SPECIAL NOTE ABOUT FORWARD-LOOKING STATEMENTS

Certain statements made in this prospectus (including documents incorporated by reference) may constitute forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act. The words "expect", "intend", "believe", "anticipate", "likely will" and similar expressions generally identify forward-looking statements. These forward-looking statements are subject to certain risks and uncertainties that could cause actual results and events to differ materially from those anticipated in the forward-looking statements. The company is not responsible for updating or revising any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.

Potential risks and uncertainties which could adversely affect the company's results include, without limitation, the following factors:

(a) increased consolidation among major retailers or other events which may adversely affect business operations of major customers and depress the level of local and national advertising; (b) a potential increase in competition for the company's digital segment businesses; (c) a decline in viewership of major networks and local news programming resulting from increased competition or other factors; (d) a continuance of the generally soft economic conditions in the U.S. and the U.K. or a further economic downturn leading to a continuing or accelerated decrease in circulation or local, national or classified advertising; (e) a further decline in general print readership and/or advertiser patterns as a result of competitive alternative media or other factors; (f) an increase in newsprint or syndication programming costs over the levels anticipated; (g) labor disputes which may cause revenue declines or increased labor costs; (h) acquisitions of new businesses or dispositions of existing businesses; (i) rapid technological changes and frequent new product introductions prevalent in electronic publishing; (j) an increase in interest rates; (k) a weakening in the British pound to U.S. dollar exchange rate; (l) volatility in financial and credit markets which could affect the value of retirement plan assets and the company's ability to raise funds through debt or equity issuances; (m) changes in the regulatory environment; (n) an other than temporary decline in operating results and enterprise value that could lead to further non-cash goodwill, other intangible asset, investment or property, plant and equipment impairment charges; (o) credit rating downgrades, which could affect the availability and cost of future financing; (p) adverse outcomes in proceedings with governmental authorities or administrative agencies; and (q) general economic, political and business conditions.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The following table sets forth the historical ratio of our earnings to our fixed charges for the periods indicated:

	Dollars in millions				
	Fiscal Year Ended				
	12/25/2011	12/26/2010	12/27/2009	12/28/2008	12/30/2007
Earnings Available for Fixed Charges:					
Income (loss) from continuing operations, before income taxes, as reported	\$ 653	\$ 846	\$ 570	\$ (7,265)	\$ 1,440
Add: Noncontrolling interest and income from unconsolidated equity investees	(11)	(17)	(3)	374	(37)
Income (loss) from continuing operations, before income taxes, as adjusted	642	829	567	(6,891)	1,403
Add: Fixed charges	196	205	205	219	284
Add: Amortization of capitalized interest	2	2	2	2	2
Add: Distributed income of equity investees	44	51	23	32	50
Less: Interest capitalized		(1)			
Less: Preferred returns	(2)	(7)	(7)	(4)	(2)
Total earnings (losses) available for fixed charges	\$ 882	\$ 1,079	\$ 790	\$ (6,642)	\$ 1,737
Fixed Charges:					
Interest on indebtedness, net of capitalized interest ⁽¹⁾	\$ 173	\$ 173	\$ 176	\$ 191	\$ 260
Capitalized interest		1			
Preferred returns to noncontrolling interest shareholders in consolidated subsidiaries	2	7	7	4	2
Portion of rents representative of interest factor	21	24	22	24	22
Total fixed charges	\$ 196	\$ 205	\$ 205	\$ 219	\$ 284
Ratio of earnings to fixed charges	4.5	5.3	3.9	(A)	6.1

(A) The ratio was less than 1.0 for the fiscal year ended December 28, 2008 as earnings were inadequate to cover fixed charges. Additional earnings of approximately \$6.9 billion would have been necessary to bring the ratio to 1.0. Income from continuing operations before income taxes, as reported, includes \$7.9 billion of asset impairment and other charges. These charges were non-cash charges and therefore did not impact our ability to cover fixed charges. Absent these charges, the ratio of earnings to fixed charges would have been 5.9.

(1) Interest expense related to unrecognized tax benefits is recorded as a component of income tax expense and is excluded from both fixed charges and pretax income.

