Item 9. Undertakings.

A. The undersigned Registrant hereby undertakes: (1) to file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement: (i) to include any prospectus required by Section 10(a)(3) of the Securities Act; (ii) to reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this Registration Statement notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective Registration Statement; and (iii) to include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement; provided, however, that clauses (1)(i) and (1)(ii) shall not apply if the information required to be included in a post-effective amendment by those clauses is contained in periodic reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in this Registration Statement; (2) that, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; and (3) to remove from registration by means of a post-effective amendment any of the securities being registered that remain unsold at the termination of the offering.

B. The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act that is incorporated by reference into this Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

C. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the indemnification provisions summarized in Item 6, or otherwise, the Registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

The non-management directors meet at or near the end of each regularly scheduled meeting of the Board of Directors. The Chairman of the Board of Directors presides at such meetings. If the Chairman is not present, the chairmen of the Committees preside on a rotating basis.

How do interested parties make their concerns known to the non-management directors?

Interested parties who wish to make any concerns known to the non-management directors may submit communications at any time in writing to: John G. Each director who is not an employee of the Company receives an annual retainer of \$50,000. In addition to the annual retainer, the Chairman of the Board receives \$7,500 for attendance in person at each Board meeting and each other director receives \$3,000 for attendance in person at each Board meeting. The Audit Committee chairman receives \$5,000 for attendance in person at each Committee meeting and each other

Edgar Filing: CISCO SYSTEMS INC - Form S-8

Committee chairman receives \$3,000 for attendance in person at each Committee meeting. Other Committee members receive \$1,500 for attendance in person at each Committee meeting. Each director receives 50% of the in-person meeting fee for telephonic Board and Committee meetings.

During fiscal 2005, each non-employee director also received non-qualified stock options exercisable for 4,531 shares of Company common stock. These options were granted to each non-employee director pursuant to the provision of the AmerisourceBergen Corporation 2001 Non-Employee Directors Stock Option Plan (described below) that provides for an annual grant to non-employee directors of options having a fair value of \$100,000 per year. The fair value of the 2005 annual option grants to non-employee directors was determined on the basis of the Black-Scholes method of valuation. In the future, we expect to use the same method of valuation as we use for expensing options. The valuation method we expect to use to expense options for the fiscal year ending September 30, 2006 is the binomial method of valuation.

A director may elect to have the annual retainer and the meeting fees paid in cash, restricted Company common stock or options exercisable for Company common stock, or credited to a deferred compensation account.

Payment under the Deferred Compensation Plan will be made or commence on the first day of the month after the non-employee director ceases being a director of the Company. A director may elect to receive a deferred benefit (i) over annual periods ranging from three to fifteen years and payable in quarterly installments or (ii) in a single distribution. The Company pays all costs and expenses incurred in the administration of the Deferred Compensation Plan.

AmerisourceBergen Corporation 2001 Restricted Stock Plan. A director may elect to forego 50% or more of the annual retainer compensation received and, in lieu thereof, receive a grant of restricted stock having a value equal to 125% of the amount of compensation foregone, provided the director has not elected to have the foregone amount credited in the form of stock options under the AmerisourceBergen Corporation 2001 Non-Employee Directors' Stock Option Plan. In most cases, all restrictions on the stock will lapse three years from the grant date. A director who retires prior to three years from the date of grant could receive a pro rata distribution of such stock at the discretion of the Board. A director may also elect to defer the receipt of shares subject to restrictions to a date certain or to death, disability or termination of service by electing to defer the receipt of shares at least six months in advance of the vesting date.

AmerisourceBergen Corporation 2001 Non-Employee Directors' Stock Option Plan. The AmerisourceBergen Corporation 2001 Non-Employee Directors' Stock Option Plan (the "Directors' Stock Option Plan") provides for an annual grant of options to each non-employee director of non-qualified options having a fair value of \$100,000. The annual option grant is made after each annual meeting of stockholders. In addition, a director may elect to forego 50% or more of the annual retainer compensation received and, in lieu thereof, receive a grant of non-qualified stock options under the Directors' Stock Option Plan having a fair value equal to 150% of the amount of foregone compensation, provided the director has not elected to have the foregone amount credited in the form of restricted stock under the AmerisourceBergen Corporation 2001 Restricted Stock Plan. The exercise price of all options granted is the fair market value of a share of the Company's common stock on the date of grant. The options granted vest over three years beginning on the first anniversary of the grant date, with one-third of the options granted vesting each year. Vested options may be exercised at any time prior to the tenth anniversary of the grant date unless a director ceases to be a member of the Board of Directors, in which case the options generally will expire either one year after the director ceases to be a member of the Board of Directors (or three years thereafter if the director terminates voluntarily as a member of the Board of Directors). Unless a director ceases to be a member of the Board of Directors for Cause (as defined in the Directors' Stock Option Plan), all unvested options become fully vested on the date of such cessation.

A PROVAL OF AN AMENDMENT OF THE CERTIFICATE OF INCORPORATION

TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK

THAT THE COMPANY IS AUTHORIZED TO ISSUE

(Item 2 on the Proxy Card)

What am I voting on?

You are voting on a proposal to approve an amendment to the Company's Amended and Restated Certificate of Incorporation (Certificate of Incorporation) to increase the number of shares of common stock that we are authorized to issue from 300,000,000 to 600,000,000 shares.

Our Board of Directors has unanimously authorized an amendment to the first paragraph of Article 4 of the Certificate of Incorporation to increase the authorized number of shares of common stock to 600,000,000 from 300,000,000, subject to the approval of the stockholders of the Company. The full text of this amendment is attached to this proxy statement as *Appendix A* and is incorporated herein by reference.

Why are we seeking to double the number of shares of common stock authorized for issuance?

As of December 28, 2005, we completed a two-for-one stock split by issuing a stock dividend of one share of common stock for every one share of common stock outstanding. The proposed amendment of the Certificate of Incorporation is intended to increase the number of shares of common stock authorized for issuance by the same two-for-one ratio.

Table of Contents

Why is the amendment necessary?

As of December 29, 2005, of the 300,000,000 shares presently authorized under the Certificate of Incorporation, [208,521,328] shares of common stock were issued and outstanding. The outstanding shares include [104,260,664] shares of common stock that were distributed as of December 28, 2005 as a result of our two-for-one stock split. In addition, as of December 29, 2005, [19,000,966] shares of common stock were reserved for issuance under outstanding stock option awards and under stock incentive plans.

After taking into consideration the above shares issued and reserved for issuance, and assuming no increase in the number of authorized shares, we would have only [72,477,706] unreserved shares of common stock available for issuance. This calculation of the unreserved shares of common stock available for issuance does not include the additional 11,000,000 shares to be reserved for issuance under the 2002 Management Stock Incentive Plan, as amended, if the stockholders approve the proposed amendments discussed below under *Approval of Amendments to the AmerisourceBergen Corporation 2002 Management Stock Incentive Plan and Approval of the 2002 Plan, as amended*. If the stockholders approve the proposed amendments to the 2002 Management Stock Incentive Plan, we would have only [61,477,706] unreserved shares of common stock available for issuance.

Our Board of Directors believes that the proposed increase in the number of authorized shares of common stock will provide us with greater flexibility to pursue activities and enter into transactions that are consistent with our objective of enhancing stockholder value, including, without limitation, using common stock when appropriate to fund:

acquisitions to expand our existing businesses or product offerings or to obtain complementary businesses and product offerings,

strategic relationships and joint ventures,

capital projects and investments and

equity incentives to employees, officers and directors.

While we have no immediate plans to use large numbers of shares of common stock to fund any acquisition, strategic venture or capital project, our ability to do so could be constrained by the limited number of shares of common stock currently available. The currently limited number of shares of common stock that remain available for issuance under the Certificate of Incorporation, and the requirement to obtain stockholder approval for any increase in the authorized shares of common stock, could impact our ability to effect acquisitions or strategic ventures on as quickly as may be necessary, particularly in situations where we may be in competition with other bidders, and could constrain our ability to obtain prompt access to capital markets as and when needed in the future. The Board of Directors believes that the Company's ability to act in a timely and flexible manner is important to its competitive position.

Approval of the proposed increase in the number of authorized shares would allow our Board of Directors to authorize the issuance of common stock without waiting for the next annual meeting of stockholders in order to increase the authorized capital. If, for any particular transaction, stockholder approval were required by law, NYSE rules or otherwise deemed advisable by the Board of Directors, then the matter would be referred to the stockholders of the Company notwithstanding approval of the proposed increase in the number of authorized shares of common stock.

If the stockholders do not approve this proposal to increase the number of authorized shares, we will be substantially constrained in the size of transactions that we may undertake using common stock as the form of consideration. In certain circumstances, we may be required to immediately hold a special stockholders meeting to seek approval to increase the authorized number of shares of common stock, which could cost us in excess of [\$100,000] in printing, distribution and mailing fees.

Table of Contents

Does the Company plan on issuing additional shares?

As of the date of this proxy statement, except for the shares reserved for issuance as described above, we have no agreement, arrangement or intention to issue any of the shares for which approval is sought. If the stockholders approve this proposed amendment to the Certificate of Incorporation, our Board of Directors does not intend to solicit further stockholder approval prior to the issuance of any additional shares of common stock, except as may be required by applicable law, NYSE rules or otherwise deemed advisable by the Board of Directors.

Will these new shares of common stock have preemptive rights?

No. The additional shares of common stock for which we are seeking authorization would have the same rights and privileges as the shares of common stock presently outstanding. Holders of shares of common stock have no preemptive rights to subscribe to or for any additional shares of stock of the Company.

Am I entitled to dissenters' or appraisal rights in connection with the proposed amendment to the Certificate of Incorporation?

No. Under Delaware law, the Company's stockholders are not entitled to dissenters' or appraisal rights in connection with the proposed increase in the number of shares of common stock authorized for issuance under the Certificate of Incorporation.

What are the effects on existing stockholders?

Although the increase in the authorized number of shares of common stock will not, in and of itself, have any immediate effect on the rights of our stockholders, any future issuance of additional shares of common stock could affect our stockholders in a number of respects, including by:

decreasing the existing stockholders' percentage equity ownership and voting power, and

depending on the price at which such shares are issued, diluting the earnings per share and book value per share of outstanding shares of our common stock at such time.

In addition, although this proposed amendment to the Certificate of Incorporation is not motivated by anti-takeover concerns and is not considered by the Board of Directors to be an anti-takeover measure, the availability of additional authorized shares of common stock could enable the Board of Directors to issue shares defensively in response to a takeover attempt or to make an attempt to gain control of the Company more difficult or time-consuming. For example, shares of common stock could be issued to purchasers who might side with management in opposing a takeover bid that the Board of Directors determines is not in our best interests, thus diluting the ownership and voting rights of the person seeking to obtain control of the Company. In certain circumstances, the issuance of common stock without further action by the stockholders:

Edgar Filing: CISCO SYSTEMS INC - Form S-8

may have the effect of delaying or preventing a change in control of the Company,

may discourage bids for our common stock at a premium over the prevailing market price, and

may adversely affect the market price of our common stock.

As a result, increasing the authorized number of shares of our common stock could render more difficult and less likely:

a hostile takeover,

a tender offer or proxy contest,

the assumption of control by a holder of a large block of our stock, and

the possible removal of our incumbent management.

Table of Contents

We are not aware of any proposed attempt to take over the Company or of any present attempt to acquire a large block of our common stock. This proposal is not being made in response to any attempt of which the Company is aware to obtain control of the Company or to accumulate the Company's common stock. The Company has no present intention to use the additional shares of common stock to oppose a takeover attempt or delay or prevent changes in the management of the Company.

When would the amendment be effective?

If approved by the stockholders at the meeting, the proposed amendment to the Certificate of Incorporation will become effective upon the filing of a certificate of amendment with the Secretary of State of the State of Delaware. The Company intends to file the certificate of amendment as soon as practicable after the meeting; however, if, in the judgment of our Board of Directors, any circumstances exist that would make consummation of the proposed amendment inadvisable, our Board of Directors may abandon the proposed amendment at any time prior to the effectiveness of the filing of the certificate of amendment.

How many votes are needed for this proposal and how are the votes counted?

The proposal to amend the Certificate of Incorporation to increase the number of shares of common stock authorized for issuance will require the affirmative vote of the holders of a majority of the shares of common stock present in person or by proxy at the meeting and entitled to vote thereon in order to be approved. Abstentions will be counted in tabulations of the votes cast by stockholders on the proposal and will have the effect of a negative vote. Broker non-votes will not be counted for purposes of determining whether this proposal has been approved.

How does the Board of Directors recommend that I vote?

