**Item 8.01. Other Events.**

This Current Report on Form 8-K is being filed to update the historical financial statements included in International Paper Company's Annual Report on Form 10-K for the year ended December 31, 2007 (the 2007 Form 10-K) to reflect changes to the Company's allocation of corporate overhead expenses as described below.

Effective January 1, 2008, the Company changed its method of allocating corporate overhead to increase the expense amounts allocated to its business segments in reports reviewed by its chief executive officer to facilitate performance comparisons with other companies. Accordingly, the Company has revised its presentation of industry segment operating profit to reflect this change in allocation method, and has restated all comparative prior period information on this basis.

The Company is filing this Current Report on Form 8-K to reflect the impact of this change in allocation of corporate overhead on previously issued financial statements. This will permit the Company to incorporate these financial statements by reference in future SEC filings.

This change in method of allocating corporate overhead expenses to the Company's business segments is set forth below in the following sections of the Company's 2007 Form 10-K.
