All statements other than statements of historical fact are statements that could be deemed forward-looking statements, including statements regarding: projections of revenue, profit, profit margins, expenses and cost-reduction activities, our effective tax rate, our tax provisions and changes to our tax provisions, tax audits, cash flows, liquidity position, pension and benefit obligations and funding requirements, our liquidity position or other financial measures; plans, strategies and objectives of management for future operations, including statements relating to anticipated operating performance, new product and service developments, purchase commitments, potential acquisitions and synergies, potential offerings of securities, our stock repurchase program and executive compensation; growth and other trends in markets we sell into; economic conditions and the anticipated duration of the current economic downturn; the impact of adopting new accounting pronouncements; the outcome of outstanding claims, legal proceedings or other contingent liabilities; planned restructuring activities, including estimates of the scope, timing and cost of such activities; assumptions underlying any of the foregoing; and any other statements that address activities, events or developments that Danaher intends, expects, projects, believes or anticipates will or may occur in the future. Forward-looking statements may be characterized by terminology such as believe, anticipate, should, would, intend, plan, expects, estimates, projects, positioned, strategy and similar expressions. These statements are based on assumptions and assessments made by our management in light of their experience and perception of historical trends, current conditions, expected future developments and other factors they believe to be appropriate. These forward-looking statements are subject to a number of risks and uncertainties, including but not limited to the following:

Deteriorating general economic conditions and uncertainties in the global financial markets may adversely affect our operating results and financial condition.

We face intense competition and if we are unable to compete effectively, we may face decreased demand or price reductions for our products.

Our growth depends in part on the timely development and commercialization, and customer acceptance, of new products and product enhancements based on technological innovation.

Our revenues could decline further if the markets into which we sell our products continue to decline or do not grow as anticipated.

Our acquisition of businesses could negatively impact our profitability and return on invested capital.

Any inability to consummate acquisitions at our prior rate could negatively impact our growth rate.

The indemnification provisions of acquisition agreements by which we have acquired companies may not fully protect us and may result in unexpected liabilities.

Contingent liabilities from businesses that we have sold could adversely affect our results of operations and financial condition.

Our indebtedness may limit our operations and our use of our cash flow.

We may be required to recognize impairment charges for our long-lived assets.

Foreign currency exchange rates may adversely affect our results of operations and financial condition.

If we do not or cannot adequately protect our intellectual property, or if third parties infringe our intellectual property rights, we may suffer competitive injury or expend significant resources enforcing our rights.

Third parties may claim that we are infringing or misappropriating their intellectual property rights and we could suffer significant litigation expenses, losses or licensing expenses or be prevented from selling products or services.

We are subject to a variety of litigation in the course of our business that could adversely affect our results of operations and financial condition.

Our operations expose us to the risk of environmental liabilities, costs, litigation and violations that could adversely affect our financial condition, results of operations and reputation.

Our businesses are subject to extensive regulation; failure to comply with those regulations could adversely affect our results of operations, financial condition and reputation.

Our reputation and our ability to do business may be impaired by improper conduct by any of our employees, agents or business partners.

Changes in our tax rates or exposure to additional income tax liabilities could affect our profitability. In addition, audits by tax authorities could result in additional tax payments for prior periods.

Our defined benefit pension plans are subject to financial market risks that could adversely affect our results of operations and cash flows.

We have experienced and may continue to experience higher costs to produce our products as a result of rising prices for commodities.

If we cannot adjust our purchases of materials, components and equipment required for our manufacturing activities to reflect changing market conditions or customer demand, our income and results of operations may suffer.

Table of Contents

If we cannot adjust our manufacturing capacity to reflect the demand for our products, our income and results of operations may suffer.

Changes in governmental regulations may reduce demand for our products or increase our expenses.

Work stoppages, union and works council campaigns, labor disputes and other matters associated with our labor force could adversely impact our results of operations and cause us to incur incremental costs.

Adverse changes in our relationships with, or the financial condition or performance of, key distributors, resellers and other channel partners could adversely affect our results of operations.

The inability to hire, train and retain a sufficient number of qualified officers and other employees could impede our ability to compete successfully.

International economic, political, legal and business factors could negatively affect our results of operations, cash flows and financial condition.

Cyclical economic conditions have affected and may continue to adversely affect our financial condition and results of operations.

If we suffer loss to our facilities, distribution systems or information technology systems due to catastrophe, our operations could be seriously harmed.

Any such forward-looking statements are not guarantees of future performance and actual results, developments and business decisions may differ materially from those envisaged by such forward-looking statements. Forward-looking statements speak only as of the date of the document, webcast, call or presentation in which they are made. We do not assume any obligation to update any forward-looking statement. See Part I Item 1A of Danaher's Annual Report on Form 10-K for the year ended December 31, 2008, for a further discussion regarding some of the reasons that actual results may be materially different from those that we anticipate.

THE OFFERING

Selling Stockholder	H. Lawrence Culp, Jr., Danaher's President and Chief Executive Officer (including any of such person's donees, pledgees, transferees and other successors in interest).
Common Stock Offered by Selling Stockholder	777,200 shares of Danaher common stock, from time to time (the Shares).
Summary of the Underlying Transaction	On May 6, 2003, Danaher's shareholders approved a Share Award Agreement dated March 26, 2003 pursuant to which Danaher agreed to issue the Shares to the selling stockholder on January 2, 2010 if (1) he remains Danaher's Chief Executive Officer as of December 1, 2009, and (2) Danaher achieved specified performance criteria (Danaher's Compensation Committee has subsequently certified that the performance criteria have been satisfied, leaving only the time-based vesting condition to be satisfied). If Danaher undergoes a change-of-control before December 1, 2009 while the selling stockholder is still employed with Danaher, he will receive all of the Shares upon the change-of-control. If Danaher terminates the selling stockholder's employment for disability or if he dies before December 1, 2009, in either case he will receive a portion of the Shares equal to 129,532 times the number of whole years elapsed between March 26, 2003 and the date of termination.
Use of Proceeds	Danaher will not receive any proceeds from the sale of the Shares offered under this prospectus supplement and the accompanying prospectus.
New York Stock Exchange Symbol	DHR
Risk Factors	See "Risk Factors" in Danaher's Annual Report on Form 10-K for the year ended December 31, 2008 and the other documents incorporated by reference in this prospectus supplement and the accompanying prospectus for a discussion of risks you should carefully consider before deciding to invest in Danaher's common stock.

Table of Contents**USE OF PROCEEDS**

We will incur expenses relating to registering the common stock, but we will not receive any of the proceeds of the sale by the selling stockholder of the Shares covered by this prospectus supplement and the accompanying prospectus. The selling stockholder will receive all of the net proceeds for sales of the Shares offered by this prospectus supplement and the accompanying prospectus.

SELLING STOCKHOLDER

The following table sets forth the aggregate number of shares of Danaher common stock beneficially owned by the selling stockholder as of May 5, 2009 and the number of Shares that the selling stockholder may offer and sell pursuant to this prospectus. The selling stockholder has served as President and Chief Executive Officer of Danaher since 2001. The selling stockholder will obtain the Shares on January 2, 2010 in connection with the vesting of certain restricted stock units that Danaher granted to him in 2003 (assuming the selling stockholder satisfies the remaining vesting requirements applicable to the restricted stock units by remaining Danaher's Chief Executive Officer through December 1, 2009).

Because the selling stockholder may sell all or a portion of the Shares and may buy or sell other shares of Danaher common stock after the date hereof, no estimate can be made of the number of shares of common stock that the selling stockholder may retain upon the completion of the offering. The registration of the Shares for resale does not necessarily mean that the selling stockholder will sell any of the Shares. However, for purposes of this table, we have assumed that, after completion of the offering, none of the Shares covered by this prospectus supplement will be held by the selling stockholder.

Information about other or additional selling stockholders will be set forth in prospectus supplements or post-effective amendments, as and if required. Information about the selling stockholder may change from time to time. Any changed information with respect to which we are given notice will be set forth in prospectus supplements.

SELLING STOCKHOLDER	SHARES BENEFICIALLY OWNED PRIOR TO THE OFFERING (1)	SHARES WHICH MAY BE SOLD PURSUANT TO THIS PROSPECTUS SUPPLEMENT (2)	SHARES BENEFICIALLY OWNED AFTER THE OFFERING (3)
H. Lawrence Culp, Jr.	3,239,303	777,200	3,239,303

- (1) The beneficial ownership of Danaher common stock by the selling stockholder set forth in the table is determined as of May 5, 2009 in accordance with Rule 13d-3 under the Securities Exchange Act of 1934. Includes options to acquire 2,590,000 shares held directly by the selling stockholder and options to acquire 480,000 shares held by a limited liability company (the members of which are the selling stockholder and a grantor retained annuity trust of which the selling stockholder is sole trustee), 1,830 shares attributable to the selling stockholder's 401(k) account and 149,473 shares attributable to the selling stockholder's account under Danaher's Executive Deferred Incentive Program. Does not include the 777,200 Shares offered pursuant to this prospectus supplement since the selling stockholder is not deemed to beneficially own such shares as of May 5, 2009.
- (2) The registration statement of which this prospectus supplement forms a part also shall cover any additional shares of Danaher common stock which become issuable in connection with the Shares by reason of any stock dividend, stock split, recapitalization or other similar transaction effected without the receipt of consideration which results in an increase in the number of outstanding shares of Danaher common stock.
- (3) Assumes the selling stockholder will sell all of the Shares being registered by this prospectus supplement and does not acquire or dispose of beneficial ownership of any shares of Danaher common stock after May 5, 2009. Amount represents beneficial ownership of less than one percent of Danaher's outstanding shares of common stock.

