THE BANK OF NEW YORK MELLON CORPORATION

One Wall Street

New York, New York 10286

PROXY STATEMENT

Date, Time and Place of Annual Meeting

The Board of Directors of The Bank of New York Mellon Corporation, which we refer to as the company, solicits your proxy for our 2011 Annual Meeting of stockholders to be held on April 12, 2011 at 9:00 a.m. local time in Pittsburgh, Pennsylvania at the Omni William Penn, 530 William Penn Place, Pittsburgh, Pennsylvania 15219, and any adjournment of the meeting, for the purposes set forth in the Notice of Annual Meeting.

Who Can Vote; Outstanding Shares on Record Date

Only stockholders of record of our common stock at the close of business on February 11, 2011 may vote at the Annual Meeting. On the record date, we had 1,241,936,347 shares of common stock outstanding. You are entitled to one vote for each share of common stock that you owned on the record date. The shares of common stock held in our treasury will not be voted.

Mailing Date

We began mailing this proxy statement and the enclosed proxy card on March 11, 2011 to all stockholders entitled to vote at the Annual Meeting. We have enclosed with this proxy statement our 2010 annual report to stockholders. The annual report contains detailed information about our activities and financial performance in 2010.

What is a Proxy?

A proxy is an authorization to vote your shares. Your proxy gives us authority to vote your shares and tells us how to vote your shares at the Annual Meeting or any adjournment. Three of our employees, who are called proxies or proxy holders and are named on the proxy card, will vote your shares at the Annual Meeting according to the instructions you give on the proxy card or by telephone or over the Internet.

Voting Your Shares

Whether or not you plan to attend the Annual Meeting, we urge you to vote your shares promptly.

If you are a stockholder of record (that is, you hold your shares of our common stock in your own name), you may vote your shares by proxy using any of the following methods:

completing, signing, dating and returning the proxy card in the postage-paid envelope provided;

calling the toll-free telephone number listed on the proxy card; or

using the Internet site listed on the proxy card.

The telephone and Internet voting procedures set forth on the proxy card are designed to authenticate stockholders' identities, to allow stockholders to provide their voting instructions and to confirm that their instructions have been properly recorded. If you vote by telephone or over the Internet, you should not return your proxy card.

Table of Contents

If you are a beneficial owner, also known as a street name holder (that is, you hold your shares of our common stock through a broker, bank or other nominee), you will receive voting instructions (including, if your broker, bank or other nominee elects to do so, instructions on how to vote your shares by telephone or over the Internet) from the record holder, and you must follow those instructions in order to have your shares voted at the Annual Meeting.

Depending on how you hold your shares, you may receive more than one proxy card.

Your vote is important. Whether you vote by mail, telephone or over the Internet, your shares will be voted in accordance with your instructions. If you sign, date and return your proxy card without indicating how you want to vote your shares, the proxy holders will vote your shares in accordance with the following recommendations of the Board of Directors:

Proposal 1 **FOR** the election of each nominee for director;

Proposal 2 **FOR** the approval of the advisory (non-binding) resolution approving the 2010 compensation of the named executive officers;

Proposal 3 **FOR** an advisory (non-binding) vote advising the company to conduct a stockholder advisory vote on executive compensation at each annual meeting of stockholders;

Proposal 4 **FOR** the approval of our Amended and Restated Long Term Incentive Plan;

Proposal 5 **FOR** the approval of our Amended and Restated Executive Incentive Compensation Plan;

Proposal 6 **FOR** the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011; and

Proposal 7 **AGAINST** the approval of the stockholder proposal for cumulative voting in the election of directors.
In addition, if other matters are properly presented for voting at the Annual Meeting, the proxy holders are also authorized to vote on such matters as they shall determine in their sole discretion. As of the date of this proxy statement, we have not received notice of any other matters that may be properly presented for voting at the Annual Meeting.

Revoking Your Proxy

You may revoke your proxy at any time before it is voted at the Annual Meeting by:

delivering a written notice of revocation to our Corporate Secretary at the address indicated on the first page of this proxy statement;

submitting another signed proxy card with a later date;

voting by telephone or over the Internet at a later date; or

attending the Annual Meeting and voting in person.

Voting in Person

If you are a registered stockholder or you hold a proxy from a registered stockholder, you may attend the Annual Meeting and vote in person by obtaining and submitting a ballot that will be provided at the meeting.

Table of Contents

Quorum

A quorum is the minimum number of shares required to conduct business at the Annual Meeting. Under our by-laws, to have a quorum, a majority of the outstanding shares of stock entitled to vote at the Annual Meeting must be represented in person or by proxy at the meeting. Abstentions and broker non-votes are counted as present for determining the presence of a quorum. Inspectors of election appointed for the Annual Meeting will tabulate all votes cast in person or by proxy at the Annual Meeting. In the event a quorum is not present at the Annual Meeting, we expect that the Annual Meeting will be adjourned or postponed to solicit additional proxies.

Vote Required for Approval

In February 2010, the Board of Directors approved an amendment to our by-laws, which became effective July 2, 2010, to provide for a majority vote standard in an uncontested election of directors. Accordingly, each of the 14 nominees for director will be elected if more votes are cast for a director's election than are cast against such director's election. (See Standard for Election of Directors below.) All other matters to be voted on at the Annual Meeting require for approval the favorable vote of a majority of the votes cast on the applicable matter at the meeting in person or by proxy.

Abstentions and broker non-votes are not treated as votes cast. Therefore, an abstention or broker non-vote will not have the effect of a vote for or against the proposal or for or against a director's election and will not be counted in determining the number of votes required for approval or election.

If your shares are held by a broker, the broker will ask you how you want your shares to be voted. If you give the broker instructions, your shares will be voted as you direct. If you do not give instructions, one of two things can happen, depending on the type of proposal. For the ratification of the auditor (Proposal 6), the broker may vote your shares in its discretion. For all other proposals, the broker may not vote your shares at all if you do not give instructions.

What is an advisory (or non-binding) resolution or vote?

Your votes on Proposals 2 and 3 are advisory votes. An advisory vote is a mechanism that allows for stockholders of the company to tell the Board how they feel about certain issues facing the company, such as executive compensation. The results of an advisory vote are non-binding, which means that the Board is not required by law to take any specific action in response to the results of the vote. However, our Board strongly values feedback from our stockholders and will take the results of an advisory vote into account when considering future actions.

Annual Meeting Admission

Only stockholders of record on the record date and certain other permitted attendees may attend the Annual Meeting. No cameras, recording equipment, electronic devices, large bags or packages will be permitted in the Annual Meeting. The use of cell phones, BlackBerries and other personal communication devices during the Annual Meeting is also prohibited. If you plan to attend the Annual Meeting in person, we ask that you also complete and return the reservation form attached to the end of the proxy statement.

How Our Board Solicits Proxies; Expenses of Solicitation

We will pay all costs of soliciting proxies. We have retained our affiliate, BNY Mellon Shareowner Services, to assist with the solicitation of proxies for a fee of approximately \$25,000, plus reimbursement of reasonable out-of-pocket expenses. In addition, we have agreed to pay BNY Mellon Shareowner Services a fee of approximately \$45,000 in connection with project management and technical services to be provided by BNY Mellon Shareowner Services relating to the distribution of this proxy statement and the annual report to

Table of Contents

employees and former employees participating in employee benefit and stock option programs. BNY Mellon Shareowner Services is a wholly owned subsidiary of the company. In addition, we may use our officers and employees, at no additional compensation, to solicit proxies either personally or by telephone, Internet, letter or facsimile.

Householding

To reduce the expense of delivering duplicate proxy materials to our stockholders, we are relying on rules of the Securities and Exchange Commission, which we refer to as the SEC, that permit us to deliver only one proxy statement to multiple stockholders who share an address unless we receive contrary instructions from any stockholder at that address. This practice, known as householding, reduces duplicate mailings, saves printing and postage costs as well as natural resources and will not affect dividend check mailings. If you wish to receive a separate copy of the annual report or proxy statement, or if you wish to receive separate copies of future annual reports or proxy statements, please contact our transfer agent, BNY Mellon Shareowner Services, by phone at 1-800-729-9606 (U.S.) or 1-201-680-6651 (International) or by mail at BNY Mellon Shareowner Services, P.O. Box 3550, South Hackensack, New Jersey 07606-9250. We will deliver the requested documents promptly upon your request.

If you and other stockholders of record with whom you share an address currently receive multiple copies of annual reports or proxy statements, or if you hold our stock in more than one account and, in either case, you wish to receive only a single copy of the annual report or proxy statement, please contact our transfer agent, BNY Mellon Shareowner Services, with the names in which all accounts are registered and the name of the account for which you wish to receive mailings.

