Overview

Historically, we have operated our business through a group of complementary companies in the telecommunications industry. These companies have historically included: (i) MSV, a provider of mobile digital voice and data communications services via satellite in the United States and Canada; (ii) Hughes Network Systems, LLC, a leading developer, manufacturer, installer and provider of advanced satellite based networking solutions and services for businesses, governments and consumers worldwide; (iii) Electronic System Products, Inc., formerly a product development and engineering services firm which is currently focusing on maximizing the license revenues from its intellectual property portfolio and (iv) AfriHUB, LLC, an early stage company that provides a limited amount of satellite based Internet access and domestic and international calling services through exclusive partnerships with certain Nigerian based universities while it actively pursues opportunities to provide technical training in the Nigerian market. On February 21, 2006, we completed the distribution of all of the common stock of Hughes Communications, Inc. (Hughes), formerly a wholly-owned subsidiary, which held our interests in Hughes Network Systems, Electronic System Products and AfriHUB, among other things, to our security holders.

Through MSV Investors, now our wholly-owned subsidiary, we have been an active participant in MSV, a limited partnership that also includes TMI Delaware, Motient and certain other limited holders. On September 25, 2006, we acquired an additional 14.2 million limited partnership units of MSV and 2,072.78 shares of the common stock of MSV GP from Motient and other limited partners of MSV, resulting in our owning 52% of MSV on a fully diluted basis and 78% of MSV GP. On October 6, 2006, we also entered into an agreement to acquire from BCE all the equity interests in TMI Delaware, the wholly-owned subsidiary of BCE through which it owns its interest in MSV. This acquisition is expected to close on or before January 5, 2006 and will result in our owning 72% of MSV (assuming that Motient has not yet exchanged any of its retained interests in MSV) on a fully diluted basis and 100% of MSV GP. MSV currently provides mobile digital voice and data communications services in the L-band via satellite in the United States and Canada, while pursuing plans to develop, build and operate a next generation integrated network complemented by an ancillary terrestrial component or ATC. In addition, we own approximately 12% of TerreStar on a fully diluted basis, which is also pursuing plans to develop, build and operate a next-generation satellite system complemented by an ATC in the 2 GHz band or S-band .

Table of Contents

Mobile Satellite Ventures

MSV is developing an integrated satellite and terrestrial communications network to provide ubiquitous wireless broadband services, including Internet access and voice services, in the United States and Canada. Using an all-Internet protocol, open architecture, MSV expects its network to provide significant advantages over existing wireless networks. Such potential advantages include higher data speeds, lower costs per bit and flexibility to support a range of custom Internet protocol applications and services. MSV's current business plan envisions a carrier's carrier wholesale model whereby its strategic partners and other wholesale customers can use its network to provide differentiated broadband services to their subscribers. MSV expects that its planned open network, in contrast to legacy networks currently operated by incumbent providers, will allow distribution and other strategic partners to have open network access to create a variety of custom applications and services for consumers.

MSV expects its next-generation integrated satellite-terrestrial network to create the opportunity to use MSV's spectrum for a substantially broader business plan in the United States and Canada that permits terrestrial wireless deployments similar or superior to those of other third generation wireless operators. By deploying thousands of cell sites and two or more satellites to work jointly in a common continent-wide wireless network, MSV believes its approach will address its greatest business opportunity and maximize spectral efficiency.

MSV currently offers a range of services using two geo-stationary satellites, or GEOs that support the delivery of data, voice, fax and dispatch radio services. MSV is licensed by the United States and Canadian governments to operate in the L-band spectrum. MSV currently has coordinated approximately 30 MHz of spectrum throughout the United States and Canada. Its United States and Canadian spectrum footprint covers a total population of nearly 330 million. In operating its next generation integrated satellite-terrestrial network, MSV plans to allocate the use of spectrum between satellite and terrestrial service. MSV's spectrum occupies a portion of the L-band and is positioned between the frequencies used today by terrestrial wireless providers in the United States and Canada. MSV was the first MSS provider to receive a license to operate an ATC network from the Federal Communications Commission (FCC). These ATC licenses permit the use of its L-band satellite frequencies in the operation of an advanced, integrated network capable of providing broadband services on a fixed, portable and fully mobile basis.

MSV operates today with approximately 200,000 units in service on its network and had approximately \$29 million in revenue for the year ended December 31, 2005. MSV provides switched and packet data service and sells bulk capacity to service provider partners through two nearly identical GEOs. Consistent with its strategy to deploy an integrated satellite-terrestrial network, in January 2006 MSV entered into a contract with Boeing Satellite Systems, Inc. for the design and construction of its next generation satellites, which are expected to launch commencing in 2009. MSV believes its next generation satellites are designed to be powerful enough to enable subscribers to use transparent wireless devices, which refers to the use of integrated satellite and terrestrial technology on standard wireless devices that are substantially similar to current PCS/cellular devices in terms of aesthetics, cost and functionality within terrestrial applications.

MSV is also planning its terrestrial network. MSV expects the build-out of the terrestrial network in several markets in 2007 and complete additional market build-outs in the future until it achieves a top 50 market footprint in the United States and Canada. MSV believes that since it will roll out construction of its terrestrial network to markets based on its success in development along the way, it can mitigate the risk associated with network deployment for MSV's potential strategic partners and investors. As MSV reaches scale and sells services to additional wholesale partners, MSV plans to extend its network footprint incrementally to offer portable and fully mobile services.

TerreStar Networks

TerreStar was established as a wholly owned subsidiary of MSV in February 2002 to develop business opportunities related to the proposed receipt of certain licenses in the 2 GHz band, or S-band. TMI, one of our partners in MSV and a stockholder of TerreStar, holds the approval issued by Industry Canada for a 2 GHz space station authorization and related spectrum licenses for the provision of MSS in the 2 GHz band, as well as an authorization from the FCC for the provision of MSS in the 2 GHz band. These authorizations are subject to FCC and Industry Canada milestones relating to construction, launch, and operational date of the system. In order to satisfy the milestone requirements included within the authorizations, TerreStar and TMI entered into an agreement in which TerreStar agreed to enter into a non-contingent satellite procurement contract for the construction and delivery to TMI of a satellite that is consistent with the Canadian and FCC authorizations. TMI plans to transfer the Canadian authorizations to an entity that is eligible to hold the Canadian authorizations and in which TerreStar and/or TMI will have an interest, subject to obtaining the necessary Canadian regulatory approvals. Further, TMI agreed that at TerreStar's election, TMI will transfer the 2 GHz assets to the entity described above, subject to any necessary Canadian and United States regulatory approvals. In December 2002, TMI and TerreStar jointly applied to the FCC for authority to transfer TMI's MSS authorizations to TerreStar. In May 2005, MSV distributed the stock of TerreStar to its limited partners, including MSV Investors, which, in connection with the MSV Exchange Transactions, subsequently distributed such shares to its members, including us. As a result, we own 12% of TerreStar on a fully diluted basis.

