Michael J. Long

Chairman of the Board

March 23, 2012

Dear Shareholder:

You are invited to Arrow's Annual Meeting of Shareholders, on Friday, May 4, 2012, at the Four Seasons Hotel, 1111 14th Street, Denver, Colorado 80202 at 10:00 a.m. Mountain Time. The formal notice of the meeting and the Proxy Statement soliciting your vote at the meeting appear on the following pages.

The matters scheduled to be considered at the meeting are (i) the election of the Board of Directors; (ii) the ratification of the selection of the independent registered public accounting firm; and (iii) the holding of an advisory vote on executive compensation. These matters are discussed more fully in the Proxy Statement.

Arrow's Board of Directors recommends the approval of each proposal as being in the best interests of Arrow, and urges you to read the Proxy Statement carefully before you vote. Your vote is important regardless of the number of shares you own.

Under the rules adopted by the United States Securities and Exchange Commission, we are furnishing proxy materials to our shareholders online rather than mailing printed copies of those materials to each shareholder. Accordingly, you will not receive a printed copy of the proxy materials unless you request one. The Notice of Internet Availability includes instructions on how to access and review the materials, and how to access your proxy card and vote online. If you would like to receive a printed copy of our proxy materials please follow the instructions included in such Notice.

Please make sure you vote, whether or not you plan to attend the meeting. You can cast your vote at the meeting, online by following the instructions on either the proxy card or the Notice of Internet Availability, by telephone, or, if you received paper copies of our proxy materials, by mailing your proxy card in the postage-paid return envelope.

Sincerely yours,

Michael J. Long
Chairman of the Board

PROXY STATEMENT

in connection with the

2012 Annual Meeting of Shareholders

The Purpose of this Statement

The Board of Directors of Arrow Electronics, Inc., a New York corporation (Arrow or the Company), is furnishing this Proxy Statement to all shareholders of record to solicit proxies to be voted at the 2012 Annual Meeting of Shareholders. By returning a completed proxy card, or voting over the telephone or internet, you are giving instructions on how your shares are to be voted at the Annual Meeting of Shareholders. The Proxy Statement was made available through www.proxyvote.com on or about March 23, 2012.

Invitation to the Annual Meeting

Shareholders of record are invited to attend the 2012 Annual Meeting of Shareholders on Friday, May 4, 2012, beginning at 10:00 a.m. Mountain Time. The meeting will be held at the Four Seasons Hotel, 1111 14th Street, Denver, Colorado 80202.

Voting Instructions

Please vote your shares by telephone or through the internet, or if you received printed copies of the proxy materials, complete, sign, and date your proxy card and return it promptly in the postage-paid return envelope provided. Whether or not you plan to attend the meeting, your prompt response will assure a quorum and reduce solicitation expense.

If shares are held in street name (that is, in the name of a bank, broker, or other holder of record), such holder should receive instructions from the record shareholder that must be followed in order for such shares to be voted (including at the meeting). Internet and/or telephone voting also will be offered to shareholders owning shares through most banks and brokers.

Unless you indicate otherwise, the persons named as proxies on the proxy card will vote your shares FOR all of the nominees for director named in this Proxy Statement, FOR the ratification of Ernst & Young LLP as Arrow's registered public accounting firm, and FOR the advisory vote on executive compensation.

Table of Contents

Shareholders Entitled to Vote

Only shareholders of record of Arrow's common stock at the close of business on March 9, 2012 (the record date) are entitled to notice of and to vote at the meeting or any postponements or adjournments thereof. As of the record date, there were 111,768,403 shares of Arrow common stock outstanding. Each share of common stock is entitled to one vote on each matter properly brought before the meeting. The presence in person or by proxy of a majority of the shares entitled to vote at the meeting shall constitute a quorum.

If a stockholder is a participant in the Arrow Electronics Stock Ownership Plan (the ESOP), the stockholder can vote using the methods described above. This will serve as a voting instruction for Vanguard Fiduciary Trust Company (the Trustee), where all accounts are registered in the same name. As a participant in the ESOP, the stockholder has the right to direct the Trustee, who is the holder of record, regarding how to vote the shares of common stock credited to the participant's account at the Annual Meeting. If voting instructions for the shares of common stock in the ESOP are not received, those shares will be voted by the Trustee in the same proportions as the shares for which voting instructions were received from other participants in the ESOP. Voting (including any revocations) by ESOP participants will close at 11:59 p.m. Eastern Time on May 1, 2012. The Trustee will then vote all shares of common stock held in the ESOP by the established deadline.

Revocation of Proxies

The person giving the proxy may revoke it at any time prior to the time it is voted at the meeting by giving written notice to Arrow's Secretary. If the proxy was given by telephone or through the internet, it may be revoked in the same manner. You may also revoke your proxy by attending the Annual Meeting of Shareholders and voting in person. If your shares are held in street name you must contact the record holder of the shares regarding how to revoke your proxy.

Cost of Proxy Solicitation

Arrow pays the cost of soliciting proxies. Arrow has retained D.F. King & Co., Inc. to assist in soliciting proxies at an anticipated cost of approximately \$10,500 plus expenses. Arrow will supply soliciting materials to the brokers and other nominees holding Arrow common stock in a timely manner so that the brokers and other nominees may send the material to each beneficial owner and Arrow will reimburse the brokers and other nominees for their expenses in so doing. In addition to this solicitation by mail, employees of the Company may solicit proxies in person or by telephone.

PROPOSAL 1: ELECTION OF DIRECTORS

Each nominee for election as a member of the Board of Directors of Arrow (the Board) is to be elected to hold office until the next Annual Meeting of Shareholders.

After 25 years as a director of the Company, Daniel Duval has informed the Board of Directors that he does not intend to stand for re-election upon the expiration of his term at the 2012 Annual Meeting of Shareholders. Mr. Duval will continue to serve as a director of the Company until the expiration of his term at the 2012 Annual Meeting of Shareholders. The Board will not fill the vacancy left by Mr. Duval's departure at the 2012 Annual Meeting of Shareholders and, by resolution, has fixed the number of directors at ten, effective May 4, 2012, the date of the 2012 Annual Meeting of Shareholders. The Chairman, together with his colleagues on the Board, for themselves and on behalf of Arrow, gratefully acknowledge Mr. Duval's many years of service and his numerous valuable contributions to the Company, particularly his willingness to accept the role of Lead Director from May 2006 to May 2011 and for acting as interim Chief Executive Officer from September 15, 2002 to February 2, 2003.

The Board recommends a vote FOR all of the nominees named below.

All nominees identified below are current members of the Board. All have been recommended for re-election to the Board by the Corporate Governance Committee and approved and nominated for re-election by the Board. The Board does not contemplate that any of the nominees named below will be unable or unwilling to serve as a director. If any nominee should refuse or be unable to serve (an event which is not anticipated), the proxy will be voted for a person designated by the Board, or in lieu thereof, the Board may reduce the number of directors. In accordance with the Company's By-laws, the ten nominees receiving a plurality of votes cast at the meeting will be elected directors, subject to the Director Resignation Policy described below.

An uncontested election of directors is no longer considered a routine item under the New York Stock Exchange rules. As a result, if a shareholder holds shares in street name through a broker or other nominee, the broker or nominee is not permitted to exercise voting discretion with respect to this proposal. For this reason, if a shareholder does not give his or her broker or nominee specific instructions, the shareholder's shares will not be voted on this proposal.

In accordance with the Company's corporate governance guidelines, members of the Board should have the education, business experience, and insight necessary to understand the Company's business. Further, members of the Board should be able to evaluate and oversee its direction and performance for the Company's continued success. The directors should also possess such functional skills, corporate leadership, and international experience as to contribute to the development and expansion of the Board's knowledge and capabilities. Moreover, the directors should have the willingness and ability to objectively and constructively appraise the performance of executive management and, when necessary, recommend appropriate changes. Neither the Board nor the Corporate Governance Committee has a formal policy regarding diversity. However, the Board believes that its membership should reflect diversity in its broadest sense, and, consistent with that philosophy, the Board does consider a candidate's experience, education, geographic location, and difference of viewpoint when evaluating his or her qualifications for election to the Board. Whenever the Corporate Governance Committee evaluates a potential candidate, it considers that individual in the context of the composition of the Board as a whole. Based on the nominee's experience (including international experience), attributes, and skills, which exemplify the sought after characteristics described above, the Board has concluded that each nominee possesses the appropriate qualifications to serve as a director of the Company. All of the following nominees are currently directors of the Company and were elected at last year's Annual Meeting of Shareholders.

Table of Contents

Barry W. Perry, 65, director since 1999

Mr. Perry has been the Lead Director of the Company since May 2011. He was Chief Executive Officer and Chairman of the Board of Engelhard Corporation, a surface and materials science company, for more than five years prior to his retirement in June 2006. Mr. Perry is also currently a director of the Albermarle Corporation and Ashland Inc. Mr. Perry served as a director of Cookson Plc, UK from January 2002 until May 2011.

While he was Chief Executive Officer of Engelhard Corporation, Mr. Perry established his company's vision and strategy, selected key management personnel, and evaluated the risks of participating in various markets. Further, his experience as a director of a number of public multinational companies provides him with the skills to objectively and accurately evaluate the financial performance and corporate strategies of a large company.

Philip K. Asherman, 61, director since 2010

Mr. Asherman has been President and Chief Executive Officer of Chicago Bridge & Iron Company (CB&I) since 2006. He served as an Executive Vice President and Chief Marketing Officer of CB&I from 2001 to 2006 and Managing Director of Chicago Bridge & Iron Company N.V. (CB&I N.V.) from 2002 to 2006. Prior thereto, Mr. Asherman served as the Senior Vice President of Fluor Global Services as well as other executive positions with Fluor Daniel, Inc. and its operating subsidiaries. He has more than 30 years of experience in the engineering and construction industry in a variety of project, operations management, and sales and marketing roles. Mr. Asherman has handled assignments in Asia Pacific, Europe, and South America. He serves as a director of CB&I, CB&I N.V., and the Fletcher School at Tufts University. Mr. Asherman has been chosen to serve as a director of the Company because of his service as Chief Executive Officer of a multi-national public company, knowledge of international business, and human relations skills.

Gail E. Hamilton, 62, director since 2008

Ms. Hamilton was Executive Vice President of Symantec Corporation, an infrastructure software and services provider, from March 2000 to January 2005. Previously, she served as the General Manager of the Communications Division of Compaq Computer Corporation and as the General Manager of the Telecom Platform Division for Hewlett-Packard Company. She is currently a director of OpenText Corp., Ixia, and Westmoreland Coal Company. In the last five years, Ms. Hamilton has also served as a director of Washington Group International and Surgient, Inc.

Ms. Hamilton has been responsible for designing, manufacturing, and selling electronic systems for over 20 years. While at Symantec, Ms. Hamilton oversaw the operations of the enterprise and consumer business. In that role, she was responsible for budgeting and helped steer the company through an aggressive acquisition strategy. The Board believes Ms. Hamilton's experience at Symantec, a leading software company, makes her particularly valuable in providing guidance to our Enterprise Computing Solutions business with regard to its direction and strategy.

John N. Hanson, 70, director since 1997

Mr. Hanson has been the non-executive Chairman of the Board of Joy Global Inc., a manufacturer of mining equipment for both underground and surface applications, since February

Table of Contents

2007. He was Chairman, Chief Executive Officer, and President of Joy Global Inc. (formerly known as Harnischfeger Industries, Inc.) for more than five years prior thereto. He is Chairman of the American Coal Foundation.

