holdings, if Checkers, the Checkers board of directors or the special committee shall have willfully and materially breached any of Checkers covenants regarding this proxy statement, or its covenants described above under Principal Covenants Shareholder Meeting and Duty to

Reimbursement of Expenses; Termination Fee

Checkers has agreed to reimburse Taxi Holdings for all reasonable out-of-pocket expenses incurred in connection with the merger agreement by or on behalf of Taxi Holdings or its affiliates, or by their prospective financing sources, up to a maximum of \$3.0 million, if:

Taxi Holdings exercises its right to terminate the merger agreement based on a breach of the representations, warranties or covenants of Checkers, as described in clause (f) under Termination of the Merger Agreement ; or

Taxi Holdings or Checkers exercises its right to terminate the merger agreement following the termination date, as described in clause (c) under Termination of the Merger Agreement.

Checkers has further agreed to pay Taxi Holdings a termination fee of \$7.0 million (less any amount previously paid to Taxi Holdings as reimbursement of expenses, as described above) if:

Checkers exercises its right to terminate the merger agreement to accept a Superior Proposal, as described in clause (e) under Termination of the Merger Agreement ;

Taxi Holdings exercises its right to terminate the merger agreement based on a Change in Recommendation, as described in clause (g) under Termination of the Merger Agreement ;

Taxi Holdings exercise its right to terminate the merger agreement based on the willful and material breach of Checkers covenants regarding this proxy statement, the shareholder meeting or competing transactions, as described in clause (i) under Termination of the Merger Agreement ; or

Taxi Holdings has further agreed to pay Checkers a termination fee of \$7.0 million (less any amount previously paid to Checkers as reimbursement of expenses, as described above), if:

one of the events resulting in a payment to Checkers as reimbursement of expenses, as described above, has occurred; and

within nine months after termination, Checkers has not entered into an agreement in respect of any Competing Transaction or consummated a Competing Transaction (provided that, for this purpose, the definition of Competing Transaction is redefined by replacing all references to 20% in that definition with references to 50%).

Each of Checkers, on the one hand, and Taxi Holdings and Taxi Acquisition, on the other, has agreed that the reimbursement of expenses and the termination fees described above will constitute liquidated damages and, except for the recovery of damages incurred in enforcing such reimbursement and termination fee provisions, will constitute the sole and exclusive remedy of the receiving party for any and all damages arising under or in connection with any breach of any representation, warranty, covenant or agreement on the part of the other party contained in the merger agreement.

Wellspring IV Support of Reimbursement and Termination Fee Obligations

Wellspring IV has agreed, pursuant to a letter agreement dated February 16, 2006 between Wellspring IV and Checkers, that in the event that Taxi Holdings is required to reimburse Checkers expenses or pay a termination fee to Checkers pursuant to the merger agreement, in each case as described above under Reimbursement of Expenses; Termination Fee, Wellspring IV will pay or cause Taxi Holdings to pay such amounts to Checkers in accordance with the Merger Agreement. This summary is qualified entirely by reference to the complete text of the letter agreement, a copy of which is attached as Annex C to this proxy statement and is incorporated into this proxy statement by reference. We urge you to read the letter agreement carefully and in its entirety.

Amendment, Waiver and Extension of the Merger Agreement

The merger agreement may be amended by the parties by action taken by or on behalf of their respective boards of directors at any time prior to the effective time of the merger. However, after the adoption of the merger agreement by Checkers stockholders, no amendment may be made that would reduce the amount or change the type of consideration into which each share of Checkers common stock will be converted upon consummation of the merger unless Checkers shall have obtained such consent of its stockholders as may be required by the DGCL with respect to such amendment. At any time prior to the effective time, any party may extend the time for performance of any obligation by any other party under the merger agreement, waive any inaccuracy in representations or warranties of another party or waive any condition to its own obligations under the merger agreement, in each case only pursuant to a written instrument signed by such party.

THE BOARD OF DIRECTORS, AND THE SPECIAL COMMITTEE, EACH UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE ADOPTION OF THE MERGER AGREEMENT AND THE APPROVAL OF THE TRANSACTIONS CONTEMPLATED THEREBY.

ADJOURNMENT OF THE SPECIAL MEETING (PROPOSAL NO. 2)

The board of directors and the special committee are asking the stockholders of Checkers to vote on a proposal to adjourn the special meeting, if necessary or appropriate, in order to allow for the solicitation of additional proxies if there are insufficient votes at the time of the special meeting to adopt the merger agreement and approve the transactions contemplated thereby.

THE BOARD OF DIRECTORS, AND THE SPECIAL COMMITTEE, EACH UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE APPROVAL OF THE ADJOURNMENT OF THE SPECIAL MEETING, IF NECESSARY OR APPROPRIATE, TO SOLICIT ADDITIONAL PROXIES.

The SEC permits companies and intermediaries (such as brokers and banks) to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement to those stockholders. This process, which is commonly referred to as householding, is intended to reduce the volume of duplicate information stockholders receive and also reduce expenses for companies. While Checkers does not utilize householding, some intermediaries may be householding Checkers proxy materials. Once you have received notice from your broker or another intermediary that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If you hold your shares through an intermediary that sent a single proxy statement to multiple stockholders in your household, Checkers will promptly deliver a separate copy of each of these documents to you if you send a written request to Checkers Drive-In Restaurants, Inc., 4300 West Cypress Street, Suite 600, Tampa, Florida 33607, Attn: Corporate Secretary.

This proxy statement does not constitute an offer to sell or to buy, or a solicitation of an offer to sell or to buy, any securities, or the solicitation of a proxy, in any jurisdiction to or from any person to whom it is not lawful to make any offer or solicitation in such jurisdiction.

ARTICLE I THE MERGER

SECTION 1.01. The Merger.

Upon the terms and subject to the conditions set forth in this Agreement, and in accordance with the DGCL, at the Effective Time (as defined below), Merger Sub shall be merged with and into the Company. SECTION 1.02. Closing.

The closing of the Merger (the **Closing**) shall take place no later than the second Business Day after satisfaction or waiver (as permitted by this Agreement and applicable law) of the conditions (excluding conditions that, by their terms, cannot be satisfied until the Closing Date) set forth in Article VI (the **Closing Date**), unless another time or date is agreed to in writing by the parties hereto. The Closing shall be held at the offices of Paul, Weiss, Rifkind, Wharton & Garrison LLP, 1285 Avenue of the Americas, New York, New York, unless another place is agreed to in writing by the parties hereto.

SECTION 1.04. Effects of the Merger.

The Merger shall have the effects set forth in the applicable provisions of the DGCL. Without limiting the generality of the foregoing, and subject thereto, at the Effective Time, all the property, rights, privileges, immunities, powers and franchises of the Company and Merger Sub shall vest in the Surviving Corporation, and all debts, liabilities, obligations, restrictions, disabilities and duties of each of the Company and Merger Sub shall become the debts, liabilities, obligations, restrictions, disabilities and duties of the Surviving Corporation.

SECTION 1.05. Certificate of Incorporation; By-laws.

At the Effective Time, the Certificate of Incorporation of the Company as in effect immediately prior to the Effective Time shall be the certificate of incorporation of the Surviving Corporation until thereafter amended in accordance with its terms and applicable Law. At the Effective Time, the By-laws of Merger Sub as in effect immediately prior to the Effective Time shall be the by-laws of the Surviving Corporation until thereafter duly amended in accordance with their terms, the certificate of incorporation of the Surviving Corporation and applicable Law.

