PROXY STATEMENT

2010 ANNUAL MEETING OF SHAREHOLDERS

May 19, 2010

This Proxy Statement is being furnished to the shareholders of Eagle Financial Services, Inc. (the Company) in connection with the solicitation of proxies by the Board of Directors of the Company to be voted at the Annual Meeting of Shareholders to be held on May 19, 2010, at Noon at the John H. Enders Fire Company Social Hall, Berryville, Virginia, and at any adjournment thereof.

The cost of solicitation of proxies and preparation of proxy materials will be borne by the Company. Solicitations of proxies will be made by use of the United States mail and may be made by direct or telephone contact by employees of the Company. Brokerage houses and nominees will be requested to forward the proxy materials to the beneficial holders of the shares held of record by these persons, and the Company will reimburse them for their reasonable charges in this connection. Shares represented by duly executed proxies in the accompanying form received by the Company prior to the meeting and not subsequently revoked will be voted at the meeting. The approximate date on which this proxy statement, the accompanying proxy card and Annual Report to Shareholders (which is not part of the Company's soliciting materials) are being mailed to the Company's shareholders is April 21, 2010.

Where a shareholder directs in the proxy a choice with respect to any matter that is to be voted on, that direction will be followed. If no direction is made, proxies will be voted in favor of the election of the Directors and in the best judgment of Messrs. Thomas T. Byrd, Lewis M. Ewing and Randall G. Vinson on such other business, if any, which may properly come before the meeting or any adjournment. Any person who has returned a proxy has the power to revoke it at any time before it is exercised by submitting a subsequently dated proxy, by giving notice in writing to the Secretary of the Company, or by voting in person at the meeting.

The close of business on April 1, 2010, has been fixed as the record date for the Annual Meeting and any adjournment thereof. The number of shares of Common Stock outstanding on that date and entitled to vote at the Annual Meeting was 3,231,964. Each outstanding share of the Company's Common Stock is entitled to one vote on all matters submitted to shareholders at the meeting. There are no cumulative voting rights. A majority of the shares of Common Stock entitled to vote, represented in person or by proxy, constitutes a quorum for the transaction of business at the Annual Meeting.

A shareholder may abstain or (only with respect to the election of directors) withhold his or her vote (collectively, Abstentions) with respect to each item submitted for shareholder approval. Abstentions will be counted for purposes of determining the existence of a quorum. Abstentions will not be counted as voting in favor of or against the relevant item.

A broker who holds shares in street name has the authority to vote on certain items when it has not received instructions from the beneficial owner. Except for certain items for which brokers are prohibited from exercising their discretion, a broker is entitled to vote on matters presented to shareholders without instructions from the beneficial owner. Broker shares that are voted on at least one matter will be counted for purposes of determining the existence of a quorum for the transaction of business at the Annual Meeting. Where brokers do not have or do not exercise such discretion, the inability or failure to vote is referred to as a broker nonvote. Under the circumstances where the broker is not permitted to, or does not, exercise its discretion, assuming proper disclosure to the Company of such inability to vote, broker nonvotes will not be counted as voting in favor of or against the particular matter. A broker is prohibited from voting on the election of directors without instructions from the beneficial owner; therefore, there may be broker nonvotes on Proposal One.

The purposes of the meeting are to elect Directors and vote on such other business, if any, that may properly come before the meeting or any adjournment. The Board of Directors is not aware of any matters other than those described in this Proxy Statement that may be presented for action at the Annual Meeting. However, if other matters do properly come before the Annual Meeting, the persons named in the enclosed proxy card possess discretionary authority to vote in accordance with their best judgment with respect to such other matters.

PROPOSAL ONE - ELECTION OF DIRECTORS

The Board of Directors of the Company is structured into three classes (I, II, and III) with one class elected each year to serve a three-year term. The term of Class I Directors will expire at the Annual Meeting. The persons named below, all of whom are currently members of the Board, will be nominated to serve as Class I Directors. If elected, the Class I nominees will serve until the 2013 Annual Meeting of Shareholders. All nominees have consented to be named and have indicated their intent to serve if elected. Those nominees receiving the greatest number of votes shall be deemed elected even though they may not receive a majority. Abstentions and broker non-votes will not be considered a vote for, or a vote against, a Director.