Within the past five years, Mr. Hanson also served as a director of the Milwaukee Symphony Orchestra and the Boys & Girls Clubs of Milwaukee. Immediately upon his appointment in 1999 as Chief Executive Officer of Harnischfeger Industries, Inc., Mr. Hanson provided the required guidance and leadership to bring it through its Chapter 11 bankruptcy reorganization. In so doing, the company became a more efficient, profitable organization. During this process, Mr. Hanson was responsible for leading that company's direction by developing and implementing a long-term strategy and assessing risks and opportunities. Mr. Hanson has run multiple businesses throughout his career, several of which used distribution as their principle sources of products and services. He has served as a director of seven different companies over his career. The Board believes that these skills make Mr. Hanson a valuable member of the Board.

Richard S. Hill, 60, director since 2006

Mr. Hill has been Chief Executive Officer and Chairman of the Board of Novellus Systems, Inc., a maker of devices used in the manufacture of advanced integrated circuits, for more than five years. He is currently a director of LSI Corporation and, until recently, was Chairman of the University of Illinois Foundation. Also, within the past five years, Mr. Hill served as a director of Agere Systems, Inc. and SemiLEDs Corporation.

Mr. Hill has had a broad base of experience as the Chief Executive Officer of Novellus. In that role, Mr. Hill sets the strategy by evaluating market risks to determine the ultimate direction of that company. Novellus is in the business of developing, manufacturing, and selling equipment used in the fabrication of integrated circuits. As a result, Mr. Hill has a thorough understanding of the semiconductor market in which Arrow operates.

M.F. (Fran) Keeth, 65, director since 2004

Mrs. Keeth was Executive Vice President of Royal Dutch Shell plc and Chief Executive Officer and President of Shell Chemicals Limited, a services company responsible for Royal Dutch Shell's global petrochemical businesses, from January 2005 to December 2006. She served as Executive Vice President of Customer Fulfillment and Product Business Units for Shell Chemicals Limited from July 2001 to January 2005 and was President and Chief Executive Officer of Shell Chemical LP, a U.S. petrochemical member of the Royal Dutch/ShellGroup, from July 2001 to July 2006. Mrs. Keeth also serves as a director of Verizon Communications Inc. and Peabody Energy Corporation.

Mrs. Keeth rose to the level of Chief Executive Officer and President of Shell Chemicals Limited. Her knowledge and expertise helped guide the direction, culture, and operational excellence of Shell. Further, during her career Mrs. Keeth has held a number of senior accounting positions, including Principal Accounting Officer and Controller. As a result of such experience and associated expertise, Mrs. Keeth is considered an audit committee financial expert as the term is defined in Item 407(d)(5) of Regulation S-K. In addition to her extensive financial expertise, Mrs. Keeth brings to the Board executive leadership experience as a chief executive officer and a global business perspective from her service as an executive officer of a large multinational company and from her service on other public company boards.

Table of Contents

Andrew C. Kerin, 48, director since 2010

Mr. Kerin was Executive Vice President, Aramark Corporation and Group President, Global Food, Hospitality and Facility Services, Aramark Corporation from June 2009 until March 9, 2012. He served as Executive Vice President, Aramark Corporation and Group President, North America Food, from 2006 to 2009. In 2004, Mr. Kerin was elected as an executive officer of Aramark Corporation as Senior Vice President and served as President, Aramark Healthcare and Education. Prior thereto, starting in 1995, Mr. Kerin served in a number of management roles within Aramark Corporation. Under his leadership were all of Aramark's U.S.-based food, hospitality, and facilities businesses including the management of professional services in healthcare institutions, universities, schools, business locations, entertainment and sports venues, correctional facilities, and hospitality venues.

Mr. Kerin serves on the President's Council of Fordham University and on the City Year, Inc. Board of Trustees. The Board believes that Mr. Kerin's extensive experience in the service industry makes him particularly valuable in providing guidance to the Company as it builds its services businesses.

Michael J. Long, 53, director since 2008

Mr. Long was appointed Chief Executive Officer of Arrow in May 2009 and Chairman of the Board effective January 2010. He was appointed President (and currently holds this position) and Chief Operating Officer of Arrow in February 2008. He served as Senior Vice President of the Company from January 2006 to February 2008, and, prior thereto, he served as Vice President of the Company for more than five years. He was appointed President, Arrow Global Components in September 2006. Mr. Long served as President, North America and Asia/Pacific Components from January 2006 until September 2006; President, North America from May 2005 to December 2005; and President and Chief Operating Officer of Arrow Enterprise Computing Solutions from July 1999 to April 2005. Mr. Long also serves as a Director of AmerisourceBergen Corporation.

As a result of his numerous years in leadership roles at the Company and in the distribution industry, Mr. Long understands the competitive nature of the business, has an in-depth knowledge of the Company, a strong management background, and broad executive experience.

Stephen C. Patrick, 62, director since 2003

Mr. Patrick was appointed Vice Chairman of Colgate-Palmolive Company, a global consumer products company, from January 2011 until his retirement in March 2011. Prior thereto, he served as the Chief Financial Officer of Colgate-Palmolive for approximately 14 years. In his more than 25 years at Colgate-Palmolive he has also held positions as Vice President, Corporate Controller, and Vice President of Finance for Colgate Latin America. Mr. Patrick also serves as a director of Crescent Capital Finance Group, Inc.

Mr. Patrick's experience and education make him an expert in financial matters. As the Chief Financial Officer of a successful public company, Mr. Patrick was responsible for assuring that all day-to-day financial transactions were accurately recorded, processed, and reported in all public filings. All of this requires a thorough understanding of finance, treasury, and risk management functions. Mr. Patrick is considered an audit committee financial expert as the term is defined in Item 407(d)(5) of Regulation S-K. In addition to his extensive financial expertise, Mr. Patrick brings to the Board executive leadership experience as a chief financial officer of a large multinational company.

Table of Contents

John C. Waddell, 74, director since 1969

Mr. Waddell retired as the Chairman of the Board of Arrow in May 1994 and since that time has served as the non-executive Vice Chairman. As one of the Company's founders and a director for more than four decades, Mr. Waddell has an in-depth understanding of the Company and its culture. He is an expert in electronic component distribution and very knowledgeable in the areas of enterprise and midrange computing products and services as well as supply chain solutions.

DIRECTOR RESIGNATION POLICY

In December 2011, the Board adopted a Director Resignation Policy, which provides that, in the event any director nominee does not receive a majority of the votes in an uncontested election in his or her favor, the nominee must tender a letter of resignation to the Board within five days of the certification of the shareholder vote. The Corporate Governance Committee must then consider whether to accept the director's resignation and make a recommendation to the Board as to acceptance or rejection. The Board will then consider the resignation and, within 90 days following the date of the shareholders' meeting at which the election occurred, shall publicly disclose its decision. A director whose resignation is under consideration may not participate in any deliberation regarding his or her resignation. To receive a majority of votes in an uncontested election means that the number of votes cast for a nominee's election as a director exceeds the number of votes withheld for that nominee. The Director Resignation Policy can be found at the Corporate Governance link on the investor relations section of the Company's website, www.arrow.com.

THE BOARD AND ITS COMMITTEES

The Board meets in general sessions with the Chairman of the Board presiding, in meetings limited to non-management directors (which are led by the Lead Director), and in various committees. Committee meetings are open to all members of the Board.

Committee memberships and chair assignments are reviewed annually by the Corporate Governance Committee, which makes appointment and chair recommendations to the Board.

The Table below reflects committee memberships for calendar year 2011.

In accordance with the Company's corporate governance guidelines, the Board has determined that Mr. Perry will serve as the Lead Director. The Lead Director chairs Board

meetings when the Chairman is not present. He also chairs the sessions of the non-management directors held in connection with each Board meeting. The Lead Director serves as a liaison between the Chairman and the independent non-management directors, and reviews and approves Board agendas and meeting schedules. The Lead Director has the authority to call meetings of the non-management directors.

Chief Executive Officer and Chairman Positions

The Company's Chief Executive Officer currently serves as Chairman of the Board. In his position as Chief Executive Officer, Mr. Long has primary responsibility for the day-to-day operations of the Company and provides consistent leadership on the Company's key strategic objectives. In his role as Chairman, he sets the strategic priorities for the Board, presides over its meetings, and communicates its findings and guidance to management. The Board believes that the combination of these two roles is the most appropriate structure for the Company at this time because: (i) this structure provides more consistent communication and coordination throughout the organization, which results in a more effective and efficient implementation of corporate strategy; (ii) this structure is important in unifying the Company's strategy behind a single vision; (iii) our Chief Executive Officer is the most knowledgeable member of the Board regarding risks the Company may be facing and, in his role as Chairman, is able to facilitate the Board's oversight of such risks; (iv) this structure has a long-standing history of serving our shareholders well, through many economic cycles, business challenges, and succession of multiple leaders; (v) the Company's current corporate governance processes, including those set forth in the various Board committee charters and corporate governance guidelines, preserve and foster independent communication amongst non-management directors as well as independent evaluations of and discussions with the Company's senior management, including the Company's Chief Executive Officer; and (vi) the role of the Lead Director, which fosters better communication among non-management directors, fortifies the Company's corporate governance practices making the separation of the positions of Chairman of the Board and Chief Executive Officer unnecessary at this time.

Committees

Each of the committees of the Board operates under a charter, copies of which are available at the Corporate Governance link on the investor relations section of the Company's website, www.arrow.com. As a matter of practice, beginning in May 2009, the Board determined that a director that acts as a Chair for a committee will not serve as a member of any other committee.

The **Audit Committee** reviews and evaluates Arrow's financial reporting process and other matters including its accounting policies, reporting practices, and internal accounting controls. The Audit Committee also monitors the scope and reviews the results of the audit conducted by Arrow's independent registered public accounting firm. It reviews with the corporate audit department (which reports to the Audit Committee) and management (i) the scope of the annual corporate audit plan; (ii) the results of the audits carried out by the corporate audit department, including its assessments of the adequacy and effectiveness of disclosure controls and procedures and internal control over financial reporting; and (iii) the sufficiency of the department's resources. The Board has determined that Mrs. Keeth and Mr. Patrick are qualified as audit committee financial experts.

The **Compensation Committee** is responsible for developing and reviewing Arrow's executive compensation philosophy. It implements that philosophy through compensation programs and plans designed to further Arrow's strategy, drive long-term profitable growth, and increase shareholder value. The Compensation Committee reviews and approves the corporate

Table of Contents

goals and objectives relevant to executive compensation and, subject to review and ratification by the other non-management members of the Board, reviews and approves the base salary, annual cash incentives, performance and stock-based awards, and retirement and other benefits for the Chief Executive Officer (in executive session) and the Company's other principal executives. In establishing the foregoing, the Compensation Committee reviews the performance of each of the Named Executive Officers and the Company as a whole.

In 2011, the Compensation Committee directly engaged Pearl Meyer & Partners as a consultant to examine and report exclusively to the Compensation Committee on best practices in the alignment of compensation programs for the Chief Executive Officer and other members of senior management with corporate goals by providing competitive benchmarking data, analyses, and recommendations with regard to plan design and target compensation. Pearl Meyer & Partners does not provide any other services to the Company. Pearl Meyer & Partners' services to the Compensation Committee have not raised any conflicts of interests among the Compensation Committee, the Company, and management.

The **Corporate Governance Committee** has primary responsibility for developing the corporate governance guidelines for Arrow, to identify and recommend new candidates for nomination to fill existing or expected director vacancies, and for making recommendations with respect to committee assignments and other governance issues. In addition, the Corporate Governance Committee evaluates the performance of individual Board members and determines if each of them should be recommended for re-election to the Board. The committee annually reviews and makes recommendations to the Board regarding the compensation of non-employee directors.

The Corporate Governance Committee will consider shareholder recommendations of nominees for membership on the Board as well as those recommended by current directors, Company officers, employees, and others. Such recommendations may be submitted to Arrow's Secretary, Peter S. Brown, at Arrow Electronics, Inc., 7459 S. Lima Street, Englewood, CO 80112, who will forward them to the Corporate Governance Committee. Possible candidates suggested by shareholders are evaluated by the Corporate Governance Committee in the same manner as other possible candidates.