PLAN OF DISTRIBUTION

Danaher is registering the Shares on behalf of the selling stockholder who may sell the Shares from time to time. The selling stockholder will act independently of Danaher in making decisions with respect to the timing, manner and size of each sale. The sales may be made on one or more exchanges or otherwise, at prices and at terms then prevailing or at prices related to the then current market price, or in negotiated transactions, and any sale may be made pursuant to a sales plan adopted under Rule 10b5-1(c) of the Exchange Act. The selling stockholder may effect such transactions by selling the Shares to or through broker-dealers. The Shares may be sold by one or more of, or a combination of, the following:

a block trade in which a broker-dealer will attempt to sell the Shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;

purchases by a broker-dealer as principal and resale by such broker-dealer for its account;

ordinary brokerage transactions and transactions in which the broker solicits purchasers;

privately negotiated transactions; and

any other method permitted pursuant to applicable law.

The selling stockholder may negotiate and pay broker-dealers or other persons commissions, discounts or concessions for their services. Broker-dealers or other persons engaged by the selling stockholder may allow other broker-dealers or other persons to participate in resales. However, the selling stockholder and any broker-dealers or such other persons involved in the sale or resale of the Shares may qualify as underwriters within the meaning of the Section 2(a)(11) of the Securities Act. In addition, the broker-dealers or their affiliates' commissions, discounts or concessions may qualify as underwriters' compensation under the Securities Act. If the selling stockholder qualifies as an underwriter, he will be subject to the prospectus delivery requirements of Section 5(b)(2) of the Securities Act.

In addition to selling the Shares under this prospectus, the selling stockholder may:

agree to indemnify any broker-dealer or agent against certain liabilities related to the selling of the Shares, including liabilities arising under the Securities Act;

transfer the Shares in other ways not involving market makers or established trading markets, including directly by gift, distribution, or other transfer; or

sell the Shares under Rule 144 of the Securities Act rather than under this prospectus, if the transaction meets the requirements of Rule 144.

The Shares may be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states the Shares may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the Shares may not simultaneously engage in market making activities with respect to our common stock for a period of one business day prior to the commencement of such distribution. In addition, the selling stockholder will be subject to applicable provisions of the Exchange Act and the associated rules and regulations under the Exchange Act, including Regulation M, which provisions may limit the timing of purchases and sales of Shares by the selling stockholder. Danaher will make copies of this prospectus supplement available to the selling stockholder and has informed them of the

Edgar Filing: DANAHER CORP /DE/ - Form 424B7

need for delivery of copies of this prospectus supplement to purchasers at or prior to the time of any sale of the Shares.

Additional information related to the selling stockholder and the plan of distribution may be provided in one or more prospectus supplements.

Danaher will bear all costs, expenses and fees in connection with the registration of the Shares. The selling stockholder will bear all commissions and discounts, if any, attributable to the sales of the Shares.

Unless we inform you otherwise in a prospectus supplement or free writing prospectus, we expect to use the net proceeds from the sale of securities for general corporate purposes. These purposes may include, but are not limited to:

reduction or refinancing of debt or other corporate obligations;

acquisitions;

capital expenditures;

share repurchases and dividends; and

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for each of the periods indicated.

	Fiscal Year Ended December 31					Quarter ended April 3, 2009
	2004	2005	2006	2007	2008	
Ratio of Earnings to Fixed Charges	17.3x	23.0x	16.6x	14.1x	13.4x	12.8x

The ratio of earnings to fixed charges was computed by dividing earnings by fixed charges for the periods indicated, where earnings consist of (1) earnings from continuing operations before income taxes; plus (2) fixed charges, and fixed charges consist of (A) interest, whether expensed or capitalized, on all indebtedness, (B) amortization of premiums, discounts and capitalized expenses related to indebtedness, and (C) an interest component representing the estimated portion of rental expense that management believes is attributable to interest. Interest on FIN 48 liabilities is included in the tax provision in our consolidated condensed statement of earnings and is excluded from the computation of fixed charges.

DESCRIPTION OF DEBT SECURITIES

This section describes the general terms and provisions of the debt securities that we may issue separately, upon exercise of a debt warrant, in connection with a purchase contract or as part of a unit from time to time in the form of one or more series of debt securities. The applicable prospectus supplement and/or free writing prospectus will describe the specific terms of the debt securities offered through that prospectus supplement as well as any general terms described in this section that will not apply to those debt securities. As used in this prospectus, "debt securities" means the senior and subordinated debentures, notes, bonds and other evidences of indebtedness that we issue and a trustee authenticates and delivers under the applicable indenture. As used in this Description of Debt Securities, the terms "Danaher," "we," "our" and "us" refer to Danaher Corporation and do not, unless the context otherwise indicates, include our subsidiaries.

Senior debt securities will be issued under an indenture dated December 11, 2007 between Danaher and The Bank of New York Mellon Trust Company, N.A., as trustee, that has been filed as an exhibit to the registration statement of which this prospectus is a part and is incorporated by reference into this prospectus, subject to such amendments or supplemental indentures as are adopted, from time to time, including the supplemental indenture dated as of December 11, 2007 and the supplemental indenture dated as of March 5, 2009. This indenture is referred to as the "senior indenture." Subordinated debt securities will be issued under a separate indenture to be entered into by us and a trustee or trustees identified in the prospectus supplement, the form of which is included as an exhibit to the registration statement of which this prospectus is a part and is incorporated by reference into this prospectus. This indenture is referred to as the "subordinated indenture." We refer to the indentures described above as the "indentures" or the "indenture," as applicable. The following summaries of certain provisions of the indentures and the debt securities are not complete and the summaries are subject to the detailed provisions of the applicable indenture. You should refer to the applicable indenture for more specific information. In addition, you should consult the applicable prospectus supplement and/or free writing prospectus for particular terms of our debt securities.

The indentures will not limit the aggregate principal amount of debt securities that we may issue, and will permit us to issue securities from time to time in one or more series. The general provisions of the indentures do not contain any provisions that would limit our ability to incur indebtedness or that would afford holders of debt securities protection in the event of a highly leveraged or similar transaction involving us. However, the senior indenture does restrict us and our subsidiaries from granting certain security interests on certain of our or their property or assets unless the senior debt securities are equally secured. See "Covenants in the Senior Indenture" below.

The debt securities will be unsecured obligations of Danaher. We currently conduct substantially all of our operations through subsidiaries, and the holders of debt securities (whether senior or subordinated debt securities) will be effectively subordinated to the creditors of our subsidiaries. This means that creditors of our subsidiaries will have a claim to the assets of our subsidiaries that is superior to the claim of our creditors, including holders of our debt securities.

The applicable prospectus supplement and/or free writing prospectus will describe the following terms of any series of debt securities that we may offer:

the title and type of the debt securities;

whether the debt securities will be senior or subordinated debt securities, and, with respect to debt securities issued under the subordinated indenture, as applicable, that the subordination provisions of the indenture shall apply to the securities of that series or that any different subordination provisions, including different definitions of the terms "senior indebtedness" or "existing subordinated indebtedness," shall apply to securities of that series;

any limit on the aggregate principal amount of the debt securities;

the person who will receive interest payments on any debt securities if other than the registered holder;

the price or prices at which we will sell the debt securities;

the maturity date or dates of the debt securities;

the rate or rates, which may be fixed or variable, per annum at which the debt securities will bear interest and the date from which such interest will accrue;

the dates on which interest will be payable and the related record dates;

whether any index, formula or other method will determine payments of principal, premium or interest and the manner of determining the amount of such payments;

Table of Contents

the place or places of payments on the debt securities;

whether the debt securities are redeemable;

any redemption dates, prices, obligations and restrictions on the debt securities;

any mandatory or optional sinking fund or purchase fund or analogous provisions;

the denominations of the debt securities if other than \$1,000 or multiples of \$1,000;

the currency of principal and interest payments if other than U.S. dollars, and the manner of determining the equivalent thereof in U.S. dollars for any purpose under the indenture;

if the principal of or any premium or interest on any debt securities of any series is payable, at our election or the election of the holder, in one or more currencies other than that in which such debt securities are stated to be payable, the currency or currencies in which such principal, premium or interest shall be payable and other terms and conditions regarding such payment;

the amount that we will pay the holder if the maturity of the debt securities is accelerated, if other than their principal amount;

the amount that will be deemed to be the principal amount of the debt securities as of a particular date before maturity if the principal amount payable at the stated maturity date will not be able to be determined on that date;

the applicability of the legal defeasance and covenant defeasance provisions in the applicable indenture;

if the debt securities will be issued only in the form of one or more book-entry securities, the name of the depositary or its nominee and the circumstances under which the book-entry security may be transferred or exchanged to someone other than the depositary or its nominee;

any provisions granting special rights if certain events happen;

any deletions from, changes in or additions to the events of default or the covenants specified in the indenture, or to the right of the trustee or the requisite holders of such securities to declare the principal amount of such securities due and payable;

any trustees, authenticating or paying agents, transfer agents, registrars or other agents for the debt securities;

any conversion or exchange features of the debt securities;

whether we will issue the debt securities as original issue discount securities for federal income tax purposes;

any special tax implications of the debt securities;

the terms of payment upon acceleration; and

any other material terms of the debt securities not inconsistent with the provisions of the indenture.