Certain information concerning the nominees for election at the Annual Meeting as Class I Directors is set forth below, as well as certain information about the Class II and III Directors, who will continue in office until the 2011 and 2012 Annual Meetings of Shareholders, respectively. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act), requires the Company's directors and executive officers, and any persons who own more than 10% of the outstanding shares of Common Stock, to file with the Securities and Exchange Commission (the SEC) reports of ownership and changes in ownership of Common Stock. Directors and executive officers are required by SEC regulations to furnish the Company with copies of all Section 16(a) reports that they file. Based solely on review of the copies of such reports furnished to the Company or written representation that no other reports were required, the Company believes that, during the 2009 year, all filing requirements applicable to its officers and directors were complied with, except for the following transaction that was inadvertently filed late on Form 4: Lewis M. Ewing inadvertently filed a late report on Form 4 covering the transfer of Common Stock during December 2009.

CORPORATE GOVERNANCE AND**THE BOARD OF DIRECTORS****General**

The business and affairs of the Company are managed under the direction of the Board of Directors in accordance with the Virginia Stock Corporation Act and the Company's Articles of Incorporation and Bylaws. Members of the Board are kept informed of the Company's business through discussions with the Chairman of the Board, the President and Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board of Directors and its committees.

Independence of the Directors

The Board of Directors has determined that the following ten individuals of its total eleven members are independent as defined by the listing standards of the NASDAQ Stock Market (NASDAQ): Mrs. Glaize and Messrs. Byrd, Ewing, Gilpin, Rinker, Smalley, Stokely, Vickers, Vinson and Wilkins. The Board of Directors considered the relationship between the Company and Mr. Byrd, who is the President of a newspaper company with which the Bank advertises, to determine whether he was independent under NASDAQ's listing standards. There are no relationships between the Company and any other independent director. The only Director not considered independent is Mr. Milleson, who serves as the President and Chief Executive Officer of the Company.

Board Leadership Structure and Risk Oversight

The Company has been operating for over 128 years using a board leadership structure in which the President and Chief Executive Officer (CEO) and Chairman of the Board of Directors positions are filled by separate individuals. The Company believes that its leadership structure is appropriate because by having an outside independent Chairman, there exists a certain degree of control and balanced oversight of the management of the Board's functions and its decision making processes. In accordance with the Company's bylaws, the Board of Directors elects the CEO and the Chairman, and each of these positions may be held by the same person or may be held by two persons. Under the Company's

Edgar Filing: EAGLE FINANCIAL SERVICES INC - Form DEF 14A

Corporate Governance Guidelines, the Board does not have a policy, one way or the other, on whether the role of the Chairman and CEO should be separate and, if it is to be separate, whether the Chairman should be selected from the non-employee directors or be an employee. Under its charter, the Nominating and Corporate Governance Committee periodically reviews and recommends to the Board the leadership structure of the Board. Because the Company's Chairman and CEO positions are served by two individuals, the Company currently does not require a Lead Director.

The Company believes that its leadership structure allows the directors to provide effective oversight of its risk management function. The Audit Committee oversees the accounting and financial reporting processes of the Company, as well as legal and compliance matters and risk management. The Audit Committee charter provides that the Audit Committee is responsible for overseeing the internal controls of the Company along with its adherence with compliance and regulatory requirements. In carrying out its responsibilities, the

Audit Committee works closely with members of Company's executive management and employees of the firm to which the external audit services of the Company are outsourced. The Audit Committee meets regularly and receives an overview of findings from various risk management initiatives including internal audits, Sarbanes Oxley and compliance reports. The Audit Committee also receives updates between its regular meetings from the CEO, the Chief Administrative Officer (CAO) and the Chief Financial Officer (CFO) and other members of management relating to risk oversight matters. The Audit Committee provides minutes of all its meetings to the full Board. The full Board also engages in periodic discussions with the CEO, CAO, CFO and other corporate officers as the Board may deem appropriate. In addition to the roles performed by the Audit Committee, the Compensation Committee considers the risks that may arise through the Company's compensation programs. The Compensation Committee Chairman also reports to the Board on a routine basis.