The Corporate Governance Committee's initial review of a potential candidate is typically based on any written materials provided to it. In connection with the evaluation of potential nominees, the committee determines whether to interview the nominee, and if warranted, the Corporate Governance Committee, the Chairman of the Board and Chief Executive Officer, the Lead Director, and others as appropriate, interview the potential nominees. The Corporate Governance Committee retains the services of a third-party executive recruitment firm to assist its members in the identification and evaluation of potential nominees for the Board.

The Corporate Governance Committee's expectations as to the specific qualities and skills required for directors including those nominated by shareholders are set forth in Section 4 of Arrow's corporate governance guidelines (available at the Corporate Governance link on the investor relations section of the Company's website, www.arrow.com).

Enterprise Risk Management

The role of the Board is to promote the best interests of the Company and its shareholders by overseeing the management of Arrow's business, assets, and affairs. Management is responsible for the day-to-day management of the risks facing the Company, including timely identification of risk and risk controls related to significant business activities, and developing programs and recommendations to determine the sufficiency of risk identification, the balance of

Table of Contents

potential risk to potential reward, and the appropriate manner in which to control risk. The Board implements its risk oversight responsibilities by having management provide regular briefing and information sessions on the significant risks that the company faces and how the company seeks to control those risks when appropriate. In some cases, risk oversight in specific areas is the responsibility of a Board committee, such as the Audit Committee's oversight of issues related to internal controls over financial reporting and regulatory compliance; the Governance Committee's oversight of the Board's succession planning and governance; and the Compensation Committee's oversight of risks related to compensation programs. Arrow's Chief Executive Officer has the ultimate management authority for enterprise risk management including responsibility for capability development, risk identification and assessment, and for policies, governance, and strategies and actions to address enterprise risk.

Compensation Risk Analysis

The Company believes that its executive compensation program reflects an appropriate mix of compensation elements and balances current and long-term performance objectives, cash and equity compensation, and risks and rewards associated with executive roles. The following features of the Company's executive incentive compensation program illustrate this point:

Performance goals and objectives reflect a balanced mix of performance measures to avoid excessive weight on a certain goal or performance measure;

Annual and long-term incentives provide a defined range of payout opportunities (ranging from 25% to 200% of target for annual cash incentives and 25% to 175% for long-term incentives);

Total direct compensation levels are heavily weighted on long-term, equity-based incentive awards that vest over a number of years;

Equity incentive awards are granted annually so executives always have unvested awards that could decrease significantly in value if the business is not managed for the long-term;

The Company has implemented meaningful executive stock ownership guidelines so that the component of an executive's personal wealth that is derived from compensation from the Company is significantly tied to the long-term success of our Company; and

The Compensation Committee retains discretion to adjust compensation based on the quality of Company and individual performance and adherence to the Company's ethics and compliance programs, among other things.

Based on the above combination of program features, the Company believes that: (i) its executives are encouraged to manage the Company in a prudent manner; and (ii) its incentive programs are not designed in a manner to encourage senior business leaders to take risks that are inconsistent with the Company's best interests.

It is the Company's opinion that the compensation policies and practices for all employees are not reasonably likely to create risks that could have a material adverse effect on the Company. The Company delivers, in the aggregate, most of its compensation in the form of base salary, with smaller portions delivered in the form of cash incentives and long-term incentives. The Company's cash incentive compensation plans, which represent the primary variable component of compensation, have been designed to drive performance of employees working in management, sales, and sales-related roles. These plans are typically tied to achievement of sales/financial goals that include maximums that prevent windfall payouts.

Table of Contents

Independence

The Company's corporate governance guidelines provide that the Board should consist primarily of independent, non-management directors. For a director to be considered independent under the guidelines, the Board must determine that the director does not have any direct or indirect material relationships with the Company and that he or she is not involved in any activity or interest that conflicts with or might appear to conflict with his or her fiduciary duties.

To be deemed independent, a director must also meet the independence standards in the New York Stock Exchange listing rules, which the Board has adopted as its standard. The Company has determined that all non-management directors are independent.

In addition to applying these guidelines, the Board will consider all relevant facts and circumstances in making an independence determination. In making this determination regarding Mr. Hill, the Board considered that Mr. Hill is an independent director of LSI Corporation, a semiconductor manufacturer (for which the Company is an authorized distributor), and Chairman and Chief Executive Officer of Novellus Systems, Inc. In 2011, the Company purchased approximately \$115,000,000 of LSI products worldwide, which is 5.6% of LSI's total sales, and 0.6% of Arrow's total purchases. The Board determined that this relationship did not impair Mr. Hill's independence because he is an independent director of LSI, and receives compensation from LSI only in connection with his services as such. With respect to Novellus Systems, Inc., the Board determined that this relationship did not impair Mr. Hill's independence because Novellus purchased approximately \$46,000 of product from Arrow in 2011. In addition, with regard to Mr. Kerin, the Company paid approximately \$203,000 in 2011 to certain subsidiaries of Aramark Corporation for services rendered. The Board decided that these transactions were not material and that they did not impair Mr. Kerin's independence. Also, Mr. Kerin resigned from Aramark Corporation on March 9, 2012.

Further, the Board has considered the fact that Mr. Waddell was previously a member of upper management and the Chairman of the Board of the Company. However, he retired from employment with the Company eighteen years ago in 1994. Notwithstanding Mr. Waddell's former management role within the Company, the Board has determined that Mr. Waddell is currently independent. Nevertheless, effective on the date of the Annual Meeting of Shareholders and continuing thereafter for so long as he serves on the Board, Mr. Waddell will no longer serve as a member of any committee of the Board.

The Board has determined that all of its directors and nominees, other than Mr. Long, satisfy both the New York Stock Exchange's independence requirements and the Company's guidelines.

As required by the Company's corporate governance guidelines and the New York Stock Exchange's listing rules, all members of the Audit, Compensation, and Corporate Governance Committees are independent, non-management directors and all members of the Audit Committee and Compensation Committee also satisfy additional independence requirements.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee is a present or former employee of the Company, except for Mr. Duval, who served as interim Chief Executive Officer from September 15, 2002 to February 2, 2003. The Board believes, however, that Mr. Duval's interim service did not alter his status as an independent, non-management director under the rules of the New York Stock Exchange nor did it require disclosure as a Compensation Committee interlock. Additionally, no other member of the Compensation Committee is an employee or director of any company where any employee or director of the Company serves on the Compensation Committee that requires disclosure of a Compensation Committee interlock.

Table of Contents**Meetings and Attendance**

Consistent with the Company's corporate governance guidelines, it is the practice of the Board for all of its non-management directors to meet separately (without Company management present) following each regularly scheduled Board meeting, with the Lead Director presiding. In 2011, these non-management director meetings totaled five in number.

During 2011, there were seven meetings of the Board, eight meetings of the Audit Committee, five meetings of the Compensation Committee, and four meetings of the Corporate Governance Committee. All of the current directors attended 75% or more of all of the meetings of the Board and the committees on which they served. It is the policy of the Board that all of its members attend the Annual Meeting of Shareholders absent exceptional cause and all members of the Board did so in 2011.

Director Compensation

For the period January 1, 2011 through May 2, 2011, the independent, non-management members of the Board (that is, all members except Mr. Long) received the following fees in cash, on a pro rata basis:

Annual fee	\$ 50,000
Annual fee for service as committee chair	\$ 10,000
Additional annual fee for service as compensation or audit committee chair	\$ 5,000

Each director also received a fee of \$2,000 for each meeting attended during the time-frame identified above. Additionally, each director received an annual grant of restricted stock units valued at \$90,000 based on the fair market value of Arrow common stock on the date of grant, except for Messrs. Asherman and Kerin who received restricted stock units valued at \$33,750 because they joined the Board in December 2010. Based on the closing market price of \$45.63 on May 2, 2011, the 2011 grant resulted in 1,972 restricted stock units being awarded to each director, except for Messrs. Asherman and Kerin who each received 740 restricted stock units. For his service as Lead Director until May 2, 2011, Mr. Duval received an additional grant of restricted stock units valued at \$30,000 (658 units in 2011, based on the grant-date closing market price of \$45.63). These restricted stock units were fully vested on the date of grant. However, the units are not transferable into Arrow common stock, salable or available to be used as collateral until one year after the director leaves the Board, when each vested unit is settled with the issuance of one share of Arrow common stock.

Messrs. Asherman and Kerin also each received restricted stock units valued at \$90,000 on February 25, 2011 as a welcome aboard grant. Based on the closing market price of \$39.41, each director was awarded 2,284 restricted stock units.

Table of Contents

The Board determined that it was in the Company's best interests to change the non-management director compensation. Therefore, effective May 2, 2011, the non-management director compensation was modified to the following:

Annual fee	\$ 80,000
Annual fee for service as committee chair	\$ 10,000
Additional annual fee for service as compensation or audit committee chair	\$ 5,000

The Board eliminated the fees for attending Board and committee meetings. In addition to the cash fees, each non-employee director will receive an annual grant of restricted stock units valued at \$120,000, based on the fair market value of Arrow common stock on the date of grant. Further, the Lead Director receives another annual award of restricted stock units valued at \$30,000 in recognition of the additional responsibilities associated with the position.

The following Table shows the total dollar value of compensation received by all non-employee directors in or in respect of 2011.

The Company no longer uses stock options as a part of the compensation of non-management directors. The following Table reflects the number of unexercised options held by each non-management director as of December 31, 2011. Because the restricted stock unit grants are fully vested, they are not shown on this Table. The dollar values of the 2011 restricted stock unit grants are shown under the heading "Stock Awards" on the Table above.

(1) This column shows the number of shares underlying outstanding stock options for each stock option grant to each non-employee director.

(2) These columns reflect the exercise price and expiration date, respectively, for all of the stock options under each award. Each option was granted ten years prior to its expiration date. All of the awards vested in two equal amounts on the first and second anniversaries of the grant date and have an exercise price equal to the closing market price of the common stock on the grant date.

Under the terms of the Non-Employee Director Deferred Compensation Plan, non-employee directors may defer the payment of all or a portion of their annual retainers and meeting fees until the end of their service on the Board. Unless a different amount is chosen by the director, 50% of the director's annual retainer fee is automatically deferred and converted to units of Arrow common stock. Other amounts that are deferred may be invested for the benefit of the director, or should a director so choose, be converted into the stock units. The units held by each director are included under the heading "Common Stock Units" in the Shares of Common Stock Beneficially Owned Table. The amounts deferred by each director for 2011, to the extent there are any, are included under the heading "Fees Earned" on the Non-Employee Director Compensation Table. For deferrals made prior to 2008 and those made during 2009, the deferral will be paid upon termination of Board service. For deferrals during 2008, payments will be made thirty days after the director's service ends for those 72 or older at the time of resignation, and for those less than 72, one year after termination of service on the Board. For deferrals during 2010 and later, payment will be made on the one-year anniversary after termination of service.

Stock Ownership by Directors

The Board recognizes that stock ownership by its directors may strengthen their commitment to the long-term future of the Company and further align their interests with those of the shareholders generally. As a result, the corporate governance guidelines specifically state that directors are expected over time to own beneficial shares of the Company's common stock having a value of at least three times their annual retainer (including shares owned outright and restricted stock units and common stock units in a deferred compensation account). All directors are in compliance with this requirement.

AUDIT COMMITTEE REPORT

The Audit Committee represents and assists the Board by overseeing the Company's financial statements and internal controls; the independent registered public accounting firm's qualifications and independence; and the performance of the Company's corporate audit function and of its independent registered public accounting firm.

The Audit Committee currently consists of five directors, all of whom are independent in accordance with New York Stock Exchange listing standards and other applicable regulations. The Board has determined that Mrs. Keeth and Mr. Patrick are audit committee financial experts as defined by the SEC.

