American State Financial Corporation

MERGER PROPOSED YOUR VOTE IS VERY IMPORTANT

You are cordially invited to attend the annual meeting of shareholders of American State Financial Corporation to be held on June 5, 2012 at 4:00 p.m. at the ASB Conference Center at 1501 Avenue Q, Lubbock, Texas 79401. At this important annual meeting, you will be asked to consider and vote on the approval of a reorganization agreement which provides for the merger of American State with and into Prosperity Bancshares, Inc. and to elect five directors of American State. You may also be asked to adjourn or postpone the meeting to a later date or dates, if the board of directors of American State determines it is necessary.

If you are a party to the shareholders' agreement by and between American State and certain of its shareholders, as amended and restated as of March 8, 2005, then you are also cordially invited to attend a voting meeting immediately prior to the annual meeting to direct the voting representatives as to how to vote your shares of American State common stock subject to the shareholders' agreement at the annual meeting and to consider and vote on the termination of the shareholders' agreement to take effect immediately prior to the merger. You may also be asked to adjourn or postpone the voting meeting to a later date or dates, if the voting representatives determine it is necessary.

If the merger is completed, all outstanding shares of American State common stock will be converted into an aggregate of 8,525,000 shares of Prosperity common stock and \$178.5 million in cash, with the cash portion subject to decrease under certain circumstances, as set forth in the reorganization agreement. Based on 2,470,083 shares of American State common stock outstanding as of April 25, 2012 and assuming the exercise of outstanding options to purchase 29,200 shares of American State common stock, holders of American State common stock will receive 3.4110 shares of Prosperity common stock (plus cash in lieu of a fractional share) and \$71.42 in cash, subject to possible decrease, for each share they own. After completion of the merger, we expect that current Prosperity shareholders will own approximately 84.77% of the combined company and shareholders of American State will own approximately 15.23% of the combined company. Prosperity's common stock is listed on the New York Stock Exchange under the symbol PB. Based on the closing price of Prosperity common stock on April 24, 2012 of \$44.52, shareholders of American State would receive merger consideration with a value of approximately \$223.28 for each share of American State common stock they own.

If You Are a Party to the American State Shareholders' Agreement

You are being asked to consider and vote to approve the reorganization agreement, to elect five directors to serve on the board of directors of American State and to adjourn or postpone the voting meeting or annual meeting if necessary. Since you are a party to the shareholders' agreement, you do this by providing direction to the voting representatives on the enclosed blue proxy card by completing it and returning it in the self-addressed envelope so that your shares may be considered in determining how the voting representatives will vote the shares subject to the shareholders' agreement at the annual meeting. You are also being asked to vote your shares for the termination of the shareholders' agreement to take effect immediately prior to the merger by means of voting FOR Item 4 on the blue proxy card.

All of the shares subject to the shareholders' agreement will be voted by the voting representatives at the annual meeting FOR or AGAINST the proposals in accordance with whether the proposals considered at the voting meeting are approved or not. As of the record date, there were 1,969,847 shares of American State common stock subject to the shareholders' agreement, representing approximately 79.7% of the outstanding shares of American State common stock. In order for the voting representatives to vote the shares of American State common stock subject to the shareholders' agreement FOR approval of the reorganization agreement at the annual meeting of shareholders, two-thirds (or 1,313,232 shares) of the shares subject to the shareholders' agreement must be voted FOR approval of the reorganization agreement. Termination of the shareholders' agreement requires the consent of holders of at least a majority (or 984,924 shares) of the shares of American State common stock subject to the shareholders' agreement. Whether or not you plan to attend the voting meeting, please take the time to vote by completing and mailing the enclosed blue proxy card to the voting representatives.

If You Are Not a Party to the American State Shareholders Agreement

You are being asked to consider and vote to approve the reorganization agreement, to elect five directors to serve on the board of directors of American State and to adjourn or postpone the annual meeting if necessary. Whether or not you plan to attend the annual meeting, please take the time to vote by completing and mailing the enclosed proxy card to American State. If you sign, date and mail your proxy card, as applicable, without indicating how you want to vote, your proxy will be counted as a vote FOR the proposals to be considered at the annual meeting. If you do not return your proxy card, or if you do not instruct your broker how to vote any shares held for you in street name, the effect will be a vote against each proposal other than the election of the director nominees.

We cannot complete the merger unless we obtain the necessary government approvals and unless the holders of at least two-thirds of the outstanding shares of American State common stock approve the reorganization agreement. We enthusiastically support the merger and recommend that you vote in favor of the reorganization agreement.

This document contains a more complete description of the annual meeting and voting meeting and the terms of the reorganization agreement and the merger. We urge you to review this entire document carefully. You may also obtain information about Prosperity from documents that Prosperity has filed with the Securities and Exchange Commission, or SEC.

Q: What happens if I transfer my shares after the record date for the annual meeting?

A: The record date for the annual meeting is earlier than the expected date of completion of the merger. Therefore, if you transfer your shares of American State common stock after the applicable record date, but prior to the merger, you will retain the right to vote at the annual meeting, but the right to receive the merger consideration will transfer with the shares of stock.

Q: What do I need to do now?

Edgar Filing: PROSPERITY BANCSHARES INC - Form S-4/A

A: After you have thoroughly read and considered the information contained in this proxy statement/ prospectus, simply indicate on the proxy card applicable to your American State common stock how you want to vote and sign, date and mail your proxy card(s) in the enclosed pre-addressed postage-paid envelope as soon as possible so that your shares of American State common stock may be represented at the annual meeting or the voting meeting.

Q: What happens if I don't return a proxy card for the annual meeting?

A: Because approval of the reorganization agreement requires the affirmative approval of at least two-thirds of the outstanding shares of American State common stock, the failure to return your proxy card will have the same effect as a vote against the reorganization agreement, unless you attend the annual meeting in person and vote for approval of the reorganization agreement. Because approval of the authority to adjourn or

Table of Contents

postpone the annual meeting requires the affirmative approval of at least a majority of the outstanding shares of American State common stock, the failure to return your proxy card will have the same effect as a vote against this proposal at the annual meeting, unless you attend the annual meeting in person and vote for approval of the proposal.

Q: What happens if I don't return a voting meeting proxy card for the voting meeting?

A: In order for the shares of American State common stock subject to the shareholders' agreement to be voted in favor of the reorganization agreement at the annual meeting, at least two-thirds of the outstanding shares of American State common stock subject to the shareholders' agreement must vote in favor of the reorganization agreement at the voting meeting. The failure to return your voting meeting proxy card will have the same effect as a vote against the reorganization agreement at the voting meeting, unless you attend the voting meeting in person and vote for approval of the reorganization agreement.

Because approval of the authority to adjourn or postpone the voting meeting or the annual meeting and to terminate the shareholders' agreement each requires the affirmative approval of at least a majority of the outstanding shares of American State common stock subject to the shareholders' agreement, the failure to return your voting meeting proxy card will have the same effect as a vote against those proposals at the voting meeting, unless you attend the voting meeting in person and vote for approval of that proposal.

Q: May I vote in person?

A: Yes. Even if you have previously completed and returned your voting meeting proxy card or proxy card, you may vote your shares in person by (1) attending the voting meeting and voting your shares in person if your shares are subject to the shareholders' agreement, or (2) attending the annual meeting and voting your shares in person if your shares are not subject to the shareholders' agreement.

Q: May I change my vote after I have submitted my proxy card?

A: Yes, if your shares are not subject to the shareholders' agreement, you may change your vote at any time before your proxy is voted at the annual meeting by attending the annual meeting and voting your shares in person or by submitting a new proxy card. Similarly, if your shares are subject to the shareholders' agreement, you may change your vote at any time before your proxy is voted at the voting meeting by attending the voting meeting and voting your shares in person or by submitting a new voting meeting proxy card. However, if your shares are subject to the shareholders' agreement, they may be voted by you only at the voting meeting, and you may not change how your shares are voted by attending and voting your shares at the annual meeting.

Q: If my shares are held in street name by my broker, will my broker vote my shares for me?

A: Your broker will vote your shares only if you provide instructions on how to vote. You should instruct your broker how to vote your shares, following the directions your broker provides. If you do not provide instructions to your broker, your shares will not be voted, which will have the same effect as a vote against the reorganization agreement and proposal to adjourn or postpone the meeting, as well as the proposal to terminate the shareholders' agreement if your shares are subject to the shareholders' agreement.

Q: Do I have any rights to avoid participating in the merger?

A: If your shares are not subject to the shareholders' agreement, you have the right to vote against approval of the reorganization agreement at the annual meeting, dissent from the merger and seek payment of the appraised fair value of your shares in cash as described in *Proposal to Approve the Reorganization*

Table of Contents

Agreement Dissenters Rights of American State Shareholders beginning on page 79. The appraised fair value of your shares of American State common stock may be more or less than the value of the Prosperity common stock and cash being paid in the merger. If your shares are subject to the shareholders' agreement and holders of two-thirds of the shares subject to the shareholders' agreement vote their shares in favor of the reorganization agreement at the voting meeting, you will not have the right to vote against approval of the reorganization agreement and dissent from the merger.

Q: Should I send in my stock certificates now?

A: No. After the merger is completed, Computershare Investor Services, Prosperity's exchange agent, will send you written instructions for exchanging your stock certificates. You should *not* send your American State stock certificates with your proxy card.

Q: Who can help answer my questions?

A: If you have additional questions about the merger, you should contact Mr. Michael Epps, American State Financial Corporation, 1401 Avenue Q, Lubbock, Texas 79408, telephone (806) 741-2120. If you have additional questions about the voting meeting or the shareholders' agreement, you should contact W.R. Collier, one of the voting representatives under the shareholders' agreement at 1401 Avenue Q, Lubbock, Texas 79408, telephone (806) 741-2100.

American State Financial Corporation, a Texas corporation, is a bank holding company registered under the BHC Act and the holding company for American State Bank. American State Bank, or ASB, currently has thirty-seven (37) banking locations in eighteen (18) counties in Texas. Proposed Merger of American State into Prosperity

*We have attached the reorganization agreement to this document as **Appendix A**. Please read the entire reorganization agreement. It is the legal document that governs the merger.*

We propose a merger whereby American State will merge with and into Prosperity. Prosperity will be the surviving entity in the merger. Immediately following completion of the merger, ASB will merge into Prosperity Bank and all existing offices of ASB will become full-service banking centers of Prosperity Bank. We expect to complete the merger during the third quarter of 2012, although delays could occur.

Table of Contents

Terms of the Merger of American State into Prosperity (page 48)

Pursuant to the terms of the reorganization agreement, all outstanding shares of American State common stock will be converted into an aggregate of 8,525,000 shares of Prosperity common stock and \$178.5 million in cash, with the cash portion of the merger consideration subject to decrease if American State's equity capital on the closing date is less than \$275.0 million, in the manner set forth in the reorganization agreement.

Because the number of shares of Prosperity common stock to be issued in the merger is fixed, the value of the total merger consideration you will receive will fluctuate based on the market price of the Prosperity common stock. Further, the cash portion of the merger consideration is subject to decrease as described above. Accordingly, you will not know the exact amount of cash or the value of the stock portion of the merger consideration you will receive in connection with the merger when you vote on the reorganization agreement.

Material Federal Income Tax Consequences (page 74)

The merger is intended to qualify as a reorganization under the Internal Revenue Code of 1986, as amended, or the Code. As a result of receiving Prosperity common stock and cash in exchange for American State common stock, in general, shareholders of American State will recognize gain, but not loss, equal to the lesser of cash received or gain realized in the merger. The amount of gain realized will equal the amount by which the cash plus the fair market value, at the effective time of the merger, of the Prosperity common stock exceeds the basis in the American State common stock to be surrendered in exchange therefor.

This tax treatment may not apply to every shareholder of American State. Determining the actual tax consequences of the merger to you may be complicated and will depend on your specific situation and on variables not within our control. You should consult your own tax advisor for a full understanding of the merger's tax consequences to you.

Opinion of Financial Advisor of American State (page 52)

Sandler O'Neill + Partners, L.P. has delivered a written opinion to the board of directors of American State that, as of the date of the reorganization agreement, based upon and subject to certain matters stated in the opinion, the merger consideration is fair to the holders of American State common stock from a financial point of view. We have attached this opinion to this proxy statement/prospectus as **Appendix B**. The opinion of Sandler O'Neill is not a recommendation to any American State shareholder as to how to vote on the proposal to approve the reorganization agreement. You should read this opinion completely to understand the procedures followed, matters considered and limitations on the reviews undertaken by Sandler O'Neill in providing its opinion.

Prosperity Plans to Continue to Pay Quarterly Dividends (page 114)

Following the merger, subject to applicable statutory and regulatory restrictions, Prosperity intends to continue its practice of paying quarterly cash dividends. For the first quarter of 2012, Prosperity paid a cash dividend of \$0.195 per share.

Ownership of Prosperity After the Merger

Pursuant to the reorganization agreement, Prosperity will issue 8,525,000 shares of its common stock to American State shareholders in connection with the merger. Based on 47,456,041 shares of Prosperity common stock outstanding as of April 24, 2012, after the merger, the former American State shareholders would own approximately 15.23% of the outstanding shares of Prosperity common stock.

Voting Meeting of Shareholders Subject to the Shareholders Agreement (page 45)

The voting meeting of the shareholders subject to the shareholders agreement will be held on June 5, 2012, at 3:00 p.m., local time (one hour before the annual meeting), at the ASB Conference Center at 1501 Avenue Q, Lubbock, Texas 79401 (the same location as the annual meeting) for the purpose of directing the voting representatives vote of the American State common stock subject to the shareholders agreement. At the voting meeting, these shareholders will be asked to consider and vote on the following:

to approve the reorganization agreement that provides for the merger of American State with and into Prosperity;

to elect five directors to serve on the board of directors of American State until the earlier of the completion of the merger or American State's 2013 annual meeting of shareholders, and each until their successors are duly elected and qualified or until their earlier resignation or removal;

to adjourn or postpone the voting meeting or the annual meeting to a later date or dates, if the voting representatives or board of directors of American State, as applicable, determine it is necessary;

to terminate the shareholders agreement immediately before the merger is effective; and

to act on any other matters that may be properly submitted to a vote at the voting meeting.

The American State Annual Meeting (page 45)

The annual meeting of shareholders of American State will be held on June 5, 2012, at 4:00 p.m., local time, at the ASB Conference Center at 1501 Avenue Q, Lubbock, Texas 79401. At the annual meeting, you will be asked to consider and vote on the following:

to approve the reorganization agreement that provides for the merger of American State with and into Prosperity;

to elect five directors to serve on the board of directors of American State until the earlier of the completion of the merger or American State's 2013 annual meeting of shareholders, and each until their successors are duly elected and qualified or until their earlier resignation or removal;

to adjourn or postpone the annual meeting to a later date or dates, if the board of directors of American State determines it is necessary; and

to act on any other matters that may be properly submitted to a vote at the annual meeting.

Voting of Shares Subject to the Shareholders Agreement (page 46)

Edgar Filing: PROSPERITY BANCSHARES INC - Form S-4/A

You may vote at the voting meeting of American State shareholders subject to the shareholders' agreement if you owned American State common stock subject to the shareholders' agreement at the close of business on April 25, 2012. You can cast one vote for each share of American State common stock you owned at that time that was subject to the shareholders' agreement. As of April 25, 2012, there were 1,969,847 shares of American State common stock subject to that agreement, which represents 79.7% of the total outstanding shares of American State common stock.

-8-

Table of Contents

All of the shares subject to the shareholders' agreement will be voted by the voting representatives at the annual meeting FOR or AGAINST each proposal according to the result of the vote at the voting meeting pursuant to the terms of the shareholders' agreement attached to this proxy statement/prospectus as **Appendix D**. Pursuant to the terms of the shareholders' agreement, two-thirds of the shares subject to the shareholders' agreement must be voted for approval of the reorganization agreement at the voting meeting in order for any of the shares of American State common stock subject to the shareholders' agreement to be voted in favor of approval of the reorganization agreement at the annual meeting. The proposals to elect directors, adjourn or postpone the voting meeting or the annual meeting and to terminate the shareholders' agreement each requires the affirmative approval of at least a majority (or 984,924 shares) of the outstanding shares of American State common stock subject to the shareholders' agreement.

If at least two-thirds of the shares subject to the shareholders' agreement are voted in favor of approval of the reorganization agreement at the voting meeting, the voting representatives will vote all of the shares subject to the shareholders' agreement in favor of approval of the reorganization agreement at the annual meeting. If you fail to vote at the voting meeting, it will have the effect at the voting meeting of a vote against the reorganization agreement. Because of the number of shares of American State common stock subject to the shareholders' agreement, the voting results at the voting meeting will determine the voting results at the annual meeting.

If at least a majority of the shares subject to the shareholders' agreement are voted in favor of the election of the director nominees, then the voting representative will have the authority to vote all of the shares subject to the shareholders' agreement in favor of the election of the director nominees. If you fail to vote at the voting meeting, it will have the effect at the voting meeting of a vote against the election of the director nominees.

If at least a majority of the shares subject to the shareholders' agreement are voted in favor of adjourning or postponing the voting meeting or the annual meeting, then the voting representative will have the authority to postpone or adjourn the voting meeting and will have the authority to vote all of the shares subject to the shareholders' agreement in favor of postponing or adjourning the annual meeting. If you fail to vote at the voting meeting, it will have the effect at the voting meeting of a vote against postponing or adjourning these meetings.

If at least a majority of the shares subject to the shareholders' agreement are voted in favor of termination of the shareholders' agreement, then the shareholders' agreement will terminate immediately before the merger is effective. If you fail to vote at the voting meeting, it will have the effect of a vote against termination of the shareholders' agreement.

You may vote your shares of American State common stock subject to the shareholders' agreement by attending the voting meeting and voting in person or by completing and mailing the enclosed voting meeting proxy card. If you are the record holder of your shares, you can revoke your voting meeting proxy at any time before the vote is taken at the voting meeting by sending a written notice revoking the proxy or a later-dated proxy to the voting representatives, or by voting in person at the voting meeting.

Record Date Set at April 25, 2012; At Least Two-Thirds Shareholder Vote Required to Approve the Reorganization Agreement (page 45)

You may vote at the annual meeting of American State shareholders or the voting meeting, as applicable, if you owned American State common stock at the close of business on April 25, 2012. You can cast one vote for each share of American State common stock you owned at that time. As of April 25, 2012, there were 2,470,083 shares of American State common stock outstanding.

Approval of the reorganization agreement requires the affirmative vote of the holders of at least two-thirds of the outstanding shares of American State common stock entitled to vote. If you fail to vote, it will have the effect of a vote against the reorganization agreement.

Table of Contents

If your shares are not subject to the shareholders' agreement, you may vote your shares of American State common stock by attending the annual meeting and voting in person or by completing and mailing the enclosed proxy card. If you are the record holder of your shares, you can revoke your proxy at any time before the vote is taken at the annual meeting by sending a written notice revoking the proxy or a later-dated proxy to the Secretary of American State, or by voting in person at the annual meeting.

American State's Reasons for the Merger and Recommendations of American State's Board (page 50)

Based on the reasons discussed elsewhere in this proxy statement/prospectus, the board of directors of American State believes that the merger is fair to you and in your best interests, and unanimously recommends that you vote FOR the proposal to approve the reorganization agreement. For a discussion of the circumstances surrounding the merger and the factors considered by the American State's board of directors in approving the reorganization agreement, see page 50.

Members of American State's Management are Expected to Vote Their Shares For Approval of the Reorganization Agreement (page 46; Exhibit A to Appendix A)

The directors and executive officers of American State and certain directors of ASB have entered into an agreement to vote the shares of American State common stock they control in favor of approval of the reorganization agreement. As of the record date, 516,908 shares of American State common stock, or approximately 20.93% of the outstanding shares of the common stock entitled to vote at the annual meeting, were bound by the voting agreement. Of these shares, 509,252 are subject to the shareholders' agreement and are eligible to vote at the voting meeting.

Effective Time of the Merger

The merger will become effective at the date and time specified in the certificate of merger to be issued by the Texas Secretary of State. If American State shareholders approve the reorganization agreement at the annual meeting, and if all necessary government approvals are obtained and the other conditions to the parties' obligations to effect the merger are met or waived by the party entitled to do so, we anticipate that the merger will be completed in the third quarter of 2012, although delays could occur.

We cannot assure you that the necessary shareholder and governmental approvals will be obtained or that the other conditions to completion of the merger can or will be satisfied.

Treatment of American State Options

Not later than ten (10) days after the American State annual meeting, the board of directors of American State intends to accelerate the exercise date for all outstanding options to acquire American State common stock for a limited period of time to expire on a date chosen by the American State board of directors. On or before such specified date, each American State option may be exercised for cash by the holder of such option. After such date, all unexercised options will terminate. In certain circumstances, American State will provide financing for the exercise price. If all outstanding options are exercised by the holders thereof, American State would be obligated to issue 29,200 shares of American State common stock prior to the merger. The exchange ratio set forth in this proxy statement/prospectus assumes the issuance of such shares.

Exchange of American State Stock Certificates (page 60)

As soon as practicable after the effective time of the merger, you will receive a letter and instructions from Computershare Investor Services, acting in its role as Prosperity's exchange agent, with respect to the procedures for surrendering your stock certificates representing shares of American State common stock in exchange for stock certificates representing shares of Prosperity common stock and cash. You must carefully review and complete

Table of Contents

these materials and return them as instructed along with your stock certificates for American State common stock. **Please do not send American State or Prosperity any stock certificates until you receive these instructions.**

Conditions to Completion of the Merger (page 64)

The completion of the merger depends on a number of conditions being met. These include, among others:

approval of the reorganization agreement by the shareholders of American State;

accuracy of each party's representations and warranties contained in the reorganization agreement as of the closing date of the merger;

receipt of all required governmental approvals of the merger in a manner that does not impose any restrictions on Prosperity's operations which are reasonably unacceptable to Prosperity;

absence of any material adverse change in the assets, properties, business or financial condition of either party;

performance or compliance in all material respects by each party with its respective covenants and obligations required by the reorganization agreement;

registration of the shares of Prosperity common stock to be issued to shareholders of American State with the SEC;

authorization for listing of the shares of Prosperity common stock to be issued to shareholders of American State on the New York Stock Exchange;

confirmation by Prosperity that American State's allowance for loan losses, as of the closing date, is equal to at least 1.57% of its total loans;

termination of each change in control agreement between certain officers and ASB, payment by American State of any amount due under those agreements and execution by each such officer of a termination and release agreement;

execution of employment and non-competition agreements by certain officers of American State with Prosperity Bank, which have been executed but will not become effective until the effective time of the merger;

execution of non-competition agreements between each of the non-employee directors of American State and ASB, which will not become effective until the effective time of the merger;

execution of release agreements by each of the directors and officers (with a title of Executive Vice President or above) of American State and ASB releasing American State and ASB and their respective successors from any and all claims of such directors and

Edgar Filing: PROSPERITY BANCSHARES INC - Form S-4/A

officers, subject to certain limited exceptions, which will not become effective until the effective time of the merger;

execution of a voting agreement and irrevocable proxy by each of the directors of American State and ASB, which has been executed by all of the directors of American State and certain of the directors of ASB;

receipt of all required consents, approvals, waivers and other assurances from non-governmental third parties;

completion of the merger of certain American State subsidiaries with and into American State, with American State surviving, and the liquidation and dissolution of a subsidiary of ASB;

confirmation that Prosperity and/or Prosperity Bank will become a member in good standing under each membership, network or similar agreement related to American State or ASB's sponsorship of an independent sales organization or provision of electronic transfer services upon completion of the merger and/or the merger of ASB with and into Prosperity Bank; and

Table of Contents

receipt of opinions of counsel to each of American State and Prosperity to the effect that the merger will qualify as a reorganization under Section 368(a) of the Code.

Any condition to the completion of the merger may be waived in writing by the party to the reorganization agreement entitled to the benefit of such condition. A party to the reorganization agreement could choose to complete the merger even though a condition has not been satisfied, as long as permitted by law. We cannot be certain when or if the conditions to the merger will be satisfied or waived, or that the merger will be completed.

Regulatory Approvals Required (page 78)

We cannot complete the merger unless it is approved by the Board of Governors of the Federal Reserve System (Federal Reserve) or such approval is waived by the Federal Reserve. Prosperity intends to file any required documentation with the Federal Reserve Bank of Dallas to request a waiver of its approval after the regulatory applications required for the bank merger (as described below) are accepted for filing.

In addition, the merger of ASB with and into Prosperity Bank requires the approval of the Federal Deposit Insurance Corporation (FDIC) and Texas Department of Banking (TDB). We expect to obtain all necessary regulatory approvals, although we cannot be certain if or when we will obtain them. On March 16, 2012, Prosperity Bank and ASB filed applications with the FDIC and TDB to obtain approval of the bank merger. The U.S. Department of Justice will have between 15 and 30 days following approval by the FDIC to challenge the approval on antitrust grounds. While American State and Prosperity do not know of any reason that the Department of Justice would challenge regulatory approval by the FDIC and believe that the likelihood of such action is remote, there can be no assurance that the Department of Justice will not initiate such a proceeding, or if such a proceeding is initiated, as to the result of any such challenge.

Amendments or Waiver (page 71)

Prosperity and American State may amend the reorganization agreement and each party may waive its right to require the other party to adhere to any term or condition of the reorganization agreement. However, the amount of cash and number of shares of Prosperity common stock to be received by the shareholders of American State pursuant to the terms of the reorganization agreement may not be decreased after the approval of the reorganization agreement without the further approval of the American State shareholders.

Termination of the Reorganization Agreement (page 72)

Prosperity and American State can mutually agree at any time to terminate the reorganization agreement without completing the merger. In addition, either Prosperity or American State may decide, without the consent of the other, to terminate the reorganization agreement if:

any order, decree or ruling or any other action which seeks to restrain, enjoin or prohibit the merger is issued, and such order, decree, ruling or other action is final and non-appealable;

the merger has not been completed by August 24, 2012 (unless one or more of the regulatory approvals has not been received on or before August 9, 2012, in which case this deadline will be extended to September 23, 2012) or such later date approved in writing by the boards of directors of Prosperity and American State, unless the failure to complete the merger by that time is due to a violation of the reorganization agreement by the party that seeks to terminate the reorganization agreement;

any of the transactions contemplated by the reorganization agreement are not approved by the appropriate regulatory authorities;

Table of Contents

the other party materially breaches its representations and warranties or any covenant or agreement contained in the reorganization agreement and such breach has not been cured within 15 days after the terminating party gives written notice of such failure to the breaching party; or

American State shareholders fail to approve the reorganization agreement.

American State may terminate the reorganization agreement, without the consent of Prosperity, if the board of directors of American State receives an unsolicited, bona fide alternative acquisition proposal (as defined in the reorganization agreement) and, under certain terms and conditions, determines that it is a superior proposal to that of the reorganization agreement and that the failure to accept such proposal would be inconsistent with its fiduciary duties; but Prosperity has the right to adjust the terms and conditions of the reorganization agreement so that the superior proposal no longer constitutes a superior proposal.

In addition, Prosperity may terminate the reorganization agreement, without the consent of American State, if:

any required regulatory approval is obtained subject to restrictions or conditions on the operations of American State, ASB, Prosperity or Prosperity Bank that are reasonably unacceptable to Prosperity;

American State breaches the non-solicitation obligations set forth in the reorganization agreement in a manner adverse to Prosperity;

American State's board of directors agrees to accept another acquisition proposal (as defined in the reorganization agreement); or

American State's board of directors withdraws or modifies, in any manner adverse to Prosperity, its recommendation or approval of the reorganization agreement or the merger or recommends to American State shareholders acceptance or approval of any alternative acquisition proposal.

Prosperity also has the right to terminate the reorganization agreement on or prior to May 26, 2012, if the results of any environmental inspections or surveys of American State properties identify certain potential or current violations of environmental laws or environmental law requires certain remedial or clean up action that could have a material adverse effect on American State.

Termination Fee (page 72)

If the reorganization agreement is terminated by:

Prosperity because American State's board of directors agrees to accept another acquisition proposal;

Prosperity because American State's board of directors withdraws or modifies, in any manner adverse to Prosperity, its recommendation or approval of the reorganization agreement or the merger or recommends to American State's shareholders acceptance or approval of any alternative acquisition proposal;

Prosperity because American State breaches the non-solicitation obligations set forth in the reorganization agreement in a manner adverse to Prosperity;

American State because American State's board of directors receives an unsolicited, bona fide alternative acquisition proposal and, under certain terms and conditions, determines that it is a superior proposal to that of the reorganization agreement taking into

Edgar Filing: PROSPERITY BANCSHARES INC - Form S-4/A

account any adjustments by Prosperity to the merger consideration; or

Prosperity or American State because American State's shareholders fail to approve the reorganization agreement by August 24, 2012 (or September 23, 2012, if regulatory approval has not been obtained by August 9, 2012) and, within twelve (12) months of termination of the reorganization agreement, American State enters into an acquisition agreement with a third party;

-13-

Table of Contents

then American State will be required to pay Prosperity a termination fee of \$20.0 million, plus up to \$750,000 for its expenses related to the proposed transaction.

If either Prosperity or American State terminates the reorganization agreement (1) after August 24, 2012 (or September 23, 2012, if regulatory approval has not been obtained by August 9, 2012) and, at the time of termination, the registration statement has been declared effective at least 25 business days prior to such date and American State has failed to call, give notice of, convene and hold the shareholder meeting in accordance with reorganization agreement, or (2) because American State's shareholders do not approve the reorganization agreement and an acquisition proposal exists at the time of termination, American State will be required to pay Prosperity up to \$750,000 for its expenses related to the proposed transaction.

Some of the Directors and Officers of American State Have Financial Interests in the Merger that Differ from Your Interests (page 70)

Some of the directors and officers of American State have interests in the merger that differ from, or are in addition to, their interests as shareholders of American State. These interests include:

each of W.R. Collier, Michael Epps and Tony Whitehead will receive a payment from American State in the amount two times their average annual compensation over the past three years (which amounts are approximately \$2.5 million, \$932,000 and \$942,000, respectively) in connection with the termination of his current change in control agreement with ASB entered into in 2007 immediately prior to the completion of the merger;

each of Messrs. Collier, Epps and Whitehead will receive completion payments in the amount of \$900,000, \$345,000 and \$450,000, respectively, from American State upon closing of the merger;

Mr. Collier will become a director of Prosperity and Mark Kirkpatrick, Van May, Don Pickering and Scott Collier will become directors of Prosperity Bank as of the effective time of the merger;

each director of American State who is not also an employee of American State or ASB will receive an amount equal to one year's directors fees, or \$26,400, from American State upon closing of the merger, and each director of ASB who is not also an employee of ASB will receive an amount equal to one year's directors fees, or \$19,200 (and an additional \$6,000 if they serve on ASB's directors loan committee) from ASB upon closing of the merger;

as a condition to the merger, Prosperity has required each of Messrs. Comparison of Rights of Shareholders of Prosperity and American State (page 85)

American State is a Texas corporation and the rights of shareholders of American State are governed by Texas law and American State's articles of incorporation and bylaws. Prosperity is a Texas corporation and the rights of Prosperity shareholders are governed by Texas law and Prosperity's articles of incorporation and bylaws. Upon completion of the merger, shareholders of American State will become shareholders of Prosperity and their rights will be governed by Prosperity's articles of incorporation and bylaws, in addition to Texas law. Prosperity's articles of incorporation and bylaws will remain the same unless later altered, amended or repealed.

Dissenters' Rights of Appraisal in the Merger (page 79)

A shareholder of American State whose shares are not subject to the shareholders' agreement has the right under Texas law to dissent from the merger and have the appraised fair value of his shares of American State common stock paid to him in cash. The appraised fair value may be more or less than the value of the shares of Prosperity common stock and cash being paid in the merger.

If your shares are subject to the shareholders' agreement and two-thirds of the shares subject to the shareholders' agreement vote their shares in favor of the reorganization agreement at the voting meeting, you will not have the right to vote against approval of the reorganization agreement and dissent from the merger.

Persons having beneficial interests in American State common stock held of record in the name of another person, such as a broker or bank, must act promptly to cause the record holder to take the actions required under Texas law to exercise your dissenter's rights.

In order to dissent, you must carefully follow the requirements of the Texas Business Organizations Code, including giving the required written notice prior to the annual meeting at which the vote on the reorganization agreement is taken. These steps are summarized under the caption *Dissenters' Rights of American State Shareholders* on page 79.

If you intend to exercise dissenters' rights, you should read the statutes carefully and consult with your own legal counsel. You should also remember that if you return a signed proxy card, but fail to provide instructions as to how your shares of American State common stock are to be voted, you will be considered to have voted in favor of the reorganization agreement and you will not be able to assert dissenters' rights. Furthermore, if your shares are subject to the shareholders' agreement and you vote your shares at the voting meeting against approval of the reorganization agreement, but the requisite number of shares subject to the shareholders' agreement are voted in favor of approval of the reorganization agreement such that the voting representatives vote such shares at the annual meeting to approve the reorganization agreement, you will be considered to have voted in favor of the reorganization agreement and you will not be able to assert dissenters' rights.

Also, if you exercise dissenters' rights, you may have taxable income as a result, so you should consult with your own tax advisor if you intend to dissent. See *Material U.S. Federal Income Tax Consequences of the Merger*. If the reorganization agreement is approved by the shareholders of American State, holders of American State common stock who make a written objection to the merger prior to the American State annual meeting, vote against the approval of the reorganization agreement and properly make a written demand for payment following notice of the merger will be entitled to receive the appraised fair value of their shares in cash under the Texas Business Organizations Code.

The text of the provisions of the Texas Business Organizations Code pertaining to dissenters' rights is attached to this proxy statement/prospectus as *Appendix C*.

UNAUDITED PRO FORMA CONSOLIDATED COMBINED FINANCIAL INFORMATION OF PROSPERITY

The following unaudited pro forma consolidated combined financial information of Prosperity as of and for the year ended December 31, 2011, is presented to show the impact on Prosperity's historical financial position and results of operations of:

the completion by Prosperity of the Texas Bankers, Inc. acquisition, which was completed on January 1, 2012;

the completion by Prosperity of The Bank Arlington acquisition, which was completed on April 1, 2012;

the proposed acquisition by Prosperity of East Texas Financial Services, Inc.;

the proposed issuance of a number of shares of Prosperity common stock to the shareholders of East Texas Financial in connection with that acquisition;

the proposed acquisition by Prosperity of American State; and

the proposed issuance of shares of Prosperity common stock and cash to the shareholders of American State in connection with the merger.

As a result of the merger and assuming the exercise of all outstanding stock options, shareholders of American State will receive approximately 3.4110 shares of Prosperity common stock, with cash paid for fractional share interests, and \$71.42 in cash, subject to decrease, for each share of American State common stock they own. The cash portion of the merger consideration is subject to decrease if American State's equity capital on the closing date is less than \$275.0 million, as described under *Proposal to Approve the Reorganization Agreement Terms of the Merger*.

The unaudited Pro Forma Consolidated Combined Balance Sheet reflects the historical position of Prosperity and American State as of December 31, 2011, with pro forma adjustments based on the assumption that the merger was completed on December 31, 2011. The pro forma adjustments are based on the purchase method of accounting. The unaudited Pro Forma Consolidated Combined Statement of Income assumes that the merger was completed on January 1, 2011. The adjustments are based on information available and certain assumptions that Prosperity believes are reasonable. Management has not identified, quantified or evaluated any material restructuring costs at this time and no such costs or any cost savings are reflected in the pro forma financial statements. The final allocation of the purchase price for American State between shareholders' equity and goodwill will be determined after the merger is completed and after completion of thorough analyses to determine the fair values of American State's tangible and identifiable intangible assets and liabilities as of the date the merger is completed. Any change in the fair value of the net assets of American State will change the amount of the purchase price allocable to goodwill. Further, changes that would affect shareholders' equity at the target institution, such as net income from December 31, 2011 through the date the merger is completed, will also change the amount of goodwill recorded. In addition, the final adjustments may be different from the unaudited pro forma adjustments presented in this proxy statement/prospectus.

The unaudited Pro Forma Consolidated Combined Statement of Income for the year ended December 31, 2011 assumes that each of the Texas Bankers acquisition, The Bank Arlington acquisition and the East Texas Financial acquisition was completed on January 1, 2011.

The following information should be read in conjunction with and is qualified in its entirety by Prosperity's consolidated financial statements and accompanying notes, which are incorporated by reference into this proxy statement/prospectus, and the consolidated financial statements and accompanying notes of American State, which are included in this proxy statement/prospectus.

