### **Audit Committee**

We have a standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended, or the Exchange. The Audit Committee is currently composed of three directors: Mr. Burgess (Chairman), Mr. Hale and Dr. Oronsky. Our Board of Directors has determined that Mr. Burgess qualifies as an audit committee financial expert, as defined in applicable SEC rules. The Board made a qualitative assessment of Mr. Burgess's level of knowledge and experience based on a number of factors, including his formal education and experience as a chief executive officer and chief financial officer for public reporting companies.

### **Section 16(A) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, during the fiscal year ended December 31, 2008, all Section 16(a) filing requirements applicable to our officers, directors and greater than 10% beneficial owners were complied with.

### **Code of Business Conduct and Ethics**

We have adopted a code of ethics for directors, officers (including our principal executive officer and principal financial and accounting officer) and employees, known as the Code of Business Conduct and Ethics. The Code of Business Conduct and Ethics is available on our website at <http://www.mbasis.com>. If we make any substantive amendments to the Code of Business Conduct and Ethics or grant any waiver from a provision of the Code of Business Conduct and Ethics to any executive officer or director, we will promptly disclose the nature of the amendment or waiver on our website, as well as via any other means as required by Nasdaq listing standards or applicable law. Stockholders may request a free copy of the Code of Business Conduct and Ethics from:

	2007	240,300			128,310	71,582		440,192

- (1) The amounts shown represent base salaries on an annualized basis, with the exception of Dr. Foyt, whose 2008 salary reflects a pro-rata amount earned based on his termination of employment in November 2008. Dr. Erion's base salary increased from \$344,500 to \$400,000 when he was promoted to President and Chief Executive Officer in December 2008, and Dr. Gumbiner's base salary increased from \$235,800 to \$275,000 when he was promoted to Vice President of Clinical Development and Chief Medical Officer in November 2008.
- (2) The amount shown represents a discretionary payment of \$50,000 made to Dr. Erion in connection with his promotion to President and Chief Executive Officer in December 2008.
- (3) The amounts shown are the compensation cost recognized by us in fiscal 2007 related to awards of restricted stock made in prior years that continued to vest during fiscal 2007, as permitted under Statement of Financial Accounting Standard No. 123R, or SFAS No. 123R. These awards were fully vested in fiscal 2007, therefore, no compensation cost was recognized by us in fiscal 2008. For a discussion of valuation assumptions, see Note 4, Stock-Based Compensation, to our Notes to Financial Statements included in the Form 10-K. In 2003, awards of 214,307 and 198,432 shares of previously vested common stock held by Drs. Laikind and Erion, respectively, were tendered to us on June 30, 2003 and subjected to a new monthly vesting schedule over a four-year period beginning on that date. These shares were tendered in part as repayment for outstanding principal and interest on loans we made to Drs. Laikind and Erion in connection with their purchase of our common stock in June 1999, the outstanding amount of which at June 30, 2003 was equal to \$229,374 and \$206,438, respectively.

**Table of Contents**

- (4) The amounts shown are the compensation cost recognized by us in fiscal 2008 and 2007 related to awards of stock options made during fiscal 2008 and in prior years that continued to vest during fiscal 2008 and 2007, as prescribed under SFAS No. 123R. For a discussion of valuation assumptions, see Note 4, Stock-Based Compensation, to our Notes to Financial Statements included in the Form 10-K. The following table sets forth the compensation cost of each option award reported in this column, as calculated under SFAS No. 123R:

- (a) As described in Note 14, Subsequent Events, to our Notes to Financial Statements included in the Form 10-K, on January 29, 2009, we completed an offer to exchange certain outstanding options to purchase shares of our common stock that were originally granted under our 2001 EIP and that had an exercise price that was equal to or greater than \$1.50 per share, for replacement options to purchase shares of our common stock at an exercise price of \$1.00 per share. We refer to this as the Option Exchange. Subject to the participant's continued service with us, 25% of the shares underlying the replacement options vest six months after the date of grant of the replacement options and the remaining 75% of the shares vest in equal monthly installments beginning on the date of grant of the replacement options so that the replacement options will be vested in full three years from the grant date of the replacement options. The Named Executive Officers participated in the Option Exchange as follows: (i) Dr. Erion exchanged 240,000 options shown above for 240,000 replacement options; (ii) Dr. Baracchini exchanged 190,321 options shown above for 190,321 replacement options; and (iii) Dr. Gumbiner exchanged 123,033 options shown above for 123,033 replacement options. The amounts shown in the table above are as of December 31, 2008, and therefore, do not reflect the Option Exchange.