Company management has the primary responsibility for the preparation of the financial statements and for the reporting process, including the establishment and maintenance of Arrow's system of internal control over financial reporting. The Company's independent registered public accounting firm is responsible for auditing the financial statements prepared by management, expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, and auditing the Company's internal control over financial reporting.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with both management and the independent registered public accounting firm the Company's quarterly earnings releases, Quarterly Reports on Form 10-Q, and the 2011 Annual Report on Form 10-K. Such reviews included a discussion of critical or significant accounting policies, the reasonableness of significant judgments, the quality (not just the acceptability) of the accounting principles, the reasonableness and clarity of the financial statement disclosures, and such other matters as the independent registered public accounting firm is required to review with the Audit Committee under the standards promulgated by the Public Company Accounting Oversight Board. Also discussed with both management and the Company's independent registered public accounting firm were the design and efficacy of the Company's internal control over financial reporting.

In addition, the Audit Committee received from and discussed with representatives of the Company's independent registered public accounting firm the written disclosure and the letter required by the applicable requirements of the Public Company Accounting Oversight Board (regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence) and considered the compatibility of non-audit services rendered to Arrow with the independence of the Company's independent registered public accounting firm. The Audit Committee also discussed with the independent registered public accounting firm the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended, and as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee also discussed with the independent registered public accounting firm and Arrow's corporate audit group the overall scope and plans for their respective audits. The Audit Committee periodically met with the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of Arrow's internal controls, and the overall quality of Arrow's financial reporting.

Table of Contents

In reliance on these reviews and discussions, the Audit Committee recommended to the Board that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2011 for filing with the SEC.

PRINCIPAL ACCOUNTING FIRM FEES

The aggregate fees billed by Arrow's principal accounting firm, Ernst & Young LLP, for auditing the annual financial statements and the Company's internal control over financial reporting under Section 404 of the Sarbanes-Oxley Act of 2002, as amended, and related regulations included in the Annual Report on Form 10-K, the reviews of the quarterly financial statements included in the Quarterly Reports on Form 10-Q, statutory audits, assistance with and review of documents filed with the SEC, and consultations on certain accounting and reporting matters for each of the last two fiscal years are set forth as Audit Fees in the Table below.

Also set forth for the last two fiscal years are audit-related fees. Such fees are for services rendered in connection with business acquisitions, employee benefit plan audits, and other accounting consultations. Tax fees relate to assistance in tax return preparation and tax audits, and tax interpretation and compliance, in various tax jurisdictions around the world. Ernst & Young LLP did not provide any services to the Company related to financial information systems design or implementation, or provide any personal tax work or other services for any of the Company's executive officers or members of the Board.

	2011	2010
Audit Fees	\$ 6,526,936	\$ 6,876,382
Audit-Related Fees	576,313	590,349
Tax Return and Compliance Fees	298,034	436,216
Other Tax Related Fees	994,564	952,016
Total	\$ 8,395,847	\$ 8,854,963

The amounts in the Table above do not include fees charged by Ernst & Young LLP to Marubun/Arrow, a joint venture between the Company and the Marubun Corporation, which totaled \$275,602 (audit-related fees) and \$2,041 (tax-related fees) in 2011 and \$247,525 (audit-related fees) and \$1,879 (tax-related fees) in 2010.

Consistent with the Audit Committee charter, audit, audit-related, tax return and compliance, and other tax related services were approved by the Audit Committee, or by a designated member thereof. The Audit Committee has determined that the provision of the non-audit services described above is compatible with maintaining Ernst & Young LLP's independence.

PROPOSAL 2: RATIFICATION OF APPOINTMENT OF AUDITORS

Shareholders are asked to ratify the appointment of Ernst & Young LLP as Arrow's independent registered public accounting firm for the fiscal year ending December 31, 2012. Arrow expects that representatives of Ernst & Young LLP will be present at the meeting with the opportunity to make a statement if they desire to do so and that they will be available to answer appropriate inquiries raised at the meeting.

Table of Contents

The Board recommends that the shareholders vote FOR the ratification of the appointment of Ernst & Young LLP.

PROPOSAL 3: ADVISORY VOTE ON EXECUTIVE COMPENSATION

Last year, our shareholders had the opportunity to advise the Board of Directors as to whether the Company should conduct an advisory vote with respect to its executive compensation every one, two, or three years. The shareholders voted in favor of an annual advisory vote. In light of that result, the Board of Directors decided that the Company will hold an advisory say-on-pay vote each year in connection with its annual meeting of stockholders, until the next vote on the frequency of stockholder votes on the compensation of executives or until the Board of Directors otherwise determines that a different frequency for such advisory votes is in the best interests of the shareholders. The next required advisory vote on the frequency will occur no later than 2017.

Shareholders have an opportunity to cast an advisory vote on compensation of the Named Executive Officers. This proposal, commonly known as say-on-pay, gives shareholders the opportunity to approve, reject, or abstain from voting with respect to our executive compensation programs and policies and the compensation paid to the Named Executive Officers.

The Company is requesting shareholder approval of the compensation of our Named Executive Officers as disclosed in this proxy statement. Proposal 3 requires the affirmative vote of a majority of votes cast at the Annual Meeting of Shareholders. For purposes of determining the number of votes cast with respect to this Proposal 3, only those votes cast FOR or AGAINST are included. Abstentions and broker non-votes are counted only for purposes of determining whether a quorum is present at the Annual Meeting of Shareholders. As required by the Dodd-Frank Act, this is an advisory vote, which means that this proposal is not binding on the Company. The Compensation Committee, however, values the opinions expressed by our shareholders and will carefully consider the outcome of the vote when making future compensation decisions for our Named Executive Officers.

The Company asks that you review in detail the disclosure contained in this Proxy Statement regarding compensation of the Company's Named Executive Officers (including the Company's Compensation Discussion and Analysis, the compensation tables, and the narrative disclosures that accompany such compensation tables) and indicate your support for the compensation of the Company's Named Executive Officers that are described in this Proxy Statement.

The Board recommends that the shareholders vote FOR the approval of the compensation of the Company's Named Executive Officers as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K (including in the Compensation Discussion and Analysis section, or CD&A, compensation tables and accompanying narrative disclosures).

Based on the foregoing, and as a matter of good corporate governance, the Board is asking shareholders to approve the following advisory resolution at the 2012 Annual Meeting:

RESOLVED that the shareholders of the Company approve, on an advisory basis, the compensation of the Company's Named Executive Officers disclosed in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables, notes, and narrative in the Proxy Statement for the Company's 2012 Annual Meeting of Shareholders.

REPORT OF THE COMPENSATION COMMITTEE

The substantive discussion of the material elements of all of the Company's executive compensation programs and the determinations by the Compensation Committee with respect to compensation and executive performance for 2011 are contained in the Compensation Discussion and Analysis that follows below. The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with the management representatives responsible for its preparation and the Compensation Committee's compensation consultants. In reliance on these reviews and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in the Definitive Proxy Statement on Schedule 14A for Arrow's 2012 Annual Meeting of Shareholders for filing with the SEC and be incorporated by reference in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2011.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

Introduction

The Company's philosophy regarding executive compensation is to reward its executives for their contribution to the Company's performance and shareholder value by tying a significant portion of their total compensation directly to the Company's short- and long-term performance. The elements of the executives' total compensation are base salary, annual cash incentive awards, long-term incentive awards, and retirement and other employee benefits. The Company designed a compensation program that makes a substantial percentage of executive pay variable, subject to increase when Company performance exceeds targeted levels and reduction when Company performance targets are not achieved.

Say-On-Pay Feedback from Shareholders

In 2011, the executive compensation program was submitted to an advisory vote of the shareholders and it received the support of approximately 90% of the total votes cast at the Annual Meeting of Shareholders. While the Compensation Committee had already approved the executive compensation program for 2011 by the time of the say-on-pay vote in May 2011, the Committee has and will continue to carefully consider any shareholder feedback in its executive compensation decisions. In fact, based on shareholder feedback, the Board of Directors decided to hold an annual say-on-pay vote.

Pay-for-Performance

A significant portion of the total compensation of the Named Executive Officers is directly linked to Company performance in the form of incentive awards of cash and equity. The Company believes this provides its executives an opportunity to earn above average compensation if the Company delivers superior results. In fiscal 2011, 76% of the Named Executive Officers' compensation was variable and tied to corporate performance, measured by earnings per share (EPS).

Equity awards. One way the Company links pay and performance is to grant a significant amount of the executives' compensation in the form of equity awards, the primary value of which is directly tied to the Company's stock price performance. In 2011, 57% of the average total compensation of the Named Executive Officers was in the form of equity.

Annual cash incentive awards. The Company also links a significant portion of the executives' annual cash incentive compensation to Company performance, measured mainly by EPS and, to a lesser extent, achievement of other individual performance and team goals. This provides the Company with the flexibility of using a variable expense structure, allowing it to reduce compensation costs in challenging times and reward performance when business conditions and results warrant. In 2011, 70% of the Named Executive Officer's annual cash incentive compensation was tied to EPS.

Compensation Program Highlights

For fiscal 2011, the Company believes its compensation programs delivered payments commensurate with its performance. Below are the highlights of the executive compensation program:

Elements of the Compensation Program. The Company has designed the executive compensation program to be largely performance-based. As further described in Elements of Total Compensation, the executives' compensation consists primarily of base salary, short-term cash incentive awards, and long-term equity incentive awards.

Base Salary. In fiscal 2011, there were modest salary increases for Messrs. Reilly, Bryant, and Kong, while Mr. Long received a salary increase of 12.5%. These increases were intended to keep salaries competitive and consistent with the Company's compensation philosophy.

Annual Cash Incentive Awards. EPS, supplier market share expansion, and individual performance and team goals, are the key metrics for the Named Executive Officers' annual cash incentive awards. For 2011, the Company's performance with respect to EPS, supplier market share expansion, and individual performance and team goals was 126.9%, 111.0%, and 100.0%, respectively, and therefore resulted in the payment of annual cash incentive awards above target levels for the Named Executive Officers.

Long-Term Incentive Plan (LTIP). Long-term incentive compensation continues to make up the majority of the compensation for each of the Named Executive Officers, comprised of equity awards which have value that is closely linked to the Company's EPS growth relative to its peers. In 2011, the Named Executive Officers were awarded long-term incentives in a mixture of 50% performance stock units, 25% restricted stock units, and 25% stock options.

Pay and Governance Practices. The Company uses pay practices that are consistent with a pay-for-performance compensation philosophy. For example, the Company does not provide extensive perquisites to executives or provide tax gross-ups. There are no guaranteed salary increases or non-performance-based bonuses and the Company has stock ownership guidelines for its executives. The Company analyzes the impact of risk in its compensation program to ascertain that it does not encourage excessive risk-taking on the part of senior executives. While the Named Executive Officers participate in a Supplemental Executive Retirement Program (SERP), such program is part of a legacy plan that has been in existence since 1990. This plan covers a very limited number of executives and is intended to strengthen retention.

2011 Results

In light of the Company's strong financial performance in 2011, the Compensation Committee awarded cash incentives to the Named Executive Officers in alignment with the achieved performance.

The Named Executive Officers attained an achievement percentage of 126.9% with respect to their Arrow EPS metric, which accounts for 70% of their annual performance metrics;

They attained an achievement percentage of 111.0% with respect to their Supplier Market Share Expansion, which accounts for 15% of their annual performance metrics; and

With respect to individual performance and team goals, the Named Executive Officers attained 100.0%. This accounts for 15% of their annual performance metrics.

The details of the foregoing are described under the heading Annual Cash Incentives.

Overview

As a large, global provider of technology solutions operating in a highly competitive market, the Company views its people as critical assets and a key driver of its success. As discussed more fully below, the Company's executive compensation program, under the direction of the Compensation Committee, is designed to motivate, attract, and retain talented executives who are capable of successfully leading the Company's complex global operations and creating long-term shareholder value. The program is structured to support Arrow's strategic goals and reinforce high performance with a clear emphasis on accountability and performance-based pay for achievement of stated goals. Following is a detailed discussion of the Company's executive compensation program and how it is applied to the Named Executive Officers listed in the Summary Compensation Table of this Proxy Statement.