We recommend that you vote **For** the amendment to the Certificate of Incorporation to increase the number of shares that the Company is authorized to issue.

**APPROVAL OF AMENDMENTS TO THE
AMERISOURCEBERGEN CORPORATION
2002 MANAGEMENT STOCK INCENTIVE PLAN
AND APPROVAL OF THE 2002 PLAN, AS AMENDED**

(Item 3 on the Proxy Card)

What am I voting on?

Edgar Filing: CISCO SYSTEMS INC - Form S-8

You are voting on a proposal to amend the AmerisourceBergen Corporation 2002 Management Stock Incentive Plan (the 2002 Plan) to:

increase the number of shares of our common stock that may be issued pursuant to awards granted under the 2002 Plan by 11,000,000;
and

eliminate the cap on the aggregate number of shares of common stock that may be issued during the life of the 2002 Plan pursuant to restricted stock awards, stock appreciation rights and performance share awards under the 2002 Plan (which, as adjusted for the December 28, 2005 two-for-one common stock split, is currently 370,000).

You also are being asked to approve the amended 2002 Plan, the form of which is attached to this proxy statement as *Appendix B*.

Unless specifically noted to the contrary, all of the share numbers relating to the 2002 Plan, and awards thereunder, that are set forth in this proposal, have been adjusted for the December 28, 2005 two-for-one common stock split.

Has the Board of Directors approved the amendments to the 2002 Plan?

Yes. Upon the recommendation of the Compensation and Succession Planning Committee of the Board of Directors (the Compensation Committee), which administers the 2002 Plan, the Board of Directors has unanimously approved amending the 2002 Plan, subject to stockholder approval.

Table of Contents

Specifically, the Board of Directors has approved amending the 2002 Plan to:

increase the number of shares of our common stock that may be issued pursuant to awards granted under the 2002 Plan by 11,000,000, subject to stockholder approval;

eliminate the cap of 370,000 shares of common stock on the aggregate number of shares of common stock that may be issued during the life of the 2002 Plan pursuant to restricted stock awards, stock appreciation rights and performance share awards, subject to stockholder approval; and

make other revisions to the 2002 Plan that do not require stockholder approval under applicable NYSE shareholder approval rules.

The revisions to the 2002 Plan that do not require stockholder approval are described below under *What are the revisions to the 2002 Plan approved by the Board of Directors that do not require stockholder approval?*

Why are the amendments necessary?

The current aggregate number of shares of our common stock that may be issued pursuant to awards under the 2002 Plan is 23,800,000, which reflects the two-for-one common stock split that the Company completed on December 28, 2005.

Through December 29, 2005, the Company has granted:

stock options covering a total of [22,028,414] shares under the 2002 Plan and

restricted stock awards covering a total of [49,182] shares under the 2002 Plan.

Through December 29, 2005, the total number of shares issued or reserved for issuance pursuant to awards under the 2002 Plan was [22,077,596]. As of December 29, 2005, the total number of shares remaining available for awards under the 2002 Plan was [1,722,404].

The increase in the number of shares of common stock that may be issued under awards granted pursuant to the 2002 Plan is necessary to replenish the supply of shares available for issuance under the 2002 Plan. Without the amendment, only [1,722,404] shares of common stock would remain available for awards under the 2002 Plan. We rely heavily on the 2002 Plan to recruit, retain and reward qualified employees and officers. We expect that the remaining shares plus the additional 11,000,000 million shares will be sufficient to cover awards under the 2002 Plan for at least three years. The Company does not intend in any year to make awards covering an amount of shares that is greater than 1.5% of the total number of shares of the Company's common stock then outstanding.

Edgar Filing: CISCO SYSTEMS INC - Form S-8

Eliminating the cap of 370,000 on the number of shares of common stock that may be issued pursuant to restricted stock awards, stock appreciation rights and performance share awards is necessary because the Company anticipates issuing more awards in the form of restricted stock awards than it has in prior years as a result of recent changes in accounting policies governing the expensing of stock options. Indeed, we expect to issue restricted stock awards in the future for up to 25% of the value of long-term incentive compensation granted to officers and other eligible employees. Without the amendment, only [320,818] shares of common stock would remain available for issuance in connection with restricted stock awards, stock appreciation rights and performance share awards.

Table of Contents

Stockholder approval of the amendments described above and the 2002 Plan, as amended, also is a condition for favorable tax treatment of stock options intended to be incentive stock options pursuant to Section 422 of the Internal Revenue Code of 1986, as amended (the Code), and for the Company to maintain the deductibility of performance-based compensation granted under the 2002 Plan to certain officers under Section 162(m) of the Code.

What are the revisions to the 2002 Plan approved by the Board of Directors that do not require stockholder approval?

In connection with the proposed amendments to the 2002 Plan to increase the number of shares available for issuance and to eliminate the aggregate cap on awards in the form of stock awards, stock appreciation rights and performance share awards, the Board of Directors has approved certain other revisions to the 2002 Plan that do not require stockholder approval under the NYSE rules relating to stockholder approval of equity compensation plans. Unless otherwise specified, the revisions described below do not require stockholder approval because they do not:

expand the scope of the 2002 Plan,

expand the awards or benefits available to participants under the 2002 Plan or

materially increase the potential dilution of stockholders over the lifetime of the 2002 Plan.

Restricted Stock Units. The 2002 Plan will be revised to provide for the grant of common stock-equivalents referred to as restricted stock units, which may be settled in common stock. In addition, if approved by the Board of Directors, the restricted stock units may be settled in whole or in part in cash. The restricted stock units are intended to be substantially similar to restricted stock awards with the exception that no shares of common stock are issued at the time of the grant of the award. Any shares of common stock issuable in settlement of any restricted stock units will be issued only upon the vesting of the restricted stock units. Like restricted stock awards, restricted stock units must be subject to at least one of the following minimum, non-waivable (except in the case of death or permanent disability of the participant) vesting conditions:

performance-based vesting that cannot be satisfied sooner than one year following the date of grant, or

time-based vesting that cannot be satisfied unless the participant remains employed or otherwise provides services to the Company for three or more years from the date the restricted stock unit award is made.

Like restricted stock awards, restricted stock units also will become nonforfeitable in the event that a participant is involuntarily terminated by the Company or any subsidiary within two years of a change in control. Revising the 2002 Plan to provide for the grant of restricted stock units does not represent a material expansion in the awards or benefits available to participants because they are substantially similar from an economic standpoint to restricted stock awards, which are already provided in the 2002 Plan.

Compensation Committee Authority to Condition Awards. The 2002 Plan will be revised to expand the authority of the Compensation Committee to provide in an award agreement for the forfeiture of all or part of an award, even if the award has become exercisable, nonforfeitable or earned or has been previously exercised. Specifically, the Compensation Committee may condition the forfeiture of an award upon any breach of non-competition and non-solicitation requirements or may require the repayment to the Company of the vested portion of

any award under certain conditions.

Removal of References to Prior Plans. The 2002 Plan is the result of the merger of the prior equity compensation plans of Bergen Brunswig Corporation and AmeriSource Health Corporation and contains several references to these plans. As all shares attributable to these plans have been exhausted, the 2002 Plan will be revised to delete those references.

Table of Contents

Technical Changes to Change in Control Provision. The provisions of the 2002 Plan describing the consequences of a change in control will be revised to expand the authority of the Board of Directors or the Compensation Committee, as applicable, to make adjustments in the event of a change in control to include:

providing for the cancellation of outstanding stock awards, restricted stock unit awards, performance share awards, Section 162(m) awards or other awards in exchange for payments of cash, property or a combination thereof having an aggregate value equal to the value of such award, as determined by the Board of Directors or the Compensation Committee, as the case may be, in its sole discretion; and

substituting other property, including without limitation, cash or other securities of the Company and securities of an entity other than the Company for awards granted under the 2002 Plan.

In addition, as over two years have lapsed since the original effective date of the 2002 Plan, certain exceptions to the application of the change in control provision that could only be triggered within two years after the effective date of the 2002 Plan will be stricken.

Section 409A of the Code. The 2002 Plan also will be revised to bring it in compliance with Section 409A of the Code, which was adopted with the enactment of the American Jobs Creation Act on October 22, 2004. Section 409A imposes strict new requirements for deferred compensation arrangements, which may include certain equity compensation awards. The Board of Directors believes that the following provisions should be added to the 2002 Plan to ensure compliance with Section 409A's strict rules regarding the timing of deferral elections and to provide flexibility to modify the 2002 Plan or payments under the 2002 Plan to participants to avoid tax penalties under Section 409A:

in the event of any change in the capitalization of the Company as result of a stock dividend, recapitalization, reorganization, merger, consolidation, stock split, combination or exchange of shares, adjustments made to awards that are considered deferred compensation under Section 409A will be made in compliance with the requirements of Section 409A;

in the event of any change in the capitalization of the Company as result of a stock dividend, recapitalization, reorganization, merger, consolidation, stock split, combination or exchange of shares, adjustments made to awards that are not considered deferred compensation under Section 409A will be made in such a way as to ensure that they either comply with the requirements of Section 409A or continue not to be subject to Section 409A;

the administrator of the 2002 Plan will not have the authority to make any adjustments in the event of a change in capitalization to the extent that such authority would cause an award that is not intended to be subject to Section 409A to be subject thereto;

if and to the extent the Board of Directors or the Compensation Committee determines that the terms of any provision of the 2002 Plan or any payment under the 2002 Plan may result in the imposition of an excise tax on any participant pursuant to Section 409A, the Board of Directors or the Compensation Committee, as the case may be, will have authority to take action to amend, modify, cancel or terminate the 2002 Plan or any payments to such participant under the 2002 Plan as it deems necessary or advisable to limit or, if possible, avoid the impact of any such excise tax;

no award shall be deferred compensation subject to Section 409A, unless and to the extent that the administrator specifically determines otherwise, and the 2002 Plan and the terms of all awards shall be interpreted accordingly; and

in the event that any provision of the 2002 Plan is found to be invalid, unenforceable or otherwise inconsistent with any applicable law (including, without limitation Section 409A), such invalidity, unenforceability or inconsistency will not be construed as rendering any

Edgar Filing: CISCO SYSTEMS INC - Form S-8

other provisions contained in the 2002 Plan as invalid, unenforceable or inconsistent, and all such other provisions will be given full force and effect to the same extent as though the invalid, unenforceable or inconsistent provision was not contained in the 2002 Plan.

Table of Contents

The Board of Directors also has approved revisions to the 2002 Plan to expand the authority of the Board of Directors or the Compensation Committee if and to the extent the Board of Directors or the Compensation Committee determines that the terms of any provision of the 2002 Plan or any payment under the 2002 Plan may result in the imposition of an excise tax on any participant pursuant to Section 409A of the Code. In such circumstances, the Board of Directors or the Compensation Committee will have authority to take action to amend, modify, cancel or terminate the 2002 Plan or any payments to such participant under the 2002 Plan as it deems necessary or advisable to limit or, if possible, avoid the impact of any such excise tax.

Under the NYSE stockholder approval rules, revisions to an equity compensation plan that are designed to bring the plan into compliance with Section 409A of the Code do not constitute material revisions and do not require stockholder approval.

Does the 2002 Plan, as amended, include all of these revisions?

The amended 2002 Plan that you are being asked to approve includes all of the revisions described above. The form of the 2002 Plan, as amended, is attached as *Appendix B* to this proxy statement.

Can these revisions be implemented even if I vote against this proposal?

If the stockholders do not approve the amendments to the 2002 Plan and do not approve the 2002 Plan, as amended, the Company reserves the right to implement the amendments to the 2002 Plan that can be implemented by the Company without stockholder approval.

What is the purpose of the 2002 Plan?

The purpose of the 2002 Plan is to provide employees of the Company and its subsidiaries with the opportunity to receive grants of stock awards and other incentive compensation. The Company believes that this will promote the Company's interests and the interests of stockholders by providing an additional means of attracting and retaining management personnel, encouraging the employee-participants to contribute materially to the growth of the Company and aligning the economic interests of the employee-participants with the interests of the stockholders.

Who is eligible to participate in the 2002 Plan?

All officers and other key employees and consultants of the Company or its subsidiaries are eligible to participate in the 2002 Plan. Non-employee directors of the Company are not eligible.

How many employees participate in the 2002 Plan?

Edgar Filing: CISCO SYSTEMS INC - Form S-8

At December 31, 2005, there were approximately 600 to 700 employees of the Company and its subsidiaries eligible to participate in the 2002 Plan.

When was the 2002 Plan formed?