The directors of the Company and each of its Subsidiaries immediately prior to the Effective Time shall submit their resignations to be effective as of the Effective Time, in each case to the extent requested in writing by Parent to the Company prior to the Effective Time. Immediately after the Effective Time, Parent shall take the necessary action to cause the directors of Merger Sub immediately prior to the Effective Time to become the directors of the Surviving Corporation, each to hold office in accordance with the certificate of incorporation and by-laws of the Surviving Corporation. The officers of the Company immediately prior to the Effective Time shall be the initial officers of the Surviving Corporation, in each case until their respective successors are duly elected or appointed and qualified or until their earlier death, resignation or removal.

- (ii) each Share held in the treasury of the Company and each Share owned by Merger Sub, Parent or any direct or indirect Subsidiary of Parent or of the Company immediately prior to the Effective Time shall be canceled without any conversion thereof and no payment or distribution shall be made with respect thereto; and
- (iii) each share of common stock, par value \$0.001 per share, of Merger Sub issued and outstanding immediately prior to the Effective Time shall be converted into one share of common stock, par value \$0.001 per share, of the Surviving Corporation (**Surviving Corporation Shares**).

SECTION 1.08. Treatment of Options; Termination of Employee Stock Purchase Plan.

- (a) *Termination.* Between the date of this Agreement and the Effective Time, the Company shall take all necessary action (which shall be effective as of the Effective Time), including obtaining all necessary consents or approvals from holders of Company Stock Options (as defined below), to:
- (i) terminate (effective as of the Effective Time) each of the Company's stock option plans, including but not limited to those included on Disclosure Schedule 2.03, and terminate each stock option agreement granted otherwise than under such plans, each as amended through the date of this Agreement (collectively, the **Company Stock Option Plans**); and
 - (ii) cancel, as of the Effective Time, each outstanding option to purchase Shares of Company Common Stock granted under the Company Stock Option Plans (each, a **Company Stock Option**) that is outstanding and unexercised, whether or not vested or exercisable, as of such date (in each case, without the creation of additional liability to the Company or any of its Subsidiaries); and
 - (iii) ensure that following the Effective Time no holder of Company Stock Options or any participant in the Company Stock Option Plans or anyone other than Parent shall hold or have any right to acquire any equity securities of the Company, the Surviving Corporation or any Subsidiary thereof.
- (b) *Treatment of Outstanding Options.* (i) As of the Effective Time, each holder of a Company Stock Option cancelled immediately prior to the Effective Time pursuant to Section 1.08(a)(ii) shall be entitled to receive from the Surviving Corporation an amount of cash, without interest (the **Option Consideration**), equal to the product of:
- (A) the total number of Shares subject to such Company Stock Option, multiplied by
 - (B) the excess, if any, of the Per Share Merger Consideration over the exercise price per Share of such Company Stock Option (with the aggregate amount of such payment to the holder to be rounded to the nearest cent), less applicable withholding taxes; and
- (ii) No holder of a Company Stock Option that has an exercise price per Share that is equal to or greater than the Per Share Merger Consideration shall be entitled to any payment with respect to such cancelled Company Stock Option before or after the Effective Time.
- (c) *Termination of Employee Stock Purchase Plan.* Between the date of this Agreement and the Effective Time, the Company shall take all necessary action (which shall be effective as of the Effective Time) to terminate the Company's Employee Stock Purchase Plan, including incurring reasonable and customary expenses relating to the termination of such Plan.

SECTION 1.09. Dissenting Shares.

- (a) *Right.* Shares that are issued and outstanding immediately prior to the Effective Time and which are held by holders of Shares who have not voted in favor of or consented to the Merger and who have properly demanded and perfected their rights to be paid the fair value of such Shares in accordance with Section 262 of the DGCL (the **Dissenting Shares**) shall not be converted into the right to receive the Per Share Merger Consideration, and the holders thereof shall be entitled to only such rights as are granted by Section 262 of the DGCL; *provided, however,* that if, after the Effective Time, any such stockholder of the Company shall fail to perfect or shall effectively waive,

withdraw, or lose such stockholder's rights under Section 262 of the DGCL, such stockholder's Shares in respect of which the stockholder would otherwise be entitled to receive fair value under Section 262 of the DGCL shall thereupon be deemed to have been converted, at the Effective Time, into the right to receive the Per Share Merger Consideration without any interest thereon.

- (b) *Notice of Demand.* The Company shall give Parent prompt notice of any notice received by the Company of intent to demand the fair value of any Shares, withdrawals of such notices and any other instruments served pursuant to Section 262 of the DGCL and received by the Company. Parent shall have the right to participate in and to direct all negotiations and proceedings with respect to the exercise of dissenters' rights

under Section 262 of the DGCL. The Company shall not, except with the prior written consent of Parent or as otherwise required by an order, decree, ruling or injunction of a court of competent jurisdiction, make any payment with respect to any such exercise of dissenters rights or offer to settle or settle any such rights.

SECTION 1.10. Surrender of Shares; Payment; Stock Transfer Books.

- (a) *Paying Agent.* Prior to the Effective Time, Merger Sub shall designate a bank or trust company reasonably acceptable to the Company to act as agent (the **Paying Agent**) for the holders of Shares to receive the funds to which holders of Shares or Company Stock Options shall become entitled pursuant to Section 1.07(i) or Section 1.08(b), as applicable. Promptly following the Effective Time, Parent will, or will cause the Surviving Corporation to, provide to and deposit in trust with the Paying Agent, the aggregate consideration to which stockholders of the Company and holders of Company Stock Options become entitled under this Article I. Until used for that purpose, the funds shall be invested by the Paying Agent, as directed by Parent or the Surviving Corporation, in obligations of or guaranteed by the United States of America or obligations of an agency of the United States of America which are backed by the full faith and credit of the United States of America, in commercial paper obligations rated A-1 or P-1 or better by Moody's Investors Services Inc. or Standard & Poor's Corporation, or in deposit accounts, certificates of deposit or banker's acceptances of, repurchase or reverse repurchase agreements with, or Eurodollar time deposits purchased from, commercial banks, each of which has a combined capital surplus aggregating more than \$500 million (based on the most recent financial statements of the banks which are then publicly available at the Securities and Exchange Commission (the **SEC**) or otherwise), or in mutual funds investing solely in one or more of the foregoing; *provided* that no such investment or losses thereon shall affect the Per Share Merger Consideration payable to former stockholders of the Company, or the Option Consideration payable to former holders of Company Stock Options, and Parent shall promptly provide, or shall cause the Surviving Corporation to promptly provide, additional funds to the Paying Agent for the benefit of the former stockholders and former option holders of the Company in the amount of any such losses to the extent necessary to satisfy the Surviving Corporation's obligations under this Article I.
- (b) *Exchange of Certificates.* Promptly after the Effective Time, the Surviving Corporation shall cause to be mailed to each Person who was, at the Effective Time, a holder of record of Shares entitled to receive the Per Share Merger Consideration pursuant to Section 1.07(i) a form of letter of transmittal (which shall specify that delivery shall be effected, and risk of loss and title to the certificates evidencing such Shares (the **Certificates**) shall pass, only upon proper delivery of the Certificates to the Paying Agent) and instructions for use in effecting the surrender of the Certificates pursuant to such letter of transmittal. Upon surrender to the Paying Agent of a Certificate, together with such letter of transmittal, duly completed and validly executed in accordance with the instructions thereto, and such other documents as may be required pursuant to such instructions, the holder of such Certificate shall be entitled to receive in exchange therefore the Per Share Merger Consideration for each Share formerly evidenced by such Certificate, and such Certificate shall then be canceled. No interest shall accrue or be paid on the Per Share Merger Consideration payable upon the surrender of any Certificate for the benefit of the holder of such Certificate. If the payment equal to the Per Share Merger Consideration is to be made to a Person other than the Person in whose name the surrendered Certificate is registered on the stock transfer books of the Company, it shall be a condition of payment that the Certificate so surrendered shall be endorsed properly or otherwise be in proper form for transfer and that the Person requesting such payment shall have paid all transfer and other taxes required by reason of the payment of the Per Share Merger Consideration to a Person other than the registered holder of the Certificate surrendered, or shall have established to the satisfaction of Merger Sub that such taxes either have been paid or are not applicable. If any holder of Shares is unable to surrender such holder's Certificates because such Certificates have been lost, stolen, mutilated or destroyed, such holder may deliver in lieu thereof an affidavit and indemnity bond in form and substance and with surety reasonably satisfactory to the Surviving Corporation.
- (c) *Delivery; Escheat.* At any time following the six months after the Effective Time, the Surviving Corporation shall be entitled to require the Paying Agent to deliver to it any funds which had been made available to the