Code of Ethics

The Board of Directors has approved a Code of Ethics for directors, officers and all employees of the Company and the Bank. The Board has also approved an addendum to the Code of Ethics applicable to the Company's senior financial management, consisting of the Chief Executive Officer and Chief Financial Officer. The addendum addresses, among other things, standards that are reasonably necessary to promote honest and ethical conduct, including conduct with respect to conflicts of interest, full, fair, accurate, timely and understandable disclosure in the Company's required periodic reports and compliance with applicable governmental rules and regulations. A copy of the Company's Code of Ethics and its addendum may be obtained by visiting the Investor Relations section of the Bank's website at www.bankofclarke.com.

Board and Committee Meeting Attendance

During 2009, the Board of Directors of the Company held six meetings. The Directors of the Company also serve as Directors of the Bank. The Bank's Board held twelve meetings in 2009. During 2009, each Director attended greater than 75% of the aggregate number of meetings of both Boards of Directors and meetings of committees on which he or she was a member.

Executive Sessions

Independent Directors meet periodically outside of regularly scheduled Board meetings. The Company has scheduled four executive sessions that include only independent Directors for 2010. These sessions are led by the Chairman of the Board.

Committees of the Board

Audit Committee. The Audit Committee is appointed by the Board of Directors to fulfill its oversight responsibility to the shareholders relating to the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements and the qualifications, independence and the performance of the internal audit function. During 2009, the Company outsourced its internal audit function to an independent public accounting firm that specializes in financial institutions. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the independent registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attestation services for the Company. The Audit Committee and the Board of Directors have adopted a written charter for the Audit Committee, which may be viewed by visiting the Investor Relations section of the Company's website at www.bankofclarke.com.

The Audit Committee met four times during 2009. This committee consists of Messrs. Byrd, Ewing, Vinson and Wilkins. Each of the members of the Audit Committee is independent as that term is defined in the listing standards of NASDAQ and Securities and Exchange Commission regulations. The Company does not have an audit committee financial expert as defined by Securities and Exchange Commission regulations because the Board of Directors believes that each of the members of the Audit Committee has the ability to understand financial statements and generally accepted accounting principles, the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves, an understanding of internal controls and procedures for financial reporting and an understanding of audit committee functions.

Compensation Committee. The Compensation Committee is a committee of the Bank's Board of Directors. The Compensation Committee met three times in 2009. The Compensation Committee reviews the CEO's performance and compensation and reviews and sets guidelines for compensation of the other executive officers. All decisions by the Compensation Committee relating to the compensation of the Company's executive officers are reported to the full Board of Directors. The Compensation Committee consists of Mrs. Glaize and Messrs. Rinker, Smalley, Vickers and Wilkins, each of whom is independent as that term is defined by the listing standards of NASDAQ. The Compensation Committee and the Board of Directors have adopted a written charter for the Compensation Committee, which may be viewed by visiting the Investor Relations section of the Bank's website at www.bankofclarke.com.

Nominating/Corporate Governance Committee. The Nominating/Corporate Governance Committee was formed during 2008 and is appointed by the Board of Directors. The Nominating/Corporate Governance Committee consists of Messrs. Byrd, Gilpin, Stokely, and Vickers, each of

Edgar Filing: EAGLE FINANCIAL SERVICES INC - Form DEF 14A

whom is independent as that term is defined in the listing standards of NASDAQ. The purpose of this committee is to recommend individuals for election to the Board of Directors in accordance with the Company's Articles of Incorporation and Bylaws and oversee the corporate governance practices of the Company. The Nominating/Governance Committee and the Board of Directors have adopted a written charter for the Nominating/Corporate Governance Committee, which may be viewed by visiting the Investor Relations section of the Bank's website at www.bankofclarke.com.