The 2002 Plan is the result of the merger of the Bergen Brunswig Corporation 1999 Management Stock Incentive Plan and the AmeriSource Health Corporation 2001 Stock Option Plan. The 2002 Plan became effective on April 23, 2002. Grants made under the 2002 Plan following the merger of the prior plans are subject to the terms of the 2002 Plan. Grants made under the prior plans remain subject to the terms of the applicable prior plan. As of December 29, 2005, there were unexercised options for approximately [12,732,938] shares outstanding under the 2002 Plan, including [1,816,712] shares under the prior plans.

What are the material features of the 2002 Plan?

The brief summary of the 2002 Plan which follows is qualified in its entirety by reference to the complete text of the 2002 Plan, as amended, a copy of which is attached to this proxy statement as **Appendix B**. The information concerning option or restricted stock awards set forth below is provided as of December 29, 2005 unless otherwise specified.

Types and Descriptions of Options and Other Awards Under the 2002 Plan. The Compensation Committee has discretionary authority to select which eligible persons will receive awards under the 2002 Plan. As discussed below, the Compensation Committee may delegate this authority to an administrator or the Company's Chief Executive Officer. The 2002 Plan permits grants of the following types:

Stock options;

Stock appreciation rights (SARs);

Restricted stock awards;

Performance share awards; and

Other stock based awards.

As discussed above, the Board of Directors has approved revisions to the 2002 Plan to provide for the grant of restricted stock units in addition to the other types of awards listed above. For more information about restricted stock units, see the description of restricted stock units above under *What are the revisions to the 2002 Plan approved by the Board of Directors that do not require stockholder approval?*

The Compensation Committee may award grant stock options, restricted stock or other types of awards alone, in addition to, or in tandem with any other awards under the 2003 Plan. Generally, the Compensation Committee has the authority to determine the terms and conditions of all awards under the 2002 Plan, including vesting, exercisability, payment and restrictions applicable to awards. The Compensation Committee may also accelerate:

the vesting or payment of an award,

the lapse of restrictions applicable to an award, or

the date an option or SAR first becomes exercisable.

The Board of Directors has approved revising the 2002 Plan to expand its authority to expand the authority of the Compensation Committee to provide for the forfeiture of all or part of an award, even if the award has become exercisable, nonforfeitable or earned or has been previously exercised.

Edgar Filing: CISCO SYSTEMS INC - Form S-8

Stock Options. The Compensation Committee may grant options to purchase shares of common stock upon terms and conditions that the Compensation Committee may establish in its discretion, subject to the provisions of the 2002 Plan. Options may be non-qualified stock options and/or incentive stock options (ISOs). ISOs are intended to comply with Section 422 of the Code.

The exercise price of any option is determined by the Compensation Committee at the time of grant. Consistent with sound corporate governance practices:

the exercise price of options granted may not be less than the fair market value of the underlying shares of common stock on the date of grant; and

options granted may not be repriced by any method, including by cancellation and reissuance, without stockholder approval.

Subject to the terms of the specific option, the exercise price of a stock option may be paid in cash, previously owned shares, a combination of cash or previously owned shares, or through withholding of shares subject to the stock option. Generally, options will expire 10 years after the date of grant.

Unexercised options expire three months after the date of a voluntary termination of employment with the Company. In the event that employment with the Company terminates due to death, disability or termination by the Company without cause, the option will expire one year from the date of termination of employment. For unexercised options granted on or after August 10, 2004, in the event that employment with the Company

Table of Contents

terminates due to an employee's voluntary retirement (which may occur if the employee is age 62 or older and has completed five years or more of continuous service with the Company), the options will expire three years from the date of such retirement. If the Company terminates an employee for cause, outstanding options terminate immediately. Unvested options normally cease to vest upon any termination of employment.

Stock Appreciation Rights (SARs). SARs are the right to receive the appreciation in the value of the Company's stock over a specified period of time. The Compensation Committee may grant SARs separately or in tandem with an option. Tandem SARs may be granted either at the time the option is granted or at any time while the option remains outstanding. A recipient of tandem options and SARs may choose to exercise either the SAR or the corresponding option, but not both.

Upon exercising a SAR, a participant will receive an amount of cash, common stock, or a combination of cash and common stock equal to the amount by which the fair market value of the number of underlying shares of common stock on the date of exercise exceeds the stock appreciation right exercise price specified by the Compensation Committee when the SAR is awarded. Whether the payments upon exercise of the SAR are made in cash, in common stock, or in combination, is within the discretion of the Compensation Committee.

With respect to the 2002 Plan, no SARs have been granted, are presently outstanding or are presently contemplated.

Restricted Stock Awards. Stock awards are grants of the Company's stock that are subject to at least one of the following minimum, non-waivable (except in the case of death or permanent disability of the participant) vesting conditions:

performance-based vesting that cannot be satisfied sooner than one year following the date of grant, or

time-based vesting that cannot be satisfied unless the participant remains employed or otherwise provides services to the Company for three or more years from the date the restricted stock award is made.

No dividends accrue or are payable upon any restricted shares of the Company's common stock until they are vested.

The Company expects that stock awards will provide for dividends to accrue, but not be paid, upon any restricted shares of the Company's common stock while they are vesting. Accrued dividends will be paid to the participant only if, and after, the restricted shares have vested.

Performance Share Awards. Performance share awards are grants of the Company's stock that are subject to restrictions or conditions determined by the Compensation Committee upon issuance of each award. Performance share awards permit participants to earn shares of common stock upon satisfaction of certain specified performance criteria and may be subject to other terms and conditions as the Compensation Committee may deem appropriate.

Other Stock-Based Awards. The Compensation Committee has the authority to specify the terms and provisions of other forms of equity-based or equity-related awards which are not specifically described in the 2002 Plan but which the Compensation Committee determines to be consistent with the purposes of the 2002 Plan and the interests of the Company.

Table of Contents

With respect to the 2002 Plan, no such other stock-based awards have been granted, are presently outstanding or are presently contemplated.

Compensation Committee's Delegation of Authority to an Administrator or the Chief Executive Officer. The Compensation Committee has the power to delegate some or all of its authority under the 2002 Plan to an administrator who may be any individual or individuals designated by the Compensation Committee. The Compensation Committee may also delegate its authority to make awards to the Company's Chief Executive Officer. However, the Chief Executive Officer may not have the authority to make awards for more than 50,000 shares (as adjusted for the December 28, 2005 two-for-one common stock split) to any individual in any year, or more than 250,000 shares (as adjusted for the December 28, 2005 two-for-one common stock split) in the aggregate in any year. In addition, the Chief Executive Officer may not make an award to a participant who:

is subject to reporting under Section 16(a) of the Securities Exchange Act of 1934,

is designated by the Compensation Committee as a person whose compensation is potentially subject to the limit on deductible compensation under Section 162(m) of the Code, or

is an officer to whom the Compensation Committee has delegated any authority.

Shares Available for Issuance Under the 2002 Plan. Currently, the 2002 Plan authorizes the issuance of 23,800,000 shares of common stock, including grants that occurred prior to the merger of the prior plans.

Shares of common stock available under the 2002 Plan may be either authorized but unissued shares, treasury shares, or any combination thereof. To the extent a portion of an award granted under the 2002 Plan lapses, expires or otherwise terminates, the shares subject to that portion of the award will be available again for award under the 2002 Plan. Shares used to pay the exercise price of a stock option or other award or shares withheld from any award to satisfy a participant's tax withholding obligations will also again be available for issuance under the 2002 Plan. Any shares underlying awards to any newly acquired employees in connection with a corporate transaction, such as a merger, will not reduce the number of shares available under the 2002 Plan.

If the stockholders approve the proposed amendment to the 2002 Plan, the number of shares authorized for issuance under the 2002 Plan will increase to 34,800,000.

Maximum Annual Grants. The maximum number of shares that may be subject to grants made to any individual in any single fiscal year under the 2002 Plan, amended, is 250,000 shares (as adjusted for the December 28, 2005 two-for-one common stock split).

Adjustment Provisions. The 2002 Plan provides for proportionate adjustments which the Compensation Committee deems appropriate to prevent the diminution or enlargement of rights of participants in the 2002 Plan in the event of any change in the outstanding common stock by reason of:

a stock dividend,

recapitalization,

reorganization,

merger,

consolidation,

stock split,

combination,

exchange of shares or

any other significant corporate event affecting the common stock.

Table of Contents

The Compensation Committee has additional authority in the event of a change in control as described below.

Change in Control Provisions. A change in control of the Company refers to certain circumstances under which there is a change in the ownership of a substantial block of the voting power of the outstanding capital stock of the Company or a change in the majority of the members of the Board of Directors. The 2002 Plan specifically defines the circumstances under which a change in control will be deemed to have occurred.

If a participant's employment is involuntarily terminated by the Company or a subsidiary, whether or not for cause, within two years following a change in control:

all options and SARs will immediately vest and become fully exercisable,

all restrictions and conditions of all stock awards will lapse, and

all performance share awards shall be deemed to have been fully earned.

In addition, in the event of a change in control, the Board of Directors, in its sole discretion, may take any or all of the following actions:

provide that options will be cancelled unless exercised within 30 days;

cash out the value of outstanding options (whether or not such option is otherwise exercisable); or

make any other adjustments or take any other reasonable action, as the Board of Directors deems appropriate.

In addition, the Board of Directors has approved revisions to the 2002 Plan to permit the Board of Director or the Compensation Committee, as applicable, to take the following actions in the event of a change in control:

provide for the cancellation of outstanding stock awards, restricted stock unit awards, performance share awards, Section 162(m) awards or other awards in exchange for payments of cash, property or a combination thereof having an aggregate value equal to the value of such award, as determined by the Board of Directors or the Compensation Committee, as the case may be, in its sole discretion; and

substitute other property, including without limitation, cash or other securities of the Company and securities of an entity other than the Company, for awards granted under the 2002 Plan.

Edgar Filing: CISCO SYSTEMS INC - Form S-8

If the Board of Directors cashes out the value of an outstanding option, the option will be terminated or cancelled. In connection with the cash-out, the Company will pay an amount in cash or stock equal to the amount, if any, by which the aggregate fair market value of the common stock subject to the option (as measured on the date of the change of control) exceeds

the product of

the number of shares of common stock then subject to the option and

the exercise price,

less an amount equal to the federal, state and local taxes, if any, required to be withheld or paid as a result of such payment.

Transferability. A participant may exercise awards only during his or her lifetime. Awards may not be transferred except upon the death of a participant, by will or under the laws of descent and distribution. Under certain circumstances, the Company may permit the transfer of an award to a participant's family member or to one or more trusts established in whole or in part for the benefit of one or more of a participant's family members.

Table of Contents

Amendment or Termination of the 2002 Plan. The Board of Directors or the Compensation Committee may terminate, modify, suspend or amend the 2002 Plan in whole or in part. However, the Company will not effect such a termination, modification, suspension or amendment without stockholder approval if such approval is required to comply with any applicable law or stock exchange rule. Except for proportionate adjustments necessitated by events such as a stock split, the 2002 Plan may not be amended to increase the maximum number of shares issuable under the 2002 Plan without stockholder approval. In addition, the Company cannot effect a termination, modification, suspension or amendment that adversely affects a participant's rights under outstanding awards unless the Company has obtained the consent of the participant. The Board of Directors and the Compensation Committee have broad authority to amend the 2002 Plan or any option to take into account changes in any applicable tax laws, securities laws, accounting rules and other applicable state and federal laws.

Duration of the 2002 Plan. The 2002 Plan will remain in effect until:

the Board of Directors or the Compensation Committee terminates it or

all awards are satisfied or terminated under the terms of the 2002 Plan.

No new awards may be made under the 2002 Plan after April 22, 2009, the tenth anniversary of the original effective date of the prior Bergen Brunswig Corporation plan.

Federal Income Tax Consequences

The anticipated federal income tax consequences for the different types of awards granted under the 2002 Plan, based on current federal income tax law, are briefly summarized below. This summary is not intended to be exhaustive or to describe consequences under particular tax circumstances. Among other things, it does not address possible local, state or foreign tax consequences.

The 2002 Plan is not qualified under Section 401(a) of the Code.

Incentive Stock Options. In general, the value of an ISO is not included in the participant's income at the time of grant, and the participant does not recognize income on exercise of an ISO for the purpose of computing regular income tax. However, when calculating income for alternative minimum tax purposes, the excess, if any, of the fair market value of the shares acquired over the exercise price (spread) generally will be considered part of income. When the participant sells shares of common stock received through the exercise of an ISO, all gain or loss on the sale of the shares will be treated as capital gain or loss, as long as the participant has held the shares for one year after exercise and two years after grant (holding period). In that instance, the Company will not be entitled to a deduction. If the participant has held the shares of common stock for at least one year, the capital gain or loss will be taxed as long-term capital gain or loss. If the participant disposes of common stock received through the exercise of an ISO before the holding period has expired (disqualifying disposition), the spread, up to the amount of the gain on disposition, will be ordinary income at the time of the disqualifying disposition. In this event, the Company will be entitled to a deduction.