ELECTION OF DIRECTORS

(Proposal 1 on your proxy card)

Nominees for Election as Directors

You are being asked to elect 14 directors from the nominees named in this proxy statement to serve on the Board of Directors until the 2012 Annual Meeting of stockholders and until their successors have been elected and qualified. Each nominee currently serves on our Board of Directors, of whom 12 are non-management directors and two serve as executive officers of the company. Proxies cannot be voted for a greater number of persons than the number of nominees named in this proxy statement.

On February 8, 2011, Dr. Robert Mehrabian notified the company of his intention to retire from the Board of Directors at the Annual Meeting of stockholders to be held on April 12, 2011 and that he would not be standing for re-election to the Board. Effective upon Dr. Mehrabian's retirement, the number of directors on the Board will be fixed at 14.

We do not know of any reason why any nominee named in this proxy statement would be unable to serve as a director if elected. If any nominee is unable to serve, the shares represented by all valid proxies will be voted for the election of such other person as may be nominated in accordance with our by-laws, as described below.

The Board unanimously recommends you vote FOR each of the nominees described below.

Nomination Procedures

Our Corporate Governance and Nominating Committee, which we refer to as the CG&N Committee, assists the Board in reviewing and identifying individuals qualified to become Board members, consistent with criteria approved by the Board, and recommends to the Board nominees for directors for the next Annual Meeting of stockholders and to fill vacancies on the Board. Directors chosen to fill vacancies will hold office for a term expiring at the end of the next Annual Meeting of stockholders.

In carrying out its responsibilities of finding the best qualified candidates for directors, the CG&N Committee will consider proposals from a number of sources, including recommendations for nominees from stockholders submitted in accordance with the requirements for stockholder nominations as set forth in Article 2 of our by-laws, which are more fully described below. It is anticipated that the CG&N Committee would evaluate a candidate recommended by a stockholder for nomination as a director in the same manner that it evaluates any other nominee.

Under Article 2 of our by-laws, nominations for the election of directors may be made by the Board, a committee thereof or any officer of the company to whom the Board or such committee has delegated such authority. Upon proper notice given to the company, nominations may also be made by any stockholder entitled to vote in the election of directors. Written notice of a stockholder's intent to make a nomination or nominations for director must be given to the company either by United States mail or personal delivery to the Secretary of the company (i) in the case of an Annual Meeting, not less than 90 calendar days or more than 120 calendar days before the anniversary date of the company's proxy statement released to stockholders in connection with the previous year's Annual Meeting; and (ii) in the case of a special meeting at which directors are to be elected, not later than the close of business on the tenth calendar day following the earlier of the day on which notice of the date of the meeting was mailed and the day on which public announcement of the date of the meeting was made. If the date of the Annual Meeting at which directors are to be elected has been changed by more than 30 calendar days from the date of the most recent previous Annual Meeting, a stockholder's notice of intent to make a nomination or nominations for director must be received by the company (A) on or before the later of (x) 120 calendar days before the date of the Annual Meeting at which such business is to be presented or (y) 30 calendar days following the first public announcement by the company of the date of such Annual Meeting and (B) not later than 15 calendar days prior to the scheduled mailing date of the company's proxy materials for such Annual Meeting.

Table of Contents

The notice must include: (1) the name and address of the stockholder who intends to make the nomination and a representation that the stockholder is and will at the time of the Annual Meeting be a holder of record of our common stock entitled to vote at such Annual Meeting and that the stockholder intends to appear in person or by proxy at the Annual Meeting to make the nomination or nominations set forth in the notice, (2) the name and address of the person or persons to be nominated for election as director and such other information regarding the proposed nominee or nominees as would be required to be included in a proxy statement filed pursuant to the rules and regulations of the SEC, (3) a description of all arrangements or undertakings between the stockholder and each proposed nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder and (4) a consent signed by each of the proposed nominees agreeing to serve as a director if so elected. The Board will be under no obligation to recommend a proposed nominee, even though the notice as set forth above has been given.

Director Qualifications

Our Corporate Governance Guidelines require our directors to possess the experience and skills necessary to oversee the management of the company in the interest of the company and its stockholders. Under our Corporate Governance Guidelines, our CG&N Committee will consider for nomination as a director (whether nominated by the CG&N Committee or by one or more of our stockholders) persons who:

have the highest level of integrity;

are capable of evaluating business issues and making practical and mature judgments;

are willing and able to devote the necessary time and effort required for service on the Board;

have the skills and personality to work with other directors on a Board that is effective, collegial and responsive to the needs of the company;

have the necessary self-confidence and articulateness to participate effectively in Board discussions; and

have diverse experience at senior-level policy-making positions in business, government, education, technology or not-for-profit enterprises.

Our CG&N Committee's charter further provides that the criteria for selecting nominees for election as directors of the company include, but are not limited to, the following:

experience;

accomplishments;

education;

skills;

personal and professional integrity;

diversity of the Board (in all aspects of that term); and

the candidate's ability to devote the necessary time for service as a director (including directorships held at other corporations and organizations).

Table of Contents

When considering a person to be recommended for re-nomination as a director, the CG&N Committee will consider, among other factors, the attendance, preparedness, participation and candor of the individual as well as the individual's satisfaction of the criteria for the nomination of directors set forth in our Corporate Governance Guidelines.

We believe our current Board members meet these criteria with a diversity and depth of experience that enable them to effectively oversee management of the company. The description of each nominee set forth below includes biographical information, on a director by director basis, which highlights the specific experience, background and education of each nominee that led the Board to conclude that each director should serve on the Board. The CG&N Committee and the Board took this information into account in concluding that each nominee is qualified to serve as one of our directors. We refer to this qualification as professional background and experience. The CG&N Committee and the Board also concluded that each nominee for director has the type of senior-level, policy-making experience in business, government, education, technology and/or not-for profit enterprises that qualifies each nominee for service on our Board. The CG&N Committee and the Board also believe that the effectiveness, business acumen and leadership skills of each nominee is demonstrated by the senior-level positions that each nominee holds and/or has held during their professional careers. We refer to this qualification as senior-level policy-making positions. With respect to those nominees noted below who are or have been directors of other public companies, the CG&N Committee and the Board believe this experience enhances their qualification to serve on our Board. We refer to this qualification as other public company board experience.

In addition to the qualifications evidenced by the biographical information set forth below, the CG&N Committee and the Board also determined that each of the nominees possess certain intangible attributes and skills, which also supported the conclusion that each nominee meets the criteria set forth in our Corporate Governance Guidelines and is qualified to serve as one of our directors. These intangible attributes and skills include, as to each nominee: integrity; the capacity to evaluate business issues and make practical and mature judgments; willingness to devote the necessary time and effort required to serve on our Board; the skills and personality to work effectively and collegially with other directors on a Board that is responsive to the company's needs; and the self-confidence and articulateness to participate effectively in Board discussions. We refer to this qualification as intangible attributes.

The CG&N Committee and the Board also took into account the years of service for each director on our Board and on the legacy Bank of New York and Mellon boards of directors noted below, as well as each non-management director's service on standing committees of our Board and the legacy Bank of New York and Mellon boards of directors, in concluding that each nominee is qualified to continue to serve on our Board. The CG&N Committee and the Board believe that this prior service, including service on standing committees, is an invaluable resource in allowing each nominee to act as an effective director of the company. We refer to this qualification as prior BNY Mellon Board experience. The CG&N Committee and the Board also took into account the attendance record of each nominee at Board and committee meetings, as well as each nominee's preparedness for and participation at Board and committee meetings, in concluding that each nominee is qualified to be a member of our Board. We refer to this qualification as Board attendance and participation.

Diversity of the Board

In considering diversity of the Board (in all aspects of that term) as a criterion for selecting nominees in accordance with its charter, the CG&N Committee takes into account various factors and perspectives, including differences of viewpoint, professional experience, education, skills and other individual qualities and attributes that contribute to Board heterogeneity, as well as race, gender and national origin. The CG&N Committee seeks persons with leadership experience in a variety of contexts and, among public company leaders, across a variety of industries. The CG&N Committee believes that this expansive conceptualization of diversity is the most effective means to implement Board diversity. The CG&N Committee will assess the effectiveness of this approach as part of its annual review of its charter and our Corporate Governance Guidelines.

