Edgar Filing: TRANSCONTINENTAL REALTY INVESTORS INC - Form 10-K

(Address of principal executive offices)

(Zip Code)

(469) 522-4200

Registrant's Telephone Number, including area code

Securities registered pursuant to Section 12(b) of the Act:

<i>Title of Each Class</i>	<i>Name of each exchange on which registered</i>
Common Stock, \$0.01 par value	New York Stock Exchange

Securities registered pursuant to Section 12(g) of the Act:

NONE

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K (§229.405 of this chapter) is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, or a non-accelerated filer. large accelerated filer , accelerated filer and smaller reporting company in Rule 12b-2 of the Exchange Act

Large accelerated filer

Accelerated filer

Non-accelerated filer (Do not check if smaller reporting company)

Smaller Reporting Company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

The aggregate market value of the shares of voting and non-voting common equity held by non-affiliates of the Registrant, computed by reference to the closing price at which the common equity was last sold which was the sales price of the Common Stock on the New York Stock Exchange as of June 30, 2009 (the last business day of the Registrant's most recently completed second fiscal quarter) was \$13,737,241 based upon a total of 1,138,131 shares held as of June 30, 2009 by persons believed to be non-affiliates of the Registrant. The basis of the calculation does not constitute a determination by the Registrant as defined in Rule 405 of the Securities Act of 1933, as amended, such calculation, if made as of a date within sixty days of this filing, would yield a different value.

As of March 25, 2010, there were 8,113,669 shares of common stock outstanding.

FORWARD-LOOKING STATEMENTS

Certain Statements in this Form 10-K are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933, and Section 21E of the Securities Exchange Act of 1934. The words estimate, plan, intend, expect, anticipate, believe, and similar expressions are intended to identify forward-looking statements. The forward-looking statements are found at various places throughout this Report and in the documents incorporated herein by reference. The Company disclaims any intention or obligations to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Although we believe that our expectations are based upon reasonable assumptions, we can give no assurance that our goals will be achieved. Important factors that could cause our actual results to differ from estimates or projections contained in any forward-looking statements are described under Part I, Item 1A. Risk Factors.

PART I

ITEM 1. BUSINESS

General

As used herein, the terms we, us, our, the Company or TCI refer to Transcontinental Realty Investors, Inc. a Nevada corporation. TCI is the successor to a California business trust that was organized on September 6, 1983 and commenced operations on January 31, 1984. On November 30, 1999, TCI acquired all of the outstanding shares of beneficial interest of Continental Mortgage and Equity Trust (CMET), a real estate company, in a tax-free exchange of shares, issuing 1,181 shares of its Common Stock for each outstanding CMET share. Prior to January 1, 2000, TCI elected to be treated as a Real Estate Investment Trust (REIT) under Sections 856 through 860 of the Internal Revenue Code of 1986, as amended (the Code). During the third quarter of 2000, due to a concentration of ownership TCI no longer met the requirement for tax treatment as a REIT. Effective March 31, 2003, TCI financial results were consolidated in the American Realty Investors, Inc. (ARL) Form 10-K and related consolidated financial statements. As of December 31, 2009, ARL through subsidiaries owned 82.8% of the outstanding TCI common shares.

On July 17, 2009, the Company acquired from Syntek West, Inc., (SWI), 2,518,934 shares of Common Stock, par value \$0.01 per share of Income Opportunity Realty Investors, Inc. (IOT) at an aggregate price of \$17,884,431 (approximately \$7.10 per share), the full amount of which was paid by the Company through an assumption of an aggregate amount of indebtedness of \$17,884,431 on the outstanding balance owed by SWI to IOT. The 2,518,934 shares of IOT Common Stock acquired by the Company constituted approximately 60.4% of the issued and outstanding Common Stock of IOT. The Company has owned for several years an aggregate of 1,037,184 shares of Common Stock of IOT (approximately 25% of the issued and outstanding). After giving effect to the transaction on July 17, 2009, the Company owns an aggregate of 3,556,118 shares of IOT Common Stock which constitutes approximately 85.3% of the shares of Common Stock of IOT outstanding (which is a total of 4,168,214 shares). Shares of IOT are traded on the American Stock Exchange.

With the Company's acquisition of the additional shares on July 17, 2009, which increased the aggregate ownership to in excess of 80%, beginning in July 2009, IOT's results of operations are now consolidated with those of the Company for tax and financial reporting purposes. At the time of the acquisition, the historical accounting value of IOT's assets was \$112 million and liabilities were \$43 million. In that the shares of IOT acquired by TCI were from a related party, the values recorded by TCI are IOT's historical accounting values at the date of transfer. The Company's fair valuation of IOT's assets and liabilities at the acquisition date approximated IOT's book value. The net difference between the purchase price and historical accounting basis of the assets and liabilities acquired was \$35 million and has been reflected by TCI as deferred income. The deferred income will be recognized upon the sale of the land that IOT held on its books as of the date of sale, to an independent third party.

Table of Contents

TCI's Board of Directors represents the Company's shareholders and is responsible for directing the overall affairs of TCI and for setting the strategic policies that guide the Company. The Board of Directors has delegated the day-to-day management of the Company to Prime Income Asset Management, LLC, a Nevada limited liability company ("Prime") under a written Advisory Agreement that is reviewed annually by TCI's Board of Directors. The directors of TCI are also directors of ARL. Two directors of TCI also serve as directors of IOT. Certain officers of TCI also serve as officers of ARL, IOT and Prime.

TCI's contractual advisor is Prime, the sole member of which is Prime Income Asset Management, Inc. a Nevada corporation ("PIAMI") which is owned 100% by Realty Advisors, LLC, a Nevada limited liability company, the sole member of which is Realty Advisors, Inc., a Nevada corporation, which is owned 100% by a Trust known as the May Trust. See also Part III, Item 10. Directors, Executive Officers and Corporate Governance The Advisor. Prime also serves as advisor to ARL and IOT.

Prime's duties include but are not limited to locating, evaluating and recommending real estate and real estate-related investment opportunities. Prime also arranges, for TCI's benefit, debt and equity financing with third party lenders and investors. Prime is compensated by TCI under an Advisory Agreement that is more fully described in Part III, Item 10. Directors, Executive Officers and Corporate Governance .

For more than the past three years, Triad Realty Services, LP. ("Triad") an affiliate of Prime has provided property management services for our commercial properties to TCI. Triad subcontracts with other entities for the provision of property-level management services to TCI. The general partner of Triad is PIAMI. The limited partner of Triad is HRS Holdings, LLC ("HRSHLLC"). Triad subcontracts the property-level management and leasing of our commercial properties (office buildings, shopping centers and industrial warehouses) to Regis Realty I, LLC ("Regis I"), which is owned by HRSHLLC. Regis I receives property and construction management fees and leasing commissions in accordance with the terms of its property-level management agreement with Triad. Regis I is also entitled to receive real estate brokerage commissions in accordance with the terms of a non-exclusive brokerage agreement. The sole member of Regis I is HRSHLLC. See Part III, Item 10. Directors, Executive Officers and Corporate Governance .

TCI has no employees. Employees of Prime render services to TCI in accordance with the terms of the Advisory Agreement.

Our primary business is the acquisition, development and ownership of income-producing residential and commercial real estate properties. In addition, we opportunistically acquire land for future development in in-fill or high-growth suburban markets. From time to time and when we believe it appropriate to do so, we will also sell land and income-producing properties. We generate revenues by leasing apartment units to residents and leasing office, industrial and retail space to various for-profit businesses as well as certain local, state and federal agencies. We also generate revenues from gains on sales of income-producing properties and land. At December 31, 2009, our income-producing properties consisted of:

28 commercial properties consisting of 19 office buildings, six industrial properties, three retail properties, comprising in aggregate almost 5.1 million square feet; and

57 residential apartment communities comprising almost 11,354 units.

Table of Contents

The following table sets forth the location of our real estate (income-producing properties only) by asset type as of December 31, 2009:

Location	Apartments		Commercial	
	No.	Units	No.	SF
Greater Dallas-Ft Worth, TX	23	4,649	16	2,918,716
Greater Houston, TX	8	2,272		
San Antonio, TX	3	852		
Temple, TX	2	452		
Other Texas	6	1,329		
Mississippi	6	328	1	26,000

Michigan			1	179,741
Oklahoma			1	225,566
Wisconsin			1	122,205
Total	57	11,354	28	5,068,799

We finance our acquisitions primarily through operating cash flow, proceeds from the sale of land and income-producing properties and debt financing primarily in the form of property-specific first-lien mortgage loans from commercial banks and institutional lenders. We finance our development projects principally with short-term, variable-rate construction loans that are refinanced with the proceeds of long-term, fixed-rate amortizing mortgages when the development has been completed and occupancy has been stabilized. When we sell properties, we may carry a portion of the sales price generally in the form of a short-term, interest bearing seller-financed note receivable, secured by the property being sold. We may also from time to time enter into partnerships or joint ventures with various investors to acquire land or income-producing properties or to sell interests in certain of our properties.

We partner with various third-party development companies to construct residential apartment communities. The third-party developer typically holds a general partner as well as a limited partner interest in a limited partnership formed for the purpose of building a single property while we generally take a limited partner interest in the limited partnership. We may contribute land to the partnership as part of our equity contribution or we may contribute the necessary funds to the partnership to acquire the land. We are required to fund all required equity contributions while the third-party developer is responsible for obtaining construction financing, hiring a general contractor and for the overall management, successful completion and delivery of the project. We generally bear all the economic risks and rewards of ownership in these partnerships and therefore include these partnerships in our consolidated financial statements. The third-party developer is paid a developer fee typically equal to a percentage of the construction costs. When the project reaches stabilized occupancy, we acquire the third-party developer's partnership interests in exchange for any remaining unpaid developer fees.

At December 31, 2009, our apartment projects in development included (dollars in thousands):

Property	Location	No. of Units	Costs to Date	Total Projected Costs
Denham Springs	Garland, TX	224	\$ 3,092	\$ 20,632
Toulon	Gautier, MS	240	2,876	27,350
Total		464	\$ 5,968	\$ 47,982

Table of Contents

We have made investments in a number of large tracts of undeveloped and partially developed land and intend to a) continue to improve these tracts of land for our own development purposes or b) make the improvements necessary to ready the land for sale to other developers.

At December 31, 2009, our investments in undeveloped and partially developed land consisted of the following (dollars in thousands):

Property	Location	Date(s) Acquired	Acres	Cost	Primary Intended Use
Avana (Circle C)	Austin, TX	2006	1,092	\$ 42,953	Single-family residential
Dallas North Tollway Multi-Tracts	Dallas, TX	2006	17	16,005	Commercial

Total land holdings			6,813	\$ 395,365	

Significant Real Estate Acquisitions/Dispositions and Financings

A summary of some of the significant transactions for the year ended December 31, 2009 are discussed below:

In January 2009, we sold 9.3 acres of land known as Woodmont Schiff-Park Forest land located in Dallas, Texas for \$7.7 million. We received \$3.9 million in cash after paying off the existing debt of \$3.2 million and closing costs of \$0.6 million. In addition, we booked a \$2.1 million receivable. There was no gain or loss recorded on the sale of the land parcel.

In April 2009, we sold the Cullman Shopping Center, a 92,500 square foot facility located in Cullman, Alabama for a sales price of \$4.0 million. We received \$3.0 million in cash after paying off the existing debt of \$1.0 million. The project was sold to a related party; therefore the gain of \$1.9 million was deferred and will be recorded upon sale to a third party.

In April 2009, we sold 3.02 acres of land known as West End land located in Dallas, Texas for a sales price of \$8.5 million. We received \$4.6 million in cash after paying off the existing debt of \$3.4 million and closing costs of \$0.5 million. We recorded a gain on sale of \$4.9 million on the land parcel.

In April 2009, we sold 3.13 acres of land known as Verandas at City View land located in Fort Worth, Texas for a sales price of \$1.3 million. We paid off the existing debt of \$1.3 million and closing costs of \$0.01. We recorded a gain on sale of \$0.7 million on the land parcel.

Table of Contents

In June 2009, we sold 3.96 acres of land known as Teleport land located in Irving, Texas for a sales price of \$1.1 million. We received \$1.0 million in cash after paying off the existing debt of \$0.1 million and closing costs. We recorded a gain on sale of \$0.4 million on the land parcel.

In July 2009, we sold 29.53 acres of Hines Meridian land located in Dallas, Texas and 807.90 acres of Travis Ranch land located in Kaufman County, Texas for \$16.0 million. We paid off the existing debt of \$13.5 million. We recorded no gain or loss on the land parcels.

In July 2009, we sold the 5000 Space Center, a 101,500 square foot commercial facility located in San Antonio, Texas and the 5360 Tulane, a 30,000 square foot commercial facility located in Atlanta, Georgia for a sales price of \$4.0 million. We received \$2.7 million in cash after paying off the existing debt of \$1.3 million. We recorded a gain on sale of \$3.0 million on the commercial properties.

In September 2009, we purchased 54.86 acres of Gautier land located at Gautier, Mississippi for \$3.4 million.

In September 2009, we obtained a new \$5 million loan with a commercial lender which was collateralized by 6.51 acres of Hines land located in Farmers Branch, Texas, 2.194 acres of Valley View 34 land located in Farmers Branch, Texas, and 15.066 acres of Travelers land located in Farmers Branch, Texas. We received cash of \$2.0 million after paying off \$2.6 million of existing debt and \$0.4 million in closing costs.

In October 2009, we sold the 2010 Valley View office building; a 40,666 square foot facility located in Farmers Branch, Texas, for a sales price of \$3.2 million. We received \$1.2 million in cash by way of an intercompany note receivable increase after paying off the existing debt of \$2.0 million. The property was sold to a related party; therefore the gain of \$0.8 million was deferred and will be recorded upon sale to a third party. We also sold the Parkway Centre retail shopping center; a 28,374 square foot facility located in Dallas, Texas, for a sales price of \$4.0 million. We received \$1.3 million in cash by way of an intercompany note receivable increase after paying off the existing debt of \$2.6 million. The property was sold to a related party; therefore the gain of \$0.6 million was deferred and will be recorded upon sale to a third party.

In November 2009, we acquired 27.192 acres of McKinney Ranch land located in McKinney, Texas in lieu of a note receivable payoff of \$6.4 million and existing mortgage assumption of \$5.3 million.

In November 2009, we purchased the Keller Springs Technical Center, an 80,000 square foot commercial building located in Carrollton, Texas for \$6.0 million. We assumed the current mortgage of \$6.0 million.

In December 2009, we sold the Bridges on Kinsey Apartments, a 232-unit complex, located in Tyler, Texas for \$20.5 million. We received \$6.8 million in cash, and the buyer assumed the existing mortgage of \$14.0 million secured by the property. The property was sold to a related party; therefore the gain of \$5.2 million was deferred and will be recorded upon sale to a third party.

We continue to invest in the development of apartment projects. For the twelve months ended December 31, 2009, we have expended \$26.1 million on the construction of various apartment projects and capitalized \$7.0 million of interest costs.

Business Plan and Investment Policy

Our business objective is to maximize long-term value for our stockholders by investing in commercial real estate through the acquisition, development and ownership of apartments, commercial properties and land. We intend to achieve this objective through acquiring and developing properties in multiple markets and operating as an industry-leading landlord. We believe this objective will provide the benefits of enhanced investment opportunities, economies of scale and risk diversification, both in terms of geographic market and real estate

Table of Contents

product type. We believe our objective will also result in continuing access to favorably priced debt and equity capital. In pursuing our business objective, we seek to achieve a combination of internal and external growth while maintaining a strong balance sheet and employing a strategy of financial flexibility. We maximize the value of our apartments and commercial properties by maintaining high occupancy levels while charging competitive rental rates, controlling costs and focusing on tenant retention. We also pursue attractive development opportunities either directly or in partnership with other investors.

For our portfolio of commercial properties, we generate increased operating cash flow through annual contractual increases in rental rates under existing leases. We also seek to identify best practices within our industry and across our business units in order to enhance cost savings and gain operating efficiencies. We employ capital improvement and preventive maintenance programs specifically designed to reduce operating costs and increase the long-term value of our real estate investments.

We seek to acquire properties consistent with our business objectives and strategies. We execute our acquisition strategy by purchasing properties which management believes will create stockholder value over the long-term. We will also sell properties when management believes value has been maximized or when a property is no longer considered an investment to be held long-term.

We are continuously in various stages of discussions and negotiations with respect to development, acquisition, and disposition projects. The consummation of any current or future development, acquisition, or disposition, if any, and the pace at which any may be completed cannot be assured or predicted.

Substantially all of our properties are owned by subsidiary companies, many of which are single-asset entities. This ownership structure permits greater access to financing for individual properties and permits flexibility in negotiating a sale of either the asset or the equity interests in the entity owning the asset. From time-to-time, our subsidiaries have invested in joint ventures with other investors, creating the possibility of risks that do not exist with properties solely owned by a TCI subsidiary. In those instances where other investors are involved, those other investors may have business, economic, or other objectives that are inconsistent with our objectives, which may in turn, require us to make investment decisions different from those if we were the sole owner.

Real estate generally cannot be sold quickly. We may not be able to promptly dispose of properties in response to economic or other conditions. To offset this challenge, selective dispositions have been a part of our strategy to maintain an efficient investment portfolio and to provide additional sources of capital. We finance acquisitions through mortgages, internally generated funds, and, to a lesser extent, property sales. Those sources provide the bulk of funds for future acquisitions. We may purchase properties by assuming existing loans secured by the acquired property. When properties are acquired in such a manner, we customarily seek to refinance the asset in order to properly leverage the asset in a manner consistent with our investment objectives.

Our businesses are not generally seasonal with regard to real estate investments. Our investment strategy seeks both current income and capital appreciation. Our plan of operation is to continue, to the extent our liquidity permits, to make equity investments in income-producing real estate such as apartments and commercial properties. We may also invest in the debt or equity securities of real estate-related entities. We intend to pursue higher risk, higher reward investments, such as improved and unimproved land where we can obtain reasonably-priced financing for substantially all of a property's purchase price. We intend to continue the development of apartment properties in selected markets in Texas and in other locations where we believe adequate levels of demand exist. We intend to pursue sales opportunities for properties in stabilized real estate markets where we believe our properties' value has been maximized. We also intend to be an opportunistic seller of properties in markets where demand exceeds current supply. Although we no longer actively seek to fund or purchase mortgage loans, we may, in selected instances, originate mortgage loans or we may provide purchase money financing in conjunction with a property sale.

Table of Contents

Our Board of Directors has broad authority under our governing documents to make all types of investments, and we may devote available resources to particular investments or types of investments without restriction on the amount or percentage of assets that may be allocated to a single investment or to any particular type of investment, and without limit on the percentage of securities of any one issuer that may be acquired. Investment objectives and policies may be changed at any time by the Board without stockholder approval.

The specific composition from time-to-time of our real estate portfolio owned by TCI directly and through our subsidiaries depends largely on the judgment of management to changing investment opportunities and the level of risk associated with specific investments or types of investments. We intend to maintain a real estate portfolio that is diversified by both location and type of property.

Competition

The real estate business is highly competitive and TCI competes with numerous companies engaged in real estate activities (including certain entities described in Part III, Item 13. Certain Relationships and Related Transactions, and Director Independence), some of which have greater financial resources than TCI. We believe that success against such competition is dependent upon the geographic location of a property, the performance of property-level managers in areas such as leasing and marketing, collection of rents and control of operating expenses, the amount of new construction in the area and the maintenance and appearance of the property. Additional competitive factors include ease of access to a property, the adequacy of related facilities such as parking and other amenities, and sensitivity to market conditions in determining rent levels. With respect to apartments, competition is also based upon the design and mix of the units and the ability to provide a community atmosphere for the residents. We believe that beyond general economic circumstances and trends, the degree to which properties are renovated or new properties are developed in the competing submarket are also competitive factors. See also Part I, Item 1A. Risk Factors .

To the extent that TCI seeks to sell any of its properties, the sales prices for the properties may be affected by competition from other real estate owners and financial institutions also attempting to sell properties in areas where TCI's properties are located, as well as aggressive buyers attempting to dominate or penetrate a particular market.