In identifying potential nominees, the Nominating/Corporate Governance Committee takes into account such factors as it deems appropriate, including the current composition of the Board, the range of talents, experiences and skills that would best complement those that are already represented on the Board, the balance of management and independent Directors and the need for specialized expertise. The Board considers candidates for Board membership suggested by its members and management, and the Board will also consider candidates suggested informally by a shareholder of the Company.

The Nominating/Corporate Governance Committee considers, at a minimum, the following factors for potential new Directors or the continued service of existing Directors:

the ability of the prospective nominee to represent the interests of the shareholders of the Company;

the prospective nominee's standards of integrity, commitment and independence of thought and judgment;

the prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards; and

the extent to which the prospective nominee contributes to the range of talent, skill and expertise that represents a diversity of background appropriate for the Board.

The process used for selecting new candidates for the Board of Directors involves identifying the need to add a new member with specific qualifications or to fill a vacancy. The Chairman of the Nominating/Corporate Governance Committee will initiate a search, which may involve seeking input from Board members and senior management, and considering any candidates recommended by shareholders. A list of candidates which satisfy certain criteria and otherwise qualify for membership is presented to the Nominating/Corporate Governance Committee. The Chairman of the Board, along with the President and Chief Executive Officer, conducts interviews with preferred candidates from the list. Afterwards, the Nominating/Corporate Governance Committee meets to conduct further interviews of preferred candidates, if necessary, and to recommend final candidates for approval by the full Board of Directors.

Shareholders entitled to vote for the election of directors may submit candidates for formal consideration by the Company in connection with an Annual Meeting if timely written notice is received, in proper form, for each such recommended Director nominee. If the notice is not timely and in proper form, the nominee will not be considered by the Company. To be timely for the 2011 Annual Meeting, the notice must be received within the time frame set forth in the section titled "Shareholder Proposals for the 2011 Annual Meeting" within this Proxy Statement. To be in proper form, the notice must include each nominee's written consent to be named as a nominee and to serve, if elected, and information about the shareholder making the nomination and the person nominated for election.

Annual Meeting Attendance

The Company has not adopted a formal policy on Director attendance at its Annual Meeting, although all Directors are encouraged to attend and historically most have done so. All Directors attended the Company's 2009 Annual Meeting.

Shareholder Communication

Shareholders may communicate with all members or any member of the Board of Directors by addressing correspondence to Board of Directors or to the individual Director. Such correspondence should be addressed to the Secretary of the Company, P.O. Box 391, Berryville, Virginia 22611. All communications so addressed will be forwarded promptly, without screening, to the Chairman of the Board of Directors (in the case of correspondence addressed to Board of Directors) or to the individual Director.

- (2) The amounts in this column reflect the aggregate grant date fair value of the awards computed in accordance with the Financial Accounting Standards Board's Accounting Standards Codification Topic 718, Compensation - Stock Compensation (formerly FASB 123R, Share Based Payment). The grant date fair value for these stock awards of \$16.00 per share was based on the closing sales price of the Company's common stock on the grant date (June 17, 2009). At December 31, 2009, each non-employee director had no shares of restricted stock outstanding. During 2009, each director received 400 shares of restricted stock in June, which vested in December. The Compensation Committee evaluates the compensation of the Directors annually. The Compensation Committee relies primarily on information regarding the director compensation of similar financial institutions. Based on this evaluation, the Compensation Committee recommends changes in compensation to the Board of Directors for approval. During 2009, the Compensation Committee did not recommend any changes in director compensation to the Board of Directors.