DESCRIPTION OF COMMON AND PREFERRED STOCK

The following description of our common stock and preferred stock, together with the additional information we include in any applicable prospectus supplement, summarizes the material terms and provisions of the common stock and the preferred stock that we may offer from time to time pursuant to this prospectus. While the terms we have summarized below will apply generally to any future common stock or preferred stock that we may offer, we will describe the particular terms of any class or series of these securities in more detail in the applicable prospectus supplement. If there are differences between the applicable prospectus supplement and this prospectus, the prospectus supplement will control. For the complete terms of our common stock and preferred stock, please refer to our third restated certificate of incorporation, which we refer to in this prospectus as our charter, our bylaws, as amended, which we refer to as our bylaws, that are incorporated by reference into the registration statement of which this prospectus is a part or may be incorporated by reference in this prospectus or any prospectus supplement. The summary below and that contained in any prospectus supplement is qualified in its entirety by reference to our charter and bylaws. The terms of these securities may also be affected by the General Corporation Law of the State of Delaware.

Authorized Capitalization

As of the date of this prospectus, our capital structure consists of 800,000,000 authorized shares of common stock, par value \$1.00 per share, and 2,000,000 shares of undesignated preferred stock, par value \$1.00 per share. As of March 25, 2012, an aggregate of 234,954,706 shares of our common stock were issued and outstanding, and no shares of preferred stock were issued and outstanding.

Common Stock

Our bylaws provide that director nominees are elected by the vote of a majority of the votes cast with respect to the director at the meeting, unless the number of nominees exceeds the number of directors to be elected, in which case directors shall be elected by the vote of a plurality of the shares present and entitled to vote at the meeting, once a quorum is present.

The holders of our common stock are entitled to such dividends as our board of directors may declare from time to time from legally available funds subject to the preferential rights of the holders of any shares of our preferred stock that we may issue in the future. No holder of our common stock has any preemptive right to subscribe for any shares of capital stock issued in the future.

Upon any voluntary or involuntary liquidation, dissolution or winding up of our affairs, the holders of our common stock are entitled to share, on a pro rata basis, all assets remaining after payment to creditors and subject to prior distribution rights of the holders of any shares of preferred stock that we may issue in the future. All of the outstanding shares of common stock are, and the shares of common stock offered by this prospectus as well as the shares issuable upon the conversion of any preferred stock or debt securities offered pursuant to this prospectus, when issued and paid for, will be, fully paid and non-assessable.

Preferred Stock

No shares of our preferred stock are currently outstanding. Under our charter, our board of directors, without further action by our stockholders, is authorized to issue up to 2,000,000 shares of preferred stock in one or more classes or series. The board may fix or alter the rights, preferences and privileges of the preferred stock, along with any limitations or restrictions, including voting rights, dividend rights, conversion rights, redemption privileges and liquidation preferences of each class or series of preferred stock. The preferred stock could have voting or conversion rights that could adversely affect the voting power or other rights of holders of our common stock. The issuance of preferred stock could also have the effect, under certain circumstances, of delaying, deferring or preventing a change of control of our company.

Anti-Takeover Effects of Certain Provisions of Delaware Law and Our Charter and Bylaws

Effect of Delaware Anti-Takeover Statute. We are subject to Section 203 of the Delaware General Corporation Law, an anti-takeover law. In general, Section 203 prohibits a Delaware corporation from engaging in any business combination with any interested stockholder for a period of three years following the date that the stockholder became an interested stockholder, unless:

prior to that date, the board of directors of the company approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;

upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the company outstanding at the time the transaction commenced, excluding for purposes of determining the number of shares of voting stock outstanding (but not the voting stock owned by the interested stockholder) those shares owned by persons who are directors and also officers and by excluding employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or

on or subsequent to that date, the business combination is approved by the board of directors of the company and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66 2/3 % of the outstanding voting stock that is not owned by the interested stockholder.

Section 203 defines business combination to include the following:

any merger or consolidation involving the company and the interested stockholder;

any sale, lease, exchange, mortgage, transfer, pledge or other disposition of 10% or more of the assets of the company involving the interested stockholder;

subject to certain exceptions, any transaction that results in the issuance or transfer by the company of any stock of the company to the interested stockholder;

any transaction involving the company that has the effect of increasing the proportionate share of the stock of any class or series of the company beneficially owned by the interested stockholder; or

the receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through the company.