Information About the Nominees

Each of the following nominees for election as director was elected as a director at our 2010 Annual Meeting. No director has a family relationship to any other director, nominee for director or executive officer. Information relating to each nominee for election as director, including his or her period of service as a director of The Bank of New York Company, Inc. or Mellon Financial Corporation prior to the merger on July 1, 2007, principal occupation, specific experience, other biographical material and qualifications is described below:

Ruth E. Bruch

Retired Senior Vice President and Chief Information Officer of Kellogg Company

Director since 2007

Age 57

Ms. Bruch served as a director of Mellon Financial Corporation from 2003 to 2007 where she served on the Compensation, the Technology and the Community Responsibility Committees. Ms. Bruch served as Senior Vice President and Chief Information Officer of Kellogg Company, a food manufacturer focusing on cereal and convenience foods, from 2006 until her retirement in 2009. Prior to that, from 2002 to 2006, Ms. Bruch served as Senior Vice President and Chief Information Officer of Lucent Technologies Inc., which focuses on communications networking solutions.

Ms. Bruch's experience also includes senior-level management positions at Visteon Corporation, ZoneTrader.com, Union Carbide Corporation, Continental Bank Corporation, First Bank System, Inc. and Davenport (IA) Bank & Trust Co. Ms. Bruch has also served as a member of the board of directors of BlueStar Solutions, an IT outsourcing services provider, and Manchester Bidwell Corporation, a non-profit organization that provides instruction and mentoring in career education and the arts for youth and adults in the Pittsburgh, Pennsylvania region. Ms. Bruch holds a Bachelor of Business Administration degree from the University of Iowa.

In addition to the professional background and experience, senior-level policy-making positions, intangible attributes, prior BNY Mellon Board experience, and Board attendance and participation qualifications described above, the following experience, qualifications, attributes and/or skills led the Board to conclude that Ms. Bruch should serve as a director: her service as chief information officer of several publicly-traded companies and other organizations for over 10 years, and her other extensive senior-level management positions, including service at three banks, which provide the Board with a perspective and resource on information technology and other technology-related matters, as well as banking experience.

Nicholas M. Donofrio

Chief Executive Officer of NMD Consulting, LLC

Retired Executive Vice President, Innovation and Technology of IBM Corporation

Director since 2007

Age 65

Mr. Donofrio served as a director of The Bank of New York Company, Inc. from 1999 to 2007 where he served on the Audit, the Risk and the Technology Committees, among others. Mr. Donofrio served as Executive Vice President, Innovation and Technology of IBM Corporation, a developer, manufacturer and provider of advanced information technologies and services, from 2005 until his retirement in 2008. Mr. Donofrio previously served as Senior Vice President, Technology and Manufacturing of IBM Corporation from

Standard for Election of Directors

Under our amended by-laws, in any uncontested election of directors, each director will be elected if more votes are cast for such director's election than are cast against such director's election, with abstentions and broker non-votes not being counted as a vote cast either for or against such director's election. A plurality standard will apply in any contested election of directors, which is an election in which the number of nominees for director exceeds the number of directors to be elected. Pursuant to our Corporate Governance Guidelines, if any incumbent director fails to receive a majority of the votes cast in any uncontested election, the director will be required to tender his or her resignation to the Lead Director (or such other director designated by the Board if the director failing to receive the majority of votes cast is the Lead Director) promptly after the certification of the stockholder vote.

The CG&N Committee will promptly consider the tendered resignation and recommend to the Board whether to accept or reject it, or whether other actions should be taken. In considering whether to accept or reject the tendered resignation, the CG&N Committee will consider whatever factors its members deem relevant, including any stated reasons for the against votes, the length of service and qualifications of the director whose resignation has been tendered, the director's contributions to the company, and the mix of skills and backgrounds of the Board. The Board will act on the CG&N Committee's recommendation no later than 90 days following the certification of the election in question. In considering the recommendation of the CG&N Committee, the Board will consider the factors considered by the CG&N Committee and such additional information and factors as it deems relevant.

Following the Board's decision, the company will publicly disclose the Board's decision in a Current Report on Form 8-K filed with the SEC. If the Board does not accept the director's resignation, it may elect to address the underlying stockholder concerns or to take such other actions it deems appropriate and in the best interests of the company and its stockholders. A director who tenders his or her resignation pursuant to this provision will not vote on the issue of whether his or her tendered resignation will be accepted or rejected. If the Board accepts an incumbent director's resignation pursuant to this provision, or if a nominee for director is not elected and the nominee is not an incumbent director, then the Board may fill the resulting vacancy pursuant to the by-laws. If the Board does not accept an incumbent director's resignation pursuant to this provision, he or she will continue to serve on the Board until the election of his or her successor.

Table of Contents**BOARD MEETINGS AND BOARD COMMITTEE INFORMATION****2010 Board Meetings**

The Board held 11 meetings in 2010. Each incumbent director attended at least 75% of the aggregate number of meetings of our Board and of the committees on which he or she served.

Our Corporate Governance Guidelines provide that our directors are expected to attend our Annual Meeting of stockholders. Each director attended our 2010 Annual Meeting of stockholders, which was held on April 13, 2010.

Committees and Committee Charters

Our Board has established several standing committees, including an Audit Committee, a Corporate Governance and Nominating Committee, a Corporate Social Responsibility Committee, a Human Resources and Compensation Committee, a Risk Committee and an Executive Committee. Each committee has the authority to retain and terminate the engagement of consultants and counsel to advise it as each committee deems necessary or helpful in carrying out its responsibilities, with any fees to be borne by the company. The charters of the Audit Committee, the CG&N Committee, the Corporate Social Responsibility Committee, the Human Resources and Compensation Committee and the Risk Committee are available on our website at www.bnymellon.com/governance/committees. You may also request printed copies by sending a written request to our Corporate Secretary at the address set forth on the cover of this proxy statement.

Audit Committee

The Audit Committee meets as often as it deems necessary to perform its responsibilities. In 2010, the committee held 13 meetings.

Table of Contents

The Audit Committee has direct responsibility for the appointment, compensation, retention and oversight of the work of the independent registered public accountants engaged to prepare an audit report or to perform other audit, review or attest services for us. The independent registered public accountants report directly to the committee. Annually, the committee recommends that the Board request stockholder ratification of the appointment of the independent registered public accountants. The committee acts on behalf of the Board in monitoring and overseeing the performance of our internal audit function. The committee oversees the operation of a comprehensive system of internal controls covering the integrity of our financial statements and reports, compliance with laws, regulations and corporate policies, and the qualifications, performance and independence of our independent registered public accountants. The committee has direct responsibility to evaluate and, when appropriate, to remove the independent registered public accountants. The committee is responsible for the pre-approval of all audit and permitted non-audit services performed by our independent registered public accountants. The committee approves the appointment and annually reviews the performance of the Chief Auditor, who reports directly to the committee. At least annually, the committee reviews the organizational structure, qualifications, independence and performance of the internal audit department and the scope of its planned activities. Quarterly, the committee reviews a report from the company's Disclosure Committee and reports concerning the status of the company's annual review of internal control over financial reporting, including (i) information about (a) any significant deficiencies or material weaknesses in the design or operation of internal control over financial reporting that are reasonably likely to adversely affect the company's ability to record, process, summarize and report financial information and (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the company's internal control over financial reporting, and (ii) management's responses to any such circumstance. The committee's function is one of oversight, recognizing that our management is responsible for preparing our financial statements, and our independent registered public accountants are responsible for auditing those statements. The committee reports periodically to the entire Board.

The Board of Directors has determined that the Audit Committee consists entirely of directors who meet the independence requirements of the NYSE listing standards and the rules and regulations under the Securities Exchange Act of 1934, as amended, which we refer to as the Exchange Act, and the rules and regulations of the Federal Deposit Insurance Corporation, which we refer to as the FDIC. The Board has also determined that all members of the Audit Committee are financially literate within the meaning of the NYSE listing standards as interpreted by the Board. The Board has determined, based upon education and experience as a principal accounting or financial officer or public accountant, or experience actively supervising a principal accounting or financial officer or public accountant, that Ms. Rein and Mr. Surma satisfy the definition of audit committee financial expert as set out in the rules and regulations under the Exchange Act, have banking and financial management expertise as set out in the FDIC's rules and regulations, and have accounting or related financial management expertise as such qualification under the NYSE rules is interpreted by the Board.

Corporate Governance and Nominating Committee

The CG&N Committee meets as often as it deems necessary to perform its responsibilities. In 2010, the committee held five meetings.

As further described above, the committee assists the Board in reviewing and identifying individuals qualified to become Board members. In addition, our CG&N Committee reviews non-employee director compensation and benefits on an annual basis and makes recommendations to the Board on appropriate compensation. The committee is responsible for approving compensation arrangements for non-employee members of the Boards of Directors of our significant subsidiaries. Such compensation must be consistent with market practice and designed to align our directors' interests with those of our long-term stockholders while not calling into question directors' objectivity. The committee oversees evaluations of the Board and committees of the Board and, unless performed by the Human Resources and Compensation Committee, our senior managers. The CG&N Committee has the responsibility to develop and recommend to the Board a set of corporate governance guidelines and propose changes to such guidelines from time to time as may be appropriate.