Table of Contents

Paying Agent and not disbursed to holders of Shares (including, without limitation, all interest and other income received by the Paying Agent in respect of all funds made available to it), and, thereafter, such holders shall look solely to the Surviving Corporation (subject to abandoned property, escheat and other similar laws) only as general creditors thereof with respect to any Per Share Merger Consideration that may be payable upon due surrender of the Certificates held by them. Notwithstanding the foregoing, neither the Surviving Corporation, Parent nor the Paying Agent shall be liable to any holder of a Share for any Per Share Merger Consideration delivered in respect of such Share to a public official pursuant to any abandoned property, escheat or other similar law. Any amounts remaining unclaimed by holders of Shares two years after the Effective Time (or such earlier date, immediately prior to such time when the amounts would otherwise escheat to or become property of any Governmental Authority) shall become, to the extent permitted by applicable law, the property of the Surviving Corporation free and clear of any claims or interest of any Person previously entitled thereto.

- (d) *Transfer Books.* At the Effective Time, the stock transfer books of the Company shall be closed and thereafter there shall be no further registration of transfers of Shares on the records of the Company. From and after the Effective Time, the holders of Shares outstanding immediately prior to the Effective Time shall cease to have any rights with respect to such Shares except as otherwise provided herein or by applicable Law.

- (e) *Satisfaction.* All Per Share Merger Consideration paid upon the surrender for exchange of Certificates, and all Option Consideration paid in respect of Company Stock Options, in each case in accordance with the terms of this Article I shall be deemed to have been paid in full satisfaction of all rights pertaining to the Shares theretofore represented by such Certificates and the Company Stock Options, as applicable. If, after the Effective Time, Certificates are presented to the Surviving Corporation or the Paying Agent for any reason, they shall be canceled and exchanged as provided in this Article I, except as otherwise provided by Law.

- (f) *Tax Deduction; Withholding.* Each of the Surviving Corporation, the Paying Agent or Parent shall be entitled to deduct and withhold from any amounts otherwise payable hereunder to any Person such amounts as it is required to deduct and withhold with respect to the making of such payment under any provision of Federal, state, local or foreign tax law. To the extent that amounts are so deducted and withheld, such deducted and withheld amounts shall be treated for all purposes of this Agreement as having been paid to the Person in respect of which such deduction and withholding was made.

- (g) *Adjustment of Merger Consideration.* Notwithstanding anything in this Agreement to the contrary, but subject to Section 4.01, if, between the date of this Agreement and the Effective Time, the issued and outstanding Shares shall have been changed into a different number of shares or a different class by reason of any stock split, reverse stock split, stock dividend, reclassification, redenomination, recapitalization, split-up, combination, exchange of shares or other similar transaction, the Per Share Merger Consideration, the Option Consideration and any other dependent items shall be appropriately adjusted to provide to the holders of Company Common Stock and the parties hereto the same economic effect as contemplated by this Agreement prior to such action and as so adjusted shall, from and after the date of such event, be the Per Share Merger Consideration, the Option Consideration or other dependent item, subject to further adjustment in accordance with this sentence.

SECTION 1.11. Subsequent Actions.

If, at any time after the Effective Time, the Surviving Corporation shall consider or be advised that any deeds, bills of sale, assignments, assurances or any other actions or things are necessary or desirable to vest, perfect or confirm of record or otherwise in the Surviving Corporation its right, title or interest in, to or under any of the rights, properties or assets of either of the Company or Merger Sub acquired or to be acquired by the Surviving Corporation as a result of, or in connection with, the Merger or otherwise to carry out this Agreement, the officers and directors of the Surviving Corporation shall be authorized to execute and deliver, in the name and on behalf of either the Company or Merger Sub, all such deeds, bills of sale, assignments and assurances and to take and do, in the name and on behalf of each of such corporations or otherwise, all such other actions and things as may be necessary or desirable to vest, perfect or confirm any and all right, title and interest in, to and under such rights, properties or assets in the Surviving Corporation or otherwise to carry out this Agreement.

SECTION 2.01. Organization and Qualification; Subsidiaries.

- (a) *Organization.* Each of the Company and each Subsidiary of the Company is a corporation duly organized, validly existing and in good standing under the laws of the jurisdiction of its formation and has the requisite power and authority and all necessary governmental approvals to own, lease and operate its properties and to carry on its business as it is now being conducted. Each of the Company and each of its Subsidiaries is duly qualified or licensed as a foreign corporation to do business, and is in good standing, in each jurisdiction where the character of the properties owned, leased or operated by it or the nature of its business makes such qualification or licensing necessary, except for such failures to be so qualified or licensed or in good standing that would not, individually or in the aggregate, reasonably be expected to have a Company Material Adverse Effect.
- (b) *Subsidiaries.* A true and complete list of all the Company's Subsidiaries, together with the jurisdiction of organization of each such Subsidiary, is set forth in Section 2.01(b) of the Company Disclosure Schedule. The Company does not directly or indirectly own any equity or similar interest in, or any interest convertible into or exchangeable or exercisable for any equity or similar interest in, any corporation, partnership, joint venture or other business association or entity. All of the capital stock of, or other equity interests in, each such Subsidiary are owned by the Company, directly or through one or more directly or indirectly wholly owned Subsidiaries of the Company, free and clear of all encumbrances or other restrictions (other than restrictions under applicable securities laws). All of the capital stock or other equity interests in each such Subsidiary are validly issued, fully paid and nonassessable.
- (c) *Power.* Each of the Company and each of its Subsidiaries has the requisite corporate power and corporate authority in all material respects to own, lease and operate its properties and to carry on its respective businesses as they are now being conducted.

SECTION 2.02. Certificate of Incorporation and By-laws.

The Company has heretofore furnished or made available to Parent a complete and correct copy of the certificate of incorporation and the by-laws or equivalent organizational documents, each as amended to date, of the Company and each of its Subsidiaries. Such certificates of incorporation, by-laws or equivalent organizational documents are in full force and effect.

SECTION 2.03. Capitalization.