In general, Section 203 defines an interested stockholder as any entity or person beneficially owning 15% or more of the outstanding voting stock of the company, or who beneficially owns 15% or more of the outstanding voting stock of the company at anytime within a three year period immediately prior to the date of determining whether such person is an interested stockholder, and any entity or person affiliated with or controlling or controlled by any of these entities or persons.

Charter and Bylaws Provisions. Our charter and bylaws include provisions that may have the effect of discouraging, delaying or preventing a change in control or an unsolicited acquisition proposal that a stockholder might consider favorable, including a proposal that might result in the payment of a premium over the market price for the shares held by stockholders. These provisions are summarized in the following paragraphs.

Edgar Filing: GANNETT CO INC /DE/ - Form S-3ASR

Board of Directors; Removals; Vacancies. Our charter provides that vacancies on the board of directors may only be filled by a majority of the board of directors then in office and further provides that directors may only be removed without cause by the affirmative vote of holders of at least 80% of the voting power of all the then

Table of Contents

outstanding shares of stock entitled to vote generally in the election of directors; directors may be removed for cause by the affirmative vote of a majority of such holders. The provisions of our charter and bylaws that govern the number, election and terms of the board of directors may not be amended without the affirmative vote of at least 80% of all the then outstanding shares of stock entitled to vote generally in the election of directors.

Supermajority Voting. Our charter requires the approval of the holders of at least 80% of our combined voting power to effect certain amendments to our charter and also to effect certain business combinations, unless such business combinations have been approved by a majority of disinterested directors or meet the price and procedure requirements set forth in the charter. Our bylaws may be amended by either a majority of the board of directors or the stockholders except that certain provisions may not be amended without the affirmative vote of the holders of at least 80% of our voting stock.

Authorized but Unissued or Undesignated Capital Stock. Our authorized capital stock consists of 800,000,000 shares of common stock and 2,000,000 shares of preferred stock. The authorized but unissued (and in the case of preferred stock, undesignated) stock may be issued by the board of directors in one or more transactions. In this regard, our charter grants the board of directors broad power to establish the rights and preferences of authorized and unissued preferred stock. The issuance of shares of preferred stock pursuant to the board of director's authority described above could decrease the amount of earnings and assets available for distribution to holders of common stock and adversely affect the rights and powers, including voting rights, of such holders and may have the effect of delaying, deferring or preventing a change in control. The board of directors does not currently intend to seek stockholder approval prior to any issuance of preferred stock, unless otherwise required by law.

Special Meetings of Stockholders. Our bylaws provide that, except as otherwise required by law and subject to the rights of the holders of any class or series of stock having a preference over the common stock as to dividends or upon liquidation, special meetings of our stockholders may be called only by the Chairman of the board of directors or by the board of directors pursuant to a resolution approved by a majority of the entire board of directors.

No Stockholder Action by Written Consent. Our charter and bylaws provide that an action required or permitted to be taken at any annual or special meeting of our stockholders may be taken only at a duly called annual or special meeting of stockholders and may not be effected by written consent of the stockholders.

Notice Procedures. Our bylaws establish advance notice procedures with regard to all stockholder proposals to be brought before meetings of our stockholders, including proposals relating to the nomination of candidates for election as directors, the removal of directors and amendments to our charter or bylaws. These procedures provide that notice of such stockholder proposals must be timely given in writing to our Secretary prior to the meeting. Generally, to be timely, except for shareholder proposals submitted in accordance with the federal proxy rules, as to which the requirements specified therein shall control, notice must be received at our principal executive offices not earlier than the close of business on the 120th day and not later than the close of business on the 100th day prior to the meeting. The notice must contain certain information specified in the bylaws.

Limitation of Director Liability. Our charter and bylaws limit the liability of our directors (in their capacity as directors but not in their capacity as officers) to us or our stockholders to the fullest extent permitted by Delaware law. Specifically, our charter provides that our directors will not be personally liable for monetary damages for breach of a director's fiduciary duty as a director, except for liability:

for any breach of the director's duty of loyalty to us or our stockholders;

for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;

under Section 174 of the Delaware General Corporation Law, which relates to unlawful payments of dividends or unlawful stock repurchases or redemptions; or

for any transaction from which the director derived an improper personal benefit.

