PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON MAY 20, 2010

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The attached proxy is solicited on behalf of the Board of Directors of Netflix, Inc., a Delaware corporation (the *Company*), for use at the Annual Meeting of Stockholders to be held on May 20, 2010, at 3:00 p.m. local time (the *Annual Meeting*), or at any adjournment or postponement of this meeting, for the purposes set forth in this Proxy Statement and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the *Company*'s corporate headquarters at 100 Winchester Circle, Los Gatos, California 95032.

Pursuant to rules promulgated by the Securities and Exchange Commission (*SEC*), we have elected to provide access to our proxy materials over the Internet. Accordingly, the *Company* will mail, on or about April 8, 2010, a Notice of Internet Availability of Proxy Materials to stockholders of record and beneficial owners as of the close of business on March 23, 2010. On the date of mailing of the Notice of Internet Availability of Proxy Materials, all stockholders will have the ability to access all of the proxy materials at <http://ir.netflix.com/annuals.cfm>. Should you request it, we will make paper copies of these proxy materials available free of charge.

Our principal executive offices are located at 100 Winchester Circle, Los Gatos, California 95032, and our telephone number is (408) 540-3700. Our Internet Web site address is www.netflix.com. You may find our SEC filings, including our annual reports on Form 10-K, on our Investor Relations Web site at <http://ir.netflix.com/sec.cfm>.

Revocability of Proxies

You may change your vote at any time prior to the vote at the Annual Meeting. If you are a stockholder of record, you may change your vote by granting a new proxy bearing a later date (which automatically revokes the earlier proxy), by providing a written notice of revocation to the *Company*'s Secretary at the address above prior to your shares being voted, or by attending the Annual Meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically make that request. For shares you hold

Edgar Filing: NETFLIX INC - Form DEF 14A

beneficially in the name of a broker, trustee or other nominee, you may change your vote by submitting new voting instructions to your broker, trustee or nominee, or, if you have obtained a legal proxy from your broker or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

Voting and Solicitation

Only stockholders of record at the close of business on March 23, 2010, referred to as the Record Date, will be entitled to notice of and to vote at the Annual Meeting. At the close of business on the Record Date, there were 52,166,502 shares of common stock outstanding and entitled to vote. Each holder of record of shares of common stock on that date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting.

Properly delivered proxies will be voted at the Annual Meeting in accordance with the specifications made. Where no specifications are given, such proxies will be voted FOR all nominees and FOR all other proposals described in this Proxy Statement. It is not expected that any matters other than those referred to in this Proxy Statement will be brought before the Annual Meeting. If, however, any matter not described in this Proxy Statement is properly presented for action at the Annual Meeting, the persons named as proxies in the enclosed form of proxy will have authority to vote according to their own discretion.

The required quorum for the transaction of business at the Annual Meeting is a majority of the votes eligible to be cast by holders of shares of common stock issued and outstanding on the Record Date. Shares that are voted FOR, AGAINST, WITHHELD or ABSTAIN, referred to as the Votes Cast, are treated as being present at the Annual Meeting for purposes of establishing a quorum. An abstention will have the same effect as a vote against a proposal. Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but such non-votes will not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which a broker has expressly not voted. Thus, a broker non-vote will not affect the outcome of the voting on a particular proposal.

If you hold your shares in street name it is critical that you cast your vote if you want it to count in the election of directors (Proposal One of this proxy statement). Recent changes in regulations were made to take away the ability of your bank or broker to vote your uninstructed shares in the election of directors on a discretionary basis. Thus, if you hold your shares in street name and you do not instruct your bank or broker how to vote in the election of directors, no vote will be cast on your behalf.

The cost of soliciting proxies will be borne by the Company. The Company may reimburse banks and brokers and other persons representing beneficial owners for their reasonable out-of-pocket costs. The Company may use the services of its officers, directors and others to solicit proxies, personally or by telephone, facsimile or electronic mail, without additional compensation.

Stockholder Proposals

Proposals of stockholders that are intended to be presented at our 2011 Annual Meeting of Stockholders in the proxy materials for such meeting must comply with the requirements of SEC Rule 14a-8 and must be received by our Secretary no later than December 9, 2010 in order to be included in the Proxy Statement and proxy materials relating to our 2011 Annual Meeting of Stockholders. A stockholder proposal or a nomination for director that will not be included in our Proxy Statement and proxy materials, but that a stockholder intends to present in person at the meeting, must generally be submitted to our Secretary no earlier than January 23, 2011, and no later than February 22, 2011.

Audit Committee

As described above, the Nominating and Governance Committee considers properly submitted stockholder nominations for candidates for the Board. Following verification of the stockholder status of persons proposing candidates, recommendations are aggregated and considered by the Nominating and Governance Committee. If any materials are provided by a stockholder in connection with the nomination of a director candidate, such materials are forwarded to the Nominating and Governance Committee. The Role of the Board in Risk Oversight

The Board's role in the Company's risk oversight process includes reviewing and discussing with members of the management areas of material risk to the Company, including strategic, operational, financial and legal risks. The Board as a whole primarily deals with matters related to strategic and operational risk. The Audit Committee deals with matters of financial and legal risk. The Compensation Committee addresses risks related to compensation and other talent-related matters. The Nominating and Governance Committee manages risks associated with Board independence and corporate governance. Committees report to the full Board regarding their respective considerations and actions.

The Board's Leadership Structure

Edgar Filing: NETFLIX INC - Form DEF 14A

The Board currently combines the role of Chairman and Chief Executive. The Board believes that the Chief Executive Officer is best situated to serve as Chairman because he is the director most familiar with the Company's business and industry and is therefore best able to identify the strategic priorities to be discussed by the Board. The Board believes that combining the role of Chairman and Chief Executive Officer facilitates information flow between management and the Board and fosters strategic development and execution. The Board has not appointed a lead independent director, however, the Board maintains effective independent oversight through a number of governance practices, including, open and direct communication with management, input on meeting agendas, annual performance evaluations, and regular executive sessions.

PROPOSAL TWO**RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC****ACCOUNTING FIRM**

The Board has selected KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2010. The Company is submitting its selection of KPMG LLP for ratification by the stockholders at the Annual Meeting. KPMG LLP has audited the Company's financial statements since 1998. The Company expects that representatives of KPMG LLP will be present at the Annual Meeting, will have an opportunity to make a statement if they wish and will be available to respond to appropriate questions.

The Company's Bylaws do not require that stockholders ratify the selection of KPMG LLP as the Company's independent registered public accounting firm. However, the Company is submitting the selection of KPMG LLP to stockholders for ratification as a matter of good corporate practice. If stockholders do not ratify the selection, the Audit Committee will reconsider whether to retain KPMG LLP. Even if the selection is ratified, the Board and the Audit Committee at their discretion may change the appointment at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

Principal Accountant Fees and Services

During 2009 and 2008, fees for services provided by KPMG LLP were as follows:

Tax Fees	280,052	216,471
All Other Fees		
Total	<u>\$ 2,729,642</u>	<u>\$ 2,008,197</u>

Audit Fees include amounts related to the audit of the Company's annual financial statements and quarterly review of the financial statements included in the Company's Quarterly Reports on Form 10-Q.