Non-Qualified Stock Options. In general, the value of a non-qualified stock option is not included in the participant's income at the time of grant, unless the non-qualified stock option has a readily ascertainable fair market value at the time of grant. The Company does not anticipate

Edgar Filing: CISCO SYSTEMS INC - Form S-8

that any non-qualified stock option will have a readily ascertainable fair market value on the date of grant. Upon exercise, the difference between the exercise price of the non-qualified stock option and the fair market value of the shares of common stock received generally will be recognized as ordinary income, subject to federal income tax withholding. In this instance, the Company will be allowed a deduction. When the participant sells the shares of common stock received through the exercise of the non-qualified stock option, all further gain on the sale will be characterized as capital gain or loss. If the participant has held the shares of common stock for at least one year, the capital gain or loss will be taxed as long-term capital gain or loss.

Table of Contents

SARs. There generally are no federal income tax consequences to the participant or the Company upon grant of a SAR. Upon exercise of a SAR, the participant will recognize ordinary income equal to the cash received and the fair market value of any shares received. The income will generally be compensation income, subject to federal income tax withholding. The Company will generally be entitled to a corresponding deduction. When the participant sells shares acquired by exercise of a SAR, the participant will recognize gain or loss in an amount equal to the difference between the amount realized upon the sale and the participant's tax basis in the shares, which is the amount of ordinary income recognized by the participant at the time of exercise of the SAR. The gain or loss will be a capital gain or loss if the stock is held as a capital asset.

Stock Awards and Performance Shares. Generally, the participant will not recognize income upon the issuance of a stock award or an award of performance shares. When the stock is either transferable or no longer subject to a substantial risk of forfeiture, the participant will recognize ordinary income in an amount equal to the fair market value of the shares, less any amount paid for the shares. At that time, the Company generally will be entitled to a deduction. After any grant of a stock award or issuance of any performance shares, the participant can elect under Section 83(b) of the Code to recognize ordinary income in an amount equal to the fair market value of the shares. In this event, the Company will have a corresponding deduction. If the participant elects such early taxation under Section 83(b), there is no further income recognition at the time the restrictions lapse, and the Company will not be entitled to any additional deduction. In this case, gain or loss recognized by the participant upon later sale of the shares will be capital gain or loss. If the participant makes the election but the stock is forfeited, the participant will not be entitled to the tax loss, except to any tax deduction or tax refund with respect to the tax previously paid.

Restricted Stock Units. A participant who is granted a restricted stock unit is not required to recognize any taxable income at the time of grant. Upon distribution of shares of the Company's common stock in respect of a restricted stock unit, the fair market value of those shares will be taxable to the participant as ordinary income and the Company will receive a deduction equal to the income recognized by the participant. Any subsequent disposition by the participant of shares of the Company's common stock acquired pursuant to restricted stock units will result in capital gain or loss (based on the difference between the price received on disposition of the shares and the market value of the shares at the time of distribution).

Section 162(m) of the Internal Revenue Code

The 2002 Plan is generally intended to authorize the grant of awards which will qualify as performance-based compensation within the meaning of Section 162(m) of the Code and regulations under that section.

Under Section 162(m) of the Code, compensation paid to the Chief Executive Officer or any of the next four most highly paid executive officers of the Company in excess of \$1 million per taxable year generally will be deductible for federal income tax purposes only if it qualifies as performance-based compensation.

What benefits will be received by officers and employees of the Company under the 2002 Plan?

The benefits that will be received in the future under the 2002 Plan, as amended, by particular individuals or groups are not determinable at this time. During fiscal 2005, options were granted under the 2002 Plan as follows: Mr. Yost, 85,000; Mr. Hilzinger, 85,000; Mr. DiCandilo, 60,000; Mr. Collis, 60,000; Mr. Haas, 55,000; all current executive officers as a group (5 persons), 345,000; all current directors who are not executive officers as a group (8 persons), 0; and all employees, including all current officers who are not executive officers, as a group, 2,126,500. The options were granted in March 2005 and the foregoing numbers reflect the numbers of options granted in March 2005. The foregoing numbers do not reflect the two-for-one common stock split that the Company completed as of December 28, 2005. As a result of the two-for-one stock

Edgar Filing: CISCO SYSTEMS INC - Form S-8

split, the numbers of options held by the foregoing individuals or groups pursuant to the March 2005 grants have doubled (with corresponding adjustments to the option exercise prices such that there has been no effect on the aggregate underlying values of the grants).

Table of Contents

What are the effects of the amendments to the 2002 Plan on existing stockholders?

Although the increase in the number of shares of common stock available for issuance under the 2002 Plan will not, in and of itself, have any immediate effect on the rights of our stockholders, any future issuance of additional options, stock awards or performance share awards under the 2002 Plan could affect our stockholders in a number of respects, including by:

decreasing the existing stockholders' percentage equity ownership and voting power, and,

depending on the price at which such awards are issued, diluting the earnings per share and book value per share of outstanding shares of our common stock at such time.

How many votes are needed for this proposal and how are the votes counted?

The approval of the amendments to the 2002 Plan and the 2002 Plan, as amended, requires the affirmative vote of the holders of a majority of the shares of common stock present in person or by proxy at the meeting. Abstentions will be counted in tabulations of the votes cast by stockholders on this proposal and will have the effect of a negative vote. Broker non-votes will not be counted for purposes of determining whether this proposal has been approved.

How does the Board of Directors recommend that I vote?

COMPENSATION MATTERS

Report of the Compensation and Succession Planning Committee on Executive Compensation

The Compensation and Succession Planning Committee consists of the four directors named below. All of the members of the Committee are independent (as independence is defined in Section 303A of the NYSE Listed Company Manual).

The Committee reviews and approves all compensation for the Chief Executive Officer and the other executive officers of the Company. The Committee periodically compares the Company's executive compensation levels with those of companies with which the Company believes that it competes in recruitment and retention of senior executives. The Committee also reviews and makes recommendations with respect to succession planning and management development.

Objectives of the Company's Compensation Program for Executive Officers

The objectives of the Company's executive compensation program are:

to align individual objectives and performance with the Company's business objectives and performance,

to enable the Company to attract, retain and reward executive officers who contribute to the long-term success of the Company and

to motivate those executives to advance the interests of stockholders.

Compensation Policies for the Company's Executive Officers

The Company's compensation program for executive officers consists of three primary components: base salary, annual incentives (e.g., annual bonus) and long-term incentives (e.g., stock options).

In furtherance of the objectives of the Company's compensation program, the Committee believes that the executive officers of the Company should have a greater portion of their compensation at risk than other employees. The Company's compensation program for executive officers is designed to deliver base salary below the median of the companies with which the Company competes for senior executives. Base salary plus annual incentive compensation should provide compensation in the range of the median when the Company meets its financial objectives.

Edgar Filing: CISCO SYSTEMS INC - Form S-8

Base Salary. The Committee reviews the base salaries of the executive officers of the Company annually and makes adjustments based on: past performance; changes in job duties, scope and responsibilities; competitive pay data; and expected future contributions of each executive. The Committee reviewed and determined the base salaries paid to the Company's executive officers for fiscal 2005 based on consideration of these factors.

Annual Incentives. All executive officers participate in the Company's annual incentive plan, an annual cash bonus program. The program is designed to motivate and reward the executive officers of the Company by aligning pay primarily with the achievement of measurable Company or business group financial performance criteria. The annual incentives for the Company's executive officers are tied predominantly to Company or business group financial performance criteria along with the achievement of non-financial, individual criteria to a limited extent. Applicable criteria are established for each executive officer at the beginning of each fiscal year. The target incentive levels for the executive officers under the annual incentive plan for fiscal 2005 ranged from 100% to 120% of base salary rate.

At the end of fiscal 2005, the performance of each executive officer was evaluated against the financial criteria and any non-financial, individual criteria established for that executive officer for fiscal 2005. The

Table of Contents

financial performance criteria for the executive officers in fiscal 2005 included some or all of the following: earnings before interest and taxes, return on committed capital, earnings per share and cash generation, at the Company and/or business group level as applicable for the particular executive officer. The percentage of target incentive level paid to the executive officers for fiscal 2005 ranged from 55% to 110% of their respective target incentive levels for fiscal 2005. The percentage of base salary paid to the executive officers for fiscal 2005 ranged from 55% to 110% of their respective base salary rates for fiscal 2005. The annual incentive payments to all of the Named Executive Officers (as defined below), who comprised all of the Company's executive officers in fiscal 2005, were based exclusively upon the degree to which they achieved their respective performance criteria for fiscal 2005, with the exception of Mr. Haas, who was credited as well for the significant efforts and contributions that he made including his efforts in furtherance of the Company's Optimiz program and various key business strategy initiatives towards positioning the Company to grow the drug distribution business profitably in the future.

Long-Term Incentives. The Company currently provides long-term incentive compensation to the executive officers of the Company through annual non-qualified stock option grants under the Company's 2002 Management Stock Incentive Plan, as amended (the 2002 Plan). The Committee is responsible for overseeing the administration of the 2002 Plan and for making grants of stock options and other types of awards, including restricted stock awards, under the 2002 Plan. Stock options granted under the 2002 Plan are required to have an exercise price equal to or greater than the fair market value of the Company's stock on the date of grant. Generally, stock options vest 25% per year beginning on the first anniversary of the grant date and may be exercised over a term of ten years from the date of grant. The number of options granted to each executive officer of the Company is reviewed and approved by the Committee and is based on position within the Company, job performance, future potential, awards made to executives at comparable companies and other factors.

Options to purchase a total (before adjustment to reflect the December 28, 2005 two-for-one common stock split) of 345,000 shares of the Company's common stock were granted pursuant to the 2002 Plan to the Named Executive Officers in fiscal 2005. The options granted to the Named Executive Officers represented approximately 16% of the options granted to the Company's management and other employees. No other types of awards were granted to the Named Executive Officers in fiscal 2005.

In December 2004, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 123R, which requires companies to measure the cost of stock options at fair value. The Securities and Exchange Commission subsequently mandated that SFAS No. 123R be adopted for annual periods after June 15, 2005. As a result, the Company is obligated, beginning in fiscal 2006, to expense unvested stock options (including those already granted and outstanding at the time that the Company starts expensing unvested stock options) over their remaining vesting periods. During fiscal 2005, the Committee and the Company evaluated whether to continue using stock options as the primary form of long-term incentive compensation once stock option expensing commences and, if so, the extent to which stock options should be granted. As a result of this evaluation, which included consultation with executive compensation experts, the Committee and the Company determined that stock options should continue to be the primary form of long-term incentive compensation after the commencement of stock option expensing but that 25% of the value of long term incentive compensation to the executive officers should be in the form of restricted stock awards. In the future, the Company expects to grant 75% of long-term incentive compensation to executives in the form of stock options and 25% in the form of restricted common stock. Restricted stock awards under the 2002 Plan generally will vest on the third anniversary of the grant date unless the awards are subject to performance criteria, in which case they may vest as early as the first anniversary of the grant date. The Company does not currently expect to grant any restricted stock awards that will vest earlier than the third anniversary of the grant date. The ability of the Company to implement its intended practice of granting a combination of stock options and restricted stock awards is contingent upon stockholder approval of the proposal to amend the 2002 Plan.

Chief Executive Officer's Compensation for Fiscal 2005

Each year Mr. Yost and the Committee agree upon performance objectives. At the end of each year the Committee reviews Mr. Yost's performance against those objectives.

Table of Contents

The Committee determined at the beginning of fiscal 2005 that Mr. Yost would be eligible to receive annual incentive payments at a target level of 120% of his annual base salary rate if the Company met or exceeded specified targets in the four measures of financial performance for fiscal 2005 – earnings before interest and taxes, return on committed capital, earnings per share and cash generation – and if Mr. Yost met or exceeded a number of non-financial criteria. The financial criteria were weighted such that Mr. Yost’s ability to attain the 120% of annual base salary target level was 20.83% dependent on each of the four financial measures. Mr. Yost’s ability to attain the annual incentive target level was 16.67% dependent on the non-financial criteria. At the end of fiscal 2005, the Committee evaluated the financial performance of the Company and determined that the Company had met or exceeded only the return on committed capital and the cash generation targets on which Mr. Yost’s annual incentive payments were dependent. The Committee also evaluated Mr. Yost’s performance and determined that he had met or exceeded the non-financial criteria. Accordingly, the Committee determined that Mr. Yost was entitled to receive 58.33% of his target incentive level for fiscal 2005. As a result, Mr. Yost received an annual incentive payment in the amount of 70% of his annual base salary rate for fiscal 2005.