Our bylaws also provide that our directors and officers shall be indemnified and provide for the advancement to them of expenses in connection with proceedings and claims arising out of their status as such to the fullest extent permitted by the Delaware General Corporation Law.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is Wells Fargo Bank, National Association.

The applicable prospectus supplement will specify the transfer agent and registrar for any shares of preferred stock we may offer pursuant to this prospectus.

DESCRIPTION OF DEBT SECURITIES

We may issue debt securities from time to time in one or more series. The following description summarizes the general terms and provisions of the debt securities that we may offer pursuant to this prospectus that are common to all series. The description is not complete. The specific terms relating to any series of our debt securities that we offer will be described in a prospectus supplement, which you should read. Because the terms of specific series of debt securities offered may differ from the general information that we have provided below, you should rely on information in the applicable prospectus supplement that may modify or replace any information below. If there are differences between the applicable prospectus supplement and this prospectus, the prospectus supplement will control.

As required by federal law for all bonds and notes of companies that are publicly offered, the debt securities will be governed by a document called an indenture. An indenture is a contract between a financial institution, acting on your behalf as trustee of the debt securities offered, and us. The debt securities will be issued pursuant to an indenture dated as of March 1, 1983 between us and Citibank, N.A. as trustee, as amended or supplemented. This indenture provides that we may appoint a trustee with respect to each new series of debt securities thereunder. The appointed trustee will serve with respect to only that series, unless we specifically appoint them to serve as trustee with respect to any preceding or succeeding series of debt securities. The trustee has two main roles. First, subject to certain limitations on the extent to which the trustee can act on your behalf, the trustee can enforce your rights against us if we default on our obligations under the indenture. Second, the trustee performs certain administrative duties for us with respect to the debt securities. When we refer to the indenture in this prospectus, we are referring to the indenture described above under which your debt securities will be issued, as may be supplemented by any supplemental indenture applicable to your debt securities.

Unless otherwise provided in any applicable prospectus supplement, the following section is a summary of the principal terms and provisions that will be included in the indenture. This summary is not complete and is subject to, and qualified in its entirety by reference to, the terms and provisions of the indenture, which will be in the form filed as an exhibit to or incorporated by reference in the registration statement of which this prospectus is a part. If we refer to particular provisions in the indenture, such provisions, including the definition of terms, are incorporated by reference in this prospectus as part of this summary. We urge you to read the applicable indenture and any supplement thereto because these documents, and not this section, define your rights as a holder of debt securities.

General Terms of Debt Securities

The indenture does not limit the amount of debt securities which may be issued thereunder. You are urged to read the prospectus supplement relating to a particular series of debt securities being offered which will include the following terms of the debt securities offered under such prospectus supplement:

the designation of such debt securities;

the aggregate principal amount of such debt securities;

the percentage of their principal amount at which such debt securities will be issued;

the currency or currencies with which such debt securities may be purchased and the currency or currencies in which principal of and any interest on debt securities may be payable;

if the currency for which such debt securities may be purchased or in which principal of and any interest may be payable is at the purchaser's election, the manner in which such an election may be made;

the date or dates on which such debt securities will mature;

Table of Contents

the rate or rates, if any, per annum at which such debt securities will bear interest, or the method of determination of such rate or rates (the debt securities may bear interest either at a fixed rate or at a variable rate determined by reference to indices that may include a commercial paper rate, CD rate, federal funds rate, treasury rate or such other interest rate formula as may be indicated in a prospectus supplement relating to such debt securities);

the times at which such interest, if any, will be payable;

provisions for a sinking, purchase or other analogous fund, if any;

the date or dates, if any, after which such debt securities may be redeemed at our option or at the option of the holder and the redemption price or prices;

any other provisions affecting the redemption of such debt securities; and

any other special feature of the series of debt securities.

If any series of the debt securities offered are convertible into or exchangeable for shares of our common stock or other securities, the applicable prospectus supplement will set forth the terms and conditions for such conversion or exchange, including:

the conversion price or exchange ratio (or method of calculating the same);

the conversion or exchange period (or method of determining the same);

whether conversion or exchange will be mandatory, at our option or at the option of the holder;

the events requiring an adjustment of the conversion price or the exchange ratio; and

any other provisions affecting conversion or exchange of such debt securities.