Our Board of Directors has determined that the committee consists entirely of directors who meet the independence requirements of the NYSE rules.

Corporate Social Responsibility Committee

The Corporate Social Responsibility Committee meets as often as it deems necessary to perform its responsibilities. In 2010, the committee held five meetings.

The committee's purpose is to promote a culture that emphasizes and sets high standards for corporate citizenship and to review corporate performance against those standards. The committee is responsible for providing primary oversight of the company's programs regarding community development and involvement, philanthropy, environmental sustainability practices, government affairs, including lobbying and political contributions, supplier diversity and engagement in corporate social responsibility matters. The committee also provides primary oversight for the company's compliance with the Community Reinvestment Act and Fair Lending rules and regulations. The committee is to be aware of the company's relationships with external constituencies concerning these activities, including investors, regulators, elected officials and community leaders, and also is to be aware of employee-related programs that could affect the company's reputation for social responsibility. For additional information regarding the company's commitment to corporate social responsibility and the committee's recent initiatives, please refer to our annual Corporate Social Responsibility Report, which is available on our website at www.bnymellon.com/csr.

Our Board of Directors has determined that the committee consists entirely of directors who meet the independence requirements of the NYSE rules.

Human Resources and Compensation Committee

The Human Resources and Compensation Committee meets as often as it deems necessary to perform its responsibilities. In 2010, the committee held 11 meetings.

The Human Resources and Compensation Committee oversees the compensation plans, policies and programs in which our executive officers participate and the other incentive, retirement, welfare and equity plans in which all of our employees participate. In addition, the committee administers and makes equity and/or cash awards under plans adopted for the benefit of our officers and other employees to the extent required or permitted by the terms of these plans, establishes any related performance goals and determines whether and the extent to which these goals have been attained.

The committee reviews and approves corporate goals and objectives relevant to the compensation of our Chief Executive Officer, evaluates the Chief Executive Officer's performance in light of those goals and objectives and determines and approves the Chief Executive Officer's compensation level on the basis of its evaluation. While the committee has overall responsibility for executive compensation matters, as specified in its charter, the committee reports its preliminary conclusions with respect to the performance evaluation and compensation decisions regarding our Chief Executive Officer to the other independent directors of our full Board in executive session and solicits their input prior to finalizing the committee's conclusions.

The committee reviews, evaluates and approves the total compensation of all other executive officers and makes recommendations concerning equity-based plans, which recommendations are subject to the approval of our entire Board. The committee advises and discusses with the other independent directors compensation decisions regarding our President and the process used by the committee.

The committee is generally responsible for overseeing our employee compensation and benefit policies and programs, our management development and succession programs, the development and oversight of a succession plan for the position of Chief Executive Officer and our diversity and inclusion programs. The committee administers and makes awards under our various equity-based employee incentive plans and oversees certain retirement plans that we sponsor to ensure: (i) that they provide an appropriate level of benefits in a

cost-effective manner to meet our needs and objectives in sponsoring such plans; (ii) that they are properly and efficiently administered in accordance with their terms to avoid unnecessary costs and minimize any potential liabilities to us; (iii) that our responsibilities as plan sponsor are satisfied; and (iv) that financial and other information with respect to such plans is properly recorded and reported in accordance with applicable legal requirements.

The committee has approved the delegation to our Chief Executive Officer of responsibility for determining equity awards to certain employees, other than himself, who are eligible to receive grants under our Long-Term Incentive Plan. The delegated authority approved by the committee to our Chief Executive Officer is subject to certain limitations, including: (i) total aggregate shares subject to plan awards pursuant to the delegated authority in any calendar year (1,100,000); (ii) aggregate shares represented by plan awards that may be granted to any one individual pursuant to the delegated authority in any calendar year (100,000); and (iii) a sub-limit of shares represented by full value awards that may be granted in any calendar year (550,000).

Finally, as further described in the Compensation Discussion and Analysis, our management provides information, analysis and recommendations for the committee's decision-making process in connection with the amount and form of executive compensation, except that no member of management will participate in the decision-making process with respect to his own compensation. The Compensation Discussion and Analysis discusses the role of our Chief Executive Officer in determining or recommending the amount and form of executive compensation. In addition, we address the role of our management and its independent compensation consultants and the role of the committee's independent outside compensation advisors in determining and recommending executive compensation below.

Our Board of Directors has determined that the committee consists entirely of directors who meet the independence requirements of the NYSE rules.

Compensation Committee Interlocks and Insider Participation

None of the members of our Human Resources and Compensation Committee, as listed in the table on page 18 of this proxy statement, is or was formerly an officer or employee of the company or any of its subsidiaries, nor did any members have a relationship with us that is disclosable as a Related Party Transaction as defined by the SEC. In addition, none of our executive officers served on any compensation committee or any board of directors of another company, of which any of our Board members was also an executive officer.

Risk Committee

The Risk Committee meets as often as it deems necessary to perform its responsibilities. In 2010, the committee held six meetings.

As further discussed under The Role of the Board in Risk Oversight below, the committee is responsible for reviewing significant financial and other risk exposures and the steps management has taken to monitor, control and report such exposures, including, without limitation, credit, market, fiduciary, liquidity, reputational, operational, fraud, strategic, technology, data-security and business-continuity risks. The committee evaluates risk exposure and tolerance and approves appropriate transactional or trading limits. The committee reviews and evaluates the company's policies and practices with respect to risk assessment and risk management and annually presents to the Audit Committee a report summarizing the committee's review of the company's methods for identifying and managing risks. The committee reviews reports of the company's Risk Management and Compliance department, which we refer to as the Risk department, Internal Audit and regulatory agencies relating to risk issues and management's responses to such reports, unless such review is under the jurisdiction of another committee. The committee reviews reports on fiduciary assets of our businesses, provides general oversight of the company's investment of fiduciary assets and adopts the company's fiduciary policy statement.

Table of Contents

The committee evaluates the scope of work of the Risk department and its planned risk management activities and reviews the appointment, performance and replacement of the company's Chief Risk Officer. The committee is responsible for assessing the company's technology risk management program and receives reports from management regarding the company's technology operations. The committee receives regular reports from management, and makes semi-annual reports to the Audit Committee, regarding corporate-wide compliance with laws and regulations. The committee escalates to the Audit Committee for discussion at a joint session with the Audit Committee any items that have a significant financial statement impact or require significant financial statement/regulatory disclosures and any other significant issues.

Our Board of Directors has determined that the committee consists entirely of directors who meet the independence requirements of the NYSE rules.

REPORT OF THE AUDIT COMMITTEE

On behalf of our Board of Directors, the Audit Committee oversees the operation of a comprehensive system of internal controls in respect of the integrity of our financial statements and reports, compliance with laws, regulations and corporate policies and the qualifications, performance and independence of our independent registered public accounting firm. The committee's function is one of oversight, recognizing that our management is responsible for preparing our financial statements, and our independent registered public accountants are responsible for auditing those statements.

Consistent with this oversight responsibility, the committee has reviewed and discussed with management the audited financial statements for the year ended December 31, 2010 and management's assessment of internal control over financial reporting as of December 31, 2010. KPMG LLP, our independent registered public accounting firm, issued its unqualified report on our financial statements and the operating effectiveness of our internal control over financial reporting.

The committee has also discussed with KPMG LLP the matters required to be discussed in accordance with Public Company Accounting Oversight Board Auditing Standard, Communications with Audit Committees. The committee has also received the written disclosures and the letter from KPMG LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning auditor independence, and has conducted a discussion with KPMG LLP relative to its independence. The committee has determined that KPMG LLP's provision of non-audit services is compatible with its independence.

Based on these reviews and discussions, the committee recommended to the Board of Directors that our audited financial statements for the year ended December 31, 2010, be included in our annual report on Form 10-K for the fiscal year then ended.

Table of Contents**AUDIT FEES, AUDIT RELATED FEES, TAX FEES AND ALL OTHER FEES**

The Audit Committee appointed KPMG LLP as our independent registered public accounting firm for the year ended December 31, 2010. We have been advised by KPMG LLP that it is an independent public accounting firm registered with the Public Company Accounting Oversight Board, which we refer to as the PCAOB, and complies with the auditing, quality control and independence standards and rules of the PCAOB and the SEC.