At the end of fiscal 2004, Mr. Yost also recommended to the Committee that his annual base salary rate should not be increased for fiscal 2005, notwithstanding that modest increases to base salary were provided to employees of the Company generally for fiscal 2005. The Committee accepted Mr. Yost’s recommendation and, accordingly, Mr. Yost’s base salary for fiscal 2005 was essentially unchanged from his base salary for fiscal 2004.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), imposes a \$1 million limit on the deductibility of compensation paid to certain executive officers of public companies, unless the compensation meets certain requirements for performance-based compensation. The Committee has not taken action to date to structure the elements of cash compensation payable to the Company’s executive officers so as to comply specifically with Section 162(m) of the Code. The compensation paid to the Company’s executive officers for fiscal year 2005 that is not considered performance-based for purposes of Section 162(m) of the Code exceeded the \$1 million limit per officer for Messrs. Yost and Hilzinger. The portion of such compensation paid to each of them that exceeded \$1 million accordingly was not deductible for federal tax purposes.

The Committee will continue to consider and evaluate all the Company’s compensation programs in light of Section 162(m) of the Code and related regulations. However, the Company may continue to pay compensation that is not deductible in certain circumstances if sound business judgment so requires.

Corporation

- (1) Includes any amounts deferred under the AmerisourceBergen Corporation 2001 Deferred Compensation Plan (the Deferred Compensation Plan). Eligible executive officers may elect to defer a specified amount of cash compensation and have the deferred amount credited in an account under the Deferred Compensation Plan. The executive officer may elect to have the deferred amount accrue interest at one percentage point higher than the prime rate as in effect from time to time or to have the deferred amount increase (or decrease) in value based on the performance of certain designated mutual funds. Election forms must be filed for each year an executive officer wishes to defer compensation and each form shall specify the method of payment of benefits and the time such payment is to commence. The deferred benefits will be distributed by the Company in accordance with the terms of the Deferred Compensation Plan and payment will be made at the times elected by the executive officer in accordance with the election form. An executive officer may elect to receive a deferred benefit (i) over annual periods ranging from three to fifteen years and payable in quarterly installments or (ii) in a single distribution. The Company pays all costs and expenses incurred in the administration of the Deferred Compensation Plan.

- (2) Bonuses for each fiscal year were determined by applying the bonus percentage determined by the Compensation and Succession Planning Committee to the base salary rate of each Named Executive Officer for the fiscal year to which the bonus relates. The amounts shown consist of bonuses earned in the fiscal year identified but paid in full in the subsequent fiscal year.

Table of Contents

- (3) No Named Executive Officer was paid or provided perquisites and other personal benefits, securities or property in fiscal 2005, 2004 or 2003 with an aggregate value of more than \$50,000 (or, if lower, 10% of the total of salary and bonus paid in such fiscal year to such individual).
- (4) The numbers of shares underlying the options granted in each fiscal year predated the two-for-one common stock split that the Company completed as of December 28, 2005. The numbers set forth in this column do not reflect the two-for-one common stock split.
- (5) Mr. Collis was paid \$1,500,000 and granted 5,000 restricted shares of common stock in February 2004 pursuant to the terms of the employment agreement that he entered into with the Company in February 2004. The terms of Mr. Collis's employment agreement are described below under *Agreements with Employees*. The dollar value shown in the Summary Compensation Table for the restricted shares granted to Mr. Collis is based on a per share value of \$56.68, which was the closing price of the common stock on February 19, 2004, the date that the restricted shares were granted to Mr. Collis. As of September 30, 2005, Mr. Collis continued to hold all 5,000 restricted shares of common stock. The dollar value of the 5,000 restricted shares as of September 30, 2005 was \$386,500 (based on a per share value of \$77.30, which was the closing price of the Company's common stock on September 30, 2005). The restricted shares granted to Mr. Collis vest on the third anniversary of the date of grant. Dividends accrue starting the date of grant on all of the restricted shares granted to Mr. Collis. The dividends accrued on any restricted shares of common stock will be paid to Mr. Collis upon vesting and delivery of the shares to Mr. Collis. As a result of the two-for-one common stock split that the Company completed as of December 28, 2005, the number of restricted shares held by Mr. Collis has doubled (to 10,000 shares), although the aggregate value of the shares was not affected by the stock split.

Options Granted and Exercised in Fiscal 2005

The following tables set forth certain information with respect to options granted to and exercised by the Named Executive Officers during fiscal 2005. The information set forth in these tables relates to options granted to and exercised by the Named Executive Officers of the Company to purchase shares of Common Stock under the 2002 Management Stock Incentive Plan. The numbers set forth in the following tables pertain to grants that predated the two-for-one common stock split that the Company completed as of December 28, 2005. As a result of the two-for-one stock split, the numbers of shares of the Company's common stock underlying options held by the Named Executive Officers set forth below have doubled and the exercise prices of the options have been halved but the aggregate values set forth below have not been affected by the stock split.

Pension Plans

AmerisourceBergen Drug Corporation Participating Companies Pension Plan. The Company maintains a qualified defined benefit pension plan providing pension benefit coverage for employees of the Company who meet the plan's eligibility requirements (the Pension Plan). The Pension Plan was frozen as to new participants shortly after the merger on August 29, 2001 of AmeriSource Health Corporation and Bergen Brunswig Corporation that resulted in the formation of the Company (the Merger). Thus, employees first hired after September 14, 2001 are not eligible to participate in the Pension Plan, unless pursuant to the terms of a collective bargaining agreement with the Company that provides for such participation. Effective August 1, 2004, no collective bargaining agreements allow new participants to enter the Pension Plan. In addition, the Pension Plan has been amended so that participants will cease to earn any additional benefits under the Pension Plan for any compensation paid or services performed after September 30, 2007. Accordingly, the maximum benefits payable to Pension Plan participants will be frozen as of September 30, 2007.

Under the Pension Plan, executive officers and other participants are entitled to annual pension benefits at age 65 equal to the number of years of credited service multiplied by 1% of average annual compensation earned during the three consecutive years within the last ten years of participation in the Pension Plan which yield the highest average.

All Pension Plan costs are paid by the Company and the plan and benefits are funded on an actuarial basis. Compensation earned by executive officers for purposes of the plan includes salaries and bonuses set forth in the cash compensation table under the Summary Compensation Table

Edgar Filing: CISCO SYSTEMS INC - Form S-8

above, except that compensation recognized under the plan may not exceed certain limits, as required by the Employee Retirement Income Security Act of 1974, as amended (ERISA), and the Code. For 2005, the compensation limit was \$210,000.

AmerisourceBergen Drug Corporation Supplemental Retirement Plan. The Company also maintains a Supplemental Retirement Plan (the Supplemental Plan). Coverage under the Supplemental Plan is limited to certain participants in the Pension Plan whose benefits under the Pension Plan are limited due to (i) restrictions imposed by the Code on the amount of benefits to be paid from a tax-qualified plan, (ii) restrictions imposed by the Code on the amount of an employee s compensation that may be taken into account in calculating benefits to be paid from a tax-qualified plan, or (iii) any reductions in the amount of compensation taken into account under

Table of Contents

the Pension Plan due to an employee's participation in certain deferred compensation plans sponsored by the Company or one of its subsidiaries.

The Supplemental Plan provides for a supplement to the annual pension benefit paid under the Pension Plan to certain individuals who are pension participants and who have been employed by the Company or one of its subsidiaries for five continuous years or who suffer a total and permanent disability while employed by the Company or one of its subsidiaries, and to the pre-retirement death benefits payable under the Pension Plan on behalf of such participants who die with a vested interest in the Pension Plan. The amount of the supplement will be the difference, if any, between the pension or pre-retirement death benefit paid under the Pension Plan and that which would otherwise have been payable but for the restrictions imposed by the Code and any reduction in the participant's compensation for purposes of the Pension Plan due to his participation in certain deferred compensation plans of the Company or one of its subsidiaries.

The following table shows estimated aggregate annual retirement benefits that would be payable to participants under the Pension Plan and, if applicable, the Supplemental Plan, upon normal retirement at age 65 under various assumptions as to final average annual compensation and years of credited service and on the assumption that benefits will be paid in the form of a single life annuity. The benefit amounts listed are not subject to any deduction for Social Security benefits. As of October 1, 2005, the years of credited service under the Pension Plan for the Named Executive Officers of the Company were as follows: R. David Yost, 31.08 years; Kurt J. Hilzinger, 14.58 years; Michael D. DiCandilo, 15 years; and Terrance P. Haas, 16.33 years. As required by ERISA and the Code, the Pension Plan limits the maximum annual benefits payable at Social Security retirement age as a single life annuity to the lesser of \$170,000 or 100% of a plan participant's average total taxable earnings during his highest three consecutive calendar years of participation, subject to certain exceptions for benefits which accrued prior to September 30, 1988.

AGREEMENTS WITH EMPLOYEES**AmerisourceBergen Employment Agreements**

Edgar Filing: CISCO SYSTEMS INC - Form S-8

Effective October 1, 2003, the Company entered into employment agreements (each, an Employment Agreement and collectively, Employment Agreements) with Messrs. Yost, Hilzinger, DiCandilo and Haas. Mr. Yost's Employment Agreement specifies that he shall serve as Chief Executive Officer of the Company and shall report to the Board of Directors. Mr. Hilzinger's Employment Agreement specifies that he shall serve as President and Chief Operating Officer of the Company and shall report to the Chief Executive Officer. Mr. DiCandilo's Employment Agreement specifies, among other things, that he shall serve as the Chief Financial

Table of Contents

Officer of the Company and shall report to the Chief Executive Officer. Mr. Haas' Employment Agreement specifies that he shall serve as the Senior Vice President Operations of the Company, or in any other capacity with the Company or any subsidiary as may be determined from time to time by the Company, so long as he is compensated at a salary grade level that is substantially the same as or greater than his salary grade level as of October 1, 2003.

With the exception of the foregoing, the Employment Agreements are substantially similar in form and substance. Each Employment Agreement provides for the following, among other things:

Two-year term of employment, with an automatic two-year extension on each two-year anniversary date.

Continuation of annual base salary at the rate in effect for the executive as of October 1, 2003, subject to increase in accordance with the Company's prevailing practices from time to time.

Incentive compensation, bonuses and benefits in accordance with the Company's prevailing practices from time to time.

Customary rights on the part of the Company to terminate for cause (which includes, among other things, conviction of a crime of moral turpitude).

Rights on the part of the executive to terminate for good reason (which includes notice by the Company of non-renewal of the Employment Agreement upon the end of any two-year term or a reduction in the salary grade of the executive).

Each Employment Agreement obligates the Company to continue to pay the executive base salary and bonus (based on average of annual bonuses paid in the prior three years) and to reimburse the costs incurred by the executive to continue health coverage, in each case for two years after termination if the executive is terminated without cause or the executive terminates for good reason. Good reason is defined to include, among other things, reduction in base salary and notice of non-renewal by the Company at the end of the initial two-year term or any renewal term.

Each Employment Agreement indicates that payments to be made to the executive are intended not to constitute excess parachute payments within the meaning of Section 280G of the Internal Revenue Code of 1986 and provides for reduction of the amount of the payments, if necessary, to ensure that they do not constitute excess parachute payments.

Each Employment Agreement obligates the executive to refrain for a period of two years after any termination of the executive's employment from competing, directly or indirectly, with any business in which the Company or its subsidiaries engages and from soliciting any other employees of the Company or its subsidiaries.

Employment Agreement with Steven H. Collis

Edgar Filing: CISCO SYSTEMS INC - Form S-8

In September 2000, Bergen Brunswig Corporation (Bergen) entered into a written employment agreement (the Bergen Employment Agreement) with Mr. Collis. The form of this agreement was substantially the same as the forms of such agreements that were entered into with other Bergen executive officers. The Bergen Employment Agreement provided for an initial term of three years but provided for automatic extension on a monthly basis so that the outstanding term was always three years, subject to the option of either party to terminate the automatic extension provision at any time. The automatic extension provision of the Bergen Employment Agreement was terminated on August 29, 2001, the effective date of the merger of Bergen Brunswig Corporation and AmeriSource Health Corporation, resulting in an agreement with term ending on August 29, 2004. The Bergen Employment Agreement also was terminable prior to August 29, 2004 in the following circumstances:

by Mr. Collis with or without good reason upon written notice of termination delivered to the Company,

by mutual agreement between Mr. Collis and the Company and

by the Company for cause.

