**8/3/2006**

**What happens to my Alberto-Culver stock holdings after the transaction is completed?**

All holders of Alberto-Culver shares will receive the following: a \$25 per share cash dividend, one share of the new consumer business ( New Alberto-Culver ) and one share of the new Sally business ( New Sally ).

**How will I get the new shares?**

If you are a shareholder of record (i.e., you hold actual Alberto-Culver stock certificates), shares of New Alberto-Culver and New Sally will be issued to you in exchange for your current Alberto-Culver shares. In order to receive your New Sally shares and your New Alberto-Culver shares, you must first surrender your existing Alberto-Culver stock certificates to the company's transfer agent. Shortly after closing, the stock transfer agent will mail a package to each shareholder of record which will explain the exchange process and provide the appropriate forms needed to exchange your shares.

If you hold your Alberto-Culver shares in a brokerage account (e.g., Fidelity, Schwab, Smith Barney), New Alberto-Culver shares and New Sally shares will automatically be credited to that brokerage account in exchange for your current Alberto-Culver shares.

Examples of how new shares will be distributed are provided on Page 4.

**What happens to the value of my ACV stock in the Profit Sharing and 401(k) Plans?**

Both plans will continue to have an ACV stock fund and the value of the New Alberto-Culver shares received will be in this fund.

A New Sally stock fund will be added to both plans and the value of the New Sally shares received will be in this fund.

While the total dollar value of the \$25 dividend will be credited to your 401(k) and/or profit sharing plan account, the company has not decided the investment option(s) to which this dollar value will be directed. A decision will be made and communicated to employees before the closing of the transaction.

Consistent with other investment options in the plans, participants will be free to either continue holding the New Sally stock fund or to sell the New Sally stock fund and transfer the proceeds to another investment option in the 401(k) or profit sharing plan.

The company has not decided if it will allow employees to put new money into the New Sally stock fund. A decision will be made and communicated to employees before the closing of the transaction.

**How will I receive the \$25 special cash dividend?**

A special, one-time cash dividend of \$25 per share will be paid to all shareholders as of the record date regardless of the manner in which you hold shares: hold certificates directly, in a brokerage account, in the 401(k) plan, in the profit sharing plan or in the employee stock purchase plan. The record date will be determined shortly before the completion of the transaction.

If you are a shareholder of record (i.e., you hold actual Alberto-Culver stock certificates), you will receive a dividend check in the mail (or a direct deposit into your bank account if you have already signed up for this feature).

If you hold your Alberto-Culver shares in a brokerage account (e.g., Fidelity, Schwab, Smith Barney), the special dividend will be credited to that brokerage account.

If you have a balance in the ACV stock fund in the profit sharing or 401(k) plans, the special dividend will be added to your account. The company has not decided the investment option(s) to which this dollar value will be directed. A decision will be made and communicated to employees before the closing of the transaction.

If you have a balance in the employee stock purchase plan, the special cash dividend will be credited to your account with Computershare. The cash received for the special cash dividend will be used to purchase additional shares of New Alberto-Culver common stock in your Computershare account.

Examples of how the cash dividend is paid are provided on Page 4.

**Will there be a blackout period for the 401(k) and profit sharing plans?**

Yes, we expect that there will be a short blackout period for the 401(k) plan and profit sharing plan related to this transaction in order to give Prudential (the trustee for the plans) time to establish the New Sally stock fund and make the appropriate transfers from the Alberto-Culver stock fund to the New Sally stock fund. We anticipate this blackout period will begin several business days prior to the closing of the transaction and will be no longer than 10 business days.

The company and Prudential will provide notification to all participants regarding any blackout period associated with the transaction.
