**Item 1.01 Entry into a Material Definitive Agreement**

On September 12, 2011, Time Warner Cable Inc. (the Company) completed its offering of \$2.25 billion in aggregate principal amount of senior unsecured notes and debentures consisting of \$1.0 billion principal amount of 4% notes due 2021 (the 2021 Notes) and \$1.25 billion principal amount of 5 1/2% debentures due 2041 (the 2041 Debentures) and, together with the 2021 Notes, the Debt Securities). The Debt Securities are guaranteed by Time Warner Entertainment Company, L.P. and TW NY Cable Holding Inc., each a subsidiary of the Company (collectively, the Guarantors). In connection with the offering, on September 7, 2011, the Company and the Guarantors entered into an Underwriting Agreement (the Underwriting Agreement) with Goldman, Sachs & Co., J.P. Morgan Securities LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated, as representatives of the underwriters listed in Schedule II thereto (collectively, the Underwriters). The Underwriting Agreement contains customary representations, covenants and indemnification provisions. The offering of the Debt Securities was registered under the Securities Act of 1933, as amended, pursuant to a registration statement on Form S-3 (File No. 333-173760) (the Registration Statement) filed with the Securities and Exchange Commission (the Commission) on April 28, 2011. The terms of the Debt Securities are described in the Company's Prospectus dated April 28, 2011, as supplemented by a final Prospectus Supplement dated September 7, 2011, as filed with the Commission on September 8, 2011. A copy of the Underwriting Agreement is attached as Exhibit 1.1 to this Current Report on Form 8-K and is incorporated by reference into this Report and the Registration Statement.

The Debt Securities were issued pursuant to an Indenture, dated as of April 9, 2007, as amended and supplemented (the Indenture), by and among the Company, the Guarantors and The Bank of New York Mellon, as trustee. The Indenture was previously described in, and included as an exhibit to, the Company's Current Report on Form 8-K dated April 4, 2007, which was filed with the Commission on April 9, 2007.

The 2021 Notes will mature on September 1, 2021 and the 2041 Debentures will mature on September 1, 2041. The 2021 Notes will bear interest at a rate of 4% per year and the 2041 Debentures will bear interest at a rate of 5 1/2% per year. Interest on the Debt Securities will be payable semi-annually in arrears on March 1 and September 1 of each year, beginning on March 1, 2012. The Debt Securities are unsecured senior obligations of the Company and rank equally with its other unsecured and unsubordinated obligations. The guarantees of the Debt Securities are unsecured senior obligations of the Guarantors and rank equally in right of payment with all other unsecured and unsubordinated obligations of the Guarantors.

Commencing on June 1, 2021, the Company may redeem the 2021 Notes and commencing on March 1, 2041, the Company may redeem the 2041 Debentures, in each case, in whole or in part at any time at the Company's option, at a redemption price equal to 100% of the principal amount of the Debt Securities being redeemed plus accrued and unpaid interest to the redemption date.

Prior to June 1, 2021 in the case of the 2021 Notes and prior to March 1, 2041 in the case of the 2041 Debentures, the Company may redeem the Debt Securities, in whole or in part at any time at the Company's option, at a redemption price equal to the greater of (i) 100% of the principal amount of the Debt Securities being redeemed and (ii) the sum of the present values of the remaining scheduled payments on the applicable Debt Securities discounted to the redemption date on a semi-annual basis at a government treasury rate plus 35 basis points as further described

in the Indenture and the Debt Securities, plus, in each case, accrued but unpaid interest to the redemption date.

The Indenture contains customary covenants relating to restrictions on the ability of the Company or any material subsidiary to create liens and on the ability of the Company and the Guarantors to consolidate, merge or convey or transfer substantially all of their assets. The Indenture also contains customary events of default. The forms of the 2021 Notes and 2041 Debentures are attached as Exhibits 4.1 and 4.2, respectively, to this Report and are incorporated by reference into this Report and the Registration Statement.

Certain of the Underwriters or their affiliates have performed and may, from time to time in the future, engage in transactions with or perform commercial and investment banking and advisory services for the Company and/or are lenders under the Company's bank credit facility, for which they have received or will receive customary fees and expenses.

The Company expects to use the net proceeds from the issuance of the Debt Securities for general corporate purposes, which may include the repayment of debt.