As described above and in Part III, Item 13. Certain Relationships and Related Transactions, and Director Independence , the officers and directors of TCI serve as officers and directors of ARL, the officers of TCI serve as the officers of IOT and two directors of TCI are also directors of IOT. Both ARL and IOT have business objectives similar to TCI's. TCI's officers and directors owe fiduciary duties to both IOT and ARL as well as to TCI under applicable law. In determining whether a particular investment opportunity will be allocated to TCI, IOT, or ARL, management considers the respective investment objectives of each Company and the appropriateness of a particular investment in light of each Company's existing real estate and mortgage notes receivable portfolio. To the extent that any particular investment opportunity is appropriate to more than one of the entities, the investment opportunity may be allocated to the entity which has had funds available for investment for the longest period of time, or, if appropriate, the investment may be shared among all three or two of the entities.

In addition, as described in Part III, Item 13. Certain Relationships and Related Transactions, and Director Independence , TCI competes with affiliates of Prime having similar investment objectives related to the acquisition, development, disposition, leasing and financing of real estate and real estate-related investments. In resolving any potential conflicts of interest which may arise, Prime has informed TCI that it intends to exercise its best judgment as to what is fair and reasonable under the circumstances in accordance with applicable law.

We have historically engaged in and will continue to engage in certain business transactions with related parties, including but not limited to asset acquisitions and dispositions. Transactions involving related parties cannot be presumed to be carried out on an arm's length basis due to the absence of free market forces that naturally exist in business dealings between two or more unrelated entities. Related party transactions may not always be favorable to our business and may include terms, conditions and agreements that are not necessarily beneficial to or in the best interests of our company.

Available Information

TCI maintains an internet site at <http://www.transconrealty-invest.com>. We make available through our website free of charge Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, reports filed pursuant to Section 16 and amendments to those reports as soon as reasonably practicable after we electronically file or furnish such materials to the Securities and Exchange Commission. In addition, we have posted the charters for our Audit Committee, Compensation Committee and Governance and Nominating Committee, as well as our Code of Business Conduct and Ethics, Corporate Governance Guidelines on Director Independence and other information on the website. These charters and principles are not incorporated in this Report by reference. We will also provide a copy of these documents free of charge to stockholders upon written request. The Company issues Annual Reports containing audited financial statements to its common stockholders.

ITEM 1A. RISK FACTORS

An investment in our securities involves various risks. All investors should carefully consider the following risk factors in conjunction with the other information in this Report before trading our securities.

Risk Factors Related to our Business

Adverse events concerning our existing tenants or negative market conditions affecting our existing tenants could have an adverse impact on our ability to attract new tenants, release space, collect rent or renew leases, and thus could adversely affect cash flow from operations and inhibit growth.

Cash flow from operations depends in part on the ability to lease space to tenants on economically favorable terms. We could be adversely affected by various facts and events over which the Company has limited or no control, such as:

lack of demand for space in areas where the properties are located;

inability to retain existing tenants and attract new tenants;

oversupply of or reduced demand for space and changes in market rental rates;

defaults by tenants or failure to pay rent on a timely basis;

the need to periodically renovate and repair marketable space;

physical damage to properties;

economic or physical decline of the areas where properties are located; and

potential risk of functional obsolescence of properties over time.

At any time, any tenant may experience a downturn in its business that may weaken its financial condition. As a result, a tenant may delay lease commencement, fail to make rental payments when due, decline to extend a lease upon its expiration, become insolvent or declare bankruptcy. Any tenant bankruptcy or insolvency, leasing delay or failure to make rental payments when due, could result in the termination of the tenant's lease and material losses to the Company.

Edgar Filing: TRANSCONTINENTAL REALTY INVESTORS INC - Form 10-K

If tenants do not renew their leases as they expire, we may not be able to rent the space. Furthermore, leases that are renewed, and some new leases for space that is re-let, may have terms that are less economically favorable than expiring lease terms, or may require us to incur significant costs, such as renovations, tenant improvements or lease transaction costs. Any of these events could adversely affect cash flow from operations and our ability to make distributions to shareholders and service indebtedness. A significant portion of the costs of owning property, such as real estate taxes, insurance, and debt service payments, are not necessarily reduced when circumstances cause a decrease in rental income from the properties.

Table of Contents

We may not be able to compete successfully with other entities that operate in our industry.

We experience a great deal of competition in attracting tenants for the properties and in locating land to develop and properties to acquire.

In our effort to lease properties, we compete for tenants with a broad spectrum of other landlords in each of the markets. These competitors include, among others, publicly-held REITs, privately-held entities, individual property owners and tenants who wish to sublease their space. Some of these competitors may be able to offer prospective tenants more attractive financial terms than we are able to offer.

If the availability of land or high quality properties in our markets diminishes, operating results could be adversely affected.

We may experience increased operating costs which could adversely affect our financial results and the value of our properties.

Our properties are subject to increases in operating expenses such as insurance, cleaning, electricity, heating, ventilation and air conditioning, administrative costs and other costs associated with security, landscaping, repairs, and maintenance of the properties. While some current tenants are obligated by their leases to reimburse us for a portion of these costs, there is no assurance that these tenants will make such payments or agree to pay these costs upon renewal or new tenants will agree to pay these costs. If operating expenses increase in our markets, we may not be able to increase rents or reimbursements in all of these markets to offset the increased expenses, without at the same time decreasing occupancy rates. If this occurs, our ability to make distributions to shareholders and service indebtedness could be adversely affected.

Our ability to achieve growth in operating income depends in part on its ability to develop additional properties.

We intend to continue to develop properties where warranted by market conditions. We have a number of ongoing development and land projects being readied for commencement.

Additionally, general construction and development activities include the following risks:

construction and leasing of a property may not be completed on schedule, which could result in increased expenses and construction costs, and would result in reduced profitability for that property;

construction costs may exceed original estimates due to increases in interest rates and increased cost of materials, labor or other costs, possibly making the property less profitable because of inability to increase rents to compensate for the increase in construction costs;

some developments may fail to achieve expectations, possibly making them less profitable;

we may be unable to obtain, or face delays in obtaining, required zoning, land-use, building, occupancy, and other governmental permits and authorizations, which could result in increased costs and could require us to abandon our activities entirely with respect to a project;

we may abandon development opportunities after the initial exploration, which may result in failure to recover costs already incurred. If we determine to alter or discontinue its development efforts, future costs of the investment may be expensed as incurred rather than capitalized and we may determine the investment is impaired resulting in a loss;

we may expend funds on and devote management's time to projects which will not be completed; and

Edgar Filing: TRANSCONTINENTAL REALTY INVESTORS INC - Form 10-K

occupancy rates and rents at newly-completed properties may fluctuate depending on various factors including market and economic conditions, and may result in lower than projected rental rates and reduced income from operations.

Table of Contents

We face risks associated with property acquisitions.

We acquire individual properties and various portfolios of properties and intend to continue to do so. Acquisition activities are subject to the following risks:

when we are able to locate a desired property, competition from other real estate investors may significantly increase the seller's offering price;

acquired properties may fail to perform as expected;

the actual costs of repositioning or redeveloping acquired properties may be higher than original estimates;

acquired properties may be located in new markets where we face risks associated with an incomplete knowledge or understanding of the local market, a limited number of established business relationships in the area and a relative unfamiliarity with local governmental and permitting procedures; and

we may be unable to quickly and efficiently integrate new acquisitions, particularly acquisitions of portfolios of properties, into existing operations, and results of operations and financial condition could be adversely affected.

We may acquire properties subject to liabilities and without any recourse, or with limited recourse, with respect to unknown liabilities. However, if an unknown liability was later asserted against the acquired properties, we might be required to pay substantial sums to settle it, which could adversely affect cash flow.

Many of our properties are concentrated in our primary markets and the Company may suffer economic harm as a result of adverse conditions in those markets.

Our properties are located principally in specific geographic areas in the southwestern, southeastern, and mid-western United States. The Company's overall performance is largely dependent on economic conditions in those regions.

We are leveraged and may not be able to meet our debt service obligations.

We had total indebtedness at December 31, 2009 of approximately \$1.2 billion. Substantially all assets have been pledged to secure debt. These borrowings increase the risk of loss because they represent a prior claim on assets and most require fixed payments regardless of profitability. Our leveraged position makes us vulnerable to declines in the general economy and may limit the Company's ability to pursue other business opportunities in the future.

We may not be able to access financial markets to obtain capital on a timely basis, or on acceptable terms.

We rely on proceeds from property dispositions and third party capital sources for a portion of our capital needs, including capital for acquisitions and development. The public debt and equity markets are among the sources upon which the Company relies. There is no guarantee that we will be able to access these markets or any other source of capital. The ability to access the public debt and equity markets depends on a variety of factors, including:

general economic conditions affecting these markets;

our own financial structure and performance;

the market's opinion of real estate companies in general; and

the market's opinion of real estate companies that own similar properties.

Table of Contents

We may suffer adverse effects as a result of terms and covenants relating to the Company's indebtedness.

Required payments on our indebtedness generally are not reduced if the economic performance of the portfolio declines. If the economic performance declines, net income, cash flow from operations and cash available for distribution to stockholders may be reduced. If payments on debt cannot be made, we could sustain a loss or suffer judgments, or in the case of mortgages, suffer foreclosures by mortgagees. Further, some obligations contain cross-default and/or cross-acceleration provisions, which means that a default on one obligation may constitute a default on other obligations.

We anticipate only a small portion of the principal of its debt will be repaid prior to maturity. Therefore, we are likely to refinance a portion of its outstanding debt as it matures. There is a risk that we may not be able to refinance existing debt or the terms of any refinancing will not be as favorable as the terms of the maturing debt. If principal balances due at maturity cannot be refinanced, extended, or repaid with proceeds from other sources, such as the proceeds of sales of assets or new equity capital, cash flow may not be sufficient to repay all maturing debt in years when significant balloon payments come due.

Our credit facilities and unsecured debt contain customary restrictions, requirements and other limitations on the ability to incur indebtedness, including total debt to asset ratios, secured debt to total asset ratios, debt service coverage ratios, and minimum ratios of unencumbered assets to unsecured debt. Our continued ability to borrow is subject to compliance with financial and other covenants. In addition, failure to comply with such covenants could cause a default under credit facilities, and we may then be required to repay such debt with capital from other sources. Under those circumstances, other sources of capital may not be available, or be available only on unattractive terms.

Our degree of leverage could limit our ability to obtain additional financing or affect the market price of our common stock.

The degree of leverage could affect our ability to obtain additional financing for working capital, capital expenditures, acquisitions, development or other general corporate purposes. The degree of leverage could also make us more vulnerable to a downturn in business or the general economy.

An increase in interest rates would increase interest costs on variable rate debt and could adversely impact the ability to refinance existing debt.

We currently have, and may incur more, indebtedness that bears interest at variable rates. Accordingly, if interest rates increase, so will the interest costs, which could adversely affect cash flow and the ability to pay principal and interest on our debt and the ability to make distributions to shareholders. Further, rising interest rates could limit our ability to refinance existing debt when it matures.

Unbudgeted capital expenditures or cost overruns could adversely affect business operations and cash flow.

If capital expenditures for ongoing or planned development projects or renovations exceed expectations, the additional cost of these expenditures could have an adverse effect on business operations and cash flow. In addition, we might not have access to funds on a timely basis to pay the unexpected expenditures.

Construction costs are funded in large part through construction financing, which the Company may guarantee and the Company's obligation to pay interest on this financing continues until the rental project is completed, leased up and permanent financing is obtained, or the for sale project is sold or the construction loan is otherwise paid. Unexpected delays in completion of one or more ongoing projects could also have a significant adverse impact on business operations and cash flow.

Table of Contents

We may need to sell properties from time to time for cash flow purposes.

Because of the lack of liquidity of real estate investments generally, our ability to respond to changing circumstances may be limited. Real estate investments generally cannot be sold quickly. In the event that we must sell assets to generate cash flow, we cannot predict whether there will be a market for those assets in the time period desired, or whether we will be able to sell the assets at a price that will allow the Company to fully recoup its investment. We may not be able to realize the full potential value of the assets and may incur costs related to the early pay-off of the debt secured by such assets.

The Company intends to devote resources to the development of new projects.

We plan to continue developing new projects as opportunities arise in the future. Development and construction activities entail a number of risks, including but not limited to the following:

we may abandon a project after spending time and money determining its feasibility;

construction costs may materially exceed original estimates;

the revenue from a new project may not be enough to make it profitable or generate a positive cash flow;

we may not be able to obtain financing on favorable terms for development of a property, if at all;

the Company may not complete construction and lease-ups on schedule, resulting in increased development or carrying costs; and

we may not be able to obtain, or may be delayed in obtaining, necessary governmental permits.

The overall business is subject to all of the risks associated with the real estate industry.

We are subject to all risks incident to investment in real estate, many of which relate to the general lack of liquidity of real estate investments, including, but not limited to:

our real estate assets are concentrated primarily in the southwest and any deterioration in the general economic conditions of this region could have an adverse effect;

changes in interest rates may make the ability to satisfy debt service requirements more burdensome;

lack of availability of financing may render the purchase, sale or refinancing of a property more difficult or unattractive;

changes in real estate and zoning laws;

increases in real estate taxes and insurance costs;

federal or local economic or rent control;

acts of terrorism; and

hurricanes, tornadoes, floods, earthquakes and other similar natural disasters.

Our performance and value are subject to risks associated with our real estate assets and with the real estate industry.

Our economic performance and the value of our real estate assets, and consequently the value of our securities, are subject to the risk that if our properties do not generate revenues sufficient to meet our operating expenses, including debt service and capital expenditures, our cash flow will be adversely affected. The following factors, among others, may adversely affect the income generated by our properties:

downturns in the national, regional and local economic conditions (particularly increases in unemployment);

competition from other office and commercial buildings;

Table of Contents

local real estate market conditions, such as oversupply or reduction in demand for office or other commercial space;

changes in interest rates and availability of financing;

vacancies, changes in market rental rates and the need to periodically repair, renovate and re-let space;

increased operating costs, including insurance expense, utilities, real estate taxes, state and local taxes and heightened security costs;

civil disturbances, earthquakes and other natural disasters, or terrorist acts or acts of war which may result in uninsured or underinsured losses;

significant expenditures associated with each investment, such as debt service payments, real estate taxes, insurance and maintenance costs which are generally not reduced when circumstances cause a reduction in revenues from a property;

declines in the financial condition of our tenants and our ability to collect rents from our tenants; and

decreases in the underlying value of our real estate.

Adverse economic conditions and dislocations in the credit markets could have a material adverse effect on our results of operations, and financial condition.

Our business may be affected by market and economic challenges experienced by the U.S. economy or real estate industry as a whole or by the local economic conditions in the markets in which our properties are located, including the current dislocations in the credit markets and general global economic recession. These current conditions, or similar conditions existing in the future, may adversely affect our results of operations, and financial condition as a result of the following, among other potential consequences:

the financial condition of our tenants may be adversely affected which may result in tenant defaults under leases due to bankruptcy, lack of liquidity, operational failures or for other reasons;

significant job losses within our tenants may occur, which may decrease demand for our office space, causing market rental rates and property values to be negatively impacted;

our ability to borrow on terms and conditions that we find acceptable, or at all, may be limited, which could reduce our ability to pursue acquisition and development opportunities and refinance existing debt, reduce our returns from our acquisition and development activities and increase our future interest expense;

reduced values of our properties may limit our ability to dispose of assets at attractive prices or to obtain debt financing secured by our properties and may reduce the availability of unsecured loans; and

one or more lenders could refuse to fund their financing commitment to us or could fail and we may not be able to replace the financing commitment of any such lenders on favorable terms, or at all.

Real estate investments are illiquid, and the Company may not be able to sell properties if and when it is appropriate to do so.

Real estate generally cannot be sold quickly. We may not be able to dispose of properties promptly in response to economic or other conditions. In addition, provisions of the Internal Revenue Code may limit our ability to sell properties (without incurring significant tax costs) in some situations when it may be otherwise economically advantageous to do so, thereby adversely affecting returns to stockholders and adversely impacting our ability to meet our obligations.

ITEM 1B. UNRESOLVED STAFF COMMENTS

None.

Table of Contents**ITEM 2. PROPERTIES**

On December 31, 2009, our portfolio consisted of 85 properties. Our properties consisted of 57 apartments totaling 11,354 units, 28 commercial properties consisting of 19 office buildings, six industrial warehouses, and three shopping centers. In addition, we own or control 6,813 acres of improved and unimproved land for future development or sale. The average dollar per square foot for the Company's apartment/residential portfolio is \$9.94 and \$12.10 for the commercial portfolio. The table below shows information relating to those properties in which we own or have an ownership interest in.

Total Land/Development**6,813.42****ITEM 3. LEGAL PROCEEDINGS**

The ownership of property and provision of services to the public as tenants entails an inherent risk of liability. Although the Company and its subsidiaries are involved in various items of litigation incidental to and in the ordinary course of its business, in the opinion of Management, the outcome of such litigation will not have a material adverse impact upon the Company's financial condition, results of operation or liquidity.

Table of Contents

During the fourth quarter of the fiscal year covered by this Report, no proceeding previously reported was terminated.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

The Annual Meeting of Stockholders was held on December 10, 2009, at which proxies were solicited pursuant to Regulation 14 under the Securities Exchange Act of 1934, as amended (the Exchange Act). There was no solicitation in opposition to management's nominees listed in the Proxy Statement, all of which were elected. At the annual meeting, stockholders were asked to consider and vote upon the election of Directors and the ratification of the selection of the independent public accountants for TCI for the fiscal year ending December 31, 2009. With respect to each nominee for election as a director, the following table sets forth the number of votes cast for or withheld:

Director	Shares Voting	
	For	Withheld Authority
Henry A. Butler	6,962,572	26,749
Sharon Hunt	6,917,502	71,819
Robert A. Jakuszewski	6,917,325	71,996
Ted R. Munselle	6,917,054	72,267

There were no abstentions or broker non-votes on the election of Directors. With respect to the ratification of the appointment of Farmer, Fuqua & Huff, P.C. as independent auditors of the Company for the fiscal year ending December 31, 2009, and any interim period, at least 6,978,249 votes were received in favor of such proposal, 2,420 votes were received against such proposal, and 8,652 votes abstained.

Table of Contents**PART II****ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES**

TCI's Common Stock is listed and traded on the New York Stock Exchange (NYSE) under the symbol TCI . The following table sets forth the high and low sales prices as reported in the consolidated reporting system of the NYSE for the quarters ended.

	2009		2008	
	High	Low	High	Low
First Quarter	\$ 13.70	\$ 8.04	\$ 17.99	\$ 13.88
Second Quarter	\$ 14.12	\$ 10.55	\$ 20.50	\$ 14.69
Third Quarter	\$ 14.50	\$ 10.16	\$ 15.12	\$ 10.25
Fourth Quarter	\$ 12.50	\$ 10.23	\$ 13.44	\$ 9.15

On March 25, 2010, the closing price of TCI's Common Stock as reported in the consolidated reporting system of the NYSE was \$12.13 per share, and was held by approximately 4,200 holders of record.

Table of Contents**Performance Graph**

The following performance graph compares the cumulative total stockholder return on TCI's shares of Common Stock with the Dow Jones Industrial Average (Dow Jones Industrial) and the Real Estate Investment Index (Real Estate Index). The comparison assumes that \$100 was invested on December 31, 2004, in TCI's shares of Common Stock and in each of the indices and further assumes the reinvestment of all distributions. Past performance is not necessarily an indicator of future performance.

\$100 invested on 12/31/04 in stock or index-including reinvestment of dividends.

Table of Contents

TCI paid no dividends on common stock in 2009, 2008 or 2007. The payment of dividends, if any, will be determined by the Board of Directors in light of conditions then existing, including the Company's financial condition and requirements, future prospects, restrictions in financing agreements, business conditions and other factors deemed relevant by the Board of Directors.

In December 1989, the Board of Directors approved a share repurchase program, authorizing the repurchase of a total of 687,000 shares of TCI's Common Stock. In June 2000, the Board increased this authorization to 1,409,000 shares. The repurchase program has no termination date. The following table represents shares repurchased during each for the three months of the last quarter ended December 31, 2009:

Period	Total Number of Shares Purchased	Average Price Paid per share	Total Number of Shares Purchased as Part of Publicly Announced Program	Maximum Number of Shares that May Yet be Purchased Under the Program
Balance at September 30, 2009			1,286,212	122,788
October 31, 2009			1,286,212	122,788

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with the financial statements and notes thereto appearing elsewhere in this report.