Debt securities may bear interest at fixed or floating rates. We may issue our debt securities at an original issue discount, bearing no interest or bearing interest at a rate that, at the time of issuance, is below market rate, to be sold at a substantial discount below their stated principal amount. Generally speaking, if our debt securities are issued at an original issue discount and there is an event of default or acceleration of their maturity, holders will receive an amount less than their principal amount. Tax and other special considerations applicable to any series of debt securities, including original issue discount securities, will be described in the prospectus supplement in which we offer those debt securities.

We will have the ability under the indenture to reopen a previously issued series of debt securities and issue additional debt securities of that series or establish additional terms of the series. We are also permitted to issue debt securities with the same terms as previously issued debt securities.

We will comply with Section 14(e) under the Exchange Act and any other tender offer rules under the Exchange Act that may then apply to any obligation we may have to purchase debt securities at the option of the holders. Any such obligation applicable to a series of debt securities will be described in the related prospectus supplement.

Payment and Paying Agents

Unless the applicable prospectus supplement indicates otherwise, payment of interest on a debt security (other than a bearer debt security) on any interest payment date will be made to the person in whose name such debt security is registered at the close of business on the regular record date for such interest payment.

Generally, we will pay the principal of, premium, if any, and interest on our registered debt securities either at the office of the paying agent designated by us in the applicable prospectus supplement or, if we elect, we may pay interest by mailing a check to your address as it appears on our register or by wire transfer to an account maintained by the person entitled thereto as specified in the securities register. We may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts, except that we will be required to maintain a paying agent in each place of payment for the debt securities of a particular series.

All moneys paid by us to a paying agent or the trustee, or held, for the payment of the principal of or any premium or interest on any debt security which remain unclaimed at the end of two years after such principal, premium or interest has become due and payable will be repaid to us, or discharged from trust, and the holder of such debt security shall thereafter, as an unsecured general creditor, look only to us for payment thereof, subject to applicable escheat laws.

Senior Debt Securities

Senior debt securities will be issued under the senior indenture. Payment of the principal of, premium, if any, and interest on senior debt securities will rank equally with all of our other unsecured and unsubordinated debt.

Subordinated Debt Securities

Subordinated debt securities will be issued under the subordinated indenture. Subordinated debt securities of a particular series will be subordinate in right of payment, to the extent and in the manner set forth in the subordinated indenture and the prospectus supplement relating to those subordinated debt securities, to the prior payment of all of our indebtedness that is designated as senior indebtedness with respect to that series. The definition of senior indebtedness will include, among other things, senior debt securities and will be specifically set forth in that prospectus supplement.

Upon any payment or distribution of our assets to creditors or upon our total or partial liquidation or dissolution or in a bankruptcy, receivership, or similar proceeding relating to us or our property, holders of senior indebtedness will be entitled to receive payment in full of the senior indebtedness before holders of subordinated debt securities will be entitled to receive any payment with respect to the subordinated debt securities and, until the senior indebtedness is paid in full, any distribution to which holders of subordinated debt securities would otherwise be entitled (other than securities of DanaHER or any other corporation provided for by a plan of reorganization or readjustment the payment of which is subordinate, at the least to the extent provided pursuant to these subordination provisions, to the payment of all senior indebtedness then outstanding and to any securities issued in respect thereof under any such plan of reorganization or readjustment) will be made to the holders of senior indebtedness, all as described in the applicable prospectus supplement. In the event of any such proceeding, after payment in full of all sums owing with respect to senior indebtedness, the holders of subordinated debt securities, together with the holders of any of our obligations ranking on a parity with the subordinated debt securities, will be entitled to be paid from our remaining assets the amounts then due and owing with respect to such subordinated debt securities and other obligations, before any payments or distributions will be made on account of any of our capital stock or other obligations ranking junior to such subordinated debt securities and other obligations.

If we default in the payment of any principal of, premium, if any, or interest on any senior indebtedness, whether at maturity or at a date fixed for prepayment or by declaration of acceleration or otherwise, then, upon written notice of such default to us by the holders of senior indebtedness or any trustee therefor, unless and until such default shall have been cured or waived or shall have ceased to exist, no direct or indirect payment shall be made or agreed to be made on account of the principal, premium, if any, or interest on any of the subordinated debt securities, or in respect of any redemption, repayment, retirement, purchase or other acquisition of any of the subordinated debt securities.

By reason of this subordination, in the event of insolvency, our creditors who are holders of senior indebtedness or holders of any indebtedness or preferred stock of our subsidiaries, as well as certain of our general creditors, may recover more, ratably, than the holders of the subordinated debt securities.

Events of Default

Edgar Filing: DANAHER CORP /DE/ - Form 424B7

Except as may be provided otherwise in a prospectus supplement, any of the following events will constitute an event of default for a series of debt securities under the indenture:

failure to pay interest on our debt securities of that series for thirty days past the applicable due date;

Table of Contents

failure to pay principal of, or premium, if any, on our debt securities of that series when due (whether at maturity, upon acceleration or otherwise);

failure to deposit any sinking fund payment on debt securities of that series when due;

failure to perform, or breach of, any other covenant, agreement or warranty for the benefit of the holders of the security in the indenture, other than a covenant, agreement or warranty a default in whose performance or breach is dealt with elsewhere in the indenture, or which is included in the indenture solely for the benefit of a different series of our debt securities, which continues for 90 days after written notice from the trustee or holders of 25% of the outstanding principal amount of the debt securities of that series as provided in the indenture;

specified events relating to our bankruptcy, insolvency or reorganization; and

any other event of default provided with respect to debt securities of that series pursuant to the applicable supplement.

An event of default with respect to one series of debt securities is not necessarily an event of default for another series.

If there is an event of default with respect to a series of our debt securities, which continues for the requisite amount of time, either the trustee or holders of at least 25% of the aggregate principal amount outstanding of that series may declare the principal amount of all of the debt securities of that series to be due and payable immediately, except that if an event of default occurs due to bankruptcy, insolvency or reorganization as provided in the applicable indenture, then the principal of and interest on the debt securities shall become due and payable immediately without any act by the trustee or any holder of debt securities. If the securities were issued at an original issue discount, less than the stated principal amount may become payable. However, at any time after an acceleration with respect to debt securities of any series has occurred, but before a judgment or decree based on such acceleration has been obtained, the holders of a majority in principal amount of the outstanding debt securities of that series may, under certain circumstances, rescind and annul such acceleration.

The holders of a majority in aggregate principal amount of the outstanding debt securities of a series may, on behalf of the holders of all debt securities of that series, waive any past default or event of default and its consequences for that series, except (1) a default in the payment of the principal, premium, or interest with respect to those debt securities or (2) a default with respect to a provision of the applicable indenture that cannot be amended without the consent of each holder affected by the amendment. In case of a waiver of a default, that default shall cease to exist, and any event of default arising from that default shall be deemed to have been cured for all purposes. The holders of a majority in aggregate principal amount outstanding of the debt securities of any series may also, on behalf of the holders of all debt securities of that series, waive, with respect to that series, our compliance with certain restrictive covenants in the applicable indenture.

If any event which is, or after notice or lapse of time or both would become, an event of default (collectively referred to in this paragraph as a default) occurs and is continuing with respect to debt securities of a particular series and if it is known to any specified responsible officer of the trustee, the trustee will mail to each holder of such debt securities notice of such default within 90 days after it occurs or, if later, after the trustee obtains knowledge of such default. Except in the case of default in the payment of principal, premium, or interest with respect to the debt securities of that series or in the making of any sinking fund payment with respect to the debt securities of that series, the trustee may withhold such notice if and so long as the corporate trust committee or a committee of specified responsible officers of the trustee in good faith determines that withholding the notice is in the interests of the holders of such debt securities.

A holder may institute a suit against us for enforcement of such holder's rights under the applicable indenture, for the appointment of a receiver or trustee, or for any other remedy only if the following conditions are satisfied:

the holder gives the trustee written notice of a continuing event of default with respect to a series of our debt securities held by that holder;

Edgar Filing: DANAHER CORP /DE/ - Form 424B7

holders of at least 25% of the aggregate principal amount of the outstanding debt securities of that series make a request, in writing, and offer reasonable indemnity, to the trustee for the trustee to institute the requested proceeding;

the trustee does not receive direction contrary to the holder's request from holders of a majority in aggregate principal amount of the outstanding debt securities of that series within 60 days following such notice, request and offer of indemnity under the terms of the applicable indenture; and

the trustee does not institute the requested proceeding within 60 days following such notice.

The indentures will require us every year to deliver to the trustee a statement as to performance of our obligations under the indentures and as to any defaults.

Table of Contents

A default in the payment of any of our debt securities, or a default with respect to our debt securities that causes them to be accelerated, may give rise to a cross-default under our other indebtedness.