MSV Exchange Transactions

On May 6, 2006, we entered into definitive agreements with certain other partners in MSV and the minority stakeholders in MSV Investors that, upon closing, resulted in our owning the majority of MSV and controlling MSV GP, as well as our owning all of the equity interests in MSV Investors. At the initial closing, which occurred on September 25, 2006, we issued an aggregate of 39,596,432 shares of our voting and non-voting common stock to a wholly owned subsidiary of Motient, other partners in MSV and the minority stakeholders in MSV Investors in exchange for approximately 14.2 million limited partnership interests of MSV, all of the common stock of MSV GP and all of the equity interests in MSV Investors held by these parties, resulting in us owning 52% of MSV on a fully diluted basis and 78% of MSV GP. Pursuant to the terms of these transactions, Motient agreed to use commercially reasonable efforts to take all steps necessary to distribute 25,478,273 shares of our common stock that it received to its common stockholders as soon as practicable following the initial closing. Prior to such distribution by Motient, these shares will be non-voting. On September 1, 2006, we agreed to allow Motient to distribute to BCE a portion of the shares of our non-voting common stock that it received in the initial closing in the event that BCE exchanges its shares of TerreStar common stock for shares of Motient common stock. To the extent that at the time of the distribution Motient and BCE have executed an agreement to exchange such shares of TerreStar for shares of Motient common stock, but such exchange has not been consummated, Motient will withhold from the distribution to Motient's common stockholders the number of shares of our non-voting stock sufficient to fulfill its agreement with BCE. Any shares of our common stock received by BCE pursuant to such arrangement will remain non-voting. Motient also has the right to exchange, until September 25, 2011, its remaining 6.7 million limited partnership interests of MSV for 18,855,144 shares of our non-voting common stock, which will be exchangeable for a like number of shares of our voting common stock upon the disposition of any such shares. If Motient has not exchanged these MSV interests prior to September 25, 2011, we have the right to require such interests to be exchanged for shares of our non-voting common stock at an exchange ratio reflecting the fair market value of such interests and our common stock on May 6, 2021. Following these subsequent transactions, we would own approximately 70% of MSV on a fully diluted basis and 78% of MSV GP.

The Company understands that a group of related stockholders of Motient have recently filed a lawsuit in the District Court of Travis County, Texas, seeking to enjoin the MSV Exchange Transactions and to rescind the

Table of Contents

exchange agreement between us and Motient on grounds alleging, among other things, that Motient's entry into the exchange agreement and Motient's consummation of the MSV Exchange Transactions violate the Investment Company Act of 1940. The resolution of any of these claims in favor of this group of stockholders of Motient could negatively affect our ability to consummate subsequent exchanges and future distributions contemplated by the MSV Exchange Transactions or, to the extent consummated to date, lead to the rescission of such transactions. Motient has advised us that it intends to vigorously fight these claims and that it believes that these claims are without merit.

BCE Exchange Transaction

On October 6, 2006, we also entered into an agreement to acquire from BCE all the equity interests in TMI Delaware, the wholly-owned subsidiary of BCE through which it owns its interests in MSV and MSV GP, in exchange for 21,393,355 shares of our non-voting common stock, which will be exchangeable for a like number of shares of our voting common stock upon the disposition of any such shares. Pursuant to the exchange agreement between us and BCE, this acquisition is expected to close on or before January 5, 2006 and will result in our owning 72% of MSV on a fully diluted basis (assuming that Motient has not yet exchanged any of its retained interests in MSV) and 100% of MSV GP.

We may acquire additional limited partnership interests of MSV if we negotiate and enter into exchange transactions with MSV option holders and/or any other holders of limited partnership interests of MSV. For a more detailed discussion, see "MSV Exchange Transactions."

TerreStar Exchange Transactions

On May 8, 2006, Motient announced that it had executed agreements with affiliates of Columbia Capital and Spectrum Equity Investors pursuant to which on September 25, 2006, Motient issued 2.7 million shares of its common stock in exchange for 1.5 million shares of TerreStar common stock held by these parties and issued an additional 1.4 million shares of its common stock in exchange for 0.8 million shares of TerreStar common stock held by other TerreStar stockholders who exercised their right to tag along with these exchange agreements, resulting in Motient owning 61% of TerreStar on a fully diluted basis. In connection with these transactions, prior to the initial closing of the MSV Exchange Transactions, MSV Investors distributed the shares of TerreStar common stock that it held to its members. These parties had the right to exchange their TerreStar common stock for Motient common stock provided they met certain notice obligations prior to October 11, 2006 and all of the former holders of MSV Investors participated in such exchange. We also had the right, but not the obligation, prior to October 11, 2006, to exchange our 4.2 million shares of TerreStar common stock for 7.5 million shares of Motient common stock, but we did not choose to participate in such exchange.

Rights Offering and Redemption of Preferred Stock

On May 6, 2006, we entered into a redemption agreement with the Apollo Stockholders pursuant to which we and the Apollo Stockholders agreed to the redemption of all outstanding shares of our Series A Preferred Stock. Such redemption occurred through a rights offering that we completed on July 25, 2006, in which we issued 6,661,150 shares of common stock for consideration of approximately \$119.9 million. We distributed to each stockholder of record, as of the close of business on June 22, 2006, 0.38225 of a non-transferable right for each share of common stock then owned, subject to adjustment to eliminate fractional rights. Each full subscription right entitled the holder to purchase one additional share of common stock at a purchase price of \$18.00 per share. Pursuant to the redemption agreement, the Apollo Stockholders agreed to purchase, at the \$18.00 per share subscription price, such number of shares of our common stock equal to the number of shares of

Table of Contents

common stock not subscribed for by other stockholders in the rights offering so as to ensure the aggregate proceeds from the rights offering were sufficient to redeem the outstanding Series A Preferred Stock at an aggregate price equal to the \$119.9 million aggregate liquidation preference of all outstanding shares of Series A Preferred Stock. Immediately following the consummation of the rights offering, we completed the redemption of all outstanding shares of the Series A Preferred Stock for the \$18.0 million of cash proceeds received in the rights offering and the 5,662,542 shares of common stock that were not subscribed for by other shareholders in the rights offering. In accordance with the redemption agreement, the Apollo Stockholders received 2,434,311 shares of voting common stock and 3,228,231 shares of non-voting common stock such that, immediately following the redemption of the Series A Preferred Stock, the Apollo Stockholders controlled 29.9% of our outstanding voting common stock.