The unaudited pro forma consolidated combined financial information is intended for informational purposes and is not necessarily indicative of the future financial position or future operating results of the combined company or of the financial position or operating results of the combined company that would have actually occurred had the merger or the other acquisitions been in effect as of the date or for the periods presented.

Notes to Unaudited Pro Forma Consolidated Combined Financial Data

(dollars in thousands)

Note 1. Estimated Operational Cost Savings

Prosperity anticipates operational cost savings in connection with the acquisition of Texas Bankers, Bank Arlington, East Texas Financial and American State. Prosperity anticipates that these savings will occur through the combination of back office operations and elimination of duplicate general operations, administrative and salary and benefits expense. Estimated cost savings are not presented as part of the pro forma adjustments and there can be no assurance they will be achieved in the amount or manner currently contemplated.

Note 2. Anticipated Reduction in Fee Income

Prosperity anticipates loss of income related to reduced NSF fee income and debit and ATM card income. The combined company will be subject to the Durbin Act which imposes limits on debit and ATM card income. Such amounts are not presented as part of the pro forma adjustments.

Note 3. American State Special Dividend

Pursuant to the terms of the reorganization agreement, American State has the ability to pay a one-time special dividend to its shareholders of up to \$5.0 million prior to the completion of the merger. The pro forma adjustments do not include the effect of such dividend. If American State elects to pay this special dividend, its equity would decrease by the amount of the dividend and goodwill recorded in the transaction would increase by the same amount.

Note 4. Pro Forma Adjustments and Assumptions:

The following pro forma adjustments have been reflected in the unaudited pro forma consolidated combined financial information. All adjustments are based on current assumptions and valuations, which are subject to change.

- (a) The acquisition of Texas Bankers was effective on January 1, 2012. Therefore, the balance sheet information was derived from unaudited financial statements for the periods presented.
- (b) The fiscal year end of East Texas Financial is September 30 and its audited financial statements are as of and for the year ended September 30, 2011. Therefore, the balance sheet information was derived from unaudited financial statements for the periods presented.
- (c) This adjustment represents the write-up of East Texas Financial's held to maturity securities to market value as part of the purchase accounting transactions.
- (d) Loans and deposits are currently being evaluated for fair value adjustments in accordance with the purchase method of accounting under accounting principles generally accepted in the United States of America. No pro forma adjustments to deposits have been made at this time. For pro forma purposes with respect to each target institution, the allowance for credit losses as of December 31, 2011 results in a reasonable approximation of fair value for loans. However, at the time of preparation of the pro forma financial statements, Prosperity had not completed its fair value of the loans and deposits acquired or to be acquired in each of the mergers. As a result, there could be adjustments to the carrying value of such assets acquired and liabilities assumed after the mergers are completed.
- (e) This adjustment represents the elimination of Texas Bankers, Bank Arlington and East Texas Financial allowance for credit losses as part of the purchase accounting transactions.

COMPARATIVE SUMMARY OF HISTORICAL AND PRO FORMA PER SHARE SELECTED FINANCIAL DATA

Set forth below is certain per share financial information for Prosperity and American State on a historical basis, on a pro forma combined basis and on a pro forma combined basis per American State equivalent share.

The comparative pro forma data was derived by combining the historical consolidated financial information of Prosperity and American State using the purchase method of accounting for business combinations.

The pro forma data gives effect to:

the completion by Prosperity of the Texas Bankers acquisition, which was completed on January 1, 2012;

the completion by Prosperity of The Bank Arlington acquisition, which was completed on April 1, 2012;

the proposed acquisition by Prosperity of East Texas Financial Services, Inc.;

the proposed issuance of a number of shares of Prosperity common stock to the shareholders of East Texas Financial in connection with that acquisition;

the proposed acquisition of American State; and

the proposed issuance of a number of shares of Prosperity common stock and cash to the shareholders of American State in connection with the merger.

For purposes of presenting pro forma basic and diluted earnings per share and cash dividends per share, the comparative pro forma data for the year ended December 31, 2011 assumes that each of the Texas Bankers acquisition, The Bank Arlington acquisition, the East Texas Financial acquisition and the merger were effected on January 1, 2011. For purposes of presenting pro forma book value per share, the comparative pro forma data assumes that each of the Texas Bankers acquisition, The Bank Arlington acquisition, the East Texas Financial acquisition and the merger was effective on December 31, 2011. The American State pro forma equivalent share information shows the effect of the merger from the perspective of an owner of American State common stock. The information was computed by multiplying the pro forma information based on the assumed exchange ratio of 3.4110. The exchange ratio used assumes the exercise of all outstanding options to purchase an aggregate of 29,200 shares of American State common stock. The actual exchange ratio will differ if less than all of those stock options are exercised.

You should read the information below together with the historical consolidated financial statements and related notes of American State included with this proxy statement/prospectus.

We expect that Prosperity and American State will incur merger and integration charges as a result of combining their companies. The pro forma information, while helpful in illustrating the financial characteristics of the combined company under one set of assumptions, does not reflect these expenses. The unaudited pro forma combined data below is for illustrative purposes only. The companies may have performed differently had they always been combined. You should not rely on this information as being indicative of the historical results that would have been achieved had the companies always been combined or the future results that the combined company will experience after the merger.

Table of Contents**COMPARATIVE STOCK PRICES**

The following table shows (1) the market values of Prosperity common stock on February 24, 2012, the business day prior to the announcement of the proposed merger and as of the most recent date practicable preceding the date of this proxy statement/prospectus and (2) the equivalent pro forma value of a share of American State common stock at such dates based on the value of the consideration to be received in the merger with respect to each share. Historical market value information regarding American State common stock is not provided because there is no active market for American State common stock. Based on 2,470,083 shares of American State common stock outstanding as of April 25, 2012 and assuming the exercise of outstanding options to purchase 29,200 shares of American State common stock, holders of American State common stock will receive 3.4110 shares of Prosperity common stock (plus cash in lieu of a fractional share) and \$71.42 in cash, with the cash portion subject to decrease as provided in the reorganization agreement, for each share they own. Because the number of shares of Prosperity common stock to be issued in the merger is fixed, the value of the total merger consideration to be received by shareholders of American State will fluctuate based on the market price of the Prosperity common stock. We urge you to obtain the current market price of the Prosperity common stock before you vote.

Table of Contents

RISK FACTORS

An investment in the Prosperity common stock in connection with the merger involves risks. Prosperity describes below the material risks and uncertainties that it believes affect its business and an investment in the Prosperity common stock. You should carefully read and consider all of these risks and all other information contained in this proxy statement/prospectus in deciding whether to vote for approval of the reorganization agreement. If any of the risks described in this proxy statement/prospectus occur, Prosperity's financial condition, results of operations and cash flows could be materially and adversely affected. If this were to happen, the value of Prosperity common stock could decline significantly, and you could lose all or part of your investment.

Risks Associated With the Merger

Because the number of shares of Prosperity common stock to be received by American State shareholders in the merger is fixed and will not be adjusted if there is any change in the price of Prosperity common stock and the cash consideration may be decreased, you will not know the number of shares of Prosperity common stock or amount of cash you will receive for your American State common stock when you vote on the reorganization agreement.

Upon completion of the merger, all shares of American State common stock will be exchanged for 8,525,000 shares of Prosperity common stock and \$178.5 million in cash, with the cash portion subject to decrease if American State's equity capital on the closing date is less than \$275.0 million, in the manner set forth in the reorganization agreement. Based on 2,470,083 shares of American State common stock outstanding and assuming the exercise of outstanding options to purchase 29,200 shares of American State common stock, each share of American State common stock will be exchanged for 3.4110 shares of Prosperity common stock (plus cash in lieu of a fractional share) and up to \$71.42 in cash. The number of Prosperity shares is fixed and will not be adjusted as a result of any change in the market price of Prosperity common stock. In addition, neither Prosperity nor American State may terminate the reorganization agreement solely because of changes in the market price of Prosperity's common stock. Therefore, if the price of the Prosperity common stock declines prior to the completion of the merger, the value of the merger consideration to be received by shareholders of American State will decline. The price of the Prosperity common stock is by nature subject to the general price fluctuations in the market for publicly-traded equity securities, has experienced significant volatility and may decline for a number of reasons, many of which are out of Prosperity's control. Prosperity is unable to predict or give any assurances as to the market prices of its common stock on the date of the American State annual meeting, the date of the completion of the merger or at any time after the completion of the merger. Shareholders of American State are encouraged to obtain current market price quotations for the Prosperity common stock before voting their shares at the annual meeting.

The market price of Prosperity common stock after the merger may be affected by factors different from those affecting American State common stock or Prosperity common stock currently.

The businesses of Prosperity and American State differ in some respects and, accordingly, the results of operations of the combined company and the market price of Prosperity's shares of common stock after the merger may be affected by factors different from those currently affecting the independent results of operations of each of Prosperity and American State. For a discussion of the business of Prosperity and of certain factors to consider in connection with that business, see the documents incorporated by reference into this proxy statement/prospectus and referred to under *Where You Can Find More Information*.

Regulatory approvals may not be received, may take longer than expected or impose conditions that are not presently anticipated.

The Federal Reserve must approve, or waive approval of, the merger and the FDIC and TDB must approve the merger of ASB with and into Prosperity Bank. The Federal Reserve, FDIC and TDB will consider, among

Table of Contents

other factors, the competitive impact of the merger and the bank merger, the financial and managerial resources of our companies and our subsidiary banks and the convenience and needs of the communities to be served. As part of that consideration, we expect that the Federal Reserve, FDIC and TDB will review issues related to capital position, safety and soundness, and legal and regulatory compliance, including compliance with anti-money laundering laws. There can be no assurance as to whether this and other regulatory approvals will be received, the timing of those approvals or whether any conditions will be imposed.

American State will be subject to business uncertainties and contractual restrictions while the merger is pending.

Uncertainty about the effect of the merger on employees and customers may have an adverse effect on American State and consequently on Prosperity. These uncertainties may impair American State's ability to attract, retain and motivate key personnel until the merger is completed, and could cause customers and others that deal with American State to seek to change existing business relationships with American State. Retention of certain employees may be challenging while the merger is pending, as certain employees may experience uncertainty about their future roles with Prosperity. If key employees depart, Prosperity's business following the merger could be harmed. In addition, the reorganization agreement restricts American State from making certain acquisitions and taking other specified actions until the merger occurs without the consent of Prosperity. These restrictions may prevent American State from pursuing attractive business opportunities that may arise prior to the completion of the merger. See the section entitled *Proposal to Approve the Reorganization Agreement Conduct of Business Pending Effective Time* beginning on page 62 of this proxy statement/prospectus for a description of the restrictive covenants to which American State is subject.

Combining our two companies may be more difficult, costly or time-consuming than we expect.

Prosperity and American State have operated and, until the merger is completed, will continue to operate, independently. It is possible that the integration process could result in the loss of key employees or disruption of each company's ongoing business or inconsistencies in standards, controls, procedures and policies that adversely affect our ability to maintain relationships with customers and employees or to achieve the anticipated benefits of the merger. As with any merger of banking institutions, there also may be business disruptions that cause us to lose customers or cause customers to take their deposits out of our banks. The success of the combined company following the merger may depend in large part on the ability to integrate the two businesses, business models and cultures. If we are not able to integrate our operations successfully and timely, the expected benefits of the merger may not be realized.

Some of the directors and officers of American State may have interests and arrangements that may have influenced their decisions to support or recommend that you approve the merger.

The interests of some of the directors and officers of American State may be different from those of American State shareholders, and directors and officers of American State may be participants in arrangements that are different from, or in addition to, those of American State shareholders. These interests are described in more detail in the section of this proxy statement/prospectus entitled *Financial Interests of Directors and Officers of American State in the Merger* beginning on page 70.

Prosperity may fail to realize the cost savings estimated for the merger.

Although Prosperity estimates that it will realize cost savings from the merger when fully phased in, it is possible that the estimates of the potential cost savings could turn out to be incorrect. For example, the combined purchasing power may not be as strong as expected, and therefore the cost savings could be reduced. In addition, unanticipated growth in Prosperity's business may require Prosperity to continue to operate or maintain some facilities or support functions that are currently expected to be combined or reduced. The cost savings estimates also depend on our ability to combine the businesses of Prosperity and American State in a manner that permits

Table of Contents

those costs savings to be realized. If the estimates turn out to be incorrect or Prosperity is not able to combine the two companies successfully, the anticipated cost savings may not be fully realized or realized at all, or may take longer to realize than expected.

American State shareholders will have a reduced ownership and voting interest after the merger and will exercise less influence over management.

American State shareholders currently have the right to vote in the election of the board of directors of American State and on other matters affecting American State. The merger will transfer control of American State to Prosperity and to the shareholders of Prosperity. When the merger occurs, each American State shareholder will become a shareholder of Prosperity with a percentage ownership of Prosperity much smaller than such shareholder's percentage ownership of American State. Because of this, American State shareholders will have less influence on the management and policies of Prosperity than they now have on the management and policies of American State. In addition, if the proposal to approve the termination of the shareholders' agreement is approved and the merger is completed, the shareholders' agreement will terminate, so the shareholders of American State who are parties to that agreement will not pool their shares of Prosperity common stock with other shareholders in determining how those shares will be voted.

Risks Associated With Prosperity's Business

If Prosperity is not able to continue its historical levels of growth, it may not be able to maintain its historical earnings trends.

To achieve its past levels of growth, Prosperity has focused on both internal growth and acquisitions. Prosperity may not be able to sustain its historical rate of growth or may not be able to grow at all. In addition, Prosperity may not be able to obtain the financing necessary to fund additional growth and may not be able to find suitable candidates for acquisition. Various factors, such as economic conditions and competition, may impede or prohibit the opening of new banking centers. Further, Prosperity may be unable to attract and retain experienced bankers, which could adversely affect its internal growth. If Prosperity is not able to continue its historical levels of growth, it may not be able to maintain its historical earnings trends.

If Prosperity is unable to manage its growth effectively, its operations could be negatively affected.

Companies that experience rapid growth face various risks and difficulties, including:

finding suitable markets for expansion;

finding suitable candidates for acquisition;

attracting funding to support additional growth;

maintaining asset quality;

attracting and retaining qualified management; and

maintaining adequate regulatory capital.

In addition, in order to manage its growth and maintain adequate information and reporting systems within its organization, Prosperity must identify, hire and retain additional qualified associates, particularly in the accounting and operational areas of its business.

If Prosperity does not manage its growth effectively, its business, financial condition, results of operations and future prospects could be negatively affected, and Prosperity may not be able to continue to implement its business strategy and successfully conduct its operations.

Table of Contents

Difficult market conditions and economic trends have adversely affected the banking industry and could adversely affect Prosperity's business, financial condition, results of operations and cash flows.

Prosperity is operating in a challenging and uncertain economic environment, including generally uncertain conditions nationally and locally in its markets. Financial institutions continue to be affected by declines in the real estate market that have negatively impacted the credit performance of 1-4 family residential, construction and land development and commercial real estate loans and resulted in significant write-downs of assets by many financial institutions. Prosperity retains direct exposure to the residential and commercial real estate markets, and it is affected by these events.

Prosperity's ability to assess the creditworthiness of customers and to estimate the losses inherent in its loan portfolio is made more complex by these difficult market and economic conditions. A prolonged national economic recession or further deterioration of these conditions in Prosperity's markets could drive losses beyond that which is provided for in its allowance for credit losses and result in the following consequences:

increases in loan delinquencies;

increases in nonperforming assets and foreclosures;

decreases in demand for Prosperity's products and services, which could adversely affect its liquidity position; and

decreases in the value of the collateral securing Prosperity's loans, especially real estate, which could reduce customers' borrowing power.

While economic conditions in the State of Texas and the U.S. are showing signs of recovery, there can be no assurance that these difficult conditions will continue to improve. Continued declines in real estate values, home sales volumes and financial stress on borrowers as a result of the uncertain economic environment, including job losses, could have an adverse effect on Prosperity's borrowers or their customers, which could adversely affect Prosperity's business, financial condition, results of operations and cash flows.

Liquidity risk could impair Prosperity's ability to fund operations and jeopardize its financial condition.

Liquidity is essential to Prosperity's business. An inability to raise funds through deposits, borrowings, the sale of loans and other sources could have a substantial negative effect on its liquidity. Prosperity's access to funding sources in amounts adequate to finance its activities or on terms which are acceptable to it could be impaired by factors that affect Prosperity specifically or the financial services industry or economy in general. Factors that could detrimentally impact Prosperity's access to liquidity sources include a decrease in the level of its business activity as a result of a downturn in its major markets or adverse regulatory action against Prosperity. Prosperity's ability to borrow could also be impaired by factors that are not specific to it, such as a disruption in the financial markets or negative views and expectations about the prospects for the financial services industry in light of the recent turmoil faced by banking organizations and the continued deterioration in credit markets.

If Prosperity is unable to identify and acquire other financial institutions and successfully integrate its acquired businesses, its business and earnings may be negatively affected.

The market for acquisitions remains highly competitive, and Prosperity may be unable to find acquisition candidates in the future that fit its acquisition and growth strategy. To the extent that Prosperity is unable to find suitable acquisition candidates, an important component of its growth strategy may be lost.

Acquisitions of financial institutions involve operational risks and uncertainties and acquired companies may have unforeseen liabilities, exposure to asset quality problems, key employee and customer retention problems and other problems that could negatively affect Prosperity's organization. Prosperity may not be able to complete future acquisitions and, if completed, Prosperity may not be able to successfully integrate the

Table of Contents

operations, management, products and services of the entities that it acquires and eliminate redundancies. The integration process could result in the loss of key employees or disruption of the combined entity's ongoing business or inconsistencies in standards, controls, procedures and policies that adversely affect Prosperity's ability to maintain relationships with customers and employees or achieve the anticipated benefits of the transaction. The integration process may also require significant time and attention from Prosperity's management that they would otherwise direct at servicing existing business and developing new business. Prosperity's failure to successfully integrate the entities it acquires into its existing operations may increase its operating costs significantly and adversely affect its business and earnings.

Prosperity's dependence on loans secured by real estate subjects it to risks relating to fluctuations in the real estate market and related interest rates and regulatory guidance that could require additional capital and could adversely affect its financial condition, results of operations and cash flows.

Approximately 85.3% of Prosperity's total loans as of December 31, 2011 consisted of loans included in the real estate loan portfolio, with 12.8% in construction and land development, 30.6% in residential real estate and 41.9% in commercial real estate. The real estate collateral in each case provides an alternate source of repayment in the event of default by the borrower and may deteriorate in value during the time the credit is extended. A weakening of the real estate market in Prosperity's primary market areas could have an adverse effect on the demand for new loans, the ability of borrowers to repay outstanding loans, the value of real estate and other collateral securing the loans and the value of real estate owned by Prosperity. If real estate values decline, it is also more likely that Prosperity would be required to increase its allowance for credit losses, which could adversely affect its financial condition, results of operations and cash flows.

As of December 31, 2011, Prosperity had \$482.1 million or 12.8% of its total loans in construction and land development loans. Construction loans are subject to risks during the construction phase that are not present in standard residential real estate and commercial real estate loans. These risks include:

the viability of the contractor;

the contractor's ability to complete the project, to meet deadlines and time schedules and to stay within cost estimates; and

concentrations of such loans with a single contractor and its affiliates.

Real estate construction loans also present risks of default in the event of declines in property values or volatility in the real estate market during the construction phase. If Prosperity is forced to foreclose on a project prior to completion, it may not be able to recover the entire unpaid portion of the loan, may be required to fund additional amounts to complete a project and may have to hold the property for an indeterminate amount of time. If any of these risks were to occur, it could adversely affect Prosperity's financial condition, results of operations and cash flows.

The federal banking agencies have issued guidance regarding high concentrations of commercial real estate loans within bank loan portfolios. The guidance requires financial institutions that exceed certain levels of commercial real estate lending compared with their total capital to maintain heightened risk management practices that address the following key elements: board and management oversight and strategic planning, portfolio management, development of underwriting standards, risk assessment and monitoring through market analysis and stress testing, and maintenance of increased capital levels as needed to support the level of commercial real estate lending. If there is any deterioration in Prosperity's commercial mortgage or construction and land development portfolios or if its regulators conclude that Prosperity has not implemented appropriate risk management practices, it could adversely affect Prosperity's business and result in a requirement of increased capital levels, and such capital may not be available at that time.

Table of Contents

Prosperity's commercial mortgage and commercial loans expose it to increased credit risks, and these risks will increase if Prosperity succeeds in increasing these types of loans.

Prosperity, while maintaining its conservative approach to lending, has emphasized both new and existing loan products, focusing on managing its commercial mortgage and commercial loan portfolios, and intends to continue to increase its lending activities and acquire loans in possible future acquisitions. As a result, commercial real estate and commercial loans as a proportion of its portfolio could increase. As of December 31, 2011, commercial real estate and commercial loans totaled \$1.76 billion. In general, commercial real estate loans and commercial loans yield higher returns and often generate a deposit relationship, but also pose greater credit risks than do owner-occupied residential real estate loans. As Prosperity's various commercial loan portfolios increase, the corresponding risks and potential for losses from these loans will also increase.

Prosperity makes both secured and some unsecured commercial loans. Unsecured loans generally involve a higher degree of risk of loss than do secured loans because, without collateral, repayment is wholly dependent upon the success of the borrowers' businesses. Secured commercial loans are generally collateralized by accounts receivable, inventory, equipment or other assets owned by the borrower and include a personal guaranty of the business owner. Compared to real estate, that type of collateral is more difficult to monitor, its value is harder to ascertain, it may depreciate more rapidly and it may not be as readily saleable if repossessed. Further, commercial loans generally will be serviced primarily from the operation of the business, which may not be successful, and commercial mortgage loans generally will be serviced from income on the properties securing the loans.

Prosperity's business is subject to interest rate risk and fluctuations in interest rates may adversely affect its earnings and capital levels.

The majority of Prosperity's assets are monetary in nature and, as a result, Prosperity is subject to significant risk from changes in interest rates. Changes in interest rates can impact Prosperity's net interest income as well as the valuation of its assets and liabilities. Prosperity's earnings are significantly dependent on its net interest income. Net interest income is the difference between the interest income earned on loans, investments and other interest-earning assets and the interest expense paid on deposits, borrowings and other interest-bearing liabilities. Therefore, any change in general market interest rates, such as a change in the monetary policy of the Federal Reserve or otherwise, can have a significant effect on Prosperity's net interest income. Prosperity's assets and liabilities may react differently to changes in overall market rates or conditions because there may be mismatches between the repricing or maturity characteristics of the assets and liabilities.

Prosperity's profitability depends significantly on local economic conditions.

Prosperity's success depends primarily on the general economic conditions of the primary markets in Texas in which it operates and where its loans are concentrated. Unlike nationwide banks that are more geographically diversified, Prosperity provides banking and financial services to customers primarily in the greater Houston and Dallas/Fort Worth metropolitan areas and in the east, central, north central, south central and southeast areas of Texas. The local economic conditions in these areas have a significant impact on Prosperity's commercial, real estate and construction and land development loans, the ability of its borrowers to repay their loans and the value of the collateral securing these loans. In addition, if the population or income growth in Prosperity's market areas is slower than projected, income levels, deposits and housing starts could be adversely affected and could result in a reduction of Prosperity's expansion, growth and profitability. Although economic conditions in Texas have not deteriorated to the same extent as in other areas of the country, such conditions could decline further. If Prosperity's market areas experience a downturn or a recession for a prolonged period of time, Prosperity could experience significant increases in nonperforming loans, which could lead to operating losses, impaired liquidity and eroding capital. A significant decline in general economic conditions, caused by inflation, recession, acts of terrorism, outbreak of hostilities or other international or domestic calamities, unemployment or other factors could impact these local economic conditions and could negatively affect Prosperity's financial condition, results of operations and cash flows.

Table of Contents

Prosperity's allowance for credit losses may not be sufficient to cover actual credit losses, which could adversely affect its earnings.

As a lender, Prosperity is exposed to the risk that its loan customers may not repay their loans according to the terms of these loans and the collateral securing the payment of these loans may be insufficient to fully compensate Prosperity for the outstanding balance of the loan plus the costs to dispose of the collateral. Management makes various assumptions and judgments about the collectability of Prosperity's loan portfolio, including the diversification by industry of its commercial loan portfolio, the amount of nonperforming assets and related collateral, the volume, growth and composition of its loan portfolio, the effects on the loan portfolio of current economic indicators and their probable impact on borrowers and the evaluation of its loan portfolio through its internal loan review process and other relevant factors.

Prosperity maintains an allowance for credit losses in an attempt to cover estimated losses inherent in its loan portfolio. Additional credit losses will likely occur in the future and may occur at a rate greater than Prosperity has experienced to date. In determining the size of the allowance, Prosperity relies on an analysis of its loan portfolio, its historical loss experience and its evaluation of general economic conditions. Continuing deterioration in economic conditions affecting borrowers, new information regarding existing loans, identification of additional problem loans and other factors, both within and outside of Prosperity's control, may require an increase in the allowance for credit losses. If Prosperity's assumptions prove to be incorrect or if it experiences significant loan losses in future periods, its current allowance may not be sufficient to cover actual loan losses and adjustments may be necessary to allow for different economic conditions or adverse developments in its loan portfolio. A material addition to the allowance could cause net income, and possibly capital, to decrease.

In addition, federal and state regulators periodically review Prosperity's allowance for credit losses and may require Prosperity to increase its provision for credit losses or recognize further charge-offs, based on judgments different than those of Prosperity's management. An increase in Prosperity's allowance for credit losses or charge-offs as required by these regulatory agencies could have a material adverse effect on Prosperity's operating results and financial condition.

The small to medium-sized businesses that Prosperity lends to may have fewer resources to weather a downturn in the economy, which may impair a borrower's ability to repay a loan to Prosperity that could materially harm Prosperity's operating results.

Prosperity targets its business development and marketing strategy primarily to serve the banking and financial services needs of small to medium-sized businesses. These small to medium-sized businesses frequently have smaller market share than their competition, may be more vulnerable to economic downturns, often need substantial additional capital to expand or compete and may experience significant volatility in operating results. Any one or more of these factors may impair the borrower's ability to repay a loan. In addition, the success of a small to medium-sized business often depends on the management talents and efforts of one or two persons or a small group of persons, and the death, disability or resignation of one or more of these persons could have a material adverse impact on the business and its ability to repay a loan. Economic downturns and other events that negatively impact Prosperity's market areas could cause Prosperity to incur substantial credit losses that could negatively affect Prosperity's results of operations and financial condition.

If the goodwill that Prosperity recorded in connection with a business acquisition becomes impaired, it could require charges to earnings, which would have a negative impact on Prosperity's financial condition and results of operations.

Goodwill represents the amount by which the acquisition cost exceeds the fair value of net assets Prosperity acquired in the purchase of another financial institution. Prosperity reviews goodwill for impairment at least annually, or more frequently if events or changes in circumstances indicate the carrying value of the asset might be impaired.

Table of Contents

Prosperity determines impairment by comparing the implied fair value of the reporting unit goodwill with the carrying amount of that goodwill. If the carrying amount of the reporting unit goodwill exceeds the implied fair value of that goodwill, an impairment loss is recognized in an amount equal to that excess. Any such adjustments are reflected in Prosperity's results of operations in the periods in which they become known. At December 31, 2011, Prosperity's goodwill totaled \$924.5 million. While Prosperity has not recorded any such impairment charges since it initially recorded the goodwill, there can be no assurance that Prosperity's future evaluations of goodwill will not result in findings of impairment and related write-downs, which may have a material adverse effect on its financial condition and results of operations.

Prosperity may be required to pay higher FDIC deposit insurance assessments in the future.

Recent insured depository institution failures, as well as deterioration in banking and economic conditions generally, have significantly increased the loss provisions of the FDIC, resulting in a decline in the designated reserve ratio of the FDIC to historical lows. The FDIC anticipates that additional insured depository institutions are likely to fail in the foreseeable future, so the reserve ratio may continue to decline. In addition, the deposit insurance limit on FDIC deposit insurance coverage generally has increased to \$250,000. These developments have resulted in increased FDIC assessments in 2009 and 2010 and may result in increased assessments in the future.

On February 7, 2011, the FDIC approved a final rule that amends its existing deposit insurance fund restoration plan and implemented certain provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act). Effective April 1, 2011, the assessment base is determined using average consolidated total assets minus average tangible equity rather than the previous assessment base of adjusted domestic deposits. The new assessment rates, calculated on the revised assessment base, generally range from 2.5 to 9 basis points for Risk Category I institutions, 9 to 24 basis points for Risk Category II institutions, 18 to 33 basis points for Risk Category III institutions, and 30 to 45 basis points for Risk Category IV institutions. The new assessment rates were calculated for the quarter beginning April 1, 2011 and reflected in invoices for assessments due September 30, 2011.

The final rule provides the FDIC's board with the flexibility to adopt actual rates that are higher or lower than the total base assessment rates adopted on February 7, 2011 without notice and comment, if certain conditions are met. An increase in the assessment rates could have an adverse impact on Prosperity's results of operations. For the year ended December 31, 2011, Prosperity's FDIC insurance related costs were \$8.3 million compared with \$10.4 million for the year ended December 31, 2010.

Prosperity may be adversely affected by the soundness of other financial institutions.

Financial services institutions are interrelated as a result of trading, clearing, counterparty, or other relationships. Prosperity has exposure to many different industries and counterparties, and routinely executes transactions with counterparties in the financial services industry, including commercial banks, brokers and dealers, investment banks, and other institutional customers. Many of these transactions expose Prosperity to credit risk in the event of a default by a counterparty or client. In addition, Prosperity's credit risk may be exacerbated when the collateral held by Prosperity cannot be realized upon or is liquidated at prices not sufficient to recover the full amount of the credit or derivative exposure due to Prosperity. Any such losses could have a material adverse effect on Prosperity's financial condition, results of operations and cash flows.

Prosperity may need to raise additional capital in the future and such capital may not be available on acceptable terms when needed or available at all.

Prosperity may need to raise additional capital in the future to provide it with sufficient capital resources and liquidity to meet its commitments and business needs. In addition, Prosperity may elect to raise additional capital to support its business or to finance acquisitions, if any. Prosperity's ability to raise additional capital, if needed, will depend on, among other things, conditions in the capital markets at that time, which are outside of its control, and its financial performance. Accordingly, Prosperity cannot assure you that such capital will be

Table of Contents

available to it on acceptable terms or at all. Any occurrence that may limit its access to the capital markets, such as a decline in the confidence of investors, depositors of Prosperity Bank or counterparties participating in the capital markets, may adversely affect Prosperity's capital costs and its ability to raise capital and, in turn, its liquidity. An inability to raise additional capital on acceptable terms when needed could subject Prosperity to increased regulatory supervision and the imposition of restrictions on its growth or business, which could have a material adverse effect on Prosperity's business, financial condition and results of operations.

An interruption in or breach in security of Prosperity's information systems may result in a loss of customer business and have an adverse effect on Prosperity's results of operations, financial condition and cash flows.

Prosperity relies heavily on communications and information systems to conduct its business. Any failure, interruption or breach in security of these systems could result in failures or disruptions in Prosperity's customer relationship management, general ledger, deposits, servicing or loan origination systems. Although Prosperity has policies and procedures designed to prevent or minimize the effect of a failure, interruption or breach in security of its communications or information systems, there can be no assurance that any such failures, interruptions or security breaches will not occur, or if they do occur, that they will be adequately addressed by Prosperity. The occurrence of any such failures, interruptions or security breaches could result in a loss of customer business and have a negative effect on Prosperity's results of operations, financial condition and cash flows.

The business of Prosperity is dependent on technology, and Prosperity's inability to invest in technological improvements may adversely affect its results of operations, financial condition and cash flows.

The financial services industry is undergoing rapid technological changes with frequent introductions of new technology-driven products and services. In addition to better serving customers, the effective use of technology increases efficiency and enables financial institutions to reduce costs. Prosperity's future success depends in part upon its ability to address the needs of its customers by using technology to provide products and services that will satisfy customer demands for convenience as well as create additional efficiencies in its operations. Many of Prosperity's competitors have substantially greater resources to invest in technological improvements. Prosperity may not be able to effectively implement new technology-driven products and services or be successful in marketing these products and services to its customers, which may negatively affect Prosperity's results of operations, financial condition and cash flows.

Prosperity operates in a highly regulated environment and, as a result and changes in federal, state and local laws and regulations could adversely affect its financial performance.

Prosperity and Prosperity Bank are subject to extensive federal and state regulation and supervision. Banking regulations are primarily intended to protect depositors' funds, federal deposit insurance funds and the banking system as a whole, not Prosperity's shareholders. These regulations affect Prosperity's lending practices, capital structure, investment practices, non-interest income, dividend policy and growth, among other things. Congress and federal regulatory agencies continually review banking laws, regulations and policies for possible changes. Any change in applicable regulations or federal or state legislation could have a substantial impact on Prosperity, Prosperity Bank and their respective operations.

The Dodd-Frank Act, enacted in July 2010, instituted major changes to the banking and financial institutions regulatory regimes in light of the recent performance of and government intervention in the financial services sector. Additional legislation and regulations or regulatory policies, including changes in interpretation or implementation of statutes, regulations or policies, could significantly affect Prosperity's powers, authority and operations, or the powers, authority and operations of Prosperity Bank in substantial and unpredictable ways. Further, regulators have significant discretion and power to prevent or remedy unsafe or unsound practices or violations of laws by banks and bank holding companies in the performance of their supervisory and enforcement duties. The exercise of this regulatory discretion and power could have a negative impact on Prosperity. Failure

Table of Contents

to comply with laws, regulations or policies could result in sanctions by regulatory agencies, civil money penalties and/or reputation damage, which could have a material adverse effect on Prosperity's business, financial condition and results of operations.

Prosperity is subject to losses resulting from fraudulent and negligent acts on the part of loan applicants, correspondents or other third parties.

Prosperity relies heavily upon information supplied by third parties, including the information contained in credit applications, property appraisals, title information, equipment pricing and valuation and employment and income documentation, in deciding which loans Prosperity will originate, as well as the terms of those loans. If any of the information upon which Prosperity relies is misrepresented, either fraudulently or inadvertently, and the misrepresentation is not detected prior to asset funding, the value of the asset may be significantly lower than expected, or Prosperity may fund a loan that it would not have funded or on terms it would not have extended. Whether a misrepresentation is made by the applicant or another third party, Prosperity generally bears the risk of loss associated with the misrepresentation. A loan subject to a material misrepresentation is typically unsellable or subject to repurchase if it is sold prior to detection of the misrepresentation. The sources of the misrepresentations are often difficult to locate, and it is often difficult to recover any of the monetary losses Prosperity may suffer.

The recent repeal of the federal prohibition on payment of interest on commercial demand deposits could increase Prosperity's interest expense.

All federal prohibitions on the ability of financial institutions to pay interest on commercial demand deposit accounts were repealed as part of the Dodd-Frank Act. As a result, beginning on July 21, 2011, financial institutions can now offer interest on commercial demand deposits to compete for clients. Prosperity's interest expense will increase and its net interest margin will decrease if it begins offering interest on commercial demand deposits to attract additional customers or maintain current customers, which could have an adverse effect on Prosperity's business, financial condition and results of operations.

Prosperity is subject to environmental liability risk associated with lending activities.

A significant portion of Prosperity's loan portfolio is secured by real property. During the ordinary course of business, Prosperity may foreclose on and take title to properties securing certain loans. In doing so, there is a risk that hazardous or toxic substances could be found on these properties. If hazardous or toxic substances are found, Prosperity may be liable for remediation costs, as well as for personal injury and property damage. Environmental laws may require Prosperity to incur substantial expenses and may materially reduce the affected property's value or limit Prosperity's ability to use or sell the affected property.

In addition, future laws or more stringent interpretations or enforcement policies with respect to existing laws may increase Prosperity's exposure to environmental liability. Although Prosperity has policies and procedures to perform an environmental review before initiating any foreclosure action on real property, these reviews may not be sufficient to detect all potential environmental hazards. The remediation costs and any other financial liabilities associated with an environmental hazard could have a material adverse effect on Prosperity's financial condition and results of operations.

Risks Associated with Prosperity's Common Stock

Prosperity's corporate organizational documents and the provisions of Texas law to which it is subject may delay or prevent a change in control of Prosperity that a shareholder may favor.

Prosperity's amended and restated articles of incorporation and amended and restated bylaws contain various provisions which may delay, discourage or prevent an attempted acquisition or change of control of Prosperity. These provisions include:

a board of directors classified into three classes of directors with the directors of each class having staggered three-year terms;

Table of Contents

a provision that any special meeting of Prosperity's shareholders may be called only by the chairman of the board and chief executive officer, the president, a majority of the board of directors or the holders of at least 50% of Prosperity's shares entitled to vote at the meeting;

a provision establishing certain advance notice procedures for nomination of candidates for election as directors and for shareholder proposals to be considered at an annual or special meeting of shareholders; and

a provision that denies shareholders the right to amend Prosperity's bylaws.