Satisfaction and Discharge of the Indentures

An indenture will generally cease to be of any further effect with respect to a series of debt securities if:

we have delivered to the applicable trustee for cancellation all debt securities of that series (with certain limited exceptions); or

all debt securities of that series not previously delivered to the trustee for cancellation have become due and payable, will become due and payable within one year, or are to be called for redemption within one year under arrangements satisfactory to the trustee, and in any such case we have deposited with the trustee as trust funds the entire amount sufficient to pay at maturity or upon redemption all of the principal, premium and interest due with respect to those debt securities;

and if, in either case, we also pay or cause to be paid all other sums payable under the applicable indenture by us and deliver to the trustee an officer's certificate and opinion of counsel stating that all conditions precedent to the satisfaction and discharge of the indenture have been complied with.

Legal Defeasance And Covenant Defeasance

Any series of our debt securities will be subject to the defeasance and discharge provisions of the applicable indenture unless otherwise specified in the applicable prospectus supplement. If those provisions are applicable, we may elect either:

legal defeasance, which will permit us to defease and be discharged from, subject to limitations, all of our obligations with respect to those debt securities, including any subordination provisions; or

covenant defeasance, which will permit us to be released from our obligations to comply with certain covenants relating to those debt securities as described in the applicable prospectus supplement, which may include obligations concerning subordination of our subordinated debt securities.

If we exercise our legal defeasance option with respect to a series of debt securities, payment of those debt securities may not be accelerated because of an event of default. If we exercise our covenant defeasance option with respect to a series of debt securities, payment of those debt securities may not be accelerated because of an event of default related to the specified covenants.

Unless otherwise provided in the applicable prospectus supplement, we may invoke legal defeasance or covenant defeasance with respect to any series of our debt securities only if:

with respect to debt securities denominated in U.S. dollars, we irrevocably deposit with the trustee, in trust, an amount in U.S. dollars, U.S. government obligations (taking into account payment of principal and interest thereon in accordance with their terms) or a combination thereof which will provide money in an amount sufficient to pay, when due upon maturity or redemption, as the case may be, the principal of, premium, if any, and interest on those debt securities;

with respect to debt securities denominated in a currency other than U.S. dollars, we irrevocably deposit with the trustee, in trust, an amount in such currency, obligations of the foreign government that issued such currency (taking into account payment of principal and interest thereon in accordance with their terms) or a combination thereof which will provide money in an amount sufficient to pay, when due upon maturity or redemption, as the case may be, the principal of, premium, if any, and interest on those debt securities;

we deliver to the trustee a certificate from a nationally recognized firm of independent accountants expressing their opinion that the payments of principal and interest when due on the deposited U.S. government obligations or foreign government obligations, as applicable, plus any deposited money will provide cash at such times and in such amounts as will be sufficient to pay the principal, premium, and interest when due with respect to all the debt securities of that series to maturity or redemption, as the case may be;

no event which is, or after notice or lapse of time would become, an event of default under the indenture shall have occurred and be continuing at the time of such deposit or, with regard to any default relating to our bankruptcy, insolvency or reorganization, at any time on or prior to the 90th day after such deposit;

the deposit does not cause the trustee to have a conflicting interest within the meaning of the Trust Indenture Act (assuming all securities under the indenture are in default within the meaning of such Act);

the deposit is not a default under any other agreement binding on us;

Table of Contents

such deposit will not result in the trust arising from such deposit constituting an investment company under the Investment Company Act of 1940, as amended, unless such trust is registered under, or exempt from, such Act;

we deliver to the trustee an opinion of counsel addressing certain federal income tax matters relating to the defeasance;

if the securities are to be redeemed prior to the stated maturity (other than from mandatory sinking fund payments or analogous payments), notice of such redemption shall have been duly given or provision for such notice satisfactory to the trustee shall have been made;

with respect to any series of subordinated debt securities, at the time of such deposit, (1) no default in the payment of principal, premium or interest with respect to any senior indebtedness shall have occurred and be continuing, (2) no event of default shall have resulted in any senior indebtedness becoming, and continuing to be, due and payable prior to the date it would otherwise have become due and payable (unless payment of such senior indebtedness has been provided for), and (3) no other event of default shall have occurred and be continuing which permits the holders thereof to declare such indebtedness due and payable prior to the date it would otherwise have become due and payable; and

we deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent to the defeasance and discharge of the debt securities of that series as contemplated by the applicable indenture have been complied with.

Modification and Waiver

We and the trustee may enter into supplemental indentures for the purpose of modifying or amending an indenture with the consent of holders of at least a majority in aggregate principal amount of each series of our outstanding debt securities affected. However, unless otherwise provided in the applicable prospectus supplement, the consent of all of the holders of our debt securities that are affected thereby is required for any of the following modifications or amendments:

to reduce the percentage in principal amount of debt securities of any series whose holders must consent to a supplemental indenture, or consent to any waiver of compliance with certain provisions of the indenture, or consent to certain defaults under the indenture, in each case as provided for in the indenture;

to reduce the rate of, or change the stated maturity of any installment of, interest on any debt security;

to reduce the principal of or change the stated maturity of principal of, or any installment of principal of or interest on, any debt security or reduce the amount of principal of any original issue discount security that would be due and payable upon declaration of acceleration of maturity;

to reduce the premium payable upon the redemption of any debt security;

to make any debt security, or any premium or interest thereon, payable in a currency other than that stated in that debt security;

to change any place of payment where any debt security or any premium or interest thereon is payable;

to change the right to convert any debt security in accordance with its terms;

to impair the right to bring a lawsuit for the enforcement of any payment on or after the stated maturity of any debt security (or in the case of redemption, on or after the date fixed for redemption);

to modify the provisions of the indenture with respect to subordination of debt securities in a manner adverse to any registered holder of a debt security; or

generally, to modify any of the above provisions of the indenture or any provisions providing for the waiver of past defaults or waiver of compliance with certain covenants, except to increase the percentage in principal amount of debt securities of any series whose holders must consent to an amendment or waiver, as applicable, or to provide that certain other provisions of the indenture cannot be modified or waived without the consent of the holder of each outstanding debt security affected by the modification or waiver.

In addition, we and the trustee with respect to an indenture may enter into supplemental indentures without the consent of the holders of debt securities for one or more of the following purposes (in addition to any other purposes specified in an applicable prospectus supplement):

Table of Contents

to evidence that another person has become our successor and that the successor assumes our covenants, agreements, and obligations in the indenture and in the debt securities;

to surrender any of our rights or powers under the indenture, or to add to our covenants further covenants for the protection of the holders of all or any series of debt securities;

to add any additional events of default for the benefit of the holders of all or any series of debt securities;

to cure any ambiguity, to correct or supplement any provision in the indenture that may be defective or inconsistent with any other provision in the indenture, or to make other provisions in regard to matters or questions arising under the indenture;

to add to or change any of the provisions of the indenture as necessary to permit or facilitate the issuance of debt securities in bearer form, registrable or not registrable as to principal, and with or without interest coupons, or to permit or facilitate the issuance of debt securities in uncertificated form;

to secure the debt securities;

to add to, change, or eliminate any of the provisions of the indenture with respect to one or more series of debt securities, so long as the addition, change, or elimination not otherwise permitted under the indenture will (1) neither apply to any debt security of any series created before the execution of the supplemental indenture and entitled to the benefit of that provision nor modify the rights of the holders of that debt security with respect to that provision or (2) become effective only when there is none of that debt security outstanding;

to evidence and provide for the acceptance of appointment by a successor or separate trustee with respect to the debt securities of one or more series and to add to or change any of the provisions of the indenture as necessary to provide for the administration of the indenture by more than one trustee;

with respect to the subordinated indenture, to add to, change or eliminate any of the subordination provisions in the indenture or change the definition of senior indebtedness in respect of one or more series of debt securities, provided that any such addition, change or elimination does not adversely affect the interests of the holders of outstanding debt securities in any material respect;

to establish the form or terms of debt securities of any series; and

to make provisions with respect to the conversion rights of holders, including providing for the conversion of debt securities of any series into any security or securities of ours.

Certain Covenants

In addition to such other covenants, if any, as may be described in the accompanying prospectus supplement and/or free writing prospectus and except as may be otherwise set forth in the accompanying prospectus supplement and/or free writing prospectus, the indenture will require us, subject to certain limitations described therein, to, among other things, do the following:

Edgar Filing: DANAHER CORP /DE/ - Form 424B7

deliver to the trustee all information, documents and reports required to be filed by us with the SEC under Section 13 or 15(d) of the Exchange Act, within 15 days after the same is filed with the SEC;

deliver to the trustee annual officers' certificates with respect to our compliance with our obligations under the indenture;

maintain the existence, rights and franchises of us and our significant subsidiaries, except to the extent our board of directors determines that the preservation thereof is no longer desirable in the conduct of our business and that the loss thereof is not adverse in any material respect to the holders of the debt securities; and

pay, and cause our significant subsidiaries to pay, our and their taxes, assessments and government levies when due, except to the extent the same is being contested in good faith by appropriate proceedings.

Covenants in the Senior Indenture

You can find the definitions of certain terms used in this description under the subheading Certain Definitions.