The appointment of KPMG LLP as our independent registered public accounting firm for the 2010 fiscal year was ratified at our 2010 Annual Meeting. The following table reflects the fees earned by KPMG LLP for the following types of services provided by KPMG LLP to us for 2010 and 2009:

Description of Fees	Amount of Fees	
	KPMG LLP for 2010	KPMG LLP for 2009
Audit Fees(1)	\$ 16,604,000	\$ 11,069,000
Audit-Related Fees(2)	\$ 11,328,000	\$ 13,516,000
Tax Fees(3)	\$ 2,820,000	\$ 1,889,000
All Other Fees(4)	\$ 426,000	\$ 376,000
Total Fees(5)	\$ 31,178,000	\$ 26,850,000

- (1) Includes fees for professional services rendered for the audit of our annual financial statements for the fiscal year (including services relating to the audit of internal control over financial reporting under the Sarbanes-Oxley Act of 2002) and for reviews of the financial statements included in our quarterly reports on Form 10-Q and for other services that only our independent registered public accountant can reasonably provide.
- (2) Includes fees for services that were reasonably related to performance of the audit of the annual financial statements for the fiscal year, other than Audit Fees, such as service organization reports (under SAS 70), employee benefit plan audits and internal control reviews.
- (3) Includes fees for tax return preparation and tax planning.
- (4) Includes fees for regulatory and other advisory services.
- (5) The overall fee increase for 2010 was due principally to a combination of acquisition-related services and scheduled rate increases.

Other Services Provided by KPMG LLP

KPMG LLP also provided services to entities associated with us that were charged directly to those entities and accordingly were not included in the amounts disclosed in the table above. These amounts included \$11.2 million for 2010 and \$8.7 million for 2009 for the audits and tax compliance services for mutual funds, collective funds and other funds advised by us. Also excluded from the amounts disclosed in the table above are fees billed by KPMG LLP to joint ventures or equity method investments in which we have an interest of 50% or less.

Pre-Approval Policy

Our Audit Committee has established pre-approval policies and procedures applicable to all services provided by our independent registered public accountants. In accordance with SEC rules, our pre-approval policy has two different approaches to pre-approving audit and permitted

non-audit services performed by our independent registered public accountants. Proposed services may be pre-approved pursuant to policies and procedures established by the Audit Committee that are detailed as to a particular class of service without consideration by the Audit Committee of the specific case-by-case services to be performed. We refer to this

pre-approval method as class pre-approval. If a class of service has not received class pre-approval, the service will require specific pre-approval by the Audit Committee before such service is provided by our independent registered public accountants. We refer to this pre-approval method as specific pre-approval. A list of services that has received class pre-approval from our Audit Committee (or its delegate) is attached to our Audit and Permitted Non-Audit Services Pre-Approval Policy. A copy of our Audit and Permitted Non-Audit Services Pre-Approval Policy is available on our website at www.bnymellon.com/governance/auditpolicy.pdf. For 2010, all of the fees associated with the independent registered public accounting firm services were pre-approved by the Audit Committee.

EXECUTIVE COMPENSATION CONSULTANTS TO THE HUMAN

RESOURCES AND COMPENSATION COMMITTEE

The Human Resources and Compensation Committee, which we refer to as the HRC Committee, has the sole authority to retain and terminate any independent compensation consultant directly assisting it. The HRC Committee also has the sole authority to approve fees and other engagement terms.

The HRC Committee retained Hewitt Associates LLC, now known as Aon Hewitt, to serve as its independent compensation consultant. As discussed in greater detail in the Compensation Discussion and Analysis, throughout the year, the independent compensation consultant assists the HRC Committee in its analysis and evaluation of compensation matters relating to our executive officers. The independent compensation consultant retained by the HRC Committee reports directly to the HRC Committee. The independent compensation consultant attends the in-person and telephonic meetings of the HRC Committee, and meets with the HRC Committee in executive session without members of management present. The independent compensation consultant also reviews and provides input on materials for the committee's meetings and advises on other matters that the HRC Committee may consider.

Hewitt Associates LLC has acted as the HRC Committee's independent compensation consultant since August 2009. On October 1, 2010, Hewitt Associates LLC merged with Aon Corporation, and the combined consulting practice is now called Aon Hewitt. The company has historically used affiliates of Aon Corporation for additional services, including insurance brokerage services, equity valuation services and compensation market survey data.

Aon Risk Services, Inc., an affiliate of Aon Corporation, which we refer to as Aon Risk, historically has acted as one of the insurance brokers used by the company, and the company has paid some of its insurance premiums to Aon Risk, which premiums are passed through by Aon Risk to the underlying insurance providers. Aon Risk receives commissions from the underlying insurance providers for its services as an insurance broker to the company, which are calculated based on the amount of premiums that the company pays. McLagan Partners, Inc., an affiliate of Aon Corporation and an independent consulting firm, has provided the company with compensation market survey data. In addition, Radford Valuation Services, an affiliate of Aon Corporation, has provided the company with equity valuation services. The decisions to engage affiliates of Aon Corporation for the services described above were made by management and were not approved by the HRC Committee or the Board of Directors. It should be noted that, prior to the merger of Hewitt Associates LLC and Aon Corporation on October 1, 2010, there was no relationship between Hewitt Associates LLC and its affiliates, on the one hand, and Aon Corporation and its affiliates, on the other hand.

Aon Hewitt has developed safeguards to promote the independence of its executive compensation consulting advice. These independence policies include: (i) strong confidentiality requirements, a code of conduct and a strict policy against investing in client organizations; (ii) management of multiservice client relationships by separate account executives; (iii) clearly defined engagements with compensation committees that are separate from any other services provided; (iv) formal segregation of executive compensation services into a separate business unit; (v) no incentives for cross-selling of services and no compensation rewards based

Table of Contents

on other results; (vi) no offers of more favorable terms for companies that retain Aon Hewitt for additional services; and (vii) consulting work limited to boards, compensation committees and companies, with no representation of individual executives in any capacity.

In 2010, the company paid approximately \$230,000 in fees to Aon Hewitt for serving as the independent compensation consultant to the HRC Committee. From October 1, 2010 (the date of the completion of the Aon Hewitt merger) until the end of 2010, the company directly paid an aggregate of approximately \$534,000 in fees to affiliates of Aon Corporation for the additional services described above. In addition, from October 1, 2010 until the end of 2010, Aon Risk received approximately \$1.75 million in commissions from insurance providers in connection with Aon Risk's services as an insurance broker for the company.

In addition, as described in detail in the Compensation Discussion and Analysis, management also engages consultants that assist in executive compensation matters from time to time.

CORPORATE GOVERNANCE MATTERS

Corporate Governance Guidelines

Our Board of Directors has adopted Corporate Governance Guidelines covering, among other things, the duties and responsibilities and independence of our directors. The Corporate Governance Guidelines cover a number of other matters, including the Board's role in overseeing executive compensation, compensation and expenses for non-management directors, communications between stockholders and directors, and Board committee structures and assignments. A copy of our Corporate Governance Guidelines is available on our website at www.bnymellon.com/governance/guidelines.

Employee Code of Conduct

Our Board of Directors has adopted a Code of Conduct, which applies to all of our employees, to provide a framework to maintain the highest standards of professional conduct for the company. Through our Code of Conduct, we stress the importance of "Doing What's Right." Under our Code of Conduct, "Doing What's Right" means:

contributing to an ethical culture is expected and valued;

conducting business in full compliance with all applicable laws and regulations, and in accordance with the highest ethical standards;

fostering honest, fair and open communications;

demonstrating respect for our clients, communities and one another;

being accountable for your own and team actions; and

being willing to take a stand to correct or prevent any improper activity or business mistake.

Directors' Code of Conduct

Our Board of Directors has adopted a Code of Conduct for directors of the company. This code is intended to provide guidance to our directors to help them recognize and deal with ethical issues, provide mechanisms to report possible unethical conduct and foster a culture of honesty and accountability. The Directors' Code of Conduct requires directors to:

avoid any conflicts of interest between the director and the company;

comply with the procedures set forth in our related party transactions policy;

Table of Contents

maintain the confidentiality of information entrusted to them by the company and any other confidential information about the company that comes to them, except when and to the extent disclosure is authorized by the company or legally mandated;

endeavor to deal fairly with the company's customers, suppliers, competitors and employees;

protect the company's assets and oversee their efficient and effective use;

comply, and oversee compliance by employees, officers and other directors of the company, with laws, rules and regulations applicable to the company;

encourage the reporting of any possible illegal or unethical behavior; and

communicate any suspected violations of the code promptly to our General Counsel or the Chairman of our CG&N Committee.