Prosperity's articles of incorporation provide for noncumulative voting for directors and authorize the board of directors to issue shares of its preferred stock without shareholder approval and upon such terms as the board of directors may determine. The issuance of Prosperity's preferred stock could have the effect of making it more difficult for a third party to acquire, or of discouraging a third party from acquiring, a controlling interest in Prosperity. In addition, certain provisions of Texas law, including a provision which restricts certain business combinations between a Texas corporation and certain affiliated shareholders, may delay, discourage or prevent an attempted acquisition or change in control of Prosperity.

There are restrictions on Prosperity's ability to pay dividends.

Holders of Prosperity's common stock are only entitled to receive such dividends as Prosperity's board of directors may declare out of funds legally available for such payments. Although Prosperity has historically declared cash dividends on its common stock, it is not required to do so and there can be no assurance that Prosperity will pay dividends in the future. Any declaration and payment of dividends on common stock will depend upon Prosperity's earnings and financial condition, liquidity and capital requirements, the general economic and regulatory climate, Prosperity's ability to service any equity or debt obligations senior to the common stock and other factors deemed relevant by the board of directors.

Prosperity's principal source of funds to pay dividends on its shares of common stock is cash dividends that Prosperity receives from Prosperity Bank. Various banking laws applicable to Prosperity Bank limit the payment of dividends and other distributions by Prosperity Bank to Prosperity, and may therefore limit Prosperity's ability to pay dividends on its common stock. Regulatory authorities could impose administratively stricter limitations on the ability of Prosperity Bank to pay dividends to Prosperity if such limits were deemed appropriate to preserve certain capital adequacy requirements. In addition, the Federal Reserve has indicated that bank holding companies should carefully review their dividend policy in relation to the organization's overall asset quality, level of current and prospective earnings and level, composition and quality of capital. The guidance provides that Prosperity inform and consult with the Federal Reserve prior to declaring and paying a dividend that exceeds earnings for the period for which the dividend is being paid or that could result in an adverse change to Prosperity's capital structure, including interest on the subordinated debentures underlying Prosperity's trust preferred securities. If required payments on Prosperity's outstanding junior subordinated debentures held by its unconsolidated subsidiary trusts are not made or are suspended, Prosperity will be prohibited from paying dividends on its common stock.

The holders of Prosperity's junior subordinated debentures have rights that are senior to those of Prosperity's shareholders.

As of December 31, 2011, Prosperity had \$85.1 million in junior subordinated debentures outstanding that were issued to Prosperity's unconsolidated subsidiary trusts. The subsidiary trusts purchased the junior subordinated debentures from Prosperity using the proceeds from the sale of trust preferred securities to third party investors. Payments of the principal and interest on the trust preferred securities are conditionally guaranteed by Prosperity to the extent not paid or made by each trust, if the trust has funds available for such obligations.

Table of Contents

The junior subordinated debentures are senior to Prosperity's shares of common stock. As a result, Prosperity must make interest payments on the junior subordinated debentures (and the related trust preferred securities) before any dividends can be paid on its common stock; and, in the event of Prosperity's bankruptcy, dissolution or liquidation, the holders of the debentures must be satisfied before any distributions can be made to the holders of its common stock. Additionally, Prosperity has the right to defer periodic distributions on the junior subordinated debentures (and the related trust preferred securities) for up to five years, during which time Prosperity would be prohibited from paying dividends on its common stock. Prosperity's ability to pay the future distributions depends upon the earnings of Prosperity Bank and dividends from Prosperity Bank to Prosperity, which may be inadequate to service the obligations.

A WARNING ABOUT FORWARD-LOOKING STATEMENTS

Certain statements contained in this proxy statement/prospectus, including statements included or incorporated by reference in this proxy statement/prospectus, that are not statements of historical fact constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 that are subject to risks and uncertainties. These forward-looking statements include information about possible or assumed future results of operations of Prosperity after the merger is completed as well as information about the merger. Words such as believes, expects, anticipates, estimates, intends, continue, should, may, or similar expressions, or the negatives thereof, are intended to identify forward-looking statements, but are not the exclusive means of identifying such statements. Many possible events or factors could affect the future financial results and performance of each of our companies before the merger or Prosperity after the merger, and could cause those results or performance to differ materially from those expressed in the forward-looking statements. These possible events or factors include, but are not limited to:

Prosperity's actual cost savings resulting from the merger are less than expected, Prosperity is unable to realize those cost savings as soon as expected or Prosperity incurs additional or unexpected costs;

Prosperity's revenues after the merger are less than expected;

deposit attrition, operating costs, customer loss and business disruption before and after the merger, including, without limitation, difficulties in maintaining relationships with employees, may be greater than Prosperity expected;

competition among financial services companies may increase;

GENERAL INFORMATION

This document constitutes a proxy statement of American State and is being furnished to all record holders of American State common stock in connection with the solicitation of proxies by (1) the board of directors of American State to be used at the annual meeting of shareholders of American State and (2) the voting representatives under the shareholders' agreement to be used at the voting meeting, each to be held on June 5, 2012. One of the purposes of the American State annual meeting is to consider and vote to approve the reorganization agreement, dated as of February 26, 2012, by and between Prosperity and American State, which provides, among other things, for the merger of American State with and into Prosperity. This document also constitutes a prospectus relating to the Prosperity common stock to be issued to holders of American State common stock upon completion of the merger.

If your shares of American State common stock are subject to the shareholders' agreement, the voting representatives under that agreement are calling a voting meeting of the parties to that agreement, which meeting is also to be held on June 5, 2012. One of the purposes of the voting meeting is to consider and vote to approve the reorganization agreement. The voting representatives are sending you blue proxy cards that the voting representatives are soliciting for use at the voting meeting.

AMERICAN STATE ANNUAL MEETING

AND

THE VOTING MEETING OF SHARES SUBJECT TO

THE SHAREHOLDERS AGREEMENT

Date, Place and Time of the Annual Meeting and Voting Meeting

The annual meeting of American State shareholders will be held at 4:00 p.m., local time, on June 5, 2012 at the ASB Conference Center at 1501 Avenue Q, Lubbock, Texas 79401.

The voting meeting of shareholders who are parties to the shareholders agreement will be held at 3:00 p.m., local time, on June 5, 2012 (one hour before the annual meeting) at the ASB Conference Center at 1501 Avenue Q, Lubbock, Texas 79401 (the same location as the annual meeting).

Matters to be Considered

The purpose of the annual meeting and the voting meeting are to consider and vote on the following:

to approve the Agreement and Plan of Reorganization, dated as of February 26, 2012, by and between Prosperity Bancshares, Inc. and American State Financial Corporation pursuant to which American State will merge with and into Prosperity, all on and subject to the terms and conditions contained therein;

to elect five directors to serve on the board of directors of American State until the earlier of the completion of the merger or American State's 2013 annual meeting of shareholders, and each until their successors are duly elected and qualified or until their earlier resignation or removal;

to adjourn or postpone the meeting to a later date or dates, if the voting representatives or board of directors of American State, as applicable, determine it is necessary; and

to transact such other business as may properly come before the meeting.

The shareholders who are parties to the shareholders agreement will also meet at the voting meeting to consider and vote upon a proposal to terminate the shareholders agreement immediately before the merger is effective.

At this time, the board of directors of American State and the voting representatives are unaware of any matter, other than the matters set forth above, that may be presented for action at the annual meeting or the voting meeting.

Shares Entitled to Vote, Quorum and Vote Required

The holders of record of the outstanding shares of American State common stock at the close of business on April 25, 2012 will be entitled to notice of and to vote at the annual meeting and, if such holders' shares are subject to the shareholders agreement, the voting meeting. At the close of business on that date, there were 2,470,083 shares of American State common stock outstanding and entitled to vote at the annual meeting and 1,969,847 shares of American State common stock entitled to vote at the voting meeting.

At the annual meeting and voting meeting, as applicable, the shareholders of American State will be entitled to one vote for each share of common stock owned of record on April 25, 2012. The holders of a majority of the shares of American State common stock entitled to vote at the annual meeting must be present, either in person or by proxy, to constitute a quorum at the annual meeting. The affirmative vote of at least

two-thirds of the outstanding American State common stock is required to approve the reorganization agreement. Directors of American State will be elected by a plurality of the votes cast in person or by proxy at the annual meeting, and the affirmative vote of a majority of the outstanding shares of American State common stock entitled to vote at the annual meeting is required to approve the proposal to adjourn or postpone the annual meeting to a later date or dates.

Table of Contents

Because a proposal to approve the reorganization agreement is to be considered at the voting meeting, the presence of the holders of at least two-thirds of the shares of American State common stock outstanding then entitled to vote at the voting meeting is required for any action to be taken at the voting meeting. The affirmative vote of at least two-thirds of the shares of American State common stock outstanding and then entitled to vote at the voting meeting is required to approve the reorganization agreement at the voting meeting and cause the voting representatives to vote all of the shares subject to the shareholders' agreement to approve the reorganization agreement at the annual meeting. The affirmative vote of at least a majority of the outstanding shares of American State common stock subject to the shareholders' agreement is required to approve the proposals to elect the director nominees, adjourn or postpone the voting meeting or the annual meeting, if necessary, and to terminate the shareholders' agreement.

Abstentions and shares held of record by a broker or nominee that are voted on any matter are included in determining whether a quorum exists at the annual meeting and voting meeting. Brokers, as holders of record, are permitted to vote on certain routine matters, but not on non-routine matters. The proposal to approve the reorganization agreement is a non-routine matter. Accordingly, if a shareholder holds shares in street name and does not provide voting instructions to his broker, those shares will not be voted on the proposal to approve the reorganization agreement at the annual meeting or the voting meeting. Accordingly, the board of directors of American State and the voting representatives encourage you to complete, date and sign the accompanying proxy card or voting meeting proxy card, as applicable, and return it promptly in the enclosed postage-paid envelope.

Shares Held by Officers and Directors

The directors and executive officers of American State and certain directors of ASB have entered into an agreement to vote the shares of American State common stock they control in favor of approval of the reorganization agreement. As of the record date, 516,908 shares of American State common stock, or approximately 20.93% of the outstanding shares of the common stock entitled to vote at the annual meeting, were bound by the voting agreement. Of these shares, 509,252 are subject to the shareholders' agreement and are eligible to vote at the voting meeting.

The voting representatives under the shareholders' agreement unanimously recommend that the shareholders subject to the shareholders' agreement vote FOR approval of the reorganization agreement, FOR the election of the director nominees, FOR adjournment or postponement of the voting meeting or annual meeting, if necessary, and FOR termination of the shareholders' agreement.

The board of directors of American State unanimously recommends that you vote FOR the proposal to approve the reorganization agreement, FOR the election of the director nominees and FOR adjournment or postponement of the annual meeting, if necessary.

Voting and Revocation of Proxies

Proxies, in the form enclosed, which are properly executed and returned to American State or the voting representatives, as applicable, and not subsequently revoked, will be voted in accordance with the instructions indicated on the proxies. Any properly executed proxy on which voting instructions are not specified will be voted FOR the proposal to approve the reorganization agreement, FOR the election of the director nominees, FOR the proposal to adjourn or postpone the meeting, if necessary, and, if the proxy is for shares subject to the shareholders' agreement, FOR the proposal to terminate the shareholders' agreement. The proxy and voting meeting proxy also grant authority to the persons designated in such proxy to vote in accordance with their own judgment if an unscheduled matter is properly brought before the annual meeting or voting meeting, as applicable.

PROPOSAL TO APPROVE THE REORGANIZATION AGREEMENT

The following information describes material aspects of the merger. It is not intended to be a complete description of all information relating to the merger and is qualified in its entirety by reference to more detailed information contained in the Appendices to this document, including the reorganization agreement. A copy of the reorganization agreement is included as *Appendix A* and is incorporated herein by reference. You are urged to read the Appendices in their entirety.

Terms of the Merger

The reorganization agreement provides for, among other things, the merger of American State with and into Prosperity. If the shareholders of American State approve the reorganization agreement at the annual meeting, and if the required regulatory approvals are obtained and the other conditions to the parties' obligations to effect the merger are met or waived by the party entitled to do so, we anticipate that the merger will be completed in the third quarter of 2012, although delays could occur. As a result of the merger, holders of American State common stock will be entitled to receive whole shares of Prosperity common stock and cash, with cash paid in lieu of a fractional share, and will no longer be owners of American State stock. As a result of the merger, certificates for American State common stock will only represent the right to receive the merger consideration pursuant to the reorganization agreement, and otherwise will be null and void after completion of the merger.

In connection with the merger, all outstanding shares of American State common stock will be converted into an aggregate of 8,525,000 shares of Prosperity common stock and \$178.5 million in cash, with the cash portion of the merger consideration subject to decrease, in the manner set forth in the reorganization agreement and discussed below, if American State's equity capital on the closing date is less than \$275.0 million. Based on 2,470,083 shares of American State common stock outstanding as of February 26, 2012 and assuming the exercise of outstanding options to purchase 29,200 shares of American State common stock, holders of American State common stock will receive 3.4110 shares of Prosperity common stock (plus cash in lieu of a fractional share) and \$71.42 in cash, subject to decrease, for each share they own.

If American State's equity capital as of the closing date is less than \$275.0 million, the cash portion of the merger consideration will be reduced by an amount equal to the difference between \$275.0 million and American State's equity capital on the closing date. Pursuant to the terms of the reorganization agreement, equity capital is defined as the sum of the capital stock, capital surplus and retained earnings of American State, excluding unrealized securities gains or losses, on a consolidated basis, as determined pursuant to generally accepted accounting principles (GAAP). For purposes of calculating equity capital, American State must include adjustments made for certain items related to the merger as more fully described in the reorganization agreement.

Because the number of shares of Prosperity common stock to be issued in the merger is fixed, the value of the total merger consideration you will receive will fluctuate based on the market price of the Prosperity common stock. Further, the cash portion of the merger consideration is subject to decrease as described above. Accordingly, you will not know the exact amount of cash or the value of the stock portion of the merger consideration you will receive in connection with the merger when you vote on the reorganization agreement.

As noted above, Prosperity will not issue any certificates for fractional shares of Prosperity common stock in connection with the merger but will instead pay cash for any fractional share interests. The amount of cash will be determined by multiplying the fractional share interest by the average closing price of Prosperity common stock as determined pursuant to the reorganization agreement.

Background of the Merger

From time to time, the board of directors of American State has considered various strategic alternatives to enhance and to maximize shareholder value. These strategic alternatives include continuing as an independent

Table of Contents

institution, as well as establishing or acquiring additional branch offices or other small banks. As a result, at various times, American State and ASB have completed various acquisitions as described in more detail under *Business of American State*. The American State board of directors has also considered other methods to enhance shareholder value, including possibly electing S corporation status for federal income tax purposes.

The American State board has also observed the increase in consolidation activity in the financial institutions industry occurring in recent years. Therefore, the board has monitored and explored expansion and acquisition opportunities for several years. Over the last several years, American State has periodically received inquiries from potential acquirers and merger partners. However, until July 2011, American State had not received a written expression of interest from any potential acquirer or merger partner.

In December 2010, Sandler O'Neill + Partners, L.P. arranged a lunch between American State and Prosperity, which was held in January 2011, in Lubbock. Attending that meeting were W.R. Collier, Chairman and CEO of American State, Michael Epps, President of American State, David Zalman, Chairman and CEO of Prosperity, and Dan Rollins, President and COO of Prosperity. The lunch discussion was very general in nature but the parties agreed to stay in contact. Several phone calls between Mr. Collier and Mr. Zalman occurred between January 2011 and July 2011, in which Prosperity expressed an interest in a possible transaction with American State.

During a phone call in July 2011, Mr. Collier asked that Prosperity reduce its thoughts to writing. In response, on July 27, 2011, American State received a non-binding letter of intent from Prosperity. On August 3, 2011, American State's board of directors held a meeting to discuss the letter of intent. At that meeting, the board reviewed in detail the letter of intent and directed management to engage legal counsel to assist American State in the proposed transaction and Sandler O'Neill to serve as a financial advisor to American State. Due to the uncertainty of the international economy and its impact on the U.S. stock markets at that time, no formal action was taken by American State's board of directors regarding the July 27, 2011 non-binding letter of intent.

By letter agreement dated as of September 14, 2011, American State retained Sandler O'Neill as its independent financial advisor in connection with the proposed transaction.

No interaction of any substance occurred between Prosperity and American State over the next few months except that American State's board of directors agreed to continue discussions regarding a possible transaction and Mr. Collier and Mr. Zalman had occasional phone conversations regarding a possible transaction.

During a phone call in December 2011, Mr. Collier once again asked that Prosperity reduce its thoughts to writing. Various drafts of a letter of intent were received and reviewed beginning on December 19, 2011. On January 4, 2012, Prosperity delivered a revised letter of intent to American State. That version of the letter of intent was similar to the version sent by Prosperity on July 27, 2011, except that the merger consideration had been increased.

Negotiations continued between the parties, specifically relating to the amount to be paid for American State and the proposed restrictions on American State's dividends. On January 12, 2012, Prosperity delivered a revised letter of intent (but still dated January 4, 2012) to American State that provided for merger consideration of 8,525,000 shares of Prosperity common stock and \$178.5 million in cash. The revised version also permitted American State to pay a special dividend of up to \$5.0 million before closing, in addition to its current regular quarterly dividends. The American State board met the same day and authorized Mr. Collier to execute the letter. Later that day, American State signed and delivered this letter of intent to Prosperity. The letter of intent was subject to, among other things, the satisfactory completion of Prosperity's due diligence.

On February 1, 2012, Prosperity presented American State with an initial draft of the reorganization agreement. Prosperity conducted on-site due diligence of American State in early February 2012, and in mid-February 2012, representatives of American State and Sandler O'Neill conducted reverse due diligence on Prosperity.

Table of Contents

American State and its legal counsel presented comments to the initial draft of the reorganization agreement to Prosperity and its counsel on February 17, 2012. From February 17, 2012 to February 26, 2012, management of both American State and Prosperity, and their respective legal counsel, negotiated the reorganization agreement and related documents.

On February 23, 2012, management of American State discussed in detail with American State's directors the then-current draft of the reorganization agreement. On February 24, 2012, management of American State scheduled a special meeting of American State's board of directors to be held on February 26, 2012, to review and consider the proposed transaction. On the morning of February 25, 2012, management of American State circulated to American State's directors the then-current draft of the reorganization agreement.

On February 26, 2012, American State's board of directors held a meeting to consider the merger with Prosperity. At that meeting, Sandler O'Neill made a presentation concerning the merger consideration to American State's board. At the conclusion of this discussion and after responding to questions from the directors, Sandler O'Neill rendered to American State's board its oral opinion that, subject to the assumptions, limitations and qualifications set forth in their written opinion, that the total aggregate consideration to be received from Prosperity, which consisted of \$178.5 million in cash and 8,525,000 shares of common stock, was fair to holders of American State's common stock from a financial point of view. Sandler O'Neill's oral opinion was subsequently confirmed by delivery of its written opinion, dated as of February 26, 2012, to American State's board of directors. Thereafter, legal counsel reviewed the terms and conditions of the proposed reorganization agreement and ancillary legal documents with American State's board of directors, discussing in detail the business points, contingencies, timing issues and fiduciary concerns. Outside legal counsel also described the terms and conditions of the voting agreement that Prosperity asked to be signed by the directors of American State and ASB.

Based upon American State's board of directors review and discussion of the reorganization agreement, the opinion of Sandler O'Neill and other relevant factors (described below in *Recommendation of American State's Board and Its Reasons for the Merger*), the board, by unanimous vote of all directors, authorized and approved the execution of the merger agreement with Prosperity, and authorized Mr. Collier or Mr. Epps to execute the reorganization agreement on behalf of American State.

That evening, signature pages to the reorganization agreement, the voting agreement and related documents were exchanged by the parties. The companies issued a joint press release announcing the signing of the reorganization agreement before the opening of the stock markets on the morning of February 27, 2012.

Recommendation of American State's Board and Its Reasons for the Merger

American State's board of directors has unanimously approved the reorganization agreement and unanimously recommends that the American State shareholders vote FOR approval of the reorganization agreement.

American State's board of directors has determined that the merger is fair to, and in the best interests of, American State's shareholders. In approving the reorganization agreement, American State's board of directors consulted with Sandler O'Neill with respect to the financial aspects and fairness of the merger consideration, from a financial point of view, to the holders of shares of American State common stock and with its outside legal counsel as to its legal duties and the terms of the reorganization agreement. In arriving at its determination, American State's board also considered a number of factors, including the following:

American State's board of directors' familiarity with and review of information concerning the business, results of operations, financial condition, competitive position and future prospects of American State;

the current and prospective environment in which American State operates, including national, regional and local economic conditions, the competitive environment for banks, thrifts and other financial

Table of Contents

institutions generally and the increased regulatory burdens on financial institutions generally and the trend toward consolidation in the banking industry and in the financial services industry;

the financial presentation of Sandler O'Neill and the opinion of Sandler O'Neill dated as of February 26, 2012, that, as of February 26, 2012 (the date on which American State's board of directors approved the reorganization agreement), and subject to the assumptions, limitations and qualifications set forth in the opinion, the total aggregate consideration to be received from Prosperity, which consisted of no more than \$178.5 million in cash and 8,525,000 shares of Prosperity common stock, is fair, from a financial point of view, to the holders of American State common stock (see *Opinion of American State's Financial Advisor*, beginning on page 52);

that shareholders of American State will receive part of the merger consideration in shares of Prosperity common stock, which are publicly traded on the New York Stock Exchange, contrasted with the absence of a public market for American State common stock;

the treatment of the merger as a reorganization within the meaning of Section 368(a) of the Code with respect to the American State common stock exchanged for Prosperity common stock;

the results that American State could expect to obtain if it continued to operate independently, and the likely benefits to shareholders of that course of action, as compared with the value of the merger consideration offered by Prosperity;

the ability of Prosperity to pay the aggregate merger consideration without a financing contingency and without the need to obtain financing to close the transaction;

the ability of Prosperity to receive the requisite regulatory approvals in a timely manner;

the terms and conditions of the reorganization agreement, including the parties' respective representations, warranties, covenants and other agreements, the conditions to closing, including a provision that permits American State's board of directors, in the exercise of its fiduciary duties, under certain conditions, to furnish information to, a third party that has submitted an unsolicited proposal to acquire American State;

merger with a larger holding company would provide the opportunity to realize economies of scale, increase efficiencies of operations and enhance the development of new products and services;

the agreement of Prosperity to continue to provide indemnification for American State's directors and officers, and to honor certain existing employee benefits;

that some of American State's directors and executive officers have other financial interests in the merger in addition to their interests as American State shareholders, including financial interests that are the result of compensation arrangements with American State, the manner in which such interests would be affected by the merger, as well as the new employment agreements that certain of these persons entered into with Prosperity in connection with the merger;

that the cash portion of the merger consideration will be taxable to American State's shareholders upon completion of the merger;

the requirement that American State conduct its business in the ordinary course and the other restrictions on the conduct of the American State's business before completion of the merger, which may delay or prevent American State from undertaking business opportunities that may arise before completion of the merger; and

that under the agreement American State could not solicit competing proposals for the acquisition of American State. The reasons set out above for the merger are not intended to be exhaustive but do include all material factors considered by American State's board of directors in approving the merger. In reaching its determination, the

Table of Contents

American State board of directors did not assign any relative or specific weights to different factors, and individual directors may have given different weights to different factors. Based on the reasons stated, the board believed that the merger was in the best interest of American State's shareholders, and therefore the board of directors of American State unanimously approved the reorganization agreement and the merger. In addition, all members of American State's board of directors have agreed to vote the shares of common stock of American State over which they have voting authority in favor of the reorganization agreement and the merger.

AMERICAN STATE'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE REORGANIZATION AGREEMENT AND THE MERGER.

Prosperity's Reasons for the Merger

As a part of Prosperity's growth strategy, Prosperity routinely evaluates opportunities to acquire financial institutions. The acquisition of American State is consistent with Prosperity's expansion strategy. Prosperity's board of directors, senior management and certain lenders reviewed the business, financial condition, results of operation and prospects for American State, the market condition of the market area in which American State conducts business, the compatibility of the management and the proposed financial terms of the merger. In addition, management of Prosperity believes that the merger will expand Prosperity's presence in Lubbock and the West Texas area, provide opportunities for future growth and provide the potential to realize cost savings. Prosperity's board of directors also considered the financial condition and valuation for both American State and Prosperity as well as the financial and other effects the merger would have on Prosperity's shareholders.

While management of Prosperity believes that revenue opportunities will be achieved and costs savings will be obtained following the merger, Prosperity has not quantified the amount of enhancements or projected the areas of operation in which such enhancements will occur.

In view of the variety of factors considered in connection with its evaluation of the merger, the Prosperity board did not find it useful to and did not attempt to quantify, rank or otherwise assign relative weights to factors it considered. Further, individual directors may have given differing weights to different factors. In addition, the Prosperity board did not undertake to make any specific determination as to whether any particular factor, or any aspect of any particular factor, was favorable or unfavorable to its ultimate determination. Rather, the board conducted an overall analysis of the factors it considered material, including thorough discussions with, and questioning of, Prosperity's management.

Opinion of American State's Financial Advisor

*The fairness opinion of American State's financial advisor, Sandler O'Neill + Partners, L.P., is described below. The description contains projections, estimates and other forward-looking statements about the future earnings or other measures of the future performance of American State. You should not rely on any of these statements as having been made or adopted by American State or Prosperity. You should review the copy of the Fairness Opinion, which is attached as **Appendix B**.*

By letter dated September 14, 2011, American State retained Sandler O'Neill to act as its financial advisor in connection with a sale of American State. Sandler O'Neill is a nationally recognized investment banking firm whose principal business specialty is financial institutions. In the ordinary course of its investment banking business, Sandler O'Neill is regularly engaged in the valuation of financial institutions and their securities in connection with mergers and acquisitions and other corporate transactions.

Sandler O'Neill acted as financial advisor to American State in connection with the proposed transaction and participated in certain of the negotiations leading to the execution of the Agreement. At the February 26, 2012 meeting at which American State's board considered and approved the reorganization agreement, subject to satisfactory resolution of certain outstanding issues, Sandler O'Neill delivered to the board its oral and written opinion, that, as of such date, the merger consideration was fair to the holders of American State's common stock

Table of Contents

from a financial point of view. **The full text of Sandler O'Neill's opinion is attached as *Appendix B* to this proxy statement/prospectus. The opinion outlines the procedures followed, assumptions made, matters considered and qualifications and limitations on the review undertaken by Sandler O'Neill in rendering its opinion. The description of the opinion set forth below is qualified in its entirety by reference to the opinion. American State's shareholders are urged to read the entire opinion carefully in connection with their consideration of the proposed merger.**

Sandler O'Neill's opinion speaks only as of the date of the opinion. The opinion was directed to American State's board and is directed only to the fairness of the merger consideration to American State's shareholders from a financial point of view. It does not address the underlying business decision of American State to engage in the merger or any other aspect of the merger and is not a recommendation to any American State shareholder as to how such shareholder should vote at the meeting with respect to the merger or any other matter.

In connection with rendering its February 26, 2012 opinion, Sandler O'Neill reviewed and considered, among other things:

the reorganization agreement;

certain financial statements and other historical financial information of American State that it deemed relevant;

certain financial statements and other historical financial information of Prosperity that it deemed relevant;

internal financial projections for American State for the years ending December 31, 2012 through December 31, 2015, as discussed with senior management of American State;

internal financial projections for Prosperity for the years ending December 31, 2012 through December 31, 2015, as discussed with senior management of Prosperity;

the pro forma financial impact of the merger on Prosperity based on assumptions relating to transaction expenses, purchase accounting adjustments, cost savings and other synergies as determined by the senior management of Prosperity;

a comparison of certain financial and other information for American State and Prosperity with similar publicly available information for certain other commercial banks, the securities of which are publicly traded;

the terms and structures of other recent mergers and acquisition transactions in the commercial banking sector;

the current market environment generally and in the commercial banking sector in particular; and

such other information, financial studies, analyses and investigations and financial, economic and market criteria as it considered relevant.

Sandler O'Neill also discussed with certain members of senior management of American State the business, financial condition, results of operations and prospects of American State and held similar discussions with the senior management of Prosperity regarding the business, financial condition, results of operations and prospects of Prosperity.

Edgar Filing: PROSPERITY BANCSHARES INC - Form S-4/A

In performing its review, Sandler O'Neill relied upon the accuracy and completeness of all of the financial and other information that was available to it from public sources, that was provided to it by American State and Prosperity or that was otherwise reviewed by it and have assumed such accuracy and completeness for purposes of preparing this letter. Sandler O'Neill further relied on the assurances of the management of American State and Prosperity that they are not aware of any facts or circumstances that would make any of such information

inaccurate or misleading in any material respect. Sandler O'Neill did not make an independent evaluation or appraisal of the specific assets, the collateral securing assets or the liabilities (contingent or otherwise) of American State or Prosperity or any of their respective subsidiaries. Sandler O'Neill did not make an independent evaluation of the adequacy of the allowance for loan losses of American State, Prosperity or the combined entity after the Merger and did not review any individual credit files relating to American State or Prosperity. Sandler O'Neill assumed, with the consent of American State, that the respective allowances for loan losses for both American State and Prosperity are adequate to cover such losses and will be adequate on a pro forma basis for the combined entity.

Sandler O'Neill assumed that there has been no material change in the respective assets, financial condition, results of operations, business or prospects of American State and Prosperity since the date of the most recent financial data made available to it. Sandler O'Neill also assumed in all respects material to its analysis that American State and Prosperity would remain as a going concern for all periods relevant to its analyses. American State Net Present Value Analysis. Sandler O'Neill performed an analysis that estimated the aggregate present value of American State through December 31, 2015, assuming that American State performed in accordance with the financial projections for 2012 through 2015 as discussed with management. To approximate the terminal value of American State's common stock at December 31, 2015, Sandler O'Neill applied price to last twelve months earnings multiples of 12.0x to 16.0x and multiples of tangible book value ranging from 125.0% to 225.0%. The dividend income streams and terminal values were then discounted to present values using different discount rates ranging from 10.0% to 14.0% chosen to reflect different assumptions regarding required rates of return of holders of American State's common stock. In addition, the terminal value of American State's common stock at December 31, 2015, was calculated using the same range of price to last twelve months earnings multiples (12.0x - 16.0x) applied to a range of discounts and premiums to management's budget projections. The range applied to the budgeted net income was 25% under budget to 25% over budget, using a discount rate of 12.05% for the tabular analysis. As illustrated in the following tables, this analysis indicated an imputed range of aggregate values for American State's common stock of \$334,501,412 to \$484,201,650 when applying the price/earnings multiples to the matched budget, \$282,322,931 to \$550,182,601 when applying the price/earnings multiples to the -25% / +25% budget range and \$333,177,763 to \$628,271,185 when applying price/tangible book value 125.0% to 225.0% budget range to the matched budget.

In connection with its analyses, Sandler O'Neill considered and discussed with American State's board how the present value analyses would be affected by changes in the underlying assumptions, including variations with respect to net income. Sandler O'Neill noted that the discounted dividend stream and terminal value analysis is a widely used valuation methodology, but the results of such methodology are highly dependent upon the numerous assumptions that must be made, and the results thereof are not necessarily indicative of actual values or future results.

Prosperity Net Present Value Analysis. Sandler O'Neill also performed an analysis that estimated the present value per share of common stock of Prosperity through December 31, 2015, assuming that Prosperity performed in accordance with the financial projections for 2012 through 2015. To approximate the terminal value of Prosperity's common stock at December 31, 2015, Sandler O'Neill applied price to last twelve months earnings multiples of 14.0x to 18.0x and multiples of tangible book value ranging from 275.0% to 375.0%. The dividend income streams and terminal values were then discounted to present values using different discount rates ranging from 6.75% to 10.75% chosen to reflect different assumptions regarding required rates of return of holders of Prosperity common stock. In addition, the terminal value of Prosperity's common stock at December 31, 2015, was calculated using the same range of price to last twelve months earnings multiples (14.0x - 18.0x) applied to a range of discounts and premiums to management's budget projections. The range applied to the budgeted net income was 25% under budget to 25% over budget, using a discount rate of 8.75% for the tabular analysis. As illustrated in the following tables, this analysis indicated an imputed range of values per share for Prosperity's common stock of \$34.84 to \$51.66 when applying the price/earnings multiples to the matched budget, \$29.04 to \$58.77 when applying the price/earnings multiples to the -25% / +25% budget range and \$43.71 to \$68.87 when applying price/tangible book value 275.0% to 375.0% budget range to the matched budget.

Analysis of Selected Merger Transactions. Sandler O'Neill reviewed two separate sets of merger transactions. One set of transactions included Alabama, Arkansas, Colorado, Louisiana, Mississippi, New Mexico, Oklahoma, Tennessee and Texas bank acquisitions with announced deal values greater than \$50 million announced since January 1, 2009. The other set of transactions included nationwide bank acquisitions with announced deal value between \$100 million and \$1.5 billion announced since January 1, 2009 with Target Non Performing Assets / Total Assets less than 4.0%. Sandler O'Neill reviewed the following multiples: transaction price at announcement to last twelve months earnings per share, transaction price to stated book value, transaction price to stated tangible book value and transaction price to core deposit premium. As illustrated in the following table, Sandler O'Neill compared the proposed merger multiples to the median multiples of comparable transactions.

Table of Contents**Comparable Transaction Multiples**

Pro Forma Merger Analysis. Sandler O'Neill analyzed certain potential pro forma effects of the merger, assuming the following: (1) the merger closes on September 30, 2012; (2) the deal value based on \$178.5 million in cash consideration to be received by American State shareholders and 8,525,000 shares of Prosperity common stock to be received by American State shareholders; (3) 20% cost savings of American State's projected operating expense which is fully phased in by 2013; (4) approximately \$22.5 million in pre-tax transaction costs and expenses; 60% expensed at close; (5) a core deposit intangible of 2.0% based on all non-CD deposits (8 year, sum-of-year's amortization method); (6) a 2.0% opportunity cost of cash; (7) American State's performance was calculated in accordance with management's budget and guidance; and (8) Prosperity's performance was calculated in accordance with management's budget and guidance. The analyses indicated that for the year ending December 31, 2012, the merger would be accretive to Prosperity's projected earnings per share and, at September 30, 2012, the merger would be slightly dilutive to Prosperity's tangible book value per share. The actual results achieved by the combined company may vary from projected results and the variations may be material.

Miscellaneous. Sandler O'Neill is acting as financial advisor to American State in connection with the proposed merger and will receive fees for its services, a substantial portion of which is due upon closing of the merger. Pursuant to the terms of the engagement letter with American State, Sandler O'Neill will receive (a) upon the merger's closing, an amount equal to 1.0% of the aggregate merger consideration, plus consideration paid regarding outstanding or cashed out options, warrants or rights to purchase shares as of the date of the reorganization agreement, plus the amount of debt assumed or repaid, plus the net present value of the maximum contingent payments to be received, including payments to executive personnel, plus any extraordinary dividends or distributions paid on or prior to the merger's closing and (b), on the date of the opinion, a \$200,000 fee for providing the fairness opinion, which will be credited against the total consideration paid to Sandler O'Neill. In addition, American State has agreed to indemnify Sandler O'Neill against certain liabilities and expenses arising out of or incurred in connection with its engagement. In the ordinary course of its business as a broker-dealer, Sandler O'Neill may purchase securities from and sell securities to American State and Prosperity and their affiliates. Sandler O'Neill may also actively trade the debt securities of American State and Prosperity or their affiliates for its own account and for the accounts of its customers.

Conclusion. Based upon the foregoing analyses and other investigations and assumptions set forth in its opinion, without giving specific weightings to any one factor or comparison, Sandler O'Neill determined that the total merger consideration is fair from a financial point of view to American State's shareholders. **Each shareholder is encouraged to read Sandler O'Neill's fairness opinion in its entirety. The full text of this fairness opinion is included as Appendix B to this proxy statement/prospectus.**

Exchange of American State Stock Certificates

If you are a shareholder of American State, as soon as practicable after the effective time of the merger, Prosperity's transfer and exchange agent, Computershare Investor Services, will mail a letter of transmittal and instructions to you for use in surrendering your American State stock certificates. When you properly surrender

Table of Contents

your certificates or provide other satisfactory evidence of ownership, and return the letter of transmittal duly executed and completed in accordance with its instructions, Computershare will promptly cancel the surrendered stock certificates and deliver to you the number of shares of Prosperity common stock and cash to which you are entitled under the reorganization agreement.