Edgar Filing: METABASIS THERAPEUTICS INC - Form 10-K/A

- (5) These amounts represent bonuses earned during the fiscal year under our Management Incentive Plan. Annual bonuses earned during a fiscal year are paid in the first half of the subsequent fiscal year. The Compensation Committee determined no bonuses will be paid under the Management Incentive Plan for the 2008 fiscal year.

- (6) In accordance with the rules of the SEC, the compensation described in this table does not include various perquisites and other benefits received by a Named Executive Officer which do not exceed \$10,000 in the aggregate. For Dr. Laikind, the amount shown includes \$537,403 of severance earned in connection with his termination of employment in December 2008, \$3,875 in car allowance payments, \$4,747 in contributions by us to Dr. Laikind's 401(k) plan and \$990 in term life insurance premiums. For Dr. Gumbiner, the amount shown includes \$8,944 in relocation costs and \$22,402 related to a tax gross-up payment. For Dr. Foyt, the amount shown includes \$331,571 in severance earned in connection with his termination of employment in November 2008, \$4,774 in contributions by us to Dr. Foyt's 401(k) plan and \$908 in term life insurance premiums.
- (7) Dr. Laikind's employment with us terminated in December 2008.
- (8) Dr. Foyt's employment with us terminated in November 2008.

**Employment, Severance and Change of Control Agreements**

*Offer Letters*

We have entered into offer letters with the following executive officers setting forth their respective base salary, bonus eligibility and other employment benefits: Mr. Nguyen and Drs. Baracchini and Gumbiner. We have not entered into an offer letter with Dr. Erion. Each executive officer's employment is on an at-will basis and can be terminated by us or the officer at any time, for any reason and with or without notice, subject where applicable to the severance agreements described in Severance Agreements.

*Proprietary Information and Inventions Agreements*

Each executive officer has also entered into a standard form agreement with respect to proprietary information and inventions. Among other things, this agreement obligates the officer to refrain from disclosing any of our confidential information received during the course of employment and, with some exceptions, to assign to us any inventions conceived or developed during the course of employment.

*Severance Agreements*

Given the early stage of our company, the risk profile of the industry sector we participate in and the range of strategic initiatives we may explore, we believe that reasonable severance benefits should be provided to certain of our executive officers. We believe severance programs should reflect the fact that it may be difficult for our officers and key employees to find comparable employment within a short amount of time in the event of termination for good reason, without cause or in connection with a restructuring or reduction in force, all of which are generally beyond the control of a terminated employee and terminations that under different circumstances may not have occurred. The severance programs are intended to ease the consequences to an employee of an unexpected termination of employment. Metabasis benefits by requiring a general release from terminated employees that are entitled to severance benefits. Option acceleration upon terminations in connection with a change in control is intended to mitigate the distraction and loss of key management personnel that may occur in connection with rumored or actual fundamental corporate changes. Such payments protect stockholder interests by enhancing employee focus during rumored or actual change in control activity through incentives to remain with Metabasis despite uncertainties while a transaction is under consideration or pending, assurance of severance and benefits for terminated employees and access to the equity component of total compensation after a change in control. Currently, our executive officers and certain key employees maintain such agreements. All of the agreements provide for a varying combination of cash, continued insurance benefits, outplacement services and acceleration of vesting on outstanding stock option awards.

The agreements we maintain with certain of our executive officers provide for the following compensation in the event of termination for reasons other than cause:

Cash severance equal to 12 months salary plus a cash payment equal to the average of the prior three years' bonus payments,

Accelerated vesting of 12 additional months of all unvested stock options and shares of restricted stock,

**Table of Contents**

Continued group disability insurance, group life insurance and group health benefits for a period of up to 12 months with the option to convert the group disability and group life insurance policies into individual policies, and

Outplacement services for up to six months.

In addition, total severance compensation due to the officer may be adjusted downward to ensure the best after-tax benefit to the officer if any portion of the benefits paid would be nondeductible under section 280G of the Internal Revenue Code. In the event of a termination for reasons other than cause or as a result of a restructuring or reduction in force, or resignation for good reason, within 12 months following a change in control, the officers will be entitled to an acceleration of vesting of all unvested stock options and shares of restricted stock.