Audit Related Fees include amounts related to services rendered in connection with the Company's issuance of 8.50% senior unsecured notes.

Tax Fees include fees billed for tax compliance, tax advice and tax planning services.

Edgar Filing: NETFLIX INC - Form DEF 14A

There were no other fees billed by KPMG LLP for services rendered to the Company, other than the services described above, in 2009 and 2008.

The Audit Committee has determined that the rendering of non-audit services by KPMG LLP was compatible with maintaining their independence.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee pre-approves all audit and permissible non-audit services provided by the Company's independent registered public accounting firm. These services may include audit services, audit-related services, tax and other services. Pre-approval is generally provided for up to one year, and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance

with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis. During 2009 and 2008, all services provided by KPMG LLP were pre-approved by the Audit Committee in accordance with this policy.

Vote Required; Recommendation of the Board

The affirmative vote of the majority of the Votes Cast is required for ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2010.

THE BOARD UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2010.

PROPOSAL THREE

APPROVAL OF AN AMENDMENT AND RESTATEMENT OF THE

NETFLIX, INC.

2002 EMPLOYEE STOCK PURCHASE PLAN

The stockholders are being asked to approve an amendment and restatement of the Netflix, Inc. (the Company) 2002 Employee Stock Purchase Plan (the Purchase Plan). The Purchase Plan was initially adopted in 2002 and subsequently was amended in 2006 (the Existing Plan). The Existing Plan has a share reserve of 1,166,666 shares plus an annual increase of the lesser of 666,666 shares, 2% of the outstanding shares on the first day of the Company's fiscal year or an amount determined by the Board, beginning with the Company's fiscal year 2003. The Board has determined that it is in the best interests of the Company and its stockholders to amend and restate the Purchase Plan to terminate the annual increase to the share reserve and to provide that the maximum number of shares available for sale under the Purchase Plan will be 2,800,000 shares, which is fewer shares than currently are available under the Purchase Plan. As of March 16, 2010, a total of approximately 2,841,730 shares of our common stock were available for sale under the Purchase Plan. The Board believes that this lesser number of shares will, to the extent the Company continues to offer the Purchase Plan, be sufficient to maintain the Purchase Plan for the next several years. The Purchase Plan has not been materially amended with respect to any other terms or provisions therein.

Summary of the Company 2002 Employee Stock Purchase Plan

The following is a summary of the principal features of the Purchase Plan and its operation. The summary is qualified in its entirety by reference to the Purchase Plan as set forth in Appendix A.

General.

The Purchase Plan originally was adopted by the Board in February 2002 and approved by our stockholders on February 27, 2002. The Board approved the amendment and restatement of the Purchase Plan on March 16, 2010, subject to, and effective upon, its approval by the stockholders at the 2010 Annual Meeting. The purpose of the Purchase Plan is to provide a means by which employees of the Company and its designated affiliates may be given an opportunity to purchase common stock of the Company.

Shares Available for Issuance.

The Existing Plan currently provides that the maximum number of shares available for sale is 1,166,666 shares, plus an annual increase to be added on the first day of the Company's fiscal year beginning in fiscal year 2003, equal to the lesser of (i) 666,666 shares, (ii) 2% of the outstanding shares on such date, or (iii) an amount determined by the Board. If our stockholders approve this proposal, the maximum number of shares available for sale under the Purchase Plan will be equal to 2,800,000 shares.

Administration.

Edgar Filing: NETFLIX INC - Form DEF 14A

The Board or a committee of Board members (in either case, the Administrator) administers the Purchase Plan. The Administrator has full and exclusive discretionary authority to construe, interpret and apply the terms of the Purchase Plan, to designate separate offerings under the Purchase Plan, to determine eligibility and to adjudicate all dispute claims filed under the Purchase Plan. The Administrator may amend and terminate the Purchase Plan, subject to the Purchase Plan's provisions. Generally, the Administrator may exercise such powers and perform such acts as it deems necessary or expedient to promote the best interests of the Company and its affiliates and to carry out the intent that the Purchase Plan be treated as an employee stock purchase plan within the meaning of Section 423 of the Internal Revenue Code of 1986, as amended (the Code). The Administrator may delegate to one or more individuals all or any part of its authority and powers under the Purchase Plan. Every finding, decision and determination made by the Administrator (or its designee) is, to the full extent permitted by law, final and binding upon all parties.

Eligibility.

Employees of the Company and its designated affiliates whose customary employment is at least twenty (20) hours per week and more than five (5) months in a calendar year are eligible to participate in the Purchase Plan; except that no employee will be granted an option under the Purchase Plan to the extent that, immediately after the grant, such employee would own five percent (5%) or more of the total combined voting power or value of all classes of the Company's stock or the stock of any parent or subsidiary. The Administrator may exclude employees who are citizens or residents of a non-U.S. jurisdiction if such participation is prohibited under the applicable local laws or cause the Purchase Plan or offering to violate Internal Revenue Code Section 423.

Currently, there is no minimum employment requirement to be eligible to participate in the Purchase Plan. However, the Administrator may require that an employee be in the employ of the Company or any affiliate for a continuous period of time preceding the grant of a right, but in no event will the required period of continuous employment be greater than two (2) years.

Notwithstanding the foregoing, no employee will be granted a right to purchase stock under all of the Company's employee stock purchase plans that accrues at a rate which exceeds \$25,000 worth of stock (determined at the fair market value of the shares at the time such right is granted) for each calendar year in which such rights are outstanding at any time, as determined in accordance with Internal Revenue Code Section 423 and the regulations thereunder. Subject to the limit in the previous sentence, the maximum aggregate number of shares available that a participant may purchase under a purchase period will be 8,334 shares.

Officers of the Company and any designated subsidiary are eligible to participate in the Purchase Plan; provided, however, that the Administrator may provide that certain employees who are highly compensated employees within the meaning of Code Section 423(b)(4)(D) with compensation above a certain level or who is an officer or subject to the disclosure requirements under Section 16(a) of the U.S. Securities Exchange Act of 1934, as amended, will not be eligible to participate. As of March 16, 2010, there were 2,300 employees eligible to participate in the Plan.

Offerings.

The Purchase Plan is implemented by offerings of rights to eligible employees. Each offering will be in such form and will contain such terms and conditions as the Administrator will deem appropriate, which will comply with Code Section 423(b) and all employees granted rights will have the same rights and privileges. The provisions of separate offerings need not be identical. Currently, each offering under the Purchase Plan has a duration of approximately six (6) months, commencing generally on May 1 and November 1 of each year and terminating approximately six (6) months thereafter. The first day of an offering is referred to as the offering date. If the scheduled offering date does not fall on a day during which the Company's common stock is actively traded, then the offering date will be the next succeeding day during which the Company's common stock is actively traded.