You should not send in your certificates until you receive the letter of transmittal and instructions.

At the effective time of the merger, and until surrendered as described above, each outstanding American State stock certificate will be deemed for all purposes to represent only the right to receive the merger consideration to be paid pursuant to the reorganization agreement. With respect to any American State stock certificate that has been lost, stolen or destroyed, Prosperity will pay the merger consideration attributable to such certificate upon receipt of a surety bond or other adequate indemnity, as required in accordance with Prosperity's standard policy, and evidence reasonably satisfactory to Prosperity of ownership of the shares in question. After the effective time of the merger, American State's transfer books will be closed and no transfer of the shares of American State stock outstanding immediately prior to the effective time will be made on Prosperity's stock transfer books.

To the extent permitted by law, you will be entitled to vote after the effective time of the merger at any meeting of Prosperity's shareholders the number of whole shares of Prosperity common stock into which your shares of American State are converted, regardless of whether you have exchanged your American State stock certificates for Prosperity stock certificates. Whenever Prosperity declares a dividend or other distribution on the Prosperity common stock which has a record date after the effective time, the declaration will include dividends or other distributions on all shares of Prosperity common stock issuable pursuant to the reorganization agreement. However, no dividend or other distribution payable to the holders of record of Prosperity common stock will be delivered to you until you surrender your American State stock certificates for exchange as described above. Upon surrender of your American State stock certificates, the certificate representing the Prosperity common stock into which your shares of American State common stock have been converted, together with your share of the cash portion of the merger consideration, any cash in lieu of any fractional share of Prosperity common stock to which you would otherwise be entitled and any undelivered dividends, will be delivered and paid to you, without interest.

Effective Time of the Merger

The merger will become effective at the date and time specified in the certificate of merger to be issued by the Secretary of State of Texas. If the shareholders of American State approve the merger at the annual meeting, and if all required regulatory approvals are obtained and the other conditions to the parties' obligations to effect the merger are met or waived by the party entitled to do so, we anticipate that the merger will be completed in the third quarter of 2012, although delays could occur.

We cannot assure you that we can obtain the necessary shareholder and regulatory approvals or that the other conditions to completion of the merger can or will be satisfied.

Treatment of American State Options

Not later than ten (10) days after the annual meeting, the board of directors of American State will accelerate the exercise date for all outstanding options to acquire American State common stock for a limited period of time to expire on a date chosen by the American State board of directors. On or before such specified date, each American State option may be exercised for cash by the holder of such option. After such date, all unexercised options will terminate. In certain circumstances, American State will provide financing for the exercise price. If all outstanding options are exercised by the holders thereof, American State would be obligated to issue 29,200 shares of American State common stock.

Financial Interests of Directors and Officers of American State in the Merger

In considering the recommendation of the board of directors of American State to vote for the proposal to approve the reorganization agreement, you should be aware that certain directors and officers of American State have interests in the merger that are in addition to, or different from, their interests as shareholders of American State. The board of American State was aware of these interests and considered them in approving the reorganization agreement. These interests include:

Termination of Existing Change in Control Agreements. Immediately prior to the completion of the merger, American State intends to terminate the change in control agreements ASB entered into in 2007 with each of W.R. Collier, Michael Epps and Tony Whitehead. As required by the existing change in control agreements, upon the termination of those agreements, American State has agreed to pay Messrs. Collier, Epps and Whitehead an amount equal to two times their average annual compensation over the past three years (which amounts are approximately \$2.5 million, \$932,000, and \$942,000, respectively).

Completion Payments. Messrs. Collier, Epps and Whitehead will receive completion payments in the amounts of \$900,000, \$345,000 and \$450,000, respectively, from American State upon closing of the merger.

Employment Agreements with Prosperity Bank. Prosperity's obligation to consummate the merger is subject to three of American State's executive officers entering into employment and non-competition agreements with Prosperity Bank prior to the completion of the merger. On February 26, 2012, Prosperity Bank entered into employment agreements with W. R. Collier, Michael Epps and Tony Whitehead, each of which is for an initial term of three years. Each agreement entitles the named individual to receive a base annual salary, an annual bonus for three years and eligibility for bonuses thereafter, non-compete payments, use of a car and social club membership allowance, plus reimbursement of certain business expenses and participation in certain employee benefit and deferred compensation plans and stock based compensation programs. In addition, Messrs. Collier and Epps will each receive a one-time performance bonus upon completion of the operational integration of ASB with Prosperity Bank, and Messrs. Epps and Whitehead will each receive a grant of 15,000 shares of restricted Prosperity common stock. The agreements also contain non-competition and non-solicitation obligations for five years from the effective date.

The agreements with Messrs. Collier, Epps and Whitehead entitle each, after termination of his employment by Prosperity Bank for any reason other than for cause, death or disability (each as defined in the employment agreement), to receive payment of his base salary and bonus for the remainder of the initial term of the agreement and non-compete payments from Prosperity Bank. For the entire three-year term, the aggregate value of the employment agreements (excluding any stock awards and perquisites) for Messrs. Collier, Epps and Whitehead is \$3.90 million, \$1.57 million and \$1.05 million, respectively.

Table of Contents

Insurance. American State agreed that it will use its best efforts to provide for a period of not less than four years after completion of the merger past acts insurance coverage for no less than the four-year period immediately preceding the effective time of the merger under its (1) current directors and officers insurance policy coverage (or comparable coverage), (2) employment practices liability insurance and (3) current financial institutions bond (or comparable coverage) for each director and officer of American State or one of its subsidiaries currently covered under the comparable policies maintained by American State or one of its subsidiaries.

Director Arrangements. Prosperity agreed to take all actions necessary at or prior to the completion of the merger to cause W.R. Collier to be elected or appointed as a director of Prosperity at the completion of the merger, if he is willing and eligible to serve as a director of Prosperity. In addition, Prosperity agreed to take all actions necessary to increase the number of positions on the Prosperity Bank board of directors by four and cause each of Mark Kirkpatrick, Van May, Don Pickering and Scott Collier to be elected and appointed as directors of Prosperity Bank, as of the effective time of the merger.

Directors' Fees. Each director of American State who is not also an employee of American State or ASB will receive an amount equal to one year's directors fees, or \$26,400, from American State upon closing of the merger, and each director of ASB who is not also an employee of ASB will receive an amount equal to one year's directors fees, or \$19,200 (and an additional \$6,000 if they serve on ASB's directors' loan committee) from ASB upon closing of the merger.

Indemnification. Prosperity agreed to indemnify the directors and officers of American State or ASB as of the effective time and for four (4) years thereafter, against costs or expenses, judgments, fines, losses, claims, damages or liabilities incurred in connection with any claim, action, suit, proceeding or investigation, whether civil, criminal, administrative or investigative, arising out of matters existing or occurring at or before the effective time of the merger, whether asserted or claimed before, at or after the effective time of the merger, arising in whole or in part out of or pertaining to the fact that he or she was acting in his or her capacity as a director or officer of American State or ASB to the fullest extent that the indemnified party would be entitled under the articles of incorporation of American State or the articles of association of ASB, as applicable, as in effect on the date of the reorganization agreement and to the extent permitted by applicable law.

Accelerated Vesting of Options. Not later than ten (10) days after the annual meeting, the board of directors of American State will accelerate the exercise date for all outstanding options, including those held by directors and officers, to acquire American State common stock for a limited period of time to expire on a date chosen by the American State board of directors. On or prior to such date, each American State option may be exercised for cash by the holder of such option. After such date, all unexercised options will terminate. In certain circumstances, American State will provide financing for the exercise price.

Deferred Compensation Arrangements. Prosperity agreed to assume, or cause one of its subsidiaries to assume, as of the effective time of the merger, certain deferred compensation agreements of ASB pursuant to which certain employees, including the officers of American State, will continue to be eligible to receive such deferred compensation payments.

Amendment or Waiver of the Reorganization Agreement

No termination, cancellation, modification, amendment, deletion, addition or other change in the reorganization agreement, or any provision thereof, or waiver of any right or remedy therein provided, is effective for any purpose unless specifically set forth in a writing signed by the party or parties to be bound thereby. The waiver of any right or remedy in respect to any occurrence or event on one occasion is not deemed a waiver of such right or remedy in respect to such occurrence or event on any other occasion.

Termination of the Reorganization Agreement

Prosperity and American State can mutually agree at any time to terminate the reorganization agreement without completing the merger. In addition, either Prosperity or American State may decide, without the consent of the other, to terminate the reorganization agreement if:

any order, decree or ruling or any other action which seeks to restrain, enjoin or prohibit the merger is issued, and such order, decree, ruling or other action is final and non-appealable;

the merger has not been completed by August 24, 2012 (unless one or more of the regulatory approvals has not been received on or before August 9, 2012, in which case this deadline will be extended to September 23, 2012) or such later date approved in writing by the boards of directors of Prosperity and American State, unless the failure to complete the merger by that time is due to a violation of the reorganization agreement by the party that seeks to terminate the reorganization agreement;

any of the transactions contemplated by the reorganization agreement are not approved by the appropriate regulatory authorities;

the other party materially breaches its representations and warranties or any covenant or agreement contained in the reorganization agreement and such breach has not been cured within 15 days after the terminating party gives written notice of such failure to the breaching party; or

American State shareholders fail to approve the reorganization agreement.

American State may terminate the reorganization agreement, without the consent of Prosperity, if the board of directors of American State receives an unsolicited, bona fide alternative acquisition proposal (as defined in the reorganization agreement) and, under certain terms and conditions, determines that it is a superior proposal to that of the reorganization agreement and that the failure to accept such proposal would be inconsistent with its fiduciary duties; but, Prosperity has the right to adjust the terms and conditions of the reorganization agreement so that the superior proposal no longer constitutes a superior proposal.

In addition, Prosperity may terminate the reorganization agreement, without the consent of American State, if:

any required regulatory approval is obtained subject to restrictions or conditions on the operations of American State, ASB, Prosperity or Prosperity Bank that are reasonably unacceptable to Prosperity;

American State breaches the non-solicitation obligations set forth in the reorganization agreement in a manner adverse to Prosperity;

American State's board of directors agrees to accept another acquisition proposal (as defined in the reorganization agreement); or

American State's board of directors withdraws or modifies, in any manner adverse to Prosperity, its recommendation or approval of the reorganization agreement or the merger or recommends to American State shareholders acceptance or approval of any alternative acquisition proposal.

Prosperity also has the right to terminate the reorganization agreement on or prior to May 26, 2012, if the results of any environmental inspections or surveys of American State properties identify certain potential or current violations of environmental laws or environmental law requires certain remedial or clean up action that could have a material adverse effect on American State.

Termination Fee

If the reorganization agreement is terminated by:

Prosperity because American State's board of directors agrees to accept another acquisition proposal;

-72-

Table of Contents

Prosperity because American State's board of directors withdraws or modifies, in any manner adverse to Prosperity, its recommendation or approval of the reorganization agreement or the merger or recommends to American State's shareholders acceptance or approval of any alternative acquisition proposal;

Prosperity because American State breaches the non-solicitation obligations set forth in the reorganization agreement in a manner adverse to Prosperity;

American State because American State's board of directors receives an unsolicited, bona fide alternative acquisition proposal and, under certain terms and conditions, determines that it is a superior proposal to that of the reorganization agreement taking into account any adjustments made by Prosperity to the merger consideration; or

Prosperity or American State because American State's shareholders fail to approve the reorganization agreement by August 24, 2012 (or September 23, 2012, if regulatory approval has not been obtained by August 9, 2012) and, within twelve (12) months of termination of the reorganization agreement, American State enters into an acquisition agreement with a third party, then American State will be required to pay Prosperity a termination fee of \$20.0 million, plus up to \$750,000 for its expenses related to the proposed transaction.

If either Prosperity or American State terminates the reorganization agreement (1) after August 24, 2012 (or September 23, 2012, if regulatory approval has not been obtained by August 9, 2012) and, at the time of termination, the registration statement has been declared effective at least 25 business days prior to such date and American State has failed to call, give notice of, convene and hold the shareholder meeting in accordance with reorganization agreement, or (2) because American State's shareholders do not approve the reorganization agreement and an acquisition proposal exists at the time of termination, American State will be required to pay Prosperity up to \$750,000 for its expenses related to the proposed transaction.

Except with respect to termination fees and expenses, as discussed above, in the event of the termination of the reorganization agreement without breach by any party, the reorganization agreement will be void and have no effect, without liability on the part of any party or the directors, officers or shareholders of any party, except as specifically contemplated in the reorganization agreement.

Expenses

Except with respect to the expenses related to termination discussed above, American State and Prosperity will each pay their respective expenses incurred in connection with the preparation and performance of their respective obligations under the reorganization agreement, whether or not the transactions provided for in the reorganization agreement are completed, including, but not limited to, fees and expenses of their own counsel, financial or other consultants, investment bankers and accountants, and filing, registration, application and printing fees. Similarly, each of American State and Prosperity agreed to indemnify the other party against any cost, expense or liability (including reasonable attorneys' fees) in respect of any claim made by any party for a broker's or finder's fee in connection with the merger other than one based on communications between the party and the claimant seeking indemnification.

New York Stock Exchange Listing

Prosperity has agreed to file all documents required to be filed to have the shares of Prosperity common stock to be issued pursuant to the reorganization agreement approved for listing on the New York Stock Exchange and to use its reasonable best efforts to effect such listing. The obligations of the parties to complete the merger are subject to such shares having been authorized for listing on the New York Stock Exchange.

Material U.S. Federal Income Tax Consequences of the Merger

The following is a general discussion of material U.S. federal income tax consequences of the merger to U.S. holders (as defined below) of American State common stock that exchange their shares of American State common stock for shares of Prosperity common stock and cash in the merger. This discussion does not address any tax consequences arising under the laws of any state, local or foreign jurisdiction, or under any U.S. federal laws other than those pertaining to the income tax. This discussion is based upon the Internal Revenue Code of 1986, as amended, or the Code, the regulations promulgated under the Code and court and administrative rulings and decisions, all as in effect on the date of this proxy statement/prospectus. These authorities may change, possibly retroactively, and any change could affect the accuracy of the statements and conclusions set forth in this discussion.

This discussion addresses only those U.S. holders of American State common stock that hold their shares of American State common stock as a capital asset within the meaning of Section 1221 of the Code. Importantly, this discussion does not address all aspects of U.S. federal income taxation that may be relevant to a particular holder in light of that holder's individual circumstances or to a holder that is subject to special treatment under the U.S. federal income tax laws, including, without limitation, a holder that is:

a financial institution;

a tax-exempt organization;

a regulated investment company;

a real estate investment trust;

an S corporation or other pass-through entity (or an investor in an S corporation or other pass-through entity);

an insurance company;

a mutual fund;

a controlled foreign corporation or passive foreign investment company;

a dealer or broker in stocks and securities, or currencies;

a trader in securities that elects to use the mark-to-market method of accounting;

a holder of American State common stock subject to the alternative minimum tax provisions of the Code;

a holder of American State common stock that received American State common stock through the exercise of an employee stock option, through a tax qualified retirement plan or otherwise as compensation;

a holder of American State common stock that has a functional currency other than the U.S. dollar;

a holder of American State common stock that holds American State common stock as part of a hedge, straddle, constructive sale, conversion or other integrated transaction;

a person that is not a U.S. holder; or

a U.S. expatriate or certain former citizens or long-term residents of the United States.

For purposes of this discussion, the term "U.S. holder" means a beneficial owner of American State common stock that is for U.S. federal income tax purposes (a) an individual citizen or resident of the United States, (b) a corporation (or any other entity treated as a corporation for U.S. federal income tax purposes) organized in or under the laws of the United States or any state thereof or the District of Columbia, (c) a trust if (i) a court within the United States is able to exercise primary supervision over the administration of the trust and

Table of Contents

one or more U.S. persons have the authority to control all substantial decisions of the trust or (ii) such trust has made a valid election to be treated as a U.S. person for U.S. federal income tax purposes or (d) an estate, the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source.

If an entity or an arrangement treated as a partnership for U.S. federal income tax purposes holds American State common stock, the tax treatment of a partner in such partnership generally will depend on the status of the partner and the activities of the partnership. Any entity treated as a partnership for U.S. federal income tax purposes that holds American State common stock, and any partners in such partnership, should consult their own tax advisors.

Determining the actual tax consequences of the merger to a U.S. holder may be complex and will depend in part on the U.S. holder's specific situation. Each U.S. holder should consult its own tax advisor as to the tax consequences of the merger in its particular circumstance, including the applicability and effect of the alternative minimum tax and any state, local, foreign or other tax laws and of changes in those laws.

Tax Consequences of the Merger Generally

In connection with the filing with the SEC of the registration statement on Form S-4 of which this proxy statement/prospectus is a part, Bracewell & Giuliani LLP has rendered its tax opinion to Prosperity and Hunton & Williams LLP has rendered its tax opinion to American State addressing the U.S. federal income tax consequences of the merger as described below. In rendering their tax opinions, each counsel relied upon representations and covenants, including those contained in certificates of officers of Prosperity and American State, reasonably satisfactory in form and substance to each such counsel. The opinions represent each counsel's best legal judgment, but have no binding effect or official status of any kind, and no assurance can be given that contrary positions will not be taken by the Internal Revenue Service or a court considering the issues. We have not requested nor do we intend to request a ruling from the Internal Revenue Service as to the tax consequences of the merger, and as a result there can be no assurances that the Internal Revenue Service will not disagree with or challenge any of the conclusions herein. Copies of the tax opinions are attached as Exhibits 8.1 and 8.2 to the registration statement on Form S-4.

The obligations of the parties to complete the merger are conditioned on, among other things, the receipt by Prosperity and American State of updated opinions from Bracewell & Giuliani LLP and Hunton & Williams LLP, respectively, each dated the closing date of the merger, that for U.S. federal income tax purposes the merger will be treated as a reorganization within the meaning of Section 368(a) of the Code. The conditions relating to receipt of the updated opinions may be waived by both Prosperity and American State. Neither Prosperity nor American State currently intends to waive the conditions related to the receipt of the updated opinions. However, if these conditions were waived, American State would re-solicit the approval of its shareholders prior to completing the merger. In addition, the obligation of each of Bracewell & Giuliani LLP and Hunton & Williams LLP to deliver such updated opinions is conditioned on the merger's satisfying the continuity of proprietary interest requirement. That requirement generally will be satisfied if Prosperity common stock constitutes at least 40% of the value of the merger consideration. The determination by tax counsel as to whether the merger will be treated as a reorganization within the meaning of Section 368(a) of the Code is based on the facts and law existing as of the closing date of the merger.

U.S. Holders that Receive a Combination of Prosperity Common Stock and Cash

If a U.S. holder's adjusted tax basis in the American State common stock surrendered is less than the sum of the fair market value of the shares of Prosperity common stock and the amount of cash (other than cash received in lieu of a fractional share of Prosperity common stock) received by the U.S. holder, then the U.S. holder will recognize gain in an amount equal to the lesser of (a) the sum of the amount of cash (other than cash received in lieu of a fractional share of Prosperity common stock) and the fair market value of the Prosperity common stock received, minus the adjusted tax basis of the American State shares surrendered in exchange therefor, and (b) the

Table of Contents

amount of cash received by the U.S. holder. However, if a U.S. holder's adjusted tax basis in the American State shares surrendered is greater than the sum of the amount of cash (other than cash received in lieu of a fractional share of Prosperity common stock) and the fair market value of the Prosperity common stock received, the U.S. holder's loss will not be currently allowed or recognized for U.S. federal income tax purposes. If a U.S. holder of American State shares acquired different blocks of American State shares at different times or different prices, the U.S. holder should consult the U.S. holder's tax advisor regarding the manner in which gain or loss should be determined. Any recognized gain generally will be long-term capital gain if, as of the effective date of the merger, the U.S. holder's holding period with respect to the American State shares surrendered exceeds one year. In some cases, if the U.S. holder actually or constructively owns Prosperity common stock other than Prosperity common stock received in the transaction, the recognized gain could be treated as having the effect of the distribution of a dividend under the tests described in Section 302 of the Code, in which case such gain would be treated as dividend income. In such cases, U.S. holders that are corporations should consult their tax advisors regarding the potential applicability of the extraordinary dividend provisions of the Code. The aggregate tax basis of the Prosperity common stock received by a U.S. holder that exchanges its American State shares for a combination of Prosperity common stock and cash as a result of the merger (excluding any fractional share interests deemed received and redeemed for cash) will be the same as the aggregate tax basis of the American State shares surrendered in exchange therefor, reduced by the amount of cash received on the exchange plus the amount of any gain recognized upon the exchange. The holding period of the Prosperity common stock received (including any fractional share deemed received and redeemed) will include the holding period of the American State shares surrendered. A U.S. holder receiving a combination of Prosperity common stock and cash should consult its own tax advisor regarding the manner in which cash and Prosperity common stock should be allocated among the U.S. holder's American State shares and the manner in which the above rules would apply in the holder's particular circumstance.

U.S. Holders that Receive Solely Cash due to Exercise of Dissenters' Rights

Upon the proper exercise of dissenters' rights, the exchange of American State shares solely for cash generally will result in recognition of gain or loss by the U.S. holder in an amount equal to the difference between the amount of cash received and the U.S. holder's tax basis in the American State shares surrendered. The gain or loss recognized will be long-term capital gain or loss if, as of the effective date of the merger, the U.S. holder's holding period for the American State shares surrendered exceeds one year. The deductibility of capital losses is subject to limitations. In some cases, if a U.S. holder actually or constructively owns Prosperity common stock after the merger, the cash received could be treated as having the effect of the distribution of a dividend under the tests set forth in Section 302 of the Code, in which case such U.S. holder may have dividend income up to the amount of the cash received. In such cases, U.S. holders that are corporations should consult their tax advisors regarding the potential applicability of the extraordinary dividend provisions of the Code.

Cash Instead of a Fractional Share

If a U.S. holder receives cash in lieu of a fractional share of Prosperity common stock, the U.S. holder will be treated as having received a fractional share of Prosperity common stock pursuant to the merger and then as having exchanged the fractional share of Prosperity common stock for cash in a redemption by Prosperity. As a result, the U.S. holder generally will recognize gain or loss equal to the difference between the amount of cash received and the U.S. holder's basis in the fractional share of Prosperity common stock as set forth above. This gain or loss generally will be capital gain or loss, and will be long-term capital gain or loss if, as of the effective date of the merger, the U.S. holder's holding period with respect to the fractional share (including the holding period of the American State common stock surrendered therefor) exceeds one year.

Material U.S. Federal Income Tax Consequences if the Merger Fails to Qualify as a Reorganization

If the merger does not qualify as a reorganization within the meaning of Section 368(a) of the Code, then each U.S. holder of American State common stock will recognize capital gain or loss equal to the difference between (a) the sum of the fair market value of the shares of Prosperity common stock, as of the effective date of

Table of Contents

the merger, received by such U.S. holder pursuant to the merger and the amount of any cash received by such U.S. holder pursuant to the merger and (b) its adjusted tax basis in the shares of American State common stock surrendered in exchange therefor. Gain or loss will be computed separately with respect to each identified block of American State common stock exchanged in the merger.

Backup Withholding

If a U.S. holder is a non-corporate holder of American State common stock, the U.S. holder may be subject, under certain circumstances, to information reporting and backup withholding (currently at a rate of 28%) on any cash payments that the U.S. holder receives. A U.S. holder generally will not be subject to backup withholding, however, if the U.S. holder:

furnishes a correct taxpayer identification number, certifies that it is not subject to backup withholding on the substitute IRS Form W-9 or successor form included in the letter of transmittal that the U.S. holder will receive and otherwise complies with all the applicable requirements of the backup withholding rules; or

provides proof that it is otherwise exempt from backup withholding.

Any amounts withheld under the backup withholding rules are not an additional tax and will generally be allowed as a refund or credit against the U.S. holder's U.S. federal income tax liability, provided that the U.S. holder timely furnishes the required information to the Internal Revenue Service.

Certain Reporting Requirements

If a U.S. holder that receives Prosperity common stock in the merger is considered a significant holder, such U.S. holder will be required (a) to file a statement with its U.S. federal income tax return providing certain facts pertinent to the merger, including such U.S. holder's tax basis in, and the fair market value of, the American State common stock surrendered by such U.S. holder, and (b) to retain permanent records of these facts relating to the merger. A significant holder is any American State shareholder that, immediately before the merger, (y) owned at least 1% (by vote or value) of the outstanding stock of American State or (z) owned American State securities with a tax basis of \$1 million or more.

This discussion of certain material U.S. federal income tax consequences is for general information only and is not tax advice. Holders of American State common stock are urged to consult their tax advisors with respect to the application of U.S. federal income tax laws to their particular situations as well as any tax consequences arising under the U.S. federal estate or gift tax rules, or under the laws of any state, local, foreign or other taxing jurisdiction or under any applicable tax treaty.

Accounting Treatment

The merger will be accounted for under the purchase method of accounting under accounting principles generally accepted in the United States of America. Under this method, American State's assets and liabilities as of the date of the merger will be recorded at their respective fair values. Any difference between the purchase price for American State and the fair value of the identifiable net assets acquired (including core deposit intangibles) will be recorded as goodwill. In accordance with ASC Topic 805, *Business Combinations*, issued in July 2001, the goodwill resulting from the merger will not be amortized to expense, but instead will be reviewed for impairment at least annually and to the extent goodwill is impaired, its carrying value will be written down to its implied fair value and a charge will be made to earnings. Core deposit and other intangibles with definite useful lives recorded by Prosperity in connection with the merger will be amortized to expense in accordance with such rules. The consolidated financial statements of Prosperity issued after the merger will reflect the results attributable to the acquired operations of American State beginning on the date of completion of the merger.

Table of Contents

Restrictions on Resales of Prosperity Common Stock Received in the Merger

The shares of Prosperity common stock issued in the merger will not be subject to any restrictions on transfer arising under the Securities Act of 1933, as amended, except for shares of Prosperity common stock issued to any American State shareholder who may be deemed to be an affiliate of Prosperity after completion of the merger. Affiliates generally are defined as persons or entities who control, are controlled by or are under common control with Prosperity at or after the effective time of the merger and generally include executive officers, directors and beneficial owners of 10% or more of the common stock of Prosperity. Former American State shareholders who are not affiliates of Prosperity after the completion of the merger may sell their shares of Prosperity common stock received in the merger at any time.

To the knowledge of American State, the only person who will be deemed to be an affiliate of Prosperity upon completion of the merger is W.R. Collier, as a result of his service as a director of Prosperity upon completion of the merger. Former American State shareholders who become affiliates of Prosperity after completion of the merger will be subject to the volume and sale limitations of Rule 144 under the Securities Act of 1933, as amended, until they are no longer affiliates of Prosperity. This proxy statement/prospectus does not cover resales of Prosperity common stock received by any person upon completion of the merger, and no person is authorized to make any use of this proxy statement/prospectus in connection with any resale.

Regulatory Approvals Required for the Merger

The merger must be approved by the Federal Reserve, unless such approval is waived by the Federal Reserve. Prosperity intends to file any required documentation with the Federal Reserve Bank of Dallas to request a waiver of its approval after the regulatory applications required for the bank merger (as described below) are accepted.

The merger of ASB with and into Prosperity Bank requires the approval of the FDIC and TDB. On March 16, 2012, Prosperity Bank and ASB filed applications with the FDIC and TDB to obtain approval of the bank merger. The U.S. Department of Justice will have between 15 and 30 days following approval by the FDIC to challenge the approval on antitrust grounds. While American State and Prosperity do not know of any reason that the Department of Justice would challenge regulatory approval by the FDIC and believe that the likelihood of such action is remote, there can be no assurance that the Department of Justice will not initiate such a proceeding, or if such a proceeding is initiated, as to the result of any such challenge.

The mergers cannot proceed in the absence of these required regulatory approvals. The approval of any notice or application merely implies satisfaction of regulatory criteria for approval, and does not include review of the merger from the standpoint of the adequacy of the consideration to be received by, or fairness to, shareholders. Regulatory approval does not constitute an endorsement or recommendation of the proposed merger.

We cannot assure you as to whether or when the requisite regulatory approvals will be obtained, and, if obtained, we cannot assure you as to the date of receipt of any of these approvals, the terms thereof or the absence of any litigation challenging them. Likewise, we cannot assure you that the U.S. Department of Justice or a state attorney general will not attempt to challenge the merger on antitrust grounds, or, if such a challenge is made, as to the result of that challenge.

Prosperity and American State are not aware of any material governmental approvals or actions that are required prior to the parties' completion of the merger other than those described in this proxy statement/prospectus. If any additional governmental approvals or actions are required, the parties presently intend to seek those approvals or actions. However, the parties cannot assure you that any of these additional approvals or actions will be obtained.

Dissenters' Rights of American State Shareholders

General. If you hold one or more shares of American State common stock not subject to the shareholders' agreement, you are entitled to dissenters' rights under Texas law and have the right to dissent from the merger and have the appraised fair value of your shares of American State common stock paid to you in cash. The appraised fair value may be more or less than the value of the shares of Prosperity common stock and cash being paid in the merger. If you are contemplating exercising your right to dissent, we urge you to read carefully the provisions of Chapter 10, Subchapter H of the Texas Business Organizations Code, which are attached to this proxy statement/prospectus as **Appendix C**, and consult with your legal counsel before electing or attempting to exercise these rights. The following discussion describes the steps you must take if you want to exercise your right to dissent. You should read this summary and the full text of the law carefully.

How to Exercise and Perfect Your Right to Dissent. To be eligible to exercise your right to dissent to the merger:

you must, prior to the American State annual meeting, provide American State with a written objection to the merger that states that you intend to exercise your right to dissent if the reorganization agreement is approved and the merger is completed and that provides an address to which Prosperity may send a notice if the merger is completed;

you must vote your shares of American State common stock against approval of the reorganization agreement at the annual meeting in person or by proxy; and

you must, not later than the 20th day after Prosperity sends you notice that the merger was completed, provide Prosperity with (1) a written demand for payment that states the number and class of shares of American State capital stock you own, your estimate of the fair value of such stock and an address to which a notice relating to the dissent and appraisal procedures may be sent and (2) your certificates representing American State common stock.

If you intend to dissent from the merger, you should send the notice to:

American State Financial Corporation

1401 Avenue Q

Lubbock, Texas 79408

Attention: President and Secretary

If you fail to vote your shares of American State common stock at the annual meeting against the approval of the reorganization agreement, you will lose your right to dissent from the merger. Furthermore, if your shares are subject to the shareholders' agreement and you vote your shares at the voting meeting against approval of the reorganization agreement, but the requisite number of shares subject to the shareholders' agreement are voted in favor of approval of the reorganization agreement such that the voting representatives vote such shares to approve the reorganization agreement at the annual meeting, you will be considered to have voted in favor of the reorganization agreement and you will lose your right to dissent from the merger. In either of these cases, you will instead receive shares of Prosperity common stock and cash as described in the reorganization agreement. If you comply with the first two items above and the merger is completed, Prosperity will send you a written notice advising you that the merger has been completed. Prosperity must deliver this notice to you within ten days after the merger is completed.

Table of Contents

Your Demand for Payment. If you wish to receive the fair value of your shares of American State common stock in cash, you must, within 20 days of the date the notice was delivered or mailed to you by Prosperity, send a written demand to Prosperity for payment of the fair value of your shares of American State common stock. The fair value of your shares of American State common stock will be the value of the shares on the day immediately preceding the merger, excluding any appreciation or depreciation in anticipation of the merger. Your written demand and any notice addressed to Prosperity must be sent to:

Prosperity Bancshares, Inc.

Prosperity Bank Plaza

4295 San Felipe

Houston, Texas 77027

Attention: President and Secretary

Your written demand must state how many shares of American State common stock you own and your estimate of the fair value of your shares of American State common stock. If you fail to send this written demand to Prosperity within 20 days of Prosperity's delivery or mailing of your notice, you will be bound by the merger and you will not be entitled to receive a cash payment representing the fair value of your shares of American State common stock. Instead, you will receive shares of Prosperity common stock and cash as described in the reorganization agreement.

Prosperity's Actions Upon Receipt of Your Demand for Payment. Within 20 days after Prosperity receives your demand for payment and your estimate of the fair value of your shares of American State common stock, Prosperity must send you written notice stating whether or not it accepts your estimate of the fair value of your shares.

If Prosperity accepts your estimate, Prosperity will notify you that it will pay the amount of your estimated fair value within 90 days of the merger being completed. Prosperity will make this payment to you only if you have surrendered the share certificates representing your shares of American State common stock, duly endorsed for transfer, to Prosperity.

If Prosperity does not accept your estimate, Prosperity will notify you of this fact and will make an offer of an alternative estimate of the fair value of your shares that it is willing to pay you within 120 days of the merger being completed, which you may accept within 90 days or decline.

Payment of the Fair Value of Your Shares of American State Common Stock Upon Agreement of an Estimate. If you and Prosperity have reached an agreement on the fair value of your shares of American State common stock within 90 days after the merger is completed, Prosperity must pay you the agreed amount within 120 days after the merger is completed, if you have surrendered the share certificates representing your shares of American State common stock, duly endorsed for transfer, to Prosperity.

Commencement of Legal Proceedings if a Demand for Payment Remains Unsettled. If you and Prosperity have not reached an agreement as to the fair market value of your shares of American State common stock within 90 days after the merger is completed, you or Prosperity may, within 60 days after the expiration of the 90 day period, commence proceedings in Harris County, Texas, asking the court to determine the fair value of your shares of American State common stock. The court will determine if you have complied with the dissent provisions and if you have become entitled to a valuation of and payment for your shares of American State common stock. The court will appoint one or more qualified persons to act as appraisers to determine the fair value of your shares. The appraisers will determine the fair value of your shares and will report this value to the court. The court will consider the report, and both you and Prosperity may address the court about the report. The court will determine the fair value of your shares and direct Prosperity to pay that amount, plus interest, which will begin to accrue 91 days after the merger is completed.

Rights as a Shareholder. If you have made a written demand on Prosperity for payment of the fair value of your shares of American State common stock, you will not thereafter be entitled to vote or exercise any other rights as a shareholder except the right to receive payment for your shares as described herein and the right to maintain an appropriate action to obtain relief on the ground that the merger would be or was fraudulent. In the absence of fraud in the transaction, your right under the dissent provisions described herein is the exclusive remedy for the recovery of the value of your shares or money damages with respect to the merger.

Withdrawal of Demand. If you have made a written demand on Prosperity for payment of the fair value of your American State common stock, you may withdraw such demand at any time before payment for your shares has been made or before a petition has been filed with a court for determination of the fair value of your shares. If you withdraw your demand or are otherwise unsuccessful in asserting your dissenters' rights, you will be bound by the merger and your status as a shareholder will be restored without prejudice to any corporate proceedings, dividends or distributions which may have occurred during the interim.

Income Tax Consequences. See *Proposal to Approve the Reorganization Agreement Material U.S. Federal Income Tax Consequences of the Merger* on page 74 for a discussion on how the federal income tax consequences of your action will change if you elect to dissent from the merger.

Director Qualifications

The board of directors believes that directors should have a range of talents, skills and expertise sufficient to provide prudent guidance with respect to American State's operations and interests. Each director also is expected to:

exhibit high standards of integrity, commitment and independence of thought and judgment;

participate in a constructive and collegial manner;

be willing to devote sufficient time to carrying out his duties and responsibilities effectively;

devote the time and effort necessary to learn American State's business; and

represent the long-term interests of all shareholders.

In addition, the American State board of directors has determined that the board as a whole must have the right diversity of background, perspective and experience, and mix of characteristics and skills for the optimal functioning of the board in its oversight responsibilities. Specifically, the board believes it should be comprised of persons with skills in areas such as:

Vote Required to Elect Nominees

Assuming the presence of a quorum, the five director nominees who receive the most votes from the holders of the of American State common stock will be elected as directors. In other words, the affirmative vote of the holders of a plurality of the shares of American State common stock present at the annual meeting is required for the election of the director nominees.

AMERICAN STATE S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR ALL OF THE NOMINEES LISTED ABOVE.

ADJOURNMENT OF THE ANNUAL MEETING OR THE VOTING MEETING

If there are not sufficient votes to approve the reorganization agreement at the time of the voting meeting or the annual meeting, the voting meeting or annual meeting will be adjourned or postponed to a later date or dates in order to permit further solicitation of proxies. In order to allow proxies that have been received at the time of the meeting to be voted for an adjournment, if necessary, the voting representatives and board of directors of American State are submitting the question of adjournment/postponement to the American State shareholders as a separate matter for their consideration. The voting representatives and the board of directors of American State recommend that its shareholders vote FOR the adjournment/postponement proposal. If it is necessary to adjourn or postpone the voting meeting or the annual meeting, no notice of such adjourned or postponed meeting is required to be given to American State s shareholders.