Limitation on Secured Debt

Unless otherwise provided in the applicable prospectus supplement and/or free writing prospectus, we will not, and will not permit any Subsidiary to, create, assume, or guarantee any Secured Debt without making effective provision for securing the senior debt securities equally and ratably with such Secured Debt. This covenant does not apply to debt secured by:

purchase money mortgages created to secure payment for the acquisition or construction of any property including, but not limited to, any indebtedness incurred by us or a Subsidiary prior to, at the time of, or within 180 days after the later of the acquisition, the completion of construction (including any improvements on an existing property) or the commencement of commercial operation of such property, which indebtedness is incurred for the purpose of financing all or any part of the purchase price of such property or construction or improvements on such property;

mortgages, pledges, liens, security interest or encumbrances (collectively referred to as security interests) on property, or any conditional sales agreement or any title retention with respect to property, existing at the time of acquisition thereof, whether or not assumed by us or a Subsidiary;

Limitation on Sale and Leaseback Transactions

Unless otherwise provided in the applicable prospectus supplement and/or free writing prospectus, the senior indenture provides that we will not, and will not permit any Subsidiary to, enter any lease longer than three years (excluding leases of newly acquired, improved or constructed property) covering any Principal Property of ours or any Subsidiary that is sold to any other person in connection with such lease (a "Sale and Leaseback Transaction"), unless either:

we or such Subsidiary would be entitled, without equally and ratably securing the senior debt securities, to incur Indebtedness secured by a mortgage on the Principal Property leased pursuant to any of the bullets referenced above under "Limitation on Secured Debt," or

an amount equal to the value of the Principal Property so leased is applied to the retirement, within 120 days of the effective date of such arrangement, of indebtedness for borrowed money incurred or assumed by us or a Subsidiary which is recorded as Funded Debt as shown on our most recent consolidated balance sheet and which in the case of such Indebtedness of ours, is not subordinate and junior in right of payment to the prior payment of the senior debt securities.

Table of Contents

Exempted Indebtedness

Notwithstanding the limitations on Secured Debt and Sale and Leaseback Transactions described above, we and any one or more Subsidiaries may, without securing the senior debt securities, issue, assume, or guarantee Secured Debt or enter into any Sale and Leaseback Transaction which would otherwise be subject to the foregoing restrictions, provided that, after giving effect thereto, the aggregate amount of such Secured Debt then outstanding (not including Secured Debt permitted under the foregoing exceptions) and the Attributable Debt of Sale and Leaseback Transactions, other than Sale and Leaseback Transactions described in either bullet of the preceding paragraph, at such time does not exceed 15% of Consolidated Net Assets.

Certain Definitions

Set forth below are certain defined terms used in the senior indenture. Reference is made to the senior indenture for a complete definition of these terms, as well as any other capitalized terms used herein for which no definition is provided. Unless otherwise provided in the applicable prospectus supplement, the following terms will mean as follows for purposes of covenants that may be applicable to any particular series of senior debt securities.

The term **Attributable Debt**, in respect of a Sale and Leaseback Transaction, means, as of any particular time, the present value (discounted at the rate of interest implicit in the lease involved in such Sale and Leaseback Transaction, as determined in good faith by us) of the obligation of the lessee thereunder for rental payments (excluding, however, any amounts required to be paid by such lessee, whether or not designated as rent or additional rent, on account of maintenance and repairs, insurance, taxes, assessments, water rates or similar charges or any amounts required to be paid by such lessee thereunder contingent upon the amount of sales, maintenance and repairs, insurance, taxes, assessments, water rates or similar charges) during the remaining term of such lease (including any period for which such lease has been extended or may, at the option of the lessor, be extended).

The term **Consolidated Assets** means the aggregate of all assets of us and our Subsidiaries (including the value of all existing Sale and Leaseback Transactions and any assets resulting from the capitalization of other long-term lease obligations in accordance with generally accepted accounting principles in the United States (GAAP)), appearing on the most recent available consolidated balance sheet of us and our Subsidiaries at their net book values, after deducting related depreciation, amortization and other valuation reserves, all prepared in accordance with GAAP.

The term **Consolidated Current Liabilities** means the aggregate of the current liabilities of us and our Subsidiaries appearing on the most recent available consolidated balance sheet of us and our Subsidiaries, all in accordance with GAAP. In no event shall Consolidated Current Liabilities include any obligation of us and our Subsidiaries issued under a revolving credit or similar agreement if the obligation issued under such agreement matures by its terms within twelve months from the date thereof but by the terms of such agreement such obligation may be renewed or extended or the amount thereof reborrowed or refunded at our option or the option of any Subsidiary for a term in excess of twelve months from the date of determination.

The term **Consolidated Net Assets** means Consolidated Assets after deduction of Consolidated Current Liabilities.

The term **Funded Debt** means all indebtedness for money borrowed having a maturity of more than twelve months from the date of the most recent consolidated balance sheet of us and our Subsidiaries or renewable and extendable beyond twelve months at the option of the borrower and all obligations in respect of lease rentals which under GAAP would be shown on our consolidated balance sheet as a liability item other than a current liability; provided, however, that Funded Debt shall not include any of the foregoing to the extent that such indebtedness or obligations are not required by GAAP to be shown on our balance sheet.

The term **Principal Property** means any manufacturing plant, warehouse, office building or parcel of real property (including fixtures but excluding leases and other contract rights which might otherwise be deemed real property) owned by us or any Subsidiary, whether owned on the date of the indenture or thereafter, provided each such plant, warehouse, office building or parcel of real property has a gross book value (without deduction for any depreciation reserves) at the date as of which the determination is being made of in excess of two percent of the Consolidated Net Assets of us and our Subsidiaries, other than any such plant, warehouse, office building or parcel of real property or portion thereof which, in the opinion of our board of directors (evidenced by a certified board resolution delivered to the trustee), is not of material importance to the business conducted by us and our Subsidiaries taken as a whole.

The term **Secured Debt** means Indebtedness for borrowed money and any Funded Debt which, in each case, is secured by a security interest in:

any Principal Property, or

any shares of capital stock or Indebtedness of any Subsidiary.

The term **Subsidiary** means any corporation or other entity (including, without limitation, partnerships, joint ventures and associations) of which at least a majority of the outstanding stock having by the terms thereof ordinary voting power for the election of directors of such corporation or other entity (irrespective of whether or not at the time the stock of any other class or classes of such

Table of Contents

corporation shall have or might have voting power by reason of the happening of any such contingency) is at the time directly or indirectly owned by Danaher, or by one or more Subsidiaries of Danaher, or by Danaher and one or more other Subsidiaries.

Consolidation, Merger and Sale of Assets

Unless otherwise provided in the applicable prospectus supplement, our indentures prohibit us from consolidating with or merging into another business entity, or conveying, transferring or leasing our properties and assets substantially as an entirety to any business entity, unless:

the surviving or acquiring entity is a U.S. corporation, limited liability company, partnership or trust, and it expressly assumes our obligations with respect to outstanding debt securities by executing a supplemental indenture;

immediately after giving effect to the transaction, no event of default, or event which, after notice or lapse of time or both, would become an event of default, shall have happened and be continuing; and

we have delivered to the trustee an officers' certificate and an opinion of counsel, each stating that the consolidation, merger, conveyance, transfer or lease and, if a supplemental indenture is required in connection with such transaction, such supplemental indenture, comply with the indenture and all conditions precedent relating to such transaction have been complied with.

Conversion Rights

We will describe the terms upon which debt securities may be convertible into our common stock or other securities in a prospectus supplement. These terms will include the type of securities the debt securities are convertible into, the conversion price or manner of calculation thereof, the conversion period, provisions as to whether conversion will be at our option or the option of the holders, the events requiring an adjustment of the conversion price and provisions affecting conversion in the event of the redemption of the debt securities and any restrictions on conversion. They may also include provisions adjusting the number of shares of our common stock or other securities issuable upon conversion.

Denomination

Normally, we will denominate and make payments on debt securities in U.S. dollars. If we issue debt securities denominated, or with payments, in a foreign or composite currency, a prospectus supplement will specify the currency or composite currency. Except as may be provided otherwise in the applicable prospectus supplement and/or free writing prospectus, we will issue registered securities in denominations of \$1,000 or integral multiples of \$1,000.

Our Debt Trustee

Unless stated in the applicable prospectus supplement, (i) the trustee may also be the trustee under any other indenture for debt securities and (ii) any trustee or its affiliates may lend money to us and/or may from time to time have other business arrangements with us. If and when the trustee becomes a creditor of ours, the trustee will be subject to the provisions of the Trust Indenture Act regarding the collection of claims against us.

Governing Law

The indentures and the debt securities will be governed by the laws of the State of New York.

DESCRIPTION OF CAPITAL STOCK

General

The following summary description of our capital stock is based on the provisions of the Delaware General Corporation Law (the "DGCL") and our certificate of incorporation and bylaws, as amended and restated through the date of this prospectus. This description does not purport to be complete and is qualified in its entirety by reference to the terms of the restated certificate of incorporation and bylaws. See "Where You Can Find More Information."

Our authorized capital stock consists of 1,000,000,000 shares of common stock, par value \$0.01 per share, and 15,000,000 shares of preferred stock, without par value. As of May 5, 2009, we had 318,704,681 shares of our common stock outstanding and no shares of preferred stock outstanding.

Common Stock

Each stockholder of record of our common stock is entitled to one vote for each share held on every matter properly submitted to the stockholders for their vote, including the election of directors. Holders of our common stock do not have cumulative voting rights. After satisfaction of the dividend rights of holders of preferred stock, holders of common stock are entitled ratably to any dividend declared by the board of directors out of funds legally available for this purpose. Upon our liquidation, dissolution or winding up, the holders of our common stock are entitled to receive ratably our net assets available, if any, after the payment of all debts and other liabilities and subject to the prior rights of any outstanding preferred stock. Holders of our common stock have no redemption or conversion rights, no sinking fund provisions and no preemptive right to subscribe for or purchase additional shares of any class of our capital stock. The outstanding shares of our common stock are fully paid and nonassessable, and any shares of common stock issued in an offering pursuant to this prospectus and any shares of common stock issuable upon the exercise of common stock warrants or conversion or exchange of debt securities which are convertible into or exchangeable for our common stock, or in connection with the obligations of a holder of purchase contracts to purchase our common stock, when issued in accordance with their terms will be fully paid and nonassessable. The rights, preferences and privileges of holders of common stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of preferred stock that we may designate and issue in the future.