Principal, premium, if any, and interest, if any, on the debt securities will be payable and the debt securities will be transferable, at the office or agency of the trustee, provided that payment of interest, if any, may be made, at our option, by check mailed to the address of the person entitled thereto as it appears in the security register.

The indenture provides for more than one trustee, each with respect to one or more different series of debt securities. If at any time there are two or more trustees, each with respect to different series of debt securities, the term debt securities shall refer to the one or more series with respect to which each respective trustee is acting.

Unless otherwise provided in the prospectus supplement, the debt securities will be unsecured and will rank pari passu with all other unsecured and unsubordinated indebtedness.

The debt securities may be issued in fully registered form without coupons and, unless otherwise specified in the prospectus supplement, in denominations of \$1,000 and multiples of \$1,000. The prospectus supplement will indicate whether the debt securities will be in registered or bearer form, the denominations to be issued, the procedures for payment of interest and principal thereon and other matters. No service charge will be made for any transfer or exchange of the debt securities, but either we or the trustee may require payment of a sum sufficient to cover any

tax or other governmental charge payable in connection therewith.

Global Securities

We may also issue debt securities of a series in whole or in part, in the form of one or more global securities that will be deposited with, or on behalf of, the depository identified in the prospectus supplement relating to such series for purposes of book entry registration and transfer. Unless and until it is exchanged in whole or in part for debt securities in definitive form, a global security may not be transferred except as a whole by or to the depository for such global security or its successor, or any nominee of such depository or successor depository.

Table of Contents

The specific terms of the depository arrangement with respect to any series of debt securities and the rights of and limitations on owners of beneficial interests in global securities representing debt securities will be described in the prospectus supplement relating to such debt securities.

Certain Covenants of Gannett

Limitations of Liens. We will covenant that, so long as any of the debt securities issued under the indenture remain outstanding, we will not, nor will we permit any of our restricted subsidiaries, to issue, assume or guarantee any indebtedness for money borrowed secured by any mortgage, security interest, pledge, lien or other encumbrance on any of our assets or on any asset of our restricted subsidiaries, unless the outstanding debt securities are secured equally and ratably with such secured indebtedness. The term *restricted subsidiary* refers to any subsidiary as of December 26, 1982, which at such date was primarily engaged in the business of newspaper publishing.

Notwithstanding the above, this restriction shall not apply to:

mortgages on property existing at the time that it is acquired;

mortgages on property of a corporation existing at the time such corporation is merged into or consolidated with us or one of our restricted subsidiaries, or at the time of a sale, lease or other disposition of the properties of a corporation or firm as an entirety or substantially as an entirety to us or one of our restricted subsidiaries;

mortgages securing our indebtedness or indebtedness of one of our restricted subsidiaries owing to a restricted subsidiary or to us;

mortgages on property to secure indebtedness incurred for the purpose of financing all or any part of the price of acquisition, construction or improvement of such property, which indebtedness is incurred pursuant to a commitment obtained prior to or within 12 months after the later of such acquisition, completion of such improvements or construction or the placing in operation of such property;

mortgages in favor of the United States of America or any state thereof, or any political subdivision thereof, or in favor of any other country or any political subdivision thereof, to secure payments pursuant to any contract or statute or to secure any indebtedness incurred for the purpose of financing all or any part of the purchase price or the cost of construction of the property subject to such mortgages (including without limitation mortgages incurred in connection with pollution control, industrial revenue or similar financings);

mortgages existing on January 27, 1986; or

any extension, renewal or replacement (or successive extensions, renewals or replacements), in whole or in part, of any mortgage referred to in the foregoing clauses.

Notwithstanding the above, we may or any of our restricted subsidiaries may, without securing the outstanding securities, issue, assume or guarantee secured indebtedness which would otherwise be subject to the above restrictions, provided that the aggregate amount of such indebtedness which, together with all attributable debt in respect of sale and leaseback transactions not otherwise permitted by the indenture, would then be outstanding (not including secured indebtedness under the foregoing exceptions) does not exceed 5% of our consolidated shareholders' equity as of the end of the fiscal year preceding the date of such determination. The term *attributable debt* is defined as the present value (discounted as provided in the indenture) of the obligation of a lessee for net rental payments during the remaining term of any lease entered into in connection with a sale and leaseback transaction.