Both our Code of Conduct and our Directors' Code of Conduct satisfy applicable SEC and NYSE requirements and, together, apply to all of our directors, officers and employees and those of our subsidiaries. A copy of the Code of Conduct is available on our website at www.bnymellon.com/ethics/codeofconduct.pdf. A copy of the Directors' Code of Conduct is available on our website at www.bnymellon.com/governance/directorscodeofconduct.pdf. We intend to disclose any amendments to our Code of Conduct or our Directors' Code of Conduct and any waivers from the Code of Conduct or the Directors' Code of Conduct for executive officers and directors, respectively, by posting such information on our website.

Director Independence

Our Board has determined that we have 13 independent directors out of a total of 15 current directors. Our independent directors are Ruth E. Bruch; Nicholas M. Donofrio; Edmund F. Kelly; Richard J. Kogan; Michael J. Kowalski; John A. Luke, Jr.; Robert Mehrabian; Mark A. Nordenberg; Catherine A. Rein; William C. Richardson; Samuel C. Scott III; John P. Surma; and Wesley W. von Schack. Our two non-independent directors are Robert P. Kelly and Gerald L. Hassell, our Chief Executive Officer and President, respectively.

Our Standards of Independence

For a director to be considered independent, the Board must determine that the director does not have any direct or indirect material relationship with us. The Board has established standards based on the following categories and types of transactions to assist it in determining director independence (which are also included in our Corporate Governance Guidelines), which conform to, or are more exacting than, the independence requirements in the NYSE listing standards. A copy of these independence standards is also available as part of our Corporate Governance Guidelines at www.bnymellon.com/governance/guidelines. Under the standards, a director will not be considered independent if:

the director is, or has been within the last three years, an employee of us, or an immediate family member of the director is, or has been within the last three years, an executive officer of us;

the director has received, or has an immediate family member who has received, during any 12-month period within the last three years, more than \$120,000 in direct compensation from us except in his or her capacity as a director and except for compensation received by an immediate family member for service as an employee (other than an executive officer) of us or any of our subsidiaries;

(A) the director or an immediate family member is a current partner of a firm that is our internal or external auditor, (B) the director is a current employee of such a firm, (C) the director has an immediate family member who is a current employee of such a firm and who participates in the company's audit, or (D) the director or an immediate family member was within the last three years (but is no longer)

a partner or employee of such a firm and personally worked on our audit within that time;

Table of Contents

the director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of our present executive officers at the same time serves or has served on the compensation committee;

the director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, us for property or services in an amount which, in any of the last three fiscal years of such other company's operations, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues; or

we made a charitable contribution (excluding matching gifts) to any charitable organization of which the director serves as an executive officer and the contribution exceeded the greater of \$1 million or 2% of the charitable organization's consolidated gross revenues in a single fiscal year within the past three years.

For purposes of these standards, an immediate family member includes a director's spouse, parents, children, siblings, mothers-in-law, fathers-in-law, sons-in-law, daughters-in-law, brothers-in-law, sisters-in-law and anyone (other than domestic employees) who shares the director's home.

The Board will also determine that a director is not independent if the Board finds that the director has material business arrangements with us that would jeopardize that director's judgment. In making this determination (as described below and in the following section), the Board reviews business arrangements between the company and the director and between the company and any other company for which the director serves as an officer or general partner, or of which the director directly or indirectly owns 10% of the equity. Our Board has determined that these arrangements will not be considered material if:

they are of a type that we usually and customarily offer to customers or vendors;

they are on terms substantially similar to those for comparable transactions with other customers or vendors under similar circumstances;

it is not reasonably likely that the arrangements would have a material adverse effect on the financial condition, results of operations or business of the recipient; or

in the case of personal loans, the loans are subject to and in compliance with Regulation O of the Board of Governors of the Federal Reserve System, which we refer to as the Federal Reserve Board.

In applying the factors above, the Board may consider such other factors as it may deem necessary to arrive at sound determinations as to the independence of each director, and such factors may override the conclusion of independence or non-independence that would be reached simply by reference to the enumerated factors.

In reaching its director independence determinations, the Board reviewed the standards listed above, the corporate governance rules of the NYSE and the SEC and the individual circumstances of each director and determined that each of the directors identified above as independent satisfied each standard.

SEC rules also require us to disclose, by category or type, transactions, relationships and arrangements that were considered by the Board in determining that a director is independent, even though these transactions, relationships and arrangements did not rise to the level that would require disclosure under our related party transactions policy described below. The following is a description of such transactions, relationships and arrangements which were considered by the Board in making its determination with respect to the independence of certain directors. None of the transactions described below to or from our company were in an amount that exceeded the greater of \$1 million or 2% of the other entity's consolidated gross revenues, which is one of our standards for director independence noted above. In each case, the Board determined that the transactions described below were not material, did not affect the independence of the director and did not impair the director's ability to act in the shareholders' best interest.

Table of Contents

Purchases of goods or services in the ordinary course of business. The company and its subsidiaries conduct operations in 36 countries and purchase goods and services in the ordinary course of business from many companies, entities and institutions. In 2010, the company and its subsidiaries purchased a small amount of goods and services (less than approximately 0.02% of our annual revenue for 2010) from the following entities for which one of our independent directors also served as an executive officer during 2010: Liberty Mutual Group (Mr. E. Kelly); MeadWestvaco Corporation (Mr. Luke); Tiffany & Co. (Mr. Kowalski); and University of Pittsburgh (Mr. Nordenberg). All of these purchases were made in the ordinary course of business. In no case did any of these purchases exceed approximately 0.1% of the selling entity's annual revenue for its last fiscal year.

Sales of goods or services in the ordinary course of business. A large part of our business is providing various financial services to other companies and organizations, including asset management services, securities servicing, issuer services, treasury services and credit services. We provide certain of these services to organizations for which one of our independent directors served as an executive officer during 2010: Aegis Insurance Services (Mr. von Schack); Iberdrola, S.A. (Mr. von Schack); Liberty Mutual Group (Mr. E. Kelly); MeadWestvaco Corporation (Mr. Luke); Teledyne Technologies Inc. (Dr. Mehrabian); Tiffany & Co. (Mr. Kowalski); University of Pittsburgh (Mr. Nordenberg); and United States Steel Corporation (Mr. Surma). All of the services were provided in the ordinary course of our business and at prevailing customer rates and terms. In no case did the amount of fees paid to us by the purchasing entity exceed approximately 0.2% of the purchasing entity's annual revenue for its last fiscal year or approximately 0.02% of the company's annual revenue for 2010.

Charitable contributions. We make (directly, through our subsidiaries or by the BNY Mellon Charitable Foundation or The Bank of New York Mellon Corporation Foundation) charitable contributions to not-for-profit, charitable, tax-exempt or non-profit organizations of which one of our independent directors serve or served as directors, executive officers or trustees, namely Ms. Rein and Messrs. Donofrio, E. Kelly, Kogan, Nordenberg, Richardson and Surma. In 2010, charitable contributions to these organizations totaled approximately \$1 million in the aggregate, and no organization received a contribution greater than \$210,000. None of these contributions exceeded the greater of \$1 million or 2% of the organization's consolidated gross revenues in a single fiscal year within the past three years, which is one of our standards for director independence noted above.

Beneficial ownership or voting power. We beneficially own or have the power to vote (through our subsidiaries or through funds advised by our subsidiaries) shares of companies of which our non-management directors are executive officers (Mr. Kowalski, Mr. Luke, Dr. Mehrabian, Mr. Surma). In no instance do our subsidiaries or such funds own or have the power to vote more than 4% of the outstanding shares of any such company.

Business Relationships and Related Party Transactions Policy

In the ordinary course of business, certain of our subsidiaries periodically have, and expect to continue to have, banking and other transactions of the type referenced above with related persons. A related person includes directors, nominees for director, executive officers, greater than five percent beneficial owners, members of such persons' immediate families and any firm, corporation or other entity in which any of the foregoing persons is employed as a general partner or principal or in a similar position or in which such person and all other related persons has a 10% or greater beneficial interest.

The Board has adopted a policy on related party transactions, which we refer to as our related party transactions policy, and which was reviewed by the CG&N Committee. Our related party transactions policy provides that the CG&N Committee, or another Board committee consisting solely of independent directors, must, except as described below, approve any transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we or any of our subsidiaries was, is or will be a participant and the amount involved exceeds \$120,000, and in which any related person had, has or will have a direct or

Table of Contents

indirect material interest, such transactions constituting disclosable related party transactions under SEC rules. In 2010, there were no related party transactions that required CG&N Committee approval or disclosure in this proxy statement. The following is a description of our related party transactions policy.