An eligible employee may become a participant in the Purchase Plan by delivering a subscription agreement to the Company's payroll office (or its designee), on or before a date determined by the Administrator prior to the offering date or by following an electronic or other enrollment procedure determined by the Administrator. A subscription agreement will authorize participant contributions, generally in the form of payroll deductions unless otherwise determined by the Administrator, which may not exceed fifteen percent (15%) of a participant's compensation (as defined in the Purchase Plan) during the offering, unless the Administrator determines such lower percentage. Generally during an offering, a participant may change the rate of his or her participation level, except that a participant may only change his or her participation level twice during any purchase period.

Edgar Filing: NETFLIX INC - Form DEF 14A

On the offering date, each participant is granted a right to purchase shares of the Company's common stock. An offering includes purchase periods of approximately six (6) months in duration. The right expires at the end of the offering, or potentially earlier in connection with an employee's termination (described below), but is exercised on generally the first day on which the Company's common stock is actively traded on or after May 1 and November 1 of each year (the purchase date).

Purchase Price.

Unless and until the Administrator determines otherwise, the purchase price for shares is the lesser of: (a) eighty-five percent (85%) of the fair market value of the common stock on the offering date, or (b) eighty-five percent (85%) of the fair market value of the common stock on the purchase date.

Payment of Purchase Price; Contributions.

On each purchase date, each participant's accumulated payroll deductions (or other contributions) will be applied to the purchase of whole shares of Company common stock, up to the maximum number of shares permitted under the Purchase Plan and a given purchase period. Currently, a participant may make contributions under the Purchase Plan only by payroll deductions, unless the Administrator, in its sole discretion, permits participants to contribute amounts through cash, check or other specified means set forth in the subscription agreement prior to each purchase date.

Withdrawal.

Generally, a participant may withdraw from an offering by delivering a withdrawal notice to the Company's payroll office or its designee in such form as the Company provides or following a procedure determined by the Administrator. The participant will receive his or her accumulated contributions from the offering as promptly as practicable after the effective date of his or her withdrawal. Once a participant withdraws from a particular offering, the participant must re-enroll in the Purchase Plan in order to participate in future offerings under the Purchase Plan.

Termination of Employment.

Rights granted under the Purchase Plan terminate immediately upon cessation of a participant's employment with the Company and any designated affiliate for any reason. Once a participant's employment is terminated, the Company will distribute to such terminated employee all of his or her accumulated contributions under the offering without interest.

Adjustments upon Changes in Capitalization, Dissolution or Liquidation, or Change of Control.

Changes in Capitalization. In the event that any dividend or other distribution (whether in the form of cash, common stock, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of common stock or other securities of the Company, or other change in the corporate structure of the Company affecting the common stock such that an adjustment is appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Purchase Plan, then the Administrator will adjust the number and class of common stock which may be delivered under the Purchase Plan, the purchase price per share and the number of shares of common stock covered by each option under the Purchase Plan which has not yet been exercised, and the maximum number of shares a participant can purchase during a purchase period.

Edgar Filing: NETFLIX INC - Form DEF 14A

Dissolution or Liquidation. In the event of dissolution or liquidation, the offering period will be shortened by setting a new purchase date and will terminate immediately prior to the completion of the dissolution or liquidation, unless provided otherwise by the Board. The new purchase date will be prior to the dissolution or liquidation. If the Board shortens any offering periods then in progress, the Board will notify each participant in writing, at least 10 business days prior to the new purchase date, that the purchase date has been changed to the new purchase date and that the right will be exercised automatically on the new purchase date, unless the participant has already withdrawn from the offering.

Change of Control. In the event of a change of control (as defined in the Purchase Plan), then the surviving corporation or its parent or subsidiary may assume outstanding rights under the Purchase Plan or substitute

similar rights. If no surviving corporation assumes outstanding rights or substitutes similar rights, the Administrator will shorten the offering with respect to which such right relates by setting a new purchase date on which such offering will end. The new purchase date will be prior to the transaction. If the Administrator shortens any offering periods then in progress, the Administrator will notify each participant in writing, at least 10 business days prior to the new purchase date, that the purchase date has been changed to the new purchase date and that the right will be exercised automatically on the new purchase date, unless the participant has already withdrawn from the offering.

Amendment and Termination of the Purchase Plan.

The Board may, at any time and for any reason, amend or terminate the Purchase Plan. Certain amendments will not be effective unless stockholder approval is obtained within twelve (12) months before or after the amendment, including increasing the number of shares reserved under the Purchase Plan, modifying the eligibility provisions, and other modifications which require stockholder approval under Code Section 423. Except with respect to terminations in connection with transactions described above, no termination can affect options previously granted under the Purchase Plan, provided that an offering period may be terminated on any purchase date if the Administrator determines that the termination of the Purchase Plan is in the best interests of the Company and its stockholders. Amendments generally may not adversely affect the rights of any participant. However, without stockholder consent and without regard to whether any participant rights may be considered to have been adversely affected, the Administrator is entitled to change the offering periods, designate separate offerings, limit the frequency and/or number of changes in the amount withheld during an offering period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of shares for each participant correspond with contribution amounts, and establish such other limitations or procedures as the Administrator determines in its sole discretion to be advisable and which are consistent with the Purchase Plan. If the Administrator determines that the ongoing operation of the Purchase Plan may result in unfavorable financial accounting consequences, the Board may modify or amend the Purchase Plan to reduce or eliminate such accounting consequence.

Participation in Plan Benefits

Participation in the Purchase Plan is voluntary and is dependent on each eligible employee's election to participate and his or her determination as to the level of payroll deductions or other contributions. Accordingly, future purchases under the Purchase Plan are not determinable. Non-employee directors are not eligible to participate in the Purchase Plan. For illustrative purposes, the following table sets forth (i) the number of shares of our common stock that were purchased during the last fiscal year under the Purchase Plan, (ii) the average price per share paid for such shares, and (iii) the fair market value at the date of purchase.

Certain U.S. Federal Income Tax Information

The following brief summary of the effect of U.S. federal income taxation upon the participant and the Company with respect to the shares purchased under the Purchase Plan does not purport to be complete, and does not discuss the tax consequences of a participant's death or the income tax laws of any state or non-U.S. jurisdiction in which the participant may reside.

The Purchase Plan, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Sections 421 and 423 of the Code. Under these provisions, no income will be taxable to a participant until the shares purchased under the Purchase Plan are sold or otherwise disposed of. Upon sale or other disposition of the shares, the participant generally will be subject to tax in an amount that depends upon the holding period. If the shares are sold or otherwise disposed of more than two (2) years from the first day of the applicable offering and one (1) year from the applicable date of purchase, the participant will recognize ordinary income measured as the lesser of (a) the excess of the fair market value of the shares at the time of such sale or disposition over the purchase price, or (b) the excess of the fair market value of a share on the offering date that the right was granted over the purchase price for the right. Any additional gain will be treated as long-term capital gain. If the shares are sold or otherwise disposed of before the expiration of these holding periods, the participant will recognize ordinary income generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the purchase price. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on how long the shares have been held from the date of purchase. The Company generally is not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent of ordinary income recognized by participants upon a sale or disposition of shares prior to the expiration of the holding periods described above.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF U.S. FEDERAL INCOME TAXATION UPON PARTICIPANTS AND THE COMPANY UNDER THE PURCHASE PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF A PARTICIPANT'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR NON-U.S. JURISDICTION IN WHICH THE PARTICIPANT MAY RESIDE.