AMERICAN STATE S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR APPROVAL OF THIS PROPOSAL.

TERMINATION OF THE SHAREHOLDERS AGREEMENT

American State shareholders subject to the shareholders agreement are also being asked to vote at the voting meeting in favor of a proposal to terminate the shareholders agreement by means of voting FOR Item 4 on the blue proxy card. We urge you to read the shareholders agreement, which is attached as *Appendix D* and incorporated by reference into this document, carefully and in its entirety. The affirmative vote of American State shareholders representing at least a majority of the shares of American State common stock subject to the shareholders agreement (or 984,924 shares) is required to terminate the shareholders agreement.

The rights of shareholders of American State under the articles of incorporation and bylaws of American State will differ in some respects from the rights that shareholders of American State will have as shareholders of Prosperity under the articles of incorporation and bylaws of Prosperity. Copies of Prosperity's articles of incorporation and bylaws have been previously filed by Prosperity with the SEC. Copies of American State's articles of incorporation and bylaws are available upon written request from American State.

The summary set forth below is not intended to be complete and is qualified by reference to Texas law and the articles of incorporation and bylaws of American State and the articles of incorporation and bylaws of Prosperity.

In addition, American State shareholders who are parties to the shareholders' agreement currently are able to pool their shares in determining how those shares will be voted with respect to corporate actions. If the proposal to terminate the shareholders' agreement is approved at the voting meeting and the merger is completed, the shareholders' agreement will terminate and the shareholders of American State who were parties to that agreement will not be able to pool their shares of Prosperity common stock in determining how those shares will be voted.

Election of Directors:	<p>Under Texas law, directors are elected by a plurality of the votes cast by the shareholders entitled to vote in the election of directors at a meeting of shareholders at which a quorum is present, unless otherwise provided in the articles of incorporation or the bylaws of a corporation.</p> <p>Shareholders of American State are not permitted to cumulate their votes in the election of directors. Each shareholder of American State common stock has the right to vote the number of voting shares owned by him.</p> <p>Directors of American State are elected at each annual meeting and hold office until their successor is elected and qualified. This means that the entire board is elected at each annual meeting of shareholders.</p>	<p>Directors of Prosperity are elected by a plurality of the votes cast by the holders entitled to vote at the meeting. Prosperity shareholders are not permitted to cumulate their votes in the election of directors. Each share of Prosperity stock has one vote for each nominee for director.</p> <p>Prosperity's board is divided into three classes, as nearly equal in number as possible, with each class serving a staggered three-year term. This means that only one-third of the board is elected at each annual meeting of shareholders. The classification makes it more difficult to change the composition of Prosperity's board of directors because at least two annual meetings of shareholders are required to change control of the board.</p>
Removal of Directors and Board Vacancies:	<p>Texas law allows and American State's bylaws provide that at any meeting of American State's shareholders called expressly for the purpose of removing a director, any director or the entire board of directors may be removed, with or without cause, by a vote of the holders of a majority of the shares then entitled to vote at any election of directors.</p> <p>Any vacancies existing in the board of directors of American State may be filled by the vote of the shareholders at a special or annual meeting or by the vote of a majority of the remaining directors, but vacancies that reduce the number of directors to fewer than three must be filled within 60 days of the vacancies' occurrence. A director elected to fill a vacancy will be elected for the unexpired term of his predecessor in office.</p>	<p>Prosperity's bylaws provide that any director or the entire board of directors may be removed, but only for cause, by the affirmative vote of the holders of a majority of shares entitled to vote at an election of directors.</p> <p>Any vacancies occurring on the Prosperity board of directors may also be filled by the remaining Prosperity directors; and any directors so chosen will hold office until the next annual meeting held for the election of directors and until such director's successor shall have been elected and qualified, or until such director's earlier death, resignation or removal.</p>

Vote Required for Certain Shareholder Actions:	<p>Texas law provides that on matters other than the election of directors, the affirmative vote of the holders of a majority of the shares entitled to vote on, and who voted for, against, or expressly abstained with respect to the matter, will be the act of the shareholders, unless the vote of a greater number is required by law, the articles of incorporation or the bylaws. Under Texas law, a corporation's articles of incorporation or bylaws may provide that the affirmative vote of the holders of a specified portion of the shares, not less than a majority, entitled to vote on the matter will be the act of the shareholders, rather than the specified portion of shares required under Texas law.</p> <p>Under Texas law, the affirmative vote of the holders of at least two-thirds of the outstanding shares of the corporation entitled to vote is required to approve a fundamental business transaction.</p>	<p>Prosperity's articles of incorporation provide that the vote or concurrence of the holders of a majority of the shares of Prosperity stock entitled to vote at a meeting at which a quorum is present shall be the act of the shareholders. With respect to any matter for which the affirmative vote of a portion of the Prosperity stock entitled to vote greater than a majority of such shares is required by the Texas Business Organizations Code, the affirmative vote of the holders of a majority of the Prosperity stock entitled to vote on the matter shall be the act of the shareholders.</p>
Amendment of Articles of Incorporation and Bylaws:	<p>American State's bylaws provide that the vote of the holders of a majority of shares entitled to vote and thus represented at a meeting at which a quorum is present will be the act of the shareholders' meeting, unless the vote of a greater or lesser number is required by express provision of the applicable statute, the articles of incorporation or the bylaws.</p> <p>Under Texas law, a corporation's articles of incorporation may be amended by the affirmative vote of the holders of two-thirds of the outstanding shares entitled to vote on the amendment and, if entitled to vote by class or series of shares, by the holders of two-thirds of the outstanding shares of each class or series entitled to vote on the amendment, unless a different number, not less than a majority of shares entitled to vote on the matter or class or series entitled to vote on the matter, is specified in the corporation's articles of incorporation.</p>	<p>Prosperity's articles of incorporation may be amended upon the affirmative vote of the holders of a majority of the outstanding shares of stock entitled to vote thereon.</p> <p>Prosperity's bylaws provide that the bylaws may be amended only by Prosperity's board of directors and Prosperity's shareholders do not have power to adopt, amend or repeal the bylaws.</p>

American State's articles of incorporation do not provide for a different number of outstanding shares required to amend the articles of incorporation.

Under Texas law, unless a corporation's articles of incorporation or a bylaw adopted by the shareholders provides otherwise, a corporation's shareholders may amend the bylaws regardless of whether they may also be amended by the board of directors.

American State's bylaws provide that the bylaws may be altered, amended or repealed and new bylaws may be adopted by the affirmative vote of a majority of the board of directors, subject to repeal or change by the affirmative vote of a majority of the shareholders.

Shareholder Actions Without a Meeting:

Prosperity's articles of incorporation do not provide for less than unanimous consent when shareholder action is taken without a meeting and, therefore, no action may be taken by written consent unless all shareholders agree.

Shareholder Proposal of Business:	Neither American State's articles of incorporation nor its bylaws contain express provisions regarding shareholder proposals of business.	Proposals for business to be brought before any shareholder meeting may be made by the board of directors or by any shareholder entitled to vote in such meeting. If a proposal is made by a shareholder, the shareholder must give timely written notice. The chairman of any meeting of shareholders will determine whether the business was properly brought before the meeting.
Indemnification; Limitation of Director Liability:	Under Texas law, a corporation must indemnify a director for his service at the corporation and for service at the corporation as a representative of another entity against reasonable expenses actually incurred by the director in connection with a proceeding because of such service if the director is wholly successful, on the merits or otherwise, in the defense of the proceeding. If a court determines that a director, former director or representative is entitled to indemnification, the court will order indemnification by the corporation and award the person expenses incurred in securing the indemnification. Texas law also permits corporations to indemnify present or former directors and representatives of other entities serving as such directors in certain situations where indemnification is not mandated by law; however, such permissive indemnification is subject to various limitations. Under Texas law, a court may also order indemnification under various circumstances, and officers must be indemnified to the same extent as directors.	Prosperity's articles of incorporation and bylaws provide for mandatory indemnification to the fullest extent allowed by Texas law for all former or present directors or officers and all persons who were serving at the request of Prosperity as a director, officer, partner or trustee of another entity. Prosperity's articles of incorporation and bylaws provide that no director of Prosperity will be liable to Prosperity or its shareholders for monetary damages for an act or omission in the director's capacity as a director, except to the extent the foregoing exemption from liability is not permitted under Texas law. Prosperity's articles of incorporation and bylaws provide that the corporation shall have the power to purchase and maintain insurance on behalf of the directors against any liability incurred by directors in such a capacity or arising out of such person's status.

Prosperity and American State are subject to the affiliated business combinations provisions of Chapter 21, Subchapter M of the Texas Business Organizations Code (Sections 21.601 through 21.610), which provide that a Texas corporation may not engage in certain business combinations, including mergers, consolidations and asset sales, with a person, or an affiliate or associate of such person, who is an Affiliated Shareholder (generally defined as the holder of 20% or more of the corporation's voting shares) for a period of three years from the date such person became an Affiliated Shareholder unless: (1) the business combination or purchase or acquisition of shares made by the Affiliated Shareholder was approved by the board of directors of the corporation before the Affiliated Shareholder became an Affiliated Shareholder or (2) the business combination was approved by the affirmative vote of the holders of at least two-thirds of the outstanding voting shares of the corporation not beneficially owned by the Affiliated Shareholder, at a meeting of shareholders called for that purpose (and not by written consent), not less than six months after the Affiliated Shareholder became an Affiliated Shareholder.

The affiliated business combinations provisions of the Texas Business Organizations Code are not applicable to:

the business combination of a corporation:

- (a) where the corporation's original articles of incorporation or bylaws contain a provision expressly electing not to be governed by the affiliated business combinations provisions of the Texas Business Organizations Code;
- (b) that adopted an amendment to its articles of incorporation or bylaws before December 31, 1997, expressly electing not to be governed by the affiliated business combinations provisions of the Texas Business Organizations Code; or
- (c) that adopts an amendment to its articles of incorporation or bylaws after December 31, 1997, by the affirmative vote of the holders, other than Affiliated Shareholders, of at least two-thirds of the outstanding voting shares of the corporation, expressly electing not to be governed by the affiliated business combinations provisions of the Texas Business Organizations Code;

a business combination of a corporation with an Affiliated Shareholder that became an Affiliated Shareholder inadvertently, if the Affiliated Shareholder:

- (a) as soon as practicable divests itself of enough shares to no longer be an Affiliated Shareholder; and
- (b) would not at any time within the three-year period preceding the announcement of the business combination have been an Affiliated Shareholder but for the inadvertent acquisition;

a business combination with an Affiliated Shareholder that was the beneficial owner of 20% or more of the outstanding voting shares of the corporation on December 31, 1996, and continuously until the announcement date of the business combination;

a business combination with an Affiliated Shareholder who became an Affiliated Shareholder through a transfer of shares of the corporation by will or intestate succession and continuously was such an Affiliated Shareholder until the announcement date of the business combination; or

Edgar Filing: PROSPERITY BANCSHARES INC - Form S-4/A

a business combination of a corporation with a wholly owned subsidiary if the subsidiary is not an affiliate or associate of the Affiliated Shareholder other than by reason of the Affiliated Shareholder's beneficial ownership of the voting shares of the corporation.

Neither Prosperity's nor American State's articles of incorporation nor their bylaws contain any provision expressly providing that Prosperity or American State, respectively, will not be subject to the affiliated business combinations provisions of the Texas Business Organizations Code. The affiliated business combinations provisions of the Texas Business Organizations Code may have the effect of inhibiting a non-negotiated merger or other business combination involving Prosperity or American State, even if such event(s) would be beneficial to their shareholders.

BUSINESS OF AMERICAN STATE

General

American State was incorporated as a Texas corporation in 1977 to serve as a bank holding company for ASB. American State does not, as an entity, engage in separate business activities of a material nature apart from the activities it performs for ASB. Its primary activities are to provide assistance in the management and coordination of ASB's financial resources. American State has no significant assets other than all of the outstanding common stock of ASB. American State derives its revenues primarily from the operations of ASB in the form of dividends received from ASB.

ASB was chartered in 1948. Since their inception, American State and ASB have generally grown organically except for three significant acquisitions. In February 1998, American State acquired Security Shares, Inc., an Abilene, Texas, holding company that owned Security State Bank. At the time of the acquisition, Security State Bank had nine locations, total loans of \$149 million and total deposits of \$241 million. In November 2000, ASB completed the acquisition of the Odessa, Texas, branch of Chase Manhattan Bank. At the time of its acquisition, ASB acquired \$21 million in loans and \$125 million in deposits. In October 2005, American State acquired the holding company for the First National Bank in Cisco, which had had one location, \$41 million in loans and \$37 million in deposits.

As a bank holding company, American State is subject to supervision and regulation by the Federal Reserve in accordance with the requirements set forth in the BHC Act and by the rules and regulations issued by the Federal Reserve.

As of December 31, 2011, American State had, on a consolidated basis, total assets of \$3.1 billion, total deposits of \$2.5 billion, total loans (net of unearned discount and allowance for loan losses) of \$1.2 billion and total shareholders' equity of \$279.7 million. American State does not file reports with the SEC. American State does, however, voluntarily provide annual reports, including audited financial statements, to its shareholders in connection with its annual meeting.

Each activity in which American State is engaged involves competition with other banks, as well as with nonbanking financial institutions and nonfinancial enterprises. In addition to competing with other commercial banks within and outside its primary service area, American State competes with other financial institutions engaged in the business of making loans or accepting deposits, such as savings and loan associations, credit unions, industrial loan associations, insurance companies, small loan companies, financial companies, mortgage companies, real estate investment trusts, certain governmental agencies, credit card organizations and other enterprises. American State also competes with suppliers of equipment in furnishing equipment financing. Banks and other financial institutions with which American State competes may have capital resources and legal loan limits substantially higher than those maintained by American State.

Employees

As of December 31, 2011, American State had 584 full-time equivalent employees, none of whom is covered by a collective bargaining agreement.

Legal Proceedings

There are no threatened or pending legal proceedings against American State which, if determined adversely, would, in the opinion of management, have a material adverse effect on the business of American State's financial condition, results of operations or cash flows.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL
CONDITION AND RESULTS OF OPERATIONS OF AMERICAN STATE**

This section presents an analysis of the financial condition and results of operations of American State as of December 31, 2011 and 2010 and for the years ended December 31, 2011, 2010 and 2009. The following discussion and analysis are intended to review the significant factors affecting the financial condition and results of operations of American State for such periods, and should be read in conjunction with the consolidated financial statements, notes to financial statements and financial data presented elsewhere in this proxy statement/prospectus.

Results of Operations

Net income for the years ended December 31, 2011, 2010 and 2009 was \$42.1 million, \$36.0 million and \$29.1 million, respectively. Net income per share (basic) for such periods was \$17.04, \$14.58 and \$11.75, respectively. The increase in net income from 2009 to 2010 and from 2010 to 2011 was due primarily to both an increase in net interest income and improved credit quality in the loan portfolio. Net income for each of the three years as a percent of average assets and average equity was:

Return on average assets			Return on average equity		
	December 31,			December 31,	
2011	2010	2009	2011	2010	2009
1.48%	1.43%	1.27%	15.52%	14.40%	12.66%

American State paid aggregate dividends of \$22.2 million, \$19.8 million and \$13.6 million for the years ended December 31, 2011, 2010 and 2009, respectively. The dividend payout ratio was 53%, 55% and 47% for the years ended December 31, 2011, 2010 and 2009, respectively.

The following is an analysis of the primary components of net income for the years ended December 31, 2011, 2010 and 2009.

Net Interest Income

Net interest income is the principal source of American State's net income and represents the difference between interest income (interest and fees earned on earning assets, primarily loans and investment securities) and interest expense (interest paid on deposits and borrowed funds). Net interest income is affected by the interest rate earned and paid and by volume changes, principally in loans, investment securities, deposits and borrowed funds. The following schedules provide a summary concerning net interest income, average balances and the related interest earned and paid on each major type of asset and liability accounts for the years ended December 31, 2011, 2010 and 2009. The average yield on all earning assets and the average cost of all interest-bearing liabilities during each such period are also summarized.

Table of Contents

Nonaccruing loans are included in interest-earning assets; however, interest income on such loans is recorded when actually received. Interest-earning assets include tax-exempt investments, and the related income is presented on an actual income basis and not on a tax equivalent basis. American State held \$341.5 million, \$297.4 million and \$229.9 million in tax-exempt securities and loans as of December 31, 2011, 2010 and 2009, respectively.

Net interest income		\$ 80,801	
Net interest margin			3.79%

Interest income on earning assets increased \$3.1 million from 2009 to 2010 and \$1.8 million from 2010 to 2011 despite the decline in the average yield on earning assets during those periods of 25 and 49 basis points, respectively. The increases in interest income were primarily due to the increased volume in earning assets over those time periods and due to the increase in the loan portfolio from 2009 to 2011. Interest expense on deposits and repurchase agreements decreased \$3.4 million from 2009 to 2010 and decreased \$4.7 million from 2010 to 2011, which represented a decrease of 31 and 33 basis points, respectively, in the cost of funds. These decreases resulted from declines in rates on all classifications of deposits due to the falling interest rate environment during these time periods. The net interest margin decreased from 3.79% in 2009 to 3.77% in 2010, and decreased from 3.77% in 2010 to 3.55% in 2011. These decreases were due to the declining interest rate environment on deposit rates and its related impact on the interest income from investment securities.

Average earning assets increased from \$2.132 billion at December 31, 2009 to \$2.316 billion at December 31, 2010. During the same period, average interest-bearing liabilities increased from \$1.665 billion at December 31, 2009 to \$1.831 billion at December 31, 2010. Those changes resulted in an increase in interest income but a decrease occurred in interest expense due to the declining interest rate environment. Average earning assets increased from 2010 to 2011. Such assets totaled \$2.316 billion at December 31, 2010 and increased to \$2.641 billion at December 31, 2011. During the same period, average interest-bearing liabilities

Table of Contents

increased from \$1.831 billion at December 31, 2010 to \$2.056 billion at December 31, 2011. Those changes resulted in an increase in the interest income but a decrease in interest expense due to the continued declining interest rate environment.

Net interest income is affected by the volume and rate of both interest-earning assets and interest-bearing liabilities. The following table depicts the dollar effect and rate change for the different categories of interest-earning assets and interest-bearing liabilities and the resultant change in interest income and interest expense. Nonperforming loans are included with loans in such table.

Provision for Loan Losses

Provisions for loan losses are incurred as management adjusts the allowance for loan losses based on its estimate of credit risk in the loan portfolio. From 2009 to 2010, the provision expense decreased \$6.2 million or 57.38% due to improved credit quality in the loan portfolio during that time period. Provision expense decreased further by \$506,314 or 11.01% from 2010 to 2011 due to significant credit loss recoveries in 2011.

Noninterest Income

Income other than from interest-earning assets is derived primarily from services provided to customers for which fees are charged. These services are chiefly deposit services such as account service charges, overdraft and non-sufficient funds privileges, account analysis, issuance of cashiers checks and letters of credit, credit life commission income, income for other real estate transactions, income from securities transactions and income from fiduciary duties.

Deposit and service charge income increased \$597,249 or 3.32% from 2009 to 2010, due primarily to an increase in overall deposits. Deposit and service charge income increased from 2010 to 2011 by \$1.6 million or 8.73%, due mainly to an increase in overall deposits at American State and changes in the charges for certain services.

Table of Contents*Other Expenses*

Expenses other than those incurred in connection with interest-bearing liabilities include, among other things, those associated with personnel, facilities, equipment and supplies, advertising and professional services. Noninterest expenses, which American State incurs in the course of day-to-day operations, include salaries and other types of expenses such as occupancy, professional fees, ad valorem taxes and supplies.

Compensation and benefits increased from 2009 to 2010 by \$4.5 million or 12.92% during this period due primarily to anticipated rising health insurance costs and the related accruals to the self insurance fund coupled with pay raises for existing employees. Compensation and benefits decreased from 2010 to 2011 by \$143,482 or 0.36% due primarily to natural attrition.

Repairs and maintenance and equipment rental expenses increased \$900,365 or 17.32% from 2009 to 2010. These same expense increased \$2.1 million or 35.18% from 2010 to 2011. The increase in both periods was due primarily to the maintenance and upgrade of several existing facilities as well as the information technology supporting those facilities.

Other operating expenses decreased \$412,186 or 5.69% from 2009 to 2010. Other operating expenses increased \$797,018 or 11.67% from 2010 to 2011. In both of these time periods the changes were due to normal fluctuations in business operations with no individually significant items or transactions.

FDIC insurance expense decreased \$830,276 or 24.43% from 2009 to 2010 due to a required special assessment payment made in 2009 that was not required in 2010. The same expense decreased \$731,538 or 28.49% from 2010 to 2011 as result of the adjusted assessment calculation prescribed by the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Financial Condition*Investment Portfolio*

American State's ownership of investment securities serves as a source of liquidity to meet depositor and borrower funding requirements, in addition to being a significant element of total interest income. American State has adopted ASC Topic 320, Investments Debt and Equity Securities. Under Topic 320, each security is classified as either trading, available for sale or held to maturity. American State has no securities held in a trading account. Securities available for sale are recorded at their fair value. The after-tax difference between amortized cost and fair value of securities available for sale is recorded as an unrealized gain or loss on securities and either increases (in the case of an unrealized gain) or decreases (in the case of an unrealized loss) total shareholders' equity. The tax impact of such adjustment is recorded as an adjustment to the amount of the deferred tax liability. Investments held to maturity are recorded at amortized cost.

Loan Portfolio

The loan portfolio constitutes a major earning asset of American State and typically offers the best alternative for obtaining the maximum interest spread above the cost of funds. The overall economic strength of American State generally parallels the quality and yield of its loan portfolio. Loans as of December 31 are summarized as follows:

American State is a party to financial instruments with off-balance sheet risk in the normal course of business to meet the financing needs of its customers. These financial instruments include commitments to extend credit and standby letters of credit. Those instruments involve, to varying degrees, elements of credit and interest-rate risk in excess of the amount recognized in the consolidated balance sheets. American State's exposure to credit loss in the event of nonperformance by the other party to the financial instrument for commitments to extend credit and standby letters of credit is represented by the contractual or notional amount of those instruments. Commitments to extend credit and standby letters of credit are not recorded as an asset or liability by American State until the instrument is exercised.

Financial instruments with contractual or notional amounts that represent credit risk at December 31, 2011, were as follows:

	Amount (Dollars in thousands)
Commitments to extend credit	\$ 345,545
Standby letters of credit	11,637
Total commitments	\$ 357,182

Edgar Filing: PROSPERITY BANCSHARES INC - Form S-4/A

Commitments to extend credit are agreements to lend to a customer, as long as there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. Since many of the commitments are expected to expire without being

Table of Contents

drawn upon, the total commitment amounts do not necessarily represent future cash requirements. American State uses the same credit policies in making commitments and conditional obligations as they do for on-balance sheet instruments. The amount and nature of collateral obtained, if deemed necessary by American State upon extension of credit, is based on management's credit evaluation of the potential borrower.

Standby letters of credit are conditional commitments issued by American State to guarantee the performance of a customer to a third party. Those guarantees are primarily issued to support public and private short-term borrowing arrangements. The credit risk involved in issuing letters of credit is essentially the same as that involved in extending loan facilities to customers. American State holds collateral supporting those commitments for which collateral is deemed necessary.

Risk Elements in the Loan Portfolio

Typical risk elements in a loan portfolio include:

loans accounted for on a nonaccrual basis (nonaccrual loans);

accruing loans that are contractually past due 90 days or more as to interest or principal payments;

loans that are troubled debt restructurings as defined in ASC Topic 310-40, Receivables, Troubled Debt Restructurings by Creditors ; (the above three types of loans are collectively referred to as nonperforming loans);

other real estate and foreclosed assets (together with nonperforming loans, collectively referred to as nonperforming assets);

loans where there are serious doubts as to the ability of the borrower to comply with the present loan repayment terms; and

significant industry concentrations (such as real estate, energy or agricultural loans).

Nonperforming assets do not necessarily represent future losses to American State since underlying collateral can be sold or the financial condition of the borrower may improve. The following table sets forth in detail the categories of nonperforming assets:

	2011	2010	2009	2008	2007
	(Dollars in thousands)				
Nonaccrual loans	\$ 8,896	\$ 10,403	\$ 10,404	\$ 14,963	\$ 941
Loans 90 days or more past due and still accruing interest	37	26	4,617		11
Troubled debt restructurings still accruing interest		302	12,877	520	
Other real estate and foreclosed assets	292	849	2,014	1,221	525
Total nonperforming assets	\$ 9,225	\$ 11,580	\$ 29,912	\$ 16,704	\$ 1,477

The amount of troubled debt restructurings included in nonaccrual loans as of December 31, 2011, 2010, 2009, 2008 and 2007 was \$5.1 million, \$2.2 million, \$4.0 million, \$3.0 million and \$0, respectively.

The accrual of interest on real estate, agricultural and commercial loans is discontinued at the time the loan is 90 days delinquent unless the credit is well secured and in process of collection. Personal loans are typically charged-off no later than 180 days past due. In all cases, loans are placed on nonaccrual or charged-off at an earlier date if collection of principal or interest is considered doubtful.

Edgar Filing: PROSPERITY BANCSHARES INC - Form S-4/A

All interest accrued but not collected for loans that are placed on nonaccrual or charged-off are reversed against interest income. The interest on these loans is accounted for on the cash-basis or cost-recovery method until qualifying for return to accrual. Loans are returned to accrual status when all the principal and interest amounts contractually due are brought current and future payments are reasonably assured.

Table of Contents*Allowance for Loan Losses*

The allowance for loan losses provides a reserve against which loan losses are charged as those losses become evident. Management evaluates the appropriate level of the allowance for loan losses on a monthly basis. The analysis takes into consideration the results of an ongoing loan review process, the purpose of which is to determine the level of credit risk within the portfolio and to ensure proper adherence to underwriting and documentation standards. Additional allowances are provided to those loans which appear to represent a greater than normal exposure to risk. In addition, estimates are made for potential losses on loans not specifically reviewed based on historical loan loss experience and other factors and trends.

The following table summarizes the activity in the allowance for loan losses for the years ended December 31:

Table of Contents*Deposits*

Deposits represent American State's primary and most vital source of funds. The fundamental use of funds available to American State is to build earning assets, principally in the form of loans and investment securities. American State's total deposits were \$2.460 billion at December 31, 2011, \$2.157 billion at December 31, 2010 and \$1.932 billion at December 31, 2009. This represents an overall increase during these periods of 27.32%. Management believes that demand, savings, money market accounts and certificates of deposit less than \$100,000 represent a core base of deposits while certificates of deposit of \$100,000 or more and public funds are more subject to interest rate variations and, thus, are not included in the core deposit base. The levels of core deposits were \$1.729 billion at December 31, 2011, \$1.525 billion at December 31, 2010, and \$1.411 billion at December 31, 2009. This represents an increase in core deposits during those periods of 22.52%.

The following tables indicate the mix and levels of deposits at December 31, 2011, 2010 and 2009:

Table of Contents

Time deposits issued in amounts of \$100,000 or more represent the type of deposit most likely to affect American State's future earnings because of interest rate sensitivity. The effective cost of these funds is generally higher than other time deposits because the funds are usually obtained at premium rates of interest. Management believes, however, that American State's time deposits of \$100,000 or more exhibit core deposit characteristics. Further, these time deposits do not include any brokered deposits. The following table sets forth the amount and maturities of time deposits of \$100,000 or more at December 31, 2011:

	Amount (Dollars in thousands)
Three months or less	\$ 152,291
Over three through six months	233,301
Over six through twelve months	40,997
Over twelve months	5,484
Total time deposits of \$100,000 or more	\$ 432,073

Securities Sold Under Repurchase Agreements

Securities sold under agreements to repurchase consist of obligations of American State to other parties. The obligations are secured by U.S. agency and other securities and such collateral is held by a third-party safekeeping agent. Repurchase agreements have increased during the period from December 31, 2009 to December 31, 2011. American State's total repurchase agreements were \$323.1 million at December 31, 2011, \$265.1 million at December 31, 2010 and \$226.4 million at December 31, 2009. This represents an overall increase during these periods of 42.67%. The agreements at December 31, 2011 mature within one day to 29 months.

Liquidity and Rate Sensitivity

Liquidity is the measure of American State's ability to meet its customers' present and future deposit withdrawals or increased loan demand without penalizing earnings. Interest rate sensitivity involves the relationships between rate-sensitive assets and liabilities and is an indication of the probable effects of interest rate fluctuations on American State's net interest income. Management uses no off-balance-sheet derivatives to manage this interest rate risk.

Liquidity is provided for American State by projecting credit demand and other financial needs and then maintaining sufficient cash and assets readily convertible into cash to meet these projected requirements. American State provides for its liquidity needs through core deposits, maturing loans, scheduled maturities of securities and excess deposits with the Federal Reserve and federal funds sold. Cash, excess deposits with the Federal Reserve and federal funds sold were \$170.1 million at December 31, 2011, \$248.1 million at December 31, 2010, and \$81.9 million at December 31, 2009. These levels represent an increase of 203% from 2009 to 2010 and a decrease of 31% from 2010 to 2011 and are considered by American State to be adequate in view of projected liquidity needs.

Interest rate-sensitive assets and liabilities are those with yields or rates subject to change within a future time period due to maturity or changes in market rates. An ongoing objective of the use of American State's asset/liability model is to monitor gaps between rate-adjustable assets and liabilities and to make sure these gaps fall within the board approved ranges given the current interest rate market. The model is also used to project future net interest income under a set of possible interest rate movements during a 12 month period.

As of December 31, 2011, using an assumption that interest rates remain unchanged over the next 12 months, the model projected a 14 basis point decline in the net interest margin. Model simulations also projected that instantaneous and sustained 100 and 200 basis point increases in interest rates would result in decreases in

Table of Contents

the net interest margin of 17 and 42 basis points, respectively, compared to the unchanged rates scenario over the next 12 months. An instantaneous and sustained decrease in interest rates of 100 basis points would result in a negative variance in the net interest margin of 24 basis points as compared to the unchanged interest rate scenario over the next 12 months. The likelihood of a decrease in interest rates beyond 100 basis points as of December 31, 2011 is considered remote given current interest rate levels.

The Asset and Liability Committee of ASB reviews this information to determine if the projected future net interest income levels would be acceptable. American State attempts to stay within acceptable gap levels and net interest income levels by matching as close as possible rate-adjustable assets and liabilities with similar maturity horizons. Management realizes, however, that there are limits to these efforts because of lower loan volume compared to the high level of deposits and the need to invest in loans and securities that will maximize yield rather than match shorter-term interest-sensitive liabilities.

Capital

The strength of its capital position determines the ability of a financial institution to take advantage of growth opportunities and handle unforeseen financial difficulties. American State's shareholders' equity was \$279.7 million at December 31, 2011, \$250.8 million at December 31, 2010, and \$231.8 million at December 31, 2009. This represents an increase of \$19.0 million or 8.20% from 2009 to 2010 and an increase of \$28.9 million or 11.51% from 2010 to 2011.

American State's average equity to average assets ratio was 9.54%, 9.99% and 10.05%, respectively, as of December 31, 2011, 2010 and 2009.

American State is subject to various regulatory capital requirements administered by the federal banking agencies. Failure to meet minimum capital requirements can initiate certain actions by regulators that, if undertaken, could have a direct material effect on American State's financial statements. Under capital adequacy guidelines and the regulatory framework for prompt corrective action, American State must meet specific capital guidelines that involve quantitative measures of American State's assets, liabilities, and certain off-balance sheet items as calculated under regulatory accounting practices. American State's capital amounts and classification are also subject to qualitative judgments by the regulators about components, risk weightings, and other factors.

As of December 31, 2011, the most recent notification from the FDIC categorized ASB as well capitalized under the regulatory framework for prompt corrective action. To be categorized as well capitalized, ASB must maintain certain levels of Total and Tier 1 Capital to risk-weighted assets and Tier 1 Capital to quarterly average asset ratios. There are no conditions or events since that notification that management believes have changed ASB's category.

Table of Contents

Quantitative measures established by regulation to ensure capital adequacy require American State to maintain minimum amounts and ratios of Total and Tier 1 Capital (as defined in the regulations) to risk-weighted assets (as defined), and of Tier 1 Capital (as defined) to average quarterly assets (as defined). American State shareholders are advised to obtain the current stock quotation for Prosperity common stock. The market price of Prosperity common stock will fluctuate from the date of this proxy statement/prospectus to the date of completion of the merger. Because the number of shares of Prosperity common stock to be issued in the merger is fixed, the value of the total merger consideration you will receive will fluctuate based on the market price of the Prosperity common stock. Further, the cash portion of the merger consideration is subject to decrease based on the equity capital of American State. Accordingly, you will not know the exact amount of cash or the value of the stock portion of the merger consideration you will receive in connection with the merger when you vote on the reorganization agreement.

After the merger, Prosperity currently expects to pay (when, as and if declared by Prosperity's board of directors out of funds legally available for that purpose) regular quarterly cash dividends. While Prosperity currently pays dividends on its common stock, there is no assurance that it will continue to pay dividends in the future. Future dividends on Prosperity common stock will depend upon its earnings and financial condition, liquidity and capital requirements, the general economic and regulatory climate, its ability to service any equity or debt obligations senior to the common stock and other factors deemed relevant by the board of directors of Prosperity.

As a holding company, Prosperity is ultimately dependent upon its subsidiaries to provide funding for its operating expenses, debt service and dividends. Various banking laws applicable to Prosperity Bank limit the payment of dividends and other distributions by Prosperity Bank to Prosperity, and may therefore limit Prosperity's ability to pay dividends on its common stock. If required payments on Prosperity's outstanding junior subordinated debentures held by its unconsolidated subsidiary trusts are not made or are suspended, Prosperity will be prohibited from paying dividends on its common stock. Regulatory authorities could impose administratively stricter limitations on the ability of Prosperity Bank to pay dividends to Prosperity if such limits were deemed appropriate to preserve certain capital adequacy requirements.

The most recent trade of American State's common stock occurred on May 26, 2011, when 350 shares were traded at a price of \$123.00 per share. There have been other limited transfers of American State's common stock that are not reflected in the table above which were excluded as they were transferred between related parties (as gifts or to trusts or estates). Because of limited trading, the prices described above may not be representative of the actual or fair value of American State's common stock.

American State is not obligated to register its common stock or, upon any registration, to create a market for its stock.

For the years ended December 31, 2010, and December 31, 2011, American State paid a quarterly dividend of \$0.25 per share, for a total of \$1.00 per share for each year. American State also paid special dividends in 2010 and 2011. In 2010, a special dividend of \$7.00 per share was paid and in 2011, a special dividend of \$8.00 per share was paid, for total dividends of \$8.00 per share in 2010 and \$9.00 per share in 2011.

American State's shareholders are entitled to receive dividends out of legally available funds as and when declared by American State's board of directors, in its sole discretion. As a Texas corporation, American State is subject to certain restrictions on dividends under the Texas Business Organizations Code. Generally, a Texas corporation may pay dividends to its shareholders out of its surplus (the excess of its assets over its liabilities and stated capital) unless the corporation is insolvent or the payment of the dividend would render the corporation insolvent.

As a bank holding company with consolidated assets of over \$500 million, American State must maintain certain minimum capital standards in accordance with guidelines adopted by the Federal Reserve. The Federal Reserve's guidelines are intended to provide a measure of capital that reflects the degree of risk associated with a banking organization's operations for both transactions reported on the balance sheet as assets and transactions, such as letters of credit and recourse arrangements, which are recorded as off-balance sheet items. Under these capital guidelines, the Federal Reserve assigns a risk weight factor of 0% to 100% to each category of assets

Table of Contents

based generally on the perceived credit risk of the asset class. The risk weights are then multiplied by the corresponding asset balances to determine a risk weighted asset base. At least half of a bank's risk-based capital must consist of core (Tier 1) capital, which is comprised of (1) common shareholders' equity (includes common stock and any related surplus, undivided profits, disclosed capital reserves that represent a segregation of undivided profits, and foreign currency translation adjustments; less net unrealized losses on marketable equity securities); (2) certain noncumulative perpetual preferred stock and related surplus; and (3) minority interests in the equity capital accounts of consolidated subsidiaries, and excludes goodwill and intangible assets. The remainder, supplementary (Tier 2) capital, may consist of (1) allowance for loan and lease losses, up to a maximum of 1.25% of risk weighted assets; (2) certain perpetual preferred stock and related surplus; (3) hybrid capital instruments; (4) perpetual debt; (5) mandatory convertible debt securities; (6) term subordinated debt; (7) intermediate term preferred stock; and (8) certain unrealized holding gains on equity securities. Total risk based capital is determined by combining core capital and supplementary capital.