Non-employee members of the Board of Directors each receive an annual retainer and \$500 per Board meeting attended for service as a member of the Bank's Board of Directors. During 2009, the Chairman of the Board's retainer was \$10,000 and other directors' retainer was \$5,000. From January through June 2009, members of the Audit Committee and Compensation Committee received \$200 per meeting attended. From July through December 2009, members of the Audit Committee and Compensation Committee received \$300 per meeting attended. Members of all other Bank committees received \$100 per meeting attended during 2009. In addition to cash compensation, non-employee members of the Board of Directors receive stock awards in accordance with the Company's Stock Incentive Plan, as disclosed in the footnotes of the table above.

Certain Relationships and Related Transactions

The Company, through its subsidiary Bank, grants loans to and accepts deposits from its directors, principal officers and related parties of such persons during the ordinary course of business. Loans are granted on the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other customers and do not involve more than the normal risk of collectibility or present other unfavorable features. The aggregate balance of loans to directors, principal officers and their related parties was \$10,119,000 at December 31, 2009. Deposits are accepted on the same terms, including interest rates, as those prevailing at the time for comparable transactions with other customers. The aggregate balance of deposits from directors, principal officers and their related parties was \$6,729,000 at December 31, 2009.

The Company has not adopted a formal policy that covers the review and approval of related person transactions by the Board of Directors. The Board, however, does review all such transactions that are proposed to it for approval. During such a review, the Board will consider, among other things, the related person's relationship to the Company, the facts and circumstances of the proposed transaction, the aggregate dollar amount of the transaction, the related person's relationship to the transaction and any other material information. The Audit Committee of the Board also has the responsibility to review significant conflicts of interest involving directors or executive officers.

In addition, any extensions of credit to our directors and officers are required to be on substantially the same terms as comparable transactions to non-related parties at the time of the extension of credit, pursuant to Regulation O - Loans to Executive Officers, Directors and Principal Shareholders of Member Banks of the banking regulations applicable to us.

EXECUTIVE COMPENSATION

General. The Compensation Committee of the Bank's Board of Directors reviews the salary and other compensation of executive officers, including the named executive officers, and provides oversight of the compensation programs. The Compensation Committee consists entirely of non-employee, independent members of the Board of Directors and operates under a written charter approved by the Board of Directors. All recommendations from the Compensation Committee regarding the compensation of executive officers are approved by the Board of Directors.

Objectives of the Compensation Program. The primary objective of the executive compensation program is to attract and retain highly skilled and motivated executive officers who will manage the company in a manner to promote its growth and profitability and advance the interest of its shareholders. Additional objectives of our executive compensation program are the following:

- align executive pay with shareholders' interests;

- recognize individual initiative and achievements; and

- unite the entire executive management team to a common objective.

Executive Compensation Principles. The executive compensation program generally consists of base salaries, annual cash incentive payments in the form of annual bonuses and long-term equity incentives in the form of stock awards. These components of executive compensation are used together to strike an appropriate balance between cash and stock compensation and between short-term and long-term incentives. We expect a portion of an executive officer's total compensation to be tied both to the Company's annual and long-term performance as well as to the creation of shareholder value. In particular, we believe that short-term annual cash incentive compensation should be tied directly to both company performance and individual performance for the fiscal year. In contrast, we believe that the value of long-term incentive compensation should be tied directly to long-term company performance and an increase in shareholder value. Under the program, performance above targeted standards results in increased total compensation, and performance below targeted standards results in decreased total compensation. Although this remains our philosophy, the Compensation Committee determined that it was in the best interest of the Company not to pay annual cash bonuses in 2009 due to difficult market conditions.

We differentiate compensation to executive officers based on the principle that total compensation should increase with an executive officer's position and responsibility, while at the same time a greater percentage of total compensation should be tied to Company and individual performance. Thus, executive officers with greater roles and responsibilities associated with achieving performance targets should receive a lesser proportion of the reward if those targets are not achieved and should receive a greater proportion of the reward if those targets are met or surpassed. In addition, as an executive officer's position and responsibility increases, the use of long-term incentive compensation should increase where executive officers have the greatest influence on strategic performance over time.