The Annual Report on Form 10-K contains forward-looking statements within the meaning of the federal securities laws, principally, but not only, under the captions Business, Risk Factors and Management's Discussion and Analysis of Financial Condition and Results of Operations. We caution investors that any forward-looking statements in this report, or which management may make orally or in writing from time to time, are based on management's beliefs and on assumptions made by, and information currently available to, management. When used, the words anticipate, believe, expect, intend, may, might, plan, estimate, project, should, will, result and similar expressions which, when used in connection with historical matters are intended to identify forward-looking statements. These statements are subject to risks, uncertainties and assumptions and are not guarantees of future performance, which may be affected by known and unknown risks, trends, uncertainties and factors that are beyond our control. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those anticipated, estimated or projected. We caution you that, while forward-looking statements reflect our good faith beliefs when we make them, they are not guarantees of future performance and are impacted by actual events when they occur after we make such statements. We expressly disclaim any responsibility to update our forward-looking statements, whether as a result of new information, future events or otherwise. Accordingly, investors should use caution in relying on past forward-looking statements, which are based on results and trends at the time they are made, to anticipate future results or trends.

Some of the risks and uncertainties that may cause our actual results, performance or achievements to differ materially from those expressed or implied by forward-looking statements include, among others, the following:

general risks affecting the real estate industry (including, without limitation, the inability to enter into or renew leases, dependence on tenants' financial condition, and competition from other developers, owners and operators of real estate);

risks associated with the availability and terms of financing and the use of debt to fund acquisitions and developments;

failure to manage effectively our growth and expansion into new markets or to integrate acquisitions successfully;

risks and uncertainties affecting property development and construction (including, without limitation, construction delays, cost overruns, inability to obtain necessary permits and public opposition to such activities);

risks associated with downturns in the national and local economies, increases in interest rates, and volatility in the securities markets;

costs of compliance with the Americans with Disabilities Act and other similar laws and regulations;

potential liability for uninsured losses and environmental contamination;

risks associated with our dependence on key personnel whose continued service is not guaranteed; and

the other risk factors identified in this Form 10-K, including those described under the caption Risk Factors.

The risks included here are not exhaustive. Other sections of this report, including Part I Item 1A. Risk Factors, include additional factors that could adversely affect our business and financial performance. Moreover, we operate in a very competitive and rapidly changing environment. New risk factors emerge from time to time and it is not possible for management to predict all such risk factors, nor can we assess the impact of

Table of Contents

all such risk factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Given these risks and uncertainties, investors should not place undue reliance on forward-looking statements as a prediction of actual results. Investors should also refer to our quarterly reports on Form 10-Q for future periods and current reports on Form 8-K as we file them with the SEC, and to other materials we may furnish to the public from time to time through Forms 8-K or otherwise.

Overview

We are an externally advised and managed real estate investment company that owns a diverse portfolio of income-producing properties and land held for development. The Company's portfolio of income-producing properties includes residential apartment communities, office buildings and other commercial properties. Our investment strategy includes acquiring existing income-producing properties as well as developing new properties on land already owned or acquired for a specific development project. We acquire land primarily in in-fill locations or high-growth suburban markets. We are an active buyer and seller and during 2009 acquired over \$24 million and sold over \$72 million of land and income-producing properties. As of December 31, 2009, we owned 11,354 units in 57 residential apartment communities, 28 commercial properties comprising 5.1 million rentable square feet. In addition, we own over 6,813 acres of land held for development and have two apartment projects under construction. The Company currently owns income-producing properties and land in 11 states as well as in the U.S. Virgin Islands.

We finance our acquisitions primarily through operating cash flow, proceeds from the sale of land and income-producing properties and debt financing primarily in the form of property-specific first-lien mortgage loans from commercial banks and institutional lenders. We finance our development projects principally with short-term, variable interest rate construction loans that are converted to long-term, fixed rate amortizing mortgages when the development project is completed and occupancy has been stabilized. The Company will, from time to time, also enter into partnerships with various investors to acquire income-producing properties or land and to sell interests in certain of its wholly-owned properties. When the Company sells assets, it may carry a portion of the sales price generally in the form of a short-term, interest bearing seller-financed note receivable. The Company generates operating revenues primarily by leasing apartment units to residents; leasing office, retail and industrial space to commercial tenants.

TCI is advised by Prime under a contractual arrangement that is reviewed annually by our Board of Directors. Our commercial properties are managed by Regis Commercial. We currently contract with third-party companies to manage our apartment communities. Approximately 82.8% of our common stock is owned by ARL, our Parent Company.

Critical Accounting Policies

The company presents its financial statements in accordance with generally accepted accounting principles in the United States (GAAP). In June 2009, the Financial Accounting Standards Board (FASB) completed its accounting guidance codification project. The FASB Accounting Standards Codification (ASC) became effective for the Company's financial statements issued subsequent to June 30, 2009 and is the single source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with GAAP. As of the effective date, the company will no longer refer to the authoritative guidance dictating its accounting methodologies under the previous accounting standards hierarchy. Instead, the Company will refer to the ASC Codification as the sole source of authoritative literature.

The accompanying Consolidated Financial Statements include the accounts of the Company, its subsidiaries, generally all of which are wholly-owned, and all entities in which the Company has a controlling interest. Arrangements that are not controlled through voting or similar rights are accounted for as a Variable

Table of Contents

Interest Entity (VIE), in accordance with the provisions and guidance of ASC Topic 810 Consolidation, whereby the Company has been determined to be a primary beneficiary of the VIE and meets certain criteria of a sole general partner or managing member as identified in accordance with Emerging Issues Task Force (EITF) Issue 04-5, Investor's Accounting for an Investment in a Limited Partnership when the Investor is the Sole General Partner and the Limited Partners have Certain Rights (EITF 04-5). VIEs are generally entities that lack sufficient equity to finance their activities without additional financial support from other parties or whose equity holders as a group lack adequate decision making ability, the obligation to absorb expected losses or residual returns of the entity, or have voting rights that are not proportional to their economic interests. The primary beneficiary generally is the entity that provides financial support and bears a majority of the financial risks, authorizes certain capital transactions, or makes operating decisions that materially affect the entity's financial results. All significant intercompany balances and transactions have been eliminated in consolidation.

In determining whether we are the primary beneficiary of a VIE, we consider qualitative and quantitative factors, including, but not limited to: the amount and characteristics of our investment; the obligation or likelihood for us or other investors to provide financial support; our and the other investors' ability to control or significantly influence key decisions for the VIE; and the similarity with and significance to the business activities of us and the other investors. Significant judgments related to these determinations include estimates about the current future fair values and performance of real estate held by these VIEs and general market conditions.

For entities in which the Company has less than a controlling financial interest or entities where it is not deemed to be the primary beneficiary, the entities are accounted for using the equity method of accounting. Accordingly, the Company's share of the net earnings or losses of these entities is included in consolidated net income. TCI's investments in ARL and Garden Centura, LP are accounted for under the equity method.

Real Estate

Upon acquisitions of real estate, we assess the fair value of acquired tangible and intangible assets, including land, buildings, tenant improvements, above- and below-market leases, origination costs, acquired in-place leases, other identified intangible assets and assumed liabilities in accordance with ASC Topic 805 Business Combinations, and allocate the purchase price to the acquired assets and assumed liabilities, including land at appraised value and buildings at replacement cost.

We assess and consider fair value based on estimated cash flow projections that utilize appropriate discount and/or capitalization rates, as well as available market information. Estimates of future cash flows are based on a number of factors including the historical operating results, known and anticipated trends, and market and economic conditions. The fair value of the tangible assets of an acquired property considers the value of the property as if it were vacant. We also consider an allocation of purchase price of other acquired intangibles, including acquired in-place leases that may have a customer relationship intangible value, including (but not limited to) the nature and extent of the existing relationship with the tenants, the tenants' credit quality and expectations of lease renewals. Based on our acquisitions to date, our allocation to customer relationship intangible assets has been immaterial.

We record acquired above- and below-market leases at their fair values (using a discount rate which reflects the risks associated with the leases acquired) equal to the difference between (1) the contractual amounts to be paid pursuant to each in-place lease and (2) management's estimate of fair market lease rates for each corresponding in-place lease, measured over a period equal to the remaining term of the lease for above-market leases and the initial term plus the term of any below-market fixed rate renewal options for below-market leases.

Other intangible assets acquired include amounts for in-place lease values that are based on our evaluation of the specific characteristics of each tenant's lease. Factors to be considered include estimates of carrying costs during hypothetical expected lease-up periods considering current market conditions, and costs to execute similar leases. In estimating carrying costs, we include real estate taxes, insurance and other operating expenses and

Table of Contents

estimates of lost rentals at market rates during the expected lease-up periods, depending on local market conditions. In estimating costs to execute similar leases, we consider leasing commissions, legal and other related expenses.

Real estate is stated at depreciated cost. The cost of buildings and improvements includes the purchase price of property, legal fees and other acquisition costs. Costs directly related to the development of properties are capitalized. Capitalized development costs include interest, property taxes, insurance, and other project costs incurred during the period of development.

Management reviews its long-lived assets used in operations for impairment when there is an event or change in circumstances that indicates impairment in value. An impairment loss is recognized if the carrying amount of its assets is not recoverable and exceeds its fair value. If such impairment is present, an impairment loss is recognized based on the excess of the carrying amount of the asset over its fair value. The evaluation of anticipated cash flows is highly subjective and is based in part on assumptions regarding future occupancy, rental rates and capital requirements that could differ materially from actual results in future periods. If we determine that impairment has occurred, the affected assets must be reduced to their face value.

ASC Topic 360 Property, Plant and Equipment requires that qualifying assets and liabilities and the results of operations that have been sold, or otherwise qualify as held for sale, be presented as discontinued operations in all periods presented if the property operations are expected to be eliminated and the Company will not have significant continuing involvement following the sale. The components of the property's net income that is reflected as discontinued operations include the net gain (or loss) upon the disposition of the property held for sale, operating results, depreciation and interest expense (if the property is subject to a secured loan). We generally consider assets to be held for sale when the transaction has been approved by our Board of Directors, or a committee thereof, and there are no known significant contingencies relating to the sale, such that the property sale within one year is considered probable. Following the classification of a property as held for sale, no further depreciation is recorded on the assets.

A variety of costs are incurred in the acquisition, development and leasing of properties. After determination is made to capitalize a cost, it is allocated to the specific component of a project that is benefited. Determination of when a development project is substantially complete and capitalization must cease involves a degree of judgment. Our capitalization policy on development properties is guided by ASC Topic 835-20 Capitalization of Interest and ASC Topic 970 Real Estate General. The costs of land and buildings under development include specifically identifiable costs. The capitalized costs include pre-construction costs essential to the development of the property, development costs, construction costs, interest costs, real estate taxes, salaries and related costs and other costs incurred during the period of development. We consider a construction project as substantially completed and held available for occupancy upon the receipt of certificates of occupancy, but no later than one year from cessation of major construction activity. We cease capitalization on the portion (1) substantially completed and (2) occupied or held available for occupancy, and we capitalize only those costs associated with the portion under construction.

Investment in Unconsolidated Real Estate Ventures

Except for ownership interests in variable interest entities, TCI accounts for our investments in unconsolidated real estate ventures under the equity method of accounting because the Company exercises significant influence over, but does not control, these entities. These investments are recorded initially at cost, as investments in unconsolidated real estate ventures, and subsequently adjusted for equity in earnings and cash contributions and distributions. Any difference between the carrying amount of these investments on the Company's balance sheet and the underlying equity in net assets is amortized as an adjustment to equity in earnings of unconsolidated real estate ventures over the life of the related asset. Under the equity method of accounting, our net equity is reflected within the Consolidated Balance Sheets, and our share of net income or loss from the joint ventures is included within the Consolidated Statements of Operations. The joint venture agreements may designate different percentage allocations among investors for profits and losses; however, our

Table of Contents

recognition of joint venture income or loss generally follows the joint venture's distribution priorities, which may change upon the achievement of certain investment return thresholds. For ownership interests in variable interest entities, the Company consolidates those in which we are the primary beneficiary.

Recognition of Rental Income

Rental income for commercial property leases is recognized on a straight-line basis over the respective lease terms. In accordance with ASC Topic 805, we recognize rental revenue of acquired in-place above- and below-market leases at their fair values over the terms of the respective leases. On our Consolidated Balance Sheets, we include as a receivable the excess of rental income recognized over rental payments actually received pursuant to the terms of the individual commercial lease agreements.

Reimbursements of operating costs, as allowed under most of our commercial tenant leases, consist of amounts due from tenants for common area maintenance, real estate taxes and other recoverable costs, and are recognized as revenue in the period in which the recoverable expenses are incurred. We record these reimbursements on a gross basis, since we generally are the primary obligor with respect to purchasing goods and services from third-party suppliers; we have discretion in selecting the supplier and have the credit risk with respect to paying the supplier.

Rental income for residential property leases is recorded when due from residents and is recognized monthly as earned, which is not materially different than on a straight-line basis as lease terms are generally for periods of one year or less. An allowance for doubtful accounts is recorded for all past due rents and operating expense reimbursements considered to be uncollectible.

Revenue Recognition on the Sale of Real Estate

Sales and the associated gains or losses of real estate assets are recognized in accordance with the provisions of ASC Topic 360-20, Property, Plant and Equipment Real Estate Sale. The specific timing of a sale is measured against various criteria in ASC 360-20 related to the terms of the transaction and any continuing involvement in the form of management or financial assistance associated with the properties. If the sales criteria for the full accrual method are not met, the Company defers some or all of the gain recognition and accounts for the continued operations of the property by applying the finance, leasing, deposit, installment or cost recovery methods, as appropriate, until the sales criteria are met.

Non-performing Notes Receivable

TCI considers a note receivable to be non-performing when the maturity date has passed without principal repayment and the borrower is not making interest payments in accordance with the terms of the agreement.

Interest Recognition on Notes Receivable

For notes other than surplus cash notes, we record interest income as earned in accordance with the terms of the related loan agreements. On cash flow notes where payments are based upon surplus cash from operations, accrued but unpaid interest income is only recognized to the extent cash is received.

Allowance for Estimated Losses

We assess the collectability of notes receivable on a periodic basis, of which the assessment consists primarily of an evaluation of cash flow projections of the borrower to determine whether estimated cash flows are sufficient to repay principal and interest in accordance with the contractual terms of the note. We recognize impairments on notes receivable when it is probable that principal and interest will not be received in accordance with the contractual terms of the loan. The amount of the impairment to be recognized generally is based on the fair value of the partnership's real estate that represents the primary source of loan repayment. See Note 3 for details on our Notes Receivable.

Table of Contents***Fair Value of Financial Instruments***

The company applies the guidance in ASC Topic 820, *Fair Value Measurements and Disclosures*, to the valuation of real estate assets. These provisions define fair value as the price that would be received to sell an asset or paid to transfer a liability in a transaction between market participants at the measurement date, establish a hierarchy that prioritizes the information used in developing fair value estimates and require disclosure of fair value measurements by level within the fair value hierarchy. The hierarchy gives the highest priority to quoted prices in active markets (Level 1 measurements) and the lowest priority to unobservable data (Level 3 measurements), such as the reporting entity's own data.

The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date and includes three levels defined as follows:

- Level 1 Unadjusted quoted prices for identical and unrestricted assets or liabilities in active markets.
- Level 2 Quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 Unobservable inputs that are significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Results of Operations

The following discussion is based on our Consolidated Statements of Operations Years Ended December 31, 2009, 2008, and 2007 as included in Item 8. Financial Statements and Supplementary Data. The total property portfolio represents all income producing properties held as of December 31, for the year presented. Sales subsequent to year end represent properties that were previously included in continued operations, but subsequently sold or held for sale and reclassified to discontinued operations as of December 31, 2009. The number of properties included in continued operations for discussion purposes is shown below.

	2009	2008	2007
Continued operations	85	79	60
Sales subsequent to year end		4	29
Total property portfolio	85	83	89

The discussion of our results of operations is based on management's review of operations, which is based on our segments. Our segments consist of apartments, commercial buildings, land and other. For discussion purposes, we break these segments down into the following sub-categories; same property portfolio, acquired properties, and developed properties in the lease-up phase. The same property portfolio consists of properties that were held by us for the entire period for both years being compared. The acquired property portfolio consists of properties that we acquired but have not held for the entire period for both periods being compared. Developed properties in the lease-up phase consist of completed projects that are being leased-up. As we complete each phase of the project, we lease up that phase and include those revenues in our continued operations. Once a developed property becomes leased up (80% or more) and is held the entire period for both years under comparison, it is considered to be included in the same property portfolio. Income producing properties that we have sold during the year are reclassified to discontinuing operations for all periods presented.

Results of operations for the year ended December 31, 2009 as compared to the same period ended 2008;

We had a net loss applicable to common shares of \$80.7 million in 2009, which includes gain on land sales of \$6.3 million and net income from discontinued operations, net of non-controlling interest of \$2.2 million, as

Table of Contents

compared to prior year net income applicable to common shares of \$31.2 million, which includes gain on land sales of \$4.8 million and net income from discontinued operations, net of non-controlling interest of \$62.4 million.

The majority of the \$112.0 million decrease in our net income applicable to common shares is primarily due to our impairment on notes receivable and real estate assets of \$42.5 million in the current period, as compared to \$7.4 million in the prior period. There was also a significant amount of gain on the sales of assets recorded in 2008 due to sale of the Midland/Odessa Apartment complexes and the sale of three Chicago hotels where we recorded a gain of \$65.5 million and \$18.4 million, respectively. In the current year, we recorded gains of \$3.5 million on the sale of income-producing properties and \$6.3 million on the sale of land.

Revenues

Rental and other property revenues increased by \$13.3 million, as compared to the prior year of which the apartment portfolio increased by \$11.4 million, the commercial portfolio increased by \$3.9 million and the land portfolio decreased \$1.1 million with the remaining \$0.9 million decrease in our other portfolios. There was an increase within the apartment portfolio of \$12.7 million which was due to our developed properties in the lease up phase and reaching stabilization, \$1.0 million of the increase was due to properties acquired in 2008 with a decrease of \$2.3 million related to the properties damaged in Galveston, Texas by hurricane Ike. We have increased occupancies within our apartment portfolio and there is an overall increased demand for new apartments. The increase in the commercial portfolio was due to \$2.9 million of lease term buyouts received and the remaining \$1.0 million increase is due to properties acquired in late 2008 and 2009. The decrease in revenues from our land portfolio is due to oil and gas royalties received in the prior year that were not applicable in the current year.

Expenses

Property operating expenses decreased by \$1.2 million as compared to the prior year of which the apartment portfolio increased \$5.4 million, the commercial portfolio decreased by \$2.6 million, the land portfolio decreased by \$3.5 million and the other portfolios decreased by \$0.5 million. There was an increase within the apartment portfolio of \$5.8 million from our completed apartments in the lease up phase during 2008 and early 2009. Our properties, while they are being developed, are completed in phases. As a phase is completed, it is leased up while the remaining properties are still being completed. There was a decrease of \$2.0 million in operating expenses related to the properties damaged in the Galveston, Texas by hurricane Ike. The remaining increase of \$1.6 million was from properties acquired in 2008 and same properties. The commercial and land portfolio decrease was in the same properties due to lower overall operating expenses.

We had an increase in depreciation expense of \$4.7 million as compared to prior year of which the apartment portfolio increased \$3.4 million with the remainder due to the commercial portfolio. The increase in the apartment portfolio was from our completed projects in the lease up phase during 2008 and early 2009. Once the apartment complex is leased to 80%, the project is considered stabilized and we begin to depreciate the assets. The increase in the commercial portfolio was due to the newly acquired properties in 2008.

The provision on impairment of notes receivable, investment in real estate partnerships, and real estate assets increased by \$35.1 million as compared to the prior year period. Impairment was recorded as an additional loss in the investment portfolio of \$1.9 million in commercial properties we currently hold, \$33.5 million in land we currently hold and \$7.1 million in land that was sold in the third quarter for a loss.

Other Income Expense

Interest income increased by \$2.2 million in the current period due to the receipt of interest payments due on our Unified Housing surplus cash flow notes. Interest is recognized when interest payments are received.

Table of Contents

Mortgage and loan interest decreased by \$2.9 million which is due to an increase in the apartments of \$1.8 million, a decrease in the commercial portfolio of \$1.5 million, an increase in the land portfolio of \$0.7 million and a decrease in the other portfolios of \$3.9 million. Interest expense within the apartment portfolio increased from our developed properties in the lease up phase. Once an apartment is completed, the interest expense is no longer capitalized. The commercial and land portfolio decrease was in the same properties owned in 2008. The decrease in the other portfolios of \$3.9 million was due to corporate loans paid off in 2008, thereby reducing the 2009 interest expense.