- (a) *Authorized Stock.* The authorized capital stock of the Company consists of 175,000,000 Shares and 2,000,000 shares of preferred stock. As of the date of this Agreement, (i) 11,500,175 Shares are issued and outstanding, all of which are validly issued, fully paid and nonassessable and 1,785,900 Shares are held in treasury, and (ii) no preferred stock is issued and outstanding. Except as set forth in Section 2.03 of the Company Disclosure Schedule, which Schedule sets forth the name of the holder of each option, warrant or other right to purchase capital stock of the Company, the number of Shares that may be purchased by such holder and the price per Share at which such Shares may be purchased, there are (i) no options, warrants, agreements, or other arrangements of any character that are binding on the Company or any of its Subsidiaries that obligate the Company or any of its Subsidiaries to issue, sell, redeem, repurchase or exchange any shares of capital stock of, or other equity interests in, the Company or any of its Subsidiaries or any interest convertible into or exchangeable or exercisable for any such capital stock or other equity interests, (ii) no voting trusts, proxies or other similar agreements or understandings to which the Company

or any of its Subsidiaries is bound with respect to the voting of any such capital stock or other equity interests, (iii) no contractual obligations or commitments restricting the transfer of, or requiring the registration for sale of, any such capital stock or other equity interests and (iv) no bonds, debentures, notes or other indebtedness having the right to vote on any matters on which shareholders of the Company may vote (whether or not dependent on conversion or other triggering event). The Company Common Stock is not subject to statutory preemptive rights.

- (b) *Stock Option Plans.* The Company has made available to Parent accurate and complete copies of all Company Stock Option Plans pursuant to which the Company has granted the Company Stock Options that are currently outstanding. All Shares subject to issuance prior to the Closing as aforesaid, upon issuance on the terms and conditions specified in the instruments pursuant to which they are issuable, will be duly authorized, validly issued, fully paid and nonassessable.

SECTION 2.04. Authority Relative to the Transactions.

The Company has all necessary corporate power and authority to execute and deliver this Agreement, to perform its obligations hereunder and to consummate the Transactions. The execution and delivery by the Company of this Agreement and the consummation by the Company of the Transactions have been duly and validly authorized by all necessary corporate action, and no other corporate proceedings on the part of the Company are necessary to authorize this Agreement or to consummate the Transactions (other than, with respect to the Merger, the approval and adoption of this Agreement by the holders of a majority of the then outstanding shares of Company Common Stock (the **Company Stockholder Approval**) and the filing and recordation of appropriate merger documents as required by the DGCL). This Agreement has been duly and validly executed and delivered by the Company and, assuming the due authorization, execution and delivery by the other parties thereto, constitutes the legal, valid and binding obligation of the Company, enforceable against the Company in accordance with its terms, subject to the effect of any applicable bankruptcy, insolvency (including, without limitation, all Laws relating to fraudulent transfers), reorganization, moratorium or similar Laws affecting creditors' rights generally and subject to the effect of general principles of equity (regardless of whether considered in a proceeding at law or in equity). The Company Board, at a meeting duly called and held, and acting in accordance with the unanimous recommendation of the Special Committee, has:

- (i) determined that this Agreement and the Merger contemplated hereby (collectively, the **Transactions**) are fair to, and in the best interests of, the holders of Shares;

In exercising the foregoing right, each of the parties hereto agrees to act reasonably and as promptly as practicable. Each party agrees that, to the extent practicable, it will consult with the other party with respect to the obtaining of all permits, consents, approvals and authorizations of all third parties and Governmental Authorities necessary or advisable to consummate the transactions contemplated by this Agreement and each party will keep the other party apprised of the status of matters relating to completion of the transactions contemplated hereby.

- (ii) the Company Board or Special Committee has determined in good faith after consultation with outside legal counsel (who may be the Company's regularly engaged outside legal counsel or counsel to the Special Committee) and a financial advisor that such Acquisition Proposal constitutes, or is reasonably likely to result in, a Superior Proposal (as defined below);
- (iii) prior to taking such action such person shall have executed a confidentiality agreement on terms no less favorable to the Company than those contained in the Confidentiality Agreement (a copy of which shall promptly be provided to Parent);
- (iv) Parent is provided, on a substantially concurrent basis, any non-public information provided or made available to such Person that was not previously provided or made available to Parent and its Representatives; and

- (d) *Change in Recommendation.* If the Company Board or Special Committee determines, in its good faith judgment prior to the receipt of the Company Stockholders Approval and after consulting with outside legal counsel (who may be the Company's regularly engaged outside legal counsel or counsel to the Special Committee), that the failure to make a Change in the Company Recommendation (as defined below) or to terminate this Agreement in accordance with Section 7.01(iv)(b) would violate its fiduciary duties to the Company's stockholders under applicable Law, then the Company Board or Special Committee may make a Change in the Company Recommendation and/or terminate this Agreement pursuant to Section 7.01(iv)(b). **Change in the Company Recommendation** means the Special Committee or Company Board's (i) failure to make, withdrawal of, or modification in a manner adverse to Parent or Merger Sub of the Company Recommendation, (ii) failure to publicly confirm the Company Recommendation within seven days following Parent's written request, (iii) recommendation or endorsement of a Competing Transaction or (iv) resolution or public announcement of an intention to do any of the foregoing. Neither the Company Board nor the Special Committee shall make a Change in the Company Recommendation or terminate this Agreement pursuant to Section 7.01(iv)(b) unless (i) at least three Business Days prior to taking such action Parent shall have received written notice from the Company (an **Adverse Recommendation Notice**) (A) advising Parent that the Company Board or Special Committee has received a Superior Proposal, (B) advising that the Company Board or Special Committee intends to make such Change in the Company Recommendation or to terminate this Agreement pursuant to Section 7.01(iv)(b), as applicable, and (C) containing all information required by Section 5.04(c), together with copies of any written offer or proposal in respect of such Superior Proposal (it being understood and agreed that any material amendment to the financial terms or other material terms of such Superior Proposal shall require a new Adverse Recommendation Notice and a new three (3) Business Day period) and (ii) during such three Business Day period the Company Board and Special Committee shall have negotiated in good faith with Parent concerning any amendments proposed by Parent to this Agreement and to the transactions contemplated hereby. Any disclosure that the Company Board may be compelled to make with respect to an Acquisition Proposal or otherwise in order to comply with its fiduciary duties under applicable Law or Rule 14d-9 or 14e-2 under the Exchange Act will not constitute a violation of this Agreement; provided, that any such disclosure that would constitute a Change in Company Recommendation, and any disclosure of a decision to terminate this Agreement pursuant to Section 7.01(iv)(b), shall be made only in compliance with this Section 5.04(d).
- (e) *Discussions Prior to Agreement.* The fact that the Company, any of its Subsidiaries, or any of their Representatives have had discussions or negotiations with Persons prior to the date of this Agreement regarding a possible Acquisition Proposal shall not prevent the Company from taking any of the actions permitted by this Section 5.04 with respect to a new Acquisition Proposal submitted by any such Person after the date of this Agreement, that was not solicited in violation of this Section 5.04.
- (f) A **Competing Transaction** means any of the following (other than the Transactions):
- (i) any merger, consolidation, share exchange, business combination, recapitalization, liquidation, dissolution or other similar transaction (including any so-called merger-of-equals and whether or not the Company is the entity surviving any such transaction) involving the Company or any of its Subsidiaries which results in any person beneficially owning 20% or more of any class of equity or voting securities of the Company or of any of its Subsidiaries or 20% or more of the assets of the Company and its Subsidiaries (directly or indirectly, including by the ownership of equity or voting securities);
 - (ii) any sale, lease, exchange, transfer or other disposition (directly or indirectly, including by the transfer of equity or voting securities) of 20% or more of the assets of the Company and its Subsidiaries;
 - (iii) any sale, exchange, transfer or other disposition of equity or voting securities in which the Company or any of its Subsidiaries participates and which results in any person beneficially owning 20% or more of any class of equity or voting securities of the Company or of any of its Subsidiaries; or

(iv) any transaction or series of transactions, including a tender offer or exchange offer, that, if consummated, would result in any person beneficially owning more than 20% of any class of equity or voting securities of the Company or of any of its Subsidiaries.

