-

**Item 8.01 Other Events.**

On December 14, 2006, Spectrum Pharmaceuticals, Inc. (the Company) issued a press release announcing that, on December 12, 2006, the Company filed a Demand for Arbitration and Statement of Claims with the American Arbitration Association (the Demand), to address violations of the letter and spirit of its co-development and license agreement with GPC Biotech AG (GPC Biotech) dated September 30, 2002 (the License Agreement). Through the Demand, the Company seeks to enforce its rights under the License Agreement. The Demand is a response to GPC Biotech's intentional and bad faith exclusion of the Company from the Company's rightful participation in sublicense fee income received by GPC Biotech, and to other non-monetary violations of the License Agreement. The Demand also seeks a declaration that GPC Biotech's breaches provide a basis for termination of the License Agreement. If the License Agreement is terminated, GPC Biotech would be required to transfer to the Company all rights to satraplatin, including GPC's sublicense agreement with Pharmion GmbH. A complete copy of the press release is attached hereto as exhibit 99.1 and incorporated herein by reference. GPC has indicated that it believes the claims made in the Demand are without merit and that it intends to file counterclaims against the Company.