Gain on land sales decreased in the current year. This decrease is in part due to the overall economic environment which, among other issues, has resulted in the tightening of the credit markets, causing an inability of potential buyers to obtain financing. Thus, we have found it difficult to complete land transactions. In the current year, we sold 857.12 acres of land in seven separate transactions for an aggregate sales price of \$36.7 million, receiving \$9.5 million in cash and recorded a gain of \$6.3 million. The average sales price was \$42,818 per acre. In the prior year, we sold 91.7 acres of land in eight separate transactions for an aggregate sales price of \$14.3 million, receiving \$4.3 million in cash and recorded a gain on sale of \$4.8 million. The average sales price was \$156,000 per acre. Also included in the prior year gain on land sales is the sale of our mineral rights on 43.4 acres of land known as Marine Creek for \$1.1 million.

Discontinued Operations

Discontinued operations relates to properties that were either sold or held for sale as of the respective year end. Included in discontinued operations are a total of seven and 25 income-producing properties as of 2009 and 2008, respectively. In 2009, we sold six properties, which consists of one apartment complex (Bridges on Kinsey) and five commercial buildings (Cullman Shopping Center, 5000 Space Center, 5360 Tulane, 2010 Valley View and Parkway Centre), and one property held for sale (Baywalk). In 2008, we sold 25 properties which consists of 18 apartment complexes (Arbor Pointe, Ashton Way, Autumn Chase, Courtyard, Coventry Pointe, Fairways, Forty-Four Hundred Apartments, Fountains at Waterford, Hunters Glen, SouthGate, Sunchase, Thornwood, Westwood Square, Woodview, Fairway View, Willow Creek, Fountain Lake, and Mountain Plaza), four hotels (City Suites, Majestic Inn, Willows, and Hotel Akademia), and three commercial buildings (Lexington Center, Executive Court, and Encon Warehouse). The gains on sale of the apartments sold in 2009 and 2008 are also included in the discontinued operations for those years (dollars in thousands).

	For Years Ended December 31,

Income from discontinued operations	\$ 2,182	\$ 62,427

Table of Contents

Results of operations for the year ended December 31, 2008 as compared to the same period ended 2007;

We had net income applicable to common shares of \$31.2 million in 2008, which includes gains of land sales of \$4.8 million, and net income from discontinued operations, net of non-controlling interest of \$62.4 million, compared to net income applicable to common shares of \$10.2 million in 2007, including gains on land sales totaling \$12.0 million and net income from discontinued operations, net of non-controlling interest of \$10.1 million.

Revenues

Rental and other property revenue increased \$14.6 million, which by segment is an increase in the apartments of \$13.1 million, an increase in commercial of \$0.8 million and an increase in our land and other portfolios of \$0.7 million. The change within the apartment portfolio comes from an increase in our same apartments of \$2.5 million, of which \$1.2 million is due to properties acquired in 2008 and \$1.3 million is due to increases in the same properties held in 2007. There was an increase in our apartments in the lease up phase of \$10.6 million. The increase within the commercial portfolio of \$0.8 million is attributable to our new acquisitions. The increase in our land portfolio is due to an increase in oil and gas royalty revenues received in 2008 that were not applicable in 2007.

Expenses

Property operating expenses increased by \$11.9 million, as compared to prior year, which is due to an increase in our apartment portfolio of \$9.7 million, an increase in our commercial portfolio of \$1.7 million, and an increase in our land and other portfolios of \$0.5 million. The increases within the apartment portfolio were from increased operating costs and maintenance of \$2.8 million in the same apartment portfolio. Our completed apartments in the lease up phase accounted for another \$5.8 million of the increase. Our properties which are being developed are completed in phases. As a phase is completed, it is leased up while the remaining phases are still being completed. The remaining increase within the apartment portfolio of \$1.1 million is from our properties acquired in the current year.

Depreciation and amortization expense increased by \$3.3 million, as compared to prior year, which was due to an increase in our apartment portfolio of \$2.9 million, an increase in our commercial portfolio of \$0.6 million and a decrease in our land and other portfolios of \$0.2 million. The increases within the apartment portfolio were from a \$1.2 million increase in the same apartment portfolio, a \$1.3 million increase in the apartments in the lease up phase and a \$0.4 million increase due to apartments acquired in the current year.

The provision for allowance on notes receivable and impairment were due to posting an allowance against various investments within our portfolio. The prior year amount of \$3.7 million in 2007 was related to the write down of three properties; Foxwood apartments, a 220 unit complex located in Memphis, Tennessee, for \$1.7 million; Executive Court Office building, a 222,000 square foot commercial building located in Memphis, Tennessee, for \$1.2 million; and the Encon Warehouse, a 256,000 square warehouse located in Fort Worth, Texas for \$800,000.

Advisory fees to affiliate increased by \$1.4 million. The increase was due to higher gross assets in 2008 as compared to 2007. Our advisory fee is based in part on gross assets.

Other Income Expense

Other income increased by \$1.6 million. The majority of the increase is due to receiving a dividend distribution from our investment in Realty Korea CR-REIT Co., Ltd in 2008.

Mortgage and loan interest expense increased by \$7.2 million, as compared to the prior year, which is due to a \$6.8 million increase in our apartments, an increase of \$0.9 million in our commercial portfolio and a decrease in our land and other portfolios of \$0.5 million. Interest expense within the apartment portfolio increased \$0.8 million from our new acquisitions and \$6.0 million from our developed properties in the lease up phase. Once an apartment is completed, the interest expense is no longer capitalized. Within the commercial portfolio, we refinanced the existing loan on the Amoco building late last year pulling some of the equity out of the building and thus increasing interest expense.

Table of Contents

There were no gains or losses recorded for involuntary conversions in 2008, as compared to \$34.8 million in 2007. In the prior year, we had a gain on involuntary conversion of \$34.8 million. This was from the claims filed on our New Orleans property for damages resulting from hurricane Katrina in 2005.

In 2008, we sold 91.7 acres of land in eight separate transactions for an aggregate sales price of \$14.3 million, receiving \$4.3 million in cash and recorded a gain on sale of \$4.8 million. The average sales price was \$156,000 per acre. Also included in the prior year gain on land sales is the sale of our mineral rights on 43.4 acres of land known as Marine Creek for \$1.1 million. In 2007, we sold 127.6 acres of land in nine separate transactions with an aggregate sales price of \$20.8 million, receiving \$8.4 million in cash and recording a gain on sale of \$12.0 million. The average sales price was \$163,000 per acre. The sales relate to the properties known as; Desoto Ranch (easement), 28.9 acres of McKinney Ranch land, 3.4 acres Mandahl Bay, 2.3 acres West End Land, 3.0 acres Miro Lago, 4.0 acres Hines Meridian, and 86 acres RB Land.

Discontinued Operations

Discontinued operations relates to properties that were either sold or held for sale. Included in discontinued operations are a total of 25 and 6 income-producing properties as of 2008 and 2007, respectively. The prior periods discontinued operations have been adjusted to reflect properties held during those years that were subsequently sold or held for sale as of December 31, 2009. In 2009, we sold six properties and had one property held for sale. These were reclassified to prior year discontinued operations, with the exception of the 2010 Valley View and Parkway Centre properties which were acquired in the IOT consolidation in 2009. In 2008, we sold 25 properties which consist of 18 apartment complexes (Arbor Pointe, Ashton Way, Autumn Chase, Courtyard, Coventry Pointe, Fairways, Forty-Four Hundred Apartments, Fountains at Waterford, Hunters Glen, SouthGate, Sunchase, Thornwood, Westwood Square, Woodview, Fairway View, Willow Creek, Fountain Lake, and Mountain Plaza), four hotels (City Suites, Majestic Inn, Willows, and Hotel Akademia), and three commercial buildings (Lexington Center, Executive Court, and Encon Warehouse). In 2007, we sold six properties which consist of five apartment complexes (Bluffs at Vista Ridge, Somerset, El Chaparral, Harpers Ferry, and Oak Park IV) and one commercial building (Forum OB). The gains on sale of the apartments sold in 2008 and 2007 are also included in the discontinued operations for those years (dollars in thousands).

Table of Contents

Liquidity and Capital Resources

General

Our principal liquidity needs are:

fund normal recurring expenses;

meet debt service and principal repayment obligations including balloon payments on maturing debt;

fund capital expenditures, including tenant improvements and leasing costs;

fund development costs not covered under construction loans; and

fund possible property acquisitions.

Our principal sources of cash have been and will continue to be:

property operations;

proceeds from land and income-producing property sales;

collection of mortgage notes receivable;

collections of receivables from affiliated companies;

refinancing of existing mortgage notes payable; and

additional borrowings, including mortgage notes payable, and lines of credit.

It is important to realize that the current status of the banking industry has had a significant effect on our industry. The banks willingness and/or ability to originate loans affects our ability to buy and sell property, and refinance existing debt. We are unable to foresee the extent and length of this down turn. A continued and extended decline could materially impact our cash flows. We draw on multiple financing sources to fund our long-term capital needs. We generally fund our development projects with construction loans, which are converted to traditional mortgages upon completion of the project.

Management anticipates that our cash as of December 31, 2009, along with cash that will be generated in 2010 from property operations, may not be sufficient to meet all of our cash requirements. Management intends to selectively sell land and income producing assets, refinance or extend real estate debt and seek additional borrowings secured by real estate to meet its liquidity requirements. Although history cannot predict the future, historically, we have been successful at refinancing and extending a portion of the Company's current maturity obligations.

Cash flow summary

The following summary discussion of our cash flows is based on the Consolidated Statements of Cash Flows in Part II, Item 8. Consolidated Financial Statements and Supplementary Data and is not meant to be an all inclusive discussion of the changes in our cash flows for the periods presented below (dollars in thousands):

	2009	2008	Variance
Net cash provided by (used in) operating activities	\$ (27,586)	\$ 20,407	\$ (47,993)
Net cash used in investing activities	\$ 41,922	\$ (65,209)	\$ 107,131
Net cash provided by financing activities	\$ (14,654)	\$ 39,546	\$ (54,200)

The primary use of cash for operations is daily operating costs, general and administrative expenses, advisory fees, and land holding costs. Our primary source of cash from operating activities is from rental income on properties. In addition, we had a significant receivable due from affiliated entities that we receive interest income from.

Table of Contents

Our primary cash outlays for investing activities are for construction and development, acquisition of land and income producing properties, and capital improvements to existing properties. We used \$26.1 million on construction and development. This is a decrease of \$104.0 million from prior year. We have discontinued certain projects and put some projects on hold, while continuing to develop our apartment properties. We acquired approximately 5 tracts of land consisting of approximately 178 acres in 2009 for \$11.8 million. We continue to make capital improvements on our existing properties but spent significantly less in 2009 than in the prior year. We acquired one commercial building in 2009 using \$6.0 million, as compared to 2008 where we acquired five commercial buildings and two apartment complexes using \$64.5 million. Our primary sources of cash from investing activities are from the proceeds on the sale of land and income producing properties. We sold one apartment complex and five commercial buildings, providing over \$34.6 million along with 857.12 acres of land sales of providing \$36.3 million.

Our primary sources of cash from financing activities are from proceeds on notes payables. Our primary cash outlays are for recurring debt payments and payments on maturing notes payable. Proceeds from notes payable associated with the new loans and refinancing provided \$55.5 million. We used \$18.6 million to make recurring note payments, and \$49.5 million for maturing notes.

Management reviews the carrying values of TCI's properties and mortgage notes receivable at least annually and whenever events or a change in circumstances indicate that impairment may exist. Impairment is considered to exist if, in the case of a property, the future cash flow from the property (undiscounted and without interest) is less than the carrying amount of the property. For notes receivable, impairment is considered to exist if it is probable that all amounts due under the terms of the note will not be collected. If impairment is found to exist, a provision for loss is recorded by a charge against earnings. The note receivable review includes an evaluation of the collateral property securing such note. The property review generally includes: (1) selective property inspections; (2) a review of the property's current rents compared to market rents; (3) a review of the property's expenses; (4) a review of maintenance requirements; (5) a review of the property's cash flow; (6) discussions with the manager of the property; and (7) a review of properties in the surrounding area.

Contractual Obligations

We have contractual obligations and commitments primarily with regards to the payment of mortgages. The following table aggregates our expected contractual obligations and commitments and includes items not accrued, per Generally Accepted Accounting Principles, through the term of the obligation such as interest expense and operating leases. Our aggregate obligations subsequent to December 31, 2009 are shown in the table below (dollars in thousands):

	Total	2010	2011	2012-2014	Thereafter
Long-term debt obligation	\$ 2,021,557	\$ 413,895	\$ 200,312	\$ 230,583	\$ 1,176,767
Capital lease obligation					
Operating lease obligation	46,974	734	750	2,304	43,186
Purchase obligation					
Other long-term debt liabilities reflected on the Registrant's Balance Sheet under GAAP					
Total	\$ 2,068,531	\$ 414,629	\$ 201,062	\$ 232,887	\$ 1,219,953

Environmental Matters

Under various federal, state and local environmental laws, ordinances and regulations, TCI may be potentially liable for removal or remediation costs, as well as certain other potential costs, relating to hazardous or toxic substances (including governmental fines and injuries to persons and property) where property-level managers have arranged for the removal, disposal or treatment of hazardous or toxic substances. In addition, certain environmental laws impose liability for release of asbestos-containing materials into the air, and third parties may seek recovery for personal injury associated with such materials.

Table of Contents

Management is not aware of any environmental liability relating to the above matters that would have a material adverse effect on TCI's business, assets or results of operations.

Inflation

The effects of inflation on TCI's operations are not quantifiable. Revenues from property operations tend to fluctuate proportionately with inflationary increases and decreases in housing costs. Fluctuations in the rate of inflation also affect sales values of properties and the ultimate gain to be realized from property sales. To the extent that inflation affects interest rates, TCI's earnings from short-term investments, the cost of new financings and the cost of variable interest rate debt will be affected.

ITEM 7A. *QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK*

TCI's primary market risk exposure consists of changes in interest rates on borrowings under our debt instruments that bear interest at variable rates that fluctuate with market interest rates and maturing debt that has to be refinanced. TCI's future operations, cash flow and fair values of financial instruments are also partially dependent on the then existing market interest rates and market equity prices.

As of December 31, 2009, our \$1.2 billion debt portfolio consisted of approximately \$791.7 million of fixed-rate debt, with interest rates ranging from 2.0% to 17.0% and approximately \$391.5 million of variable-rate debt. Our overall weighted average interest rate at December 31, 2009 and 2008 was 5.91% and 7.00%, respectively.

TCI's interest rate sensitivity position is managed by the capital markets department. Interest rate sensitivity is the relationship between changes in market interest rates and the fair value of market rate sensitive assets and liabilities. TCI's earnings are affected as changes in short-term interest rates affect its cost of variable-rate debt and maturing fixed-rate debt.

If market interest rates for variable-rate debt average 100 basis points more in 2010 than they did during 2009, TCI's interest expense would increase and net income would decrease by \$3.9 million. This amount is determined by considering the impact of hypothetical interest rates on TCI's borrowing cost. The analysis does not consider the effects of the reduced level of overall economic activity that could exist in such an environment. Further, in the event of a change of such magnitude, management would likely take actions to further mitigate its exposure to the change. However, due to the uncertainty of the specific actions that would be taken and their possible effects, the sensitivity analysis assumes no change in TCI's financial structure.

Table of Contents

The following table contains only those exposures that existed at December 31, 2009. Anticipation of exposures or risk on positions that could possibly arise was not considered. TCI's ultimate interest rate risk and its effect on operations will depend on future capital market exposures, which cannot be anticipated with a probable assurance level (dollars in thousands).

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors of and

Stockholders of Transcontinental Realty Investors, Inc.

Dallas, Texas

We have audited the accompanying consolidated balance sheets of Transcontinental Realty Investors, Inc. and Subsidiaries as of December 31, 2009 and 2008, and the related consolidated statements of operations, stockholders' equity, and cash flows each for each of the years in the three-year period ended December 31, 2009. Transcontinental Realty Investors, Inc.'s management is responsible for these consolidated financial statements. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 21, Transcontinental Realty Investors, Inc.'s management intends to sell land and income producing properties and refinance or extend debt secured by real estate to meet the Company's liquidity needs.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Transcontinental Realty Investors, Inc. as of December 31, 2009 and 2008, and the results of its operations and its cash flows for each of the years in the three-year period ended December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the consolidated financial statements taken as a whole. Schedules III and IV are presented for the purpose of complying with the Securities and Exchange Commission's rules and is not a required part of the basic consolidated financial statements. These schedules have been subjected to the auditing procedures applied in the audits of the consolidated financial statements and, in our opinion, fairly state, in all material respects, the financial data required to be set forth therein in relation to the basic consolidated financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

The accompanying Consolidated Financial Statements of Transcontinental Realty Investors, Inc. and consolidated entities have been prepared in conformity with accounting principles generally accepted in the United States of America, the most significant of which are described in Note 1.

Summary of Significant Accounting Policies. The Notes to Consolidated Financial Statements are an integral part of the Consolidated Financial Statements. The data presented in the Notes to Consolidated Financial Statements are as of December 31 of each year and for the year then ended, unless otherwise indicated. Dollar amounts in tables are in thousands, except per share amounts.

Certain balances for 2007 and 2008 have been reclassified to conform to the 2009 presentation.

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and business. TCI, a Nevada corporation, is successor to a California business trust which was organized on September 6, 1983, and commenced operations on January 31, 1984. Effective March 31, 2003, TCI financial results were consolidated in the ARL Form 10-K and related consolidated financial statements. TCI invests in real estate through direct ownership, leases and partnerships and it also invests in mortgage loans on real estate. At December 31, 2009, we owned 55 residential apartment communities comprising of 11,354 units, two apartment projects in development, 28 commercial properties comprising an aggregate of approximately 5.1 million square feet, and an investment in 6,813 acres of undeveloped and partially developed land.

The Company is headquartered in Dallas, Texas and its Common Stock trades on the New York Stock Exchange under the symbol (NYSE: TCI). Subsidiaries of American Realty Investors, Inc. own approximately 84% of the Company's Common Stock (NYSE: ARL). Prime Income Asset Management, LLC (Prime) is the Company's external advisor. Regis Realty I, LLC, an affiliate of Prime, manages the Company's commercial properties. Regis Hotel I, LLC, another Prime affiliate, manages the Company's hotel investments. TCI engages four third-party companies to lease and manage its apartment properties. TCI is a C Corporation for U.S. federal income tax purposes and files an annual consolidated income tax return with ARL.

On July 17, 2009, the Company acquired from Syntek West, Inc., (SWI), 2,518,934 shares of Common Stock, par value \$0.01 per share of IOT at an aggregate price of \$17,884,431 (approximately \$7.10 per share), the full amount of which was paid by the Company through an assumption of an aggregate amount of indebtedness of \$17,884,431 on the outstanding balance owed by SWI to IOT. The 2,518,934 shares of IOT Common Stock acquired by the Company constituted approximately 60.4% of the issued and outstanding Common Stock of IOT. The Company has owned for several years an aggregate of 1,037,184 shares of Common Stock of IOT (approximately 25% of the issued and outstanding). After giving effect to the transaction on July 17, 2009, the Company owns an aggregate of 3,556,118 shares of IOT Common Stock which constitutes approximately 85.3% of the shares of Common Stock of IOT outstanding (which is a total of 4,168,214 shares). Shares of IOT are traded on the American Stock Exchange.

With the Company's acquisition of the additional shares on July 17, 2009, which increased the aggregate ownership to in excess of 80%, beginning in July 2009, IOT's results of operations are now consolidated with those of the Company for tax and financial reporting purposes. At the time of the acquisition, the historical accounting value of IOT's assets was \$112 million and liabilities were \$43 million. In that the shares of IOT acquired by TCI were from a related party, the values recorded by TCI are IOT's historical accounting values at the date of transfer. The Company's fair valuation of IOT assets and liabilities at the acquisition date approximated IOT's book value. The net difference between the purchase price and historical accounting basis of the assets and liabilities acquired was \$35 million and has been reflected by TCI as deferred income. The deferred income will be recognized upon the sale of the land that IOT held on its books as of the date of sale, to an independent third party.

TRANSCONTINENTAL REALTY INVESTORS, INC.