We were incorporated in Delaware in 1985. Our executive offices are located at 19 West 44th Street, Suite 507, New York, New York 10036 and our telephone number is (212) 730-7540.

Table of Contents**CAPITALIZATION**

The following table sets forth our unaudited historical cash and cash equivalents and capitalization as of June 30, 2006 and our unaudited pro forma capitalization as of June 30, 2006, as adjusted to give effect to (i) the initial closing of the MSV Exchange Transactions, (ii) the distribution by Motient of our common stock to its common stockholders, and (iii) the closing of the BCE Exchange Transaction in each case, as if they had occurred on June 30, 2006. The table should be read in conjunction with Pro Forma Condensed Combined Financial Statements included elsewhere in this prospectus and Management's Discussion and Analysis of Financial Condition and Results of Operations and our financial statements and related notes thereto included in the documents incorporated by reference herein.

Notwithstanding the legal form of the initial closing of the MSV Exchange Transactions, the initial closing of the MSV Exchange Transactions has been accounted for as a reverse acquisition under the purchase method of accounting due to, among other things, the relative voting rights of the MSV and SkyTerra shareholder groups in the combined company after the MSV Exchange Transactions and the expected composition of senior management of the combined company. Accordingly, MSV has been considered the accounting acquirer for financial reporting purposes. As such, our historical financial statements, including the information presented below, are the historical financial statements of MSV. The consolidated financial statements of MSV have been retroactively restated to reflect the recapitalization of MSV with the 39,596,432 shares of our common stock issued to MSV equity holders in the initial closing of the MSV Exchange Transactions.

PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS

The following unaudited pro forma condensed combined statements of operations present our results of operations for the year ended December 31, 2005 and the six months ended June 30, 2006 assuming the following occurred on January 1, 2005: (i) the initial closing of the MSV Exchange Transactions, (ii) the distribution by Motient of our common stock to its common stockholders and (iii) the closing of the BCE Exchange Transaction. The following unaudited pro forma condensed combined balance sheet presents our financial position assuming that the initial closing of the MSV Exchange Transactions, the distribution by Motient of our common stock to its common stockholders and the closing of the BCE Exchange Transaction occurred on June 30, 2006.

The initial closing of the MSV Exchange Transactions will be accounted for as a reverse acquisition under the purchase method of accounting with MSV being treated as the accounting acquirer. Accordingly, our reported financial position and results of operations after the initial closing of the MSV Exchange Transactions will reflect the historical consolidated financial position and consolidated results of operations of MSV. The BCE Exchange Transaction will be accounted for under the purchase method of accounting as we are acquiring a portion of the minority interest in MSV.

The pro forma condensed combined financial statements include allocations of the purchase prices. These allocations are based on preliminary estimates of the fair value of the assets acquired and liabilities assumed, available information and management assumptions. Such allocations will be revised as additional information becomes available. The final purchase price allocations are dependent on the valuations of the actual net tangible and intangible assets that existed on the date of the initial closing of the MSV Exchange Transactions and that will exist on the closing date of the BCE Exchange Transaction. Any adjustments to the fair value assigned to the assets and liabilities will result in a change to the unaudited pro forma condensed combined financial statements.

The unaudited pro forma condensed combined financial statements set forth below should be read in conjunction with our Management's Discussion and Analysis of Financial Condition and Results of Operations, our consolidated financial statements and the related notes thereto incorporated by reference in this document. The unaudited pro forma condensed combined financial statements do not purport to represent what our results of operations or financial condition would actually have been had the initial closing of the MSV Exchange Transactions, the distribution by Motient of our common stock to its common stockholders and the closing of the BCE Exchange Transaction in fact occurred as of such date or to project our results of operations for any future period or as of any future date.

- (1) At the initial closing of the MSV Exchange Transactions, we issued 39,596,432 shares of our voting and non-voting common stock to a wholly owned subsidiary of Motient, other partners in MSV and the minority stakeholders in MSV Investors in exchange for approximately 14.2 million limited partnership interests of MSV, all of the common stock of MSV GP and all of the equity interests in MSV Investors held by these parties. As MSV is being treated as the accounting acquirer, such shares of our common stock have been reflected as outstanding for purposes of computing pro forma basic and diluted loss from continuing operations before cumulative effect of change in accounting principle per common share.

Motient has the right to exchange, until September 25, 2011, its remaining 6.7 million limited partnership interests in MSV for 18,855,144 shares of our non-voting common stock, which will be exchangeable for a like number of shares of our voting common stock upon the disposition of any such shares. If Motient does not exchange these MSV interests prior to September 25, 2011, we have the right to require such interests be exchanged for shares of our common stock at an exchange ratio reflecting the fair market value of such

interests and our common stock on May 6, 2021. These future transactions are not reflected in the pro forma condensed combined financial statements.

- (2) Prior to the initial closing of the MSV Exchange Transactions, we accounted for our interest in MSV under the equity method. The adjustment reflects the elimination of the equity in loss of MSV relating to our proportionate share of the net loss of MSV.