Good reason is generally defined within these agreements as the occurrence of any of the following events: demotion or significant reduction in responsibilities; reduction in total compensation outside of a company-wide compensation reduction; or relocation of principal place of work by a distance of 50 miles or more. Cause is generally defined within these agreements as the occurrence of any of the following events: significant or continuing failure to perform employment duties; gross misconduct or fraud; or conviction of, or plea of guilty or no contest to, a non-vehicular felony.

**Outstanding Equity Awards at Year-End**

The following table provides information regarding all outstanding equity awards held by each of our Named Executive Officers as of December 31, 2008. Options listed in the table permit early exercise of unvested shares, in which case all unvested shares are subject to repurchase by us. There were no outstanding unvested stock awards held by our Named Executive Officers as of December 31, 2008.

(+) In November 2006 in connection with Mr. Hale's appointment as Chairman of the Board, he received an option to purchase 100,000 shares of our common stock under our 2001 Amended and Restated Equity Incentive Plan, or the 2001 EIP. This option vests monthly in equal increments over a 36 month period for so long as Mr. Hale continues to serve as Chairman and does not accept employment with any other company or organization which the Board determines is inconsistent with his duties as Chairman. In December 2008 in connection with Mr. Hale's continued service as our Chairman of the Board, he received an option to purchase 150,000 shares of our common stock under our 2001 EIP. This option vests monthly in equal increments over a 36 month period.

## Edgar Filing: METABASIS THERAPEUTICS INC - Form 10-K/A

In December 2008 in connection with Dr. Stoner's appointment to our scientific advisory board, she received an option to purchase 10,000 shares of our common stock under our 2001 EIP. This option award vests over four years as follows: 1/4<sup>th</sup> of the shares vest upon the first anniversary of the grant date and 1/48<sup>th</sup> vest monthly thereafter.

Each of our non-employee directors receives cash compensation in the form of an annual retainer of \$20,000, plus \$10,000 for the Chair of the Audit Committee, \$5,000 for the Chair of the Compensation Committee and \$2,500 for the Chair of the Nominating and Corporate Governance Committee. Mr. Hale receives an additional annual retainer of \$200,000 for his services as Chairman of the Board. Each non-employee director also receives \$1,500 for each in-person Board of Directors meeting attended and \$500 for each telephonic Board of Directors meeting attended. In addition, committee members will receive \$750 for each in-person committee meeting attended and \$500 for each telephonic committee meeting attended. We also reimburse our non-employee directors for their reasonable expenses incurred in attending meetings of our Board of Directors and committees of the Board.

Each of our non-employee directors receives stock option grants under our 2004 Non-Employee Directors' Stock Option Plan, or the Directors Plan. Only our non-employee directors or an affiliate of such directors (as defined in the Internal Revenue Code) are eligible to receive options under the Directors' Plan. Options granted under the Directors' Plan are intended by us not to qualify as incentive stock options under the Internal Revenue Code.

---

**Table of Contents**

Option grants under the Directors' Plan are non-discretionary. Any person who becomes a non-employee director automatically receives an option to purchase 20,000 shares of common stock upon his or her election. In addition, any person who is a non-employee director on the date of each annual meeting of our stockholders will be automatically granted, on the annual meeting date, an option to purchase 10,000 shares of common stock. However, the size of this annual grant made to a non-employee director who has served for less than 12 months at the time of the annual meeting will be reduced by 25% for each full quarter prior to the date of grant during which such person did not serve as a non-employee director. No other stock options may be granted at any time under the Directors' Plan. In December 2008, Mr. Hale received a discretionary option of 150,000 shares under the 2001 EIP which vests ratably over 36 months.

Unless the terms of an optionholder's stock option agreement provide for earlier termination, if an optionholder's service relationship with us, or any affiliate of ours, ceases due to disability or death, the optionholder, or his or her beneficiary, may exercise any vested options up to 12 months, or 18 months in the event of death, after the date such service relationship ends. If an optionholder's service relationship with us, or any affiliate of ours, ceases without cause for any reason other than disability or death, the optionholder may exercise any vested options up to three months from cessation of service, unless the terms of the stock option agreement provide for earlier or later termination.

In the event of certain corporate transactions, any or all outstanding options under the Directors' Plan may be assumed or substituted for by any surviving entity. If the surviving entity elects not to assume or substitute for all such options, the vesting provisions of the options not assumed or substituted for and held by participants whose continuous service has not terminated will be accelerated and such options will be terminated if not exercised prior to the effective date of the corporate transaction. In the event of a change in our control, the vesting provisions of all outstanding options under the Directors' Plan will be accelerated and such options will be terminated if not exercised prior to 12 months after the effective date of the change in our control.

