Forward Looking Statements

Certain statements contained in this filing that are not statements of historical fact constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 (the "Act"), notwithstanding that such statements are not specifically identified. In addition, certain statements may be contained in the future filings of Prosperity Bancshares with the Securities and Exchange Commission in press releases, and in oral and written statements made by or with the approval of Prosperity Bancshares that are not statements of historical fact and constitute forward-looking statements within the meaning of the Act. These forward-looking statements are based on current expectations, assumptions, estimates and projections about Prosperity Bancshares and its subsidiaries. These risks and uncertainties include but are not limited to the risk that the businesses of Prosperity and Texas United will not be integrated successfully or such integration may be more difficult, time-consuming or costly than expected; expected revenue synergies and cost savings from the merger may not be fully realized or realized within the expected time frame; revenues following the merger may be lower than expected; deposit attrition, operating costs, customer loss and business disruption following the merger, including, without limitation, difficulties in maintaining relationships with employees, may be greater than expected; the ability to obtain regulatory approvals of the merger on the proposed terms and schedule; the failure of Prosperity's or Texas United's shareholders to approve the merger agreement; continue to provide products and services that appeal to our customers; access to debt and equity capital markets we may be limited or not available; and our sales objectives may not be achieved. Other risks include the possibility that credit quality could deteriorate; actions of competitors; changes in laws and regulations (including changes in governmental interpretations of regulations and changes in accounting standards); customer and consumer demand, including customer and consumer response to marketing; effectiveness of spending, investments or programs; fluctuations in the cost and availability of supply chain resources; economic conditions, including currency rate fluctuations and interest rate fluctuations; weather; and the stock price volatility associated with small-cap companies.