NOTES TO FINANCIAL STATEMENTS (Continued)

FASB Accounting Standards Codification. The company presents its financial statements in accordance with generally accepted accounting principles in the United States (GAAP). In June 2009, the Financial Accounting Standards Board (FASB) completed its accounting guidance codification project. The FASB Accounting Standards Codification (ASC) became effective for the Company s financial statements issued subsequent to June 30, 2009 and is the single source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with GAAP. As of the effective date, the company will no longer refer to the authoritative guidance dictating its accounting methodologies under the previous accounting standards hierarchy. Instead, the Company will refer to the ASC Codification as the sole source of authoritative literature.

Basis of presentation. The accompanying Consolidated Financial Statements include the accounts of the Company, its subsidiaries, generally all of which are wholly-owned, and all entities in which the Company has a controlling interest. Arrangements that are not controlled through voting or similar rights are accounted for as a Variable Interest Entity (VIE), in accordance with the provisions and guidance of ASC Topic 810 Consolidation , whereby the Company has been determined to be a primary beneficiary of the VIE and meets certain criteria of a sole general partner or managing member as identified in accordance with Emerging Issues Task Force (EITF) Issue 04-5, Investor s Accounting for an Investment in a Limited Partnership when the Investor is the Sole General Partner and the Limited Partners have Certain Rights (EITF 04-5). VIEs are generally entities that lack sufficient equity to finance their activities without additional financial support from other parties or whose equity holders as a group lack adequate decision making ability, the obligation to absorb expected losses or residual returns of the entity, or have voting rights that are not proportional to their economic interests. The primary beneficiary generally is the entity that provides financial support and bears a majority of the financial risks, authorizes certain capital transactions, or makes operating decisions that materially affect the entity s financial results. All significant intercompany balances and transactions have been eliminated in consolidation.

In determining whether we are the primary beneficiary of a VIE, we consider qualitative and quantitative factors, including, but not limited to: the amount and characteristics of our investment; the obligation or likelihood for us or other investors to provide financial support; our and the other investors ability to control or significantly influence key decisions for the VIE; and the similarity with and significance to the business activities of us and the other investors. Significant judgments related to these determinations include estimates about the current future fair values and performance of real estate held by these VIEs and general market conditions.

For entities in which the Company has less than a controlling financial interest or entities where it is not deemed to be the primary beneficiary, the entities are accounted for using the equity method of accounting. Accordingly, the Company s share of the net earnings or losses of these entities is included in consolidated net income. TCI s investments in ARL and Garden Centura, LP are accounted for under the equity method.

Real estate, depreciation, and impairment. Real estate assets are stated at the lower of depreciated cost or fair value, if deemed impaired. Major replacements and betterments are capitalized and depreciated over their estimated useful lives. Depreciation is computed on a straight-line basis over the useful lives of the properties (buildings and improvements 20-40 years; furniture, fixtures and equipment 5-10 years). The Company continually evaluates the recoverability of the carrying value of its real estate assets using the methodology prescribed in ASC Topic 360, Property, Plant and Equipment. Factors considered by management in evaluating impairment of its existing real estate assets held for investment include significant declines in property operating profits, annually recurring property operating losses and other significant adverse changes in general market conditions that are considered permanent in nature. Under ASC Topic 360, a real estate asset held for investment is not considered impaired if the undiscounted, estimated future cash flows of an asset (both the annual estimated

Table of Contents

TRANSCONTINENTAL REALTY INVESTORS, INC.

NOTES TO FINANCIAL STATEMENTS (Continued)

cash flow from future operations and the estimated cash flow from the theoretical sale of the asset) over its estimated holding period are in excess of the asset's net book value at the balance sheet date. If any real estate asset held for investment is considered impaired, a loss is provided to reduce the carrying value of the asset to its estimated fair value.

Real estate held-for-sale. The Company periodically classifies real estate assets as held for sale. An asset is classified as held for sale after the approval of the Company's board of directors and after an active program to sell the asset has commenced. Upon the classification of a real estate asset as held for sale, the carrying value of the asset is reduced to the lower of its net book value or its estimated fair value, less costs to sell the asset. Subsequent to the classification of assets as held for sale, no further depreciation expense is recorded. Real estate assets held for sale are stated separately on the accompanying consolidated balance sheets. Upon a decision to no longer market an asset for sale, the asset is classified as an operating asset and depreciation expense is reinstated. The operating results of real estate assets held for sale and sold are reported as discontinued operations in the accompanying statements of operations. Income from discontinued operations includes the revenues and expenses, including depreciation and interest expense, associated with the assets. This classification of operating results as discontinued operations applies retroactively for all periods presented. Additionally, gains and losses on assets designated as held for sale are classified as part of discontinued operations.

Cost Capitalization. Costs related to planning, developing, leasing and constructing a property are capitalized and classified as Properties in the Consolidated Balance Sheets. The Company capitalizes interest to qualifying assets under development based on average accumulated expenditures outstanding during the period. In capitalizing interest to qualifying assets, the Company first uses the interest incurred on specific project debt, if any, and next uses the company's weighted average interest rate of non-project specific debt.

The company capitalizes interest, real estate taxes and certain operating expenses on the unoccupied portion of recently completed properties from the date a project receives its certificate of occupancy to the date on which the project achieves 80% economic occupancy.

The company capitalizes leasing costs which include commissions paid to outside brokers, legal costs incurred to negotiate and document a lease agreement and any internal costs that may be applicable. The company allocates these costs to individual tenant leases and amortizes them over the related lease term.

Fair value measurement. The company applies the guidance in ASC Topic 820, Fair Value Measurements and Disclosures, to the valuation of real estate assets. These provisions define fair value as the price that would be received to sell an asset or paid to transfer a liability in a transaction between market participants at the measurement date, establish a hierarchy that prioritizes the information used in developing fair value estimates and require disclosure of fair value measurements by level within the fair value hierarchy. The hierarchy gives the highest priority to quoted prices in active markets (Level 1 measurements) and the lowest priority to unobservable data (Level 3 measurements), such as the reporting entity's own data.

The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date and includes three levels defined as follows:

- | | |
|---------|--|
| Level 1 | Unadjusted quoted prices for identical and unrestricted assets or liabilities in active markets. |
| Level 2 | Quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. |
| Level 3 | Unobservable inputs that are significant to the fair value measurement. |

Table of Contents

TRANSCONTINENTAL REALTY INVESTORS, INC.

NOTES TO FINANCIAL STATEMENTS (Continued)

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Recognition of Revenue. Our revenues, which are composed largely of rental income, include rents reported on a straight-line basis over the lease term. In accordance with ASC 805 Business Combinations, the Company recognizes rental revenue of acquired in-place above- and below-market leases at their fair values over the terms of the respective leases.

Reimbursements of operating costs, as allowed under most of our commercial tenant leases, consist of amounts due from tenants for common area maintenance, real estate taxes and other recoverable costs, and are recognized as revenue in the period in which the recoverable expenses are incurred. We record these reimbursements on a gross basis, since we generally are the primary obligor with respect to purchasing goods and services from third-party suppliers; we have discretion in selecting the supplier and have the credit risk with respect to paying the supplier.

Rental income for residential property leases is recorded when due from residents and is recognized monthly as earned, which is not materially different than on a straight-line basis as lease terms are generally for periods of one year or less. An allowance for doubtful accounts is recorded for all past due rents and operating expense reimbursements considered to be uncollectible.

Sales and the associated gains or losses of real estate assets are recognized in accordance with the provisions of ASC Topic 360-20, Property, Plant and Equipment Real Estate Sale. The specific timing of a sale is measured against various criteria in ASC 360-20 related to the terms of the transaction and any continuing involvement in the form of management or financial assistance associated with the properties. If the sales criteria for the full accrual method are not met, the Company defers some or all of the gain recognition and accounts for the continued operations of the property by applying the finance, leasing, deposit, installment or cost recovery methods, as appropriate, until the sales criteria are met.

Non-performing notes receivable. TCI considers a note receivable to be non-performing when the maturity date has passed without principal repayment and the borrower is not making interest payments in accordance with the terms of the agreement.

Interest recognition on notes receivable. For notes other than surplus cash notes, we record interest income as earned in accordance with the terms of the related loan agreements. On cash flow notes where payments are based upon surplus cash from operations, accrued but unpaid interest income is only recognized to the extent cash is received.

Allowance for estimated losses. We assess the collectability of notes receivable on a periodic basis, of which the assessment consists primarily of an evaluation of cash flow projections of the borrower to determine whether estimated cash flows are sufficient to repay principal and interest in accordance with the contractual terms of the note. We recognize impairments on notes receivable when it is probable that principal and interest will not be received in accordance with the contractual terms of the loan. The amount of the impairment to be recognized generally is based on the fair value of the partnership's real estate that represents the primary source of loan repayment. See Note 3 for details on our Notes Receivable.

Cash equivalents. For purposes of the Consolidated Statements of Cash Flows, all highly liquid investments purchased with an original maturity of three months or less are considered to be cash equivalents.

Table of Contents**TRANSCONTINENTAL REALTY INVESTORS, INC.****NOTES TO FINANCIAL STATEMENTS (Continued)**

Earnings per share. Earnings per share (EPS) have been computed pursuant to the provisions of ASC 260 Earnings Per Share. The computation of basic EPS is calculated by dividing income available to common shareholders by the weighted-average number of common shares outstanding during the period. Shares issued during the period shall be weighted for the portion of the period that they were outstanding. As of December 31, 2009, we have 10,000 shares of stock options outstanding. These options are considered in the computation of diluted earnings per share if the effect of applying the treasury stock method is dilutive. We have 30,000 shares of Series C Cumulative Convertible Preferred Stock issued and outstanding. The stock has a liquidation preference of \$100.00 per share. After September 30, 2006, the stock may be converted into Common Stock at 90% of the daily average closing price of the Common Stock for the prior five trading days. The effects of the Series C Cumulative Convertible Preferred Stock are included in the dilutive earnings per share if applying the if-converted method is dilutive. At December 31, 2009 and 2008, the preferred stock and the stock options were anti-dilutive and thus not included in the EPS calculation. At December 31, 2007, the preferred stock and stock options were dilutive and thus included in the EPS calculation.

Use of estimates. In the preparation of Consolidated Financial Statements in conformity with accounting principles generally accepted in the United States of America, it is necessary for management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the Consolidated Financial Statements and the reported amounts of revenues and expense for the year ended. Actual results could differ from those estimates.

Income Taxes. TCI is a C Corporation for U.S. federal income tax purposes. TCI files an annual consolidated income tax return with ARL and IOT and their subsidiaries. ARL is the common parent for the consolidated group. TCI is part of a tax sharing and compensating agreement with respect to federal income taxes between ARL, TCI and IOT and their subsidiaries that was entered into in July of 2009. Prior to 2009, ARL and TCI and their subsidiaries were in a tax sharing and compensating agreement with respect to federal income taxes and IOT was the parent company of its own consolidated filing group. The agreement specifies the manner in which the group will share the consolidated tax liability and also how certain tax attributes are to be treated among members of the group.

Recent Accounting Pronouncements. There were no recent accounting pronouncements that our company has not implemented that materially affect our financial statements.

NOTE 2. REAL ESTATE

A summary of our real estate owned as of the end of the year is listed below (dollars in thousands):

	2009	2008
Apartments	\$ 712,149	\$ 653,023
Apartments under construction	5,296	56,195
Commercial properties	409,301	406,798
Land held for development	393,297	410,000
Real estate held for sale	6,399	8,018
Real estate subject to sales contract	73,033	73,033
Total real estate	1,599,475	1,607,067
Less accumulated depreciation	(152,291)	(126,276)
	\$ 1,447,184	\$ 1,480,791

The following is a brief description of the most significant property acquisitions and sales in 2009.

Table of Contents

TRANSCONTINENTAL REALTY INVESTORS, INC.

NOTES TO FINANCIAL STATEMENTS (Continued)

In January 2009, we sold 9.3 acres of land known as Woodmont Schiff-Park Forest land located in Dallas, Texas for \$7.7 million. We received \$3.9 million in cash after paying off the existing debt of \$3.2 million and closing costs of \$0.6 million. In addition, we booked a \$2.1 million receivable. There was no gain or loss recorded on the sale of the land parcel.

In April 2009, we sold the Cullman Shopping Center, a 92,500 square foot facility located in Cullman, Alabama for a sales price of \$4.0 million. We received \$3.0 million in cash after paying off the existing debt of \$1.0 million. The project was sold to a related party; therefore the gain of \$1.9 million was deferred and will be recorded upon sale to a third party.

In April 2009, we sold 3.02 acres of land known as West End land located in Dallas, Texas for a sales price of \$8.5 million. We received \$4.6 million in cash after paying off the existing debt of \$3.4 million and closing costs of \$0.5 million. We recorded a gain on sale of \$4.9 million on the land parcel.

In April 2009, we sold 3.13 acres of land known as Verandas at City View land located in Fort Worth, Texas for a sales price of \$1.3 million. We paid off the existing debt of \$1.3 million and closing costs of \$0.01. We recorded a gain on sale of \$0.7 million on the land parcel.

In June 2009, we sold 3.96 acres of land known as Teleport land located in Irving, Texas for a sales price of \$1.1 million. We received \$1.0 million in cash after paying off the existing debt of \$0.1 million and closing costs. We recorded a gain on sale of \$0.4 million on the land parcel.

In July 2009, we sold 29.53 acres of Hines Meridian land located in Dallas, Texas and 807.90 acres of Travis Ranch land located in Kaufman County, Texas for \$16.0 million. We paid off the existing debt of \$13.5 million. We recorded no gain or loss on the land parcels.

In July 2009, we sold the 5000 Space Center, a 101,500 square foot facility located in San Antonio, Texas and the 5360 Tulane Commercial building, a 30,000 square foot facility located in Atlanta, Georgia for a sales price of \$4.0 million. We received \$2.7 million in cash after paying off the existing debt of \$1.3 million. We recorded a gain on sale of \$3.0 million on the properties.

In September 2009, we purchased 54.86 acres of Gautier land located at Gautier, Mississippi for \$3.4 million.

In September 2009, we obtained a new \$5.0 million loan with a commercial lender which was collateralized by 6.51 acres of Hines land located in Farmers Branch, Texas, 2.194 acres of Valley View 34 land located in Farmers Branch, Texas, and 15.066 acres of Travelers land located in Farmers Branch, Texas. We received cash of \$2 million after paying off \$2.6 million of existing debt and \$0.4 million in closing costs.

In October 2009, we sold the 2010 Valley View office building; a 40,666 square foot facility located in Farmers Branch, Texas, for a sales price of \$3.2 million. We received \$1.2 million in cash by way of an intercompany note receivable increase after paying off the existing debt of \$2.0 million. The property was sold to a related party; therefore the gain of \$0.8 million was deferred and will be recorded upon sale to a third party. We also sold the Parkway Centre retail shopping center; a 28,374 square foot facility located in Dallas, Texas, for a sales price of \$4.0 million. We received \$1.3 million in cash by way of an intercompany note receivable increase after paying off the existing debt of \$2.6 million. The property was sold to a related party; therefore the gain of \$0.6 million was deferred and will be recorded upon sale to a third party.

In November 2009, we acquired 27.192 acres of McKinney Ranch land located in McKinney, Texas in lieu of a note receivable payoff of \$6.4 million and existing mortgage assumption of \$5.3 million.

Table of Contents**TRANSCONTINENTAL REALTY INVESTORS, INC.****NOTES TO FINANCIAL STATEMENTS (Continued)**

In November 2009, we purchased the Keller Springs Technical Center, an 80,000 square foot commercial building located in Carrollton, Texas for \$6.0 million. We assumed the current mortgage of \$6.0 million.

In December 2009, we sold the Bridges on Kinsey Apartments, a 232-unit complex, located in Tyler, Texas for \$20.5 million. We received \$6.8 million in cash, and the buyer assumed the existing mortgage of \$14.0 million secured by the property. The property was sold to a related party, therefore the gain of \$5.2 million was deferred and will be recorded upon sale to a third party.

NOTE 3. NOTES AND INTEREST RECEIVABLE

A portion of our assets are invested in mortgage notes receivable, principally secured by real estate. We may originate mortgage loans in conjunction with providing purchase money financing of property sales. Notes receivable are generally collateralized by real estate or interests in real estate and personal guarantees of the borrower and, unless noted otherwise, are so secured. Management intends to service and hold for investment the mortgage notes in our portfolio. A majority of the notes receivable provide for principal to be paid at maturity. Our mortgage notes receivable consist of first, wraparound and junior mortgage loans (dollars in thousands).

Borrower	Maturity Date	Interest Rate	Amount	Security

Table of Contents**TRANSCONTINENTAL REALTY INVESTORS, INC.****NOTES TO FINANCIAL STATEMENTS (Continued)**

Junior Mortgage Loans. We may invest in junior mortgage loans, secured by mortgages that are subordinate to one or more prior liens either on the fee or a leasehold interest in real estate. Recourse on such loans ordinarily includes the real estate on which the loan is made, other collateral and personal guarantees by the borrower. The Board of Directors restricts investment in junior mortgage loans, excluding wraparound mortgage loans, to not more than 10.0% of our assets. At December 31, 2009, 2.8% of our assets were invested in junior and wraparound mortgage loans.

Interest income is recognized on performing notes receivable as it becomes due. Effective 2009, interest income is recorded on cash flow notes receivable when cash is received. No accrued interest income is recorded on non-performing notes receivable.

As of December 31, 2009, the obligors on \$39.7 million or 82.6% of the mortgage notes receivable portfolio were due from affiliated entities. At December 31, 2009, 2.8% of our assets were invested in notes and interest receivable.

Related Party

In 2009, TCI paid Prime, its affiliates and related parties \$11.9 million in advisory fees, \$0.1 million incentive and net income fees, \$0.6 million in mortgage brokerage and equity refinancing fees, \$2.1 million in property and construction management, and leasing commissions, \$0.1 million in property acquisition fees, \$1.1 million in real estate brokerage commissions, \$0.9 million in construction supervision fees. In addition, as provided in the Advisory Agreement, Prime received cost reimbursements of \$3.7 million.

NOTE 4. ALLOWANCE FOR ESTIMATED LOSSES

The allowance account was reviewed and increased in 2007 and 2008. There were no additional allowances for receivables in 2009; our allowance decreased in the current year due to a loan pay off that had an allowance, as shown below (dollars in thousands).

	2009	2008	2007
Balance January 1,	\$ 3,293	\$ 1,978	\$
(Decrease) Increase in provision	(489)	1,315	1,978
Balance December 31,	\$ 2,804	\$ 3,293	\$ 1,978

NOTE 5. INVESTMENT IN UNCONSOLIDATED SUBSIDIARIES AND INVESTEEES

Investments in unconsolidated subsidiaries, jointly owned companies and other investees in which we have a 20% to 50% interest or otherwise exercise significant influence are carried at cost, adjusted for the Company's proportionate share of their undistributed earnings or losses, via the equity method of accounting. ARL is our parent company. Income Opportunity Investors, Inc. (IOT) is a related entity and as of July, 2009 is now a fully consolidated subsidiary. Both ARL and IOT are considered unconsolidated subsidiaries for 2008, but only ARL is considered an unconsolidated subsidiary for 2009.

Table of Contents**TRANSCONTINENTAL REALTY INVESTORS, INC.****NOTES TO FINANCIAL STATEMENTS (Continued)**

Investments accounted for via the equity method consists of the following:

Investee	Percent ownership	
	2009	2008
American Realty Investors, Inc. ⁽¹⁾	3%	3%
Income Opportunity Investors, Inc. ⁽³⁾	N/A	25%
Garden Centura, LP ⁽²⁾	5%	5%

(1) Unconsolidated subsidiary

(2) Other investees

(3) Consolidated subsidiary as of 7/09

Our interest in the common stock of ARL and our partnership interest in Garden Centura, LP, in the amount of 3% and 5% respectively, are accounted for under the equity method because we exercise significant influence over the operations and financial activities. Accordingly, the investments are carried at cost, adjusted for the companies' proportionate share of earnings or losses.

The market values, other than unconsolidated subsidiaries, as of the year ended December 31, 2009 and 2008 were not determinable as there were no readily traded markets for these entities.