(g) A **Superior Proposal** means a bona fide, unsolicited written offer (in its most recently amended or modified terms, if amended or modified) made by a Person to enter into a Competing Transaction, the effect of which would be that the stockholders of the Company would beneficially own less than 50% of the capital stock of the combined or ongoing entity, or the entity that succeeds to the assets of the Company, as applicable, and which the Company Board or Special Committee determines, in its good faith judgment (after consulting with its financial advisor and/or legal counsel and taking into account any amendments proposed by Parent to this Agreement or to the transactions contemplated hereby) and taking into account all relevant legal, financial, regulatory and other aspects of the offer that it deems relevant in such circumstances under the DGCL, to be more favorable to Company stockholders from a financial point of view than the Merger and which is reasonably likely to be consummated.

SECTION 5.05. Employee Benefits Matters.

(a) *Future Participation.* From and after the Effective Time and until one calendar year thereafter, employees of the Company and its Subsidiaries shall be offered participation in employee benefit plans, programs, policies and arrangements that are no less favorable in the aggregate to those provided under the applicable employee benefit plans (as defined in Section 3(3) of ERISA (excluding plans exempt under Section 201(2) of ERISA)), programs, policies and arrangements of the Company and its Subsidiaries in effect at the Effective Time (collectively, **Current Plans**). Nothing contained in this Section 5.05 shall:

(i) obligate or commit Parent or its Subsidiaries to continue any particular Current Plan after the Effective Time or to maintain in effect any particular Current Plan or any level or type of benefits;

(ii) obligate or commit Parent or its Subsidiaries to provide any employee of the Company or any of its Subsidiaries with any equity compensation pursuant to any equity compensation plans, programs or arrangements sponsored or provided by Parent or any of its Subsidiaries or Affiliates for the benefit of its employees;

(iii) obligate or commit Parent or its Subsidiaries to employ or continue the employment of any individual; or

(iv) prohibit Parent or its Subsidiaries from making any changes to any Current Plan.

(b) *Prior Credit.* Parent will cause the Surviving Corporation and its Subsidiaries to credit each employee of the Company and its Subsidiaries as of the Effective Time with such number of unused vacation days and other paid time off accrued by each employee with the Company and its Subsidiaries prior to the Effective Time in accordance with the Company's personnel policies applicable to such employees on the date hereof, copies of which have been made available to Parent. However, Parent may, in its sole discretion and to the extent permitted by applicable law, require that such vacation and other paid time off be taken by the employee prior to September 30, 2006.

(c) *Eligibility and Vesting.* Employees of the Company and its Subsidiaries shall receive credit for purposes of eligibility to participate and vesting (but not for benefit accruals under any defined benefit pension plan) under any employee benefit plan, program or arrangement established or maintained by the Surviving Corporation or any of its U.S. affiliates for service accrued prior to the Effective Time with the Company or any of its Subsidiaries to the extent such employee may be eligible to participate on or after the Effective Time to the same extent recognized by the Company or any of its Subsidiaries under comparable plans immediately prior to the Effective Time. However, such crediting of service shall not operate to duplicate any benefit or the funding of any such benefit.

- (e) *WARN Act.* No later than five business days prior to the Closing Date, the Company shall provide Parent with a list setting forth the number of employees terminated from each site of employment of the Company and its Subsidiaries during the 90-day period ending on the Closing Date for reasons qualifying the termination as employment losses under the WARN Act and the date of each such termination with respect to each termination; provided, that this sentence shall not apply with respect to any site of employment at which sufficient employees have not been employed at any time in such 90-day period for terminations of employment at such site to be subject to the WARN Act.

SECTION 5.06. Directors and Officers Indemnification; Insurance.

- (a) *Indemnification.* Without limiting any additional rights that any employee, officer or director may have under any employment agreement or benefit Plan or under the Company's certificate of incorporation or by laws, for a period of six (6) years from the Effective Time, Parent shall, and shall cause the Surviving Corporation to, indemnify and hold harmless each present (as of immediately prior to the Effective Time) and former officer or director of the Company and the Company's Subsidiaries (the **Indemnified Directors and Officers**), against all claims, losses, liabilities, damages, judgments, inquiries, fines and reasonable fees, costs and expenses, including, attorneys' fees and disbursements (collectively, **Costs**), incurred in connection with any claim, action, suit, proceeding or investigation, whether civil, criminal, administrative or investigative, arising out of actions taken by them in their capacity as officers or directors at or prior to the Effective Time (including this Agreement and the transactions and actions contemplated hereby), or taken by them at the request of the Company or any Company Subsidiary, whether asserted or claimed prior to, at or after the Effective Time, to the fullest extent that applicable Law permits a Delaware corporation to indemnify its officers and directors. Each Indemnified Director and Officer will be entitled to advancement of expenses incurred in the defense of any claim, action, suit, proceeding or investigation from the Surviving Corporation within ten (10) Business Days of receipt by the Surviving Corporation from the Indemnified Director or Officer of a request therefor and reasonable documentation thereof; *provided* that any Person to whom expenses are advanced provides an undertaking to repay such advances if it is ultimately determined that such person is not entitled to indemnification. The Surviving Corporation shall not settle, compromise or consent to the entry of any judgment in any proceeding or threatened action, suit, proceeding, investigation or claim (and in which indemnification could be sought by such Indemnified Director or Officer hereunder), unless such settlement, compromise or consent includes an unconditional release of such Indemnified Director or Officer from all liability arising out of such action, suit, proceeding, investigation or claim or such Indemnified Director or Officer otherwise consents.
- (b) *Maintenance.* The certificate of incorporation and by-laws of the Surviving Corporation shall continue to contain provisions no less favorable with respect to indemnification, advancement of expenses and exculpation of former or present directors and officers than are presently set forth in the Company's certificate of incorporation and by-laws, which provisions shall not, except to the extent required to comply with applicable Law, be amended, repealed or otherwise modified for a period of six (6) years from the Effective Time in any manner that would adversely affect the rights thereunder of any such individuals.
- (c) *D&O Insurance.* Prior to the Effective Time, the Company shall endeavor to (and if it unable to, Parent shall cause the Surviving Corporation to after the Effective Time) obtain, and the Surviving Corporation shall maintain for a period of six (6) years following the Effective Time, directors' and officers' liability insurance coverage with respect to matters existing or occurring at or prior to the Effective Time, from an insurance carrier with the same or better credit rating as the Company's current insurance carrier with

- (d) *Existing Agreements.* Parent shall, and shall cause the Surviving Corporation to, honor and perform under all indemnification agreements entered into by the Company or any Company Subsidiary set forth in Section 5.06 of the Company Disclosure Schedule.
- (e) *Survivability.* Notwithstanding anything herein to the contrary, if any claim for indemnification pursuant to Section 5.06(a) is made by any Indemnified Director or Officer by written notice to the Company on or prior to the sixth anniversary of the Effective Time (such notice to set forth in reasonable detail the facts relevant to such claim) the provisions of this Section 5.06(a) shall continue in effect with respect to such claim until the final disposition of such claim.
- (f) *Heirs.* This covenant is intended to be for the benefit of, and shall be enforceable by, each of the Indemnified Directors and Officers and their respective heirs and legal representatives. The indemnification provided for herein shall not be deemed exclusive of any other rights to which an Indemnified Director or Officer is entitled, whether pursuant to Law, contract or otherwise.
- (g) *Successors and Assigns.* In the event that the Surviving Corporation or any of their respective successors or assigns (i) consolidates with or merges into any other Person and shall not be the continuing or surviving corporation or entity of such consolidation or merger or (ii) transfers or conveys all or substantially all of its properties and assets as an entirety in one or a series of related transactions to any Person(s), then, and in each such case, proper provision shall be made so that such continuing or surviving corporation or entity or such Persons(s), as the case may be, shall assume the obligations set forth in this Section 5.06; provided that the Surviving Corporation shall not be relieved from such obligation. In addition, the Surviving Corporation shall not distribute, sell, transfer or otherwise dispose of any of its assets in a manner that would reasonably be expected to render the Surviving Corporation unable to satisfy its obligations under this Section 5.06. Parent hereby unconditionally guarantees the obligations of the Surviving Corporation under this Section 5.06.