Executive Compensation Objectives

Arrow's executive compensation program is designed to:

Drive performance in support of the business strategy;

Attract and retain strong talent;

Vary pay based on Company and individual performance; and

Align the interests of executives with those of long-term shareholders.

The use of compensation to drive and reward performance is reflected in Arrow's emphasis on performance-based compensation, while the importance of alignment with shareholder interests in long-term value creation is reflected in the equity-based components of the total compensation mix. Arrow's pay-for-performance focus is evident in the substantially greater weight given to performance-based compensation versus fixed compensation.

Total Compensation Process

The Compensation Committee reviews the target total compensation of the Named Executive Officers, including base salaries, target annual cash incentives, target long-term incentives, retirement benefits, severance arrangements, and all other benefits and perquisites to ensure that all of its elements are appropriate based on historical practices, market conditions, competitive benchmarking data, and the furtherance of the Company's strategic objectives. The Compensation Committee also reviews the historical detail of each executive's prior year compensation and performance.

The Compensation Committee considers performance reviews prepared by the Chief Executive Officer for his direct reports and conducts its own performance review of the Chief Executive Officer. The Compensation Committee reviews the Company's performance on the metrics relevant to the execution of its strategy and evaluates the Chief Executive Officer's performance in light of that execution. For Named Executive Officers other than the Chief Executive Officer, the Compensation Committee's review includes input provided to the Compensation Committee by the Chief Executive Officer, but all decisions regarding Named Executive Officer pay are ultimately made by the Compensation Committee.

Compensation Committee meetings are regularly attended by the Company's Chief Executive Officer, the General Counsel (who also serves as secretary), the Senior Vice President of Global Human Resources, the Chief Financial Officer, and the Vice President Global Total Rewards & HR Services. Each of the management attendees provides the Compensation Committee with his or her specific expertise and the business and financial context necessary to

Table of Contents

understand and properly target financial and performance metrics. None of the members of management are present during the Compensation Committee's deliberations regarding their compensation. However, the Compensation Committee does include its independent compensation consultant, Pearl Meyer & Partners, in those discussions.

Additionally, Pearl Meyer & Partners provides the Compensation Committee with competitive data regarding market compensation levels at the 25th, 50th, and 75th percentiles for total compensation and each major element of pay. The Compensation Committee also considers the compensation of other Company executives, levels of responsibility, prior experience, breadth of knowledge, and job performance in reviewing target total compensation levels.

Competitive Benchmarking and Use of Consultants

The Compensation Committee has selected and engaged Pearl Meyer & Partners as its independent compensation consultant to provide it with expertise on various compensation matters, including competitive practices, market trends, and specific program design. Pearl Meyer & Partners reports directly to the Compensation Committee and does not provide any other services to the Company or its management. Pearl Meyer & Partners' services to the Compensation Committee have not raised any conflicts of interests between the Compensation Committee, the Company, and management.

To ensure that executive compensation plans and levels are appropriate and competitive, the Compensation Committee reviews analyses on peer company practices at various times throughout the year. Information on total compensation levels is considered in the context of peer performance analyses in order to effectively link compensation to absolute and relative performance. Through this process, and with input from its independent compensation consultants and management, the Compensation Committee determines appropriate benchmarking targets each year. The Compensation Committee concluded that generally targeting total direct compensation (the sum of base salary, annual cash incentives, and long-term incentives) at the market 50th percentile is appropriate. For the purpose of Arrow's annual competitive benchmarking study, market data consists of an equal blending of data from industry/size relevant executive compensation surveys and the Company's 2011 peer group. Pearl Meyer & Partners used several surveys to benchmark pay levels: 2011 Mercer US Top Executive Survey; 2010/2011 Towers Watson Top Management Survey; and 2011 Pearl Meyer & Partners CHiPs Executive & Senior Management Total Compensation Survey.

The Compensation Committee evaluates the appropriateness of each Named Executive Officer's compensation as positioned against the market 50th percentile based on factors that include Company and business unit performance, job scope, and individual performance. To the extent the Compensation Committee deems that the compensation level associated with a Named Executive Officer's position versus the market is not aligned on the relevant factors, the Compensation Committee may choose to modify one or more of the compensation components.

The Compensation Committee, together with its independent compensation consultant and management, annually reviews and approves the peer companies used for benchmarking to ensure they continue to meet its objectives. For 2011, the Compensation Committee reviewed analyses of compensation paid by companies in the Company's peer group from a benchmark study prepared by Pearl Meyer & Partners. At the Compensation Committee's request, Pearl Meyer & Partners conducted a comprehensive review of the peer group used in 2010, and no changes were made.

Table of Contents

The peer group companies reflect a combination of direct and broader industry peers. The companies used for 2011 compensation benchmarking consisted of the following (Peer Group):

Anixter International Inc.

Avnet, Inc.

Celestica Inc.

Flextronics International Ltd.

Ingram Micro Inc.

Jabil Circuit, Inc.

Tech Data Corporation

WESCO International, Inc.

The Compensation Committee also reviews other benchmarking data from time to time. This data can cover a variety of areas such as equity vesting practices, the prevalence of performance metrics among peer companies, types of equity vehicles used by peer companies, severance practices, equity burn rates, and any other market data the Committee needs to consider when evaluating the Company's executive compensation program.

Elements of Total Compensation

The following summarizes the compensation elements used to reward, motivate, and retain Arrow's executives.

Base Salary

To attract the necessary executive talent and maintain a stable executive team, the Compensation Committee generally targets executive officer base salaries for seasoned executives at approximately the 50th percentile paid for similar jobs at companies in Arrow's Peer Group. The 50th percentile includes data from Arrow's Peer Group and from compensation surveys used to develop competitive pay data. Decisions regarding base salaries are made annually based on a number of factors, including:

Individual performance;

Company or business unit performance;

Job responsibilities;

Peer benchmarking data; and

Internal budget guidelines.

For Named Executive Officers other than the Chief Executive Officer, the Compensation Committee, in consultation with its independent compensation consultants, reviews base salary recommendations provided by the Chief Executive Officer. The Compensation Committee then makes a final determination of base salaries for the Named Executive Officers. The Chief Executive Officer's base salary is determined by the Compensation Committee in executive session based on its evaluation of his individual performance, the Company's performance, and relevant peer benchmarking data. Additionally, as discussed under the heading Employment Agreements, each of the Named Executive Officers, including the Chief Executive Officer, has an employment agreement, which provides for a minimum base salary.

The Compensation Committee met in February 2011 to conduct its annual review of base salaries for Arrow's Named Executive Officers. The Compensation Committee awarded a 12.5% base salary increase to Mr. Long in order to keep his salary in line with market rate and in recognition of his successful guidance and implementation of the Company strategy. In recognition of their performance and to keep their salaries in line with market rate, the base salaries were increased for Messrs. Reilly, Kong, and Bryant, by 4.5%, 5.0%, and 5.9%, respectively. Base salary for Mr. Brown was not changed.

Performance-Based Compensation

Annual performance-based cash incentives and equity-based long-term incentives play a significant role in executives' overall compensation. They are essential to linking pay to performance, aligning compensation with organizational strategies and financial goals, and rewarding executives for the creation of shareholder value. All of the Named Executive Officers participate in each of the following programs.

The following chart reflects the weighted average distribution of the elements of the Named Executive Officers' target compensation as a group, based on grant date values. The chart shows that, excluding SERP accumulations, 76% of the Company's Named Executive Officers' target compensation was performance-based, including 57% delivered in the form of Arrow equity. Tying pay to the Company's and the individual's performance reflects the Compensation Committee's emphasis on at-risk compensation and accountability in support of the Company's strategic initiatives. The Compensation Committee has weighted the pay components to establish a total compensation package that effectively motivates the Company's leaders to drive superior performance in a manner that benefits the interests of shareholders but does not encourage excessive risk taking. Each form of performance-based compensation is discussed below.

Annual Cash Incentives

Arrow's annual cash incentives are designed to reward individuals for performance against pre-established targets that are set by the Compensation Committee at the beginning of the year. Each of the Company's Named Executive Officers is assigned an annual cash incentive target. Annual cash incentive targets are established based on market compensation analysis in the context of targeting total direct compensation at the 50th percentile.

Table of Contents

In order to provide consistency among management levels, the annual cash incentive for each of the Named Executive Officers follows the structure of the Company's Management Incentive Compensation Plan (MICP). The MICP is based on a combination of financial and non-financial goals, which are weighted 70% and 30%, respectively. Of the 70% financial component, executives can earn from 0% if performance falls below the pre-established threshold up to 200% of their targeted annual cash incentives for performance at or above the maximum levels. For 2011, the financial component was comprised of one performance metric, EPS, for all Named Executive Officers. The Compensation Committee selected EPS to reinforce the Company's overall profit objectives, based on the rationale that EPS is a primary driver of shareholder value.

Executives can also earn between 0% and 200% of the 30% non-financial component of MICP based on the Compensation Committee's evaluation of each individual's performance against his pre-established non-financial goals. The non-financial goals may be strategic or tactical, but all are designed to be specific and measurable and to further the objectives of the Company. For 2011, the non-financial component of MICP was based on market share expansion and on individual performance and team goals focused on: implementation of the Company strategy of expanding the value-added services models; acquisition integration; development of executive talent to address short- and long-term needs of the Company; and execution of the Company's enterprise resource planning initiative to plan.

The 2011 annual cash incentive metrics and results against those metrics for the Named Executive Officers are set forth in the following Table:

Performance Metric	Performance Range	Achievement Percentage	Weighting	Weighted Achievement %
Arrow Earnings Per Share	\$3.57 - \$5.95**	126.9%	70%	88.8%
Arrow Profitable Supplier Market Share Expansion	0%-2.0%	111.0%	15%	16.7%
Individual Performance and Team Goals	0%-200%	100.0%	15%	15.0%
TOTAL			100%	120.5

** Achievement of each performance metric at the midpoint of the performance range would result in a payout of 100% of the target opportunity for such metric and all other payments are interpolated based on the applicable performance range. For example, with respect to the EPS metric, if EPS equals \$4.76, the resulting payout would be 100% of the target opportunity and achievement below \$3.57 and above \$5.95 would result in payouts of 0% and 200%, respectively.

For Mr. Long, the Compensation Committee applied the same basic methodology described above, including the same 70% financial component based on the above EPS performance range, and as stated in the table above he attained 126.9% achievement on his financial goal. The Compensation Committee tied the 30% non-financial component for Mr. Long's annual cash incentive to individual contributions made relative to strategic business imperatives of the organization. Based on the Compensation Committee's assessment of Mr. Long's successful performance on his non-financial objectives, it awarded him 111.0% on his supplier market share expansion goal and 100.0% on his other individual performance and team goals. This resulted in a total weighted achievement percentage of 120.5% for Mr. Long. In the exercise of its negative

Table of Contents

discretion, the Compensation Committee awarded an annual cash incentive of \$1,200,000 to Mr. Long. The performance goals details under Section 162(m) requirements are discussed under the heading Tax and Accounting Considerations.

Long-Term Incentives

The Company's LTIP is designed to promote a balanced focus on driving performance, retaining talent, and aligning the interests of the Company's executives (including the Named Executive Officers) with those of its shareholders. Under the LTIP structure described below, awards are expressed in dollars and normally granted annually. The program includes a mix of performance stock units, restricted stock units, and stock options. The following is an overview of the long-term incentive program components.