The following is a summary of the financial position and results of operations from our unconsolidated subsidiaries and investees (dollars in thousands):

2009	Unconsolidated Subsidiaries	Other Investees	Total
Real estate, net of accumulated depreciation	\$ 236,413	\$ 77,043	\$ 313,456

NOTE 6. INVESTMENTS IN SECURITIES

Edgar Filing: TRANSCONTINENTAL REALTY INVESTORS INC - Form 10-K

Our investments in securities include equity investments in Realty Korea CR-REIT, Ltd. (CR-REIT), which was traded on the Korean stock exchange until its dissolution in 2008. We received our final distribution in 2009 and recorded a gain of \$2.8 million.

Table of Contents**TRANSCONTINENTAL REALTY INVESTORS, INC.****NOTES TO FINANCIAL STATEMENTS (Continued)****NOTE 7. NOTES AND INTEREST PAYABLE**

The scheduled principal payments of our notes payable over the next five years and thereafter are due as follows (dollars in thousands):

2010	\$ 361,444
2011	155,552
2012	20,042
2013	92,036
2014	12,328
Thereafter	541,820
	\$ 1,183,222

Interest payable at December 31, 2009 was \$5.4 million. Interest accrues at rates ranging from 2.0% to 13.0% per annum, and mature between 2009 and 2049. The mortgages were collateralized by deeds of trust on real estate having a net carrying value of \$1.2 billion.

With respect to the additional notes payable due to the acquisition of properties, a summary of some of the more significant transactions are discussed below:

Commercial Properties

In connection with the purchase of Keller Springs Technical Center office building in Carrollton, Texas on November 9, 2009, we assumed the existing mortgage of \$6.0 million, collateralized by the office building purchased. The note accrues interest at 7.41%. The note is payable in monthly installments of interest and principal with the balance due along with all unpaid and accrued interest due at maturity on January 1, 2010. We are currently negotiating an extension with the current lender.

Land

In connection with the purchase of Gautier land in Gautier, Mississippi on September 23, 2009, we financed the acquisition with seller financing of \$750,000 and \$1.6 million from the Katrina Community Development Block Grant (KCDBG) issued by the Mississippi Development Authority for the construction of an apartment complex. The seller financing accrues interest at 6% and is payable in monthly installments of interest only with the balance due along with all unpaid and accrued interest due at maturity on September 23, 2010. We used \$1.6 million of the KCDBG funds to acquire the land parcel to develop into an apartment complex. 100% of the funds will be repaid from 50% of the distributable cash flow and as a priority payment from the proceeds of any refinancing or sale of the project.

In connection with the purchase of McKinney Ranch land in McKinney, Texas on November 9, 2009, we assumed the existing mortgage of \$5.3 million, collateralized by the land purchased. The note accrues interest at 4.25% and is payable in monthly installments of principal and interest with the balance due along with all unpaid and accrued interest due at maturity on January 1, 2011.

NOTE 8. RELATED PARTY TRANSACTIONS

TCI received \$3.4 million in 2009, \$2.8 million in 2008, and \$2.2 million in 2007 from Prime and its affiliates for rents of TCI-owned properties, including One Hickory, Two Hickory, Addison Hanger, Browning Place, Fenton Centre, 1010 Common, 600 Las Colinas, Amoco, Parkway North, Thermalloy, Senlac, Folsom land, Eagle Crest, and 2010 Valley View.

Table of Contents**TRANSCONTINENTAL REALTY INVESTORS, INC.****NOTES TO FINANCIAL STATEMENTS (Continued)**

TCI financial results are consolidated with ARL Form 10-K and related consolidated financial statements. As of December 31, 2009, ARL owned 82.8% of the outstanding TCI common shares.

The Advisory Agreement calls for Prime to receive an advisory fee from TCI comprised of a gross asset fee of .0625% per month of the average of the gross asset value and an annual net income fee equal to 7.5% of TCI's net income, after certain adjustments (see Note 15). Prime receives cost reimbursement of certain expenses incurred by it in the performance of advisory services (See Note 15).

A sales incentive fee is paid to Prime equal to 10.0% of the amount by which the aggregate sales consideration for all real estate sold by TCI during the year exceeds the sum of the cost of each property, capital improvements and closing costs incurred in the sale of such real estate; provided, such real estate sold has produced an 8.0% simple annual return on the net investment and the aggregate net operating income from all real estate owned for each of the prior and current years shall be at least 5.0% higher in the current year than in the prior year (see Note 15).

Prime is to receive a property acquisition fee for locating, leasing or purchasing real estate for TCI equal to 1.0% of the amount of the loan purchased (See Note 15). Mortgage brokerage and equity refinancing fees are paid to Prime for obtaining loans or refinancing on properties equal to 1.0% of the amount of the loan or amount refinanced (see Note 15).

TCI and the advisor agreed to charge interest on the outstanding balance of funds advanced to or from TCI. The interest rate, set at the beginning of each month, is the prime rate plus 1% on the average daily cash balances advanced (see Note 15).

Regis is entitled to receive a sliding scale real estate brokerage fee of 1.5% to 4.5% for property purchases and sales based on the transaction amount (see Note 15). TCI pays Regis a construction supervision fee of 6% on all construction projects in progress (see Note 13). Regis receives property and construction management fees and leasing commissions in accordance with the terms of its property-level management agreement with Triad (see Note 15).

The following table reconciles the beginning and ending balances of affiliated accounts as of December 31, 2009 (dollars in thousands).

Balance, December 31, 2008	\$ (62,367)
Cash transfers	69,035
Cash repayments	(55,321)
Fees and commissions payable to affiliate	(21,581)
Advances due to financing proceeds	13,886
Note receivable with affiliate	5,877

NOTE 9. PREFERRED STOCK

TCI issued 30,000 shares of Series C Preferred Stock. TCI's Series C Cumulative Convertible Preferred Stock consists of a maximum of 30,000 shares with a liquidation preference of \$100.00 per share. Dividends are payable at the annual rate of \$7.00 per share annually or \$1.75 per quarter. After September 30, 2006, the Series C Preferred Stock may be converted into Common Stock at 90.0% of the daily average closing price of the

Table of Contents

TRANSCONTINENTAL REALTY INVESTORS, INC.

NOTES TO FINANCIAL STATEMENTS (Continued)

Common Stock for the prior five trading days. The Series C Preferred Stock is redeemable for cash at any time at the option of TCI. At December 31, 2009, 30,000 shares of Series C Preferred Stock were issued and outstanding.

In November 2006, TCI acquired approximately 3,000 acres of partially developed land in Forney, Texas, known as Windmill Farms for approximately \$50.2 million. Forney is a suburb east of the Dallas/Fort Worth Metroplex. The purchase price was paid by issuance of \$10.0 million in TCI Series D Preferred Stock, as well as additional financing arranged by Prime. Immediately upon closing, TCI sold its interest in the property to ARL, for an amount equal to its investment in the property, at no gain or loss. ARL assumed all of the liabilities incurred associated with the purchase. The net \$10.0 million proceeds from the sale to ARL were applied to reduce the balance due to Prime. The Series D Preferred Stock, which is not convertible into any other security, requires dividends payable at the initial rate of 7% annually. The dividend rate increases ratably from 7% to 9% in future periods.

NOTE 10. DIVIDENDS

TCI paid no dividends on its Common Stock in 2009, 2008 or 2007. The payment of dividends, if any, will be determined by the Board of Directors in light of conditions then existing, including the Company's financial condition and requirements, future prospects, restrictions in financing agreements, business conditions and other factors deemed relevant by the Board of Directors.

NOTE 11. STOCK OPTIONS

In October 2000, TCI's stockholders approved the Director's Stock Option Plan (the Director's Plan) which provides for options to purchase up to 140,000 shares of TCI's Common Stock. Options granted pursuant to the Director's Plan are immediately exercisable and expire on the earlier of the first anniversary of the date on which a Director ceases to be a Director or 10 years from the date of grant. Effective December 15, 2005 the plan was terminated. As of December 31, 2009, 10,000 options were outstanding and were exercisable at \$14.25 per share.

NOTE 12. ADVISORY AGREEMENT

Prime, the sole member of which is PIAMI, is the contractual advisor to TCI. PIAMI is owned by Realty Advisors, LLC, a Nevada limited liability company the sole member of which is Realty Advisors, Inc., a Nevada corporation which is owned 100% by a Trust known as the May Trust. Until early 2009, SWI, which is 100% owned by Gene E. Phillips, owned 20% of PIAMI which SWI exchanged to Realty Advisors, Inc. for certain securities issued by SWI. The May Trust is a trust for the benefit of the children of Gene E. Phillips. Gene E. Phillips is not an officer, manager, or director of Prime, PIAMI, Realty Advisors, LLC, Realty Advisors, Inc. or TCI, nor is he a Trustee of the May Trust.

Under the Advisory Agreement, Prime is required to annually formulate and submit for Board approval a budget and business plan containing a twelve-month forecast of operations and cash flow, a general plan for asset sales and purchases, lending, foreclosure and borrowing activity and other investments. Prime is required to report quarterly to the Board on TCI's performance against the business plan. In addition, all transactions require prior Board approval unless they are explicitly provided for in the approved business plan or are made pursuant to authority expressly delegated to Prime by the Board.

The Advisory Agreement also requires prior Board approval for the retention of all consultants and third party professionals, other than legal counsel. The Advisory Agreement provides that Prime shall be deemed to be in a fiduciary relationship to the stockholders and contains a broad standard governing Prime's liability for losses incurred by TCI.

Table of Contents

TRANSCONTINENTAL REALTY INVESTORS, INC.

NOTES TO FINANCIAL STATEMENTS (Continued)

The Advisory Agreement provides for Prime to be responsible for the day-to-day operations and to receive an advisory fee comprised of a gross asset fee of .0625% per month (.75% per annum) of the average of the gross asset value (total assets less allowance for amortization, depreciation or depletion and valuation reserves), and an annual net income fee equal to 7.5% of net income, after certain adjustments.

The Advisory Agreement also provides for Prime to receive an annual incentive sales fee. Prime or an affiliate of Prime is to receive an acquisition commission for supervising the purchase or long-term lease of real estate. Prime or an affiliate of Prime is also to receive a mortgage brokerage and equity refinancing fee for obtaining loans to or refinancing of TCI's properties. In addition, Prime receives reimbursement of certain expenses incurred by it, in the performance of advisory services for TCI.

The Advisory Agreement requires Prime or any affiliate of Prime to pay to TCI one-half of any compensation received from third parties with respect to the origination, placement or brokerage of any loan made by TCI.

Under the Advisory Agreement, all or a portion of the annual advisory fee must be refunded if the Operating Expenses of TCI (as defined in the Advisory Agreement) exceed certain limits specified in the Advisory Agreement.

Additionally, if management were to request that Prime render services other than those required by the Advisory Agreement, Prime or an affiliate of Prime would be separately compensated for such additional services on terms to be agreed upon from time to time. As discussed in Note 13. Property Management, Triad Realty Services, Ltd. (Triad), an affiliate of Prime, provides property management services. As discussed in Note 14. Real Estate Brokerage, Regis Realty I, LLC (Regis I), a related party, provided, on a non-exclusive basis, brokerage services.

NOTE 13. PROPERTY MANAGEMENT

Triad provides property management services for a fee of 6.0% or less of the monthly gross rents collected on residential properties and 3.0% or less of the monthly gross rents collected on commercial properties under its management. Triad subcontracts with other entities for property-level management services at various rates. The general partner of Triad is PIAMI. The limited partner of Triad is HRS Holdings, LLC, (HRSHLLC), a related party. Triad subcontracts the property-level management and leasing of 28 of TCI's commercial properties (office buildings, shopping centers and industrial warehouses). Regis I receives property and construction management fees and leasing commissions in accordance with the terms of its property-level management agreement with Triad. The sole member of Regis I is HRSHLLC.

Regis I provides construction management and supervision services for TCI's properties under construction. Regis I charged fees of 6.0% of certain construction costs. Those fees totaled \$0.9 million, \$3.4 million and \$5.4 million for 2009, 2008 and 2007, respectively.

NOTE 14. REAL ESTATE BROKERAGE

Regis I also provides brokerage services on a non-exclusive basis and is entitled to receive a commission for property purchases and sales, in accordance with a sliding scale of total brokerage fees to be paid by TCI.

Table of Contents**TRANSCONTINENTAL REALTY INVESTORS, INC.****NOTES TO FINANCIAL STATEMENTS (Continued)****NOTE 15. ADVISORY FEES, PROPERTY MANAGEMENT FEES, ETC.**

Cost reimbursements are allocated based on the relative market values of the Company's assets. The fees paid to our advisor and cost reimbursements are detailed below.

	\$ 4,330	\$ 13,851	\$ 12,525

NOTE 16. INCOME TAXES

For 2009 and 2007, TCI had net losses for federal tax purposes and for 2008, TCI had a net taxable loss for federal income tax purposes after the use of tax loss carry forwards.

During 2009, TCI acquired stock of Income Opportunity Realty Investors, Inc. (IOT), such that more than 80% of IOT was owned by TCI. As a result, IOT joined the ARL consolidated group and joined a Tax Sharing and Compensating Agreement with TCI and ARL. The income tax expense (benefit) for 2009 in the accompanying financial statement was calculated under the Tax Sharing and Compensating Agreement. In 2008 and 2007 the agreement between ARL and TCI only was in effect. For 2009, ARL and TCI had net losses and IOT had net income. In 2008, ARI had a net loss and TRI had net income. In 2007, ARL had net income and TCI had a net loss. For 2009, TCI recorded no federal tax (benefit) or expense. For 2008, TCI recorded a Federal tax expense of \$175,000. For 2007, TCI recorded a federal tax (benefit) of \$2,766,000.

Edgar Filing: TRANSCONTINENTAL REALTY INVESTORS INC - Form 10-K

The expense (benefit) in each year was calculated based on the amount of losses absorbed by taxable income multiplied by the maximum statutory tax rate of 35%.

Table of Contents**TRANSCONTINENTAL REALTY INVESTORS, INC.****NOTES TO FINANCIAL STATEMENTS (Continued)**

Current income tax expense is attributable to:

	2009	2008	2007
Income from continuing operations	(\$ 28,614)	(\$ 33,461)	(\$ 8,250)
Income from discontinued operations	28,614	33,636	5,484
	(\$ 0)	\$ 175	(\$ 2,766)

There was no deferred tax expense (benefit) recorded for the period as a result of the uncertainty of the future use of the deferred tax asset.

The Federal income tax expense differs from the amount computed by the applying the corporate tax rate of 35% to the income before income taxes as follows:

	2009	2008	2007
Computed expected income tax (benefit) expense	(27,315)	11,273	3,888
Book to tax differences for partnerships not consolidated for tax purposes	9,428	6,909	7,362
Book to tax differences for depreciation and amortization	1,467	1,003	987
Book to tax differences in gains on sale of property	(12,216)	(20,033)	(4,161)
Book to tax differences from insurance proceeds	0	0	(10,371)
Use of net operating loss carryforward	0	(2,522)	0
Book provision for loss	3,990	2,450	0
Partial valuation allowance against current net operating loss benefit	24,148	0	0
Other	498	1,095	(471)
	(0)	175	(2,766)
Alternative minimum tax	0	0	0

The tax effect of temporary differences that give rise to the deferred tax asset are as follows:

	2009	2008	2007
Net operating losses	46,380	15,552	11,667
AMT credits	1,374	1,210	1,210
Basis difference of:

Notes payable	52,007	32,143	21,856
Net deferred tax asset from IOT	0	0	0
Deferred gains	15,078	9,932	5,707
Total	68,923	25,655	16,303

Edgar Filing: TRANSCONTINENTAL REALTY INVESTORS INC - Form 10-K

Deferred tax valuation allowance	(68,923)	(25,655)	(16,303)
Net deferred tax asset	\$	\$	\$

TCI has tax net operating loss carryforwards of approximately \$119.5 million expiring through the year 2029.

Table of Contents**TRANSCONTINENTAL REALTY INVESTORS, INC.****NOTES TO FINANCIAL STATEMENTS (Continued)****NOTE 17. FUTURE MINIMUM RENTAL INCOME UNDER OPERATING LEASES**

TCI S real estate operations include the leasing of commercial properties (office buildings, industrial warehouses and shopping centers). The leases thereon expire at various dates through 2019. The following is a schedule of minimum future rents on non-cancelable operating leases at December 31, 2009. (dollars in thousands):

2010	\$ 37,417
2011	31,333
2012	24,062
2013	14,390
2014	10,685
Thereafter	23,646
	\$ 141,533

NOTE 18. OPERATING SEGMENTS

Our segments are based on management s method of internal reporting which classifies its operations by property type. The segments are commercial, apartments, hotels, land and other. Significant differences among the accounting policies of the operating segments as compared to the Consolidated Financial Statements principally involve the calculation and allocation of administrative expenses. Management evaluates the performance of each of the operating segments and allocates resources to them based on their operating income and cash flow.

Items of income that are not reflected in the segments are interest, other income, gain on debt extinguishment, gain on condemnation award, equity in partnerships, and gains on sale of real estate. Expenses that are not reflected in the segments are provision for losses, advisory, net income and incentive fees, general and administrative, non-controlling interests, foreign currency transaction loss and net loss from discontinued operations before gains on sale of real estate.

Table of Contents**TRANSCONTINENTAL REALTY INVESTORS, INC.****NOTES TO FINANCIAL STATEMENTS (Continued)**

NOTE 19. DISCONTINUED OPERATIONS

The Company applies the provisions of ASC Topic 360, Property, Plant and Equipment. ASC Topic 360 requires that long-lived assets that are to be disposed of by sale be measured at the lesser of (1) book value or (2) fair value less cost to sell. In addition, it requires that one accounting model be used for long-lived assets to be disposed of by sale and broadens the presentation of discontinued operations to include more disposal transactions.

Discontinued operations relates to properties that were either sold or repositioned as held for sale as of the year ended 2009, 2008 and 2007. Income from discontinued operations relates to seven, 25, and six properties that were sold or repositioned in 2009, 2008 and 2007, respectively. The following table summarizes revenue and expense information for these properties sold and held-for-sale (dollars in thousands).

Table of Contents**TRANSCONTINENTAL REALTY INVESTORS, INC.****NOTES TO FINANCIAL STATEMENTS (Continued)**

	For Years Ended December 31,		
	2009	2008	2007
Revenue			
Rental	\$ 4,500	\$ 9,288	\$ 42,862
Property operations	2,373	4,268	28,374
	2,127	5,020	14,488
Expenses			
Interest	(1,711)	(7,177)	(13,472)
General and administration	(27)	(672)	(60)
Depreciation	(715)	(851)	(4,341)
	(2,453)	(8,700)	(17,873)
Net loss from discontinued operations before gains on sale of real estate, taxes and fees	(326)	(3,680)	(3,385)
Gain on sale of discontinued operations	3,524	104,411	20,919
Equity in investee	164	6,306	
Net income fee to affiliate		(3,041)	514
Net sales fee to affiliate		(7,953)	(2,564)
Income from discontinued operations	3,362	96,043	15,484
Tax expense	(1,180)	(33,616)	(5,420)
Income from discontinued operations	\$ 2,182	\$ 62,427	\$ 10,064

The Company's application of ASC Topic 360 results in the presentation of the net operating results of these qualifying properties sold or held for sale during 2009, 2008 and 2007 as income from discontinued operations. The application of ASC Topic 360 does not have an impact on net income available to common shareholders. ASC Topic 360 only impacts the presentation of these properties within the Consolidated Statements of Operations.

Quarterly results presented differ from those previously reported in TCI's Form 10-Q due to the reclassification of the operations of properties sold or held for sale to discontinued operations in accordance with SFAS No. 144.

Table of Contents

TRANSCONTINENTAL REALTY INVESTORS, INC.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 21. COMMITMENTS AND CONTINGENCIES AND LIQUIDITY

Liquidity. Management believes that TCI will generate excess cash from property operations in 2010; such excess, however, will not be sufficient to discharge all of TCI's obligations as they become due. Management intends to sell income producing assets, refinance real estate and obtain additional borrowings primarily secured by real estate to meet its liquidity requirements.

Partnership Buyouts. TCI is the limited partner in two partnerships that are currently constructing residential properties. As permitted in the respective partnership agreements, TCI intends to purchase the interests of the general and any other limited partners in these partnerships subsequent to the completion of these projects. The amounts paid to buy out the nonaffiliated partners are limited to development fees earned by the non-affiliated partners, and are set forth in the respective partnership agreements.