Preferred Stock

This section describes the general terms and provisions of our preferred stock. The applicable prospectus supplement will describe the specific terms of the shares of preferred stock offered through that prospectus supplement, as well as any general terms described in this section that will not apply to those shares of preferred stock. We will file a copy of the certificate of designation that contains the terms of each new series of preferred stock with the SEC each time we issue a new series of preferred stock. Each certificate of designation will establish the number of shares included in a designated series and fix the designation, powers, privileges, preferences and rights of the shares of each series as well as any applicable qualifications, limitations or restrictions. You should refer to the applicable certificate of designation as well as our restated certificate of incorporation before deciding to buy shares of our preferred stock as described in the applicable prospectus supplement.

Our board of directors has been authorized to provide for the issuance of up to 15,000,000 shares of our preferred stock in multiple series without the approval of stockholders. With respect to each series of our preferred stock, our board of directors has the authority to fix the following terms:

the designation of the series;

the number of shares within the series;

whether dividends are cumulative and, if cumulative, the dates from which dividends are cumulative;

Edgar Filing: DANAHER CORP /DE/ - Form 424B7

the rate of any dividends, any conditions upon which dividends are payable, and the dates of payment of dividends;

whether interests in the shares of preferred stock will be represented by depositary shares as more fully described below under Description of Depositary Shares ;

whether the shares are redeemable, the redemption price and the terms of redemption;

the amount payable to you for each share you own if we dissolve or liquidate;

whether the shares are convertible or exchangeable, the price or rate of conversion or exchange, and the applicable terms and conditions;

Table of Contents

any restrictions on issuance of shares in the same series or any other series;

voting rights applicable to the series of preferred stock; and

any other rights, priorities, preferences, restrictions or limitations of such series.

Your rights with respect to your shares of preferred stock will be subordinate to the rights of our general creditors. Shares of our preferred stock that we issue in accordance with their terms will be fully paid and nonassessable, and will not be entitled to preemptive rights unless specified in the applicable prospectus supplement.

Our ability to issue preferred stock, or rights to purchase such shares, could discourage an unsolicited acquisition proposal. For example, we could impede a business combination by issuing a series of preferred stock containing class voting rights that would enable the holders of such preferred stock to block a business combination transaction. Alternatively, we could facilitate a business combination transaction by issuing a series of preferred stock having sufficient voting rights to provide a required percentage vote of the stockholders. Additionally, under certain circumstances, our issuance of preferred stock could adversely affect the voting power of the holders of our common stock. Although our board of directors is required to make any determination to issue any preferred stock based on its judgment as to the best interests of our stockholders, our board of directors could act in a manner that would discourage an acquisition attempt or other transaction that some, or a majority, of our stockholders might believe to be in their best interests or in which stockholders might receive a premium for their stock over prevailing market prices of such stock. Our board of directors does not at present intend to seek stockholder approval prior to any issuance of currently authorized stock, unless otherwise required by law or applicable stock exchange requirements.

Limitation on Directors' Liability

Our restated certificate of incorporation provides, as authorized by Section 102(b)(7) of the DGCL, that our directors will not be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director, except for liability:

for any breach of the director's duty of loyalty to us or our stockholders;

for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;

for unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the DGCL; or

for any transaction from which the director derived an improper personal benefit.

The inclusion of this provision in our restated certificate of incorporation may have the effect of reducing the likelihood of derivative litigation against directors, and may discourage or deter stockholders or management from bringing a lawsuit against directors for breach of their duty of care, even though such an action, if successful, might otherwise have benefited us and our stockholders.

Section 203 of the Delaware General Corporation Law

Section 203 of the DGCL prohibits a defined set of transactions between a Delaware corporation, such as us, and an interested stockholder. An interested stockholder is defined as a person who, together with any affiliates or associates of such person, beneficially owns, directly or indirectly, 15% or more of the outstanding voting shares of a Delaware corporation. This provision may prohibit business combinations between an interested stockholder and a corporation for a period of three years after the date the interested stockholder becomes an interested stockholder. The term business combination is broadly defined to include mergers, consolidations, sales or other dispositions of assets having a total value in excess of 10% of the consolidated assets of the corporation, and some other transactions that would increase the interested stockholder's proportionate share ownership in the corporation.

This prohibition is effective unless:

the business combination is approved by the corporation's board of directors prior to the time the interested stockholder becomes an interested stockholder;

the interested stockholder acquired at least 85% of the voting stock of the corporation, other than stock held by directors who are also officers or by qualified employee stock plans, in the transaction in which it becomes an interested stockholder; or

the business combination is approved by a majority of the board of directors and by the affirmative vote of two-thirds of the outstanding voting stock that is not owned by the interested stockholder.

Table of Contents

In general, the prohibitions do not apply to business combinations with persons who were stockholders before we became subject to Section 203.

Advance Notice Bylaw Provisions

Our bylaws establish advance notice procedures with respect to stockholder proposals and the nomination of candidates for election as directors, other than proposals and nominations made by or at the direction of the board of directors.

Special Charter Provisions

Our restated certificate of incorporation divides our board of directors into three classes of directors serving staggered, three-year terms. Vacancies, and newly-created directorships resulting from any increase in the size of our board, may be filled by our board, even if the directors then on the board do not constitute a quorum or only one director is left in office. These provisions, together with the provisions of Section 203 of the DGCL, could have the effect of delaying, deferring or preventing a change in control or the removal of existing management, of deterring potential acquirors from making an offer to our stockholders and of limiting any opportunity to realize premiums over prevailing market prices for our common stock in connection therewith. This could be the case notwithstanding that a majority of our stockholders might benefit from such a change in control or offer.

Transfer Agent and Registrar

Computershare Investor Services, LLC serves as the registrar and transfer agent for the common stock.

Stock Exchange Listing

Our common stock is listed on the New York Stock Exchange under the trading symbol **DHR**.

DESCRIPTION OF WARRANTS

General

We may issue warrants to purchase our debt or equity securities. We may issue warrants independently or together with any offered securities and the warrants may be attached to or separate from those offered securities. We will issue the warrants under warrant agreements to be entered into between us and a bank or trust company, as warrant agent, all as described in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the warrants of the series being offered and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants.

The applicable prospectus supplement will describe the following terms, where applicable, of warrants in respect of which this prospectus is being delivered:

the title of the warrants;

the designation, amount and terms of the securities for which the warrants are exercisable;

the designation and terms of the other securities, if any, with which the warrants are to be issued and the number of warrants issued with each such security;

the price or prices at which the warrants will be issued;

the aggregate number of warrants;

any provisions for adjustment of the number or amount of securities receivable upon exercise of the warrants or the exercise price of the warrants;

the price or prices at which the securities purchasable upon exercise of the warrants may be purchased;

if applicable, the date on and after which the warrants and the securities purchasable upon exercise of the warrants will be separately transferable;

if applicable, a discussion of the material United States federal income tax considerations applicable to the exercise of the warrants;

any other terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants;

the date on which the right to exercise the warrants shall commence, and the date on which the right shall expire;

the currency or currencies in which the warrants are exercisable;

the terms of any mandatory or optional redemption or call provisions;

the identity of the warrant agent;

if applicable, the maximum or minimum number of warrants which may be exercised at any time; and

information with respect to book-entry procedures, if any.

Exercise of Warrants

Each warrant will entitle the holder of warrants to purchase for cash the amount of debt or equity securities, at the exercise price as shall be set forth in, or be determinable as set forth in, the prospectus supplement relating to the warrants. Warrants may be exercised at any time up to the close of business on the expiration date set forth in the prospectus supplement relating to the warrants. After the close of business on the expiration date, unexercised warrants will become void.

Warrants may be exercised as set forth in the prospectus supplement relating to the warrants. When the warrant holder makes the payment and properly completes and signs the warrant certificate at the corporate trust office of the warrant agent or any other office indicated in the prospectus supplement, we will, as soon as possible, forward the debt or equity securities which the warrant holder has purchased. If the warrant holder exercises the warrant for less than all of the warrants represented by the warrant certificates, we will issue a new warrant certificate for the remaining warrants.

Table of Contents

Until the exercise of their warrants for debt or equity securities, holders of warrants will not have rights as a holder of the debt or equity securities, as the case may be, by virtue of such holder's ownership of warrants.

DESCRIPTION OF DEPOSITARY SHARES

General

We may offer fractional shares of preferred stock, rather than full shares of preferred stock. If we do so, we may issue receipts for depositary shares that each represent a fraction of a share of a particular series of preferred stock. The prospectus supplement will indicate that fraction. The shares of preferred stock represented by depositary shares will be deposited under a depositary agreement between us and a bank or trust company that meets certain requirements and is selected by us (the "Bank Depositary"). Each owner of a depositary share will be entitled to all the rights and preferences of the preferred stock represented by the depositary share. The depositary shares will be evidenced by depositary receipts issued pursuant to the depositary agreement. Depositary receipts will be distributed to those persons purchasing the fractional shares of preferred stock in accordance with the terms of the offering.