LONG-TERM INCENTIVE PLAN STRUCTURE FOR 2011 GRANTS**Equity-Based Long-****Target Weighting as a**

Term Instrument	% of Long-Term Award	Purpose	Award Terms
Performance Stock Units (PSUs)	50%	Rewards for three-year EPS growth relative to eight Arrow peer companies, as adjusted for Arrow's three-year return on invested capital	The number of PSUs earned (from 0% to 175% of target number of PSUs granted) are based on the Company's performance over a three-year period
		Align long-term interests with those of shareholders	Vesting is contingent upon the Company achieving 2011 net income, as adjusted, greater than zero
		Further supports pay for performance awards earned are directly related to relative performance	PSUs are paid out in shares of Arrow stock at the end of the three-year vesting term
Restricted Stock Units (RSUs)	25%	Align long-term interests with those of shareholders	Vest in four equal annual installments beginning on first anniversary of grant. Vesting is contingent upon the Company achieving 2011 net income, as adjusted, greater than zero
		Award value is directly related to the performance of the Company's stock	RSUs are paid out in shares of Arrow stock when vested

Stock Options	25%	Rewards for stock price appreciation	Vest in four equal annual installments beginning on first anniversary of grant

Exercise price is equal to 100% of closing price on grant date

Options expire ten years from grant date

The Compensation Committee makes LTIP award decisions for executives based on input from the Chief Executive Officer (other than for himself), prior grant history, the Compensation Committee's own assessment of each executive's contribution, potential contribution, performance during the prior year, peer compensation benchmarking analysis, and the long-term incentive award practices of the peer companies discussed above.

The Compensation Committee also evaluates the Chief Executive Officer's performance in light of the factors discussed above to determine his annual long-term incentive award. That award and those for the other Named Executive Officers are as set forth below. For more detail, including the expense to the Company associated with each grant, see the Grants of Plan-Based Awards Table.

Table of Contents

It is the practice of the Compensation Committee to make annual equity grants at the first regularly scheduled Board meeting of the calendar year. Hiring and promotion grants are made at the next regularly scheduled meeting of the Board that follows such an event, and in instances where retention awards are advisable, grants are made at the appropriate meeting. All stock option grants are made with exercise prices equal to the value of the Company stock on the grant date to ensure participants derive value only as shareholders realize corresponding gains over an extended time period. None of the options granted by the Company, as discussed throughout this Proxy Statement, have been repriced, replaced, or modified in any way since the time of the original grant. The Company's burn rate of 1.92% of weighted average basic common shares outstanding reflects its active management of equity shares used under its long-term incentive plan.

Performance Stock Units (PSUs). The 2011 PSU awards, representing 50% of the total LTIP award value, are tied to Arrow's three-year EPS growth as compared to the EPS growth of Arrow's Peer Group and adjusted for Arrow's three-year average return on invested capital (ROIC) in excess of its three-year weighted average cost of capital (WACC). The Compensation Committee chose EPS and ROIC as performance metrics in order to reward participants for successfully balancing profit maximization and the efficient use of capital, both key drivers in creating shareholder value. Provided the Company achieves a net income, as adjusted, of greater than zero, participants may earn from 0% to 175% of their targeted PSUs based on the matrix below, and subject to the individual's continued employment as of the applicable vesting date.

3-Year EPS % Change Ranking vs. Peer Companies

Restricted Stock Units (RSUs). Grants of RSUs represent 25% of the LTIP value and vest in 25% increments on each of the first four anniversaries of the date of grant contingent upon the Company achieving net income, as adjusted, greater than zero and subject to the individual's continued employment as of the applicable vesting date. RSUs are intended to provide the Named Executive Officers with the economic equivalent of a direct ownership interest in the Company during the vesting period and provide the Company with significant retention security regardless of post-grant share price volatility.

Table of Contents

Stock Options. Stock option grants also represent 25% of the LTIP value and vest in 25% increments on each of the first four anniversaries of the date of grant, subject to the individual's continued employment as of the applicable vesting date. The Company grants stock options to provide Named Executive Officers with a strong incentive to drive long-term stock appreciation for the benefit of the Company's shareholders. Each stock option allows the holder to acquire shares of the Company at a fixed exercise price (fair market value on grant date) over a ten-year term, providing value only to the extent that the Company's share price appreciates over that period.

2011 LTIP Awards. The 2011 long-term incentive awards are listed in the following Table.

	Performance Stock Units Awarded	Restricted Stock Units Awarded	Stock Options Awarded
Michael J. Long	40,062	20,032	52,632
Paul J. Reilly	19,384	9,693	25,468
Peter S. Brown	10,661	5,331	14,007
Peter T. Kong	11,953	5,977	15,705
Andrew S. Bryant	10,338	5,170	13,583

Retirement Programs and Other Benefits

In keeping with its total compensation philosophy and in light of the need to provide a total compensation and benefit package that is competitive within the industry, the Compensation Committee believes that the retirement and other benefit programs discussed below are critical elements of the compensation package made available to the Company's executives.

Qualified Plans

The Named Executive Officers participate in the Arrow 401(k) Savings Plan and the ESOP, qualified plans available to all of Arrow's U.S. employees. Company contributions to these plans on behalf of the Named Executive Officers are included under the heading "All Other Compensation" in the Summary Compensation Table and specified under the headings "ESOP" and "401(k) Company Contribution" on the All Other Compensation Detail Table.

Supplemental Executive Retirement Plan

The Company maintains the Arrow Electronics, Inc. SERP, an unfunded retirement plan in which, as of December 31, 2011, ten current executives selected by the Board participate. All of the Named Executive Officers participate in the SERP, the details of which are discussed under the heading "SERP".

Management Life Insurance Plan

All of the Named Executive Officers participate in Arrow's Management Life Insurance Plan. In the event of the death of the executive, the Company provides a life insurance benefit to the executive's named beneficiary equal to four times the executive's final total annual cash compensation. The benefit ends with separation of service.

Current death benefits for each executive are set forth on the Potential Payouts Upon Termination Table. Premiums paid by the Company on behalf of each executive are included under the heading "All Other Compensation" in the Summary Compensation Table and specified under the heading "Management Insurance Plan" on the All Other Compensation Detail Table.

Table of Contents**Employment and Change of Control Agreements**

Employment agreements for senior management are used by the Company to establish key elements of the agreement between the Company and the executive, including the promised minimum periods of employment and the fundamental elements of compensation, as well as the details of the individual arrangement which differ from the Company's standard plans and programs. The agreements also facilitate the creation of covenants, such as those prohibiting post-employment competition or hiring by executives or limitations on the reasons for which an executive may be terminated without compensation, which would not otherwise be part of the employment relationship.

Arrow has entered into employment and change of control agreements with each of the Named Executive Officers that are discussed in the section entitled "Agreements and Potential Payments upon Termination or Change of Control." Also detailed in that section are the potential payouts for each of the officers under the variety of potential termination scenarios covered by the agreements. Those potential payouts are part of the total compensation package for each executive reviewed by the Compensation Committee each year.

None of the employment agreements or change of control agreements include tax gross-up provisions of any kind. The Company did not enter into or amend any employment or change in control agreements with any of the Named Executive Officers in 2011.

Stock Ownership Requirements

The Compensation Committee recognizes the importance of equity ownership by delivering a significant portion of the executives' total compensation in the form of equity. To further align the interests of the Company's key executives with those of shareholders, we require them to hold specified amounts of Arrow stock. The Named Executive Officers are required to hold Arrow equity valued at a multiple of base salary, as set forth in the following Table. Until specified levels of ownership are achieved, the Named Executive Officers are required to retain an amount equal to 50% of the net shares acquired through vesting of restricted shares/units, performance shares/units, and shares received as a result of the exercise of stock options.

	Multiple of Base Salary
Chief Executive Officer	5X
Other Named Executive Officers	3X

Shares that count toward satisfaction of the stock ownership requirements include:

Shares owned direct and indirect;

Shares owned by the executive in the ESOP plan;

Performance shares/units (count as full shares after performance satisfied);

Unvested restricted shares/units; and

Vested stock options that are in the money.

Table of Contents

Arrow does not maintain stock option and restricted share holding periods since the Company believes the current stock ownership requirements require executives to hold a meaningful amount of Arrow stock.

Tax and Accounting Considerations

A variety of tax and accounting considerations influence the Compensation Committee's development and implementation of the Company's compensation and benefit plans. Among them are Section 162(m) of the Internal Revenue Code, which limits to \$1 million the amount of non-performance-based compensation that Arrow may deduct in any calendar year for its Chief Executive Officer and Named Executive Officers other than the Chief Financial Officer. Compensation that meets the IRS requirements of performance-based is not subject to this limit.

The Company's long-term incentive awards described above that were awarded to the Named Executive Officers are designed to meet these requirements so that Arrow can continue to deduct the related expenses. Shareholders have approved the basis for performance goals for awards made to Named Executive Officers.

The annual cash incentive plan includes a maximum award based on a formula approved by the Compensation Committee to comply with the regulations of Section 162(m). The formula is based on a net income above a pre-established target level and sales divided by net working capital. Once this maximum annual cash incentive amount is determined, the Compensation Committee may exercise negative discretion to reduce the amounts to be paid to Named Executive Officers based on the methodology described above.

PSUs awarded to the Named Executive Officers were subject to performance criteria that required that the Company achieve: 1) an annual net income, as adjusted, greater than zero, which percentage may then be reduced by the Compensation Committee's exercise of negative discretion; and 2) a three-year EPS growth as compared to the EPS growth of Arrow's Peer Group and is adjusted for Arrow's three-year average return on invested capital in excess of its three-year weighted average cost of capital.

RSUs awarded to the Named Executive Officers were subject to performance criteria that required that the Company achieve an annual net income, as adjusted, greater than zero (in the grant year) or they would be canceled.

Stock Options awarded to the Named Executive Officers were granted with an exercise price equal to the closing market price of the common stock on the grant date, such that all value realized by the Named Executive Officers upon exercise would be based on share appreciation from the date of grant.

The Compensation Committee's policy, in general, is to maximize the tax deductibility of compensation paid to executive officers under Section 162(m). The Compensation Committee recognizes, however, that in order to effectively support corporate goals, in some instances, compensation may be delivered such that not all amounts may qualify for deductibility. All compensation decisions for executive officers are made with full consideration of the Section 162(m) implications.

As discussed under the heading Agreements and Potential Payments Upon Termination or Change of Control, the Company's change of control agreements, are designed not to exceed the limitations of Section 280G of the Internal Revenue Code, avoiding excise taxes for

Table of Contents

executives under Section 4999 of the Internal Revenue Code. As is also discussed, the Company has modified all such agreements in order to avoid penalties to executives under Section 409A. The Company's current policy is not to provide tax gross-ups in the event of a change of control.

Compensation Practices and Risk

At the Compensation Committee's request, in 2011 Pearl Meyer & Partners conducted an assessment of risk associated with the Company's annual cash incentive and long-term equity incentives programs. The Committee concluded the overall design of the Company's compensation programs maintained an appropriate level of risk. No suggested plan design changes were recommended to further mitigate risk exposure.

COMPENSATION OF THE NAMED EXECUTIVE OFFICERS**Summary Compensation Table**

The following Table provides certain summary information concerning the compensation of the Named Executive Officers for 2011 and, to the extent an officer was a Named Executive Officer in prior years, for 2010 and 2009.

- (1) Amounts shown under the heading "Stock Awards" reflect the grant date fair values of such awards computed in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures. For stock awards that are subject to performance conditions, such awards are computed based upon the probable outcome of the performance conditions as of the grant date which were consistent with the estimates used by the Company to measure compensation cost determined as of the grant date. Assuming the maximum performance is achieved for

\$1,687,464, \$928,086, \$1,040,559, and \$899,987, respectively, for 2011. For 2010, the amounts shown under this heading for Messrs. Long, Reilly, Brown, Kong, and Bryant would be \$3,150,019, \$1,687,505, \$928,114, \$1,012,489, and \$900,008, respectively. For 2009, the amounts shown under this heading for Messrs. Long, Reilly, Brown, and Kong would be \$3,375,059, \$1,800,029, \$1,031,302, and \$1,075,046, respectively.