Under the Federal Reserve's regulatory capital guidelines, American State must maintain a Tier 1 capital to adjusted total assets ratio of at least 4.0%, a Tier 1 capital to risk weighted assets ratio of at least 4.0%, and a total risk based capital to risk weighted assets ratio of at least 8.0%. As of December 31, 2011, American State had a ratio of Tier 1 capital to adjusted total assets of 8.15%, a ratio of Tier 1 capital to risk-weighted assets of 15.03%, and a ratio of total risk based capital to risk-weighted assets of 16.29%. As of that date, American State could have paid a dividend of \$114 million and still met these minimum capital requirements.

Further, consistent with its policy that bank holding companies should serve as a source of financial strength for their subsidiary banks, the Federal Reserve has stated that, as a matter of prudent banking, a bank holding company generally should not maintain a rate of dividends to shareholders unless its net income available has been sufficient to fully fund the dividends, and the prospective rate of earnings retention appears consistent with the bank holding company's capital needs, asset quality and overall financial condition.

American State does not engage in separate business activities of a material nature. As a result, American State's ability to pay dividends depends upon the dividends received from ASB. As a Texas-chartered banking association, ASB's ability to pay dividends is restricted by certain laws and regulations. Under the Texas Finance Code, ASB generally may not pay a dividend that would reduce its capital or surplus without the prior approval of the Texas Banking Commissioner. All dividends must be paid out of net profits then on hand, after deducting expenses, including losses and provisions for loan losses.

In addition to Texas law restrictions on ASB's ability to pay dividends, under the Federal Deposit Insurance Corporation Improvement Act, ASB may not pay any dividend if the payment of the dividend would cause ASB to become undercapitalized or if ASB is undercapitalized. The FDIC may further restrict the payment of dividends by requiring that ASB maintain a higher level of capital than would otherwise be required to be adequately capitalized for regulatory purposes. Moreover, if, in the opinion of the FDIC, ASB is engaged in an unsound practice (which could include the payment of dividends), the FDIC may require, generally after notice and hearing, that ASB cease such practice. The FDIC has indicated that paying dividends that deplete a depository institution's capital base to an inadequate level would be an unsafe banking practice. Moreover, the FDIC has also issued policy statements providing that insured depository institutions generally should pay dividends only out of current operating earnings. Under regulatory capital guidelines, ASB must maintain a Tier 1 capital to adjusted total assets ratio of at least 4.0%, a Tier 1 capital to risk weighted assets ratio of at least 4.0%, and a total risk based capital to risk weighted assets ratio of at least 8.0%. As of December 31, 2011, ASB had a ratio of Tier 1 capital to adjusted total assets of 8.03%, a ratio of Tier 1 capital to risk-weighted assets of 14.83%, and a ratio of total risk based capital to risk-weighted assets of 16.09%. As of that date, ASB could have paid a dividend of \$111 million and still met these minimum capital requirements.

DESCRIPTION OF PROSPERITY CAPITAL STOCK

General

Prosperity has authorized two classes of stock: (a) 200,000,000 authorized shares of Prosperity common stock, par value \$1.00 per share, 47,456,041 shares of which were outstanding as of April 24, 2012; and (b) 20,000,000 authorized shares of preferred stock, par value \$1.00 per share, none of which have been issued. The following summary is qualified in its entirety by reference to the articles of incorporation and bylaws of Prosperity.

Prosperity Common Stock

The holders of Prosperity common stock are entitled to one vote for each share of Prosperity common stock owned. Except as expressly provided by law and except for any voting rights that may be conferred on any shares of preferred stock issued by the Prosperity board, all voting power is in Prosperity common stock. Holders of Prosperity common stock may not cumulate their votes for the election of directors. Holders of Prosperity common stock do not have preemptive rights to acquire any additional, unissued or treasury shares of Prosperity, or securities of Prosperity convertible into or carrying a right to subscribe to or acquire shares of Prosperity.

Holders of Prosperity common stock will be entitled to receive dividends out of funds legally available therefor, if and when properly declared by the Prosperity board. However, the Prosperity board may not declare or pay cash dividends on Prosperity common stock, and no Prosperity common stock may be purchased by Prosperity, unless full dividends on outstanding preferred stock for all past dividend periods and for the current dividend period, if any, have been declared and paid.

On liquidation of Prosperity, the holders of Prosperity common stock are entitled to share pro rata in any distribution of the assets of Prosperity, after the holders of shares of preferred stock have received the liquidation preference of their shares plus any cumulated but unpaid dividends, whether or not earned or declared, if any, and after all other indebtedness of Prosperity has been retired.

Prosperity Preferred Stock

The Prosperity preferred stock is available for issuance from time to time for various purposes as determined by the Prosperity board, including making future acquisitions, raising additional equity capital and financing. Subject to certain limits set by the Prosperity articles, the preferred stock may be issued on such terms and conditions, and at such times and in such situations, as the Prosperity board in its sole discretion determines to be appropriate, without any further approval or action by the shareholders, unless otherwise required by laws, rules, regulations or agreements applicable to Prosperity.

Moreover, except as otherwise limited by the Prosperity articles or applicable laws, rules or regulations, the Prosperity board has the sole authority to determine the relative rights and preferences of the preferred stock and any series thereof without shareholder approval. The Prosperity articles require all shares of preferred stock to be identical, except as to the following characteristics, which may vary between different series of preferred stock:

dividend rate, preference of dividend with respect to any other class or series of stock, and cumulativeness, non-cumulativeness or partial cumulativeness of dividends;

redemption price and terms, including, to the extent permitted by law, the manner in which shares are to be chosen for redemption if less than all the shares of a series are to be redeemed;

sinking fund provisions, if any, for the redemption or purchase of shares;

the amount payable upon shares in the event of voluntary or involuntary liquidation;

Edgar Filing: PROSPERITY BANCSHARES INC - Form S-4/A

the terms and conditions on which shares may be converted, if the shares of any series are issued with the privilege of conversion;
and

voting rights.

The Prosperity board does not intend to seek shareholder approval prior to any issuance of preferred stock or any series thereof, unless otherwise required by law or the rules of any applicable securities exchange. Under Texas law, shareholder approval prior to the issuance of shares of Prosperity common stock is required in connection with certain mergers. Frequently, opportunities arise that require prompt action, such as the possible acquisition of a property or business or the private sale of securities, and it is the belief of the Prosperity board that the delay necessary for shareholder approval of a specific issuance could be to the detriment of Prosperity and its shareholders.

The preferred stock could be deemed to have an anti-takeover effect in that, if a hostile takeover situation should arise, shares of preferred stock could be issued to purchasers sympathetic with Prosperity's management or others in such a way as to render more difficult or to discourage a merger, tender offer, proxy contest, the assumption of control by a holder of a large block of Prosperity's securities or the removal of incumbent management.

The effects of the issuance of the preferred stock on the holders of Prosperity common stock could include:

reduction of the amount otherwise available for payments of dividends on Prosperity common stock if dividends are payable on the series of preferred stock;

restrictions on dividends on Prosperity common stock if dividends on the series of preferred stock are in arrears;

dilution of the voting power of Prosperity common stock if the series of preferred stock has voting rights, including a possible veto power if the series of preferred stock has class voting rights;

dilution of the equity interest of holders of Prosperity common stock if the series of preferred stock is convertible, and is converted, into Prosperity common stock; and

restrictions on the rights of holders of Prosperity common stock to share in Prosperity's assets upon liquidation until satisfaction of any liquidation preference granted to the holders of the series of preferred stock.

American State Financial Corporation

We have audited the accompanying consolidated balance sheets of American State Financial Corporation (Corporation) as of December 31, 2011 and 2010, and the related consolidated statements of income, stockholders' equity and cash flows for each of the years in the three-year period ended December 31, 2011. These financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of American State Financial Corporation as of December 31, 2011 and 2010, and the results of its operations and its cash flows for each of the years in the three-year period ended December 31, 2011, in conformity with accounting principles generally accepted in the United States of America.

We also have examined, in accordance with attestation standards established by the American Institute of Certified Public Accountants, American State Financial Corporation's internal control over financial reporting as of December 31, 2011, based on criteria established in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) and our report dated February 7, 2012, expressed an unqualified opinion on the effectiveness of the Corporation's internal control over financial reporting.

Audit Committee and Board of Directors

American State Financial Corporation

Lubbock, Texas

We have examined American State Financial Corporation's (Corporation's) internal control over financial reporting as of December 31, 2011, based on criteria established in *Internal Control - Integrated Framework*, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). The Corporation's management is responsible for maintaining effective internal control over financial reporting and for its assertion of the effectiveness of internal control over financial reporting included in the accompanying management's report on internal control over financial reporting. Our responsibility is to express an opinion on the Corporation's internal control over financial reporting based on our examination.

We conducted our examination in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our examination included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our examination also included performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

An entity's internal control over financial reporting is a process, effected by those charged with governance, management and other personnel, designed to provide reasonable assurance regarding the preparation of reliable financial statements in accordance with accounting principles generally accepted in the United States of America. Because management's assessment and our examination were conducted to meet the reporting requirements of Section 112 of the Federal Deposit Insurance Corporation Improvement Act (FDICIA), our examination of the Corporation's internal control over financial reporting included controls over the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America and with the instructions to the Consolidated Financial Statements for Bank Holding Companies (Form FR Y-9-C). An entity's internal control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the entity; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States of America and that receipts and expenditures of the entity are being made only in accordance with authorizations of management and those charged with governance; and (3) provide reasonable assurance regarding prevention or timely detection and correction of unauthorized acquisition, use or disposition of the entity's assets that could have a material effect on the financial statements.

Table of Contents

Because of its inherent limitations, internal control over financial reporting may not prevent or detect and correct misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, American State Financial Corporation maintained, in all material respects, effective internal control over financial reporting as of December 31, 2011, based on criteria established in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

We also have audited, in accordance with auditing standards generally accepted in the United States of America, the consolidated financial statements of the Corporation as of and for the year ended December 31, 2011, and our report dated February 7, 2012, expressed an unqualified opinion thereon.

American State Financial Corporation

Notes to Consolidated Financial Statements

December 31, 2011, 2010 and 2009

Note 1: Nature of Operations and Summary of Significant Accounting Policies

Nature of Operations

American State Financial Corporation (the Corporation) provides a variety of financial services to individuals and corporate customers in the South Plains, West Texas and North Central areas of the State of Texas. The Corporation's primary deposit products are demand deposits and time and savings accounts. Its primary lending products are real estate, commercial (including oil and gas related) and agriculture loans. The Corporation also provides trust services. The Corporation is subject to the regulation of certain federal and state agencies and undergoes periodic examinations by those regulatory authorities.

Principles of Consolidation

The consolidated financial statements include the accounts of the Corporation and its wholly owned subsidiary American State Bank (the Bank). All significant intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Material estimates that are particularly susceptible to significant change relate to the determination of the allowance for loan losses and the valuation of real estate acquired in connection with foreclosures or in satisfaction of loans. In connection with the determination of the allowance for loan losses and the valuation of foreclosed assets held for sale, management obtains independent appraisals for significant properties.

Cash Equivalents

The Corporation considers all liquid investments with original maturities of three months or less to be cash equivalents.

Effective July 21, 2010, the FDIC's insurance limits were permanently increased to \$250,000. Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act enacted in 2010, the FDIC will fully insure all noninterest-bearing transaction accounts beginning December 31, 2010 through December 31, 2012, at all FDIC-insured institutions.

Securities

Certain debt securities that management has the positive intent and ability to hold to maturity are classified as held to maturity and recorded at amortized cost. Trading securities are recorded at fair value with changes in fair value included in earnings. The Corporation had no trading securities at December 31, 2011 and 2010. Securities not classified as held to maturity or trading, including equity securities with readily determinable fair values, are classified as available-for-sale and recorded at fair value, with unrealized gains and losses excluded from earnings and reported in other comprehensive income. Purchase premiums and discounts are recognized in interest income using the interest method over the terms of the securities. Gains and losses on the sale of securities are recorded on the trade date and are determined using the specific identification method.

American State Financial Corporation

Notes to Consolidated Financial Statements

December 31, 2011, 2010 and 2009

For debt securities with fair value below amortized cost, when the Corporation does not intend to sell a debt security, and it is more likely than not, the Corporation will not have to sell the security before recovery of its cost basis, it recognizes the credit component of an other-than-temporary impairment of a debt security in earnings and the remaining portion in other comprehensive income. For held-to-maturity debt securities, the amount of an other-than-temporary impairment recorded in other comprehensive income for the noncredit portion of a previous other-than-temporary impairment is amortized prospectively over the remaining life of the security on the basis of the timing of future estimated cash flows of the security.

There were no other-than-temporary impairments recorded in the years ended December 31, 2011, 2010 and 2009.

Loans Held for Sale

Mortgage loans originated and intended for sale in the secondary market are carried at the lower of cost or fair value in the aggregate. Net unrealized losses, if any, are recognized through a valuation allowance by charges to noninterest income. There were no unrealized losses recognized during the years ended December 31, 2011, 2010 and 2009. Gains and losses on loan sales are recorded in noninterest income.

Loans

Loans that management has the intent and ability to hold for the foreseeable future or until maturity or payoffs are reported at their outstanding principal balances adjusted for unearned income, charge-offs, the allowance for loan losses, any unamortized deferred fees or costs on originated loans and unamortized premiums or discounts on purchased loans. Interest income is reported on the interest method.

The accrual of interest on real estate, agricultural and commercial loans is discontinued at the time the loan is 90 days delinquent unless the credit is well secured and in process of collection. Personal loans are typically charged-off no later than 180 days past due. In all cases, loans are placed on nonaccrual or charged-off at an earlier date if collection of principal or interest is considered doubtful.

All interest accrued but not collected for loans that are placed on nonaccrual or charged-off are reversed against interest income. The interest on these loans is accounted for on the cash-basis or cost-recovery method until qualifying for return to accrual. Loans are returned to accrual status when all the principal and interest amounts contractually due are brought current and future payments are reasonably assured.

Allowance for Loan Losses

The allowance for loan losses is established as losses are estimated to have occurred through a provision for loan losses charged to income. Loan losses are charged against the allowance when management believes the uncollectability of a loan balance is confirmed. Subsequent recoveries, if any, are credited to the allowance.

The allowance for loan losses is evaluated on a regular basis by management and is based upon management's periodic review of the collectability of the loans in light of historical experience, the nature and volume of the loan portfolio, adverse situations that may affect the borrower's ability to repay, estimated value of any underlying collateral and prevailing economic conditions. This evaluation is inherently subjective as it requires estimates that are susceptible to significant revision as more information becomes available.

The allowance consists of allocated and general components. The allocated component relates to loans that are classified as impaired and unimpaired loans that are classified due to performance, financial trends or

Table of Contents

American State Financial Corporation

Notes to Consolidated Financial Statements

other factors. For those loans that are classified, an allowance is established when the discounted cash flows (or collateral value or observable market price) of the loan is lower than the carrying value of that loan. The general component covers nonclassified loans and is based on historical charge-off experience and expected loss given default derived from the Corporation's internal risk rating process. Other adjustments may be made to the allowance for pools of loans after an assessment of internal or external influences on credit quality that are not fully reflected in the historical loss or risk rating data.

A loan is considered impaired when, based on current information and events, it is probable that the Corporation will be unable to collect the scheduled payments of principal or interest when due according to the contractual terms of the loan agreement. Factors considered by management in determining impairment include payment status, collateral value and the probability of collecting scheduled principal and interest payments when due. Loans that experience insignificant payment delays and payment shortfalls generally are not classified as impaired. Management determines the significance of payment delays and payment shortfalls on a case-by-case basis, taking into consideration all of the circumstances surrounding the loan and the borrower, including the length of the delay, the reasons for the delay, the borrower's prior payment record and the amount of the shortfall in relation to the principal and interest owed. Impairment is measured on a loan-by-loan basis for commercial and construction loans by either the present value of expected future cash flows discounted at the loan's effective interest rate, the loan's obtainable market price or the fair value of the collateral if the loan is collateral dependent.

Large groups of smaller balance homogenous loans are collectively evaluated for impairment. Accordingly, the Corporation does not separately identify individual consumer and residential loans for impairment measurements, unless such loans are the subject of a restructuring agreement due to financial difficulties of the borrower.

Premises and Equipment

Depreciable assets are stated at cost less accumulated depreciation. Depreciation is charged to expense using the straight-line method over the estimated useful lives of the assets, which generally range from 15 to 20 years for buildings and 3 to 10 years for remaining assets.

Foreclosed Assets Held for Sale

Assets acquired through, or in lieu of, loan foreclosure are held for sale and are initially recorded at fair value at the date of foreclosure, establishing a new cost basis. Subsequent to foreclosure, valuations are periodically performed by management and the assets are carried at the lower of carrying amount or fair value less cost to sell. Revenue and expenses from operations and changes in the valuation are included in net income or expense from foreclosed assets.

Goodwill

Goodwill is tested annually for impairment. If the implied fair value of goodwill is lower than its carrying amount, a goodwill impairment is indicated and goodwill is written down to its implied fair value. Subsequent increases in goodwill value are not recognized in the financial statements. An impairment analysis was performed for the years ending December 31, 2011, 2010 and 2009, and it was determined that there was no impairment loss.

Treasury Stock

Common stock shares repurchased are recorded at cost.

Stock Options

At December 31, 2011 and 2010, the Corporation has two share-based employee compensation plans, which are described more fully in *Note 13*.

Income Taxes

The Corporation accounts for income taxes in accordance with income tax accounting guidance (ASC 740, *Income Taxes*). The income tax accounting guidance results in two components of income tax expense: current and deferred. Current income tax expense reflects taxes to be paid or refunded for the current period by applying the provisions of the enacted tax law to the taxable income or excess of deductions over revenues. The Corporation determines deferred income taxes using the liability (or balance sheet) method. Under this method, the net deferred tax asset or liability is based on the tax effects of the differences between the book and tax bases of assets and liabilities, and enacted changes in tax rates and laws are recognized in the period in which they occur.

Deferred income tax expense results from changes in deferred tax assets and liabilities between periods. Deferred tax assets are recognized if it is more likely than not, based on the technical merits, that the tax position will be realized or sustained upon examination. The term more likely than not means a likelihood of more than 50 percent; the terms examined and upon examination also included resolution of the related appeals or litigation processes, if any. A tax position that meets the more-likely-than-not recognition threshold is initially and subsequently measured as the largest amount of tax benefit that has a greater than 50 percent likelihood of being realized upon settlement with a taxing authority that has full knowledge of all relevant information. The determination of whether or not a tax position has met the more-likely-than-not recognition threshold considers the facts, circumstances and information available at the reporting date and is subject to the management's judgment. Deferred tax assets are reduced by a valuation allowance if, based on the weight of evidence available, it is more likely than not that some portion or all of a deferred tax asset will not be realized. At December 31, 2011 and 2010, a valuation allowance was not considered necessary.

The Corporation recognizes interest and penalties on income taxes as a component of income tax expense.

The Corporation files consolidated income tax returns with its subsidiary.

Earnings Per Share

Basic earnings per share represent income available to common stockholders divided by the weighted-average number of common shares outstanding during each period. Diluted earnings per share reflect additional potential common shares that would have been outstanding if dilutive potential common shares had been issued, as well as any adjustment to income that would result from the assumed issuance. The average market price per share for diluted earnings per share calculations was based upon treasury stock purchases and other offers to purchase the common shares of the Corporation. Potential common shares that may be issued by the Corporation relate solely to outstanding stock options and are determined using the treasury stock method.

Treasury stock shares are not deemed outstanding for earnings per share calculations.

Transfers of Financial Assets

Transfers of financial assets are accounted for as sales, when control over the assets has been surrendered. Control over transferred assets is deemed to be surrendered when (1) the assets have been isolated from the Corporation put presumptively beyond the reach of the transferor and its creditors, even in bankruptcy or other receivership, (2) the transferee obtains the right (free of conditions that constrain it from taking advantage of that right) to pledge or exchange the transferred assets and (3) the Corporation does not maintain effective control over the transferred assets through an agreement to repurchase them before their maturity or the ability to unilaterally cause the holder to return specific assets.

Recent Accounting Pronouncements

ASU 2011-04, *Fair Value Measurement (Topic 820) Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS*. ASU 2011-04 clarifies how fair values should be measured for instruments classified in stockholders' equity and under what circumstances premiums and discounts should be applied in fair value measurements. The guidance also permits entities to measure fair value on a net basis for financial instruments that are managed based on net exposure to market risks or counterparty credit risks. Required new disclosures for financial instruments classified as Level 3 fair values include (1) quantitative information about unobservable inputs used in measuring fair values, (2) qualitative discussion of the sensitivity of fair value measurements to changes in unobservable inputs and (3) a description of the valuation processes used. ASU 2011-04 also requires disclosure of fair value levels for financial instruments that are not recorded at fair value but for which fair value is required to be disclosed. ASU 2011-04 will be effective for the Corporation prospectively for annual periods beginning on January 1, 2012. Adoption of ASU 2011-04 is not expected to have a material impact on the Corporation's financial statements.

ASU 2011-05, *Comprehensive Income (Topic 220) Presentation of Comprehensive Income*. ASU 2011-05 amends Topic 220, *Comprehensive Income*, to require that all non-owner changes in shareholders' equity be

presented in either a single continuous statement of comprehensive income or in two separate but consecutive statements. Additionally, ASU 2011-05 requires entities to present, on the face of the financial statements, reclassification adjustments for items that are reclassified from other comprehensive income to net income in the statement or statements where the components of net income and the components of other comprehensive income are presented. The option to present components of other comprehensive income as part of the statement of changes in shareholders' equity was eliminated. ASU 2011-05 is effective for annual periods beginning after December 15, 2011, and will require that the Corporation change its presentation of comprehensive income.

ASU 2011-08, *Intangibles - Goodwill and Other (Topic 350) - Testing Goodwill for Impairment*. ASU 2011-08 amends Topic 350, *Intangibles - Goodwill and Other*, to give entities the option to first assess qualitative factors to determine whether the existence of events or circumstances leads to a determination that it is more likely than not that the fair value of a reporting unit is less than its carrying amount. If, after assessing the totality of events or circumstances, an entity determines it is not more likely than not that the fair value of a reporting unit is less than its carrying amount, then performing the two-step impairment test is unnecessary. However, if an entity concludes otherwise, then it is required to perform the first step of the two-step impairment test by calculating the fair value of the reporting unit and comparing the fair value with the carrying amount of the reporting unit. ASU 2011-08 is effective for annual and interim impairment tests beginning after December 15, 2011, and is not expected to have a significant impact on the Corporation's financial statements.

ASU 2011-12, *Comprehensive Income (Topic 220) - Deferral of the Effective Date for Amendments to the Presentation of Reclassifications of Items Out of Accumulated Other Comprehensive Income in Accounting Standards Update No. 2011-05*. ASU 2011-12 defers changes in ASU No. 2011-05 that relate to the presentation of reclassification adjustments to allow the FASB time to redeliberate whether to require presentation of such adjustments on the face of the financial statements to show the effects of reclassifications out of accumulated other comprehensive income on the components of net income and other comprehensive income. ASU 2011-12 allows entities to continue to report reclassifications out of accumulated other comprehensive income consistent with the presentation requirements in effect before ASU No. 2011-05. All other requirements in ASU No. 2011-05 are not affected by ASU No. 2011-12. ASU 2011-12 is effective for annual periods beginning after December 15, 2011, and is not expected to have a significant impact on the Corporation's financial statements.

Reclassifications

Certain reclassifications have been made to the 2010 and 2009 financial statements to conform to the 2011 financial statement presentation. These reclassifications had no effect on net income.

Note 2: Restriction on Cash and Due From Banks

The Bank is required to maintain reserve funds in cash and/or on deposit with the Federal Reserve Bank. The reserve required at December 31, 2011 was \$11,082,000.

Table of Contents**American State Financial Corporation****Notes to Consolidated Financial Statements****December 31, 2011, 2010 and 2009**

The carrying value of securities pledged as collateral, to secure public deposits and for other purposes, was \$961,707,000 at December 31, 2011 and \$774,808,000 at December 31, 2010.

Gross gains of \$2,409,740, \$1,009,374 and \$940,749 and gross losses of (\$1,268,043), \$-0- and (\$2,391) resulting from sales of available-for-sale securities were realized for 2011, 2010 and 2009, respectively.

During 2011, the Corporation sold a total of \$12,983,137 of held-to-maturity securities for \$13,550,371, resulting in a realized gain of \$567,234. During 2010, the Corporation did not sell any held-to-maturity securities. During 2009, the Corporation sold a total of \$5,230,437 of held-to-maturity securities for \$5,404,260, resulting in a realized gain of \$173,823. These sales were permissible under investment accounting guidance as the Corporation had collected greater than 85% of the principal outstanding at acquisition.

Certain investments in debt securities have fair values that are less than their historical cost. Total fair value of these investments at December 31, 2011 and 2010, was \$213,159,976 and \$237,969,197, which is approximately 13% and 19%, respectively, of the Corporation's available-for-sale and held-to-maturity investment portfolio. These declines primarily resulted from recent changes in market interest rates over the yield available at the time the underlying securities were purchased. Management believes the declines in fair value for these securities are temporary.

The following table shows the Corporation's investments' gross unrealized losses and fair value of the Corporation's investments with unrealized losses that are not deemed to be other-than-temporarily impaired, aggregated by investment category and length of time that individual securities have been in a continuous unrealized loss position at December 31, 2011 and 2010:

Management believes that the current level of allowance for loan losses is an adequate estimate of probable losses within the loan portfolio at December 31, 2011 and 2010. This determination of adequacy is based upon factors previously mentioned and requires the use of judgments that may change in the future. Any changes in the factors used by management or the availability of new information could cause the allowance for loan losses to be adjusted in future periods.

The following table shows an analysis of the allowance for loan losses by portfolio segment for the years ended December 31, 2011 and 2010:

Activity in the allowance for loan losses for the year ended December 31, 2009 was as follows:

Balance, beginning of year	\$ 14,000,000

Losses charged off, net of recoveries of \$381,139	(9,288,761)

As needed, management may also increase the unallocated portion of the allowance for loan losses based upon economic conditions within one or several sectors of the loan portfolio. Additions of this nature are not allocated to any one loan or category of loans. During the year ended December 31, 2011, management recorded approximately \$4,100,000 in such general reserve provisions for probable loan losses. A large portion of these provisions were made due to the unknown impact from the drought that has settled in across the State of Texas and for other prevailing economic conditions within the Corporation's market area.

Impaired loans at December 31, 2009, were insignificant and, therefore, average balance and interest income information has not been presented.

The Corporation will place a loan in non-accrual status and cease accruing interest when the principal or interest has been delinquent for 90 days or more unless the asset is both well secured and in the process of collection. An asset may be restored to accrual status when all principal and interest amounts contractually due are current and the Corporation expects full repayment of the remaining contractual principal and interest.

American State Financial Corporation

Notes to Consolidated Financial Statements

December 31, 2011, 2010 and 2009

The Corporation maintains a loan review process that is carried out by the Loan Review Department (Department). The department is responsible for the review and classification of the loan portfolio under the internal risk rating system, to assist management in the identification of deterioration within the loan portfolio, and assessing the adequacy of the allowance for loan losses. The Department reports to the Audit and Compliance Committee of the Board of Directors for the Corporation. The Department assesses the adequacy of the allowance on a monthly basis. Management records, as determined, any needed charge offs or provisions on a monthly basis.

The Corporation through the Board of Directors and Management maintains a comprehensive set of loan underwriting standards supported by policies and procedures. Generally, all consumer loans are centrally underwritten. All other real estate, agricultural, and commercial loans are individually underwritten, risk rated, approved, and monitored.

Credit quality and trends in the portfolio are monitored regularly, and detailed reports are prepared and reviewed by management and the Board of Directors on a monthly basis. The Director Loan Committee of the Board of Directors meets generally twice a week with the respective loan officer to review and approve loan relationships greater than or equal to \$750,000. Finally, the Loan Review Department provides ongoing independent oversight of the loan portfolio to ensure that policies and procedures over loan origination and monitoring are followed and that loans are risk rated properly.

Risk characteristics applicable to each segment of the loan portfolio are described as follows:

Real Estate The real estate portfolio consists of residential, agricultural and commercial properties. The loans in this category are repaid primarily from the cash flow of the borrowers' principal business operation, the sale of the real estate, or income independent of the loan purpose. Credit risk in these loans is driven by the creditworthiness of the borrower, property values, economic conditions in the oil and gas industry, and other economic conditions impacting the borrowers' business or personal income.

Agriculture The agriculture portfolio consists of lines of credit and term loans extended for the purpose of working capital and equipment purchases for borrowers engaged in farming operations. The loans in this category are repaid primarily from the cash flow of the farming operation. Credit risk in these loans is driven by commodity prices, weather, and creditworthiness of the borrower.

Commercial The commercial portfolio includes commercial and industrial, representing loans to commercial customers for use in financing working capital needs, equipment purchases, and expansions. The loans in this category are repaid primarily from the cash flow of the borrower's principal business operation. Credit risk in these loans is driven by creditworthiness of borrowers and the economic conditions that impact the cash flow stability from business operations.

Consumer The consumer loan portfolio consists of various term and line of credit loans such as home equity, automobile and credit card. Repayment for these types of loans will come from the borrower's income sources that are typically independent of the loan purpose. Credit risk is driven by consumer economic factors such as unemployment and creditworthiness of the borrower.

The following describes the internal risk rating categories used in determining the credit quality of the portfolio. The categories are defined as follows:

Pass the Corporation has three levels within this category to provide granularity between loans with exceptional (1); superior (2); and good overall (3) financial strength, stability and liquidity. Most loans in the pass category are at the third level.

Pass Watch loans in this category require more frequent than normal management visibility due to one or more deficiencies that require monitoring.

Special Mention loans that have potential weaknesses that deserve management's close attention. If left uncorrected, these potential weaknesses may result in deterioration of the repayment prospects for the loans or in the Corporation's credit position at some future date. Special mention loans are not adversely classified and do not expose an institution to sufficient risk to warrant adverse classification.

Substandard loans in this category are inadequately protected by the current sound net worth and paying capacity of the borrower or by the collateral pledged, if any. Loans so classified must have a well-defined weakness or weaknesses that jeopardize the liquidation of the debt. Substandard loans are characterized by the distinct possibility that the Corporation will sustain some loss if the deficiencies are not corrected.

Doubtful loans in this category, on the basis of existing facts, conditions, and values have critical weaknesses that make collection or liquidation of the full principal balance highly questionable and improbable.

The following table is a breakdown of the loan portfolio by internal risk rating category as of December 31, 2011 and 2010:

Table of Contents**American State Financial Corporation****Notes to Consolidated Financial Statements****December 31, 2011, 2010 and 2009****Note 10: Regulatory Matters**

The Corporation (on a consolidated basis) and Bank are subject to various regulatory capital requirements administered by the federal banking agencies. Failure to meet minimum capital requirements can initiate certain mandatory and possibly additional discretionary actions by regulators that, if undertaken, could have a direct material effect on the Corporation's and Bank's financial statements. Under capital adequacy guidelines and the regulatory framework for prompt corrective action, the Corporation and Bank must meet specific capital guidelines that involve quantitative measures of the Corporation's and Bank's assets, liabilities and certain off-balance-sheet items as calculated under regulatory accounting practices. The Corporation's and Bank's capital amounts and classification are also subject to qualitative judgments by the regulators about components, risk weightings and other factors.

Quantitative measures established by regulation to ensure capital adequacy require the Corporation and Bank to maintain minimum amounts and ratios (set forth in the table on the following page) of total and Tier I Capital (as defined in the regulations) to risk-weighted assets (as defined) and of Tier I Capital to average assets (as defined). Management believes, as of December 31, 2011 and 2010, that the Corporation and Bank meet all capital adequacy requirements to which they are subject.

As of December 31, 2011, the most recent notification from the Bank's regulator categorized the Bank as well capitalized under the regulatory framework for prompt corrective action. To be categorized as well capitalized, the Bank must maintain minimum total risk-based, Tier I risk-based and Tier I leverage ratios as set forth in the table. There are no conditions or events since that notification that management believes have changed the Bank's category.

The Corporation's and Bank's actual capital amounts and ratios are also presented in the table.

Notes to Consolidated Financial Statements

December 31, 2011, 2010 and 2009

There are certain regulatory guidelines on the amount of dividends that can be paid by the Bank to the Corporation and by the Corporation to its stockholders. These guidelines do not currently have a significant effect on the amount of dividends paid by either the Bank or the Corporation.

Note 11: Related Party Transactions

At December 31, 2011 and 2010, the Corporation had loans outstanding to executive officers, directors, significant shareholders and their affiliates (related parties), in the amount of \$592,000 and \$929,000, respectively. In management's opinion, such loans and other extensions of credit and deposits were made in the ordinary course of business and were made on substantially the same terms (including interest rates and collateral) as those prevailing at the time for comparable transactions with other persons. Further, in management's opinion, these loans did not involve more than normal risk of collectability or present other unfavorable features.

Deposits and securities sold under repurchase agreements from related parties held by the Corporation at December 31, 2011 and 2010, totaled \$67,270,104 and \$58,674,270, respectively.

Note 12: Employee Benefits

The Corporation has a discretionary noncontributory profit sharing plan covering substantially all employees. Employer contributions charged to expense for 2011, 2010 and 2009 were \$2,100,000, \$1,875,000 and \$1,700,000, respectively.

The Corporation has a management security plan with certain officers whereby the Bank is beneficiary of key man life insurance policies on the officers' lives. Under the plan, the officers will be provided specific amounts of annual retirement income. Generally, the officer or the designated beneficiary receives benefits for a period between 15 and 20 years to life. The present value of such retirement benefits is being accrued to the individual's normal retirement date and totaled approximately \$7,927,000 and \$7,564,000 at December 31, 2011 and 2010, respectively. Such amounts are included in other liabilities in the consolidated balance sheets. The amounts charged to expense in 2011, 2010 and 2009 were approximately \$744,000, \$747,000 and \$750,000, respectively.

Note 13: Stock Option Plans

The Corporation's 1998 Qualified Incentive Stock Option Plan and the 1998 Non-Qualified Stock Option Plan (the Plans), which are approved by the board of directors and stockholders, permit the grant of share options and shares to its employees for up to 80,000 shares of common stock. The Plans provide for granting of options to buy common stock intended either to qualify as incentive stock options under the Internal Revenue Code or non-statutory stock options not intended to so qualify. Under the Plans, options expire 10 years following the date of grant. The purchase price of the shares under the Plans is equal to or greater than the fair market value of the shares at the time of the grant of the option.

The fair value of each option award is estimated on the date of grant using the Black-Scholes option valuation model. The ability of the Corporation to grant options under the Plans has expired.

As of December 31, 2011, the amount of unrecognized compensation cost related to nonvested share-based compensation arrangements granted under the Plans was not considered material.

In 2010, the Corporation accelerated the vesting period on 23,748 shares of outstanding non-qualified stock options. Cash received from options exercised under the Plans for the year ended December 31, 2010, was \$2,247,600. The actual tax benefit realized for the tax deductions from option exercise of the share-based payment arrangements totaled \$283,000 and \$62,000 for the years ended December 31, 2010 and 2009. The Corporation issues shares from treasury stock to satisfy share option exercises.

Note 14: Disclosures about Fair Value of Financial Instruments

ASC Topic 820, *Fair Value Measurements*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Topic 820 also specifies a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for

substantially the full term of the assets or liabilities

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Following is a description of the inputs and valuation methodologies used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying balance sheets, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy.

F-30

Table of Contents**American State Financial Corporation****Notes to Consolidated Financial Statements****December 31, 2011, 2010 and 2009****Available-for-sale Securities**

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Level 2 securities include U.S. government agency debt and mortgage-backed securities and securities issued by state and political subdivisions. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Third-party vendors compile prices from various sources and may apply such techniques as matrix pricing to determine the value of identical or similar investment securities (Level 2). Matrix pricing is a mathematical technique widely used in the financial institution industry to value investment securities without relying exclusively on quoted prices for specific investment securities, but rather relying on the investment securities' relationship to other benchmark quoted investment securities. Matrix pricing is utilized in the valuation of the U.S. government agency debt and mortgage-backed securities as well as securities issued by state and political subdivisions.

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying balance sheets measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2011 and 2010:

The following methods were used to estimate the fair value of all other financial instruments recognized in the accompanying balance sheets at amounts other than fair value.

