Fair Value Measurements Various inputs are used in determining the fair value of investments, which are as follows:

Level 1 price quotations in active markets/exchanges for identical securities

Level 2 other observable inputs (including, but not limited to: quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks and default rates) or other market-corroborated inputs)

Level 3 unobservable inputs based on the best information available in the circumstances, to the extent observable inputs are not available (including the Fund's own assumptions used in determining the fair value of investments)
The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For information about the Fund's policy regarding valuation of investments and other significant accounting policies, please refer to Note 1(a) of the Notes to Financial Statements.

Notes to Financial Statements (unaudited)

1. Significant Accounting Policies:

MLP & Strategic Equity Fund Inc. (the Fund) is registered under the Investment Company Act of 1940, as amended (the 1940 Act), as a diversified, closed-end management investment company. The Fund pursues its investment objective by investing substantially all of its net assets in publicly traded master limited partnerships (MLPs). To enhance its returns, the Fund may enter into variable prepaid forward contracts (Forward Contracts) with terms of approximately one year, to sell particular equity securities that the Fund will strategically purchase with the proceeds of the Forward Contracts. Due to the market conditions, the Fund did not utilize this strategy during the six months ended April 30, 2010. The Fund's financial statements are prepared in conformity with U.S. generally accepted accounting principles, which may require the use of management accruals and estimates. Actual results may differ from these estimates. All cash balances are invested on a daily basis in a money market fund. The Fund determines and makes available for publication the net asset value of its Common Stock on a daily basis. The Fund's Common Stock shares are listed on the New York Stock Exchange (NYSE) under the symbol MTP.

The following is a summary of significant accounting policies followed by the Fund.

(a) Valuation of Investments Portfolio securities that are held by the Fund that are traded on stock exchanges or the NASDAQ Global Market are valued at the last sale price or official close price on the exchange, as of the close of business on the day the securities are being valued or, lacking any sales, at the last available bid price for long positions, and at the last available asked price for short positions. In cases where securities are traded on more than one exchange, the

securities are valued on the exchange designated as the primary market by or under the authority of the Board of Directors of the Fund. Investments in money market funds are valued daily at their NAV. Long positions traded in the over-the-counter (OTC) market, NASDAQ Capital Market or Bulletin Board are valued at the last available bid price or yield equivalent obtained from one or more dealers or pricing services approved by the Board of Directors of the Fund. Short positions traded in the OTC market are valued at the last available asked price. Portfolio securities that are traded both in the OTC market and on an exchange are valued according to the broadest and most representative market. Other investments are valued at market value.

Swap agreements and variable prepaid forward contracts are valued based upon quoted fair valuations received daily by the

Fund from a pricing service or counterparty. Valuation of short-term investment vehicles is generally based on the net asset value of the underlying investment vehicle or amortized cost. The Fund employs pricing services to provide certain securities prices for the Fund. Securities and assets for which market quotations are not readily available are valued at fair value as determined in good faith by or under the direction of the Board of Directors of the Fund, including valuations furnished by the pricing services retained by the Fund, which may use a matrix system for valuations. The procedures of a pricing service and its valuations are reviewed by the officers of the Fund under the general supervision of the Fund's Board of Directors. Such valuations and procedures will be reviewed periodically by the Board of Directors of the Fund.

Generally, trading in U.S. government securities, money market instruments and certain fixed-income securities, is substantially completed each day at various times prior to the close of business on the NYSE. The values of such securities used in computing the net asset value of the Fund's shares are determined as of such times.

Occasionally, events affecting the values of such securities and such exchange rates may occur between the times at which they are determined and the close of business on the NYSE that may not be reflected in the computation of the Fund's net asset value. If events (for example, a company announcement, market volatility or a natural disaster) occur during such periods that are expected to materially affect the value of such securities, those securities may be valued at their fair value as determined in good faith by the Fund's Board of Directors or by the investment adviser using a pricing service and/or procedures approved by the Fund's Board of Directors.

(b) Master Limited Partnerships The Fund may purchase both domestic and international MLPs. The Fund's investment in MLPs may include ownership of MLP common units and MLP subordinated units. The Fund also may purchase MLP I-Shares (together with the MLPs, the MLP Entities). MLP I-Shares are pay-in-kind securities created as a means to facilitate institutional ownership of MLPs by simplifying the tax and administrative implications of the MLP structure. Generally, when an MLP pays its quarterly cash distribution to unitholders, holders of I-Shares do not receive a cash distribution; rather, they receive a dividend of additional I-Shares from the MLP of comparable value to the cash distribution paid to each unitholder. The Fund may purchase interests in MLP Entities on an exchange or may utilize non-public market transactions to obtain its holdings, including but not limited to privately negotiated purchases of securities from the issuers themselves, broker-dealers, or other qualified institutional buyers.

Notes to Financial Statements (continued)

(c) Derivative Financial Instruments For the six months ended April 30, 2010, the Fund did not engage in any derivative financial instrument transactions. The Fund may engage in various portfolio investment strategies, including derivative financial instruments, to increase the return of the Fund. Losses may arise due to changes in the value of the contract due to an unfavorable change in the price of the underlying security or index, or if the counterparty does not perform under the contract. The counterparty for certain instruments, may pledge cash or securities as collateral.