SECTION 5.07. Further Action; Reasonable Best Efforts.

Actions. Upon the terms and subject to the conditions of this Agreement, each of the parties hereto shall:

- (i) make promptly its respective filings, and thereafter make any other required submissions, under any applicable foreign, federal or state antitrust, competition or fair trade Laws with respect to the Transactions; and
- (ii) use its reasonable best efforts to take, or cause to be taken, all appropriate action, and to do, or cause to be done, all things necessary, proper or advisable under applicable Laws or otherwise to consummate and make effective the Transactions, including, without limitation, using its reasonable best efforts to obtain all Permits, consents, approvals, authorizations, qualifications and orders of Governmental Authorities and parties to contracts with the Company and its Subsidiaries as are necessary for the consummation of the Transactions and to fulfill the conditions to the Merger.

SECTION 5.08. Public Announcements.

The initial press release relating to this Agreement shall be a joint press release the text of which has been agreed to by each of Parent and the Company. Thereafter, subject to applicable Law or the requirements of The NASDAQ Stock Market, each of Parent and the Company shall use its reasonable best efforts to consult with each other before issuing any press release or otherwise making any public statements with respect to this Agreement, the Merger, or any of the other Transactions.

SECTION 5.10. Financing.

- (a) The Company agrees to provide, and will cause its Subsidiaries and its and their respective directors, officers and employees to provide, all cooperation reasonably necessary in connection with the arrangement of financing to be consummated contemporaneously with or at or after the expiration of the Effective Time in respect of the transactions contemplated by this Agreement, including participation in meetings, due diligence sessions, road shows, the preparation of offering memoranda, private placement memoranda, prospectuses and similar documents, the execution and delivery of any commitment letters, underwriting or placement agreements, pledge and security documents, other definitive financing documents, or other requested certificates or documents (including a certificate of the chief financial officer of the Company with respect to solvency matters, to the extent such certification may be accurately made), audited and unaudited financial statements, comfort letters of accountants and legal opinions as may be reasonably requested by Parent or Merger Sub and taking such other actions as are reasonably required to be taken by the Company in connection with the Commitment Letters, providing that such cooperation shall not interfere unreasonably with the business or operations of the Company or its Subsidiaries and the Company and its Subsidiaries shall not be required to incur material incremental out-of-pocket costs in respect of such cooperation unless Parent shall have undertaken to reimburse the Company and its Subsidiaries all such reasonable and documented out-of-pocket costs.
- (b) Parent and Merger Sub shall each use its reasonable best efforts to take, or cause to be taken, all appropriate actions, and to do, or cause to be done, all things necessary or advisable to cause the condition set forth in Section 6.02(v) to be satisfied. Upon request of the Company, Parent shall keep the Company reasonably informed of material developments in connection with the Commitment Letters and, upon reasonable request of the Company, shall provide the Company with interim drafts of agreements to be entered into in connection with the Commitment Letters.

In connection with any litigation which may be brought against the Company or its directors relating to the transactions contemplated hereby, the Company shall keep Parent and Merger Sub, and any counsel which Parent and Merger Sub may retain at their own expense, informed of the status of such litigation and will provide Parent's and Merger Sub's counsel the right to participate in the defense of such litigation to the extent Parent and Merger Sub are not otherwise a party thereto, and the Company shall not enter into any settlement or compromise of any such stockholder litigation without Parent's and Merger Sub's prior written consent, which consent shall not be unreasonably withheld or delayed.

SECTION 5.12. 2005 Financial Statements

Prior to the Effective Time, the Company shall deliver to Parent the audited consolidated financial statements required to be included in the Company's Annual Report on Form 10-K for fiscal year ended on or about January 3, 2006, accompanied by an opinion of the independent accounting firm selected by the Company

Except as provided in this Section 7.03(c) or Section 7.03(d), in no event shall the Company, its Affiliates or any party acting on behalf of the Company or its Affiliates, (i) seek to obtain any recovery or judgment in connection with any Parent Payment Event or with any breach of any representation, warranty, covenant or agreement on the part of Parent or Merger Sub contained in this Agreement or (ii) be entitled to seek or obtain any other damages of any kind, including, without limitation, consequential, indirect or punitive damages, in connection with any Parent Payment Event or with any breach of any representation, warranty, covenant or agreement on the part of Parent or Merger Sub contained in this Agreement, in each case against any of Parent, Merger Sub, any of their Affiliates, or any shareholder, partner, trustee, director, officer or agent of Parent, Merger Sub or any of their Affiliates. The parties acknowledge that the Parent Termination Fee and the Company Expenses together constitute a reasonable estimate of the damages that will be suffered by reason of any action or omission giving rise to a right of payment of the Parent Termination Fee and/or the Company Expenses. The Affiliates of each party hereto may rely upon the terms of this paragraph.

- (d) *Acknowledgement.* Each of the Company, Parent, and Merger Sub acknowledges that the agreements contained in this Section 7.03 are an integral part of the transactions contemplated by this Agreement. In the event that the Company shall fail to pay the Company Termination Fee or Parent Expenses when due or Parent shall fail to pay the Parent Termination Fee or Company Expenses when due, the Company or Merger Sub and Parent, as the case may be, shall reimburse the other party for all reasonable costs and expenses actually incurred or accrued by such other party (including reasonable fees and expenses of counsel) in connection with the collection under and enforcement of this Section 7.03.

This Agreement may be amended by the parties hereto by action taken by or on behalf of their respective Boards of Directors at any time prior to the Effective Time. However, after the approval and adoption of this Agreement and the Transactions by the stockholders of the Company, no amendment may be made that would reduce the amount or change the type of consideration into which each Share shall be converted upon consummation of the Merger unless the Company shall have obtained such consent of the holders of Shares as may be required by the DGCL with respect to such amendment. This Agreement may not be amended except by an instrument in writing signed by each of the parties hereto.

ANNEX B

[LETTERHEAD OF CITIGROUP GLOBAL MARKETS INC.]

February 16, 2006

The Special Committee of the Board of Directors

Checkers Drive-In Restaurants, Inc.

4300 West Cypress Street, Suite 600

Tampa, Florida 33607

Members of the Special Committee:

You have requested our opinion as to the fairness, from a financial point of view, to the holders of the common stock of Checkers Drive-In Restaurants, Inc. (Checkers), other than Management Participants (as defined below), of the Merger Consideration (as defined below) provided for pursuant to the terms and subject to the conditions set forth in an Agreement and Plan of Merger (the Merger Agreement) to be entered into among Taxi Holdings Corp. (Taxi Holdings), an affiliate of Wellspring Capital Management LLC (Wellspring), Taxi Acquisition Corp., a wholly owned subsidiary of Taxi Holdings (Merger Sub), and Checkers. As more fully described in the Merger Agreement, (i) Merger Sub will be merged with and into Checkers (the Merger) and (ii) each outstanding share of the common stock, par value \$0.001 per share, of Checkers (Checkers Common Stock) will be converted into the right to receive \$15.00 in cash (the Merger Consideration).