Cash and Cash Equivalents

The carrying amount approximates fair value.

F-31

Table of Contents**American State Financial Corporation****Notes to Consolidated Financial Statements****December 31, 2011, 2010 and 2009*****Held-to-maturity Securities***

Fair value is based on quoted market prices, if available. If a quoted market price is not available, fair value is estimated using quoted market prices for similar securities.

Loans

The fair value of loans is estimated by discounting the future cash flows using the current rates at which similar loans would be made to borrowers with similar credit ratings and for the same remaining maturities. Loans with similar characteristics were aggregated for purposes of the calculations. The carrying amount of accrued interest approximates its fair value.

Interest Receivable

The carrying amount approximates fair value.

Deposits

Deposits include demand deposits, savings accounts, interest-bearing demand accounts and certain money market deposits. The carrying amount approximates fair value. The fair value of fixed-maturity time deposits is estimated using a discounted cash flow calculation that applies the rates currently offered for deposits of similar remaining maturities.

Securities Sold Under Repurchase Agreements and Interest Payable

The carrying amount approximates fair value.

Commitments to Originate Loans, Letters of Credit and Lines of Credit

The carrying values and related fair values of commitments to originate loans, letters of credit and lines of credit were not material at December 31, 2011 and 2010.

American State Financial Corporation

Notes to Consolidated Financial Statements

December 31, 2011, 2010 and 2009

Note 15: Loan Commitments and Credit Risk

The Corporation grants real estate, agribusiness and commercial (including oil and gas related) loans to customers primarily in the South Plains and West Texas areas of the State of Texas. Although the Corporation has a diversified loan portfolio, a substantial portion of its debtors' ability to honor their contracts is dependent upon the real estate, agribusiness, oil and gas, healthcare and higher education economic sectors.

Loan Commitments

Commitments to originate loans and lines of credit are agreements to lend to a customer as long as there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. Since a portion of the commitments may expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements. Each customer's creditworthiness is evaluated on a case-by-case basis. The amount of collateral obtained, if deemed necessary, is based on management's credit evaluation of the counterparty. Collateral held varies but may include accounts receivable, inventory, property, plant and equipment, commercial real estate and residential real estate. The exposure to credit loss in the event of nonperformance by the other party to the commitments to extend credit is represented by the contractual amount. Management does not anticipate any losses as a result of these transactions.

At December 31, 2011 and 2010, the Corporation had outstanding commitments to originate loans aggregating approximately \$345,545,000 and \$295,317,000, respectively.

Standby Letters of Credit

Standby letters of credit are irrevocable conditional commitments issued by the Corporation to guarantee the performance of a customer to a third party. Financial standby letters of credit are primarily issued to support public and private borrowing arrangements, including commercial paper, bond financing and similar transactions. Performance standby letters of credit are issued to guarantee performance of certain customers under non-financial contractual obligations. The credit risk involved in issuing standby letters of credit is essentially the same as that involved in extending loans to customers. Should the Corporation be obligated to perform under the standby letters of credit, the Corporation may seek recourse from the customer for reimbursement of amounts paid. Management does not anticipate any losses as a result of these transactions.

The Corporation had total outstanding standby letters of credit amounting to \$11,637,000 and \$10,606,000, at December 31, 2011 and 2010, respectively, with terms ranging from one to 10 years.

Note 16: Leases and Contingencies

The Corporation has several non-cancellable operating leases, primarily for banking premises and equipment, that expire over the next several years. These leases generally contain renewal options for periods ranging from five to 40 years. Rental expense for these leases was \$758,000, \$836,000 and \$909,000 for the years ended December 31, 2011, 2010 and 2009, respectively.

In the event of such election, the parties agree to execute an appropriate amendment to this Agreement in order to reflect such election.

ARTICLE II.

CONSIDERATION AND EXCHANGE PROCEDURES

Section 2.1 Merger Consideration.

(a) Unless otherwise adjusted pursuant to Section 2.2 or 2.3, each Company Share issued and outstanding immediately before the Effective Time, but excluding any Dissenting Shares (as defined in Section 2.5 hereof), shall, by virtue of the Merger and without any action on the part of the holder thereof, be cancelled and converted into and represent the right to receive (i) a number of common shares, \$1.00 par value, of Prosperity (Prosperity Common Shares) equal to the quotient, rounded to the nearest ten thousandth (the Exchange Ratio), obtained by dividing 8,525,000 (the Stock Consideration) by the number of Company Shares outstanding immediately before the Effective Time (Company Closing Shares), plus cash in lieu of any fractional Prosperity Common Share, and (ii) an amount of cash equal to \$178,500,000 (the Cash Consideration, and together with the Stock Consideration, the Merger Consideration), divided by the Company Closing Shares (the Per Share Cash Consideration). At the Effective Time, all such Company Shares shall no longer be outstanding and shall automatically be canceled and retired and shall cease to exist, and each certificate previously representing any such shares shall thereafter represent the right to receive the Merger Consideration.

(b) Each Company Share held in the treasury of the Company and each Company Share owned by the Bank (other than (i) Company Shares held, directly or indirectly, in trust accounts, managed accounts and the like or otherwise held in a fiduciary capacity that are beneficially owned by third parties and (ii) Company Shares held in respect of a debt previously contracted) shall be cancelled without any conversion and no payment or distribution shall be made with respect thereto.

Table of Contents

(c) Notwithstanding anything in this Agreement to the contrary, Prosperity will not issue any certificates or scrip representing fractional Prosperity Common Shares otherwise issuable pursuant to the Merger. In lieu of the issuance of any such fractional shares, Prosperity shall pay to each former holder of Company Shares otherwise entitled to receive such fractional share an amount of cash determined by multiplying (i) the Average Closing Price by (ii) the fraction of a Prosperity Common Share which such holder would otherwise be entitled to receive pursuant to this Section 2.1. Average Closing Price of Prosperity Common Shares shall be the average of the closing price per Prosperity Common Share on The New York Stock Exchange (NYSE) (as reported in *The Wall Street Journal* or, if not reported thereby, another alternative source as chosen by Prosperity) for the ten (10) consecutive trading days ending on and including the fifth trading day preceding the Closing Date.

Section 2.2 Adjustments to Exchange Ratio. The aggregate number of Prosperity Common Shares to be exchanged for each Company Share shall be adjusted appropriately to reflect any change in the number of Prosperity Common Shares by reason of any stock dividends or splits, reclassification, recapitalization or conversion with respect to Prosperity Common Shares, received or to be received by holders of Prosperity Common Shares, when the record date or payment occurs before the Effective Time.

Section 2.3 Adjustment to Merger Consideration for Equity Capital.

(a) If the Equity Capital (as defined below) on the Closing Date is less than \$275,000,000, the Cash Consideration will be reduced by an amount equal to the difference between \$275,000,000 and the Equity Capital on the Closing Date.

(b) For purposes of this Agreement, Equity Capital shall equal the sum of the capital stock, capital surplus and retained earnings of the Company, excluding unrealized securities gains or losses, on a consolidated basis, as determined pursuant to generally accepted accounting principles (GAAP). Prosperity Bank has received a rating of satisfactory as of its most recent CRA compliance examination and Prosperity has no Knowledge of any reason why Prosperity Bank will not receive a rating of satisfactory or better pursuant to its next CRA compliance examination or why the Federal Reserve Board, the FDIC, the TDB, or any other governmental entity would reasonably be expected to seek to restrain, delay or prohibit the transactions contemplated hereby as a result of any act or omission of Prosperity or Prosperity Bank.

If this Agreement is terminated, then except as otherwise required by law, reports to any governmental authority of the results of any Environmental Inspection, secondary investigation or other environmental survey shall be made by the Company in the exercise of its sole discretion and not by Prosperity. Prosperity shall make no such report before Closing unless required to do so by law, and in such case will give the Company reasonable prior notice of Prosperity's intentions so as to enable the Company to review and comment on such proposed report.

(c) Prosperity shall have the right to terminate this Agreement within ninety (90) days after the date of this Agreement if (i) the results of such Environmental Inspection, secondary investigation or other environmental survey are disapproved by Prosperity because the Environmental Inspection, secondary investigation or other environmental survey identifies violations or potential violations of Environmental Laws that could have a Material Adverse Effect on the Company; (ii) any past or present events, conditions or circumstances that would require further investigation, remedial or cleanup action under Environmental Laws involving an expenditure in excess of \$250,000 or that could have a Material Adverse Effect on the Company; (iii) the Environmental Inspection, secondary investigation or other environmental survey identifies the presence of any underground or above ground storage tank in, on or under any Company Real Property that is not shown to be in compliance with all Environmental Laws applicable to such tank, or that has had a release of petroleum or some other Hazardous Materials that has not been cleaned up in accordance with applicable Environmental Law, the effect of which could have a Material Adverse Effect on the Company; or (iv) the Environmental Inspection, secondary investigation or other environmental survey identifies the presence of any asbestos-containing material in, on or under any Company Real Property, the removal or abatement of which could have a Material Adverse Effect on the Company. In the event Prosperity terminates this Agreement or elects not to proceed to Closing pursuant to this Section 5.14(c), Prosperity promptly shall deliver to the Company copies of any environmental report, engineering report, or property condition report prepared by Prosperity or any third party with respect to any Company Real Property. Any results or findings of any Environmental Inspections will not be disclosed by Prosperity to any third party not affiliated with Prosperity, unless Prosperity is required by law to disclose such information.

(d) The Company agrees to make available upon request to Prosperity and its consultants, agents and representatives all documents and other materials relating to environmental conditions of any Company Real Property including, without limitation, the results of other environmental inspections and surveys to the extent such documents are in the actual possession of the Company (collectively, the Environmental Reports). The Company also agrees that all engineers and consultants who prepared or furnished such reports may discuss such reports and information with Prosperity and, at Prosperity's cost and expense, shall be entitled to certify the same in favor of Prosperity and its consultants, agents and representatives and make all other data available to Prosperity and its consultants, agents and representatives.

Section 5.15 Bank Merger. Before the Effective Time, the Company shall cause the Bank to cooperate with Prosperity and Prosperity Bank as necessary in conjunction with all approvals, filings, and other steps necessary to cause the completion of the Bank Merger after the Effective Time.

Section 5.16 Merger or Liquidation of Company and Bank Subsidiaries. The Company will take all steps necessary to cause the mergers of ASFC Investment Corporation and Farmers and Stockmen Regional Credit Corporation with and into the Company, with the Company surviving in each case, to be effective before the Effective Time. The Company will, and will cause the Bank to, take all steps necessary to cause the liquidation and dissolution of Brownfield Investment Corporation to be completed before the Effective Time.

Section 5.17 Termination of Shareholders' Agreement. The Company agrees to use its best efforts to obtain from each shareholder who is a party to the Shareholders' Agreement (Amended and Restated as of March 8, 2005) (Shareholder Agreement) with respect to Company Shares, and deliver to Prosperity as soon as practicable, but in no event later than ten (10) days prior to the Closing, an executed counterpart to a termination agreement that provides for the termination of the Shareholder Agreement. Such termination agreement shall be in form and substance satisfactory to Prosperity and shall provide that if this Agreement is terminated prior to the Effective Time, the Shareholder Agreement will again be in effect.

Section 6.5 Access to Properties and Records. To the extent permitted by applicable law, Prosperity shall and shall cause each of its Subsidiaries, upon reasonable notice from the Company to Prosperity to: (a) afford the employees and officers and authorized representatives (including legal counsel, accountants and consultants) of the Company full access to the properties, books and records of Prosperity and its Subsidiaries during normal business hours in order that the Company may have the opportunity to make such reasonable investigation as it shall desire to make of the affairs of Prosperity and its Subsidiaries, and (b) furnish the Company with such additional financial and operating data and other information as to the business and properties of Prosperity as the Company shall, from time to time, reasonably request.

(b) take, or cause to be taken, all actions necessary to (i) increase by four (4) the number of positions on the Prosperity Bank Board of Directors and (ii) cause the individuals listed on Schedule 6.7(b) to be elected or appointed as directors of Prosperity Bank as of the Effective Time, if each of them, respectively, is willing and eligible to serve as a director of Prosperity Bank.

(b) Any Indemnified Party wishing to claim indemnification under this Section 6.10, upon learning of any such claim, action, suit, proceeding or investigation, is to promptly notify Prosperity, but the failure to so notify will not relieve Prosperity of any liability it may have to the Indemnified Party to the extent such failure does not prejudice Prosperity. In any such claim, action, suit, proceeding or investigation (whether arising before or after the Effective Time), (i) Prosperity will have the right to assume the defense thereof and Prosperity will not be liable to an Indemnified Party for any legal expenses of other counsel or any other expenses subsequently incurred by an Indemnified Party in connection with the defense thereof, except that if Prosperity elects not to assume such defense or counsel for the Indemnified Party advises that there are issues which raise conflicts of interest between Prosperity and the Indemnified Party, the Indemnified Party may retain counsel reasonably satisfactory to Prosperity, and Prosperity will pay the reasonable fees and expenses of such counsel for the Indemnified Party (which may not exceed one firm in any jurisdiction), (ii) the Indemnified Party will cooperate in the defense of any such matter, (iii) Prosperity will not be liable for any settlement effected without its prior written consent and (iv) Prosperity will have no obligation hereunder if indemnification of an Indemnified Party in the manner contemplated hereby is prohibited by applicable laws and regulations.

MUTUAL COVENANTS OF PROSPERITY

AND THE COMPANY

Section 7.1 Notification; Updated Disclosure Schedules. The Company shall give prompt notice to Prosperity, and Prosperity shall give prompt notice to the Company, of (i) any representation or warranty made by it in this Agreement becoming untrue or inaccurate in any material respect, including, without limitation, as a result of any change in a Disclosure Schedule, or (ii) the failure by it to comply with or satisfy in any material respect any covenant, condition or agreement to be complied with or satisfied by it under this Agreement; provided, however, that no such notification shall affect the representations, warranties, covenants or agreements of the parties or the conditions to the obligations of the parties under this Agreement; and provided further, however, that if such notification under clause (i) relates to any matter which arises for the first time after the date of this Agreement, then the other party may only terminate this Agreement if such matter would cause the condition set forth in Section 10.3 with respect to the Company and in Section 11.3 with respect to Prosperity, incapable of being satisfied.

Section 7.2 Confidentiality.

(a) Prosperity and the Company will not disclose, and will cause their respective representatives to not disclose, directly or indirectly, before or after the consummation or termination of this Agreement, any confidential information, whether written or oral (Subject Information) acquired from the other party to any person, firm, corporation, association or other entity for any reason or purpose whatsoever, other than in connection with the regulatory notice and application process or, after termination of this Agreement pursuant to Section 9.1 hereof, use such Subject Information for its own purposes or for the benefit of any person, firm, corporation, association, or other entity under any circumstances. The term Subject

Information does not include any information that (i) at the time of disclosure or thereafter is generally available to and known to the public, other than by a breach of this Agreement by the disclosing party, (ii) was available to the disclosing party on a nonconfidential basis from a source other than the nondisclosing party or (iii) was independently acquired or developed without violating any obligations of this Agreement.

(b) After the Effective Time, the Company and its affiliates, officers, directors, employees and representatives shall hold in confidence all documents and information concerning Prosperity, this Agreement and the transactions contemplated hereby, unless required to disclose such information pursuant to order, request or demand of a governmental authority or by judicial or administrative process or by law.

Section 7.3 Publicity. Except as otherwise required by applicable law or securities exchange rules or in connection with the regulatory application process, as long as this Agreement is in effect, neither Prosperity nor the Company shall, nor shall they permit any of their officers, directors or representatives to, issue or cause the publication of any press release or public announcement with respect to, or otherwise make any public announcement concerning, the transactions contemplated by this Agreement without the consent of the other party, which consent shall not be unreasonably withheld or delayed.

Section 7.4 Employee Benefit Plans.

(a) To the extent requested by Prosperity, the Company or its appropriate Subsidiary shall execute and deliver such instruments and take such other actions as Prosperity may reasonably require in order to cause the amendment or termination of any Company Employee Plan on terms satisfactory to Prosperity and in accordance with applicable law and effective no later than the Closing Date, except that the winding up of any such plan may be completed following the Closing Date. Prosperity agrees that the employees of the Company and its Subsidiaries who continue their employment after the Closing Date (the Company Employees) will be entitled to participate as newly hired employees in the employee benefit plans and programs maintained for employees of Prosperity and Prosperity Bank, in accordance with the respective terms of such plans and programs, and Prosperity shall take all actions necessary or appropriate to facilitate coverage of the Company Employees in such plans and programs from and after the Closing Date, subject to paragraphs (b) and (c) of this Section 7.4.

(b) Each Company Employee will be entitled to credit for prior service with the Company for all purposes under the employee welfare benefit plans and other employee benefit plans and programs (including any severance programs but excluding vesting requirements under stock incentive plans and plans described in paragraph (c) of this Section 7.4), sponsored by Prosperity or Prosperity Bank to the extent permitted by such Prosperity plans and applicable law. To the extent permitted by such Prosperity plans and applicable law, any eligibility waiting period and pre-existing condition exclusion applicable to such plans and programs shall be waived with respect to each Company Employee and their eligible dependents. To the extent permitted by the applicable Prosperity plans and applicable law, Prosperity further agrees to credit each Company Employee and his eligible dependents for the year during which coverage under Prosperity's group health plan begins, with any deductibles co-payments, or out-of-pocket payments already incurred by such Company Employee during such year under the Company's group health plan. To the extent necessary, Prosperity shall use commercially reasonable efforts to cause its health insurance carrier to similarly credit such amounts. For purposes of determining Company Employee's benefits for the calendar year in which the Merger occurs under Prosperity's vacation program, any vacation taken by a Company Employee immediately preceding the Closing Date for the calendar year in which the Merger occurs will be deducted from the total Prosperity vacation benefit available to such Company Employee for such calendar year.

(c) Each Company Employee shall be entitled to credit for past service with the Company for the purpose of satisfying any eligibility or vesting periods applicable to Prosperity employee benefit plans which are subject to Sections 401(a) and 501(a) of the Code (including, without limitation, Prosperity's 401(k) Profit Sharing Plan) to the extent permitted by such Prosperity plans and applicable law.

ARTICLE IX.

TERMINATION

Section 9.1 Termination.

(a) Notwithstanding any other provision of this Agreement, this Agreement may be terminated and the Merger contemplated hereby may be abandoned by action of the Board of Directors of Prosperity or the Company at any time before the Effective Time if:

(i) any court of competent jurisdiction in the United States or other United States (federal or state) governmental body shall have issued an order, decree or ruling or taken any other action restraining, enjoining or otherwise prohibiting the Merger and such order, decree, ruling or other action shall be final and non-appealable;

(ii) any of the transactions contemplated by this Agreement are disapproved by any regulatory authority or other person whose approval is required to consummate any of such transactions;

(iii) the Effective Time has not occurred on or before the 180th day after the date of this Agreement, unless one or more of the Regulatory Approvals has not been received on or before the 165th day after the date of this Agreement, in which instance the Effective Time has not occurred on or before the 210th day after the date of this Agreement, or such later date as has been approved in writing by the Boards of Directors of Prosperity and the Company; but the right to terminate under this Section 9.1(a)(iii) shall not be available to any party whose failure to fulfill any material obligation under this Agreement has been the cause of, or has resulted in, the failure of the Merger to become effective on or before such applicable date; or

(iv) the approval of the shareholders of the Company contemplated by this Agreement shall not have been obtained by reason of the failure to obtain the required vote at the Meeting at which they consider the Agreement.

(b) This Agreement may be terminated at any time before the Effective Time by action of the Company Board if Prosperity fails to comply in any material respect with any of its covenants or agreements contained in this Agreement, or if any of the representations or warranties of Prosperity contained herein shall be inaccurate in any material respect. If the Company Board desires to terminate this Agreement because of an alleged breach or inaccuracy as provided in this Section 9.1(b), the Company Board must notify Prosperity in writing of its intent to terminate stating the reason therefor. Prosperity will have 15 days from the receipt of such notice to cure the alleged breach or inaccuracy.

(c) This Agreement may be terminated at any time before the Effective Time by action of the Prosperity Board if (i) the Company fails to comply in any material respect with any of its covenants or agreements contained in this Agreement, or if any of the representations or warranties of the Company contained herein shall be inaccurate in any material respect, (ii) any approval required to be obtained from any regulatory authority or agency is obtained subject to restrictions or conditions on the operations of the Company, the Bank, Prosperity or Prosperity Bank that are reasonably unacceptable to Prosperity or (iii) any of the conditions set forth in Section 5.14(c) occur. If the Prosperity Board desires to terminate this Agreement because of an alleged breach or inaccuracy as provided in Section 9.1(c)(i), the Prosperity Board must notify the Company in writing of its intent to terminate stating the cause therefor. The Company will have 15 days from the receipt of such notice to cure the alleged breach or inaccuracy.

(d) This Agreement may be terminated at any time before the Closing upon the mutual written consent of Prosperity and the Company and the approval of such action by their respective Boards of Directors.

(e) This Agreement may be terminated at any time before the Closing by the Company Board if before the Effective Time, the Company receives an unsolicited, bona fide Acquisition Proposal (as defined in Section 9.3(d)) and the Company Board determines in its good faith judgment and in the exercise of its fiduciary duties, based on the advice of outside legal counsel and the Financial Advisor, that (i) such Acquisition Proposal (if consummated pursuant to its terms and after giving effect to the payment of the Termination Fee and Prosperity Expenses (each as defined in Section 9.3(a)(i)) is a Superior Proposal (as defined in Section 9.3(f)) and (ii) the failure to terminate this Agreement and accept such Superior Proposal would be inconsistent with the proper exercise of such fiduciary duties; provided, however, that the Company may not terminate this Agreement under this Section 9.1(e) unless:

(i) the Company has provided prior written notice to Prosperity at least five (5) business days in advance (the Notice Period) of taking such action, which notice advises Prosperity that the Company Board has received a Superior Proposal, specifies the material terms and conditions of such Superior Proposal (including the identity of the Person or Group (as such term is defined in Section 13(d) under the Exchange Act) making the Superior Proposal); and

(ii) during the Notice Period, the Company negotiates, and causes the Financial Advisor and outside counsel to negotiate, with Prosperity in good faith (to the extent Prosperity desires to so negotiate) to make such adjustments in the terms and conditions of this Agreement so that such Superior Proposal ceases to constitute a Superior Proposal, and the Company Board considers such adjustments in the terms and conditions of this Agreement resulting from such negotiations and concludes in good faith based upon consultations with the Financial Advisor and the advice of outside legal counsel that such Superior Proposal remains a Superior Proposal even after giving effect to the adjustments in the terms and conditions of this Agreement proposed by Prosperity.

If during the Notice Period any revisions are made to the Superior Proposal and the Company Board in its good faith judgment determines such revisions are material, the Company shall deliver a new written notice to Prosperity and shall comply with the requirements of this Section 9.1(e) with respect to such new written notice, except that the new Notice Period shall be three (3) business days. Termination under this clause (e) shall not be deemed effective until payment of the Termination Fee and/or Prosperity Expenses as required by Section 9.3.

(f) This Agreement may be terminated at any time before the Closing by the Prosperity Board if (i) the Company has materially breached the covenant contained in Section 5.5 in a manner adverse to Prosperity;

Table of Contents

(ii) the Company Board resolves to accept an Acquisition Proposal; or (iii) the Company Board withdraws or modifies, in any manner that is adverse to Prosperity, its recommendation or approval of this Agreement or the Merger or recommended to the Company shareholders acceptance or approval of any alternative Acquisition Proposal, or resolves to do any of the foregoing.

Section 9.2 Effect of Termination. Except as provided in Section 9.3, if this Agreement is terminated by either Prosperity or the Company as provided in Section 9.1, this Agreement (other than Section 7.2) will become void and have no effect, without any liability on the part of any party or its directors, officers or shareholders, except that the provisions of Sections 5.14, 7.2, 9.2 and 13.4 will survive termination of this Agreement. Nothing contained in this Section 9.2 will relieve any party hereto of any liability for a breach of this Agreement.

Section 9.3 Termination Fee and Expenses. To compensate Prosperity for entering into this Agreement, taking actions to consummate the transactions contemplated hereunder and incurring the costs and expenses related thereto and other losses and expenses, including foregoing the pursuit of other opportunities by Prosperity, the Company and Prosperity agree as follows:

(a) Provided that Prosperity is not in material breach of any covenant or obligation under this Agreement (which breach has not been cured within fifteen (15) days following receipt of written notice thereof by the Company specifying in reasonable detail the basis of such alleged breach), if this Agreement is terminated by:

(i) the Company under the provisions of Section 9.1(e), then the Company shall pay to Prosperity the sum of \$20,000,000 (the Termination Fee) plus all expenses incurred by Prosperity in connection with the proposed transaction, provided that the aggregate amount of all such expenses shall not exceed \$750,000 (Prosperity Expenses);

(ii) Prosperity under the provisions of Section 9.1(f), then the Company shall pay to Prosperity the Termination Fee plus the Prosperity Expenses;

(iii) either Prosperity or the Company under the provisions of (A) Section 9.1(a)(iii), if at the time of termination, the Registration Statement has been declared effective at least 25 business days prior to such date and the Company shall have failed to call, give notice of, convene and hold the Meeting in accordance with Section 5.1, or (B) Section 9.1(a)(iv), if, at the time of termination, there exists an Acquisition Proposal with respect to the Company, then the Company shall pay to Prosperity the Prosperity Expenses; or

(iv) either Prosperity or the Company under the provisions of (A) Section 9.1(a)(iii), if at such time the shareholders of the Company have not approved and adopted the Agreement and the Merger, or (B) Section 9.1(a)(iv), if, at the time of termination, there exists an Acquisition Proposal with respect to the Company and, with respect to either clause (A) or (B), within twelve (12) months of the termination of this Agreement, the Company enters into an Acquisition Agreement with any third party with respect to any Acquisition Proposal, then the Company shall pay to Prosperity the Termination Fee, which shall be in addition to the Prosperity Expenses to be paid pursuant to Section 9.3(a)(iii).

The payment of the Termination Fee and/or Prosperity Expenses shall be Prosperity's sole and exclusive remedy with respect to termination of this Agreement as set forth in this Section 9.3(a). For the avoidance of doubt, in no event shall the Termination Fee described in this Section 9.3 be payable on more than one occasion.

(b) Any payment required by Section 9.3(a) shall become payable within two (2) business days after receipt by the non-terminating party of written notice of termination of this Agreement; provided, however, that if the payment of the Termination Fee is required pursuant to Section 9.3(a)(iv), then such payment shall become payable on or before the date of execution by the Company of an Acquisition Agreement.

(c) For purposes of this Agreement, an Acquisition Agreement means any letter of intent, agreement in principle, memorandum of understanding, merger agreement, asset or share purchase or share exchange agreement, option agreement or any similar agreement related to any Acquisition Proposal.

(d) For purposes of this Agreement, Acquisition Proposal means any proposal (whether communicated to the Company or publicly announced to the Company's shareholders) by any person (other than Prosperity or any of its Affiliates) for an Acquisition Transaction involving the Company, any Subsidiary or any future Subsidiary, or any combination of such Subsidiaries, the assets of which constitute, or would constitute, 20% or more of the consolidated assets of the Company as reflected on the Company's most recent consolidated statement of condition prepared in accordance with GAAP.

(e) For purposes of this Agreement, Acquisition Transaction means any transaction or series of related transactions (other than the transactions contemplated by this Agreement) involving: (i) any acquisition or purchase from the Company by any person or Group (as such term is defined in Section 13(d) under the Exchange Act), other than Prosperity or any of its Affiliates, of 20% or more in interest of the total outstanding voting securities of the Company or any of its Subsidiaries, or any tender offer or exchange offer that if consummated would result in any Person or Group (other than Prosperity or any of its Affiliates) beneficially owning 20% or more in interest of the total outstanding voting securities of the Company or any of its Subsidiaries, or any merger, consolidation, business combination or similar transaction involving the Company pursuant to which the shareholders of the Company immediately preceding such transaction hold less than 80% of the equity interests in the surviving or resulting entity (which includes the parent corporation of any constituent corporation to any such transaction) of such transaction; (ii) any sale or lease (other than in the ordinary course of business), or exchange, transfer, license (other than in the ordinary course of business), acquisition or disposition of 20% or more of the assets of the Company; or (iii) any liquidation or dissolution of the Company.

(f) For purposes of this Agreement, Superior Proposal means any bona fide written Acquisition Proposal which the Company Board reasonably determines, in its good faith judgment based on, among other things, the advice of outside counsel and the Financial Advisor, (i) to be more favorable from a financial point of view to the Company's shareholders than the Merger taking into account all terms and conditions of the proposal and (ii) reasonably capable of being consummated on the terms proposed, taking into account all legal, financial, regulatory (including the advice of outside counsel regarding the potential for regulatory approval of any such proposal) and other aspects of such proposal and any other relevant factors permitted under applicable law; provided, that for purposes of the definition of Superior Proposal, the references to 20% and 80% in the definitions of Acquisition Proposal and Acquisition Transaction shall be deemed to be references to 50%.

EXHIBIT A

FORM OF VOTING AGREEMENT

AND IRREVOCABLE PROXY

This Voting Agreement and Irrevocable Proxy (the *Voting Agreement*), dated as of February 26, 2012, is executed by and among Prosperity Bancshares, Inc., a Texas corporation (*Prosperity*), American State Financial Corporation, a Texas corporation (the *Company*), and the other persons who are signatories hereto (referred to herein individually as a *Shareholder* and collectively as the *Shareholders*).

WHEREAS, concurrently herewith, Prosperity and the Company are entering into that certain Agreement and Plan of Reorganization (as such agreement may be amended or supplemented from time to time, the *Agreement*), pursuant to which the Company will merge with and into Prosperity, with Prosperity as the surviving entity (the *Merger*); and

WHEREAS, the Agreement provides that all of the issued and outstanding common shares, par value \$10.00 per share, of the Company (*Company Shares*) (other than any Dissenting Shares, as defined in the Agreement) will be exchanged for such consideration as set forth in the Agreement; and

WHEREAS, as a condition and inducement to Prosperity's willingness to enter into the Agreement, each of the directors and certain officers of the Company and American State Bank, a Texas banking association and wholly-owned subsidiary of the Company (the *Bank*), have agreed to vote his or her Company Shares in favor of approval of the Agreement and the transactions contemplated thereby; and

WHEREAS, the Company and Prosperity are relying on this Voting Agreement and the irrevocable proxies in incurring expenses in reviewing the Company's business, in preparing a proxy statement/prospectus, in proceeding with the filing of applications for regulatory approvals and in undertaking other actions necessary for the consummation of the Merger;

NOW, THEREFORE, in consideration of the substantial expenses that Prosperity will incur in connection with the transactions contemplated by the Agreement and to induce Prosperity to execute the Agreement and to proceed to incur such expenses, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereby, severally and not jointly, agree as follows:

1. Each of the Shareholders hereby severally represents and warrants to Prosperity and the Company that such Shareholder is the registered owner or beneficial owner of or has full voting power to be exercised at a meeting of the Company's shareholders, or if such Company Shares are subject to the Shareholders' Agreement (Amended and Restated as of March 8, 2005) by and among the Company and certain shareholders of the Company (the *Shareholders' Agreement*), at a pre-meeting called and held pursuant to the Shareholders' Agreement, with respect to the number of Company Shares set forth below its name on the signature page of this Voting Agreement (the *Shares*). While this Voting Agreement is in effect, each Shareholder shall not, directly or indirectly, (a) sell or otherwise dispose of or encumber prior to the record date of the Company's special meeting of shareholders referred to in Section 5.1 of the Agreement (the *Meeting*) any or all of his or her Shares or (b) deposit any Company Shares into a voting trust or enter into a voting agreement or arrangement with respect to any Company Shares or grant any proxy with respect thereto (except as already provided by the Shareholders' Agreement, if applicable), other than to other members of the Board of Directors of the Company for the purpose of voting to approve the Agreement and the transactions contemplated thereby.
2. Each Shareholder hereby agrees during the term of this Voting Agreement to vote the Shares, and any additional Company Shares acquired by such Shareholder after the date hereof, (a) in favor of the approval and adoption of the Agreement and the transactions contemplated thereby at the Meeting or the pre-meeting to be called pursuant to the Shareholders' Agreement, if applicable, and (b) against approval of any Acquisition Proposal (as defined in the Agreement) made in opposition to or competition with such proposals presented at the Meeting, any pre-meeting to be called pursuant to the Shareholders' Agreement or any other meeting of

Table of Contents

shareholders held prior or subsequent to the Meeting; provided, however, that this Section 2 shall be inapplicable if there has been a modification or amendment to the Agreement which reduces the Merger Consideration (as defined in the Agreement), other than any adjustment to the Merger Consideration provided for in the Agreement.

3. Each Shareholder shall not invite or seek any Acquisition Proposal, support (or suggest that anyone else should support) any Acquisition Proposal that may be made, or ask the Company's Board to consider, support or seek any Acquisition Proposal or otherwise take any action designed to make any Acquisition Proposal more likely. None of the Shareholders shall meet or otherwise communicate with any person that makes or is considering making an Acquisition Proposal or any representative of such person after becoming aware that the person has made or is considering making an Acquisition Proposal. Each Shareholder shall promptly advise the Company of each contact the Shareholder or any of the Shareholder's representatives may receive from any person relating to any Acquisition Proposal or otherwise indicating that any person may wish to precipitate or engage in any transaction arising out of any Acquisition Proposal and will provide the Company with all information Prosperity requests that is available to the Shareholder regarding any Acquisition Proposal or possible Acquisition Proposal. Each Shareholder will not make any claim or join in any litigation alleging that the Company's Board is required to consider, endorse or support any Acquisition Proposal or to invite or seek any Acquisition Proposal. Each Shareholder shall not take any other action that is reasonably likely to make consummation of the Merger less likely or to impair Prosperity's ability to exercise any of the rights granted by the Agreement. Notwithstanding the foregoing, the Company Board may comply with the provisions of Section 5.5(b), Section 5.5(c) and Article IX of the Agreement that relate to an Acquisition Proposal (as well as a Superior Proposal, as defined therein) and the provisions of this Section 3 shall not apply to such actions or inactions by the Board of Directors, as applicable.

4. In order to better effect the provisions of Section 2 hereof, each Shareholder individually and the Shareholders collectively hereby revoke any previously executed proxies and hereby constitute and appoint David Zalman and James D. Rollins III (individually, a *Proxy Holder*), and each of them, with or without the other, with full power of substitution, his, her and their true and lawful proxy and attorney-in-fact to vote at the Meeting all of the Shares in favor of the approval and adoption of the Agreement and the transactions contemplated thereby with such modifications to the Agreement and the transactions contemplated thereby as the parties thereto may make; provided, however, that this Section 4 shall be inapplicable if there has been a modification or amendment to the Agreement which reduces the Merger Consideration, other than any adjustment to the Merger Consideration provided for in the Agreement.

5. This proxy shall be limited strictly and solely to the power to vote the Shares in the manner and for the purpose set forth in Section 2 hereof and shall not extend to any other matters.

6. Each Shareholder acknowledges that Prosperity and the Company are relying on this Voting Agreement and the irrevocable proxies in incurring expenses in reviewing the Company's business, in preparing a proxy statement/prospectus, in proceeding with the filing of applications for regulatory approvals and in undertaking other actions necessary for the consummation of the Merger and that the proxy granted hereby is coupled with an interest and is irrevocable to the full extent permitted by applicable law, including Section 21.369 of the Texas Business Organizations Code (*TBOC*). Each Shareholder and the Company acknowledge that the performance of this Voting Agreement is intended to benefit Prosperity.

7. This Voting Agreement and the irrevocable proxies granted pursuant hereto shall continue in effect until the earlier to occur of (a) the termination of the Agreement in accordance with its terms or (b) the consummation of the Merger.

8. Subject to the limitations set forth herein, the vote of the Proxy Holder shall control in any conflict between its vote of the Shares and a vote by the Shareholders of the Shares, and the Company agrees to recognize the vote of the Proxy Holder instead of the vote of the Shareholders in the event the Shareholders do not vote in favor of the authorization and approval of the Agreement as set forth in Section 2 hereof.

9. Nothing in this Voting Agreement shall be deemed to restrict any of the Shareholders from taking any action in the capacity of a director or officer (if applicable) of the Company that such Shareholder shall believe is necessary to fulfill the Shareholder's duties and obligations as a director or officer (if applicable). Each Shareholder is executing this Voting Agreement solely in the Shareholder's capacity as a shareholder of the Company.