Other Litigation. TCI is also involved in various other lawsuits arising in the ordinary course of business. Management is of the opinion that the outcome of these lawsuits will have no material impact on TCI's financial condition, results of operations or liquidity.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A(T). CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our Principal Executive Officer and Chief Financial Officer, we conducted an evaluation of the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e)) of the Securities Exchange Act of 1934, as amended (the Exchange Act), which are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is accumulated and communicated to our management, including our Principal Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure. Based on this evaluation, our Principal Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report.

Management's Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting for the Company. Our internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements in accordance with generally accepted accounting principles. There are inherent limitations to the effectiveness of any system of internal control over financial reporting. These limitations include the possibility of human error, the circumvention of overriding of the system and reasonable resource constraints. Because of its inherent limitations, our internal control over financial reporting may not prevent or detect misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions or that the degree of compliance with policies or procedures may deteriorate.

Management assessed the effectiveness of the Company's internal control over financial reporting as of December 31, 2009. In making this assessment, management used the criteria set forth in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Based on management's assessments and those criteria, management has concluded that Company's internal control over financial reporting was effective as of December 31, 2009.

This annual report does not include an attestation report of the Company's registered public accounting firm regarding internal control over financial report. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit the Company to provide only management's report in this annual report.

Changes in Internal Control over Financial Reporting

In preparation for management's report on internal control over financial reporting, we documented and tested the design and operating effectiveness of our internal control over financial reporting. There were no changes in our internal controls over financial reporting (as such term is defined in Exchange Act Rule 13a-15(f)) that occurred during the quarter ended December 31, 2009 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Item 9B. OTHER INFORMATION

Not applicable.

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

Directors

The affairs of TCI are managed by a Board of Directors. The Directors are elected at the annual meeting of stockholders or appointed by the incumbent Board and serve until the next annual meeting of stockholders or until a successor has been elected or approved.

It is the Board's objective that a majority of the Board consists of independent directors. For a director to be considered independent, the Board must determine that the director does not have any direct or indirect material relationship with TCI. The Board has established guidelines to assist it in determining director independence which conform to, or are more exacting than, the independence requirements in the New York Stock Exchange listing rules. The independence guidelines are set forth in TCI's Corporate Governance Guidelines. The text of this document has been posted on TCI's internet website at <http://www.transconrealty-invest.com> and is available in print to any shareholder who requests it. In addition to applying these guidelines, the Board will consider all relevant facts and circumstances in making an independent determination.

TCI has adopted a code of conduct that applies to all Directors, officers and employees, including our principal executive officer, principal financial officer and principal accounting officer. Stockholders may find our code of conduct on our website by going to our website address at <http://www.transconrealty-invest.com>. We will post any amendments to the code of conduct, as well as any waivers that are required to be disclosed by the rules of the SEC or the New York Stock Exchange on our website.

Our Board of Directors has adopted charters for our Audit, Compensation and Governance and Nominating Committees of the Board of Directors. Stockholders may find these documents on our website by going to the website address at <http://www.transconrealty-invest.com>. You may also obtain a printed copy of the materials referred to by contacting us at the following address:

Transcontinental Realty Investors, Inc.

Attn: Investor Relations

1800 Valley View Lane, Suite 300

Dallas, Texas 75234

Telephone: 469-522-4200

All members of the Audit Committee and Nominating and Corporate Governance Committees must be independent directors. Members of the Audit Committee must also satisfy additional independence requirements, which provide (i) that they may not accept, directly or indirectly, any consulting, advisory, or compensatory fee from TCI or any of its subsidiaries other than their director's compensation (other than in their capacity as a member of the Audit Committee, the Board of Directors, or any other committee of the Board), and (ii) no member of the Audit Committee may be an affiliated person of TCI or any of its subsidiaries, as defined by the Securities and Exchange Commission.

The current directors of TCI are listed below, together with their ages, terms of service, all positions and offices with TCI or its advisor, Prime, which took over as contractual advisor for Basic Capital Management Inc. (BCM) on July 1, 2003, their principal occupations, business experience and directorships with other companies during the last five years or more. The designation "Affiliated", when used below with respect to a director, means that the director is an officer, director or employee of Prime or an officer of TCI or an officer or director of an affiliate of TCI. The designation "Independent", when used below with respect to a director, means that the director is neither an officer of TCI nor a director, officer or employee of Prime, although TCI may have certain business or professional relationships with such director as discussed in Item 13. Certain Relationships and Related Transactions, and Director Independence.

Table of Contents

HENRY BUTLER: Age 59, Director (Affiliated) (since December 2001) and Chairman of the Board since May 18, 2009

Broker Land Sales (since July 2003) for Prime and 1992 to June 2003 for BCM; Owner/Operator (1989 to 1991) of Butler Interests, Inc.; Director (since July 2003) of ARL; and Director (December 2001 to July 2003) of IOT.

SHARON HUNT: Age 67, Director (Independent) (since February 2004).

Licensed Realtor in Dallas, Texas with Virginia Cook Realtors; President and Owner of Sharon's Pretzels, Inc. (until sold in 1997); Director (since 1991) of a 501(c)(3) non-profit corporation involved in the acquisition, renovation and operation of real estate; and Director (since February 2004) of ARL.

ROBERT A. JAKUSZEWSKI: Age 47, Director (Independent) (since November 2005)

Vice President Sales and Marketing (since September 1998) of New Horizons Communications, Inc. Mr. Jakuszewski was a Consultant (January 1998 - September 1998) for New Horizon Communications, Inc.; Regional Sales Manager (1996-1998) of Continental Funding; Territory Manager (1992-1996) of Sigvaris, Inc.; Senior Sales Representative (1988-1992) of Mead Johnson Nutritional Division, USPNG; Sales Representative (1986-1987) of Muro Pharmaceutical, Inc. Mr. Jakuszewski has been a director of IOT since March 16, 2004 and a director of ARL since November 22, 2005.

TED R. MUNSELLE: Age 54, Director (Independent) (since February 2004).

Mr. Munselle is Vice President and Chief Financial Officer (since October 1998) of Landmark Nurseries, Inc.; he was President (December 2004 to August 2007) of Applied Educational Opportunities LLC, an educational organization which had career training schools located in the cities of Richardson and Tyler, Texas. He is a certified public accountant (since 1980) who was employed as an Audit Partner in two Dallas, Texas based CPA firms (1986 to 1998), as an Audit Manager at Grant Thornton, LLP (1983 to 1986) and as Audit Staff to Audit Supervisor at Laventhol & Horwath (1977 to 1983). Mr. Munselle has also been a director (since February 20, 2004) of ARL, a Nevada corporation which has its common stock listed and traded on the New York Stock Exchange (NYSE), as well as a director (since May 2009) of IOT, a Nevada corporation which has its common stock listed and traded on the American Stock Exchange (the AMEX). Mr. Munselle is qualified as an Audit Committee financial expert within the meaning of SEC regulations and the Board of Directors of TCI has determined that he has accounting and related financial management expertise within the meaning of the listing standards of the NYSE.

Board Committees

The Board of Directors held 9 meetings during 2009. For such year, no incumbent director attended fewer than 100% of the aggregate of (1) the total number of meetings held by the Board during the period for which he or she had been a director and (2) the total number of meetings held by all committees of the Board on which he or she served during the period that he served.

The Board of Directors has standing Audit, Compensation and Governance and Nominating Committees.

Audit Committee. The current Audit Committee was formed on February 19, 2004, and its function is to review TCI's operating and accounting procedures. A Charter of the Audit Committee has also been adopted by the Board. The charter of the Audit Committee was adopted on February 19, 2004, and is available on the Company's Investor Relations website (www.transconrealty-invest.com). The Audit Committee is an audit committee for purposes of Section 3(a)(58) of the Securities Exchange Act of 1934. The current members of the Audit Committee, all of whom are independent within the meaning of the SEC Regulations, the listing standards of the New York Stock Exchange, Inc. and TCI's Corporate Governance Guidelines, are Messrs. Jakuszewski and Munselle (Chairman) and Ms. Hunt. Mr. Ted R. Munselle, a member of the Committee, is qualified as an Audit Committee financial expert within the meaning of SEC Regulations, and the Board has determined that he

Table of Contents

has accounting and related financial management expertise within the meaning of the listing standards of the New York Stock Exchange, Inc. All of the members of the Audit Committee meet the experience requirements of the listing standards of the New York Stock Exchange. The Audit Committee met eight times during 2009.

Governance and Nominating Committee. The Governance and Nominating Committee is responsible for developing and implementing policies and practices relating to corporate governance, including reviewing and monitoring implementation of TCI's Corporate Governance Guidelines. In addition, the Committee develops and reviews background information on candidates for the Board and makes recommendations to the Board regarding such candidates. The Committee also prepares and supervises the Board's annual review of director independence and the Board's performance self-evaluation. The Charter of the Governance and Nominating Committee was adopted on March 22, 2004 and is available on the Company's Investor Relations website (www.transconrealty-invest.com). The current members of the Committee are Messrs. Munselle, Jakuszewski (Chairman) and Ms. Hunt. The Governance and Nominating Committee met once during 2009.

Compensation Committee. The Compensation Committee is responsible for overseeing the policies of the Company relating to compensation to be paid by the Company to the Company's principal executive officer and any other officers designated by the Board and make recommendations to the Board with respect to such policies, produce necessary reports and executive compensation for inclusion in the Company's Proxy Statement in accordance with applicable rules and regulations and to monitor the development and implementation of succession plans for the principal executive officers and other key executives and make recommendations to the Board with respect to such plans. The charter of the Compensation Committee was adopted on March 22, 2004, and is available on the Company's Investor Relations website (www.transconrealty-invest.com). The current members of the Compensation Committee are Ms. Hunt (Chairman) and Messrs. Jakuszewski and Munselle. All of the members of the Compensation Committee are independent within the meaning of the listing standards of the NYSE and the Company's Corporate Governance Guidelines. The Compensation Committee is to be comprised of at least two directors who are independent of Management and the Company. The Compensation Committee met once during 2009.

The members of the Board of Directors on the date of this Report and the Committees of the Board on which they serve are identified below:

	Audit Committee	Governance and Nominating Committee	Compensation Committee
Henry A. Butler			
Sharon Hunt	ü	ü	Chair
Robert A. Jakuszewski	ü	Chair	ü
Ted R. Munselle	Chair	ü	ü
Presiding Director			

In March 2004, the Board created a new position of presiding director, whose primary responsibility is to preside over periodic executive sessions of the Board in which Management directors and other members of Management do not participate. The presiding director also advises the Chairman of the Board and, as appropriate, Committee Chairs with respect to agendas and information needs relating to Board and Committee meetings, provides advice with respect to the selection of Committee Chairs and performs other duties that the Board may from time to time delegate to assist the Board in fulfillment of its responsibilities.

In December 2009, the non-management members of the Board designated Ted R. Munselle as presiding director to serve in this position until the Company's annual meeting of stockholders to be held following the fiscal year ended December 31, 2009.

Table of Contents

Determination of Director s Independence

In February 2004, the Board adopted its Corporate Governance Guidelines. The Guidelines adopted by the Board meet or exceed the new listing standards adopted during that year by the New York Stock Exchange. The full text of the Guidelines can be found on the Company s Investor Relations website (www.transcontrealty-invest.com). Pursuant to the Guidelines, the Board undertook its annual review of director independence on March 2008 and during this review, the Board considered transactions and relationships between each director or any member of his or her immediate family and TCI and its subsidiaries and affiliates, including those reported under Certain Relationships and Related Transactions below. The Board also examined transactions and relationship between directors or their affiliates and members of TCI s senior management or their affiliates. As provided in the Guidelines, the purpose of such review was to determine whether such relationships or transactions were inconsistent with the determination that the director is independent.

As a result of this review, the Board affirmatively determined of the then directors, Messrs. Munselle and Jakuszewski and Ms. Hunt are each independent of the Company and its Management under the standards set forth in the Corporate Governance Guidelines.

Executive Officers

Executive officers of the Company are listed below, all of whom are employed by Prime. None of the executive officers receive any direct remuneration from the Company nor do any hold any options granted by the Company. Their positions with the Company are not subject to a vote of stockholders. In addition to the following executive officers, the Company has several vice presidents and assistant secretaries who are not listed herein. The ages, terms of service and all positions and offices with the Company, Prime, other affiliated entities, other principal occupations, business experience and directorships with other publicly-held companies during the last five years or more are set forth below. No family relationships exists among any of the executive officers or directors of the Company.

DANIEL J. MOOS, 59

President (since April 2007) and Chief Executive Officer (effective March 2010) of ARL, TCI, IOT and (effective March 2007) of Prime; Senior Vice President and Business Line Manager for U.S. Bancorp (NYSE:USB) working out of their offices in Houston, Texas from 2003 to April 2007; Executive Vice President and Chief Financial Officer, Fleetcor Technologies a privately held transaction processing company that was headquartered in New Orleans, Louisiana from 1998 to 2003; Senior Vice President and Chief Financial Officer, ICESA a privately held internet security and information company headquartered in Carlisle, Pennsylvania from 1996 to 1998; and for more than ten years prior thereto was employed in various financial and operating roles for PhoneTel Technologies, Inc. which was a publicly traded telecommunication company on the American Stock Exchange headquartered in Cleveland, Ohio (1992-1996) and LDI Corporation which was a publicly traded computer equipment sales/service and asset leasing company listed on the NASDAQ and headquartered in Cleveland, Ohio.

GENE S. BERTCHER, 61

Executive Vice President (since February 2008) and Chief Financial Officer (since Oct. 28, 2009) of the Company, ARL and IOT. Mr. Bertcher is also Chief Executive Officer (from December 2006 to present) and Chief Financial Officer (since January 2003) and a Director (from November 1989 to September 1996 and from June 1999 to present) of New Concept Energy, Inc. (NCE), a Nevada corporation which has its common stock listed on the AMEX. Mr. Bertcher has been employed by NCE since November 1989. He has been a Certified Public Accountant since 1973. Mr. Bertcher is also a Director, Vice President and Treasurer (since March 24, 2009) of First Equity Properties, Inc., a Nevada corporation with securities registered under Section 12(g) of the Exchange Act.

Table of Contents

LOUIS J. CORNA, 62

Executive Vice President General Counsel/Tax Counsel and Secretary (since February 2004), Executive Vice President Tax (October 2001 to February 2004), Executive Vice President Tax and Chief Financial Officer (June 2001 to October 2001) and Senior Vice President Tax (December 2000 to June 2001) of the Company, ARL, IOT and BCM; Executive Vice President, General Counsel/Tax Counsel and Secretary (since February 2004), Executive Vice President Tax (July 2003 to February 2004) of Prime and PIAMI; Private Attorney (January 2000 to December 2000); Vice President Taxes and Assistant Treasurer (March 1998 to January 2000) of IMC Global, Inc.; Vice President Taxes (July 1991 to February 1998) of Whitman Corporation. Mr. Corna is also a Director and Vice President (since June 1, 2004) and Secretary (since January 14, 2005) of First Equity Properties, Inc., a Nevada corporation with securities registered under Section 12(g) of the Exchange Act.

ALFRED CROZIER, 57

Executive Vice President Residential Construction (since November 2006) of ARL, TCI and IOT; Managing Director of Development for Woodmont Investment Company GP, LLC of Dallas, Texas from November 2005 to November 2006; President of Sterling Builders, Inc. of Spring, Texas from October 2003 to November 2005; Vice president of Westchase Construction, Ltd. of Houston, Texas from August 2001 to September 2003. For more than five years prior thereto, Mr. Crozier was employed by various firms in the construction industry including Trammell Crow Residential (February 1995 through February 2000) and The Finger Companies (August 1991 through February 1995). Mr. Crozier is a licensed architect.

Officers

Although not an executive officer of the Company, Daeho Kim currently serves as Treasurer. His position with the Company is not subject to a vote of stockholders. His age, term of service and all positions and offices with the Company, other principal occupations, business experience and relationships with other entities during the last five years or more are set forth below.

DAEHO KIM, 33

Treasurer (since October 29, 2008) of ARL, TCI and IOT. For more than five years prior thereto, Mr. Kim has been employed by Prime in various financial capacities including cash manager and Assistant Director of Capital Markets.

Code of Ethics

TCI has adopted a code of ethics entitled Code of Business Conduct and Ethics that applies to all directors, officers, and employees (including those of the contractual Advisor to TCI). In addition, TCI has adopted a code of ethics entitled Code of Ethics for Senior Financial Officers that applies to the principal executive officer, president, principal financial officer, chief financial officer, principal accounting officer, and controller. The text of these documents has been posted on TCI's internet website at <http://www.transconrealty-invest.com> and are available in print to any stockholder who requests them.

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Under the securities laws of the United States, the directors, executive officers, and any persons holding more than 10% of TCI's shares of Common Stock are required to report their share ownership and any changes in that ownership to the Securities and Exchange Commission (the Commission). Specific due dates for these reports have been established and TCI is required to report any failure to file by these dates. All of these filing requirements were satisfied by TCI's directors, executive officers, and 10% holders during the fiscal year ending December 31, 2009. In making these statements, TCI has relied on the written representations of its incumbent directors and executive officers and its 10% holders and copies of the reports they have filed with the Commission.

Table of Contents

The Advisor

Although the Board of Directors is directly responsible for managing the affairs of TCI and for setting the policies which guide it, TCI's day-to-day operations are performed by Prime under the supervision of the Board. The duties of Prime include, among other things, locating, investigating, evaluating and recommending real estate and mortgage note investment and sales opportunities as well as financing and refinancing sources. Prime also serves as a consultant to the Board in connection with the business plan and investment decisions made by the Board.

Prime is a single member Nevada limited liability company, the sole member of which is PIAMI, which is owned 100% by Realty Advisors, LLC, a Nevada limited liability company, the sole member of which is Realty Advisors, Inc., A Nevada corporation which is owned 100% by a Trust known as the May Trust. Until early 2009, SWI, which is 100% owned by Gene E. Phillips, owned 20% of PIAMI, which SWI exchanged to Realty Advisors, Inc. for certain securities issued by SWI. For the period December 31, 2009, Gene E. Phillips and SWI are each a related party for financial statement purposes because of the prior ownership arrangement of PIAMI. Gene E. Phillips is not an officer, manager or director of Prime, PIAMI, Realty Advisors, LLC, Realty Advisors, Inc. or TCI, nor is he a Trustee of the May Trust. Prime is a company of which Messrs. Moos, Bertcher, Corna, and Crozier, serve as executive officers.

Under the Advisory Agreement, Prime is required to annually formulate and submit, for Board approval, a budget and business plan containing a twelve-month forecast of operations and cash flow, a general plan for asset sales and purchases, lending, foreclosure and borrowing activity, and other investments, and Prime is required to report quarterly to the Board on TCI's performance against the business plan. In addition, all transactions require prior Board approval, unless they are explicitly provided for in the approved business plan or are made pursuant to authority expressly delegated to Prime by the Board.

The Advisory Agreement also requires prior Board approval for the retention of all consultants and third party professionals, other than legal counsel. The Advisory Agreement provides that Prime shall be deemed to be in a fiduciary relationship to the TCI stockholders; contains a broad standard governing Prime's liability for losses incurred by TCI; and contains guidelines for Prime's allocation of investment opportunities as among itself, TCI and other entities it advises.

The Advisory Agreement provides for Prime to be responsible for the day-to-day operations of TCI and to receive an advisory fee comprised of a gross asset fee of .0625% per month (.75% per annum) of the average of the gross asset value (total assets less allowance for amortization, depreciation or depletion and valuation reserves) and an annual net income fee equal to 7.5% of TCI's net income, after certain adjustments.

The Advisory Agreement also provides for Prime to receive an annual incentive sales fee equal to 10.0% of the amount, if any, by which the aggregate sales consideration for all real estate sold by TCI during such fiscal year exceeds the sum of: (1) the cost of each such property as originally recorded in TCI's books for tax purposes (without deduction for depreciation, amortization or reserve for losses), (2) capital improvements made to such assets during the period owned, and (3) all closing costs, (including real estate commissions) incurred in the sale of such real estate; provided, however, no incentive fee shall be paid unless (a) such real estate sold in such fiscal year, in the aggregate, has produced an 8.0% simple annual return on the net investment including capital improvements, calculated over the holding period before depreciation and inclusive of operating income and sales consideration and (b) the aggregate net operating income from all real estate owned for each of the prior and current fiscal years shall be at least 5.0% higher in the current fiscal year than in the prior fiscal year.

