**Item 8.01 Other Events**

Oracle Corporation is hereby furnishing the following information:

On June 26, 2009, Oracle Corporation issued the following statement, attributable to Dan Wall of Latham & Watkins, counsel to Oracle:

We've had a very good dialogue with the Department of Justice and we were almost able to resolve everything before the Second Request deadline. All that's left is one narrow issue about the way rights to Java are licensed that is never going to get in the way of the deal. I fully expect that the investigation will end soon and not delay the closing of the deal this summer.

**Cautionary Statement Regarding Forward-Looking Statements**

This document contains certain forward-looking statements about Oracle and Sun Microsystems, Inc., including statements that involve risks and uncertainties concerning Oracle's proposed acquisition of Sun and the timing of the closing of this transaction. When used in this document, the words "going to," "can," "want," "will," "expect," similar expressions and any other statements that are not historical facts are intended to identify assertions as forward-looking statements. Any such statement may be influenced by a variety of factors, many of which are beyond the control of Oracle or Sun, that could cause actual outcomes and results to be materially different from those projected, described, expressed or implied in this document due to a number of risks and uncertainties. Potential risks and uncertainties include, among others, the possibility that the transaction will not close or that the closing may be delayed, the anticipated synergies of the combined companies may not be achieved after closing, the combined operations may not be successfully integrated in a timely manner, if at all, general economic conditions in regions in which either company does business, and the possibility that Oracle or Sun may be adversely affected by other economic, business, and/or competitive factors. Accordingly, no assurances can be given that any of the events anticipated by the forward-looking statements will transpire or occur, or if any of them do so, what impact they will have on the results of operations or financial condition of Oracle or Sun.

In addition, please refer to the documents that Oracle and Sun, respectively, file with the Securities and Exchange Commission (the "SEC") on Forms 10-K, 10-Q and 8-K. These filings identify and address other important factors that could cause actual events to differ materially from those contained in the forward-looking statements set forth in this document. You are cautioned not to place undue reliance on forward-looking statements, which speak only as of the date set forth above. Neither Oracle nor Sun is under any duty to update any of the information in this document.

**Additional Information about the Merger and Where to Find It**

In connection with the proposed merger, Sun has filed a proxy statement with the SEC on June 8, 2009. Additionally, Sun and Oracle will file other relevant materials in connection with the proposed acquisition of Sun by Oracle pursuant to the terms of an Agreement and Plan of Merger by and among Oracle, Soda Acquisition Corporation, a wholly-owned subsidiary of Oracle, and

Sun. The materials to be filed by Sun with the SEC may be obtained free of charge at the SEC's web site at [www.sec.gov](http://www.sec.gov). Investors and security holders of Sun are urged to read the proxy statement and the other relevant materials when they become available before making any voting or investment decision with respect to the proposed merger because they will contain important information about the merger and the parties to the merger.

Oracle, Sun and their respective directors, executive officers and other members of its management and employees, under SEC rules, may be deemed to be participants in the solicitation of proxies of Sun stockholders in connection with the proposed merger. Investors and security holders may obtain more detailed information regarding the names, affiliations and interests of certain of Oracle's executive officers and directors in the solicitation by reading Oracle's most recent Form 10-K and other relevant materials filed with the SEC when they become available. Information concerning the interests of Sun's participants in the solicitation, which may, in some cases, be different than those of Sun's stockholders generally, is set forth in the materials filed with the SEC on Form 10-K and is set forth in the proxy statement relating to the merger.