COMPENSATION DISCUSSION AND ANALYSIS

Philosophy

The Company's compensation philosophy, which is the same for its Named Executive Officers and all other salaried employees, is premised on the Company's desire to attract and retain outstanding performers. As such, the Company aims to provide highly competitive compensation packages for all its key positions, including its Named Executive Officers. The Company's compensation practices are guided by market rates and tailored to account for the specific needs and responsibilities of the particular position as well as the performance and unique qualifications of the individual employee, rather than by seniority or overall Company performance. Individual compensation is nonetheless linked to Company performance by virtue of the stock options granted by the Company.

In addition, the Company believes that to attract and retain outstanding performers, it must provide a challenging work environment. To this end, the Company strives to maintain a high-performance culture; that is, an environment in which employees excel in articulated performance values. Below is a list of the Company's articulated performance values (including the explanations of those values provided to employees). The Company evaluates employee performance, including that of the Named Executive Officers, in light of these performance values.

1. Judgment

- You make wise decisions (people, technical, business, and creative) despite ambiguity
- You identify root causes, and get beyond treating symptoms
- You think strategically, and can articulate what you are, and are not, trying to do
- You smartly separate what must be done well now, and what can be improved later

2. Innovation

- You re-conceptualize issues to discover practical solutions to hard problems
- You challenge prevailing assumptions when warranted, and suggest better approaches
- You create new ideas that prove useful
- You keep us nimble by minimizing complexity and finding time to simplify

Determining Total Compensation

In determining the appropriate level of total compensation for its Named Executive Officers, the Compensation Committee reviews and considers the performance of each Named Executive Officer in light of the Compensation philosophy outlined above. The Committee also evaluates comparative compensation data, which includes salary, equity and other compensation components from similarly situated companies. The Compensation Committee discusses, for each Named Executive Officer, the estimated amount of compensation:

- (i) the Company would be willing pay to retain that person;
- (ii) the Company would have to pay to replace the person; and

(iii) the individual could otherwise command in the employment marketplace.

By evaluating the comparative compensation data in light of the foregoing factors, the Company believes it is better able to tailor its compensation determinations with the specific needs and responsibilities of the particular position as well as the performance and unique qualifications of the individual Named Executive Officer.

The Chief Executive Officer and the Chief Talent Officer review the comparative data and discuss the factors listed above for each Named Executive Officer. The Chief Executive Officer then makes recommendations to the Compensation Committee regarding total compensation for each Named Executive Officer. The Compensation Committee reviews and discusses the information and determines the total compensation for each Named Executive Officer as it deems appropriate. Total compensation is expressed in a dollar-denominated amount, but as described below, may be allocated between the two primary elements of the Company's compensation program, salary and stock options.

In 2009, 2008, and 2007, comparative compensation data for helping estimate the three factors listed above for determining total compensation was primarily derived from Compensia, a management consulting firm providing executive compensation advisory services. The Compensation Committee retained Compensia to review the competitiveness of the Company's executive compensation program and to help the Committee in determining the total compensation for each Named Executive Officer. For 2010 compensation, Compensia examined two peer group companies. The first group consisted of technology companies with market capitalizations similar to that of the Company. Examples of this first group include, Monster Worldwide, Sybase, Electronic Arts and Synopsis. The second group consisted of technology companies with significantly larger market capitalizations than that of the Company. Examples of this second group include, Adobe Systems, Citrix Systems and NetApp. In general, the total compensation for the Company's Named Executive Officers is at or above the 75 percentile of the first group of peer companies. Total fees paid to Compensia were less than \$120 thousand in each year.

The Company does not specifically benchmark compensation for its Named Executive Officers in terms of picking a particular percentile relative to other people with similar titles at peer group companies. The Company believes that many subjective factors unique to each Named Executive Officer's responsibilities and performance are not adequately reflected or otherwise accounted for in a percentile-based compensation determination. Nonetheless, this comparative compensation data is valuable in that it provides the Company with insight into ranges and components of total compensation as well as confirms the reasonableness of the Company's own compensation decisions.

The Chief Executive Officer's total compensation is determined by the Compensation Committee in executive session without the presence of the Chief Executive Officer. The Committee's decision regarding total compensation for the Chief Executive Officer is based on the philosophy outlined above as well as the review and data provided by Compensia. The accomplishments of the Chief Executive Officer in developing the business strategy for the Company, the performance of the Company relative to this strategy and his ability to attract and retain senior management are also considered.

The Company's compensation practices, including its performance values, are evaluated on an ongoing basis to determine whether they are appropriate to attract, retain and reward outstanding performers. Such evaluations may result in a refinement of the Company's articulation of its performance values or a determination that it is appropriate to adjust total compensation or otherwise modify the methods of granting equity incentives. Individual employee performance, including that of our Named Executive Officers, is also evaluated on an ongoing basis. To the extent such performance exceeds or falls short of the Company's performance values, the Company may take action that includes, in the case of star performers, promotions or increases in total compensation or, in the case of under performers, demotion, a reduction in total compensation or termination.

Elements of Total Compensation

After determining the total compensation amount for each Named Executive Officer by the method described above, the total compensation amount for each individual is divided into the two key elements of salary and stock options. This allocation is made pursuant to the compensation preferences of each Named Executive Officer who, within the parameters of the total compensation, can request a customized combination of salary and stock options. The Compensation Committee retains the authority to adjust these requests. With respect to compensation for 2010 and the previous two years, the Compensation Committee made no adjustments to the requested monthly stock option amounts. The amount of total compensation allocated to salary is considered cash compensation and paid through payroll during the year on a semi-monthly basis. The amount of total compensation allocated to stock options is referred to as the stock option allowance and while it is expressed in a dollar denomination, it is merely used by the Company to calculate the number of stock options to be granted in the manner described below. The stock option allowance amount is not available to the employees as cash compensation, except in instances where severance payments are made and as otherwise set forth in the Executive Severance and Retention Incentive Plan described below.

The Company does not currently provide a program of performance bonuses for its Named Executive Officers. The Company expects all individuals to perform at a level deserving of a bonus and therefore such bonus amounts are taken into consideration in determining total compensation for the Company's employees.

All employees who are eligible to receive stock options as part of their compensation package may request any combination of salary and stock options. The Company (or in the case of the Named Executive Officers, the Compensation Committee) retains the right to adjust the requests or otherwise modify or eliminate the monthly stock option awards. In previous years, the percentage of total compensation that could be requested in stock options was capped. In 2010, the cap was eliminated. By this method, each Named Executive Officer has the ability prior to the beginning of each calendar year to request his or her preferred mix of compensation elements within the parameters of total compensation. Once the allocation is requested, the Named Executive Officer generally may not make any adjustments or modifications during the calendar year.