The adjustment reflects elimination of the proportionate share of the net loss of the MSV Investors that was attributable to the group of unaffiliated third parties who owned the minority interest in MSV Investors.
- (4) As a result of the initial closing of the MSV Exchange Transactions, we now own approximately 59% of the outstanding limited partnership interests of MSV. The adjustment reflects the proportionate share of the net loss of MSV that is attributable to the minority interest that holds the remaining 41% of the outstanding limited partnership interests of MSV.
- (5) On July 25, 2006, we completed the redemption of all outstanding shares of our Series A Preferred Stock. Such redemption was a condition to the initial closing of the MSV Exchange Transactions. - (1) Pursuant to the separation agreement between Hughes and us, we retained \$12.5 million of cash and cash equivalents. Following the initial closing of the MSV Exchange Transactions, the remaining balance, if any, of the \$12.5 million of cash and cash equivalents, less certain outstanding payables, will be transferred to Hughes. The adjustment reflects the distribution of \$5.3 million of cash and cash equivalents held by us as of June 30, 2006 to Hughes pursuant to the separation agreement.
- (2) Prior to the initial closing of the MSV Exchange Transactions, a minority stakeholder in MSV Investors distributed to its shareholders all of its assets other than its interest in MSV Investors. Under the terms of the merger agreement between us and the shareholders of the minority stakeholder, such shareholders have agreed to indemnify us for any taxes imposed on the minority stakeholder for any taxable period or portion thereof ending on or prior to the initial closing of the MSV Exchange Transactions, including all liabilities for taxes relating to the distribution of its assets as described above. At closing, such shareholders paid us \$7.5 million of cash which we will use to pay such taxes. To the extent that the tax liability shown due on any tax return that is filed after the closing with respect to taxable periods ending on or prior to the closing is less than \$7.5 million, we will refund to the former shareholders the difference between such tax liability and \$7.5 million.
- (3) Prior to the initial closing of the MSV Exchange Transactions, we accounted for our interest in MSV under the equity method. The adjustment reflects the elimination of our investment in MSV.
- (4) We will account for the initial closing of the MSV Exchange Transactions as a reverse acquisition under the purchase method of accounting with MSV being treated as the accounting acquirer. Our preliminary estimate of the purchase price is \$424.0 million, which consists of (i) the \$409.3 million fair value attributed to the 24,610,616 shares of our common stock outstanding as of the initial closing, (ii) the \$7.8 million fair value attributed to outstanding options to purchase shares of our common stock exercisable as of the initial closing and (iii) the \$6.9 million fair value attributed to our Series 1-A and Series 2-A warrants. The fair value of the outstanding common stock was calculated based on the average closing price of our common stock for a range of trading days around and including the May 8, 2006 announcement date of the MSV Exchange Transactions. The fair value of the outstanding stock options was calculated using the Black-Scholes option pricing model and the following assumptions: a risk-free interest rate of 5.1%, an expected term of less than one year, volatility of approximately 37% and an annual dividend yield of 0%. The fair value of the Series 1-A and Series 2-A warrants was calculated using the Black-Scholes option pricing model and the following assumptions: a risk-free interest rate of 4.8%, an expected term of seven years, volatility of approximately 50% and an annual dividend yield of 0%.

The \$424.0 million total estimated purchase price has been allocated to the acquired assets and liabilities based on their relative estimated fair value, net of the allocation of the excess of fair value of the acquired net assets over the purchase price. The final allocation of the purchase price is dependent on a number of factors, including the final evaluation of the fair value of the tangible and identifiable intangible assets acquired and liabilities assumed. The following table presents the preliminary allocation:

	June 30, 2006 (in thousands)
Current assets	\$ 4,493
Investment in Mobile Satellite Ventures LP ^(a)	294,201
Investment in TerreStar Networks, Inc.	127,261
Total assets acquired	425,955
Current liabilities	(1,922)
Purchase price	\$ 424,033

- (a) As MSV is treated as the accounting acquirer, the limited partnership units held by us prior to the initial closing of the MSV Exchange Transactions are deemed to be reacquired in a treasury stock transaction. Accordingly, the value allocated to such limited partnership interests is recorded as a reduction of stockholders' equity.

Table of Contents

- (5) At the initial closing, we acquired from the holders of the 20% minority interest in MSV Investors their stake in MSV Investors in exchange for shares of our common stock. The adjustment reflects elimination of the minority interest that was attributable to the group of unaffiliated third parties who owned the minority interest in MSV Investors.
- (6) As a result of the initial closing of the MSV Exchange Transactions, we own approximately 59% of the outstanding limited partnership interests of MSV. The adjustment reflects the reclassification of the proportionate share of the historical components of limited partners equity in MSV that is attributable to the minority interest that holds the remaining 41% of the outstanding limited partnership interests of MSV.

Motient has the right to exchange, until September 25, 2011, its remaining 6.7 million limited partnership interests in MSV for 18,855,144 shares of our non-voting common stock, which will be exchangeable for a like number of shares of our voting common stock upon the disposition of any such shares. If Motient does not exchange these MSV interests prior to September 25, 2011, we have the right to require such interests be exchanged for shares of our common stock at an exchange ratio reflecting the fair market value of such interests and our common stock on May 6, 2021. Upon such exchange, the minority interest in MSV would be reduced to approximately 22% of the limited partner interests in MSV. These potential transactions are not reflected in the pro forma condensed combined financial statements.

- (7) On July 25, 2006, we completed the redemption of all outstanding shares of our Series A Preferred Stock. Such redemption was a condition to the initial closing of the MSV Exchange Transactions. The adjustment reflects elimination of the Series A Preferred Stock.
- (8) Adjustment reflects the reclassification of the proportionate share of the historical limited partners equity of MSV to reflect the 39,596,432 shares of our common stock issued on the initial closing of the MSV Exchange Transactions.
- (9) Adjustment reflects the elimination of our historical common stock, accumulated other comprehensive loss and accumulated deficit.
- (10) Adjustment reflects an estimated \$0.4 million of legal and other advisory fees incurred related to the BCE Exchange Transaction, including \$0.2 million that relates to the registration and issuance of the shares of our common stock at the closing.
- (11) Prior to the initial closing of the BCE Exchange Transaction, TMI Delaware will distribute to BCE and its affiliates all of the assets of TMI Delaware other than its limited partnership interests in MSV and its common stock of MSV GP. Under the terms of the exchange agreement between us and BCE, BCE has agreed to indemnify us for any taxes imposed on TMI Delaware for any taxable period or portion thereof ending on or prior to the initial closing of the BCE Exchange Transaction, including all liabilities for taxes relating to the distribution of its assets as described above. At closing, BCE will pay us \$42.0 million of cash which we will use to pay such taxes. To the extent that the tax liability shown due on any tax return that is filed after the closing with respect to taxable periods ending on or prior to the closing is less than \$42.0 million, we will refund to BCE the difference between such tax liability and \$42.0 million.
- (12) We will account for the BCE Exchange Transaction under the purchase method of accounting as we are acquiring a portion of the minority interest in MSV. The pro forma financial statements reflect the allocation of our estimated \$301.2 million purchase price to the portion of the net tangible and intangible assets of MSV attributable to the minority interest purchased. The estimated purchase price represents the fair value of the 21,393,355 shares of our non-voting common stock issued in connection with the BCE Exchange Transaction based on the average closing price of our common stock for a range of trading days around and including the October 9, 2006 announcement date of the BCE Exchange Transaction plus the \$0.2 million of estimated legal and other advisory fees incurred related to the BCE Exchange Transaction.