The exercise price of stock options granted under the Directors' Plan is equal to 100% of the fair market value of the common stock on the date of grant. Fair market value under the Directors' Plan is defined as the closing price of our common stock on the date of grant (or if the date of grant is not a trading day, then the closing price on the trading day immediately prior to the date of grant). Initial grants (i.e., those made upon a non-employee director's election to our Board of Directors) vest at the rate of 1/36th each month after the date of grant. Annual grants vest at the rate of 1/12th each month after the date of grant. In general, the term of stock options granted under the Directors' Plan may not exceed ten years.

Acceptable consideration for the purchase of common stock issued under the Directors' Plan may include cash or check, common stock previously owned by the optionholder or a program developed under Regulation T as promulgated by the Federal Reserve Board. Generally, an optionholder may not transfer a stock option other than by will or the laws of descent and distribution. An optionholder may transfer an option with our written consent provided a Form S-8 registration statement is available for the exercise of the option and the subsequent resale of the shares. However, an optionholder may designate a beneficiary who may exercise the option following the optionholder's death.

**Compensation Committee Interlocks and Insider Participation**

The Compensation Committee currently consists of Dr. Oronsky and Messrs. Hale and Rohn. No director who served as a member of the Compensation Committee during fiscal 2008 has ever been an officer or employee of ours. None of our executive officers currently serves, or has served during the last completed fiscal year, on the compensation committee or board of directors of any other entity that has one or more executive officers serving as a member of our Board of Directors or Compensation Committee.

**Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters**  
**Security Ownership of Certain Beneficial Owners and Management**

The following table provides information regarding the beneficial ownership of our common stock as of February 15, 2009 by: (i) each of our directors and nominees for director, (ii) each of our executive officers named in our Summary Compensation Table, including two former executive officers, (iii) all of our directors and executive officers as a group, including two former executive officers, and (iv) each person, or group of affiliated persons, known by us to beneficially own more than 5% of our common stock. The table is based upon information supplied by our officers, directors and principal stockholders and a review of Schedules 13D and 13G, if any, filed with the SEC. Unless otherwise indicated in the footnotes to the table and subject to community property laws where applicable, we believe that each of the stockholders named in the table has sole voting and investment power with respect to the shares indicated as beneficially owned.

Applicable percentages are based on 35,152,359 shares outstanding on February 15, 2009, adjusted as required by rules promulgated by the SEC. These rules generally attribute beneficial ownership of securities to persons who possess sole or shared voting power or investment power with respect to those securities. In addition, the rules include shares of common stock issuable pursuant to the exercise of stock options or warrants that are either immediately exercisable or exercisable on April 16, 2009, which is 60 days after February 15, 2009. These shares are deemed to be outstanding and beneficially owned by the person holding those options or warrants for the purpose of computing the percentage ownership of that person, but they are not treated as outstanding for the purpose of computing the percentage ownership of any other person.

### **Item 13. Certain Relationships and Related Transactions, and Director Independence Policies and procedures with respect to related party transactions**

Our Related-Person Transactions Policy sets forth our policies and procedures regarding the identification, review, consideration and approval or ratification of related-person transactions. For purposes of our policy only, a related-person transaction is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which Metabasis and any related person are participants involving an amount that exceeds \$120,000. Transactions involving compensation for services provided to us as an employee, director, consultant or in a similar capacity by a related person are not covered by this policy. A related person is any executive officer, director, or more than 5% stockholder of Metabasis, including any of their immediate family members, and any entity owned or controlled by such persons.

Under the policy, where a transaction has been identified as a related-person transaction, management must present information regarding the proposed related- person transaction to the Audit Committee (or, where Audit Committee approval would be inappropriate, to another independent body of the board) for consideration and approval or ratification. The presentation must include a description of, among other things, the material facts, the interests, direct and indirect, of the related persons, the benefits to Metabasis of the transaction and whether any alternative transactions were available. To identify related-person transactions in advance, we rely on information supplied by our executive officers, directors and certain significant stockholders. In considering related-person transactions, the Audit Committee takes into account the relevant available facts and circumstances including, but not limited to (a) the risks, costs and benefits to Metabasis, (b) the impact on a director's independence in the event the related person is a director, immediate family member of a director or an entity with which a director is affiliated, (c) the terms of the transaction, (d) the availability of other sources for comparable services or products and (e) the terms available to or from, as the case may be, unrelated third parties or to or from employees generally. In the event a director has an interest in the proposed transaction, the director must recuse himself or herself from the deliberations and approval. The policy requires that, in determining whether to approve or ratify a related- person transaction, the Audit Committee look at, in light of known circumstances, whether the transaction is, or is not inconsistent with, the best interests of Metabasis and its stockholders, as the Audit Committee determines in the good faith exercise of its discretion.

