Note 1: Basis of Presentation

The accompanying unaudited financial statements have been prepared from the records of the Company, in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). In the opinion of management, the accompanying unaudited financial statements contain all adjustments (consisting of only normal recurring accruals) necessary to present fairly the financial position as of March 31, 2008, and the results of operations and cash flows for the three months ended March 31, 2008 and 2007. These financial statements should be read in conjunction with the audited financial statements and notes thereto contained in the Company's annual report on Form 10-KSB for the year ended December 31, 2007.

There is no provision for dividends for the quarter to which this quarterly report relates.

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The results of operations for the three-month period ended March 31, 2008 are not necessarily indicative of the results to be expected for the full year ending December 31, 2008.

Note 2: Nature of Operations, Merger, and Summary of Significant Accounting Policies*Operations and Merger*

Note 5: Shareholders' Equity

Sale of common stock

During the first quarter 2008, the Company received proceeds of \$26,408 in connection with employees purchasing 7,883 shares of its no par value common stock under the Company's Employee Stock Purchase Plan.

Awards of restricted common stock and stock options

The Company has granted to employees, consultants and directors shares of restricted common stock and options to purchase shares of the Company's common stock which vest in 2007 and future years. Stock-based compensation expense related to these awards of \$105,000 and \$234,600 has been recorded in the three-month periods ended March 31, 2008 and 2007, respectively.

Note 6: Income Taxes

The Company records its income taxes in accordance with SFAS 109. The Company incurred net operating losses during the periods shown on the condensed financial statements resulting in a deferred tax asset, all of which was fully reserved; therefore the net benefit and expense resulted in \$0 income taxes. The recognition of these net operating loss carryforwards depends on the ability of the Company to generate taxable income in the future.

The Company adopted the provisions of FIN 48 on January 1, 2007. As a result of the implementation of FIN 48, the Company had no changes in the carrying value of its tax assets or liabilities for any unrecognized tax benefits.

Certain U.S. Federal returns from inception and following are not closed by relevant statutes of limitation due to unused net operating losses reported on those returns.

The Company's policy is to record estimated interest and penalties related to the underpayment of income taxes as income tax expense in the statements of operations. There has been no interest or penalties recognized in the condensed financial statements.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations. Summary Results of Operations

Sales

We began shipping our ICOP Model 20/20 units in June 2005. Sales for the three months ended March 31, 2008 and 2007 were \$2,815,323 and \$2,272,168, respectively, an increase of \$543,155 (24%) due to continued market penetration and customer re-orders. We won approximately 50% of all competitive Requests for Proposals (RFPs) that we responded to during the first quarter 2008. In addition, 50% of all purchase orders were from existing customers.

Cost of Sales

Cost of sales for the three months ended March 31, 2008 and 2007 were \$1,789,414 and \$1,246,181, respectively, an increase of \$543,223 (44%). The increase is due to the increase in units shipped. Cost of sales as a percentage of sales was 63.6% for the first quarter 2008 compared to 54.8% for the first quarter 2007. The increase of cost of sales as a percentage of sales was due to a special limited time program to sell our new ICOP Extreme Wireless Microphone at a discount to certain qualifying customers.

Gross Margin

Gross margin as a percentage of sales was 36.4% for the three months ended March 31, 2008 compared to 45.2% for the three months ended March 31, 2007. The decrease in gross margin as percentage of sales is the result of a special limited time program to sell our new ICOP Extreme Wireless Microphone at a discount to certain qualifying customers.

Operating Expenses

Operating expenses were \$2,316,593 and \$2,082,999 for the three months ended March 31, 2008 and 2007, respectively, an increase of \$233,594 (11%). Overall operating expenses as a percentage of sales declined from 92% to 82% in 2008.

Selling, General and Administrative

Selling, general and administrative expenses for the three months ended March 31, 2008 and 2007 were \$2,070,238 and \$1,624,048, respectively, an increase of \$446,190 (27%). The increase is mainly due to a 39% increase in employee headcount, which was mainly in the engineering and customer support departments.

Research and Development

Edgar Filing: ICOP DIGITAL, INC - Form 10-Q

Research and development expenses for the three months ended March 31, 2008 and 2007 were \$246,355 and \$458,951, respectively, a decrease of \$212,596 (46%). The decrease is the result of a decreased use of external consultants during 2008 compared to 2007.

Table of Contents

Stock-based Compensation Expense

Stock-based compensation expense for the three months ended March 31, 2008 and 2007 was \$105,000 and \$234,600, respectively, a decrease of \$129,600 (55%). The decrease is due to the expense recorded in 2007 on the restricted stock awards.

Other Income (Expenses)

Interest Income

Interest income was \$17,188 and \$67,118 for the three months ended March 31, 2008 and 2007, respectively, a decrease of \$49,930 (74%). The decrease is mainly due to the decrease in cash and decrease in interest rates.

Interest Expense

Interest expense was \$10,397 and \$8,336 for the three months ended March 31, 2008 and 2007, respectively, an increase of \$2,061 (25%). The increase is due to the draw on the line of credit at the end of the first quarter 2008 used for inventory purchases and the issuance of a note payable of \$780,000 to purchase land.

Amendment to Contract Manufacturing Agreement

During the first quarter 2008, we executed an amendment to our manufacturing agreement of our ICOP Model 20/20 unit. The amendment extends our commitment to purchase 10,000 units from December 31, 2008 to December 31, 2009.

New Accounting Standards

In February 2007, the FASB issued Statement No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities* (SFAS No. 159), an amendment of FASB Statement No. 115. SFAS No. 159 addresses how companies should measure many financial instruments and certain other items at fair value. The objective is to mitigate volatility in reported earnings caused by measuring related assets and liabilities differently without having to apply complex hedge accounting provisions. SFAS No. 159 is effective for fiscal years beginning after November 15, 2007, with earlier adoption permitted. Management is assessing the impact of the adoption of SFAS No. 159.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Not Applicable.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The Company maintains disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) that are designed to ensure that information required to be disclosed by the Company in reports that it files under the Exchange Act is (i) recorded, processed, summarized and reported within the time periods specified in SEC rules and forms, and (ii) accumulated and communicated to the Company's management, including its principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding disclosure.

In connection with the preparation of this Quarterly Report on Form 10-Q, the Company carried out an evaluation under the supervision and with the participation of the Company's management, including the CEO and CFO, as of March 31, 2008 of the effectiveness of the design and operation of the Company's disclosure controls and procedures. Based upon this evaluation, the CEO and CFO concluded that, as of March 31, 2008, the Company's disclosure controls and procedures were effective.