- (2) Amounts shown under the heading **Stock Option Awards** reflects the grant date fair values for stock option awards calculated using the Black-Scholes option pricing model based on assumption set forth in Note 12 to the Company's Consolidated Financial Statements in its Annual Report on Form 10-K for the year ended December 31, 2011.
- (3) The amounts shown under **Non-Equity Incentive Compensation** are the actual amounts paid for both the financial and non-financial goals related to the Named Executive Officer's MICP awards.
- (4) The amounts shown under the heading **Change in Pension Value & NQDC Earnings** reflect the difference from year-to-year in the present value of each executive's accumulated pension plan benefit as is discussed below under the heading **SERP**.
- (5) See the **All Other Compensation** Detail Table below.

Each of the Named Executive Officers has an employment agreement which impacts or defines certain of the elements of the compensation shown above. The material terms of those agreements are discussed below under the heading **Employment Agreements**.

All Other Compensation Detail

- (1) These columns indicate the potential payout for both the financial and non-financial goals related to the Named Executive Officer's MICP awards. The threshold payment begins at the achievement of 25% of the targeted goal, the target amount at achievement of 100% of the goal, and payment carries forward to a maximum payout of 200% of the target amount. The actual amounts paid to each of the Named Executive Officers under this plan for each year are included under the heading "Non-Equity Incentive Compensation" on the Summary Compensation Table.
- (2) These columns indicate the potential number of units which will be earned based upon each of the Named Executive Officer's performance unit awards. The threshold payment begins at the achievement of 25% of the targeted goal, the target amount at achievement of 100% of the goal, and payment carries forward to a maximum payout of 175% of the target amount. The grant amount is equal to the Target.
- (3) This column reflects the number of restricted stock units granted in 2011.

Edgar Filing: ARROW ELECTRONICS INC - Form DEF 14A

- (4) This column and the one that follows reflect the number of stock options granted and their exercise price.

- (5) Grant date fair values for restricted stock and performance units reflect the number of shares awarded (at target for the performance units) multiplied by the grant date closing

market price of Arrow common stock. Grant date fair values for stock option awards are calculated using the Black-Scholes option pricing model based on assumptions set forth at Note 12 to the Company's Consolidated Financial Statements in its Annual Report on Form 10-K for the year ended December 31, 2011.

Outstanding Equity Awards at Fiscal Year-End

The Outstanding Equity Table shows: (i) the number of outstanding stock option awards that are vested and unvested; (ii) the exercise price and expiration date of these options; (iii) the aggregate number and value as of December 31, 2011 of all unvested restricted stock; and (iv) the aggregate number and value as of December 31, 2011 of all performance shares or units granted under a performance plan whose performance period has not yet been completed.

The values ascribed to these awards in the Table below may or may not be realized by their recipients, depending on share prices at the time of vesting or exercise and the achievement of the metrics upon which the performance share awards depend. Each amount on this Table is based on the closing market price of the Company's common stock on December 30, 2011, which was \$37.41. For each Named Executive Officer, the fair value of stock awards and stock option awards at the date of grant, based upon the probable outcome of performance conditions, if applicable, as of the grant date is included in the Summary Compensation Table above. For additional information regarding the impact of a change of control on equity awards, see the section entitled "Stock Option, Restricted Share, and Performance Share Award Agreements."

Table of Contents

- (1) These columns reflect the exercise price and expiration date, respectively for all of the stock options under each award. Each option was granted ten years prior to its expiration date. All of the awards were issued under the Long-Term Incentive Plan. All of the awards vest in four equal amounts on the first, second, third, and fourth anniversaries of the grant date, and have an exercise price equal to the closing market price of the common stock on the grant date.
- (2) These columns reflect the number of unvested restricted shares or units held by each Named Executive Officer under each award of restricted shares or units and the dollar value of those shares or units based on the closing market price of the Company's common stock on December 30, 2011.
- (3) These columns show the number of shares or units of Arrow common stock each Named Executive Officer would receive under each grant of performance shares or units, assuming that the financial targets associated with each award are achieved at 100%, and the dollar value of those shares or units based on the closing market price of the Company's common stock on December 30, 2011.
- (4) With regard to the Stock Awards, the following describes the vesting dates: (i) those awards designated by (a) vest in two equal amounts on the third and fourth anniversaries of the grant date; (ii) those awards designated by (b) vest in three equal amounts on the second, third, and fourth anniversaries of the grant date; (iii) those awards designated by (c) vest in two equal installments commencing on February 26, 2012 and the following anniversary of such date; and (iv) those awards designated by (d) vest in four equal installments commencing on February 24, 2012 and each of the three following anniversaries of such date.

Options Exercised and Stock Vested in Last Fiscal Year

The following Table provides information concerning the value realized by each Named Executive Officer upon the exercise of stock options and the vesting of restricted and performance shares/units.

The value realized on the exercise of stock options shown below is based on the difference between the exercise price per share paid by the executive and the closing market price of the common stock on the exercise date. The value realized on the vesting of restricted and performance shares/units is based on the number of shares vesting and the closing market price of the common stock on the vesting date.

SERP

Arrow maintains an unfunded Supplemental Executive Retirement Plan under which the Company will pay supplemental pension benefits to certain employees upon retirement. As of December 31, 2011, there were ten current executives participating in the SERP. The Board determines who is eligible to participate.

Table of Contents

The gross SERP benefit is calculated by multiplying 2.5% of final average compensation (salary plus targeted incentive compensation) by the participant's years of credited service (up to a maximum of 18 years). Final average compensation is the highest average of any three years during the participant's final five years of service. The gross benefit is reduced by 50% of the Social Security benefit and the projected benefit of the Company's 401(k) matching contributions.

The benefits provided under the SERP are payable as a life annuity with 60 payments guaranteed, commencing at age 60, assuming continued employment through normal retirement. At normal retirement (generally, age 60) Mr. Long, Mr. Reilly, and Mr. Bryant would receive estimated annual SERP payments of \$731,215, \$404,377, and \$120,843, respectively. Messrs. Brown and Kong are currently eligible for payments under the amended SERP, should they retire, in estimated annual amounts of \$162,544 and \$74,763, respectively.

The years of credited service for each of the Named Executive Officers and the present value of their respective accumulated benefits as of December 31, 2011 are set out on the following Table. None of the Named Executive Officers received any payments under the SERP in or with respect to 2011. The present value calculation assumes each recipient remains employed until normal retirement age (age 60). The remainder of the assumptions underlying the calculation of the present value of the benefits are discussed in Note 13 to the Company's Consolidated Financial Statements in its Annual Report on Form 10-K for the year ended December 31, 2011.

The SERP provides that if a participant is terminated without cause within two years after a change of control of the Company (as defined below under the heading "Change of Control Agreements"), the participant will receive an annual benefit under the SERP upon reaching age 60. The amount of the payment is based on the amount accrued up to the time of the termination. No payments will be made if the participant is not yet age 50 at the time of the termination.

Benefits under the SERP terminate, with no further obligation to the recipient, if the participant becomes involved in any way with an entity which competes with Arrow (except for limited ownership of stock in a publicly-traded company).

Should a participant become disabled before retiring, he or she continues to accrue years of service during such disability and may elect to receive the pension benefit accrued at any time up until the participant reaches age 65.

The present values of the SERP benefits accrued through year-end by the participating Named Executive Officers in the event of termination, death, disability, or a change of control of the Company are set forth on the Potential Payouts Upon Termination Table.

Table of Contents**Deferred Compensation Plans**

The Company maintains an Executive Deferred Compensation Plan in which deferred income as well as investment gains on the deferred amounts are nontaxable to the executive until distributed.

A participating executive may defer up to 80% of salary and 100% of bonuses, incentive compensation, and performance shares. The participant chooses from a selection of mutual funds and other investments in which the deferred amount is then deemed to be invested. Earnings on the amounts deferred are defined by the returns actually obtained by the deemed investment and added to the account. The deemed investment is used solely for this purpose and the participant has no ownership interest in it. The deferred compensation and the amount earned are general assets of the Company, and the obligation to distribute the amounts according to the participants' designation is a general obligation of the Company.

None of the Named Executive Officers participated in the Executive Deferred Compensation Plan in 2011 and none currently have any balances in the Plan.

AGREEMENTS AND POTENTIAL PAYOUTS**UPON TERMINATION OR CHANGE OF CONTROL****Employment Agreements**

In December 2008, Arrow entered into employment agreements with each of the Named Executive Officers, replacing their prior employment agreements. The only change made to the prior agreements was to add a provision (not found in any of the prior agreements) to ensure compliance with Internal Revenue Code Section 409A, by deferring any payment due upon termination for six months and adding an interest component to the amount due (at the six-month Treasury rate). The agreements established a term of employment ending December 31, 2010 that automatically renews for subsequent twelve month periods unless terminated by either party's notice (which must be provided between twelve and eighteen months prior to the then scheduled expiration date). All of the Named Executive Officers' employment agreements renewed as of January 1, 2012.

The agreements maintain each of the executive's minimum base salaries and minimum target incentives as set forth on the following Table. The current base salaries, targeted annual cash incentives, and incentives earned with respect to 2011 of each of the Named Executive Officers are discussed under the headings Base Salary, Performance-Based Compensation, and Compensation of the Named Executive Officers found elsewhere in this Proxy Statement.

	Minimum	Minimum Target
	Base Salary	Incentive
Mr. Long	\$330,000	\$270,000
Mr. Reilly	\$400,000	\$150,000
Mr. Brown	\$450,000	\$175,000
Mr. Kong	\$400,000	\$240,000
Mr. Bryant	\$400,000	\$300,000

Each of the employment agreements with the Named Executive Officers:

Prohibits the executive from competing with the Company, disclosing its proprietary information or hiring its employees upon termination, for any reason, for a period of two years, with respect to Messrs. Brown and Bryant, or one year, with respect to Messrs. Long, Reilly, and Kong;

Table of Contents

Permits the Company to terminate the executive for cause (defined, generally, as malfeasance, willful misconduct, active fraud, or gross negligence) and have no further obligation to the executive; and

Provides that in the event the Company terminates the executive without cause, he will continue to receive, through the end of the then-remaining term of the agreement, all of his base salary and benefits (such as life, health, and disability insurance) and the immediate vesting of any unvested restricted shares or units, performance shares or units, or stock options which would have vested through the then-remaining term of the agreement. Furthermore, in such circumstance:

Each executive would be entitled to an amount equal to two thirds of their targeted annual cash incentives for the then-remaining term of the agreement; and

Mr. Brown is deemed vested in any SERP benefit to the extent it has accrued through the then-scheduled termination of the agreement.

The estimated compensation that each of the Named Executive Officers would receive under the employment agreements under various circumstances is set forth in the Potential Payouts Upon Termination Table.

Change of Control Agreements

The Board believes that the possibility of a change of control of Arrow may raise uncertainty among management, possibly leading to distraction and departure. Further, in the event it should receive a proposal for transfer of control of the Company, the Board wishes to be able to rely on the advice of management without members of management being influenced by the uncertainties of their individual positions. The Board also believes, however, that the mere occurrence of a change of control should not generate the potential for a windfall if an executive resigns (a so-called single-trigger agreement). Accordingly, the Board has determined that the questions of uncertainty and securing unbiased management services in such circumstances are sufficiently addressed by protecting the executive from involuntary termination following a change of control (a so-called double-trigger agreement).

Accordingly, the Company has entered into agreements with each of the Named Executive Officers which provide for lump-sum payments by the Company or its successor following a change of control. Change of Control means that any person, group, or company (other than one which includes Arrow or its subsidiaries or one or more of its executive officers) (i) acquires 30% or more of Arrow's voting stock without the approval of Arrow's then incumbent Board, or (ii) replaces a majority of Arrow's then incumbent Board without their approval.