Table of Contents

The \$301.2 million estimated purchase price has been allocated to MSV's assets and liabilities based on their estimated fair value, net of the allocation of the excess of fair value of the proportionate share of MSV's net assets attributable to the minority interest acquired over the purchase price. The final allocation of the purchase price is dependent on a number of factors, including the final evaluation of the fair value of MSV's tangible and identifiable intangible assets and liabilities as of the closing date. The following table presents the preliminary allocation:

EXCHANGE TRANSACTIONS

The following description is only a summary of the material provisions of the exchange agreements between us, Motient, BCE and other partners in MSV. It does not purport to be complete and we urge you to read the exchange agreements because the exchange agreements, not this description, define your rights as holders of our common stock. You may request a copy of these agreements by written request at our address set forth under the heading **Where You Can Find More Information**.

MSV Exchange Transactions

On May 6, 2006, we entered into definitive agreements with certain other partners in MSV and the minority stakeholders in MSV Investors that, upon closing, resulted in our owning the majority of MSV and controlling MSV GP, as well as our owning all of the equity interests in MSV Investors. At the initial closing, which occurred on September 25, 2006, we issued an aggregate of 39,596,432 shares of our voting and non-voting common stock to a wholly owned subsidiary of Motient, other partners in MSV and the minority stakeholders in MSV Investors in exchange for approximately 14.2 million limited partnership interests of MSV, all of the common stock of MSV GP and all of the equity interests in MSV Investors held by these parties, resulting in us owning 52% of MSV on a fully diluted basis and 78% of MSV GP. Pursuant to the terms of these transactions, Motient agreed to use commercially reasonable efforts to take all steps necessary to distribute 25,478,273 shares of our common stock that it received to its common stockholders as soon as practicable following the initial closing. Prior to such distribution by Motient, these shares will be non-voting. On September 1, 2006, we agreed to allow Motient to distribute to BCE a portion of the shares of our non-voting common stock that it received in the initial closing in the event that BCE exchanges its shares of TerreStar common stock for shares of Motient common stock. To the extent that at the time of the distribution Motient and BCE have executed an agreement to exchange such shares of TerreStar for shares of Motient common stock, but such exchange has not been consummated, Motient will withhold from the distribution to Motient's common stockholders the number of shares of our non-voting stock sufficient to fulfill its agreement with BCE. Any shares of our common stock received by BCE pursuant to such arrangement will remain non-voting. Motient also has the right to exchange, until September 25, 2011, its remaining 6.7 million limited partnership interests of MSV for 18,855,144 shares of our non-voting common stock, which will be exchangeable for a like number of shares of our voting common stock upon the disposition of any such shares. If Motient has not exchanged these MSV interests prior to September 25, 2011, we have the right to require such interests to be exchanged for shares of our non-voting common stock at an exchange ratio reflecting the fair market value of such interests and our common stock on May 6, 2021. Following these subsequent transactions, we would own approximately 70% of MSV on a fully diluted basis and 78% of MSV GP.

The basic terms of the transactions included, among other things, the following:

At the initial closing, Motient exchanged 61% of its interest in MSV (representing 26% of MSV on a fully diluted basis) for (i) 25,478,273 shares of our non-voting common stock, which Motient may exchange for shares of our voting common stock to be distributed to Motient's common stockholders (subject to any reduction in shares resulting from an agreement between Motient and TMI whereby a portion of such shares of non-voting common stock will be distributed to TMI) and (ii) 3,573,214 shares of our voting common stock, acquired upon the distribution by former limited partners of MSV of the shares of our common stock received by them in the MSV Exchange Transactions to their respective stockholders.

The remaining 39% of Motient's interest in MSV (representing 17% of MSV on a fully diluted basis) was retained by Motient, and Motient has the right to exchange these MSV interests at the same exchange ratio (i.e., for a total 18,855,144 shares of our non-voting common stock, which will be exchangeable for a like number of shares of our voting stock upon the disposition of any such shares) until September 25, 2011. If Motient does not exchange its remaining MSV interests prior to September 25, 2011, we have the right to require such interests to be exchanged for shares of our non-voting common stock at an exchange ratio reflecting the fair market value of such interests and our

common stock on May 6, 2021. Motient has stated that it intends to use the shares of our common stock that it receives in any such subsequent closing or closings to distribute to holders of its outstanding preferred stock upon the conversion of such preferred stock to common stock, to dividend to its common stockholders and/or to sell shares of our common stock, including sales pursuant to the registration statement of which this prospectus forms a part, to raise funds to satisfy tax obligations incurred by Motient in connection with the MSV Exchange Transactions and for general corporate purposes.

At the initial closing, we acquired all of Motient's shares of MSV GP.

Certain other MSV limited partners have also exchanged their MSV interests (representing 6% of MSV) for 6,419,762 shares of our common stock, reflecting the same exchange ratio as in the Motient exchange.

We also acquired from the holders of the 20% minority interest in MSV Investors their stake in MSV Investors in exchange for 4,125,183 shares of our common stock. Immediately prior to that acquisition, MSV Investors distributed to its members, including us, their pro rata portions of its interests in TerreStar.

The Company understands that a group of related stockholders of Motient have recently filed a lawsuit in the District Court of Travis County, Texas, seeking to enjoin the MSV Exchange Transactions and to rescind the exchange agreement between us and Motient on grounds alleging, among other things, that Motient's entry into the exchange agreement and Motient's consummation of the MSV Exchange Transactions violate the Investment Company Act of 1940. The resolution of any of these claims in favor of this group of stockholders of Motient could negatively affect our ability to consummate subsequent exchanges and future distributions contemplated by the MSV Exchange Transactions or, to the extent consummated to date, lead to the rescission of such transactions. Motient has advised us that it intends to vigorously fight these claims and that it believes that these claims are without merit.

BCE Exchange Transaction

On October 6, 2006, we also entered into an agreement to acquire from BCE all the equity interests in TMI Delaware, the wholly-owned subsidiary of BCE through which it owns its interests in MSV and MSV GP, in exchange for 21,393,355 shares of our non-voting common stock, which will be exchangeable for a like number of shares of our voting common stock upon the disposition of any such shares. Pursuant to the exchange agreement between us and BCE, this acquisition is expected to close on or before January 5, 2006 and will result in our owning 72% of MSV on a fully diluted basis (assuming that Motient has not yet exchanged any of its retained interests in MSV) and 100% of MSV GP.

Prior to the initial closing of the BCE Exchange Transaction, TMI Delaware will distribute to BCE and its affiliates all of the assets of TMI Delaware other than its limited partnership interests in MSV and its common stock of MSV GP. Under the terms of the exchange agreement between us and BCE, BCE has agreed to indemnify us for any taxes imposed on TMI Delaware for any taxable period or portion thereof ending on or prior to the initial closing of the BCE Exchange Transaction, including all liabilities for taxes relating to the distribution of its assets as described above. At closing, BCE will pay us \$42.0 million of cash which we will use to pay such taxes. To the extent that the tax liability shown due on any tax return that is filed after the closing with respect to taxable periods ending on or prior to the closing is less than \$42.0 million, we will refund to BCE the difference between such tax liability and \$42.0 million.