Edgar Filing: EAGLE FINANCIAL SERVICES INC - Form DEF 14A

We presently do not have a policy for adjustment or recovery of payments and awards made to executive officers in the event that the financial statements were to be restated in the future in a manner that would have impacted the size or payment of the award at the time of payment. We may consider the adoption of a policy regarding recovery of payments or awards to the executive officers in the future.

How Executive Pay Levels are Determined. The Compensation Committee reviews the executive compensation program and its elements annually. In determining the compensation of the executive officers, the Committee evaluates total overall compensation, as well as the mix of salary, cash bonus incentives and equity incentives, using a number of factors including the following:

our financial and operating performance, measured by attainment of specific strategic objectives and operating results;

the duties, responsibilities and performance of each executive officer;

historical cash and equity compensation levels; and

comparative industry market data to assess compensation competitiveness.

With respect to comparative industry data, the Compensation Committee reviews executive salaries and evaluates compensation structures and the financial performance of comparable companies in a designated peer group established by the Compensation Committee. The peer group used for comparison purposes is primarily comprised of public companies in the banking industry that are similar in size with similar market capitalizations and other characteristics. In 2009, the Compensation Committee selected 12 companies for analysis of their financial performance and compensation structures. These companies include: Access Bank, Eagle Bank, F&M Bank Corp., Fauquier Bankshares, First National Corporation, Middleburg Financial Corporation, Monarch Bank, Pinnacle Bank, Potomac Bankshares, Summit Financial Group, Valley Bank and Village Bank. The financial metrics used by the Compensation Committee to evaluate our performance and the performance of peer companies included revenue growth, return on assets and return on equity.

Components of Executive Compensation. Because the Compensation Committee determined not to pay annual incentive bonuses in 2009, the components of the executive compensation program included only base annual salary and long-term incentives through equity compensation under the Company's Stock Incentive Plan. The Company provides retirement benefits through a noncontributory pension plan and a 401(k) savings plan. The Company also provides health and welfare benefits that include participation in health, dental and vision plans and various insurance plans, including disability and life insurance.

Each of the components of executive compensation is designed to reward and provide incentives to executive officers consistent with the Company's overall policies and principles on executive compensation. These components and the rationale and methodology for each are described below. Specific information on the amounts and types of compensation earned by the named executive officers during 2009 can be found in the Summary Compensation Table and other tables and narrative disclosures following this discussion.

Base Salary: The Company's philosophy regarding base salary is to provide reasonable current income to the named executive officers in amounts that will attract and retain individuals with a broad, proven track record of performance.

The base salary for the President and Chief Executive Officer of the Company is approved by the Board of Directors, excluding the President and Chief Executive Officer, based on the recommendation of the Compensation Committee. In making this determination for 2009, the Board of Directors evaluated the performance of the Chief Executive Officer based on the Company's financial performance, achievements in implementing the Company's long-term strategy, and the personal observations of the Chief Executive Officer's performance by the members of the Board of Directors. The Board of Directors also considered a salary survey, prepared by the Virginia Bankers Association, of commercial banks that are similar in terms of size, economic conditions and other factors. No particular weight was given to any particular aspects of the performance of the Chief Executive Officer.

Base salaries for executive officers other than the President and Chief Executive Officer are approved by the Board of Directors based on the recommendation of the Compensation Committee, with the input of the President and Chief Executive Officer. In making base salary determinations for 2009, the Compensation Committee evaluated the performance of the executive officers based on the Company's financial performance, achievements in implementing the Company's long-term strategy, and the personal observations of the executive officers' performance by the Chief Executive Officer. As described above, the Compensation Committee also reviews the salary survey prepared by the Virginia Bankers Association. No particular weight was given to any particular aspects of the performance of the executive officers.

After review of the Company's performance relative to commercial banks that are similar in terms of size, economic conditions and other factors, the Compensation Committee recommended base salary increases for the Chief Executive Officer and executive officers of the Company to the Board of Directors.