The Named Executive Officers are eligible for payments if, within two years following the Change of Control, their employment is terminated (i) without cause by the Company or (ii) for good reason by the executive, as each is defined in the employment agreements. In such event, the eligible terminated executive is entitled to receive: (i) all unpaid salary through the date of termination (as defined in the employment agreement) and all earned and unpaid benefits and awards (including both cash and stock components); (ii) a lump-sum payment of 2.99 times the executive's annualized includable compensation as defined in Internal Revenue Code Section 280G(d)(1); and (iii) continuation of coverage under the Company's then current medical plan until the executive reaches 65 years of age (or otherwise becomes eligible for Medicare) or begins receiving equivalent benefits from a new employer.

Table of Contents

Under the terms of the relevant agreements (summarized below under the heading "Stock Option, Restricted Share and Performance Share Award Agreements") for each of the named executives, in the event of an involuntary termination following a change in control, all outstanding options vest and remain exercisable for the remainder of their term, all unvested restricted stock vests, and all unearned performance shares are delivered immediately, at 100% of the targeted amount.

The estimated payment that each of the Named Executive Officers would receive under their respective change of control agreements is set forth in the Potential Payouts Upon Termination Table. The severance payment to the Named Executive Officers pursuant to the change of control agreements will be reduced (potentially to zero), if necessary, in order to maximize the tax deductibility of such payments by the Company.

Impact of Internal Revenue Code Section 409A

Each of the change of control agreements between the Company and the Named Executive Officers has been amended in order to ensure compliance with Internal Revenue Code Section 409A, by deferring any payment due upon termination for six months and adding an interest component to the amount due (at the six-month Treasury rate).

Potential Payouts Upon Termination

The following Table sets forth the estimated payments and value of benefits that each of the Named Executive Officers would be entitled to receive under their employment and change of control agreements, as applicable, in the event of the termination of his employment under various scenarios, assuming that the termination occurred on December 31, 2011. The amounts represent the entire value of the estimated liability, even if some or all of that value has been disclosed elsewhere in this Proxy Statement. Actual amounts that the Company may pay out and the assumptions used in arriving at such amounts can only be determined at the time of such executive's termination or change in control and could differ materially from the amounts set forth below.

None of the Named Executive Officers receives any payment at, following or in connection with being terminated for cause. Other than Messrs. Brown and Kong, none of the Named Executive Officers were eligible for retirement (or early retirement) as of December 31, 2011.

In both the Table below and the "Share-based Award Agreement Terms Related to Post-Employment Scenarios" Table which follows it:

Death refers to the death of executive;

Disability refers to the executive becoming permanently and totally disabled during the term of his employment;

Termination Without Cause or Resignation for Good Reason means that the executive is asked to leave the Company for some reason other than those specified in his employment agreement or the executive voluntarily leaves the Company because the Company is in breach of the agreement, which generally includes the Company failing to allow the executive to continue in his current or an improved position, or where the executive's reporting relationship is changed so that he no longer reports to the Chief Executive Officer, and as further defined in each specific employment agreement;

Table of Contents

Change of Control Termination means the occurrence of both a change of control and the termination of the executive without cause or his resignation for cause within two years of the change; and

Retirement means the executive's voluntary departure at or after retirement age as defined in one of the Company's retirement plans (typically age 60).

- (1) The Severance Payment amounts under the Change of Control Termination column reflect the anticipated payment that the Named Executive Officers would receive under their respective change of control agreements.

Table of Contents

- (2) The category Settlement of Restricted Awards includes restricted award grants made to Messrs. Long, Reilly, Brown, Kong, and Bryant that were subject to performance criteria that required the Company achieve a net income, as adjusted, greater than zero or they would be canceled.

For Mr. Long the value of these awards included in the Death, Disability, and Change of Control Termination columns is \$2,140,825 and for the Termination Without Cause or Resignation for Good Reason column is \$767,504.

For Mr. Reilly the value of these awards included in the Death, Disability, and Change of Control Termination columns is \$1,126,378 and for the Termination Without Cause or Resignation for Good Reason column is \$410,612.

For Mr. Brown the value of these awards included in the Death, Disability, and Change of Control Termination columns is \$521,159 and for the Termination Without Cause or Resignation for Good Reason column is \$176,687.

For Mr. Kong the value of these awards included in the Death, Disability, and Change of Control Termination columns is \$446,376 and for the Termination Without Cause or Resignation for Good Reason column is \$130,149.

For Mr. Bryant the value of these awards included in the Death, Disability, and Change of Control Termination columns is \$391,458 and for the Termination Without Cause or Resignation for Good Reason column is \$114,362.

Narrative Explanation of the Calculation of Amounts

Had the death, disability, retirement, or a change of control termination of any of the Named Executive Officers occurred, all of his restricted awards, options, and performance awards would have fully vested. The options would remain exercisable for the remainder of their original term.

Had a termination by the Company without cause or resignation of the executive for good reason occurred, performance, restricted, and option awards which would have vested in the then remaining term of the executive's employment agreement would have vested immediately.

None of the Named Executive Officers would have received severance or bonus pay in the event of death, disability, or retirement. Had a termination by the Company without cause or resignation of the executive for good reason occurred, however, each executive would have received a severance amount equal to his salary for the remaining term of their agreements and two thirds of their targeted short-term incentive bonus for that period.

Under the terms of their change of control agreements, had a change of control termination occurred, each executive would have received 2.99 times his annualized includable compensation as defined in Section 280G(d)(1) of the Internal Revenue Code, reduced, if necessary to maximize the tax deductibility of such payments by the Company.

Performance awards and restricted awards are valued at the closing market price on December 30, 2011, and stock options are valued based on the difference between the exercise price and the closing market price on December 30, 2011 of in-the-money options.

Table of Contents**Stock Option, Restricted Share, and Performance Share Award Agreements**

The various share and share-based awards made to the Named Executive Officers are evidenced by written agreements each of which contains provisions addressing alternative termination scenarios. The provisions applicable to those officers are summarized on the following Table for grants in 2011.

RELATED PERSONS TRANSACTIONS

The Company has a variety of policies and procedures for the identification and review of related party transactions.

Arrow's Worldwide Code of Business Conduct and Ethics (the Code) prohibits employees, officers, and directors from entering into transactions that present a conflict of interest absent a specific waiver. A conflict of interest arises when an employee's private interests either conflict or appear to conflict with Arrow's interest. The Code also requires that any such transaction, which may become known to any employee, officer, or

director, be properly reported to the Company. Any conflict of interest disclosed under the Code requires a waiver from senior management. If the conflict of interest involves senior management, a waiver from the Board is required. Any such waiver is disclosed on the Company's website.

Table of Contents

A related person transaction, as defined under SEC rules, generally includes any transaction, arrangement, or relationship involving more than \$120,000 in which the Company or any of its subsidiaries was, is, or will be a participant and in which a related person has a material direct or indirect interest. Related persons mean directors and executive officers and their immediate family members, and shareholders owning five percent or more of the Company's outstanding stock. Immediate family member means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, or any person (other than a tenant or employee) sharing a household with any such director, nominee, executive officer, or 5% stockholder.

As part of the process related to the financial close of each quarter, the Company distributes a disclosure checklist to management of each operating unit and financial function around the world, which seeks to ensure complete and accurate financial disclosure. One part of the checklist seeks to identify any related party transactions. Any previously undisclosed transaction is initially reviewed by: (i) the Company's disclosure committee to determine whether the transaction should be disclosed in the Company's SEC filings; and (ii) by senior management of the Company, including the General Counsel and the Chief Financial Officer, for consideration of the appropriateness of the transaction. If such transaction involves members of senior management, it is elevated to the Board for review. There were no such related party transactions in 2011.

In addition, the Company's corporate governance guidelines specify the standards for independence of directors. Any related party transaction involving a director requires the review and approval of the Board.

Transactions involving members of senior management or a director require the review and approval of the Board. Further, the Audit Committee reviews and approves all related party transactions required to be disclosed pursuant to SEC Regulation S-K. In the course of its review of related person transactions, the senior management of the Company or the independent directors of the Board will consider all of the relevant facts and circumstances that are available to them, including but not limited to: (i) the benefits to the Company; (ii) in a transaction involving a director, the impact on the director's independence; (iii) the availability of comparable products or services; (iv) the terms of the transaction; and (v) whether the transaction is proposed to be on terms more favorable to the Company than terms that could have been reached with an unrelated third party.

The Company's Corporate Legal Department, together with the Corporate Controller's Department, is responsible for monitoring compliance with these policies and procedures.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires Arrow's officers and directors and persons who own more than ten percent of a registered class of Arrow's equity securities to file reports of ownership and changes in ownership with the SEC. To our knowledge, based solely on a review of the reports Arrow filed on behalf of its directors and executive officers, written representations from these persons that no other reports were required, and all Section 16(a) reports provided to us, we believe that during fiscal year 2011 our officers and directors and holders of more than 10% of Arrow's common stock complied with all applicable Section 16(a) filing requirements.

MULTIPLE STOCKHOLDERS WITH THE SAME ADDRESS

We will deliver promptly upon request a separate copy of the Notice and/or the Proxy Statement and Annual Report to any stockholder at a shared address to which a single copy of these materials were delivered. To receive a separate copy of these materials, you may contact the Company's Investor Relations Department either by mail at 7459 S. Lima Street, Englewood, CO 80112, by telephone at 1-800-579-1639 or by e-mail at investor@arrow.com.

We have adopted a procedure called "householding," which has been approved by the SEC. Under this procedure, we are delivering only one copy of the Notice and/or the Proxy Statement and Annual Report to multiple stockholders who share the same address and have the same last name, unless we have received contrary instructions from an affected stockholder. This procedure reduces our printing costs, mailing costs, and fees.

If you are a holder of our common stock as of the record date and would like to revoke your householding consent and receive a separate copy of the Notice and/or the Proxy Statement and the Annual Report in the future, please contact Broadridge Financial Solutions, Inc. ("Broadridge"), either by calling toll free at (800) 542-1061 or by writing to Broadridge, Household Department, 51 Mercedes Way, Edgewood, New York 11717. You will be removed from the householding program within 30 days of receipt of the revocation of your consent.

Any stockholders of record sharing the same address and currently receiving multiple copies of the Notice, the Annual Report, and the Proxy Statement, who wish to receive only one copy of these materials per household in the future, may contact our Investors Relations Department at the address, telephone number or e-mail listed above to participate in the householding program.

A number of brokerage firms have instituted householding. If you hold your shares in "street name," please contact your bank, broker or other holder of record to request information about householding.

SUBMISSION OF SHAREHOLDER PROPOSALS

Arrow anticipates that the next Annual Meeting of Shareholders will be held on or about May 6, 2013. If a shareholder intends to present a proposal at Arrow's Annual Meeting of Shareholders to be held in 2013 and seeks to have the proposal included in Arrow's Proxy Statement relating to that meeting, pursuant to Rule 14a-8 of the Securities Exchange Act of 1934, as amended, the proposal must be received by Arrow no later than the close of business on November 23, 2012.

Table of Contents

Arrow's by-laws govern the submission of nominations for director and other business proposals that a shareholder wishes to have considered at Arrow's Annual Meeting of Shareholders to be held in 2013 which are not included in the Company's Proxy Statement for that meeting. Under the by-laws, subject to certain exceptions, nominations for director or other business proposals to be addressed at the Company's next Annual Meeting may be made by a shareholder entitled to vote who has delivered a notice to the Secretary of Arrow no later than the close of business on March 6, 2013 and not earlier than February 4, 2013. The notice must contain the information required by the by-laws. These advance notice provisions are in addition to, and separate from, the requirements that a shareholder must meet in order to have a proposal included in the Proxy Statement under the rules of the SEC.

By Order of the Board,

Peter S. Brown,
Secretary