In connection with the MSV Exchange Transactions and the BCE Exchange Transaction, we have also entered into a series of registration rights agreements with the various parties pursuant to which the shares received in the various transactions have been or will be registered with the SEC, including the registration statement of which this prospectus forms a part.

We may also acquire additional limited partnership interests of MSV if we negotiate and enter into exchange transactions MSV option holders and the other holders of limited partnership interests of MSV, although no assurances can be given in this regard.

TerreStar Exchange Transaction

On May 8, 2006, Motient announced that it had executed agreements with affiliates of Columbia Capital and Spectrum Equity Investors pursuant to which on September 25, 2006, Motient issued 2.7 million shares of its common stock in exchange for 1.5 million shares of TerreStar common stock held by these parties and issued an additional 1.4 million shares of its common stock in exchange for 0.8 million shares of TerreStar common stock held by other TerreStar stockholders who exercised their right to tag along with these exchange agreements, resulting in Motient owning 61% of TerreStar on a fully diluted basis. In connection with these transactions, prior to the initial closing of the MSV Exchange Transactions, MSV Investors distributed the shares of TerreStar common stock that it held to its members. These parties had the right to exchange their TerreStar common stock for Motient common stock provided they met certain notice obligations prior to October 11, 2006 and all of the former holders of MSV Investors participated in such exchange. We also had the right, but not the obligation, prior to October 11, 2006, to exchange our 4.2 million shares of TerreStar common stock for 7.5 million shares of Motient common stock, but we did not choose to participate in such exchange.

TerreStar Amendments

On May 6, 2006, MSV Investors, Motient, certain other partners in MSV and a sufficient number of TerreStar stockholders entered into Amendment No. 2 to the TerreStar Networks Inc. Stockholders Agreement, which amended, effective immediately, certain provisions of the existing TerreStar Networks Inc. Stockholders Agreement relating to the issuance of additional securities by TerreStar and the tag along rights among TerreStar stockholders. In addition, on May 6, 2006, the same parties entered into an Amended and Restated TerreStar Networks Inc. Stockholders Agreement, which became effective immediately prior to the initial closing of the MSV Exchange Transactions, which amended and restated the TerreStar Stockholders Agreement, as amended, to revise and delete certain provisions of the existing agreement among TerreStar stockholders. TMI Delaware joined as a party to these amendments on October 6, 2006.

MSV GP Amendments

On May 6, 2006, MSV Investors, Motient, certain other partners in MSV and a sufficient number of stockholders of MSV GP entered into Amendment No. 3 to the Mobile Satellite Ventures GP Inc. Stockholders Agreement (MSV GP Agreement), which amended, effective immediately, certain provisions in the existing Stockholders Agreement of MSV GP relating to the tag along rights and right of first refusal among such stockholders. On September 25, 2006, the stockholders of MSV GP entered into Amendment No. 4 to the MSV GP Agreement, which, effective immediately, eliminated restrictions on transactions with affiliates and restrictions on the disposition of limited partnership interests separately from the common stock of MSV GP. TMI Delaware joined as a party to these amendments on October 6, 2006. Upon closing of the BCE Exchange Transaction, the MSV GP Agreement will be terminated.

MSV LP Amendments

On September 25, 2006, the limited partners of MSV entered into Amendment No. 1 to the Amended and Restated Limited Partnership Agreement of Mobile Satellite Ventures LP, which, effective immediately, amended certain information rights of the limited partners and also eliminated restrictions on transactions with affiliates of MSV. TMI Delaware joined as a party to this amendment on October 6, 2006.

MSV Operational Agreements

In connection with the execution of the exchange agreement between us and BCE, we and BCE caused certain of our respective subsidiaries, including MSV and TMI Delaware, to execute a number of amendments and terminations of existing agreements relating to the operations of MSV, including termination of MSV's existing preferred provider agreement with BCE, extension of its preferred provider agreement with Telesat,

entry into a new non-interference agreement with BCE, release of TMI Delaware's pledge of its interests in MSV to the other limited partners of MSV and amendment of the stockholders agreement of Mobile Satellite Ventures (Canada) Inc.

Rights Offering and Redemption of Preferred Stock

On May 6, 2006, we entered into a redemption agreement with the Apollo Stockholders pursuant to which we and the Apollo Stockholders agreed to the redemption of all outstanding shares of our Series A Preferred Stock. Such redemption occurred through a rights offering that we completed on July 25, 2006 and in which we issued 6,661,150 shares of common stock for consideration of approximately \$119.9 million. We distributed to each stockholder of record, as of the close of business on June 22, 2006, 0.38225 of a non-transferable right for each share of common stock then owned, subject to adjustment to eliminate fractional rights. Each full subscription right entitled the holder to purchase one additional share of common stock at a purchase price of \$18.00 per share. Pursuant to the redemption agreement, the Apollo Stockholders agreed to purchase, at the \$18.00 per share subscription price, such number of shares of our common stock equal to the number of shares of common stock not subscribed for by other stockholders in the rights offering so as to ensure the aggregate proceeds from the rights offering were sufficient to redeem the outstanding Series A Preferred Stock at an aggregate price equal to the \$119.9 million aggregate liquidation preference of all outstanding shares of Series A Preferred Stock. Immediately following the consummation of the rights offering, we completed the redemption of all outstanding shares of the Series A Preferred Stock for the \$18.0 million of cash proceeds received in the rights offering and the 5,662,542 shares of common stock that were not subscribed for by other shareholders in the rights offering. In accordance with the redemption agreement, the Apollo Stockholders received 2,434,311 shares of voting common stock and 3,228,231 shares of non-voting common stock such that, immediately following the redemption of the Series A Preferred Stock, the Apollo Stockholders controlled 29.9% of our outstanding voting common stock.