Table of Contents

In the event of termination of the Bergen Employment Agreement by the Company for any reason other than cause, or by Mr. Collis for good reason, Mr. Collis was entitled to termination damages equal to three years of salary and bonuses and the value of three years of benefits. The damages were subject to mitigation if Mr. Collis were to obtain other employment during the three years after termination. The Merger constituted good reason for Mr. Collis to terminate his Bergen Employment Agreement. Accordingly, Mr. Collis could have terminated the Bergen Employment Agreement in his discretion at any time on or before August 29, 2004 and Mr. Collis would have been entitled to receive termination damages.

By letter agreement dated July 27, 2001 (the Letter Agreement), the Company and Mr. Collis agreed to a method for calculating the termination damages payable under the Bergen Employment Agreement as follows:

Salary in effect at the time of employment termination would be deemed to continue at that rate until the immediately following September 30 and to increase thereafter on each October 1 by 4%.

Bonus would be calculated as the average of the three highest bonuses paid over the preceding five years, which amount would then increase at 4% per annum during the three year period used to calculate damages.

Value of all other benefits and perquisites would be deemed to be \$25,000 per year.

The amount so determined was then to be reduced to present value using a discount rate equal to 120% of the then applicable federal rate determined under Section 1274 of the Code, compounded semiannually.

In February 2004, Mr. Collis entered into a new employment agreement with AmerisourceBergen Corporation (the New Employment Agreement) that replaced and superseded the Bergen Employment Agreement. The New Employment Agreement specifies that Mr. Collis will serve as Senior Vice President of the Company and President of AmerisourceBergen Specialty Group, or in any other capacity with the Company or any subsidiary as may be determined from time to time by the Company, so long as he is compensated at a salary grade level that is substantially the same as or greater than his salary level as of February 2004. In consideration for the benefits extended to him under the New Employment Agreement, Mr. Collis agreed to waive his rights under the Bergen Employment Agreement, including the right to terminate for good reason and receive termination damages. Under the terms of his New Employment Agreement, Mr. Collis received a one-time payment of \$1,500,000 and a one-time grant of 5,000 restricted shares of the Company s common stock (now 10,000 shares, as adjusted for the December 28, 2005 two-for-one common stock split), both in February 2004. The restricted shares of the Company s common stock were granted under the 2002 Management Stock Incentive Plan. Mr. Collis also agreed to refrain for a period of two years after any termination of his employment from being employed or engaged as a director, officer, employee, consultant or independent contractor for certain specified competitors of the Company and/or the AmerisourceBergen Specialty Group. The foregoing non-competition covenant differs from the more general non-competition covenant that appears in the standard form of the AmerisourceBergen Employment Agreement. With the exception of the foregoing, the terms of Mr. Collis s New Employment Agreement are substantially similar in form and substance to the AmerisourceBergen Employment Agreements described above and into which the other Named Executive Officers have entered.

Bergen Deferred Compensation Loan Program

Edgar Filing: CISCO SYSTEMS INC - Form S-8

In April 1990, the board of directors of Bergen Brunswig Corporation approved an unfunded deferred compensation loan program available to Bergen's executive officers (the ELP) for the purpose of providing them with an incentive to remain with Bergen. Under the ELP, Bergen made a loan in the amount of \$375,000 to Mr. Collis. This loan was forgiven by Bergen in August 2001. Bergen then made an additional loan in the amount of \$170,000 to Mr. Collis in order to enable him to pay the income tax he incurred as a result of the forgiveness of the ELP loan. In February 2004, Mr. Collis paid the tax assistance loan in full.

BENEFICIAL OWNERSHIP OF COMMON STOCK

This table shows how much of our outstanding common stock is beneficially owned by each of the Named Executive Officers (who comprise all of the executive officers of the Company), each of the directors, and all directors and executive officers as a group as of December 1, 2005. The table also shows how much of our outstanding common stock is beneficially owned by owners of more than 5% of our outstanding common stock. The numbers of securities set forth below pre-date the two-for-one common stock split that was completed by the Company as of December 28, 2005. Had the table below set forth information as of December 28, 2005 (and assuming no changes in beneficial ownership between December 1, 2005 and December 28, 2005), the numbers of shares beneficially owned as set forth in the following table would have been doubled but the percent of class, in each case, would have remained unchanged.

According to the rules adopted by the SEC, a person beneficially owns securities if the person has or shares the power to vote them or to direct their investment or has the right to acquire beneficial ownership of such securities within 60 days through the exercise of an option, warrant, right of conversion of a security or otherwise. Except as otherwise noted, the beneficial owners listed have sole voting and investment power with respect to the shares shown. An asterisk in the Percent of Class column indicates beneficial ownership of less than 1%, based on 104,303,139 shares of common stock outstanding as of the close of regular trading on the NYSE on December 1, 2005.

APPENDIX B

FORM OF AMERISOURCEBERGEN CORPORATION

2002 MANAGEMENT STOCK INCENTIVE PLAN, AS AMENDED

1. Background and Purpose.

(a) *Background.* This AmerisourceBergen Corporation 2002 Management Stock Incentive Plan (the *Plan*) is the result of the merger, effective April 23, 2002 (the *Effective Date*), of the Bergen Brunswig Corporation 1999 Management Stock Incentive Plan (the *Prior Bergen Plan*) with and into the AmeriSource Health Corporation 2001 Stock Option Plan (the *Prior AmeriSource Plan*) (collectively, with the Bergen Brunswig Corporation 1999 Management Stock Incentive Plan, the *Prior Plans*). Upon the merger of the Prior Plans, this Plan was amended and restated in the form set forth in this document and renamed the AmerisourceBergen Corporation 2002 Management Stock Incentive Plan (the *Plan*). The Prior AmeriSource Plan was approved by the shareholders of AmeriSource Health Corporation and the Prior Bergen Plan was approved by the shareholders of the Bergen Brunswig Corporation, in each case before the closing of the merger which created AmerisourceBergen Corporation. Upon the closing of such merger, the number of shares subject to rights granted under the Prior Plans and, as to stock options, the option price for such options, were adjusted in accordance with the terms of the merger agreement. Each of the Prior Plans was then adopted by AmerisourceBergen Corporation. This document applies to all grants made under this Plan on or after the Effective Date. Each grant made under either of the Prior Plans will remain subject to the terms of the applicable Prior Plan, as in existence immediately prior to the Effective Date; provided, however, that upon the forfeiture or lapse of any right granted under either of the Prior Plans, the shares underlying such right shall again be available for issuance pursuant to this Plan.

(b) *Purpose.* The purpose of the Plan is to provide designated employees of AmerisourceBergen Corporation (the *Company*) and its subsidiaries with the opportunity to receive grants of stock awards and other incentive compensation as provided in the Plan. The Company believes that the Plan will encourage the participants to contribute materially to the growth of the Company, thereby benefiting the Company's shareholders, and will align the economic interests of the participants with those of the shareholders.

2. Definitions. For purposes of the Plan, the following terms shall be defined as follows:

Award Agreement means a written agreement or certificate granting an Award. An Award Agreement shall be executed by an officer on behalf of the Company and shall contain such terms and conditions as the Committee deems appropriate and that are not inconsistent with the terms of the Plan. The Administrator may in its discretion require that an Award Agreement be executed by the Participant to whom the relevant Award is made.

Board means the Board of Directors of the Company.

A *Change in Control* shall be deemed to have occurred if:

- (i) Any person (as such term is used in Sections 13(d) and 14(d) of the Exchange Act) is or becomes a beneficial owner (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing more than 35% of the voting power of the then outstanding

securities of the Company, and such person owns more aggregate voting power of the Company's then outstanding securities entitled to vote generally in the election of directors than any other person;

- (iii) After April 23, 2002, directors are elected such that a majority of the members of the Board shall have been members of the Board for less than two years, unless the election or nomination for election of each new director who was not a director at the beginning of such two-year period was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of such period.

Edgar Filing: CISCO SYSTEMS INC - Form S-8

At all times, the Administrator appointed under this Section 3(d) shall serve in such capacity at the pleasure of the Committee. Any action undertaken by the Administrator in accordance with the Committee's delegation of authority shall have the same force and effect as if undertaken directly by the Committee, and any reference in the Plan to the Committee shall, to the extent consistent with the terms and limitations of such delegation, be deemed to include a reference to the Administrator.

(e) *Liability of Committee.* No member of the Committee shall be liable for anything whatsoever in connection with the administration of the Plan except such person's own willful misconduct. Such shares may be either authorized but unissued shares, treasury shares or any combination thereof. - (a) the number of shares subject to outstanding Awards shall be charged against the Section 5 Limit; and

- (b) the Section 5 Limit shall be increased by:
 - (i) the number of shares subject to an Award (or portion thereof) which lapses, expires or is otherwise terminated without the issuance of such shares or is settled by the delivery of consideration other than shares,

 - (ii) the number of shares tendered to pay the exercise price of a Stock Option or other Award, and

 - (iii) the number of shares withheld from any Award to satisfy a Participant's tax withholding obligations or, if applicable, to pay the exercise price of a Stock Option or other Award.

In addition, any shares underlying Substitute Awards shall not be counted against the Section 5 Limit set forth in the first sentence of this Section 5.

6. Eligible Individuals.

- (a) *Eligibility Criteria.* Awards may be granted by the Committee to individuals (*Eligible Individuals*) who are officers or other key employees or consultants of the Company or a Subsidiary with the potential to contribute to the future success of the Company or its Subsidiaries. Members of the Committee will not be eligible to receive Awards under the Plan. An individual's status as an Administrator will not affect his or her eligibility to participate in the Plan.

- (b) *Maximum Number of Shares per Eligible Individual.* In accordance with the requirements under Section 162(m) of the Code, the limit on grants of Awards to Eligible Individuals in respect of any calendar year commencing on or after January 1, 2006 shall be 250,000 shares of Common Stock.

7. Awards Generally. Awards under the Plan may consist of Stock Options, Stock Appreciation Rights, Stock Awards, Restricted Stock Unit Awards, Performance Share Awards, Section 162(m) Awards or other awards determined by the Committee. The terms and provisions of an Award shall be set forth in a written Award Agreement approved by the Committee and delivered or made available to the Participant as soon as practicable following the date of the award. The vesting, exercisability, payment and other restrictions applicable to an Award (which may

include, without limitation restrictions on transferability or provision for mandatory resale to the Company) shall be determined by the Committee and set forth in the applicable Award Agreement. Notwithstanding the foregoing, the Committee may accelerate (i) the vesting or payment of any Award, (ii) the lapse of restrictions on any Award or (iii) the date on which any Option or Stock Appreciation Right first becomes exercisable. The date of a Participant's termination of employment for any reason shall be determined in the sole discretion of the Committee. The Committee shall also have full authority to determine and specify in the applicable Award Agreement the effect, if any, that a Participant's termination of employment for any reason will have on the vesting, exercisability, payment or lapse of restrictions applicable to an outstanding Award.

8. Stock Options.

(a) *Terms of Stock Options Generally.* Subject to the terms of the Plan and the applicable Award Agreement, each Stock Option shall entitle the Participant to whom such Stock Option was granted to purchase the number of shares of Common Stock specified in the applicable Award Agreement and shall be subject to the terms and conditions established by the Committee in connection with the Award and specified in the applicable

Award Agreement. Upon satisfaction of the conditions to exercisability specified in the applicable Award Agreement, a Participant shall be entitled to exercise the Stock Option in whole or in part and to receive, upon satisfaction or payment of the exercise price or an irrevocable notice of exercise in the manner contemplated by Section 8(d) below, the number of shares of Common Stock in respect of which the Stock Option shall have been exercised. Stock Options may be either Nonqualified Stock Options or Incentive Stock Options. Notwithstanding anything contained in the Plan to the contrary:

(i) *Termination of Employment For Cause.* If a Participant is notified that the Participant will be involuntarily terminated from employment with the Company or any Subsidiary for Cause, then all unexercised stock options subject to any Award Agreement shall be forfeited as of the date of such notice, whether or not then exercisable, except to the extent otherwise specified in the applicable Award Agreement. For purposes of this Section 8, Cause shall mean a determination by the Board that any of the following has occurred: (A) an act or acts of dishonesty by the Participant constituting a felony under applicable law and resulting or intending to result directly or indirectly in gain to or personal enrichment of the Participant at the Company's expense; or (B) a material breach of subsection (1), (2) or (3) below.

(1) *Full-Time Employment.* The Participant shall devote his time, attention and effort during regular business hours to the business of the Company and shall not during the term of employment be engaged in any other substantial business activity whether or not such business activity is pursued for gain, profit or other pecuniary advantage; but this shall not be construed as preventing the Participant from investing his personal assets in businesses which do not compete with the Company in such form or manner as will not require substantial services on the part of the Participant in the operation of the affairs of the companies in which such investments are made. Notwithstanding the foregoing, the Participant may purchase securities in any corporation whose securities are regularly traded; provided, however, that such purchases shall not result in his owning beneficially at any time more than one percent (1%) of any class of securities of any corporation engaged in a business competitive with that of the Company.