In arriving at our opinion, we reviewed a draft dated February 16, 2006 of the Merger Agreement and held discussions with certain senior officers, directors and other representatives and advisors of Checkers and certain senior officers and other representatives of Wellspring concerning the business, operations and prospects of Checkers. We examined certain publicly available business and financial information relating to Checkers as well as certain financial forecasts and other information and data relating to Checkers which were provided to or otherwise discussed with us by the management of Checkers, including certain sensitivities to such financial forecasts and other information and data reviewed with the Special Committee of the Board of Directors of Checkers (the Special Committee) to take into account, among other things, Checkers actual financial performance for the fiscal year ended 2005 relative to budgeted estimates prepared by the management of Checkers for such fiscal year. We reviewed the financial terms of the Merger as set forth in the Merger Agreement in relation to, among other things: current and historical market prices and trading volumes of Checkers Common Stock; the historical and projected earnings and other operating data of Checkers; and the capitalization and financial condition of Checkers. We analyzed certain financial, stock market and other publicly available information relating to the businesses of other companies whose operations we considered relevant in evaluating those of Checkers and considered, to the extent publicly available, the financial terms of certain other transactions which we considered relevant in evaluating the Merger. In connection with our engagement and at the direction of the Special Committee, we were requested to approach, and we held discussions with, third parties to solicit indications of interest in the possible acquisition of Checkers. In addition to the foregoing, we conducted such other analyses and examinations and considered such other information and financial, economic and market criteria as we deemed appropriate in arriving at our opinion.

In rendering our opinion, we have assumed and relied, without assuming any responsibility for independent verification, upon the accuracy and completeness of all financial and other information and data publicly available or provided to or otherwise reviewed by or discussed with us and upon the assurances of the management of Checkers that it is not aware of any relevant information that has been omitted or that remains undisclosed to us. With respect to financial forecasts and other information and data relating to Checkers provided to or otherwise reviewed by or discussed with us, we have assumed, with your consent, that such forecasts and other information and data, as sensitized, reflect reasonable estimates and judgments as to the future financial performance of Checkers. We have assumed, with your consent, that the Merger will be

consummated in accordance with its terms, without waiver, modification or amendment of any material term, condition or agreement, and in compliance with all applicable laws, and that, in the course of obtaining the necessary regulatory or third party approvals, consents, releases and waivers for the Merger, no delay, limitation, restriction or condition will be imposed that would have an adverse effect on Checkers or the Merger. Representatives of the Special Committee have advised us, and we also have assumed, with your consent, that the final terms of the Merger Agreement will not vary materially from those set forth in the draft reviewed by us. We have not made or been provided with an independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of Checkers nor have we made any physical inspection of the properties or assets of Checkers. Our opinion does not address any terms or other aspects or implications of the Merger (other than the Merger Consideration to the extent expressly specified herein). We express no view as to, and our opinion does not address, the underlying business decision of Checkers to effect the Merger, the relative merits of the Merger as compared to any alternative business strategies that might exist for Checkers or the effect of any other transaction in which Checkers might engage. Our opinion is necessarily based upon information available to us, and financial, stock market and other conditions and circumstances existing and disclosed to us, as of the date hereof.

Citigroup Global Markets Inc. has acted as financial advisor to the Special Committee in connection with the proposed Merger and will receive a fee for such services, a portion of which is payable in connection with the delivery of this opinion and a significant portion of which is contingent upon the consummation of the Merger. We and our affiliates in the past have provided services to certain affiliates of Wellspring unrelated to the proposed Merger, for which services we and our affiliates have received compensation. In the ordinary course of our business, we and our affiliates may actively trade or hold the securities of Checkers for our own account or for the account of our customers and, accordingly, may at any time hold a long or short position in such securities. In addition, we and our affiliates (including Citigroup Inc. and its affiliates) may maintain relationships with Checkers, Wellspring and their respective affiliates.

Our advisory services and the opinion expressed herein are provided for the information of the Special Committee in its evaluation of the proposed Merger, and our opinion is not intended to be and does not constitute a recommendation to any stockholder as to how such stockholder should vote or act on any matters relating to the proposed Merger.

Based upon and subject to the foregoing, our experience as investment bankers, our work as described above and other factors we deemed relevant, we are of the opinion that, as of the date hereof, the Merger Consideration is fair, from a financial point of view, to the holders of Checkers Common Stock (other than members of the management of Checkers who have entered or may enter into arrangements with Taxi Holdings or its affiliates relating to employment or an equity ownership in Taxi Holdings or its affiliates (such members of management, together with their respective affiliates, Management Participants, as to whom we express no opinion).

Very truly yours,

ANNEX D

SECTION 262 OF THE DELAWARE GENERAL CORPORATION LAW

(a) Any stockholder of a corporation of this State who holds shares of stock on the date of the making of a demand pursuant to subsection (d) of this section with respect to such shares, who continuously holds such shares through the effective date of the merger or consolidation, who has otherwise complied with subsection (d) of this section and who has neither voted in favor of the merger or consolidation nor consented thereto in writing pursuant to § 228 of this title shall be entitled to an appraisal by the Court of Chancery of the fair value of the stockholder's shares of stock under the circumstances described in subsections (b) and (c) of this section. As used in this section, the word "stockholder" means a holder of record of stock in a stock corporation and also a member of record of a nonstock corporation; the words "stock" and "share" mean and include what is ordinarily meant by those words and also membership or membership interest of a member of a nonstock corporation; and the words "depository receipt" mean a receipt or other instrument issued by a depository representing an interest in one or more shares, or fractions thereof, solely of stock of a corporation, which stock is deposited with the depository.

(b) Appraisal rights shall be available for the shares of any class or series of stock of a constituent corporation in a merger or consolidation to be effected pursuant to § 251 (other than a merger effected pursuant to §251(g) of this title), §252, §254, §257, §258, §263 or §264 of this title:

(1) Provided, however, that no appraisal rights under this section shall be available for the shares of any class or series of stock, which stock, or depository receipts in respect thereof, at the record date fixed to determine the stockholders entitled to receive notice of and to vote at the meeting of stockholders to act upon the agreement of merger or consolidation, were either (i) listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc. or (ii) held of record by more than 2,000 holders; and further provided that no appraisal rights shall be available for any shares of stock of the constituent corporation surviving a merger if the merger did not require for its approval the vote of the stockholders of the surviving corporation as provided in subsection (f) of § 251 of this title.

(2) Notwithstanding paragraph (1) of this subsection, appraisal rights under this section shall be available for the shares of any class or series of stock of a constituent corporation if the holders thereof are required by the terms of an agreement of merger or consolidation pursuant to §§251, 252, 254, 257, 258, 263 and 264 of this title to accept for such stock anything except:

- a. Shares of stock of the corporation surviving or resulting from such merger or consolidation, or depository receipts in respect thereof;
- b. Shares of stock of any other corporation, or depository receipts in respect thereof, which shares of stock (or depository receipts in respect thereof) or depository receipts at the effective date of the merger or consolidation will be either listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc. or held of record by more than 2,000 holders;
- c. Cash in lieu of fractional shares or fractional depository receipts described in the foregoing subparagraphs a. and b. of this paragraph; or
- d. Any combination of the shares of stock, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in the foregoing subparagraphs a., b. and c. of this paragraph.

(3) In the event all of the stock of a subsidiary Delaware corporation party to a merger effected under § 253 of this title is not owned by the parent corporation immediately prior to the merger, appraisal rights shall be available for the shares of the subsidiary Delaware corporation.

Table of Contents

(c) Any corporation may provide in its certificate of incorporation that appraisal rights under this section shall be available for the shares of any class or series of its stock as a result of an amendment to its certificate of incorporation, any merger or consolidation in which the corporation is a constituent corporation or the sale of all or substantially all of the assets of the corporation. If the certificate of incorporation contains such a provision, the procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as is practicable.