10. Each Shareholder has the legal capacity, power and authority to enter into and perform all of the Shareholder's obligations under this Voting Agreement. This Voting Agreement has been duly and validly executed and delivered by the Shareholder and constitutes the legal, valid and binding obligation of the Shareholder, enforceable against the Shareholder in accordance with its terms except as the enforceability may be limited by bankruptcy, insolvency or other laws affecting creditors rights. If the Shareholder is married and the Shareholder's Shares constitute community property, this Voting Agreement has been duly authorized, executed and delivered by, and constitutes a valid and binding agreement of, the Shareholder's spouse, enforceable against such person in accordance with its terms.

11. Each Shareholder hereby (a) confirms his knowledge of the availability of the rights of dissenting shareholders under the TBOC with respect to the Merger and (b) confirms receipt of a copy of the provisions of the TBOC related to the rights of dissenting shareholders. Each Shareholder hereby waives and agrees not to assert, and shall use its best efforts to cause any of its affiliates who hold of record any of the Shareholder's Shares to waive and not to assert, any appraisal rights with respect to the Merger that the Shareholder or such affiliate may now or hereafter have with respect to any Shares (or any other shares of capital stock of the Company that the Shareholder shall hold of record at the time that Shareholder may be entitled to assert appraisal rights with respect to the Merger) whether pursuant to the TBOC or otherwise.

12. This Voting Agreement may not be modified, amended, altered or supplemented with respect to a particular Shareholder except upon the execution and delivery of a written agreement executed by the Company, Prosperity and the Shareholder.

13. This Voting Agreement may be executed simultaneously in two or more counterparts, each of which shall be deemed an original but all of which shall constitute one and the same instrument.

14. This Voting Agreement, together with the Agreement and the agreements contemplated thereby, embody the entire agreement and understanding of the parties hereto in respect to the subject matter contained herein. This Voting Agreement supersedes all prior agreements and understandings among the parties with respect to such subject matter contained herein.

15. All notices, requests, demands and other communications required or permitted hereby shall be in writing and shall be deemed to have been duly given if delivered by hand or mail, certified or registered mail (return receipt requested) with postage prepaid to the addresses of the parties hereto set forth below their signature on the signature pages hereof or to such other address as any party may have furnished to the others in writing in accordance herewith.

16. Each Shareholder recognizes and acknowledges that a breach by the Shareholder of any covenants or agreements contained in this Voting Agreement will cause Prosperity to sustain damages for which they would not have an adequate remedy at law for money damages, and therefore the parties hereto agree that, in the event of any such breach, Prosperity shall be entitled to seek the remedy of specific performance of such covenants and agreements and injunctive and other equitable relief, without the necessity of posting bond or proving actual damages, in addition to any other remedy to which it may be entitled, at law or in equity.

17. From time to time, at Prosperity's request and without further consideration, each Shareholder shall execute and deliver such additional documents reasonably requested by Prosperity as may be necessary or desirable to consummate and make effective, in the most expeditious manner practicable, the transactions contemplated by this Voting Agreement.

18. This Voting Agreement and the relations among the parties hereto arising from this Voting Agreement shall be governed by and construed in accordance with the laws of the State of Texas, without giving effect to any principles of conflicts of law.

American State Financial Corporation

1401 Avenue Q

Lubbock, TX 79401-3819

Ladies and Gentlemen:

American State Financial Corporation (ASFC) and Prosperity Bancshares, Inc. (Prosperity) have entered into an agreement and plan of reorganization dated as of February 26, 2012 (the Agreement) pursuant to which ASFC will merge with and into Prosperity (the Merger). Pursuant to the terms of the merger, upon the effective date of the Merger, each share of ASFC common stock issued and outstanding immediately before the Effective Time, except certain shares specified in the Agreement, will be converted into and represent the right to receive (i) a number of common shares of Prosperity common stock equal to the quotient (the Exchange Ratio), obtained by dividing 8,525,000 (the Stock Consideration) by the number of Company Shares outstanding immediately before the Effective Time and (ii) an amount of cash equal to \$178,500,000 (the Cash Consideration, and together with the Stock Consideration, the Merger Consideration), divided by the Company Closing Shares (the Per Share Merger Consideration) and subject to certain adjustments as specified in the Agreement. The other terms and conditions of the Merger are more fully set forth in the Agreement, and capitalized terms used herein without definition shall have the meanings assigned to them in the Agreement. You have requested our opinion as to the fairness, from a financial point of view, of the Per Share Merger Consideration to the holders of ASFC common stock.

Sandler O'Neill & Partners, L.P., as part of its investment banking business, is regularly engaged in the valuation of financial institutions and their securities in connection with mergers and acquisitions and other corporate transactions. In connection with this opinion, we have reviewed, among other things: (i) the Agreement; (ii) certain financial statements and other historical financial information of ASFC that we deemed relevant; (iii) certain financial statements and other historical financial information of Prosperity that we deemed relevant; (iv) internal financial projections for ASFC for the years ending December 31, 2012 through December 31, 2015 as discussed with senior management of ASFC; (v) internal financial projections for Prosperity for the years ending December 31, 2012 through December 31, 2015 as discussed with senior management of Prosperity; (vi) the pro forma financial impact of the Merger on Prosperity based on assumptions relating to transaction expenses, purchase accounting adjustments, cost savings and other synergies as determined by the senior management of Prosperity; (vii) a comparison of certain financial and other information for ASFC and Prosperity with similar publicly available information for certain other commercial banks, the securities of which are publicly traded; (viii) the terms and structures of other recent mergers and acquisition transactions in the commercial banking sector; (ix) the current market environment generally and in the commercial banking sector in particular; and (x) such other information, financial studies, analyses and investigations and financial, economic and market criteria as we considered relevant. We also discussed

with certain members of senior management of ASFC the business, financial condition, results of operations and prospects of ASFC and held similar discussions with the senior management of Prosperity regarding the business, financial condition, results of operations and prospects of Prosperity.

In performing our review, we have relied upon the accuracy and completeness of all of the financial and other information that was available to us from public sources, that was provided to us by ASFC and Prosperity or that was otherwise reviewed by us and have assumed such accuracy and completeness for purposes of preparing this letter. We have further relied on the assurances of the management of ASFC and Prosperity that they are not aware of any facts or circumstances that would make any of such information inaccurate or misleading in any material respect. We did not make an independent evaluation or appraisal of the specific assets, the collateral securing assets or the liabilities (contingent or otherwise) of ASFC or Prosperity or any of their respective subsidiaries. We did not make an independent evaluation of the adequacy of the allowance for loan losses of ASFC, Prosperity or the combined entity after the Merger and we have not reviewed any individual credit files relating to ASFC or Prosperity. We have assumed, with your consent, that the respective allowances for loan losses for both ASFC and Prosperity are adequate to cover such losses and will be adequate on a pro forma basis for the combined entity.

We have assumed that there has been no material change in the respective assets, financial condition, results of operations, business or prospects of ASFC and Prosperity since the date of the most recent financial data made available to us. We have also assumed in all respects material to our analysis that ASFC and Prosperity would remain as a going concern for all periods relevant to our analyses. We express no opinion as to any of the legal, accounting and tax matters relating to the Merger and any other transactions contemplated in connection therewith.

Our analyses and the views expressed herein are necessarily based on financial, economic, regulatory, market and other conditions as in effect on, and the information made available to us as of, the date hereof. Events occurring after the date hereof could materially affect our views. We have not undertaken to update, revise, reaffirm or withdraw this letter or otherwise comment upon events occurring after the date hereof.

We have acted as ASFC's financial advisor in connection with the Merger and a significant portion of our fees are contingent upon the closing of the Merger. We also will receive a fee from ASFC for providing this opinion. ASFC has also agreed to indemnify us against certain liabilities arising out of our engagement. In the ordinary course of our business as a broker-dealer, we may purchase securities from and sell securities to ASFC and Prosperity and their affiliates. We may also actively trade the debt securities of ASFC and Prosperity or their affiliates for our own account and for the accounts of our customers.

This letter is directed to the Board of Directors of ASFC in connection with its consideration of the Merger and does not constitute a recommendation to any shareholder of ASFC as to how such shareholder should vote at any meeting of shareholders called to consider and vote upon the Merger. Our opinion is directed only to the fairness, from a financial point of view, of the Per Share Merger Consideration to holders of ASFC common stock and does not address the underlying business decision

of ASFC to engage in the Merger, the relative merits of the Merger as compared to any other alternative business strategies that might exist for ASFC or the effect of any other transaction in which ASFC might engage. This opinion shall not be reproduced or used for any other purposes, without Sandler O'Neill's prior written consent. This Opinion has been approved by Sandler O'Neill's fairness opinion committee. We do not express any opinion as to the fairness of the amount or nature of the compensation to be received in the Merger by ASFC's officers, directors, or employees, or class of such persons, relative to the compensation to be received in the Merger by any other shareholders of ASFC.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Per Share Merger Consideration is fair to the holders of ASFC common stock from a financial point of view.

Very truly yours,

appraisal only by complying with the procedures specified in this subchapter. An owner's right of dissent and appraisal under Section 10.354 may be exercised by an owner only with respect to an ownership interest that is not voted in favor of the action.

(b) To perfect the owner's rights of dissent and appraisal under Section 10.354, an owner:

(iii) not later than the 20th day after the date the responsible organization sends to the owner a notice that the merger was effected, if the action is a merger effected under Section 10.006.

(c) An owner who does not make a demand within the period required by Subsection (b)(3)(E) or, if Subsection (b)(1) is applicable, does not give the notice of objection before the meeting of owners is bound by the action and is not entitled to exercise the rights of dissent and appraisal under Section 10.354.

(d) Not later than the 20th day after the date an owner makes a demand under Subsection (b)(3), the owner must submit to the responsible organization any certificates representing the ownership interest to which the demand relates for purposes of making a notation on the certificates that a demand for the payment of the fair value of an ownership interest has been made under this section. An owner's failure to submit the certificates within the required period has the effect of terminating, at the option of the responsible organization, the owner's rights to dissent and appraisal under Section 10.354 unless a court, for good cause shown, directs otherwise.

Table of Contents

(e) If a domestic entity and responsible organization satisfy the requirements of this subchapter relating to the rights of owners of ownership interests in the entity to dissent to an action and seek appraisal of those ownership interests, an owner of an ownership interest who fails to perfect that owner's right of dissent in accordance with this subchapter may not bring suit to recover the value of the ownership interest or money damages relating to the action.

Sec. 10.357. WITHDRAWAL OF DEMAND FOR FAIR VALUE OF OWNERSHIP INTEREST.

(2) signed assignments of the ownership interests if the ownership interests are uncertificated.

(c) If the responsible organization rejects the amount claimed in the demand, the responsible organization shall provide to the owner:

Sec. 10.360. RIGHTS OF TRANSFEREE OF CERTAIN OWNERSHIP INTEREST.

A transferee of an ownership interest that is the subject of a demand for payment made under Section 10.356 does not acquire additional rights with respect to the responsible organization following the transfer. The transferee has only the rights the original dissenting owner had with respect to the responsible organization after making the demand.

Sec. 10.361. PROCEEDING TO DETERMINE FAIR VALUE OF OWNERSHIP INTEREST AND OWNERS ENTITLED TO PAYMENT; APPOINTMENT OF APPRAISERS.

(a) If a responsible organization rejects the amount demanded by a dissenting owner under Section 10.358 and the dissenting owner and responsible organization are unable to reach an agreement relating to the fair value of the ownership interests within the period prescribed by Section 10.358(d), the dissenting owner or responsible organization may file a petition requesting a finding and determination of the fair value of the owner's ownership interests in a court in:

- (1) the county in which the organization's principal office is located in this state; or
- (2) the county in which the organization's registered office is located in this state, if the organization does not have a business office in this state.

(b) A petition described by Subsection (a) must be filed not later than the 60th day after the expiration of the period required by Section 10.358(d).

(c) On the filing of a petition by an owner under Subsection (a), service of a copy of the petition shall be made to the responsible organization. Not later than the 10th day after the date a responsible organization receives service under this subsection, the responsible organization shall file with the clerk of the court in which the petition was filed a list containing the names and addresses of each owner of the organization who has demanded payment for ownership interests under Section 10.356 and with whom agreement as to the value of the ownership interests has not been reached with the responsible organization. If the responsible organization files a petition under Subsection (a), the petition must be accompanied by this list.

- (f) The court shall approve the form of a notice required to be provided under this section. The judgment of the court is final and binding on the responsible organization, any other organization obligated to make payment under this subchapter for an ownership interest, and each owner who is notified as required by this section.
- (g) The beneficial owner of an ownership interest subject to dissenters' rights held in a voting trust or by a nominee on the beneficial owner's behalf may file a petition described by Subsection (a) if no agreement between the dissenting owner of the ownership interest and the responsible organization has been reached within the period prescribed by Section 10.358(d). When the beneficial owner files a petition described by Subsection (a):
- (1) the beneficial owner shall at that time be considered, for purposes of this subchapter, the owner, the dissenting owner, and the holder of the ownership interest subject to the petition; and
- (2) the dissenting owner who demanded payment under Section 10.356 has no further rights regarding the ownership interest subject to the petition.

Sec. 10.362. COMPUTATION AND DETERMINATION OF FAIR VALUE OF OWNERSHIP INTEREST.

- (a) For purposes of this subchapter, the fair value of an ownership interest of a domestic entity subject to dissenters' rights is the value of the ownership interest on the date preceding the date of the action that is the subject of the appraisal. Any appreciation or depreciation in the value of the ownership interest occurring in anticipation of the proposed action or as a result of the action must be specifically excluded from the computation of the fair value of the ownership interest.
- (b) In computing the fair value of an ownership interest under this subchapter, consideration must be given to the value of the domestic entity as a going concern without including in the computation of value any control premium, any minority ownership discount, or any discount for lack of marketability. If the domestic entity has different classes or series of ownership interests, the relative rights and preferences of and limitations placed on the class or series of ownership interests, other than relative voting rights, held by the dissenting owner must be taken into account in the computation of value.
- (c) The determination of the fair value of an ownership interest made for purposes of this subchapter may not be used for purposes of making a determination of the fair value of that ownership interest for another purpose or of the fair value of another ownership interest, including for purposes of determining any minority or liquidity discount that might apply to a sale of an ownership interest.

Sec. 10.363. POWERS AND DUTIES OF APPRAISER; APPRAISAL PROCEDURES.

Table of Contents

A dissenting owner or responsible organization may submit to an appraiser evidence or other information relevant to the determination of the fair value of the ownership interest required by Subsection (b)(1).

(d) The clerk of the court appointing the appraiser shall provide notice of the filing of the report under Subsection (b) to each dissenting owner named in the list filed under Section 10.361 and the responsible organization.

Sec. 10.364. OBJECTION TO APPRAISAL; HEARING.

(a) A dissenting owner or responsible organization may object, based on the law or the facts, to all or part of an appraisal report containing the fair value of an ownership interest determined under Section 10.363(b).

(b) If an objection to a report is raised under Subsection (a), the court shall hold a hearing to determine the fair value of the ownership interest that is the subject of the report. After the hearing, the court shall require the responsible organization to pay to the holders of the ownership interest the amount of the determined value with interest, accruing from the 91st day after the date the applicable action for which the owner elected to dissent was effected until the date of the judgment.

(c) Interest under Subsection (b) accrues at the same rate as is provided for the accrual of prejudgment interest in civil cases.

(d) The responsible organization shall:

(1) immediately pay the amount of the judgment to a holder of an uncertificated ownership interest; and

(2) pay the amount of the judgment to a holder of a certificated ownership interest immediately after the certificate holder surrenders to the responsible organization an endorsed certificate representing the ownership interest.

(e) On payment of the judgment, the dissenting owner does not have an interest in the:

(1) ownership interest for which the payment is made; or

(2) responsible organization with respect to that ownership interest.

Sec. 10.365. COURT COSTS; COMPENSATION FOR APPRAISER.

(a) An appraiser appointed under Section 10.361 is entitled to a reasonable fee payable from court costs.

(b) All court costs shall be allocated between the responsible organization and the dissenting owners in the manner that the court determines to be fair and equitable.

Sec. 10.366. STATUS OF OWNERSHIP INTEREST HELD OR FORMERLY HELD BY DISSENTING OWNER.

(a) An ownership interest of an organization acquired by a responsible organization under this subchapter:

(1) in the case of a merger, conversion, or interest exchange, shall be held or disposed of as provided in the plan of merger, conversion, or interest exchange; and

(2) in any other case, may be held or disposed of by the responsible organization in the same manner as other ownership interests acquired by the organization or held in its treasury.

(b) An owner who has demanded payment for the owner's ownership interest under Section 10.356 is not entitled to vote or exercise any other rights of an owner with respect to the ownership interest except the right to:

(1) receive payment for the ownership interest under this subchapter; and

Table of Contents

(2) bring an appropriate action to obtain relief on the ground that the action to which the demand relates would be or was fraudulent.

(c) An ownership interest for which payment has been demanded under Section 10.356 may not be considered outstanding for purposes of any subsequent vote or action.

Sec. 10.367. RIGHTS OF OWNERS FOLLOWING TERMINATION OF RIGHT OF DISSENT.

(2) the owner's right of dissent is terminated under Section 10.356;

(3) a petition is not filed within the period required by Section 10.361; or

(4) after a hearing held under Section 10.361, the court adjudges that the owner is not entitled to elect to dissent from an action under this subchapter.

(b) On termination of the right of dissent under this section:

(1) the dissenting owner and all persons claiming a right under the owner are conclusively presumed to have approved and ratified the action to which the owner dissented and are bound by that action;

(2) the owner's right to be paid the fair value of the owner's ownership interests ceases;

(3) the owner's status as an owner of those ownership interests is restored, as if the owner's demand for payment of the fair value of the ownership interests had not been made under Section 10.356, if the owner's ownership interests were not canceled, converted, or exchanged as a result of the action or a subsequent action;

(4) the dissenting owner is entitled to receive the same cash, property, rights, and other consideration received by owners of the same class and series of ownership interests held by the owner, as if the owner's demand for payment of the fair value of the ownership interests had not been made under Section 10.356, if the owner's ownership interests were canceled, converted, or exchanged as a result of the action or a subsequent action;

(5) any action of the domestic entity taken after the date of the demand for payment by the owner under Section 10.356 will not be considered ineffective or invalid because of the restoration of the owner's ownership interests or the other rights or entitlements of the owner under this subsection; and

(6) the dissenting owner is entitled to receive dividends or other distributions made after the date of the owner's payment demand under Section 10.356, to owners of the same class and series of ownership interests held by the owner as if the demand had not been made, subject to any change in or adjustment to the ownership interests because of an action taken by the domestic entity after the date of the demand.

Sec. 10.368. EXCLUSIVITY OF REMEDY OF DISSENT AND APPRAISAL.

R E C I T A L S

ASFC is a Texas Bank Holding Company duly organized and existing under the laws of the State of Texas. ASFC has 2,550,632 shares of common stock, par value \$10.00 per share (the **Common Stock**) issued and outstanding as of March 8, 2005.

Exhibit A sets forth the Shareholders and the Shares of Common Stock which are subject to the Agreement as of the Effective Date. Section 7.04 herein provides for a registrar to keep track of Shareholders and Shares that may, at any particular time, be subject to this Agreement. The Shareholders collectively own at least fifty percent (50%) plus one share of the Common Stock of ASFC.

The purpose of this Agreement and the consideration for the mutual agreements and undertakings of the parties is to provide stock restrictions to help limit the number of stockholders and to provide safe, competent, and continuous management and ownership of ASFC in the best interests of ASFC and the Shareholders of ASFC.

NOW, THEREFORE, for and in consideration of the mutual agreements set forth below, the Corporation and the Shareholders agree as follows:

Section I

Shares and Shareholders Subject to Agreement

1.01 **Shares.** The terms of this Agreement shall apply to those shares of Common Stock of ASFC set forth opposite the names of the Shareholders on **Exhibit A** hereof and any shares of Common Stock hereafter issued by ASFC as a result of any stock split, stock dividend or other division or reclassification of shares, already subject to this Agreement (the **Shares**). Additional shares of Common Stock not then subject to this Agreement may become subject to this Agreement with the consent of the holders of a majority interest of the Voting Shares. Such consent may be evidenced by a vote at a meeting of the Shareholders (see **Section 2.03**) or by written agreement executed by Shareholders holding the requisite number of Voting Shares. This Agreement shall not apply to any shares of Common Stock now or hereafter owned by ASFC as treasury shares, nor to ASFC's sale or transfer or other disposition of such treasury shares for any purpose. The purchase of Shares by ASFC shall automatically terminate the application of this Agreement as to the Shares purchased.

1.02 **Shareholders.** The persons and entities who are deemed to be Shareholders as that term is used herein and who are subject to the duties and obligations and enjoy the rights and benefits of a Shareholder are those

1.03 Proposed Shareholders. A person or entity (a **Proposed Shareholder**) that desires to be added as a Shareholder with respect to Shares that the Proposed Shareholder has not yet acquired, may obtain in advance (the **Advance Consent**) the consent of the Shareholders for the Proposed Shareholder to become a Shareholder.

1.04 Excluded Shares. The Shares held by a Family Foundation (as defined in Section 6.06) and the Shares held by a person or Entity that has not satisfied all of the requirements to be a Shareholder are referred to as **Excluded Shares**. For a Voting Meeting the status of Shares as Excluded Shares shall be determined as of the record date for the upcoming ASFC stockholders meeting. For all other meetings of Shareholders, the status of shares as Excluded Shares shall be determined as of the date the notice of such meeting is sent to the Shareholders.

1.05 Voting Shares. **Voting Shares** means the Shares which are then entitled to be voted at a meeting of Shareholders and specifically excludes all Shares which at that time are Excluded Shares.

Section II

Table of Contents

Each Shareholder may be present at a meeting of the Shareholders in person or may appoint any other Shareholder to serve as his proxy.

For every Voting Meeting, each Shareholder may cast the number of votes equal to the number of Voting Shares which are owned by such Shareholder as of the record date for the ASFC Meeting. For all other meetings of the Shareholders, each Shareholder may cast the number of votes equal to the number of Voting Shares owned by such Shareholder as of the date the notice of such meeting is sent to the Shareholders.

Excluded Shares shall not be entitled to be voted at meetings of Shareholders and shall not be counted when determining a quorum, but shall be voted by the Voting Representatives, or any of them, at the ASFC Meeting in accordance with the decisions reached at the meeting of Shareholders.

The voting rights of Shares held jointly may be exercised by one of such persons as determined in their sole discretion (and in accordance with any agreements underlying their relationship).

2.04 Voting of Shares at Meeting of the Stockholders of ASFC. The Voting Representatives, or any of them, shall vote the Shares at the ASFC Meeting in accordance with the decisions reached at the Voting Meeting (or other meeting of Shareholders), and the Shareholders shall give such proxies in such form as may be required by ASFC to enable the Voting Representatives to vote such Shares in accordance with this Agreement. If a particular matter is considered and if a decision is not made at a Voting Meeting or other meeting of Shareholders with respect to how the Voting Representatives shall vote on the matter, each Shareholder may vote his Shares on such matter as he desires at the ASFC Meeting. If a matter comes before the ASFC Meeting that was not considered and voted upon at the Voting Meeting or other meeting of Shareholders, the Voting Representatives shall determine the manner in which the Shares will be voted; provided, however, that a Shareholder present at the ASFC Meeting who desires to vote his Voting Shares otherwise with regard to a matter not considered at the Voting Meeting or other meeting of Shareholders, may vote his Voting Shares as he chooses.

2.05 Voting Representatives. There shall be three (3) Voting Representatives elected at the initial meeting of the Shareholders, to serve until replaced by new Voting Representatives by vote of the Shareholders at a duly called meeting. 2.06 Liability of Voting Representatives. The Voting Representatives assume no responsibility for any action taken by them, and no Voting Representative, whether or not acting under advice of counsel, shall incur or be under any responsibility or liability, as stockholder, trustee, or fiduciary or otherwise, by reason of any error of law or of any matter or thing done or suffered or omitted to be done under this Agreement, except for his own willful malfeasance.

Should a Selling Shareholder fail to initiate the right of first refusal by failing to timely provide the Notice of Transfer as required by Section 4.01, (even after an attempted Transfer has occurred in violation of this Agreement), or otherwise fail to comply with this Section IV, the Selling Shareholder is deemed to be in violation of this Agreement and the Transfer or attempted Transfer of the Offered Shares shall be considered as an Unauthorized Transaction which subjects the Offered Shares to the Default Call Rights of the Corporation as set forth in Section V.

4.03 Grant of Option to Purchase. Upon receipt of such Notice of Transfer, the Corporation first and then the Option Shareholders shall have the exclusive and irrevocable right, but not the obligation, to purchase all, but not less than all, of the Offered Shares in accordance with the terms and conditions of this Section IV; provided however, on a Transfer (sale or gift) of Offered Shares of 10,000 Shares or less, only the Corporation shall have the exclusive and irrevocable right to purchase all, but not less than all of the Offered Shares.

An Option Shareholder who fails to timely deliver such written notice shall be deemed to have elected to not purchase any Offered Shares.
- (b) If fewer than all the Option Shareholders elect to purchase their proportionate share of the Offered Shares, the Corporation shall immediately notify each of the Option Shareholders who did elect to purchase their proportionate share of the Offered Shares of same, and such Option Shareholders shall have until the twelfth (12th) Business Day following the date of the Corporate Notice to elect to purchase any amount of the remaining Offered Shares by delivery of written notice of such election to the Corporation.
- (c) If the elections to purchase the remaining Offered Shares in the aggregate exceed the number of remaining Offered Shares, each Option Shareholder shall be allocated and be entitled to purchase the number of remaining Offered Shares each Option Shareholder has elected to purchase, not to exceed the product of the number of Shares owned by such Option Shareholder divided by the number of Shares owned by all Option Shareholders who elected to purchase some or all of the remaining Offered Shares, multiplied by the number of the remaining Offered Shares. Remaining Offered Shares shall continue to be allocated among the Option Shareholders whose elections to purchase have not been satisfied, until all of the remaining Offered Shares are allocated pro rata based on the number of Shares owned by the remaining Option Shareholders.
- (d) On or before the fifteenth (15th) Business Day following the date of the Corporate Notice, the Corporation shall give the following written notice:

If the Offered Shares are being purchased at a price based upon their Fair Market Value, ASFC may pay for the Offered Shares using the appropriate form of consideration (see **Exhibit C**) as ASFC may select.

4.08 Purchase of the Offered Shares Not Purchased by the Option Shareholders or the Corporation. If the Option Shareholders and/or the Corporation do not elect to purchase the Offered Shares, the Selling Shareholder may Transfer the Offered Shares to the transferee named in the Notice of Transfer for the Purchase Price and upon the terms and conditions set forth in the Notice of Transfer. The Transfer of such Offered Shares must be consummated within a period of ninety (90) calendar days following the date of the Notice of Transfer. Not later than concurrently with the consummation of such transaction, however, the transferee of the Offered Shares must execute and deliver to the Shareholders an Addendum to this Agreement to the effect that such transferee consents to and agrees to be bound by this Agreement, and the Offered Shares will continue to be subject to this Agreement as fully as if such Shares were still held by the Selling Shareholder. The transferee will not be allowed to vote the Shares nor exercise any of the other rights of a Shareholder hereunder until such time as the conditions for becoming a Shareholder as set forth in Section 1.02 have been satisfied. Any Transfer after the expiration of such ninety-day period and any Transfer to a different transferee or for a different consideration or upon terms and conditions different from those set forth in the Notice of Transfer shall be null and void.

Section V

Unauthorized Transactions/Default Call Rights

5.01 Unauthorized Transaction. A purported or attempted Transfer of Shares in violation of this Agreement is null and void *ab initio* and is herein referred to as an **Unauthorized Transaction** and includes the failure by a Selling Shareholder to initiate any required right of first refusal by failing to give a timely Notice of Transfer as described in Section 4.02 or failing to comply in any manner with the provisions of Section IV.

5.02 Default Call Right. An Unauthorized Transaction shall trigger a call right whereby ASFC has a continuing right and option to purchase from time to time all or any part of the Shares which were the subject of the Unauthorized Transaction (the **Default Call Right**) at a purchase price equal to their Book Value as of the date of the fiscal year-end of the Corporation last preceding the date of the Call Demand, and upon the other terms and provisions as set forth in this Section V. In the event of a disagreement as to the Book Value, the Book Value as derived from an audited financial statement of ASFC shall be final and binding upon all parties.

5.03 Call Demand. To exercise the Default Call Right, the Corporation shall give written notice (the **Call Demand**) to the Shareholder who has purported or attempted to Transfer Shares pursuant to the Unauthorized Transaction (the **Defaulting Shareholder**) of its exercise of the Default Call Right. The Call Demand shall set forth the relevant information with respect to the exercise of the call right, including:

5.05 Expiration of Default Call Right. The Default Call Right continues and is available for exercise (by giving the Call Demand) on the Shares which were the subject of an Unauthorized Transaction for 2 years following the date such Shares were presented to ASFC for transfer on its books in violation of this Agreement or the date the Shares were actually transferred on the ASFC books pursuant to the Unauthorized Transaction, whichever is later. The Default Call Right shall expire and may not thereafter be exercised after the expiration of such 2 years.

5.06 Recording on Corporate Books/Waiver. If any person or entity attempts to Transfer any Shares in violation of the terms of this Agreement, then upon presentation of such Shares for transfer on the books of ASFC, ASFC may refuse to transfer such Shares until the parties have fully complied with the provisions of this Agreement. ASFC, its officers and directors, may consult with legal counsel to determine whether any attempted Transfer is in violation of the provisions of this Agreement and shall be entitled to rely upon the advice of such counsel in transferring or refusing to transfer any Shares. An Unauthorized Transaction is not validated by the recording of the transfer of the Shares on the books of ASFC; and the transfer will be set aside upon the exercise of a Default Call Right, or upon written notice given within the 2 years during which a Default Call Right could be exercised to the transferor and transferee involved in the Unauthorized Transaction.

5.07 Right to Specific Performance and Attorneys Fees. The Corporation and each Option Shareholder shall have the right to require specific performance by the violating person or entity in accordance with Section 7.06 of this Agreement and shall be entitled to attorneys fees under Section 7.13 of this Agreement in enforcing this right of specific performance.

Section VI

Call on Charity Assignee

6.01 Call Right. Except as provided in Section 6.05, ASFC has the right and option at any time and from time to time to purchase all or any part of the Shares held by a Charity Assignee at a price equal to the Fair Market Value (the parties agree that the Fair Market Value shall be determined as of the date of the Call Notice) of the Shares being purchased (the **Call Right**).

6.02 Call Notice. To exercise this Call Right, ASFC shall give written notice to the Charity Assignee (the **Call Notice**) of its exercise of the Call Right. The Call Notice shall set forth all relevant information with respect to the exercise of the Call Right, including:

- (a) The number of Shares to be purchased by ASFC;
- (b) The opinion of ASFC as to the Fair Market Value of the Shares to be purchased by ASFC;
- (c) The appropriate form of condition (see **Exhibit C**) selected by ASFC for payment of the purchase price;
- (d) The time and place for Closing, which shall be not more than sixty (60) days or less than thirty (30) days from the date of the Call Notice.

6.03 Fair Market Value. If within thirty (30) days following the Call Notice, the Charity Assignee and ASFC are unable to mutually agree upon the Fair Market Value of the Shares, the dispute shall be resolved under the Appraisal Procedures as provided in **Exhibit B**, and the time limits for closing shall be suspended until the Fair Market Value has been determined.

Table of Contents

6.04 Closing. At the closing, ASFC shall (i) pay the purchase price to the Charity Assignee in the appropriate form of consideration (see **Exhibit C**) as selected by ASFC and (ii) execute and deliver such security agreements and other documents as required to attach and perfect a security interest in the collateral, if any; and the Charity Assignee shall deliver free and clear of all liens and encumbrances with full warranty of title to ASFC, the certificate(s) representing the Shares being purchased, duly endorsed in the proper form for transfer.

6.05 Family Foundations.

- (a) **Call Rights Waived:** The Call Rights of ASFC as set forth in Sections 6.01 through 6.04 above do not apply to Shares during the time the Shares are held by a Family Foundation. The Call Rights are, however, applicable to Shares after they have been Transferred by the Family Foundation to another Charity Assignee.

- (b) **Voting Rights Waived:** During the time Shares are held by a Family Foundation, the Shares are considered to be Excluded Shares and all of the provisions and procedures regarding voting, non-voting and quorums as set forth in Section II for Excluded Shares shall apply to the Shares during the time the Shares are held by the Family Foundation; all other rights and obligations of a Shareholder including the right to dividends and to stock splits shall be retained by the Family Foundation. Except as otherwise provided by this Agreement, the voting rights shall be restored on Shares as they are Transferred by the Family Foundation to another person or Entity.

- (c) **Amendment of Shareholder s Agreement:** An amendment to this Shareholder s Agreement which imposes additional limitations or restrictions on the Transfer of Shares shall not be binding upon Shares which were precluded from voting on the amendment by reason of being held by a Family Foundation under Section 6.05(b) above, unless:
 - (i) The Shares are held by a Family Foundation which has approved the amendment in writing; or

 - (ii) The restrictions or limitations on the Transfer of Shares which are imposed by the amendment on the Shares held by the Family Foundation are not more restrictive or onerous than the restrictions and limitations imposed on the Shares otherwise held by the other Shareholders.

In any event, the Shares shall become subject to the amendment when they are Transferred by the Family Foundation to another person or Entity.

6.06 Definitions.

- (b) **Fair Market Value** means the cash price at which designated Shares would change hands between a hypothetical willing buyer and a hypothetical willing seller, neither being under any compulsion to buy or sell and both having reasonable knowledge of all relevant facts without any discount or reduction being applied by reason of the provisions of this Section VI.

- (d) **Private Foundation** means a Charity Assignee which is also a domestic organization as defined in §509 of the Code.

Table of Contents**PART II****INFORMATION NOT REQUIRED IN PROSPECTUS****Item 20. Indemnification of Directors and Officers of Prosperity**

The Amended and Restated Articles of Incorporation and Amended and Restated Bylaws of Prosperity Bancshares, Inc. (the Registrant) require the Registrant to indemnify officers and directors of the Registrant to the fullest extent permitted by Texas law. Generally, Chapter 8 of the Texas Business Organizations Code (TBOC) permits a corporation to indemnify a person who was, is, or is threatened to be made a named defendant or respondent in a proceeding because the person was or is a director or officer if it is determined that such person (1) conducted himself in good faith, (2) reasonably believed (a) in the case of conduct in his official capacity as a director or officer of the corporation, that his conduct was in the corporation's best interest, or (b) in other cases, that his conduct was at least not opposed to the corporation's best interests, and (3) in the case of any criminal proceeding, had no reasonable cause to believe that his conduct was unlawful. In addition, the TBOC requires a corporation to indemnify a director or officer for any action that such director or officer is wholly successful in defending on the merits.

The Registrant's Amended and Restated Articles of Incorporation provide that a director of the Registrant will not be liable to the corporation for monetary damages for an act or omission in the director's capacity as a director, except to the extent not permitted by law. Texas law does not permit exculpation of liability in the case of (i) a breach of the director's duty of loyalty to the corporation or its shareholders; (ii) an act or omission not in good faith that constitutes a breach of duty of the director to the corporation or that involves intentional misconduct or a knowing violation of the law; (iii) a transaction from which a director received an improper benefit, whether or not the benefit resulted from an action taken within the scope of the director's office; or (iv) an act or omission for which the liability of the director is expressly provided by statute.

The Registrant's Amended and Restated Articles of Incorporation permit the Registrant to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee, or agent of the Registrant or who is or was serving at the request of the Registrant as a director, officer, partner, venturer, proprietor, trustee, employee, agent or similar functionary of another business, foreign, domestic or non-profit corporation, partnership, joint venture, sole proprietorship, trust or other enterprise or employee benefit plan, against any liability asserted against such person and incurred by such person in such a capacity or arising out of such person's status as such a person, whether or not the Registrant would have the power to indemnify such person against that liability.

The Amended and Restated Articles of Incorporation and Amended and Restated Bylaws of the Registrant were previously filed with the Securities and Exchange Commission and are incorporated by reference into the registration statement.

Item 22. Undertakings.

The undersigned registrant hereby undertakes:

- (a)
 - (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:
 - (i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

Table of Contents

(ii) To reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective Registration Statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934, as amended (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(g)

(1) The undersigned registrant hereby undertakes as follows: that prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.

(2) The registrant undertakes that every prospectus (i) that is filed pursuant to paragraph (1) immediately preceding, or (ii) that purports to meet the requirements of section 10(a)(3) of the Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(h) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being

registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11 or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

The undersigned registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.