PLAN OF DISTRIBUTION

We are registering shares of our common stock on behalf of the selling stockholders. As used in this prospectus, "selling stockholder" includes donees, transferees, pledgees and other successors in interest that receive such shares as a gift, pledge, partnership distribution or other non-sale transfer from a selling stockholder after the date of this prospectus. We will pay for all costs, expenses and fees in connection with the registration of the shares. The selling stockholders will pay for all selling discounts and commissions, if any, as well as fees and expenses of any counsel employed by them. The selling stockholders may offer and sell their shares from time to time in one or more of the following types of transactions (including block transactions):

on any national exchange on which the shares may be listed or any automatic quotation system through which the shares may be quoted,

in the over-the-counter market,

in privately negotiated transactions,

through put and call transactions,

through short sales,

by pledge to secure debts and other obligations,

to cover hedging transactions,

through the issuance of derivative securities, including warrants, exchangeable securities, forward delivery contracts and the writing of options,

underwritten offerings,

a combination of such methods of sale, and

any other legally available means.

The selling stockholders may sell their shares at prevailing market prices or at privately negotiated prices. The selling stockholder may use brokers, dealers or agents to sell their shares. The persons acting as agents may receive compensation in the form of commissions, discounts or concessions. This compensation may be paid by the selling stockholder or the purchasers of the shares for whom the selling stockholders may act as agent, or to whom the selling stockholders may sell as a principal, or both.

The selling stockholders may enter into hedging transactions with broker-dealers or other financial institutions. In connection with these transactions, broker-dealers or other financial institutions may engage in short sales of the shares in the course of hedging positions they assume with the selling stockholders. The selling stockholders may also enter into options or other transactions with broker-dealers or other financial institutions which require the delivery to these broker-dealers or other financial institutions of shares, which such broker-dealer or other financial

Edgar Filing: SKYTERRA COMMUNICATIONS INC - Form S-3

institution may resell pursuant to this prospectus (as amended or supplemented to reflect such transaction). The selling stockholders may also engage in short sales of shares and, in those instances, this prospectus may be delivered in connection with the short sales and the shares offered under this prospectus may be used to cover the short sales.

Motient is an underwriter within the meaning of the Securities Act of 1933 in connection with its sales of our common stock pursuant to the registration statement of which this prospectus forms a part. Other selling stockholders and any agents or broker-dealers that participate with the other selling stockholders in the offer and sale of the shares may be deemed underwriters within the meaning of Section 2(a)(11) of the Securities Act of 1933 in connection with any sales of our common stock. Any commissions any such underwriter receives and any profit any such underwriter realizes on the resale of the shares by them are underwriting discounts and commissions under the Securities Act of 1933. Neither we nor the selling stockholders can presently estimate the

Table of Contents

amount of such compensation. Selling stockholders that are deemed underwriters within the meaning of the Securities Act of 1933 will be subject to the prospectus delivery requirements of the Securities Act of 1933, which may include delivery through the facilities of the applicable exchange or automated quotation system pursuant to Rule 153 under the Securities Act of 1933. The selling stockholders may agree to indemnify any agent, dealer or broker-dealer that participates in transactions involving shares against certain liabilities, including liabilities arising under the Securities Act of 1933.

In order to comply with the securities laws of most states, if applicable, the shares of common stock may be sold in those jurisdictions only through registered or licensed brokers or dealers. In addition, in some states the shares of common stock may not be sold unless they have been registered or qualified for sale or an exemption from registration or qualification requirements is available and is complied with.

The selling stockholders and any other person participating in a distribution of the securities covered by this prospectus will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of any of the securities by the selling stockholders and any other such person. Furthermore, under Regulation M, any person engaged in the distribution of the securities may not simultaneously engage in market-making activities with respect to the particular securities being distributed for certain periods prior to the commencement of or during such distribution. Regulation M's prohibition on purchases may include purchases to cover short positions by the selling stockholders and a selling stockholder's failure to cover a short position at a lender's request and subsequent purchases by the lender in the open market of shares to cover such short positions, may be deemed to constitute an inducement to buy shares, which is prohibited by Regulation M. All of the above may affect the marketability of the securities and the ability of any person or entity to engage in market-making activities with respect to the securities.

We are not aware of whether the selling stockholders have entered into any agreements, understanding or arrangements with any broker-dealers regarding the sale of its shares, nor are we aware that there is an underwriter, other than Motient, or coordinating broker acting in connection with the proposed sale of shares by the selling stockholders.

Selling stockholders also may resell all or a portion of the shares in open market transactions in reliance upon Rule 144 under the Securities Act of 1933, provided such transactions meets the criteria and conforms to the requirements of that rule.

Following notification by a selling stockholder that it has entered into any material arrangement with a broker-dealer for the sale of shares through a block trade, special offering, exchange distribution or secondary distribution or a purchase by a broker or dealer, a supplement to this prospectus will be filed, if required, pursuant to Rule 424(b) under the Securities Act, disclosing:

the name of each such selling stockholder and of the participating broker-dealer(s);

the number of shares involved;

the initial price at which these shares were sold;

the commissions paid or discounts or concessions allowed to such broker-dealer(s), where applicable;

that such broker-dealer(s) did not conduct any investigation to verify the information set out or incorporated by reference in this prospectus; and

any other facts material to the transactions.

Item 15. Indemnification of Officers and Directors.

The Company's restated certificate of incorporation, referred to herein as the certificate of incorporation, contains a provision which provides that no director of the Company shall be personally liable to the Company or its stockholders for monetary damages for a breach of fiduciary duty as a director except for liabilities:

- (i) for any breach of the director's duty of loyalty;
- (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;
- (iii) for an unlawful dividend payment or an unlawful repurchase or redemption of stock under Section 174 of the Delaware General Corporation Law; or
- (iv) for any transaction from which the director derived an improper personal benefit.

The Company's certificate of incorporation provides that the Company may indemnify each person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the Company) by reason of the fact that he is or was a director, officer, employee or agent of the Company, or is or was serving at the request of the Company as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amount paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding, if he acted in good faith in a manner he reasonably believed to be in or not opposed to the best interest of the Company, and with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interest of the Company, and with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

The Company's certificate of incorporation provides that the Company may indemnify each person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the Company to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee or agent of the Company, or is or was serving at the request of the Company as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interest of the Company, except that no indemnification shall be made in respect of any

claim, issue or matter as to which such person shall have been adjudged to be liable to the Company unless and only to the extent that the court in which such action or suit was brought shall determine upon application, that despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnify for such expenses which the court of chancery or such other court shall deem proper.

To the extent that a director, officer, employee or agent of the Company has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to above or in defense of any claim, issue or matter therein, the Company's certificate of incorporation provides that he will be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him in connection therewith.

Any indemnification under the provisions of the Company's certificate of incorporation (unless ordered by a court) will be made by the Company upon a determination that indemnification of the director, officer, employee or agent is proper in the circumstances because he has met the applicable standard of conduct set forth above. Such determination shall be made (1) by the board of directors by a majority vote of a quorum consisting of directors who were not parties to such action, suit or proceeding, or (2) if such a quorum of disinterested directors so directs, by independent legal counsel in a written opinion, or (3) by the stockholders.