We have summarized some common provisions of a depositary agreement and the related depositary receipts. The forms of the depositary agreement and the depositary receipts relating to any particular issue of depositary shares will be filed with the SEC each time we issue depositary shares, and you should read those documents for provisions that may be important to you. The applicable prospectus supplement will describe the terms of any depositary shares.

Dividends and Other Distributions

If we pay a cash distribution or dividend on a series of preferred stock represented by depositary shares, the Bank Depositary will distribute such dividends to the record holders of such depositary shares. If the distributions are in property other than cash, the Bank Depositary will distribute the property to the record holders of the depositary shares. However, if the Bank Depositary determines that it is not feasible to make the distribution of property, the Bank Depositary may, with our approval, sell such property and distribute the net proceeds from such sale to the record holders of the depositary shares.

Redemption of Depositary Shares

If we redeem a series of preferred stock represented by depositary shares, the Bank Depositary will redeem the depositary shares from the proceeds received by the Bank Depositary in connection with the redemption. The redemption price per depositary share will equal the applicable fraction of the redemption price per share of the preferred stock. If fewer than all the depositary shares are redeemed, the depositary shares to be redeemed will be selected by lot or pro rata as the Bank Depositary may determine.

Voting the Preferred Stock

Upon receipt of notice of any meeting at which the holders of the preferred stock represented by depositary shares are entitled to vote, the Bank Depositary will mail the notice to the record holders of the depositary shares relating to such preferred stock. Each record holder of these depositary shares on the record date, which will be the same date as the record date for the preferred stock, may instruct the Bank Depositary as to how to vote the preferred stock represented by such holder's depositary shares. The Bank Depositary will endeavor, insofar as practicable, to vote the amount of the preferred stock represented by such depositary shares in accordance with such instructions, and we will take all action which the Bank Depositary deems necessary in order to enable the Bank Depositary to do so. The Bank Depositary will abstain from voting shares of the preferred stock to the extent it does not receive specific instructions from the holders of depositary shares representing such preferred stock.

Amendment and Termination of the Depositary Agreement

The form of depositary receipt evidencing the depositary shares and any provision of the depositary agreement may be amended by agreement between the Bank Depositary and us. However, any amendment that materially and adversely alters the rights of the holders of depositary shares will not be effective unless such amendment has been approved by the holders of at least a majority of the depositary shares then outstanding. The depositary agreement may be terminated by the Bank Depositary or us only if (1) all outstanding depositary shares have been redeemed or (2) there has been a final distribution in respect of the preferred stock in connection with any liquidation, dissolution or winding up of our company and such distribution has been distributed to the holders of depositary receipts.

Charges of Bank Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will pay charges of the Bank Depositary in connection with the initial deposit of the preferred stock and any redemption of the preferred stock. Holders of depositary receipts will pay other transfer and other taxes and governmental charges and any other charges, including a fee for the withdrawal of shares of preferred stock upon surrender of depositary receipts, as are expressly provided in the depositary agreement to be for their accounts.

Table of Contents

Withdrawal of Preferred Stock

Except as may be provided otherwise in the applicable prospectus supplement, upon surrender of depositary receipts at the principal office of the Bank Depositary, subject to the terms of the depositary agreement, the owner of the depositary shares may demand delivery of the number of whole shares of preferred stock and all money and other property, if any, represented by those depositary shares. Partial shares of preferred stock will not be issued. If the depositary receipts delivered by the holder evidence a number of depositary shares in excess of the number of depositary shares representing the number of whole shares of preferred stock to be withdrawn, the Bank Depositary will deliver to such holder at the same time a new depositary receipt evidencing the excess number of depositary shares. Holders of preferred stock thus withdrawn may not thereafter deposit those shares under the depositary agreement or receive depositary receipts evidencing depositary shares therefor.

Miscellaneous

The Bank Depositary will forward to holders of depositary receipts all reports and communications from us that are delivered to the Bank Depositary and that we are required to furnish to the holders of the preferred stock.

Neither the Bank Depositary nor we will be liable if we are prevented or delayed by law or any circumstance beyond our control in performing our obligations under the depositary agreement. The obligations of the Bank Depositary and us under the depositary agreement will be limited to performance in good faith of our duties thereunder, and we will not be obligated to prosecute or defend any legal proceeding in respect of any depositary shares or preferred stock unless satisfactory indemnity is furnished. We may rely upon written advice of counsel or accountants, or upon information provided by persons presenting preferred stock for deposit, holders of depositary receipts or other persons believed to be competent and on documents believed to be genuine.

Resignation and Removal of Bank Depositary

The Bank Depositary may resign at any time by delivering to us notice of its election to do so, and we may at any time remove the Bank Depositary. Any such resignation or removal will take effect upon the appointment of a successor Bank Depositary and its acceptance of such appointment. The successor Bank Depositary must be appointed within 60 days after delivery of the notice of resignation or removal and must be a bank or trust company meeting the requirements of the depositary agreement.

DESCRIPTION OF THE PURCHASE CONTRACTS

AND UNITS

We may issue purchase contracts, including contracts obligating holders to purchase from us, and obligating us to sell to the holders, a specified number of shares of common stock or other securities at a future date or dates, which we refer to in this prospectus as purchase contracts. The price per share of the securities and the number of shares of the securities may be fixed at the time the purchase contracts are issued or may be determined by reference to a specific formula set forth in the purchase contracts. The purchase contracts may be issued separately or as part of units consisting of a purchase contract and debt securities, preferred securities, warrants or debt obligations of third parties, including U.S. treasury securities, securing the holders' obligations to purchase the securities under the purchase contracts, which we refer to herein as units. The purchase contracts may require holders to secure their obligations under the purchase contracts in a specified manner. The purchase contracts also may require us to make periodic payments to the holders of the units or vice versa, and those payments may be unsecured or refunded on some basis.

The applicable prospectus supplement will describe the terms of the purchase contracts or units. The description in the prospectus supplement will not necessarily be complete, and reference will be made to the purchase contracts, and, if applicable, collateral or depositary arrangements relating to the purchase contracts or units, which will be filed with the SEC each time we issue purchase contracts or units. Material United States federal income tax considerations applicable to the units and the purchase contracts will also be discussed in the applicable prospectus supplement.

FORMS OF SECURITIES

Each debt security, depositary share, purchase contract, unit and warrant will be represented either by a certificate issued in definitive form to a particular investor or by one or more global securities representing the entire issuance of securities. Certificated securities in definitive form and global securities will be issued in registered form. Definitive securities name you or your nominee as the owner of the security, and in order to transfer or exchange these securities or to receive payments other than interest or other interim payments, you or your nominee must physically deliver the securities to the trustee, registrar, paying agent or other agent, as applicable. Global securities name a depositary or its nominee as the

owner of the debt securities, depositary shares, purchase contracts, units or warrants represented by these global securities. The depositary maintains a computerized system that will reflect each investor's beneficial ownership of the securities through an account maintained by the investor with its broker/dealer, bank, trust company or other representative, as we explain more fully below.

Table of Contents**Global Securities**

The Company may issue the registered debt securities, depositary shares, purchase contracts, purchase units and warrants in the form of one or more fully registered global securities that will be deposited with a depositary or its nominee identified in the applicable prospectus supplement and registered in the name of that depositary or nominee. In those cases, one or more registered global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal or face amount of the securities to be represented by registered global securities. Unless and until it is exchanged in whole for securities in definitive registered form, a registered global security may not be transferred except as a whole by and among the depositary for the registered global security, the nominees of the depositary or any successors of the depositary or those nominees.

If not described below, any specific terms of the depositary arrangement with respect to any securities to be represented by a registered global security will be described in the prospectus supplement relating to those securities. We anticipate that the following provisions will apply to all depositary arrangements.

Ownership of beneficial interests in a registered global security will be limited to persons, called participants, that have accounts with the depositary or persons that may hold interests through participants. Upon the issuance of a registered global security, the depositary will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal or face amounts of the securities beneficially owned by the participants. Any dealers, underwriters or agents participating in the distribution of the securities will designate the accounts to be credited. Ownership of beneficial interests in a registered global security will be shown on, and the transfer of ownership interests will be effected only through, records maintained by the depositary, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants. The laws of some states may require that some purchasers of securities take physical delivery of these securities in definitive form. These laws may impair your ability to own, transfer or pledge beneficial interests in registered global securities.

So long as the depositary, or its nominee, is the registered owner of a registered global security, that depositary or its nominee, as the case may be, will be considered the sole owner or holder of the securities represented by the registered global security for all purposes under the applicable indenture, purchase contract, unit agreement or warrant agreement. Except as described below, owners of beneficial interests in a registered global security will not be entitled to have the securities represented by the registered global security registered in their names, will not receive or be entitled to receive physical delivery of the securities in definitive form and will not be considered the owners or holders of the securities under the applicable indenture, purchase contract, unit agreement or warrant agreement. Accordingly, each person owning a beneficial interest in a registered global security must rely on the procedures of the depositary for that registered global security and, if that person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the applicable indenture, purchase contract, unit agreement or warrant agreement. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a registered global security desires to give or take any action that a holder is entitled to give or take under the applicable indenture, purchase contract, unit agreement or warrant agreement, the depositary for the registered global security would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through them to give or take that action or would otherwise act upon the instructions of beneficial owners holding through them.