Edgar Filing: EAGLE FINANCIAL SERVICES INC - Form DEF 14A

Equity Compensation: The Compensation Committee may provide equity compensation to executive officers through long-term stock awards. Equity compensation has been made to executive officers in the form of restricted stock, which is both time and performance based. The time based shares vest over a three year period whereby the executive receives one-third of the shares on the anniversary of the grant date if that executive is employed on the anniversary date. The performance based shares granted in 2009 vest over a one year period whereby the executive may receive a portion or all of the shares on the one year anniversary of the grant date if the Company achieves a targeted return on equity, provided that the executive is employed on the anniversary date.

The goal of the Compensation Committee in granting equity compensation is to directly link an executive's compensation opportunities with shareholder value creation. The multi-year vesting of stock awards focuses executive officers on consistent long-term growth in shareholder value and requires executive officers to remain employed for extended periods to receive the full benefit of the awards.

Beginning in 2006, the Company's practice with respect to the timing of stock awards is to make restricted stock grants to executive officers once each year in January. On January 2, 2009, the Compensation Committee awarded restricted stock grants and performance vested shares to the executive officers. The total amount of stock awards was set based on the executive's position. The Compensation Committee determined that these stock awards should be split between time and performance based shares, but that more time based shares should be awarded than performance based to encourage long-term growth in shareholder value. The Company must achieve a return on equity of 9.00% for the fiscal year of the vesting period for the executive to receive twenty-five percent of the eligible performance based shares granted during 2009. The Company must achieve a return on equity of 12.50% for the fiscal year of the vesting period for the executive to receive all of the eligible performance based shares granted during 2009.

Retirement and Other Benefits: The Company provides additional compensation to the named executive officers through various plans which are also available to some or all of the employees. The Compensation Committee oversees these plans and the Compensation Committee considers these plans when reviewing a named executive officer's total annual compensation and when determining the annual and long-term compensation components described above. These plans are described below.

Pension Plan

The Company has a noncontributory pension plan that conforms to the Employee Retirement Income Security Act of 1974, as amended (ERISA). Effective December 31, 2006, the pension plan was amended so that no further benefits will accrue under the plan and no additional employees may become participants.

Additional information on the plan is set forth under "Pension Benefits" below.

Employee 401(k) Savings and Stock Ownership Plan

The Company sponsors a 401(k) savings plan under which eligible employees, including executive officers, may defer a portion of their salary on a pretax basis, subject to certain IRS limits. Each participant in this plan has the right to vote the shares of Common Stock allocated to his or her account. Prior to January 1, 2007, the Company matched 50 percent of employee contributions, on a maximum of six percent of salary deferred, with Company common stock or cash, as elected by each employee. In conjunction with amending the pension plan, the 401(k) plan was amended, effective January 1, 2007, to include a non-elective safe-harbor employer contribution and an age-weighted employer contribution. Each December 31st, qualifying employees will receive a non-elective safe-harbor contribution equal to three percent of their salary for that year. Also, each December 31st, qualifying employees will receive an additional contribution based on their age and years of service. The percentage of salary for the age-weighted contribution increases on both factors, age and years of service, with a minimum of one percent of salary and a maximum of ten percent of salary.

In 2009, all executive officers participated in the 401(k) plan and each received all eligible matching contributions under the amended plan. The Company's contribution to this plan on behalf of each named executive is disclosed in the "Summary Compensation Table" below.

Employment Agreements. In order to retain and attract executive officers, the Company recognizes the need to enter into employment agreements with provisions for benefits in connection with a termination of employment. The Compensation Committee evaluates the potential payments to executive officers under various arrangements that provide for severance payments, including termination and change of control arrangements, in connection with its annual review of executive compensation.

The Compensation Committee engaged the services of a compensation and benefits consultant for the design and implementation of employment agreements for executive officers. The triggering events and amount of potential payments to executive officers are based on industry standards and are within Internal Revenue Service guidelines.