After determining the amount of total compensation to be allocated to stock options, the Named Executive Officers receive monthly option grants pursuant to the Company's monthly option grant program. Under this program, the Named Executive Officers receive, on the first trading day of the month, fully vested options granted at fair market value as reflected by the closing price on the date of the option grant. The number of stock options to be granted monthly will fluctuate based on the fair market value on the date of the option grant. The actual number of options to be granted is determined by the following formula: the monthly dollar amount of the stock option allowance / ([fair market value on the date of option grant] * 0.20). For 2010, this formula was modified so that, effective for grants commencing in 2010, the number of options granted each month would be calculated using 20% of the fair market value of the stock on the grant date instead of 25%. This option granting practice is the same for Named Executive Officers and all other salaried employees. The Company established and subsequently modified the foregoing formula in an effort to encourage stock ownership by employees. For stock option accounting purposes, the dollar value of stock options granted by the Company are appreciably higher than the dollar value of the Stock Option Allowance (please compare Summary Executive Compensation table provided in this Proxy Statement with the table listed below). While any valuation of options is inherently subjective, the Company believes that its formula, as recently modified, for granting options helps encourage stock ownership and therefore serves as an effective vehicle for helping align stockholder interests with the compensation of employees. Furthermore, because the stock options are granted at fair market value on the date of the option grant and are not generally transferable, they are only of value to the recipient through an increase in the market value of the Company's common stock, thereby linking that element of compensation to Company performance.

As shown in the table below, the Company's Named Executive Officers receive a significant portion of their total compensation in the form of stock options. The Company believes that equity ownership, including stock and stock options, helps align the interest of the Named Executive Officers with those of the Company's stockholders and is a good mechanism to link executive compensation to long-term company performance.

In 2010, the salary and stock option components for the Named Executive Officers are being allocated as follows:

Edgar Filing: NETFLIX INC - Form DEF 14A

<u>Name and Position</u>	<u>2010 Annual Salary</u>	<u>2010 Annual Stock Option Allowance</u>	<u>2010 Monthly Stock Option Allowance</u>
Reed Hastings Chief Executive Officer and Chairman of the Board	\$ 500,000	\$ 2,000,000	\$ 166,667

Vested stock options granted before June 30, 2004 can be exercised up to three (3) months following termination of employment. Vested stock options granted after June 30, 2004 and before January 1, 2007 can be exercised up to one (1) year following termination of employment. Vested stock options granted on or after January 1, 2007 can be exercised up to ten (10) years following grant regardless of employment status. The Company believes that this increase in the life of the options enhances the value of such options for each employee and thereby encourages equity ownership in the Company which is helpful in aligning the interests of employees with that of the Company. The Company does not believe that staggered vesting of stock options or early expiration of options following termination has a material impact on retention. The Company believes that creating a high-performance culture and providing highly competitive compensation packages are the critical components for retaining employees, including its Named Executive Officers.

The Company utilizes salary and stock options as its key compensation components in order to be competitive within the marketplace. Similarly situated companies typically offer executive officers an equity component as part of their overall compensation and as such, the Company believes it is important to provide this opportunity to its employees, including the Named Executive Officers. By permitting employees to request a customized combination of salary and stock options, the Company believes it is better able to take into consideration personal compensation preferences and thereby offer a more compelling total compensation package. In addition, offering grants monthly provides employees with a dollar-cost averaging approach to the price of their option grants. Option grants made on an infrequent basis are more susceptible to the whims of market timing and fluctuations. By granting options each month, the Company believes it alleviates to a great extent the arbitrariness of option timing and the potential negative employee issues associated with underwater options.

In addition to salary and stock options, Named Executive Officers also have the opportunity to participate in the Company's 401(k) matching program which enables them to receive a dollar-for-dollar Company match of up to 3% of his or her compensation to the 401(k) fund. Each of the Named Executive Officers except for the Chief Executive Officer participated in this program in 2009 and therefore the Company matched the 401(k) contributions as shown in the tables of this Proxy Statement.

The Company also offers employees, including Named Executive Officers, the opportunity to participate in the Purchase Plan. Each of the Named Executive Officers, except for the Chief Executive Officer, participated in this program in 2009. Under the Purchase Plan, employees may purchase common stock of the Company through accumulated payroll deductions. The purchase price of the common stock acquired by employees participating in the Purchase Plan is 85% of the closing price on either the first day of the offering period or the last day of the purchase period, whichever is lower. Through May 1, 2006, offering periods were twenty-four months, and the purchase periods were six months. Therefore, each offering period included four six-month purchase periods, and the purchase price for each six-month period was determined by comparing the closing prices on the first day of the offering period and the last day of the applicable purchase period. In this manner, the look-back for determining the purchase price was up to twenty-four months. However, effective May 1, 2006, the Purchase Plan was amended so that the offering and purchase periods take place concurrently in consecutive six month increments. Under the amended Purchase Plan, therefore, the look-back for determining the purchase price is six months.

The Company also maintains a group term life insurance policy for all full-time employees, and a portion of the taxable amounts attributable to each Named Executive Officer is shown in the tables in this Proxy Statement.

Termination-Based Compensation and Change in Control Retention Incentives

The Named Executive Officers are beneficiaries of the Company's Amended and Restated Executive Severance and Retention Incentive Plan. Under this plan, each employee of the Company at the level of Vice President or higher is entitled to a severance benefit upon termination of employment (other than for cause, death or permanent disability) so long as he or she signs a waiver and release of claims and an agreement not to

disparage the Company, its directors or its officers in a form reasonably satisfactory to the Company. The severance benefit consists of a lump sum cash payment equal to nine (9) months of base pay and nine (9) months of the cash equivalent to the stock option allowance then being used in calculating the number of options granted monthly to such employee. The right to receive a severance benefit terminates upon a change in control transaction, so that the beneficiaries of the plan are not entitled to both a change in control benefit as well as a severance benefit.

In lieu of the severance benefit, employees covered by the plan who are employed by the Company on the date of a change in control transaction are entitled to receive a lump sum cash payment equal to twelve (12) months of base pay and twelve (12) months of the cash equivalent to the stock option allowance then being used in calculating the number of options granted monthly to such employee.

The Company also has a plan for its director level employees that provides those employees who are employed by the Company on the date of a change in control transaction with a lump sum cash payment equal to six (6) months of base pay and six (6) months of the cash equivalent to the stock option allowance then being used in calculating the number of options granted monthly to such employee. While director level employees are not guaranteed any severance, to the extent any severance is provided, payment associated with the change in control will be in lieu of or otherwise offset against any such severance payment.

The Company believes that it was appropriate to make such payment upon the single-trigger event of a change in control in order to reduce distractions associated with the uncertainty surrounding change in control transactions and to reduce potential conflicts that might otherwise arise when a Company executive must rely on the decisions of the acquiring company for either continued employment or severance.