Principal or premium, if any, and interest payments on debt securities, and any payments to holders with respect to warrants, purchase contracts or units, represented by a registered global security registered in the name of a depositary or its nominee will be made to the depositary or its nominee, as the case may be, as the registered owner of the registered global security. None of the Company, the trustees, any warrant agent, unit agent or any other agent of the Company, the trustees or any such warrant agent or unit agent will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the registered global security or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

We expect that the depositary for any of the securities represented by a registered global security, upon receipt of any payment of principal, premium, interest or other distribution of underlying securities or other property to holders of that registered global security, will immediately credit participants' accounts in amounts proportionate to their respective beneficial interests in that registered global security as shown on the records of the depositary. We also expect that payments by participants to owners of beneficial interests in a registered global security held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in street name, and will be the responsibility of those participants.

If the depositary for any of these securities represented by a registered global security is at any time unwilling or unable to continue as depositary or ceases to be a clearing agency registered under the Exchange Act, and a successor depositary registered as a clearing agency under the Exchange Act is not appointed by us within 90 days, we will issue securities in definitive form in exchange for the registered global security that had been held by the depositary. Any securities issued in definitive form in exchange for a

registered global security will be registered in the name or names that the depositary gives to the relevant trustee, warrant agent, unit agent or other relevant agent of ours or theirs. It is expected that the depositary's instructions will be based on directions received by the depositary from participants with respect to ownership of beneficial interests in the registered global security that had been held by the depositary.

PLAN OF DISTRIBUTION

General

Any of the securities being offered hereby and pursuant to any accompanying prospectus supplement may be sold in any one or more of the following ways from time to time:

directly to purchasers;

through agents;

to or through underwriters;

through dealers;

directly to our stockholders; or

through a combination of any such methods of sale.

We may also issue the securities as a dividend or distribution to our stockholders.

In addition, we may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with such a transaction, the third parties may, pursuant to this prospectus and the applicable prospectus supplement, sell securities covered by this prospectus and the applicable prospectus supplement. If so, the third party may use securities borrowed from us or others to settle such sales and may use securities received from us to close out any related short positions. We may also loan or pledge securities covered by this prospectus and the applicable prospectus supplement to third parties, who may sell the loaned securities or, in an event of default in the case of a pledge, sell the pledged securities pursuant to this prospectus and the applicable prospectus supplement.

The distribution of the securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices.

We may solicit offers to purchase directly. Offers to purchase securities also may be solicited by agents designated by us from time to time. Any such agent involved in the offer or sale of the securities in respect of which this prospectus is delivered will be named, and any commissions payable by us to such agent will be set forth, in the applicable prospectus supplement. Unless otherwise indicated in such prospectus supplement, any such agent will be acting on a reasonable best efforts basis for the period of its appointment. Any such agent may be deemed to be an underwriter, as that term is defined in the Securities Act, of the securities so offered and sold.

If securities are sold by means of an underwritten offering, we will execute an underwriting agreement with an underwriter or underwriters at the time an agreement for such sale is reached, and the names of the specific managing underwriter or underwriters, as well as any other underwriters, the respective amounts underwritten and the terms of the transaction, including commissions, discounts and any other compensation of the underwriters and dealers, if any, will be set forth in the applicable prospectus supplement which will be used by the underwriters to make resales of the securities in respect of which this prospectus is being delivered to the public. If underwriters are utilized in the sale of any securities in respect of which this prospectus is being delivered, such securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at fixed public offering prices or at varying prices determined by the underwriters at the time of sale. Securities may be offered to the public either through underwriting syndicates represented by managing underwriters or directly by one or more underwriters. If any underwriter or underwriters are utilized in the sale of securities, unless otherwise indicated in the applicable prospectus supplement, the underwriting agreement will provide that the obligations of

the underwriters are subject to certain conditions precedent and that the underwriters with respect to a sale of such securities will be obligated to purchase all such securities if any are purchased.

We may grant to the underwriters options to purchase additional securities, to cover over-allotments, if any, at the initial public offering price (with additional underwriting commissions or discounts), as may be set forth in the prospectus supplement relating thereto. If we grant any over-allotment option, the terms of such over-allotment option will be set forth in the prospectus supplement for such securities.

If a dealer is used in the sale of the securities in respect of which this prospectus is delivered, we will sell such securities to the dealer, as principal. The dealer may then resell such securities to the public at varying prices to be determined by such dealer at the time of resale. Any such dealer may be deemed to be an underwriter, as such term is defined in the Securities Act, of the securities so offered and sold. The name of the dealer and the terms of the transaction will be set forth in the prospectus supplement relating thereto.

Table of Contents

Offers to purchase securities may be solicited directly by us and the sale thereof may be made by us directly to institutional investors or others, who may be deemed to be underwriters within the meaning of the Securities Act with respect to any resale thereof. We may also offer securities through agents in connection with a distribution to our stockholders of rights to purchase such securities. The terms of any such sales will be described in the prospectus supplement relating thereto.

We may offer our equity securities into an existing trading market on the terms described in the applicable prospectus supplement. Underwriters and dealers who may participate in any at-the-market offerings will be described in the prospectus supplement relating thereto.

Pursuant to any standby underwriting agreement entered into in connection with a subscription rights offering to our stockholders, persons acting as standby underwriters may receive a commitment fee for all securities underlying the subscription rights that the underwriter commits to purchase on a standby basis. Additionally, prior to the expiration date with respect to any subscription rights, any standby underwriters in a subscription rights offering to our stockholders may offer such securities on a when-issued basis, including securities to be acquired through the purchase and exercise of subscription rights, at prices set from time to time by the standby underwriters. After the expiration date with respect to such subscription rights, the underwriters may offer securities of the type underlying the subscription rights, whether acquired pursuant to a standby underwriting agreement, the exercise of the subscription rights or the purchase of such securities in the market, to the public at a price or prices to be determined by the underwriters. The standby underwriters may thus realize profits or losses independent of the underwriting discounts or commissions paid by us. If we do not enter into a standby underwriting arrangement in connection with a subscription rights offering to our stockholders, we may elect to retain a dealer-manager to manage such a subscription rights offering for us. Any such dealer-manager may offer securities of the type underlying the subscription rights acquired or to be acquired pursuant to the purchase and exercise of subscription rights and may thus realize profits or losses independent of any dealer-manager fee paid by us.

Securities may also be offered and sold, if so indicated in the applicable prospectus supplement, in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more firms (remarketing firms) acting as principals for their own accounts or as agents for us. Any remarketing firm will be identified and the terms of its agreement, if any, with us and its compensation will be described in the applicable prospectus supplement. Remarketing firms may be deemed to be underwriters, as that term is defined in the Securities Act, in connection with the securities remarketed thereby.

If so indicated in the applicable prospectus supplement, we may authorize agents, dealers or underwriters to solicit offers by certain institutions to purchase securities from us at the public offering price set forth in the applicable prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on the date or dates stated in the applicable prospectus supplement. Such delayed delivery contracts will be subject to only those conditions set forth in the applicable prospectus supplement. A commission indicated in the applicable prospectus supplement will be paid to underwriters and agents soliciting purchases of securities pursuant to delayed delivery contracts accepted by us.

Agents, underwriters, dealers and remarketing firms may be entitled under relevant agreements to indemnification by us or selling securityholders against certain liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which such agents, underwriters, dealers and remarketing firms may be required to make in respect thereof.

In order to facilitate the offering of the securities, any underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the securities or any other securities the prices of which may be used to determine payments on such securities. Specifically, any underwriters may overallocate in connection with the offering, creating a short position for their own accounts. In addition, to cover overallocations or to stabilize the price of the securities or of any such other securities, the underwriters may bid for, and purchase, the securities or any such other securities in the open market. Finally, in any offering of the securities through a syndicate of underwriters, the underwriting syndicate may reclaim selling concessions allowed to an underwriter or a dealer for distributing the securities in the offering if the syndicate repurchases previously distributed securities in transactions to cover syndicate short positions, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the securities above independent market levels. Any such underwriters are not required to engage in these activities and may end any of these activities at any time.

Unless otherwise specified in the applicable prospectus supplement, each series of securities, other than our common stock that is listed on the New York Stock Exchange, will be a new issue and will have no established trading market. We may elect to list any series of securities on an exchange but, unless otherwise specified in the applicable prospectus supplement, we shall not be obligated to do so. In addition, underwriters will not be obligated to make a market in any securities. No assurance can be given as to the liquidity of, or activity in, the trading market for any of the securities.

Agents, underwriters, dealers and remarketing firms may be customers of, engage in transactions with, or perform services for, us, our subsidiaries and/or the selling securityholders in the ordinary course of business.

The anticipated date of delivery of securities will be set forth in the applicable prospectus supplement and/or free writing prospectus relating to each offer.

Sales by Selling Securityholders

Selling securityholders may use this prospectus in connection with resales of securities. The applicable prospectus supplement will identify the selling securityholders and the terms of the securities. Selling securityholders may be deemed to be underwriters in connection with the securities they resell and any profits on the sales may be deemed to be underwriting discounts and commissions under the Securities Act. The selling securityholders will receive all the proceeds from the sale of the securities. We will not receive any proceeds from sales by selling securityholders.