A description of the terms of our severance plans, the specific circumstances that trigger payment of benefits, an estimate of benefits payable upon the occurrence of those triggering events and other information relating to such plans can be found under the caption "Employment Agreements" below.

Pension Benefits

Effective December 31, 2006, the Pension Plan was amended so that no further benefits will accrue and no individuals may become participants in the plan. Other than this amendment, the other terms of the plan remained in effect. Benefits are based on an employee's average compensation during his or her employment through the amendment effective date. The plan provides for 20% vesting after three years of service and 20% for each additional year of service, therefore, an employee is 100% vested in the plan after seven years of service. All of the named executive officers are fully vested in the plan. The plan provides full benefits under normal retirement at age sixty-five and partial benefits for early retirement at age fifty-five with ten years of service. The benefits are payable in single or joint/survivor annuities, as well as a lump sum payment option upon retirement or separation of service (subject to limitations as described in the pension plan's adoption agreement). The Pension Plan is discussed in Note 9 to the Company's audited financial statements for the fiscal year ended December 31, 2009, included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 17, 2010.

Employment Agreements

The Company has entered into an employment agreement with each of the named executive officers. The agreements provide for the termination of employment by the Company without cause and termination for good reason (as those terms are defined in the Agreement). Termination under either of these circumstances will entitle the named executive officer to (i) the payment of salary for the remainder of the then current term of the Agreement, (ii) a payment in cash equal to the greater of his highest cash bonus in any of the three fiscal years before the year in which termination occurs and the amount of cash bonus that he was designated to receive under the Company's annual incentive plan and (iii) the continued benefit to him for the remainder of the then current term of the Agreement of all employee benefit plans and programs or arrangements in which he was entitled to participate prior to his termination. A named executive officer will not be entitled to any compensation or other benefits under the agreement if employment is terminated for cause. If a named executive officer is terminated without cause or resigns for good reason within one year following a change of control (as defined in the Agreement), he/she will receive an amount equal to 299% of his/her base salary, annual bonus and equivalent benefits (subject to reduction to the extent that such payment constitutes an excess parachute payment under the Internal Revenue Code of 1986, as amended). The agreement also contains covenants relating to non-competition and non-solicitation, each for a period of 12 months following the last day of employment, and covenants relating to confidentiality and nondisclosure.

John R. Milleon's agreement, effective January 1, 2004, was for an initial two-year term, however, on January 1, 2004 and each day thereafter the agreement automatically renews and is extended by one year. If termination of employment by the Company without cause or by the individual for good reason had occurred at December 31, 2009, Mr. Milleon would have been entitled to a severance payment amounting to approximately \$292,000. If termination of employment for the same reason following a change in control had occurred during the year ended

Edgar Filing: EAGLE FINANCIAL SERVICES INC - Form DEF 14A

The employment agreement for James W. McCarty, Jr., effective December 31, 2008, automatically renews and is extended by one year on a daily basis. If termination of employment by the Company without cause or by the individual for good reason had occurred at December 31, 2009, Mr. McCarty would have been entitled to a severance payment amounting to approximately \$209,000. If termination of employment for the same reason following a change in control had occurred during the year ended December 31, 2009, Mr. McCarty would have been entitled to a severance payment amounting to approximately \$508,000.

An employment agreement with Dale L. Fritts became effective January 1, 2009. Following its initial term, this agreement automatically extends by one year on January 1st of each year. If termination of employment by the Company without cause or by the individual for good reason had occurred at December 31, 2009, Mr. Fritts would have been entitled to severance payments amounting to approximately \$170,000. If termination of employment for the same reason following a change in control had occurred during the year ended December 31, 2009, Mr. Fritts would have been entitled to severance payments amounting to approximately \$375,000.

The Company has not entered into any other agreement or arrangement that provides for the payment of severance or similar benefits to any of the named executive officers in connection with a termination of employment for any other reason.