The benefits owing under the plans are to be paid to the beneficiary by the Company as soon as administratively practicable following the completion of all conditions to the payment, but in no event more than two and one half months following the date of the triggering event. The Company believes that benefits under the Company's Amended and Restated Executive Severance and Retention Incentive Plan are consistent with similar benefits offered to executive officers of similarly situated companies and moreover, the Plan is an important element in advancing the Company's overall compensation philosophy of attracting and retaining outstanding performers. Each of the terms "base pay," "cause and change in control" are defined in the plan, a copy of which is attached as Exhibit 10.10 to the Company's Form 10-Q filed on May 5, 2009.

Tax Considerations

The Compensation Committee considered the potential impact of Section 162(m) of the Internal Revenue Code on executive officer compensation. Section 162(m) generally disallows a tax deduction for compensation that we pay to our Chief Executive Officer or any of the next three most highly compensated executive officers to the extent that the compensation for any such individual exceeds \$1 million in any taxable year. However, this deduction limitation does not apply to compensation that is "performance-based" under 162(m). The Company believes that stock options granted to its executive officers will meet the requirement of being performance-based under Section 162(m). Accordingly, the Committee concluded that Section 162(m) should not materially reduce the tax deductions available to the Company. However, the Committee may from time to time approve compensation that is not deductible under Section 162(m) if it determines that it is in the Company's best interest to do so.

Potential Payments upon Termination or Change-in-Control

The Named Executive Officers are beneficiaries of the Company's Amended and Restated Executive Severance and Retention Incentive Plan, as described in more detail above in Compensation Discussion and Analysis. The information below reflects the estimated value of the compensation to be paid by the Company to each of the Named Executive Officers in the event of termination or a change in control under the terms of the Amended and Restated Executive Severance and Retention Incentive Plan. The amounts shown below assume that termination or change in control was effective as of December 31, 2009. The actual amounts that would be paid can only be determined at the time of the actual triggering event. The right to receive a severance benefit terminates upon a change in control transaction, so that the beneficiaries of the plan are not entitled to both a change in control benefit as well as a severance benefit.

Compensation of Directors

options pursuant to the Director Equity Compensation Plan. The Director Equity Compensation Plan provides for a monthly grant of stock options to each non-employee Director of the Company in consideration for services provided to the Company and subject to the terms and conditions of the Company's 2002 Stock Plan. The actual number of options to be granted is determined by the following formula: $\$10,000 / ([\text{fair market value on the date of grant}] \times 0.20)$. For 2010, this formula was modified so that, effective for grants commencing in 2010, the number of options granted each month would be calculated using 20% of the fair market value of the stock on the grant date instead of 25%. Each monthly grant is made on the first trading day of the month, is fully vested upon grant and is exercisable at a strike price equal to the fair market value on the date of grant. Mr. Barton received options to purchase 100,000 shares of the Company's common stock upon joining the Board in May 2002, but no other current director was granted options upon joining the Board other than the regular monthly grants.

Non-executive Compensation Policies

The Company's compensation policies for non-executive salaried employees are the same as those outlined for its Named Executive Officers. Given the design of our compensation structure, as detailed in the foregoing Compensation Discussion and Analysis, we do not believe that our compensation policies and practices are reasonably likely to have a material adverse effect on the Company.

The Audit Committee has determined that the rendering of all non-audit services by KPMG LLP were compatible with maintaining its independence.

The Audit Committee discussed with KPMG LLP the overall scope and plans for its audit. The Audit Committee met with KPMG LLP, with and without management present, to discuss the results of its examinations, its evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in the annual report on Form 10-K for the year ended December 31, 2009, for filing with the Securities and Exchange Commission. The Audit Committee and the Board have also recommended, subject to stockholder ratification, the selection of KPMG LLP to audit the Company's financial statements for the year ending December 31, 2010.

5. *Participation.*

(a) *First Offering Period.* An Employee who has become a participant in the first Offering Period under the Plan pursuant to Section 3(a) shall be entitled to continue his or her participation in such Offering Period only if he or she submits to the Company's payroll office (or its designee) a properly completed subscription agreement authorizing payroll deductions or, if permitted by the Administrator, in its sole discretion, stating the amount of Contributions to the Plan expressed as a U.S. dollar (or local currency) amount in the form provided by the Administrator for such purpose (i) no earlier than the effective date of the filing of the Company's Registration Statement on Form S-8 with respect to the shares of Common Stock issuable under the Plan (the Effective Date) and (ii) no later than five (5) business days from the Effective Date (the Enrollment Window). (b) *Subsequent Offering Periods.* An Employee who is eligible to participate in the Plan pursuant to Section 3(b) may become a participant by (i) submitting to the Company's payroll office (or its designee), on or before a date prescribed by the Administrator prior to an applicable Enrollment Date, a properly

completed subscription agreement authorizing payroll deductions or stating the amount of Contributions to the Plan expressed as a U.S. dollar (or local currency) amount in the form provided by the Administrator for such purpose, or (ii) following an electronic or other enrollment procedure prescribed by the Administrator.

6. *Contributions.*

(a) At the time a participant enrolls in the Plan pursuant to Section 5, he or she shall elect to have payroll deductions made on each payday or other Contributions made during the Offering Period in an amount not exceeding 15% of the Compensation which he or she receives on each such payday. The Administrator, in its sole discretion, may permit all participants in a specified Offering to contribute amounts to the Plan through payment by cash, check or other means set forth in the subscription agreement prior to each Exercise Date of each Purchase Period, provided that payment through means other than payroll deductions shall be permitted only if the participant has not already had the maximum permitted amount withheld through payroll deductions during the Purchase Period.

(b) Payroll deductions authorized by a participant shall commence on the first payday following the Enrollment Date and shall end on the last payday in the Offering Period to which such authorization is applicable, unless sooner terminated by the participant as provided in Section 10; provided, however, that for the first Offering Period under the Plan, payroll deductions shall commence on the first payday on or following the end of the Enrollment Window.

If a participant has not followed such procedures to change the rate of Contributions, the rate of his or her Contributions shall continue at the last properly elected rate throughout the Offering Period and future Offering Periods (unless terminated as provided in Section 10). The Administrator may, in its sole discretion, limit the nature and/or number of Contribution rate changes that may be made by participants during any Offering Period. Any change in Contribution rate made pursuant to this Section 6(d) shall be effective as of the first full payroll period following five (5) business days after the date on which the change is made by the participant (unless the Company, in its sole discretion, elects to process a given change in payroll deduction rate more quickly).

(e) Notwithstanding the foregoing, to the extent necessary to comply with Section 423(b)(8) of the Code and Section 3(d), a participant's payroll deductions may be decreased to zero percent (0%) at any time during a Purchase Period. Payroll deductions shall recommence at the rate originally elected by the participant effective as of the beginning of the first Purchase Period which is scheduled to end in the following calendar year, unless terminated by the participant as provided in Section 10.