The Company's certificate of incorporation provides that the Company may pay expenses incurred by defending a civil or criminal action, suit or proceeding in advance of the final disposition of such action, suit or proceeding in the manner provided herein upon receipt of any undertaking by or on behalf of the director, officer, employee or agent to repay such amount if it is ultimately determined that he is not entitled to be indemnified by the Company.

The Company's certificate of incorporation provides that the indemnification and advancement of expenses will, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

The Company's certificate of incorporation provides that the indemnification and advancement of expenses provided therein will not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any by-law, agreement, vote of stockholders or of any disinterested directors or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office.

The Company's certificate of incorporation provides that the Company may purchase and maintain insurance on behalf of any person who is or was serving the Company in any capacity referred to above against any liability asserted against him and incurred by him in such capacity, or arising out of his status as such, whether or not the Company would have the power to indemnify him against such liability under the provisions of its certificate of incorporation.

The Company's amended and restated by-laws, referred to herein as the by-laws, provide that the Company will indemnify any director and any officer of the Company who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative, quasi-administrative or investigative, other than an action by or in the right of the Company, referred to herein as a Third Party Proceeding, by reason of the fact that he or she was or is a director or officer, employee or agent of the Company, acting solely in such capacity, or a person serving at the request of the Company as a director, officer, partner, trustee, employee or agent of another corporation, partnership, joint venture, trust, committee or other enterprise 50% or more of whose voting stock or equitable interest shall be owned by this Company, each referred to herein as an Authorized Representative, against his or her expenses and liabilities (including attorneys' fees), actually and reasonably incurred by him or her in connection with the Third Party Proceeding if he or she acted in good faith and in a manner reasonably believed by him or her to be in, or not opposed to, the best interests of the Company and, with respect to any Third Party Proceeding

involving potential criminal liability, referred to herein as a Criminal Third Party Proceeding, had no reasonable cause to believe his or her conduct was unlawful or in violation of applicable rules. The termination of any Third Party Proceeding by judgment, order, settlement, consent filing of a criminal complaint or information, indictment, conviction or upon a plea of nolo contendere or its equivalent, will not, of itself, create a presumption that the person did not act in good faith and in a manner which he or she reasonably believed to be in, or not opposed to, the best interests of the Company or, with respect to any Criminal Third Party Proceeding, had reasonable cause to believe that his or her conduct was unlawful.

The Company's by-laws provide that the Company will indemnify any director or officer of the Company who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by the Company to produce a judgment in favor of its shareholders, or any threatened, pending or completed action or suit in the right of the Company by its stockholders to procure a judgment in favor of the Company, referred to herein as a Derivative Action, by reason of the fact that the director or officer was or is an Authorized Representative of the Company, against his or her expenses (including attorneys' fees) actually and reasonably incurred by the director or officer in the action if he or she acted in good faith and in a manner reasonably believed by him or her to be in, or not opposed to, the best interests of the Company; except that no indemnification will be made in respect of any claim, issue or matter as to which he or she has been adjudged to be liable for negligence or misconduct in the performance of his or her duty to the Company unless and only to the extent that the court of common pleas, or other similarly constituted state court, located in the county where the registered office of the Company is located or the court in which such Derivative Action is or was pending, determines upon application that, despite the adjudication of liability but in view of all circumstances of the case, he or she is fairly and reasonably entitled to indemnify for expenses which the court deems proper.

An Authorized Representative of the Company (other than a director or officer of the Company) may be indemnified by the Company or have his or her expenses advanced in accordance with the procedures described below. To the extent that an Authorized Representative of the Company has been successful on the merits or otherwise in defense of any Third Party Proceeding or Derivative Action or in defense of any claim, issue or matter therein, the Authorized Representative will be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him or her in connection therewith.

Indemnification under the provisions of the Company's by-laws described above (unless ordered by a court, in which case the expenses, including attorneys' fees of the Authorized Representative in enforcing indemnification will be added to and included in the final judgment against the Company) will be made by the Company only as authorized in the specific case upon a determination that the indemnification of the Authorized Representative is required or proper in the circumstances because he or she has met the applicable standard of conduct set forth above or has been successful on the merits or as otherwise in defense of any Third Party Proceeding or Derivative Action and that the amount requested has been actually and reasonably incurred. Such determination shall be made:

- (b) By the board of directors or a committee thereof, acting by a majority vote of a quorum consisting of directors of the Company who are not parties or have no economic or other collateral personal benefit relating to a Third Party Proceeding or Derivative Action, referred to here in as Disinterested Directors; or
- (c) If a quorum is not obtainable or, even if obtainable, a majority vote of a quorum of Disinterested Directors so directs, by independent legal counsel in a written opinion.

The Company's by-laws provide that expenses incurred in defending a Third Party Proceeding or Derivative Action will be paid on behalf of a director or officer, and may be paid on behalf of any Authorized Representative, by the Company in advance of the final disposition of the action as authorized in the manner provided above (except that the person(s) making the determination thereunder need not make a determination on whether the applicable standard of conduct has been met unless a judicial determination has been made with respect thereto, or the person seeking indemnification has conceded that he or she has not met such standard) upon receipt of an undertaking by or on behalf of the Authorized Representative to repay the amount to be

advanced unless it shall ultimately be determined that the Authorized Representative is entitled to be indemnified by the Company as required in the Company's by-laws or authorized by law. The financial ability of any Authorized Representative to make repayment will not be a prerequisite to making of an advance.

The Company's by-laws provide the Company may purchase and maintain insurance on behalf of any person who is or was an Authorized Representative against any expenses and liabilities asserted against him or her and incurred by him or her in any such capacity, whether or not the Company would have the power to indemnify him or her against such expenses and liabilities under the provisions of the Company's by-laws.

The indemnification provided by the Company's by-laws is not deemed to be exclusive of any other right to which a person seeking indemnification may be entitled under any statute, agreement, vote of Disinterested Directors, or otherwise, regardless of whether the event giving rise to indemnification occurred before or after the effectiveness thereof, both as to action taken in another capacity while holding his or her office or position, and will continue as to a person who has ceased to be an Authorized Representative of the Company and will inure to the benefit of his or her heirs and personal representatives.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

The undersigned registrant hereby further undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the

Table of Contents

registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions described in Item 15 Indemnification of Directors and Officers above, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby further undertakes that:

- (1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.
- (2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