Table of Contents

Limitation on Sale and Leaseback Transactions. Under the terms of the indenture, we and our restricted subsidiaries are prohibited from entering into any sale and leaseback transactions with any person (other than transactions between us and one of our restricted subsidiaries) of any of our assets or assets of our restricted subsidiaries, except for leases for a term, including renewals, of not more than three years. Notwithstanding the above, we may enter into such transactions if:

we or the restricted subsidiary involved would be entitled to issue, assume or guarantee indebtedness secured by the asset involved in the sale and leaseback transaction at least equal in amount to the attributable debt in respect of such transaction without equally and ratably securing the outstanding securities;

within a period commencing twelve months prior to the consummation of such sale and leaseback transaction and ending twelve months after such consummation, we or the restricted subsidiary involved has expended, or will expend, for our asset or assets or for the asset or assets of such restricted subsidiary an amount equal to the net proceeds from such sale and leaseback transaction; or

an amount equal to the greater of the fair value (in the opinion of our board of directors) of such asset or such attributable debt is applied to the retirement of our funded non-subordinated indebtedness or that of our restricted subsidiary.

Restrictions on Consolidation, Merger or Sale. We will not consolidate with or merge into or dispose of all or substantially all of our property to any corporation unless the surviving corporation (if other than us) shall assume our obligations under the indenture and immediately after giving effect to such transactions, no event of default shall have happened and be continuing.

Events of Default, Waiver and Notice

As to each series of debt securities, an event of default is defined in the indenture as being:

default for 30 days in payment of any interest on the debt securities of that series;

default in payment of principal and premium, if any, on the debt securities of that series when due either at maturity, upon redemption including pursuant to any sinking fund, by declaration or otherwise;

default by us in the performance of any other of the covenants or agreements in the indenture which shall not have been remedied for a period of 60 days after notice;

the due acceleration of indebtedness of at least \$5,000,000 outstanding aggregate principal amount for money borrowed under the terms of the instruments under which such indebtedness is issued or secured, such acceleration not having been remedied, cured or waived; and

various events involving our bankruptcy, insolvency or reorganization.

The indenture provides that the trustee may withhold notice to the holders of debt securities of any default (except in payment of principal or of interest or premium on the securities) if the trustee considers it in the interest of holders of debt securities to do so. No periodic evidence concerning compliance with the indenture or absence of defaults is required by the indenture.

The indenture provides that if an event of default due to the default in the payment of principal, interest or premium, if any, on any series of debt securities shall have occurred and be continuing, either the Trustee or the holders of 25% in principal amount of the debt securities of such series affected thereby then outstanding may declare the principal of all such debt securities (or, in the case of discounted debt securities, the amount payable according to the terms of such debt securities) to be due and payable immediately. The indenture also provides that if an event of default

Edgar Filing: GANNETT CO INC /DE/ - Form S-3ASR

resulting from default in the performance of any other of the covenants or agreements in the indenture or from the due acceleration of indebtedness of at least \$5,000,000 outstanding aggregate principal amount shall have occurred and be continuing and in various events of our bankruptcy, insolvency and reorganization, either the trustee or the holders of 25% in principal amount of all series of debt securities then outstanding for which the same entity serves as trustee (treated as one class) may declare the principal of all such debt securities to be due and

payable immediately. Notwithstanding the above, upon certain conditions, including payment of past due principal and interest, such declarations may be annulled and past defaults may be waived by the holders of a majority in principal amount of the debt securities of such series then outstanding.

The holders of a majority in principal amount of the debt securities of any and all series affected and then outstanding shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee under the indenture, provided that the holders shall have offered to the trustee reasonable indemnity against expenses and liabilities.

Defeasance

The indenture does not provide specifically for defeasance of any series of debt securities other than during the one year period immediately preceding the maturity of such series. However, we may amend the indenture to provide that, with respect to any series of debt securities to be issued after the date of the amendment, we will be entitled to defease any series of debt securities issued on or after the date thereof upon specified conditions. The defeasance amendment would provide that the indenture will cease to be of further effect with respect to a given series (except as to our obligations to compensate, reimburse and indemnify the trustee pursuant to the indenture with respect to such series), and we will be deemed to have satisfied and discharged the indenture with respect to such series, if:

we deposit or cause to be deposited with the trustee an amount in cash or the equivalent in securities of the government which issued the currency in which the debt securities are denominated (or government agencies backed by the full faith and credit of such government) sufficient to pay and discharge the principal at maturity of and interest, if any, to the date of maturity on such series; and

if we have paid or caused to be paid all other sums payable by us under the indenture with respect to such series.