(f) At the time the option is exercised, in whole or in part, or at the time some or all of the Company's Common Stock issued under the Plan is disposed of (or any other time that a taxable event related to the Plan occurs), the participant must make adequate provision for the Company's federal, state, or other tax withholding obligations, if any, which arise upon the exercise of the option or the disposition of the Common Stock (or any other time that a taxable event related to the Plan occurs). At any time, the Company may, but shall not be obligated to, withhold from the participant's Compensation the amount necessary for the Company to meet applicable withholding obligations, including any withholding required to make available to the Company any tax deductions or benefits attributable to the sale or early disposition of Common Stock by the

Employee. Further, the Company or its Subsidiaries may satisfy its withholding obligations, if any, through any of the means set forth in the applicable subscription agreement to the extent permitted by Section 1.423-2(f) of the Treasury Regulations of the Code.

7. *Grant of Option.* On the Enrollment Date of each Offering Period, each Employee participating in such Offering Period shall be granted an option to purchase on each Exercise Date during such Offering Period (at the applicable Purchase Price) up to a number of shares of Common Stock determined by dividing such participant's Contributions accumulated prior to such Exercise Date and retained in the participant's account as of the Exercise Date by the applicable Purchase Price; provided that in no event shall a participant be permitted to purchase during each Purchase Period more than 8,334 shares of Common Stock (subject to any adjustment pursuant to Section 19), and provided further that such purchase shall be subject to the limitations set forth in Sections 3(d) and 13. The Employee may accept the grant of such option by submitting a properly completed subscription agreement in accordance with the requirements of Section 5. The Administrator may, for future Offering Periods, increase or decrease, in its absolute discretion, the maximum number of shares of Common Stock that a participant may purchase during each Purchase Period of such Offering Period. Exercise of the option shall occur as provided in Section 8, unless the participant has withdrawn pursuant to Section 10. The option shall expire on the last day of the Offering Period.

8. *Exercise of Option.*

(a) Unless a participant withdraws from the Plan as provided in Section 10, his or her option for the purchase of shares of Common Stock shall be exercised automatically on the Exercise Date, and the maximum number of full shares subject to the option shall be purchased for such participant at the applicable Purchase Price with the accumulated Contributions in his or her account. No fractional shares of Common Stock shall be purchased; any Contributions accumulated in a participant's account which are not sufficient to purchase a full share will be returned to the participant. Any other monies left over in a participant's account after the Exercise Date shall be returned to the participant. During a participant's lifetime, a participant's option to purchase shares hereunder is exercisable only by him or her.

(b) Notwithstanding any contrary Plan provision, if the Administrator determines that, on a given Exercise Date, the number of shares of Common Stock with respect to which options are to be exercised may exceed (i) the number of shares of Common Stock that were available for sale under the Plan on the Enrollment Date of the applicable Offering Period, or (ii) the number of shares of Common Stock available for sale under the Plan on such Exercise Date, the Administrator may in its sole discretion (x) provide that the Company shall make a pro rata allocation of the shares of Common Stock available for purchase on such Enrollment Date or Exercise Date, as applicable, in as uniform a manner as shall be practicable and as it shall determine in its sole discretion to be equitable among all participants exercising options to purchase Common Stock on such Exercise Date, and continue all Offering Periods then in effect, or (y) provide that the Company shall make a pro rata allocation of the shares of Common Stock available for purchase on such Enrollment Date or Exercise Date, as applicable, in as uniform a manner as shall be practicable and as it shall determine in its sole discretion to be equitable among all participants exercising options to purchase Common Stock on such Exercise Date, and terminate any or all Offering Periods then in effect pursuant to Section 20. The Company may make pro rata allocation of the shares of Common Stock available on the Enrollment Date of any applicable Offering Period pursuant to the preceding sentence, notwithstanding any authorization of additional shares of Common Stock for issuance under the Plan by the Company's shareholders subsequent to such Enrollment Date.

9. *Delivery.* As soon as administratively practicable after each Exercise Date on which a purchase of shares of Common Stock occurs, the Company shall arrange the delivery to each participant, as appropriate, the shares purchased upon exercise of his or her option in a form determined by the Administrator (in its sole discretion). No participant shall have any voting, dividend, or other shareholder rights with respect to shares of Common Stock subject to any option granted under the Plan until such shares have been purchased and delivered to the participant as provided in this Section 9.

10. *Withdrawal.*

(a) Under procedures established by the Administrator, a participant may withdraw all but not less than all the Contributions credited to his or her account and not yet used to exercise his or her option under the

Plan at any time by (i) submitting to the Company's payroll office (or its designee) a written notice of withdrawal in the form prescribed by the Administrator for such purpose, or (ii) following an electronic or other withdrawal procedure prescribed by the Administrator. All of the participant's Contributions credited to his or her account shall be paid to such participant as promptly as practicable after the effective date of his or her withdrawal and such participant's option for the Offering Period shall be automatically terminated, and no further Contributions for the purchase of shares shall be made for such Offering Period. If a participant withdraws from an Offering Period, Contributions shall not resume at the beginning of the succeeding Offering Period unless the participant re-enrolls in the Plan in accordance with the provisions of Section 5.

(b) A participant's withdrawal from an Offering Period shall not have any effect upon his or her eligibility to participate in any similar plan which may hereafter be adopted by the Company or in succeeding Offering Periods which commence after the termination of the Offering Period from which the participant withdraws.

11. *Termination of Employment.* Upon a participant's ceasing to be an Employee, for any reason, he or she shall be deemed to have elected to withdraw from the Plan and the Contributions credited to such participant's account during the Offering Period but not yet used to purchase shares of Common Stock under the Plan shall be returned to such participant or, in the case of his or her death, to the person or persons entitled thereto under Section 15, and such participant's option shall be automatically terminated. The preceding sentence notwithstanding, a participant who receives payment in lieu of notice of termination of employment shall be treated as continuing to be an Employee for the participant's customary number of hours per week of employment during the period in which the participant is subject to such payment in lieu of notice.

12. *Interest.* No interest shall accrue on the payroll deductions of a participant in the Plan, except as may be required by applicable law, as determined by the Company, and if so required by the laws of a particular jurisdiction, shall apply to all participants in the relevant Offering except to the extent otherwise permitted by Section 1.423-2(f) of the Treasury Regulations of the Code.

13. *Stock.*

(a) Subject to adjustment upon changes in capitalization of the Company as provided in Section 19, the maximum number of shares of Common Stock which shall be made available for sale under the Plan shall be 2,800,000 shares.

(b) Shares of Common Stock to be delivered to a participant under the Plan shall be registered in the name of the participant or in the name of the participant and his or her spouse.

14. *Administration.* The Board or a committee of members of the Board who shall be appointed from time to time by, and shall serve at the pleasure of, the Board, shall administer the Plan. The Administrator shall have full and exclusive discretionary authority to construe, interpret and apply the terms of the Plan, to designate separate Offerings under the Plan, to determine eligibility and to adjudicate all disputed claims filed under the Plan. Unless otherwise determined by the Administrator, Employees eligible to participate in each sub-plan (if any sub-plan is adopted by the Administrator as necessary or appropriate to permit the participation in the Plan by employees who are non-U.S. nationals or employed outside the United States) will participate in a separate Offering. The Administrator, in its sole discretion and on such terms and conditions as it may provide, may delegate to one or more individuals all or any part of its authority and powers under the Plan. Every finding, decision and determination made by the Administrator (or its designee) shall, to the full extent permitted by law, be final and binding upon all parties.