Additionally, pursuant to the Advisory Agreement Prime or an affiliate of Prime is to receive an acquisition commission for supervising the acquisition, purchase or long-term lease of real estate equal to the lesser of (1) up to 1.0% of the cost of acquisition, inclusive of commissions, if any, paid to non-affiliated brokers or (2) the compensation customarily charged in arm's-length transactions by others rendering similar property acquisition services as an ongoing public activity in the same geographical location and for comparable property, provided

Table of Contents

that the aggregate purchase price of each property (including acquisition fees and real estate brokerage commissions) may not exceed such property's appraised value at acquisition. Prime does not receive such a commission on acquisitions from an affiliated or related party.

The Advisory Agreement requires Prime or any affiliate of Prime to pay to TCI, one-half of any compensation received from third parties with respect to the origination, placement or brokerage of any loan made by TCI; provided, however, that the compensation retained by Prime or any affiliate of Prime shall not exceed the lesser of (1) 2.0% of the amount of the loan commitment or (2) a loan brokerage and commitment fee which is reasonable and fair under the circumstances.

The Advisory Agreement also provides that Prime or an affiliate of Prime is to receive a mortgage or loan acquisition fee with respect to the acquisition or purchase of any existing mortgage loan by TCI equal to the lesser of (1) 1.0% of the amount of the loan purchased or (2) a brokerage or commitment fee which is reasonable and fair under the circumstances. Such fee will not be paid in connection with the origination or funding of any mortgage loan by TCI.

Under the Advisory Agreement, Prime or an affiliate of Prime also is to receive a mortgage brokerage and equity refinancing fee for obtaining loans or refinancing on properties equal to the lesser of (1) 1.0% of the amount of the loan or the amount refinanced or (2) a brokerage or refinancing fee which is reasonable and fair under the circumstances; provided, however, that no such fee shall be paid on loans from Prime or an affiliate of Prime without the approval of TCI's Board of Directors. No fee shall be paid on loan extensions.

The Advisory Agreement also provides that for all activities in connection with or related to construction for the Company and its subsidiaries, Prime shall receive a fee equal to 6% of the so-called "hard costs" only of any costs of construction on a completed basis, based upon amounts set forth as approved on any architect certificate issued in connection with such construction, which fee is payable at such time as the applicable architect certifies other costs for payment to third parties. The phrase "hard costs" means all actual costs of construction paid to contractors, subcontractors and third parties for materials or labor performed as part of the construction but does not include items generally regarded as "soft costs," which are consulting fees, attorneys' fees, architectural fees, permit fees and fees of other professionals.

Under the Advisory Agreement, Prime receives reimbursement of certain expenses incurred by it in the performance of advisory services.

Under the Advisory Agreement, all or a portion of the annual advisory fee must be refunded by the Advisor if the Operating Expenses of TCI (as defined in the Advisory Agreement) exceed certain limits specified in the Advisory Agreement based on the book value, net asset value and net income of TCI during the fiscal year.

Additionally, if management were to request that Prime render services to TCI other than those required by the Advisory Agreement, Prime or an affiliate of Prime separately would be compensated for such additional services on terms to be agreed upon from time to time. As discussed below, under "Property Management," TCI has hired Triad Realty Services, Ltd. ("Triad"), an affiliate of Prime, to provide property management services for TCI's commercial properties. Also as discussed below, under "Real Estate Brokerage" TCI had engaged, on a non-exclusive basis, Regis Realty, Inc. ("Regis"), a related party, to perform brokerage services for TCI until December 2002. Beginning January 1, 2003, Regis Realty I LLC performs brokerage services for TCI.

The Company and Prime have a Cash Management Agreement to further define the administration of the Company's day-to-day investment operations, relationship contacts, flow of funds and deposit and borrowing of funds. Under the Cash Management Agreement, all funds of the Company are delivered to Prime which has a deposit liability to the Company and is responsible for payment of all payables and investment of all excess funds which earn interest at the Wall Street Journal Prime Rate plus 1% per annum, as set quarterly on the first day of each calendar quarter. Borrowings for the benefit of the Company bear the same interest rate. The term of the Cash Management Agreement is coterminous with the Advisory Agreement, and is automatically renewed each year unless terminated with the Advisory Agreement.

Table of Contents

Prime may assign the Advisory Agreement only with the prior consent of TCI.

The managers and principal executive officers of Prime are set forth below.

Mickey N. Phillips:	Manager
Ryan T. Phillips:	Manager
Daniel J. Moos:	President and Chief Executive Officer
Gene S. Bertcher	Executive Vice President and Chief Financial Officer
Louis J. Corna:	Executive Vice President, General Counsel, Executive Vice President, Tax, Secretary
Alfred Crozier:	Executive Vice President, Residential Construction

Property Management

Affiliates of Prime provide property management services to TCI for the commercial properties. Currently, Triad provides such property management services. Triad subcontracts with other entities for the provision of property-level management services to TCI. The general partner of Triad is PIAMI. The limited partner of Triad is HRS Holdings LLC (HRSHELLC). Triad subcontracts the property-level management and leasing of TCI s commercial properties to Regis I, which is entitled to receive property and construction management fees and leasing commissions in accordance with the terms of its property-level management agreement with Triad. Regis I also receives real estate brokerage commissions in accordance with the terms of a non-exclusive brokerage agreement. Regis Hotel I, LLC, a related party, manages TCI s hotels. The sole member of Regis I and Regis Hotel I, LLC is HRSHELLC.

Real Estate Brokerage

Regis I also provides real estate brokerage services to TCI (on a non-exclusive basis), and is entitled to receive a real estate commission for property purchases and sales in accordance with the following sliding scale of total fees to be paid: (1) maximum fee of 4.5% on the first \$2.0 million of any purchase or sale transaction of which no more than 3.5% is to be paid to Regis I or affiliates; (2) maximum fee of 3.5% on transaction amounts between \$2.0 million-\$5.0 million of which no more than 3.0% is to be paid to Regis I or affiliates; (3) maximum fee of 2.5% on transaction amounts between \$5.0 million-\$10.0 million of which no more than 2.0% is to be paid to Regis I or affiliates; and (4) maximum fee of 2.0% on transaction amounts in excess of \$10.0 million of which no more than 1.5% is to be paid to Regis I or affiliates.

ITEM 11. EXECUTIVE COMPENSATION

TCI has no employees, payroll or benefit plans and pays no compensation to its executive officers. The executive officers of TCI, who are also officers or employees of Prime, TCI s advisor, are compensated by Prime. Such executive officers perform a variety of services for Prime and the amount of their compensation is determined solely by Prime. Prime does not allocate the cash compensation of its officers among the various entities for which it serves as advisor. See Item 10. Directors, Executive Officers and Corporate Governance for a more detailed discussion of the compensation payable to Prime.

The only remuneration paid by TCI is to the directors who are not officers or directors of Prime or its affiliated companies. The Independent Directors (1) review the business plan of TCI to determine that it is in the best interest of TCI s stockholders, (2) review the advisory contract, (3) supervise the performance of the advisor and review the reasonableness of the compensation paid to the advisor in terms of the nature and quality of services performed, (4) review the reasonableness of the total fees and expenses of TCI and (5) select, when necessary, a qualified independent real estate appraiser to appraise properties acquired.

Table of Contents

Each Independent Director is entitled to receive compensation in the amount of \$30,000 per year, plus reimbursement for expenses. The Chairman of the Board is entitled to receive an additional fee of \$3,000 per year. In addition, each Independent Director receives an additional \$250 for each Audit Committee meeting attended, plus each Independent Director receives an additional fee of \$1,000 per day for any special services rendered by him to TCI outside of his ordinary duties as director, plus reimbursement of expenses. Effective January 4, 2010, the Board of Directors reduced their compensation to \$15,000 per annum and no Audit Committee fees, with the Audit Committee Chairman to receive a one time annual fee of \$500. During 2009, \$58,309.36 was paid to the Independent Directors in total directors' fees for all services, including the annual fee for service during the period January 1, 2009 through December 31, 2009, and special service fees as follows: Sharon Hunt, \$15,000; Robert A. Jakuszewski, \$15,000; Ted R. Munselle, \$15,000; and Ted P. Stokely, \$15,309.36.

Director's Stock Option Plan

TCI established a Director's Stock Option Plan (Director's Plan) for the purpose of attracting and retaining Directors who are not officers or employees of TCI or Prime. The Director's Plan provides for the grant of options that are exercisable at fair market value of TCI's Common Stock on the date of grant. The Director's Plan was approved by stockholders at their annual meeting on October 10, 2000, following which each then-serving Independent Director was granted options to purchase 5,000 shares of Common Stock of TCI. On January 1 of each year, each Independent Director receives options to purchase 5,000 shares of Common Stock. The options are immediately exercisable and expire on the earlier of the first anniversary of the date on which a Director ceases to be a Director or 10 years from the date of grant. The Director's Plan was terminated by the Board of Directors on December 15, 2005. As of March 25, 2010, options covering 25,000 shares of TCI Common Stock were outstanding.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**Security Ownership of Certain Beneficial Owners**

The following table sets forth the ownership of TCI's Common Stock, both beneficially and of record, both individually and in the aggregate, for those persons or entities known to be beneficial owners of more than 5.0% of the outstanding shares of Common Stock as of the close of business on March 25, 2010.

	Amount and Nature of Beneficial Ownership	Approximate Percent of Class⁽¹⁾
American Realty Trust, Inc. ⁽²⁾ 1800 Valley View Lane, Suite 300 Dallas, Texas 75234	5,507,710	67.88%
American Realty Investors, Inc. ⁽²⁾⁽³⁾ 1800 Valley View Lane, Suite 300 Dallas, Texas 75234	6,720,936	82.83%
Basic Capital Management, Inc. 1800 Valley View Lane, Suite 300 Dallas, Texas 75234	902,507	11.37%
EQK Holdings, Inc. ⁽²⁾ 1800 Valley View Lane Suite 300 Dallas, Texas 75234	4,584,973	56.51%
Transcontinental Realty Acquisition Corporation ⁽³⁾ 1800 Valley View Lane Suite 100 Dallas, Texas 75234	1,213,226	14.95%

Table of Contents

- (1) Percentage is based upon 8,113,669 shares of Common Stock outstanding at March 5, 2010.
- (2) Includes 920,507 shares (11.37%) owned by Basic Capital Management, Inc. (BCM), a wholly owned subsidiary of EQK Holdings, Inc. (EQK) which is a wholly-owned subsidiary of ART, which is a wholly-owned subsidiary of ARL. EQK owns 3,664,466 shares direct and ART owns 922,737 shares direct.
- (3) Transcontinental Realty Acquisition Corporation (TRAC) is a wholly-owned subsidiary of ARL.

Security Ownership of Management.

The following table sets forth the ownership of TCI s Common Stock, both beneficially and of record, both individually and in the aggregate, for the directors and executive officers of TCI as of the close of business on March 25, 2010.

Name of Beneficial Owner	Amount and Nature of Beneficial Ownership	Approximate Percent of Class ⁽¹⁾
Gene S. Bertcher	6,720,936 ⁽²⁾	82.83%
Henry A. Butler	6,720,936 ⁽²⁾	82.83%
Louis J. Corna	6,720,936 ⁽²⁾	82.83%
Alfred Crozier	6,720,936 ⁽²⁾	82.83%
Sharon Hunt	6,725,936 ⁽²⁾⁽³⁾	82.89%
Robert A. Jakuszewski	6,720,936 ⁽²⁾	82.83%
Daniel J. Moos	6,720,936 ⁽²⁾	82.83%
Ted Munselle	6,725,936 ⁽²⁾⁽⁴⁾	82.89%
All Directors and Executive Officers as a group (8 individuals)	6,745,936 ⁽²⁾⁽³⁾⁽⁴⁾	83.14%

- (1) Percentage is based upon 8,113,669 shares of Common Stock outstanding at March 25, 2010 and as to Mr. Munselle, and Ms. Hunt, shares which may be issued under existing Director Stock Options.
- (2) Includes 920,507 by BCM which is a subsidiary of EQK, 3,664,466 shares owned by EQK, 922,737 shares by ART and 1,213,226 shares owned by TRAC. Each of the executive officers of ARL may be deemed to be beneficial owners of such shares by virtue of their positions as executive officers of ARL and its subsidiaries, EQK, ART, and TRAC. The executive officers of ARL disclaim such beneficial ownership.
- (3) Includes 5,000 shares which may be acquired by Ms. Hunt pursuant to the Director Stock Option Plan.
- (4) Includes 5,000 shares which may be acquired by Mr. Munselle pursuant to the Director Stock Option Plan.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE**Certain Business Relationships**

The Board of Directors of TCI retains the contractual advisor. Prime has been the contractual advisor to TCI since July 1, 2004. See Item 10.

Directors, Executive Officers and Corporate Governance The Advisor for a description of Prime, its duties and its compensation. See also Note 15 to the Financial Statements for a description of the fees paid to Prime as the advisor and cost reimbursements during the three fiscal years ended December 31, 2009.

Affiliates of Prime provide commercial property management services to TCI. Currently, Triad provides such property management services. Triad subcontracts the property-level management and leasing of TCI s commercial properties to Regis I and three of its hotels to Regis Hotel I, LLC.

Regis I also provides real estate brokerage services for TCI, on a non-exclusive basis, and receives brokerage commissions in accordance with the brokerage agreement.

Two of TCI s Directors (Robert Jakuszewski and Ted Munselle) also serve as directors of IOT; Each owe fiduciary duties to IOT as well as to TCI under applicable law. At December 31, 2009, TCI owned approximately

Table of Contents

85% of the outstanding common shares of IOT. Prime also serves as advisor to ARL and IOT. All of TCI's directors also serve as Directors of ARL. Messrs. Moos, Bertcher, Corna and Crozier serve as executive officers of ARL and IOT.

Related Party Transactions

The Company has historically engaged in and may continue to engage in certain business transactions with related parties, including but not limited to asset acquisition and dispositions. Transactions involving related parties cannot be presumed to be carried out on an arm's length basis due to the absence of free market forces that naturally exist in business dealings between two or more unrelated entities. Related party transactions may not always be favorable to our business and may include terms, conditions and agreements that are not necessarily beneficial to or in the best interest of our company.

TCI paid advisory fees of \$11.9 million, net income fees of \$0.1 million, acquisition fees of \$.04 million, mortgage brokerage and equity refinancing fees of \$0.6 million, costs reimbursements of \$3.7 million, and interest of \$1.6 million to Prime in 2009.

TCI paid property acquisition fees of \$0.1 million, real estate brokerage fees of \$1.1 million, construction supervision fees of \$0.9 million, and property and construction management and leasing commissions of \$2.1 million to Regis I in 2009.

Operating Relationships

TCI received rents of \$3.4 million in 2009, \$2.8 million in 2008, and \$2.2 million in 2007 from Prime and its affiliates for rents of TCI owned properties, including 1010 Commons, 2010 Valley View, 600 Las Colinas, Amoco, Addison Hanger, Browning Place, Eagle Crest, Fenton Centre, Folsom land, One Hickory, Parkway North, Senlac, Stanford Centre, Thermalloy and Two Hickory.

Restrictions on Related Party Transactions

Article Fourteen of TCI's Articles of Incorporation provides that TCI shall not, directly or indirectly, contract or engage in any transaction with (1) any director, officer or employee of TCI, (2) any director, officer or employee of the advisor, (3) the advisor or (4) any affiliate or associate (as such terms are defined in Rule 12b-2 under the Securities Exchange Act of 1934, as amended) of any of the aforementioned persons, unless (a) the material facts as to the relationship among or financial interest of the relevant individuals or persons and as to the contract or transaction are disclosed to or are known by the Board of Directors or the appropriate committee thereof and (b) the Board of Directors or committee thereof determines that such contract or transaction is fair to TCI and simultaneously authorizes or ratifies such contract or transaction by the affirmative vote of a majority of independent directors of TCI entitled to vote thereon. Article Fourteen defines an Independent Director as one who is neither an officer or employee of TCI nor a director, officer or employee of TCI's advisor.

Table of Contents**ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES**

The following table sets forth the aggregate fees for professional services rendered to or for TCI by Farmer, Fuqua and Huff, L.P. and Swalm and Associates, P.C. for 2009 and 2008:

Type of Fee	2009		2008	
	Farmer, Fuqua & Huff	Swalm & Associates	Farmer, Fuqua & Huff	BDO Seidman
Audit fees	\$ 405,992	\$ 75,835	\$ 402,492	\$
Audit related fees				
Tax fees	51,900	2,572	55,775	8,000
All other fees				
Total	\$ 457,892	\$ 78,407	\$ 458,267	\$ 8,000

The audit fees for 2009 and 2008, respectively, were for professional services rendered for the audits and reviews of the consolidated financial statements of TCI. Tax fees for 2009 and 2008, respectively, were for services related to federal and state tax compliance and advice.

All services rendered by the principal auditors are permissible under applicable laws and regulations and were pre-approved by either the Board of Directors or the Audit Committee, as required by law. The fees paid the principal auditors for services as described in the above table fall under the categories listed below:

Audit Fees. These are fees for professional services performed by the principal auditor for the audit of the Company's annual financial statements and review of financial statements included in the Company's 10-Q filings and services that are normally provided in connection with statutory and regulatory filing or engagements.

Audit-Related Fees. These are fees for assurance and related services performed by the principal auditor that are reasonably related to the performance of the audit or review of the Company's financial statements. These services include attestations by the principal auditor that are not required by statute or regulation and consulting on financial accounting/reporting standards.

Tax Fees. These are fees for professional services performed by the principal auditor with respect to tax compliance, tax planning, tax consultation, returns preparation and review of returns. The review of tax returns includes the Company and its consolidated subsidiaries.

All Other Fees. These are fees for other permissible work performed by the principal auditor that do not meet the above category descriptions.

These services are actively monitored (as to both spending level and work content) by the Audit Committee to maintain the appropriate objectivity and independence in the principal auditor's core work, which is the audit of the Company's consolidated financial statements.

The Audit Committee has established policies and procedures for the approval and pre-approval of audit services and permitted non-audit services. The Audit Committee has the responsibility to engage and terminate TCI's independent auditors, to pre-approve their performance of audit services and permitted non-audit services, to approve all audit and non-audit fees, and to set guidelines for permitted non-audit services and fees. All fees for 2009 and 2008 were pre-approved by the Audit Committee or were within the pre-approved guidelines for permitted non-audit services and fees established by the Audit Committee, and there were no instances of waiver of approved requirements or guidelines during the same periods.

Under the Sarbanes-Oxley Act of 2002 (the "SOX Act"), and the rules of the Securities and Exchange Commission (the "SEC"), the Audit Committee of the Board of Directors is responsible for the appointment,

Table of Contents

compensation and oversight of the work of the independent auditor. The purpose of the provisions of the SOX Act and the SEC rules for the Audit Committee role in retaining the independent auditor is two-fold. First, the authority and responsibility for the appointment, compensation and oversight of the auditors should be with directors who are independent of management. Second, any non-audit work performed by the auditors should be reviewed and approved by these same independent directors to ensure that any non-audit services performed by the auditor do not impair the independence of the independent auditor. To implement the provisions of the SOX Act, the SEC issued rules specifying the types of services that an independent may not provide to its audit client, and governing the Audit Committee's administration of the engagement of the independent auditor. As part of this responsibility, the Audit Committee is required to pre-approve the audit and non-audit services performed by the independent auditor in order to assure that they do not impair the auditor's independence. Accordingly, the Audit Committee has adopted a pre-approval policy of audit and non-audit services (the Policy), which sets forth the procedures and conditions pursuant to which services to be performed by the independent auditor are to be pre-approved. Consistent with the SEC rules establishing two different approaches to pre-approving non-prohibited services, the Policy of the Audit Committee covers Pre-approval of audit services, audit-related services, international administration tax services, non-U.S. income tax compliance services, pension and benefit plan consulting and compliance services, and U.S. tax compliance and planning. At the beginning of each fiscal year, the Audit Committee will evaluate other known potential engagements of the independent auditor, including the scope of work proposed to be performed and the proposed fees, and will approve or reject each service, taking into account whether services are permissible under applicable law and the possible impact of each non-audit service on the independent auditor's independence from management. Typically, in addition to the generally pre-approved services, other services would include due diligence for an acquisition that may or may not have been known at the beginning of the year. The Audit Committee has also delegated to any member of the Audit Committee designated by the Board or the financial expert member of the Audit Committee responsibilities to pre-approve services to be performed by the independent auditor not exceeding \$25,000 in value or cost per engagement of audit and non-audit services, and such authority may only be exercised when the Audit Committee is not in session.