#### **Certain Relationships and Related Transactions**

Our bylaws provide that we will indemnify our directors and executive officers, and may indemnify other officers, employees and other agents, to the fullest extent permitted by law. Our bylaws also permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in connection with their services to us, regardless of whether our amended and restated bylaws permit such indemnification. We have obtained a policy of directors' and officers' liability insurance.

We have entered, and intend to continue to enter, into indemnification agreements with our directors and executive officers, in addition to the indemnification provided for in our bylaws. These agreements, among other things, require us to indemnify our directors and executive officers for certain expenses, including attorneys' fees, judgments, fines and settlement amounts incurred by a director or executive officer in any action or proceeding arising out of their services as one of our directors or executive officers, or any of our subsidiaries or any other company or enterprise to which the person provides services at our request.

#### **Director Independence**

As required under the Nasdaq Stock Market listing standards, a majority of the members of a listed company's board of directors must qualify as independent, as affirmatively determined by the board. Our Board of Directors consults with our counsel to ensure that the Board's determinations are consistent with all relevant securities and other laws and regulations regarding the definition of independent, including those set forth in applicable Nasdaq listing standards, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his family members, and Metabasis, our senior management and our independent auditors, our Board of Directors affirmatively has determined that all of our current directors are independent directors within the meaning of the applicable Nasdaq listing standards, except for Dr. Laikind, our former Chief Executive Officer, President and Secretary, and Dr. Erion, our President, Chief Executive Officer and Chief Scientific Officer. In making this determination, the Board found that except for Drs. Laikind and Erion, no such director or nominee for director has a material or other disqualifying relationship with Metabasis.

**Table of Contents**

As required under applicable Nasdaq listing standards, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present. All of the committees of our Board of Directors are comprised entirely of directors determined by the Board to be independent within the meaning of the applicable Nasdaq listing standards and free of any relationship that would impair his or her individual exercise of independent judgment with regard to Metabasis.

**Item 14. Principal Accountant Fees and Services**

In connection with the audit of our 2008 financial statements, our Audit Committee entered into an engagement agreement with Ernst & Young LLP which set forth the terms by which Ernst & Young LLP has performed audit services for Metabasis. That agreement is subject to alternative dispute resolution procedures.

The following table provides information regarding the aggregate fees billed to us by Ernst & Young LLP for the fiscal years ended December 31, 2008 and 2007. All fees described below were approved by the Audit Committee.

	<b>Fiscal Year Ended</b>	
	<b>December 31,</b>	
	<b>2008</b>	<b>2007</b>
Audit Fees(1)	\$ 335,505	\$ 327,500
Audit-related Fees(2)	12,500	2,300
Tax Fees(3)	68,500	18,150
All Other Fees		
<b>Total Fees</b>	<b>\$ 416,505</b>	<b>\$ 347,950</b>

- (1) Represents fees for services rendered for the audit and/or reviews of our financial statements, including compliance with the Sarbanes-Oxley Act of 2002. Also includes fees for services associated with SEC registration statements, periodic reports and other documents filed with the SEC or other documents issued in connection with securities offerings (e.g., comfort letters and consents), and assistance in responding to SEC comment letters.
- (2) Represents fees for accounting and advisory services in connection with the adoption of newly issued accounting pronouncements and consultations on other technical accounting matters.
- (3) Represents fees for preparation of federal, state and local income tax returns and related schedules and calculations, as well as general consultation regarding federal and state income tax matters, employment tax matters and sales and use tax matters. Fees for 2008 also include the cost of an Internal Revenue Code 382 and 383 tax study.

**Pre-Approval Policies and Procedures**

The Audit Committee has adopted an Audit and Non-Audit Services Pre-Approval Policy, which sets forth the procedures and the conditions pursuant to which services proposed to be performed by our independent auditors are, or may be, pre-approved.

The Audit Committee has determined that the rendering of the services other than audit services by Ernst & Young LLP is compatible with maintaining the independence of Ernst & Young LLP.