15. *Designation of Beneficiary.*

Edgar Filing: NETFLIX INC - Form DEF 14A

(a) A participant may designate a beneficiary who is to receive any shares of Common Stock and cash, if any, from the participant's account under the Plan in the event of such participant's death subsequent to

A-7

an Exercise Date on which the option is exercised but prior to delivery to such participant of such shares and cash. In addition, a participant may designate a beneficiary who is to receive any cash from the participant's account under the Plan in the event of such participant's death prior to exercise of the option. If a participant is married and the designated beneficiary is not the spouse, spousal consent shall be required for such designation to be effective.

(b) Such designation of beneficiary may be changed by the participant at any time. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Company shall deliver such shares and/or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such shares and/or cash to the spouse or to any one or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

(c) All beneficiary designations under this Section 15 shall be made in such form and manner as the Administrator may prescribe from time to time. Notwithstanding Sections 15(a) and (b) above, the Company and/or the Administrator may decide not to allow such designations by participants in non-U.S. jurisdictions to the extent permitted by Section 1.423-2(f) of the Treasury Regulations of the Code.

16. *Transferability.* Neither Contributions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares of Common Stock under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in Section 15) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw from an Offering Period in accordance with Section 10.

17. *Use of Funds.* All Contributions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such Contributions except under Offerings in which applicable local law requires that Contributions to the Plan by participants be segregated from the Company's general corporate funds and/or deposited with an independent third party for participants in non-U.S. jurisdictions. Until shares of Common Stock are issued under the Plan (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), a participant shall only have the rights of an unsecured creditor with respect to such shares.

18. *Reports.* Individual accounts shall be maintained for each participant in the Plan. Statements of account shall be given to participating Employees at least annually, which statements shall set forth the amounts of Contributions, the Purchase Price, the number of shares of Common Stock purchased and the remaining cash balance, if any.

19. *Adjustments, Dissolution, Liquidation or Change of Control.*

(a) *Adjustments.* In the event that any dividend or other distribution (whether in the form of cash, Common Stock, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Common Stock or other securities of the Company, or other change in the corporate structure of the Company affecting the Common Stock such that an adjustment is determined by the Administrator (in its sole discretion) to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the Administrator shall, in such manner as it may deem equitable, adjust the number and class of Common Stock which may be delivered under the Plan, the Purchase Price per share and the number of shares of Common Stock covered by each option under the Plan which has not yet been exercised, and the numerical limits of Sections 7 and 13.

Edgar Filing: NETFLIX INC - Form DEF 14A

(b) *Dissolution or Liquidation.* In the event of the proposed dissolution or liquidation of the Company, the Offering Period then in progress shall be shortened by setting a new Exercise Date (the New Exercise

A-8

Date), and shall terminate immediately prior to the consummation of such proposed dissolution or liquidation, unless provided otherwise by the Board. The New Exercise Date shall be before the date of the Company's proposed dissolution or liquidation. The Board shall notify each participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the participant's option has been changed to the New Exercise Date and that the participant's option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10.

(c) *Change of Control.* In the event of a Change of Control, each outstanding option shall be assumed or an equivalent option substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. In the event that the successor corporation refuses to assume or substitute for the option, any Purchase Periods then in progress shall be shortened by setting a new Exercise Date (the New Exercise Date) and any Offering Periods then in progress shall end on the New Exercise Date. The New Exercise Date shall be before the date of the Company's proposed Change of Control. The Administrator shall notify each participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the participant's option has been changed to the New Exercise Date and that the participant's option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10.

20. *Amendment or Termination.*

(a) The Administrator may at any time and for any reason terminate or amend the Plan. Except as provided in Section 19, no such termination can affect options previously granted under the Plan, provided that an Offering Period may be terminated by the Administrator on any Exercise Date if the Administrator determines that the termination of the Plan is in the best interests of the Company and its stockholders. Except as provided in Section 19 and this Section 20, no amendment may make any change in any option theretofore granted which adversely affects the rights of any participant. To the extent necessary to comply with Section 423 of the Code (or any successor rule or provision or any other applicable law, regulation or stock exchange rule), the Company shall obtain stockholder approval in such a manner and to such a degree as required.

(b) Without stockholder consent and without regard to whether any participant rights may be considered to have been adversely affected, the Administrator shall be entitled to change the Offering Periods, designate separate Offerings, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each participant properly correspond with Contribution amounts, and establish such other limitations or procedures as the Administrator determines in its sole discretion advisable which are consistent with the Plan.

(c) In the event the Administrator determines that the ongoing operation of the Plan may result in unfavorable financial accounting consequences, the Board may, in its discretion and, to the extent necessary or desirable, modify or amend the Plan to reduce or eliminate such accounting consequence including, but not limited to:

(i) amend the Plan to conform with the safe harbor definition under the Financial Accounting Standards Board Accounting Standards Codification Topic 718, including with respect to an Offering Period underway at the time;

(ii) altering the Purchase Price for any Offering Period including an Offering Period underway at the time of the change in Purchase Price;

Edgar Filing: NETFLIX INC - Form DEF 14A

(iii) shortening any Offering Period so that Offering Period ends on a new Exercise Date, including an Offering Period underway at the time of the Board action;

A-9

(iv) allocating shares;

(v) reducing the maximum percentage of Compensation a participant may elect to set aside as payroll deductions or the maximum amount a participant may elect to pay as Contributions; and

(vi) reducing the maximum number of Shares a participant may purchase during any Offering Period.

Such modifications or amendments shall not require stockholder approval or the consent of any Plan participants.

21. *Notices.* All notices or other communications by a participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

22. *Conditions Upon Issuance of Shares.* Shares of Common Stock shall not be issued with respect to an option under the Plan unless the exercise of such option and the issuance and delivery of such shares pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, including the rules and regulations promulgated thereunder, the Exchange Act and the requirements of any stock exchange upon which the shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

As a condition to the exercise of an option, the Company may require the person exercising such option to represent and warrant at the time of any such exercise that the shares are being purchased only for investment and without any present intention to sell or distribute such shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.

23. *Term of Plan.* The Plan shall become effective upon the earlier to occur of its adoption by the Board or its approval by the stockholders of the Company. It shall continue in effect until terminated under Section 20.

24. *Automatic Transfer to Low Price Offering Period.* To the extent permitted by any applicable laws, regulations, or stock exchange rules if the Fair Market Value of the Common Stock on any Exercise Date in an Offering Period is lower than the Fair Market Value of the Common Stock on the Enrollment Date of such Offering Period, then all participants in such Offering Period shall be automatically withdrawn from such Offering Period immediately after the exercise of their option on such Exercise Date and automatically re-enrolled in the immediately following Offering Period.