The amendment would provide further that, in the event of any such defeasance, holders of those debt securities would be able to look only to that trust fund for payment of principal and premium, if any, and interest, if any, on the debt securities until maturity. The amendment would also provide that the deposit described above may only be made if the trustee has received an opinion of counsel to the effect that, as a result of the deposit, registration would not be required under the Investment Company Act of 1940, as amended, by the depositing party, the trust funds representing such deposit or the trustee.

The defeasance may be treated as a taxable exchange of the related debt securities for an issue of obligations of the trust or a direct interest in the cash and securities held in the trust. In that case holders of the debt securities would recognize gain or loss as if the trust obligations or the cash or securities deposited, as the case may be, had actually been received by them in exchange for their debt securities. The holders thereafter might be required to include in income a different amount than would be includible in the absence of defeasance. ***Prospective investors are urged to consult their own tax advisors as to the specific consequences of defeasance.***

Modification of the Indenture

The indenture contains provisions permitting us and the trustee, with the consent of the holders of not less than a majority in principal amount of the debt securities of all series affected by such modification at the time outstanding, to modify the indenture or any supplemental indenture or the rights of the holders of the debt securities; provided, that no such modification shall:

extend the final maturity of any debt security, or reduce the principal amount thereof (including in the case of an original issue discounted debt security, the amount payable thereon in the event of acceleration or the amount provable in bankruptcy) or any redemption premium thereon, or reduce the rate or extend the time of payment of interest thereon, or impair or affect the right of any holder of debt securities to institute suit for the payment thereof or the right of repayment, if any, at the option of the holder, without the consent of the holder of each debt security so affected, or

Table of Contents

reduce the aforesaid percentage of debt securities the consent of the holders of which is required for any such modification without the consent of the holders of each debt security affected.

The indenture also permits us and the trustee to amend the indenture without the consent of the holders of debt securities in various other circumstances, including if we merge or if the trustee with respect to the debt securities of one or more series is replaced.

The Trustee

We may maintain a bank account and have other normal banking relationships with the trustee in the ordinary course of business.

DESCRIPTION OF DEPOSITARY SHARES

The description of certain provisions of any deposit agreement and any related depositary shares and depositary receipts in this prospectus and in any prospectus supplement or document incorporated by reference are summaries of the material provisions of that deposit agreement and of the depositary shares and depositary receipts. If there are differences between the applicable prospectus supplement and this prospectus, the prospectus supplement will control. These descriptions do not restate those agreements and do not contain all of the information that you may find useful. We urge you to read the applicable agreements because they, and not the summaries, define many of your rights as a holder of the depositary shares. For more information, please review the form of deposit agreement and form of depositary receipts relating to each series of the preferred stock, which will be filed with the SEC and will be available as described under the heading **Where You Can Find More Information** on page 2.

General

We may elect to have shares of preferred stock represented by depositary shares. The shares of any series of the preferred stock underlying the depositary shares will be deposited under a separate deposit agreement between us and a bank or trust company that we select. The prospectus supplement or incorporated document relating to a series of depositary shares will set forth the name and address of this preferred stock depositary. Subject to the terms of the deposit agreement, each owner of a depositary share will be entitled, proportionately, to all the rights, preferences and privileges of the preferred stock represented by such depositary share, including dividend, voting, redemption, conversion, exchange and liquidation rights. As of the date of this prospectus, there are no depositary shares outstanding.

The depositary shares will be evidenced by depositary receipts issued pursuant to the deposit agreement, each of which will represent the applicable interest in a number of shares of a particular series of the preferred stock described in the applicable prospectus supplement. A holder of depositary shares will be entitled to receive the shares of preferred stock, but only in whole shares of preferred stock, underlying those depositary shares. If the depositary receipts delivered by the holder evidence a number of depositary shares in excess of the whole number of shares of preferred stock to be withdrawn, the depositary will deliver to that holder at the same time a new depositary receipt for the excess number of depositary shares.