(d) Income Taxation During the year ended October 31, 2008 the Fund did not qualify as a regulated investment company pursuant to Subchapter M of the Internal Revenue Code and was taxed as a corporation. The Fund continues to be taxed as a corporation for the six months ended April 30, 2010. The Fund has no taxable income subject to statutory income tax rates. The Federal statutory tax rate of a corporation is 35% of taxable income. The estimated effective state income tax rate is 3.5%. The Fund may be subject to a 20 percent federal alternative minimum tax on its federal alternative minimum taxable income to the extent that its alternative minimum tax exceeds its regular federal income tax. For the six months ended April 30, 2010, the Fund had no income tax liability.

The Fund invests its assets primarily in MLPs, which generally are treated as partnerships for Federal income tax purposes. As a limited partner in the MLPs, the Fund reports its allocable share of the MLP's taxable income in computing its own taxable income. The Fund's tax expense or benefit is included in the Statement of Operations based on the component of income or gains (losses) to which such expense or benefit relates. Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Deferred tax assets and liabilities are measured using effective tax rates expected to apply to taxable income in the years such temporary differences are realized or otherwise settled. A valuation allowance is recognized if, based on the weight of available evidence, it is more likely than not that some portion or all of the deferred income tax asset will not be realized.

Deferred Income Taxes reflect the net tax effect of temporary differences between the carrying amount of assets and liabilities for financial reporting and tax purposes. Components of the Fund's deferred tax assets as of April 30, 2010 are as follows:

Description	Amount	Rate	Deferred Benefit (Liability)
Deferred Tax Assets:			
Current Period Net Operating Loss tax basis (est)	\$ 8,632,832	38.5%	\$ 3,323,640
Current Period Net Realized Capital Gain	\$ 2,939,711	38.5%	\$ (1,131,789)
Prior Year Net Operating Loss	\$ 20,581,946	38.5%	\$ 7,924,049
Prior Year Net Capital Loss Carryforward	\$ 54,461,405	38.5%	\$ 20,967,641
			\$ 31,083,541
Deferred Tax Liabilities:			
Accumulated Net Unrealized Capital Gain tax basis	\$ 76,291,295	38.5%	\$ (29,372,148)
Net deferred taxes before Valuation Allowance			\$ 1,711,393
Less: Valuation Allowance			\$ 1,711,393
Net Deferred Tax Assets			\$

For the current year, consistent with prior year determinations, management has offset all potential deferred tax benefits pursuant to valuation allowance principles. Management of the Fund concluded a 100% valuation allowance is appropriate as the Fund has a limited operating history and management cannot conclude it is more likely than not the Fund will generate taxable income with any certainty as to time. Management has performed an analysis of tax positions taken or to be taken on a tax return and whether such positions are more likely than not to be sustained upon examination based on their technical merit. To the extent they would not be sustained, tax expense (and related interest and penalties) would be recognized for financial statement reporting purposes.

The Fund files U.S. and various state tax returns. To the best of the Fund's knowledge, no income tax returns are currently under examination. All tax years of the Fund are open at this time.

Edgar Filing: MLP & Strategic Equity Fund Inc. - Form N-CSRS

(e) Security transactions and investment income Security transactions are recorded on the dates the transactions are entered into (the trade dates). Realized gains and losses on security transactions are determined on the identified cost basis. Dividend income is recorded on the ex-dividend dates. Initially a significant portion of any distributions the Fund receives from the MLP entities will be deferred from taxation until the Fund sells its interest in such MLP entities. Distributions received from the Fund's investments in MLP are not recorded as dividends. MLP distributions totaled \$7,208,978 for the current period.

For financial statement purposes, the Fund only records income from MLPs when it receives an estimate of allocable

income from the MLP. These estimates may subsequently be revised based on information received from MLPs after their tax reporting periods are concluded, as the actual character of these distributions is not known until after the fiscal year end of the Fund. Dividends, as reflected in the Statement of Operations, are net of any tax deferred distributions from the MLP entities. For the year ended October 31, 2009, 100% of the MLP distributions, were tax deferred.

(f) Distributions Distributions paid by the Fund will be paid on a monthly basis. The Fund expects that its distributions primarily will consist of a return of capital.

The Fund has entered into an Investment Advisory and Management Agreement with IQ Investment Advisors LLC (IQ Advisors), an indirect, wholly owned subsidiary of Merrill Lynch & Co., Inc. (ML & Co.), which is a wholly owned subsidiary of Bank of America Corporation (Bank of America). In addition, IQ Advisors provides the necessary personnel, facilities, equipment and certain other services necessary to the operations of the Fund. ML & Co. has a substantial financial interest in BlackRock.

Bank of America may share any of the categories of Customer Information among our companies, as permitted by law. For

Privacy Policy (continued)

example, sharing information allows us to use information about your ATM, credit card and check card transactions to identify any unusual activity, and then contact you to determine if your card has been lost or stolen.