Consistent with SEC rules, our related party transactions policy provides that the following transactions may be entered into with a related person, are not considered to be related party transactions and are not required to be disclosed or approved by the CG&N Committee:

Other than as may be required pursuant to Regulation O, an extension of credit to a related person that is made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons who are not related persons and does not involve more than the normal risk of collectibility or present other unfavorable features;

Indebtedness that constitutes amounts due from related persons for purchases of goods and services subject to usual trade terms, ordinary business and travel expenses or other transactions in the ordinary course;

Transactions with a firm or entity if the interest of the related person arises only from the related person's position as director of the other entity or direct or indirect ownership of less than 10% of the entity's equity, or both;

Transactions with a firm or entity if the interest of the related person arises only from the related person's position as a limited partner of a partnership in which he or she has less than 10% of the total interests and is not a general partner and does not have another position with the partnership;

A transaction involving services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture, or similar services;

A transaction where the rates or charges involved in the transaction are determined by competitive bids, or the transaction involves the rendering of services as a common or contract carrier, or public utility, at rates or charges fixed in conformity with law or governmental authority;

Transactions where the related person's interest arises solely from the ownership of the company's equity securities and all stockholders receive the same benefit on a pro rata basis; and

Compensation paid to executive officers and directors of the company that is reported in the company's proxy statement or otherwise approved or recommended by the Human Resources and Compensation Committee.

Our related party transactions policy provides that the CG&N Committee may recommend to our Board from time to time adoption of resolutions pre-approving certain types or categories of transactions that the CG&N Committee determines are in, or are not inconsistent with, our best interests and the best interests of our stockholders, as the CG&N Committee determines in good faith. The Board has adopted a resolution pre-approving transactions that involve the sale or other provision of products and services (not subject to Regulation O or other specific regulatory requirements) by our company or its subsidiaries to directors and members of their immediate family, director-related companies and executive officers and members of their immediate family in the ordinary course and on terms generally offered in transactions with non-related persons. Transactions subject to Regulation O or other specific regulatory requirements are approved as required by Regulation O or other applicable regulations.

Under the related party transactions policy, in making its determination to approve a disclosable related party transaction, the CG&N Committee may take into consideration all of the relevant facts and circumstances available to it, including (if applicable) but not limited to: (i) the related

person's relationship to us and interest in

Table of Contents

the transaction; (ii) the material facts of the transaction, including the amount involved; (iii) the benefits to us of the transaction; (iv) the availability from other sources of comparable products or services; and (v) an assessment of whether the transaction is on terms that are comparable to the terms available to or from an unrelated third party or to employees generally. The CG&N Committee also may consider the impact on a director's independence in the event the related person is a director, an immediate family member of a director or a director-related company.

Under the related party transactions policy, no member of the CG&N Committee would participate in the review, consideration, approval or ratification of any disclosable related party transaction with respect to which such member or any of his or her immediate family members or director-related company is the related person. The CG&N Committee may approve only those disclosable related party transactions that are in, or are not inconsistent with, our best interests and the best interests of our stockholders, as the CG&N Committee determines in good faith.

Under the related party transactions policy, if a disclosable related party transaction is identified after it is already ongoing or completed, it must be submitted to the CG&N Committee promptly for ratification, applying the standards described above. In these circumstances, the CG&N Committee would evaluate all options available, including ratification, amendment, termination or rescission of the transaction.

Our related party transactions policy does not limit or affect the application of our other policies applicable to our directors, executive officers and other related persons, including our Codes of Conduct.

Lead Director, Executive Sessions of Independent Directors, and Communications with Lead Director and Independent Members of the Board

Our Lead Director

Mr. von Schack, an independent director, currently serves as our Lead Director. As set forth in our Corporate Governance Guidelines, our Lead Director has the following duties and responsibilities:

Provides input on the agenda for each Board meeting;

Presides over executive sessions of non-management directors;

Receives certain correspondence addressed to the Board or the non-management directors;

In conjunction with the Chairman of the HRC Committee, discusses with the Chief Executive Officer the results of the Board's annual evaluation of the Chief Executive Officer's performance;

Can call meetings of the independent directors in his discretion; and

Performs such other functions as the Board shall direct or request from time to time.

Our by-laws further provide that, in the event of the absence or temporary disability of the Chairman, the Lead Director will preside at stockholder and/or Board meetings during such absence or disability.

Executive Sessions of Non-Management Directors

Under our Corporate Governance Guidelines, non-management directors hold an executive session without management at each regularly scheduled Board meeting. The Lead Director presides over executive sessions of non-management directors. At least one executive session each year is required to be attended only by non-management directors.

Communications with Lead Director and Independent Members of the Board

Interested parties may send communications to our Lead Director in accordance with the procedures set forth on our website at www.bnymellon.com/governance/contact.html.

Our Corporate Secretary is authorized to open and review any mail or other correspondence received that is addressed to the Board or any individual director unless the item is marked "Confidential" or "Personal". If so marked and addressed to the Board, it will be delivered unopened to the Lead Director. If so marked and addressed to an individual director, it will be delivered to the addressee unopened. If, upon opening an envelope or package not so marked, the Corporate Secretary determines that it contains a magazine, solicitation or advertisement, the contents may be discarded.

The Audit Committee has approved procedures with respect to the receipt, review and processing of, and any response to, written communications sent by stockholders and other interested persons to our Board of Directors. Any written communication regarding accounting, internal accounting controls or other financial matters are processed in accordance with procedures adopted by the Audit Committee.

Our Board Leadership Structure

The Board has reviewed the company's current Board leadership structure—which consists of a combined Chairman and Chief Executive Officer with an independent Lead Director—in light of the composition of the Board, the company's size, the nature of the company's business, the regulatory framework under which the company operates, the company's stockholder base, the company's peer group and other relevant factors, and has determined that a combined Chairman and Chief Executive Officer position, with an independent Lead Director, is currently the most appropriate Board leadership structure for the company. The Board noted the following factors in reaching its determination:

The Board acts efficiently and effectively under its current structure, where the Chief Executive Officer also acts as Chairman with a strong independent Lead Director.

A combined Chairman/Chief Executive Officer is in the best position to be aware of major issues facing the company on a day-to-day and long-term basis, and is in the best position to identify key risks and developments facing the company to be brought to the Board's attention (in consultation with the Lead Director as part of the agenda-setting process).

Table of Contents

A combined Chairman/Chief Executive Officer position eliminates the potential for confusion and duplication of efforts, including among employees.

A combined Chairman/Chief Executive Officer position eliminates the potential for uncertainty as to who leads the company, providing the company with a single public face in dealing with stockholders, employees, regulators, analysts and other constituencies.

The Lead Director serves as an effective counterbalance to factors commonly cited as reasons to separate the Chairman and Chief Executive Officer positions, such as concerns that the Chairman/Chief Executive Officer will control the Board agenda or dominate Board meetings. In this regard, the Board noted the following in its review:

The Lead Director consults with and provides input to the Chairman/Chief Executive Officer on the agenda for Board meetings.

The Lead Director consults regularly with the Chairman/Chief Executive Officer with respect to whether the directors receive appropriate information and there is sufficient time for discussion at Board meetings.

The Lead Director regularly discusses with the Chairman/Chief Executive Officer the topics and quality of presentations to the Board.

The Lead Director presides at executive sessions of independent directors, which are held at each regular Board meeting, and serves as liaison between the other independent directors and the Chairman/Chief Executive Officer.

The Lead Director can call meetings of the independent directors in his discretion.

The Lead Director is available to meet with major stockholders and regulators under appropriate circumstances.

In conjunction with the chairman of the HRC Committee, the Lead Director discusses with the Chairman/Chief Executive Officer the Board's annual evaluation of his performance as Chief Executive Officer.

The Lead Director serves as a point of contact for other independent directors of the company in addition to the Chairman/Chief Executive Officer, providing independent directors with an effective means to raise matters they may not be comfortable raising with the Chairman/Chief Executive Officer.

The powers of the Chairman under our by-laws are limited other than chairing meetings of the Board and stockholders, the powers conferred on the Chairman (e.g., ability to call special meetings of stockholders or the Board) can be exercised by the Board or a specified number of directors or, in some cases, the Lead Director, or are administrative in nature (e.g., authority to execute documents on behalf of the company).

The Lead Director chairs any meeting of the Board or stockholders at which the Chairman is absent.

Succession Planning

We have succession plans and succession processes in place for our Chairman/Chief Executive Officer and President, as well as for the team of roughly 115 senior leaders that make up our management Executive and Operating Committees. Our senior management succession planning process is an organization-wide practice designed to proactively identify, develop and retain the high performance leadership talent that is critical for future business success.