(2) *Unauthorized Disclosure.* During the term of the Participant's employment with the Company, and for a period of two (2) years thereafter, the Participant shall not, without the written consent of the Board or the Executive Committee, disclose to any person, other than as required by law or court order, or other than to an employee of the Company or any of its affiliated corporations, or other than to a person to whom disclosure is necessary or appropriate in connection with the performance by the Participant of his duties (including but not limited to disclosure to the Company's outside accountants, attorneys or bankers of information properly requested by such persons), any confidential information obtained by Participant while the Participant is in the employ of the Company. For purposes of this Plan, confidential information shall mean any information of the Company that the Company treats as confidential as well as any information that a prudent officer of the Company would consider to be proprietary or confidential to the Company, including without limitation, information with respect to any of the Company's services, customers, suppliers, techniques, patents and patent applications, methods (including manufacturing methods), products, designs, financial projections, industry projections or analyses, planned or pending agreements or future plans; provided, however, that confidential information shall not include any information known generally to the public (other than as a result of unauthorized disclosure by the Participant) or any information of a type not otherwise considered confidential by persons engaged in the same business or a business similar to that conducted by the Company.

(3) *Works For Hire Acknowledgment; Assignment.* The Participant acknowledges that all of the Participant's work on and contributions to the Company's products (the Products), including, without limitation, any and all patterns, designs, artworks and other expressions in any tangible medium (collectively, the Works) are within the scope of the Participant's employment and are a part of the services, duties and responsibilities of the Participant. All of the Participant's work on and contributions to the Works will be rendered and made by the Participant for, at the instigation of, and under the overall direction of the Company, and all of the Participant's said work and contributions, as

well as the Works, are and at all times shall be regarded as work made for hire as that term is used in the United States Copyright Laws. Without curtailing or limiting this acknowledgment, the Participant hereby assigns, grants, and delivers exclusively to the Company, as to work on and contribution to the Products pursuant hereto all rights, titles, and interests in and to any such Works, and all copies and versions, including all copyrights and renewals. The Participant will execute and deliver to the Company, or its successors and assigns, such other and further assignments, instruments and documents as it from time to time reasonably may request for the purpose of establishing, evidencing, and enforcing or defending its complete, exclusive perpetual, and worldwide ownership of all rights, titles, and interests of every kind and nature whatsoever, including all copyrights in and to the Works. The Participant hereby constitutes and appoints the Company as its agent and attorney-in-fact, with full power of substitution, to execute and deliver said assignments, instruments or documents as the Participant may fail or refuse to execute and deliver, this power and agency being coupled with an interest and being irrevocable.

(ii) *Other Termination of Employment.* Except as otherwise provided above or in an Award Agreement, if a Participant terminates employment with the Company or any Subsidiary for any reason other than for Cause and such Participant has not satisfied the conditions to exercisability specified in the applicable Award Agreement, then the Participant shall forfeit those Stock Options which have not yet become exercisable as of the date of such termination of employment.

(b) *Exercise Price.* The exercise price per share of Common Stock purchasable under a Stock Option shall be determined by the Committee at the time of grant and set forth in the Award Agreement; provided, however, that the exercise price per share shall be no less than 100% of the Fair Market Value per share on the date of grant. Notwithstanding the foregoing, the exercise price per share of a Stock Option that is a Substitute Award may be less than the Fair Market Value per share on the date of award; provided, however, that the excess of:

(i) the aggregate Fair Market Value (as of the date such Substitute Award is granted) of the shares subject to the Substitute Award, over

(ii) the aggregate exercise price thereof, does not exceed the excess of:

(iii) the aggregate fair market value (as of the time immediately preceding the transaction giving rise to the Substitute Award, such fair market value to be determined by the Committee) of the shares of the predecessor entity that were subject to the award assumed or substituted for by the Company, over

(iv) the aggregate exercise price of such shares.

(c) *Option Term.* The term of each Stock Option shall be fixed by the Committee and set forth in the Award Agreement; provided, however, that a Stock Option shall not be exercisable after the expiration of ten (10) years after the date the Stock Option is granted. Notwithstanding the foregoing:

(i) *Termination of Employment Without Cause.* If a Participant is notified that the Participant will be involuntarily terminated from employment with the Company or any Subsidiary without Cause, then the term of the Participant's Stock Option shall end on the earlier of the date set forth in the applicable Award Agreement or one (1) year from the date of the Participant's termination of employment.

(ii) *Disability.* If a Participant terminates employment with the Company or any Subsidiary due to Disability, then the term of the Participant's Stock Option shall end on the earlier of the date set forth in the applicable Award Agreement or one (1) year from the date of the Participant's termination of employment.

(iii) *Death.* If a Participant terminates employment with the Company or any Subsidiary due to death, such Participant's estate shall have the right to exercise the Participant's Stock Options for a period ending on the earlier of the term set forth in the applicable Award Agreement or one (1) year from the date of the Participant's death.

(iv) *Voluntary Termination of Employment.* Except as otherwise provided in Section 8(c)(v) of the Plan, if a Participant terminates employment with the Company or any Subsidiary and such Participant has

satisfied the conditions to exercisability specified in the applicable Award Agreement as of the date of such voluntary termination, then the term of the Participant's Stock Options shall end on the earlier of the date set forth in the applicable Award Agreement or three (3) months from the date of the Participant's termination of employment.

(v) *Voluntary Retirement.* Effective with Awards granted on or after August 10, 2004, if a Participant terminates employment with the Company or any Subsidiary due to Voluntary Retirement after having (A) reached age sixty-two (62) and (B) completed five (5) years of continuous service with the Company or its Subsidiaries, then the term of the Participant's Stock Option shall end on the earlier of the date set forth in the applicable Award Agreement or three (3) years from the date of the Participant's Voluntary Retirement. For purposes of this Section 8, Voluntary Retirement shall mean any voluntary termination of employment by a Participant after reaching age sixty-two (62) and completing five (5) years of continuous service with the Company or its Subsidiaries.

(d) *Method of Exercise.* Subject to the provisions of the applicable Award Agreement the exercise price of a Stock Option may be paid in cash or previously owned shares or a combination thereof or in whole or in part through the withholding of shares subject to the Stock Option with a value equal to the exercise price. In accordance with the rules and procedures established by the Administrator for this purpose, the Stock Option may also be exercised through a cashless exercise procedure which is approved by the Administrator involving a broker or dealer approved by the Administrator thereby affording Participants the opportunity to sell immediately some or all of the shares underlying the exercised portion of the Stock Option in order to generate sufficient cash to pay the Stock Option exercise price or to satisfy withholding tax obligations related to the Stock Option.

9. Stock Appreciation Rights. Stock Appreciation Rights shall be subject to the terms and conditions established by the Committee in connection with the Award thereof and specified in the applicable Award Agreement. Upon satisfaction of the conditions to the payment specified in the applicable Award Agreement, each Stock Appreciation Right shall entitle a Participant to an amount, if any, equal to the Fair Market Value of a share of Common Stock on the date of exercise over the Stock Appreciation Right exercise price specified in the applicable Award Agreement. At the discretion of the Administrator, payments to a Participant upon exercise of a Stock Appreciation Right may be made in Shares, cash or a combination thereof. A Stock Appreciation Right may be granted alone or in addition to other Awards, or in tandem with a Stock Option. If granted in tandem with a Stock Option, a Stock Appreciation Right shall cover the same number of shares of Common Stock as covered by the Stock Option (or such lesser number of shares as the Committee may determine) and shall be exercisable only at such time or times and to the extent the related Stock Option shall be exercisable, and shall have the same term and exercise price as the related Stock Option. Upon exercise of a Stock Appreciation Right granted in tandem with a Stock Option, the related Stock Option shall be canceled automatically to the extent of the number of shares covered by such exercise; conversely, if the related Stock Option is exercised as to some or all of the shares covered by the tandem grant, the tandem Stock Appreciation Right shall be canceled automatically to the extent of the number of shares covered by the Stock Option exercised.

10. Stock Awards. Stock Awards shall consist of one or more shares of Common Stock granted to an Eligible Individual, and shall be subject to the terms and conditions established by the Committee in connection with the Award and specified in the applicable Award Agreement; provided, however, that each Stock Award shall be subject to at least one of the following minimum repurchase or lapse restrictions: (a) a performance-based repurchase or lapse restriction that expires not less than one (1) year following the date of grant or (b) a time-based repurchase or lapse restriction that expires based on the Eligible Individual remaining employed or otherwise providing services to the Company for not less than three (3) years from the date the Stock Award is made. Except in the case of death or permanent disability of an Eligible Individual and as otherwise permitted by Section 17, neither the Board nor the Administrator shall be permitted to waive any repurchase or lapse restriction applicable to any Stock Award.

11. Restricted Stock Units. The Committee may from time to time grant Awards to Eligible Individuals denominated in Common Stock-equivalent units in such amounts and upon such terms as the Committee shall determine and as set forth in an applicable Award Agreement; provided, however, that each Restricted Stock Unit Award shall be subject to at least one of the following minimum repurchase or lapse restrictions: (a) a performance-based repurchase or lapse restriction that expires not less than one (1) year following the date of grant or (b) a time-based repurchase or lapse restriction that expires based on the Eligible Individual remaining employed or otherwise providing services to the Company for not less than three (3) years from the date the Restricted Stock Unit Award is made. Except in the case of death or permanent disability of an Eligible Individual and as otherwise permitted by Section 17, neither the Board nor the Administrator shall be permitted to waive any repurchase or lapse restriction applicable to any Restricted Stock Unit Award. Restricted Stock Units granted to a Participant shall be credited to a bookkeeping reserve account solely for accounting purposes and shall not require a segregation of any of the Company's assets. An Award of Restricted Stock Units may be settled in Common Stock, cash, or in any combination of Common Stock and cash; provided, however, that a determination to settle an Award of Restricted Stock Units in whole or in part in cash shall be made only with approval of the Board. Except as otherwise provided in the applicable Award Agreement, the grantee shall not have the rights of a shareholder with respect to any Common Stock represented by a Restricted Stock Unit.

12. Performance Share Awards. Performance Share Awards shall be evidenced by an Award Agreement in such form and containing such terms and conditions as the Committee deems appropriate and which are not inconsistent with the terms of the Plan. Each Award Agreement shall set forth the number of shares of Common Stock to be earned by a Participant upon satisfaction of certain specified performance criteria and subject to such other terms and conditions as the Committee deems appropriate. Payment in settlement of a Performance Share Award shall be made as soon as practicable following the conclusion of the applicable performance period, or at such other time as the Administrator shall determine, in shares of Common Stock, in an equivalent amount of cash or in a combination of Common Stock and cash, as the Administrator shall determine.

13. Other Awards. The Committee shall have the authority to specify the terms and provisions of other forms of equity-based or equity-related Awards not described above which the Committee determines to be consistent with the purpose of the Plan and the interests of the Company, which Awards may provide for cash payments based in whole or in part on the value or future value of Common Stock, for the acquisition or future acquisition of Common Stock, or any combination thereof. Other Awards shall also include cash payments (including the cash payment of dividend equivalents) under the Plan which may be based on one or more criteria determined by the Committee which are unrelated to the value of Common Stock and which may be granted in tandem with, or independent of, other Awards under the Plan.

14. Section 162(m) Awards.

(a) *Terms of Section 162(m) Awards Generally.* In addition to any other Awards under the Plan, the Company may make Awards that are intended to qualify as qualified performance-based compensation for purposes of Section 162(m) of the Code (Section 162(m) Awards). Section 162(m) Awards may consist of Stock Options, Stock Appreciation Rights, Stock Awards, Performance Share Awards or Other Awards the vesting, exercisability and/or payment of which is conditioned upon the attainment for the applicable Performance Period of specified performance targets related to designated performance goals for such period selected by the Committee from among the performance goals specified in Section 14(b) below. Section 162(m) Awards will be made in accordance with the procedures specified in applicable Treasury regulations for compensation intended to be qualified performance-based compensation.

(b) *Performance Goals.* For purposes of this Section 14, performance goals shall be limited to one or more of the following: (i) net revenue, (ii) net earnings, (iii) operating earnings or income, (iv) absolute and/or relative return on equity or assets, (v) earnings per share, (vi) cash flow, (vii) pretax profits, (viii) earnings growth, (ix) revenue growth, (x) book value per share, (xi) stock price and (xii) performance relative to peer companies, each of which may be established on a corporate-wide basis or established with respect to one or more operating units, divisions, acquired businesses, minority investments, partnerships or joint ventures.