We occasionally receive medical or health information from a customer if, for example, a customer applies for insurance from us. We do not share medical or health information, including information received from third parties, among our companies, except to maintain or collect on accounts, process transactions, service customer requests or perform insurance functions to the extent permitted by law.

Managing information with companies that work for us

We may share any of the categories of Customer Information with companies that work for us, including companies located outside the United States. All nonaffiliated companies that act on our behalf and receive Customer Information from us are contractually obligated to keep the information we provide to them confidential, and to use the Customer Information we share only to provide the services we ask them to perform. These companies may include financial service providers, such as payment processing companies, and nonfinancial companies, such as check printing and data processing companies.

In addition, we may share any of the categories of Customer Information with companies that work for us in order to provide marketing support and other services, such as a service provider that distributes marketing materials. These companies may help us to market our own products and services or other products and services that we believe may be of interest to you. Please note that some of our own companies may provide marketing support and other services for us as well.

Sharing information with third parties (for customers with credit cards and Sponsored Accounts)

We may share Identification Information, Transaction and Experience Information, as well as Other General Information we collect about each of your (1) Bank of America credit card account(s) and (2) Sponsored Accounts at Bank of America, with selected third parties.

1. Credit card account information, whether co-branded or not, may be shared with third parties.
2. Sponsored Account information may be shared with third parties. Sponsored Accounts are non-credit card accounts or services provided by Bank of America that are also endorsed, co-branded or sponsored by other organizations. Examples of these organizations include colleges, sporting teams, retailers and other affinity organizations, such as charities. Sponsored Accounts may include deposit accounts or other banking services provided by Bank of America, such as a savings account co-branded with a baseball team. You will know whether an account is a Sponsored Account by the appearance of the name or logo of the sponsoring organization on account materials, such as statements and marketing materials.

If you are unsure whether any of your accounts are Sponsored Accounts, please contact 1.888.341.5000.

We may share information about credit cards and Sponsored Accounts with selected third parties, including:

Financial services companies (such as insurance agencies or companies and mortgage brokers and organizations with whom we have agreements to jointly market financial products);

Other companies (such as nonprofit organizations).

Edgar Filing: MLP & Strategic Equity Fund Inc. - Form N-CSRS

As part of the sale, merger or similar change of a Bank of America business; and

For example, we may disclose information in the context of an investigation of terrorism, money laundering, fraud prevention or investigation, risk management and security, determining your eligibility for an insurance benefit or payment, and recording mortgages in public records.

Privacy Policy (continued)

Where you have a contractual relationship with a third party in connection with a product or service (such as through an outside investment manager or insurance provider), we may share information in accordance with such arrangement and the handling of information by that party will be subject to your agreement(s) with it. If you have a relationship with us through your employer, such as through your stock option or retirement plan, then we will share plan information with your employer and handle such information in accordance with plan agreements.

In addition, Merrill Lynch, a Bank of America affiliated broker-dealer, has entered into a Protocol with certain other brokerage firms under which your Financial Advisor may use your contact information (for example, your name and address) in the event your Financial Advisor joins one of these firms.

4. Honoring your choices

You have choices when it comes to how Bank of America shares and uses information.

Please note, if you choose to limit sharing or restrict marketing, you may not learn about beneficial offers.

Sharing among Bank of America companies

You may request that Application Information, Consumer Report Information and Information from Outside Sources not be shared among Bank of America companies.

For sharing among Bank of America companies, each customer may tell us his or her choice individually, or you may tell us the choice for any other customers who are joint account holders with you.

Direct marketing

You may choose not to receive direct marketing offers sent by postal mail, telephone and/or e-mail from Bank of America. Direct marketing offers from us may include information about products and services we believe may be of interest to you. Your choices apply to all marketing offers from us and from companies working for us. To minimize the amount of telephone solicitation our customers receive, Bank of America does not offer nonfinancial products and services through telephone solicitations.

If you elect not to receive direct marketing offers by postal mail, telephone and/or e-mail, please note that we may continue to contact you as necessary to service your account and for other nonmarketing purposes. You may also be contacted

by your assigned account representative (for example, Financial Advisor or relationship manager), if applicable. Bank of America may also continue to provide marketing information in your regular account mailings and statements, including online and ATM communications.

Each customer may opt out of each direct marketing option individually. Since marketing programs may already be in progress, it may take up to 12 weeks for your postal mail opt-out to be fully effective. When you opt out of direct marketing by postal mail or telephone, your opt-out will last for five (5) years. After that, you may choose to renew your opt-out for another five-year period.

Sharing information with third parties

If you have a Bank of America credit card or Sponsored Account, you may request that we not share information about these accounts with third parties. If you request that we not share information with third parties, we may still share information:

Where permitted or required by law as discussed in Section 3 under *Disclosing information in other situations*;

With our service providers as discussed in Section 3 under *Managing information with companies that work for us*; and

With other financial companies with whom we have joint marketing agreements.
If you have multiple credit cards or Sponsored Accounts, you will need to express your choice for each account separately. When any customer on a joint account requests that we not share with third parties, that choice is applied to the entire account.