Succession plans for the Chairman/Chief Executive Officer and President positions are reviewed annually by the HRC Committee and the other non-management directors. The plans identify a readiness level and ranking for each internal candidate. The plans also incorporate the flexibility to define an external hire as a succession option. Formal succession planning for the rest of our senior leaders is also an annual process. As in the succession process for the Chairman/Chief Executive Officer and President, Executive and Operating Committee members identify a rank and readiness level for each potential candidate for each position. The process also allows for the flexibility, if appropriate, of strategically planning for external hires for these positions where, for example, gaps are identified. The HRC Committee and the Board review the succession plans for all Executive Committee positions.

The Role of the Board in Risk Oversight

The understanding, identification and management of risk are essential elements for the successful management of the company.

Risk oversight begins with the Board of Directors and two key Board committees: the Risk Committee and the Audit Committee. These committees have been in place since the merger in 2007. Prior to the merger, the boards of directors of both Bank of New York and Mellon had risk committees in place since January 2002 and December 2002, respectively.

The Risk Committee consists of independent directors and meets on a regular basis to review and assess our risks, control processes with respect to such risks, and our risk management and fiduciary policies and activities. Subject to the discussion of the role of the Audit Committee below, the Risk Committee has primary oversight responsibility for risk management. As set forth in the Risk Committee's Charter, the Risk Committee's responsibilities include, among others:

Review of significant financial and other risk exposures and the steps management has taken to monitor, control and report such exposures, including credit, market, fiduciary, liquidity, reputational, operational, fraud, strategic, technology, data-security and business-continuity risks;

Evaluation of risk exposure and tolerance, and approval of appropriate transactional or trading limits;

Review and evaluation of the company's policies and practices with respect to risk assessment and risk management;

Review of reports and significant findings of the Risk department, and the Internal Audit department, which we refer to as Internal Audit, with respect to the risk management activities of the company, together with management's responses and follow-up to these reports;

Review of significant reports from regulatory agencies relating to risk issues, and management's responses;

Review of the scope of work of the Risk department and its planned activities with respect to the risk management activities of the company; and

Review of the company's technology risk management program.

Table of Contents

The Risk Committee delegates policy formulation and day-to-day oversight of risk to our Chief Risk Officer, who is responsible for an effective risk management structure. The Risk Committee has the responsibility to review the appointment, performance and replacement of the Chief Risk Officer.

The Audit Committee also plays a role in risk oversight. The Audit Committee reviews and discusses policies with respect to risk assessment and risk management. The Audit Committee also has oversight responsibility with respect to the integrity of the company's financial reporting process and systems of internal controls regarding finance and accounting, as well as its financial statements. At the management level, Internal Audit is responsible for providing reliable and timely information to the Board and management regarding the company's effectiveness in identifying and appropriately controlling risks. Annually, the Risk Committee presents to the Audit Committee a report summarizing the Risk Committee's review of the company's methods for identifying and managing risks. Semi-annually, the Risk Committee reports to the Audit Committee regarding corporate-wide compliance with laws and regulations.

Since the financial crisis emerged in September 2008, the Risk and Audit Committees of the Board have held joint sessions at the beginning of each of their regular meetings, to hear reports and discuss key risks affecting the company and the management of these risks. As part of its responsibilities, the Risk Committee must escalate to the Audit Committee any items that have a significant financial statement impact or require significant financial statement/regulatory disclosures or any other significant issues for discussion at the joint sessions. By design, all independent directors are currently members of either the Risk or Audit Committee, so that all independent directors are present during the joint sessions. In doing so, we have structured our Board committee meetings in a manner that facilitates discussion of major risks with all independent directors, including the Lead Director, at each regular meeting of the Board. Prior to September 2008, the Risk and Audit Committees of the Board met jointly from time to time, as did the Bank of New York and Mellon Risk and Audit Committees prior to the merger.

The company also has a comprehensive internal risk framework, which facilitates performance of risk oversight by the Risk Committee. Our risk management framework is designed to:

Provide that risks are identified, monitored, reported, and priced properly;

Define and communicate the types and amount of risk the company is willing to take;

Communicate to the appropriate management level the type and amount of risk taken;

Maintain a risk management organization that is independent of the risk-taking activities; and

Promote a strong risk management culture that encourages a focus on risk-adjusted performance.

Under the company's risk management framework, the company has formed a Senior Risk Management Committee, which we refer to as the SRMC, which consists of members of senior management and which reports to both the Risk Committee and the Audit Committee. The SRMC is the senior most focal point within the company to monitor, evaluate and recommend comprehensive policies and solutions to deal with all aspects of risk and to assess the adequacy of any risk remediation plans in the company's businesses. The SRMC provides reports of its activities to the Risk Committee, and any significant changes in the key responsibilities of the SRMC must be reported to the Risk Committee.

In addition, the company has also formed several risk management sub-committees to identify, assess and manage risks. Each risk management sub-committee reports its activities to the SRMC and any significant changes in the key responsibilities of any sub-committee, or a change in chairmanship of any sub-committee, must be approved by the Chief Risk Officer and subsequently reported to the SRMC.

Our primary risk exposures as well as our risk management framework and methodologies are discussed in further detail on pages 58 to 62 in our 2010 Annual Report.

- (14) The payout of certain amounts shown may be subject to delay pursuant to Section 409A of the Internal Revenue Code, as amended. Any such delay has not been considered for purposes of this table.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers to file with the SEC initial reports of beneficial ownership and reports of changes in ownership of any of our securities. These reports are made on documents referred to as Forms 3, 4 and 5. Our directors and executive officers must also provide us with copies of these reports. We have reviewed the copies of the reports that we have received and written representations from the individuals required to file the reports. Based on this review, we believe that during 2010 each of our directors and executive officers timely complied with applicable reporting requirements for transactions in our equity securities.

DIRECTOR COMPENSATION

Our Corporate Governance Guidelines provide that compensation for our non-management directors' services may include annual cash retainers; shares of our common stock; deferred stock units or options on such shares; meeting fees; fees for serving as a committee chairman; and fees for serving as a director of one of our subsidiaries. We also reimburse directors for their reasonable out-of-pocket expenses in connection with attendance at Board meetings. Directors are reimbursed for their travel expenses not exceeding, in the case of airfare, the first-class commercial rate. Directors will also be reimbursed for reasonable out-of-pocket expenses (including tuition and registration fees) relating to attendance at seminars and training sessions relevant to their service on the Board and in connection with meetings or conferences which they attend at the company's request. Our CG&N Committee periodically reviews director compensation and makes recommendations to the Board with respect thereto. Our Corporate Governance Guidelines provide that director compensation should be consistent with market practice and should align directors' interests with those of long-term stockholders while not calling into question directors' objectivity.

Our Board has adopted a policy to pay our non-management directors an annual cash retainer of \$75,000, payable in quarterly installments in advance, and a meeting fee of \$1,800 for each committee meeting attended.

Table of Contents

The chairman of the Audit Committee receives an annual cash retainer of \$15,000 and the chairmen of all other committees each receive an annual cash retainer of \$12,500. Our Lead Director receives an annual cash retainer of \$25,000. In addition, non-management directors who are members of any special committee of the Board will receive a per meeting fee of \$1,800. Each non-management director receives an annual award of deferred stock units in an amount determined by the Board on the recommendation of the CG&N Committee. In 2010, this award had a value of \$110,000 and was awarded shortly after the 2010 Annual Meeting. In 2011, this award also will have a value of \$110,000 and will be awarded shortly after the 2011 Annual Meeting. The units vest on the earlier of one year after the date of the award or on the date of the next Annual Meeting of stockholders and must be held for as long as the director serves on the Board. The units accrue dividends, which are reinvested in additional deferred stock units.

We assumed in the merger of The Bank of New York Company, Inc. and Mellon Financial Corporation the Deferred Compensation Plan for Non-Employee Directors of The Bank of New York Company, Inc., which we refer to as the Bank of New York Directors Plan, and the Mellon Elective Deferred Compensation Plan for Directors, which we refer to as the Mellon Directors Plan. Under the Bank of New York Directors Plan, participating legacy Bank of New York directors continued to defer receipt of all or part of their annual retainer and meeting fees earned through 2007. Under the Mellon Directors Plan, participating legacy Mellon directors continued to defer receipt of all or part of their annual retainer and fees earned through 2007. Both plans are nonqualified plans, and neither plan is funded.

Although the Bank of New York Directors Plan and the Mellon Directors Plan continue to exist, all new deferrals of director compensation by any of the non-management directors have been made under the Director Deferred Compensation Plan, which was adopted effective as of January 1, 2008. Under this plan, a non-management director choosing to defer can direct all or a portion of his or her annual retainer or committee meeting fees into either (i) variable funds, credited with gains or losses that mirror market performance of market style funds or (ii) the company's phantom stock.