(c) *Other Performance-Based Compensation.* The Committee's decision to make, or not to make, Section 162(m) Awards within the meaning of this Section 14 shall not in any way prejudice the qualification of any other Awards as performance based compensation under Section 162(m). In particular, Awards of Stock Options may, pursuant to applicable regulations promulgated under Section 162(m), be qualified as performance-based compensation for Section 162(m) purposes without regard to this Section 14.

15. Non-transferability. No Award granted under the Plan or any rights or interests therein shall be sold, transferred, assigned, pledged or otherwise encumbered or disposed of except by will or by the laws of descent and distribution or as may otherwise be required by law; provided, however, that the Administrator may, subject to such terms and conditions as the Administrator shall specify, permit the transfer of an Award to a Participant's family members or to one or more trusts established in whole or in part for the benefit of one or more of such family members; *provided further*, that the restrictions in this sentence shall not apply to the shares received in connection with an Award after the date that the restrictions on transferability of such shares set forth in the applicable Award Agreement have lapsed. During the lifetime of a Participant, a Stock Option or Stock Appreciation Right shall be exercisable only by, and payments in settlement of Awards shall be payable only to the Participant, or, if applicable, the family member or trust to whom such Stock Option, Stock Appreciation Right or other Award has been transferred in accordance with the previous sentence.

16. Recapitalization or Reorganization.

(a) *Authority of the Company and Shareholders.* The existence of the Plan, the Award Agreements and the Awards granted hereunder shall not affect or restrict in any way the right or power of the Company or the shareholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of stock or of options, warrants or rights to purchase stock or of bonds, debentures, preferred or prior preference stocks whose rights are superior to or affect the Common Stock or the rights thereof or which are convertible into or exchangeable for Common Stock, or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise.

(b) *Change in Capitalization.* Notwithstanding any provision of the Plan or any Award Agreement, in the event of any change in the outstanding Common Stock by reason of a stock dividend, recapitalization, reorganization, merger, consolidation, stock split, combination or exchange of shares or any other significant corporate event affecting the Common Stock, the Committee, in its discretion, may make (i) such proportionate adjustments it considers appropriate (in the form determined by the Committee in its sole discretion) to prevent diminution or enlargement of the rights of Participants under the Plan with respect to the aggregate number of shares of Common Stock for which Awards in respect thereof may be granted under the Plan. The number of shares of Common Stock covered by each outstanding Award, and the exercise or Award prices in respect thereof and/or (ii) such other adjustments as it deems appropriate. The Committee's determination as to what, if any, adjustments shall be made shall be final and binding on the Company and all Participants.

(c) *Limitations.* Notwithstanding the foregoing: (i) any adjustments made to Section 16(b) of the Plan to Awards that are considered deferred compensation within the meaning of Section 409A of the Code shall be made in compliance with the requirements of Section 409A of the Code; (ii) any adjustments made pursuant to Section 16(b) of the Plan to Awards that are not considered deferred compensation subject to Section 409A of the Code shall be made in such manner as to ensure that after such adjustment, the Awards either continue not to be subject to Section 409A of the Code or comply with the requirements of Section 409A of the Code; and (iii) the Administrator shall not have the authority to make any adjustments pursuant to Section 16(b) of the Plan to the extent that the existence of such authority would cause an Award that is not intended to be subject to Section 409A of the Code to be subject thereto.

17. Change in Control.

(a) If, within two (2) years following a Change in Control which occurs after the Effective Date, a Participant's employment with the Company or any Subsidiary is involuntarily terminated by the Company or that Subsidiary, whether or not for Cause (as defined in Section 8): (i) all Stock Options or Stock Appreciation Rights of such Participant then outstanding shall become fully exercisable as of the date of such termination, whether or not exercisable, (ii) all restrictions and conditions of all Stock Awards of such Participant then outstanding shall lapse as of the date of such termination, (iii) all Restricted Stock Units of the Participant shall become nonforfeitable as of the date of such termination, and (iv) all Performance Share Awards of such Participant shall be deemed to have been fully earned as of the date of such termination.

(b) In addition, in the event of a Change in Control occurring after the Effective Date, the Board or the Committee may, in its sole discretion, make any or all of the following adjustments: (A) by written notice to each holder of a Stock Option (an Optionee) provide that such Optionee's Stock Options shall be cancelled unless exercised within thirty (30) days (or such longer period as the Board or the Committee, as the case may be, shall determine) alter the date of such notice; (B) provide for the payment upon termination or cancellation of a Stock Option (whether or not such Stock Option is otherwise exercisable) of an amount in cash or securities equal to: (x) the excess, if any, of the aggregate Fair Market Value as of the date of such Change in Control of the Common Stock then subject to the Stock Option over the product of the number of shares of Common Stock then subject to the Stock Option and the exercise price, less (y) an amount equal to the federal, state and local taxes, if any, required to be withheld or paid as a result of such payment; (C) provide for the cancellation of outstanding Stock Awards, Restricted Stock Unit Awards, Performance Share Awards, Section 162(m) Awards or other Awards in exchange for payments of cash, property or a combination thereof having an aggregate value equal to the value of such Award, as determined by the Board or Committee, as the case may be, in its sole discretion; (D) substitute other property (including, without limitation, cash or other securities of the Company and securities of an entity other than the Company); and/or (E) make any other adjustments, or take other reasonable action, as the Board or the Committee, as the case may be, deem appropriate provided that no such action impairs any rights that a Participant has under the Plan without such Participant's consent.

18. Amendment of the Plan; Amendment of Outstanding Stock Options. The Board or Committee may at any time and from time to time terminate, modify, suspend or amend the Plan in whole or in part; provided, however, that no such termination, modification, suspension or amendment shall be effective without shareholder approval if such approval is required to comply with any applicable law or stock exchange rule; and provided further, that the Board or Committee may not, without shareholder approval, amend the Plan if such amendment could, at the time of such amendment, reasonably be expected to result in a material: (i) increase the benefits accruing to participants under the Plan; (ii) increase the aggregate number of shares issuable under the Plan; or (iii) modification of the requirements as to eligibility for participation in the Plan. No termination, modification, suspension or amendment of the Plan shall, without the consent of a Participant to whom any Awards shall previously have been granted, adversely affect his or her rights under such Awards; provided, however, that notwithstanding anything to the contrary herein, if and to the extent the Board or Committee determines that the terms of any provision of this Plan or any payment hereunder may result in the imposition of an excise tax on any Participant pursuant to Section 409A of the Code, the Board or Committee shall have authority to take such action to amend, modify, cancel or terminate the Plan or any payments to such Participant hereunder as it deems necessary or advisable to limit or, if possible, avoid the impact of any such excise tax. Furthermore, notwithstanding any provision herein to the contrary, the Board or Committee shall have broad authority to amend the Plan or any Stock Option to take into account changes in applicable tax laws (including, without limitation, Section 409A of the Code), securities laws, accounting rules and other applicable state and federal laws.

19. No Repricing of Stock Options. Notwithstanding any provision in the Plan to the contrary, the Committee shall not permit the repricing of Stock Options by any method, including by cancellation and reissuance, without first obtaining shareholder approval.

20. Miscellaneous.

(a) *Tax Withholding.* No later than the date as of which an amount first becomes includible in the gross income of the Participant for applicable income tax withholding purposes with respect to any Award under the Plan, the Participant shall pay to the Company or make arrangements satisfactory to the Administrator regarding the payment or any federal, state or local taxes of any kind required by law to be withheld with respect to such amount. Unless otherwise determined by the Administrator, in accordance with rules and procedures established by the Administrator, the minimum required withholding obligations may be settled with Common Stock, including Common Stock that is part of the Award that gives rise to the withholding requirement. The obligation of the Company under the Plan shall be conditioned upon such payment or arrangements and the Company shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the Participant.

(b) *Election to Withhold Shares.* If the Committee so permits, a Participant may elect to satisfy the Company's income tax withholding obligation with respect to a Stock Option by having shares withheld up to an amount that does not exceed the Participant's maximum marginal tax rate for federal (including FICA), state and local tax liabilities. The election must be in a form and manner prescribed by the Committee and shall be subject to the prior approval of the Committee.

(c) *No Right to Grants or Employment.* No Eligible Individual or Participant shall have any claim or right to receive grants of Awards under the Plan. Nothing in the Plan or in any Award or Award Agreement shall confer upon any employee of the Company or any Subsidiary any right to continued employment with the Company or any Subsidiary, as the case may be, or interfere in any way with the right of the Company or a Subsidiary to terminate the employment of any of its employees at any time, with or without cause.

(d) *Unfunded Plan.* The Plan is intended to constitute an unfunded plan for incentive compensation. With respect to any payments not yet made to a Participant by the Company, nothing contained herein shall give any such Participant any rights that are greater than those of a general creditor of the Company. In its sole discretion, the Administrator may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver Common Stock or payments in lieu thereof with respect to awards hereunder.

(e) *Other Employee Benefit Plans.* Payments received by a Participant under any Award made pursuant to the provisions of the Plan shall not be included in, and shall not affect the determination of benefits under any other employee benefit plan or similar arrangement provided by the Company or any Subsidiary.

(f) *Section 409A.* It is the intention of the Company that no Award shall be deferred compensation subject to Section 409A of the Code, unless and to the extent that the Administrator specifically determines otherwise, and the Plan and the terms of all Awards shall be interpreted accordingly.

(g) *Securities Law Restrictions.* The Administrator may require each Eligible Individual purchasing or acquiring shares of Common Stock pursuant to a Stock Option or other Award under the Plan to represent to and agree with the Company in writing that such Eligible Individual is acquiring the shares for investment and not with a view to the distribution thereof. All certificates for shares of Common Stock delivered under the Plan shall be subject to such stock transfer orders and other restrictions as the Administrator may deem advisable under the rules, regulations, and other requirements of the Securities and Exchange Commission, the New York Stock Exchange or any other exchange upon which the Common Stock is then listed, and any applicable federal or state securities law, and the Administrator may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions. No shares of Common Stock shall be issued hereunder unless the Company shall have determined that such issuance is in compliance with, or pursuant to an exemption from, all applicable federal and state

securities laws.

(h) *Compliance with Rule 16b-3.*

(i) The Plan is intended to comply with Rule 16b-3 under the Exchange Act or its successors under the Exchange Act and the Administrator shall interpret and administer the provisions of the Plan or any Award Agreement in a manner consistent therewith. To the extent any provision of the Plan or Award Agreement or any action by the Administrator fails to so comply, it shall be deemed null and void, to the extent permitted by law and deemed advisable by the Administrator. Moreover, in the event the Plan or an Award Agreement does not include a provision required by Rule 16b-3 to be stated therein, such provision (other than one relating to eligibility requirements, or the price and amount of Awards) shall be deemed automatically to be incorporated by reference into the Plan or such Award Agreement insofar as Participants subject to Section 16 of the Exchange Act are concerned.

(ii) Notwithstanding anything contained in the Plan or any Award Agreement to the contrary, if the consummation of any transaction under the Plan would result in the possible imposition of liability on a Participant pursuant to Section 16(b) of the Exchange Act, the Administrator shall have the right, in its sole discretion, but shall not be obligated, to defer such transaction to the extent necessary to avoid such liability.

(i) *Award Agreement.* In the event of any conflict or inconsistency between the Plan and any Award Agreement, the Plan shall govern, and the Award Agreement shall be interpreted to minimize or eliminate any such conflict or inconsistency.

(j) *Invalid Provisions.* In the event that any provision of this Plan is found to be invalid, unenforceable or otherwise inconsistent with any applicable law (including, without limitation Section 409A of the Code), such invalidity, unenforceability or inconsistency will not be construed as rendering any other provisions contained herein as invalid, unenforceable or inconsistent, and all such other provisions will be given full force and effect to the same extent as though the invalid, unenforceable or inconsistent provision was not contained herein.

(k) *No Fractional Shares.* No fractional shares of Common Stock shall be issued or delivered pursuant to the Plan or any Option. The Committee shall determine whether cash, other awards or other property shall be issued or paid in lieu of such fractional shares or whether such fractional shares or any rights thereto shall be forfeited or otherwise eliminated

(l) *Headings.* Section headings are for reference only. In the event of a conflict between a title and the content of a Section, the content of the Section shall control.

(m) *Expenses.* The costs and expenses of administering the Plan shall be borne by the Company.

(n) *Applicable Law.* The validity, construction, interpretation and effect of the Plan and Option Instruments issued under the Plan shall exclusively be governed by and determined in accordance with the law of the State of Delaware, without giving effect to the conflicts of laws principles thereof.

(o) *Effective Date.* The Plan, as amended and restated hereby shall be effective as of February 9, 2006.