(d) Appraisal rights shall be perfected as follows:

(1) If a proposed merger or consolidation for which appraisal rights are provided under this section is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, shall notify each of its stockholders who was such on the record date for such meeting with respect to shares for which appraisal rights are available pursuant to subsection (b) or (c) hereof that appraisal rights are available for any or all of the shares of the constituent corporations, and shall include in such notice a copy of this section. Each stockholder electing to demand the appraisal of such stockholder's shares shall deliver to the corporation, before the taking of the vote on the merger or consolidation, a written demand for appraisal of such stockholder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such stockholder's shares. A proxy or vote against the merger or consolidation shall not constitute such a demand. A stockholder electing to take such action must do so by a separate written demand as herein provided. Within 10 days after the effective date of such merger or consolidation, the surviving or resulting corporation shall notify each stockholder of each constituent corporation who has complied with this subsection and has not voted in favor of or consented to the merger or consolidation of the date that the merger or consolidation has become effective; or

(2) If the merger or consolidation was approved pursuant to §228 or §253 of this title, then either a constituent corporation before the effective date of the merger or consolidation or the surviving or resulting corporation within 10 days thereafter shall notify each of the holders of any class or series of stock of such constituent corporation who are entitled to appraisal rights of the approval of the merger or consolidation and that appraisal rights are available for any or all shares of such class or series of stock of such constituent corporation, and shall include in such notice a copy of this section. Such notice may, and, if given on or after the effective date of the merger or consolidation, shall, also notify such stockholders of the effective date of the merger or consolidation. Any stockholder entitled to appraisal rights may, within 20 days after the date of mailing of such notice, demand in writing from the surviving or resulting corporation the appraisal of such holder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such holder's shares. If such notice did not notify stockholders of the effective date of the merger or consolidation, either (i) each such constituent corporation shall send a second notice before the effective date of the merger or consolidation notifying each of the holders of any class or series of stock of such constituent corporation that are entitled to appraisal rights of the effective date of the merger or consolidation or (ii) the surviving or resulting corporation shall send such a second notice to all such holders on or within 10 days after such effective date; provided, however, that if such second notice is sent more than 20 days following the sending of the first notice, such second notice need only be sent to each stockholder who is entitled to appraisal rights and who has demanded appraisal of such holder's shares in accordance with this subsection. An affidavit of the secretary or assistant secretary or of the transfer agent of the corporation that is required to give either notice that such notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. For purposes of determining the stockholders entitled to receive either notice, each constituent corporation may fix, in advance, a record date that shall be not more than 10 days prior to the date the notice is given, provided, that if the notice is given on or after the effective date of the merger or consolidation, the record date shall be such effective date. If no record date is fixed and the notice is given prior to the effective date, the record date shall be the close of business on the day next preceding the day on which the notice is given.

Table of Contents

(e) Within 120 days after the effective date of the merger or consolidation, the surviving or resulting corporation or any stockholder who has complied with subsections (a) and (d) hereof and who is otherwise entitled to appraisal rights, may file a petition in the Court of Chancery demanding a determination of the value of the stock of all such stockholders. Notwithstanding the foregoing, at any time within 60 days after the effective date of the merger or consolidation, any stockholder shall have the right to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation. Within 120 days after the effective date of the merger or consolidation, any stockholder who has complied with the requirements of subsections (a) and (d) hereof, upon written request, shall be entitled to receive from the corporation surviving the merger or resulting from the consolidation a statement setting forth the aggregate number of shares not voted in favor of the merger or consolidation and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. Such written statement shall be mailed to the stockholder within 10 days after such stockholder's written request for such a statement is received by the surviving or resulting corporation or within 10 days after expiration of the period for delivery of demands for appraisal under subsection (d) hereof, whichever is later.

(f) Upon the filing of any such petition by a stockholder, service of a copy thereof shall be made upon the surviving or resulting corporation, which shall within 20 days after such service file in the office of the Register in Chancery in which the petition was filed a duly verified list containing the names and addresses of all stockholders who have demanded payment for their shares and with whom agreements as to the value of their shares have not been reached by the surviving or resulting corporation. If the petition shall be filed by the surviving or resulting corporation, the petition shall be accompanied by such a duly verified list. The Register in Chancery, if so ordered by the Court, shall give notice of the time and place fixed for the hearing of such petition by registered or certified mail to the surviving or resulting corporation and to the stockholders shown on the list at the addresses therein stated. Such notice shall also be given by 1 or more publications at least 1 week before the day of the hearing, in a newspaper of general circulation published in the City of Wilmington, Delaware or such publication as the Court deems advisable. The forms of the notices by mail and by publication shall be approved by the Court, and the costs thereof shall be borne by the surviving or resulting corporation.

(g) At the hearing on such petition, the Court shall determine the stockholders who have complied with this section and who have become entitled to appraisal rights. The Court may require the stockholders who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates of stock to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any stockholder fails to comply with such direction, the Court may dismiss the proceedings as to such stockholder.

(h) After determining the stockholders entitled to an appraisal, the Court shall appraise the shares, determining their fair value exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation, together with a fair rate of interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the Court shall take into account all relevant factors. In determining the fair rate of interest, the Court may consider all relevant factors, including the rate of interest which the surviving or resulting corporation would have had to pay to borrow money during the pendency of the proceeding. Upon application by the surviving or resulting corporation or by any stockholder entitled to participate in the appraisal proceeding, the Court may, in its discretion, permit discovery or other pretrial proceedings and may proceed to trial upon the appraisal prior to the final determination of the stockholder entitled to an appraisal. Any stockholder whose name appears on the list filed by the surviving or resulting corporation pursuant to subsection (f) of this section and who has submitted such stockholder's certificates of stock to the Register in Chancery, if such is required, may participate fully in all proceedings until it is finally determined that such stockholder is not entitled to appraisal rights under this section.

(i) The Court shall direct the payment of the fair value of the shares, together with interest, if any, by the surviving or resulting corporation to the stockholders entitled thereto. Interest may be simple or compound, as the Court may direct. Payment shall be so made to each such stockholder, in the case of holders of uncertificated stock forthwith, and the case of holders of shares represented by certificates upon the surrender to the corporation of the

Table of Contents

certificates representing such stock. The Court's decree may be enforced as other decrees in the Court of Chancery may be enforced, whether such surviving or resulting corporation be a corporation of this State or of any state.

(j) The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances. Upon application of a stockholder, the Court may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares entitled to an appraisal.

(k) From and after the effective date of the merger or consolidation, no stockholder who has demanded appraisal rights as provided in subsection (d) of this section shall be entitled to vote such stock for any purpose or to receive payment of dividends or other distributions on the stock (except dividends or other distributions payable to stockholders of record at a date which is prior to the effective date of the merger or consolidation); provided, however, that if no petition for an appraisal shall be filed within the time provided in subsection (e) of this section, or if such stockholder shall deliver to the surviving or resulting corporation a written withdrawal of such stockholder's demand for an appraisal and an acceptance of the merger or consolidation, either within 60 days after the effective date of the merger or consolidation as provided in subsection (e) of this section or thereafter with the written approval of the corporation, then the right of such stockholder to an appraisal shall cease. Notwithstanding the foregoing, no appraisal proceeding in the Court of Chancery shall be dismissed as to any stockholder without the approval of the Court, and such approval may be conditioned upon such terms as the Court deems just.

(l) The shares of the surviving or resulting corporation to which the shares of such objecting stockholders would have been converted had they assented to the merger or consolidation shall have the status of authorized and unissued shares of the surviving or resulting corporation.