Dividends and Other Distributions

The preferred stock depositary will distribute all cash dividends or other cash distributions in respect of the series of preferred stock represented by the depositary shares to the record holders of depositary receipts in proportion, to the extent possible, to the number of depositary shares owned by those holders. The depositary, however, will distribute only the amount that can be distributed without attributing to any depositary share a fraction of one cent, and any undistributed balance will be added to and treated as part of the next sum received by the depositary for distribution to record holders of depositary receipts then outstanding.

Table of Contents

If there is a distribution other than in cash in respect of the preferred stock, the preferred stock depositary will distribute property received by it to the record holders of depositary receipts in proportion, insofar as possible, to the number of depositary shares owned by those holders, unless the preferred stock depositary determines that it is not feasible to make such a distribution. In that case, the preferred stock depositary may, with our approval, adopt any method that it deems equitable and practicable to effect the distribution, including a public or private sale of the property and distribution of the net proceeds from the sale to the holders.

The amount distributed in any of the above cases will be reduced by any amount we or the preferred stock depositary are required to withhold on account of taxes.

Conversion and Exchange

If any series of preferred stock underlying the depositary shares is subject to provisions relating to its conversion or exchange as set forth in an applicable prospectus supplement, each record holder of depositary receipts will have the right or obligation to convert or exchange the depositary shares evidenced by the depositary receipts pursuant to those provisions.

Redemption of Depositary Shares

If any series of preferred stock underlying the depositary shares is subject to redemption, the depositary shares will be redeemed from the proceeds received by the preferred stock depositary resulting from the redemption, in whole or in part, of the preferred stock held by the preferred stock depositary. Whenever we redeem a share of preferred stock held by the preferred stock depositary, the preferred stock depositary will redeem as of the same redemption date a proportionate number of depositary shares representing the shares of preferred stock that were redeemed. The redemption price per depositary share will be equal to the aggregate redemption price payable with respect to the number of shares of preferred stock underlying the depositary share. If fewer than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot or proportionately as we may determine.

After the date fixed for redemption, the depositary shares called for redemption will no longer be deemed to be outstanding and all rights of the holders of the depositary shares will cease, except the right to receive the redemption price. Any funds that we deposit with the preferred stock depositary relating to depositary shares which are not redeemed by the holders of the depositary shares will be returned to us after a period of two years from the date the funds are deposited by us.

Voting

Upon receipt of notice of any meeting at which the holders of any shares of preferred stock underlying the depositary shares are entitled to vote, the preferred stock depositary will mail the information contained in the notice to the record holders of the depositary receipts. Each record holder of the depositary receipts on the record date, which will be the same date as the record date for the preferred stock, may then instruct the preferred stock depositary as to the exercise of the voting rights pertaining to the number of shares of preferred stock underlying that holder's depositary shares. The preferred stock depositary will try to vote the number of shares of preferred stock underlying the depositary shares in accordance with the instructions, and we will agree to take all reasonable action which the preferred stock depositary deems necessary to enable the preferred stock depositary to do so. The preferred stock depositary will abstain from voting the preferred stock to the extent that it does not receive specific written instructions from holders of depositary receipts representing the preferred stock.

Record Date

Subject to the provisions of the deposit agreement, whenever

any cash dividend or other cash distribution becomes payable,

any distribution other than cash is made,

any rights, preferences or privileges are offered with respect to the preferred stock,

Table of Contents

the preferred stock depositary receives notice of any meeting at which holders of preferred stock are entitled to vote or of which holders of preferred stock are entitled to notice, or

the preferred stock depositary receives notice of the mandatory conversion of or any election by us to call for the redemption of any preferred stock,

the preferred stock depositary will in each instance fix a record date, which will be the same as the record date for the preferred stock, for the determination of the holders of depositary receipts:

who will be entitled to receive dividends, distributions, rights, preferences or privileges or the net proceeds of any sale, or

who will be entitled to give instructions for the exercise of voting rights at any such meeting or to receive notice of the meeting or the redemption or conversion.

Withdrawal of Preferred Stock

Upon surrender of depositary receipts at the principal office of the preferred stock depositary, upon payment of any unpaid amount due the preferred stock depositary, and subject to the terms of the deposit agreement, the owner of the depositary shares evidenced by the depositary receipts is entitled to delivery of the number of whole shares of preferred stock and all money and other property, if any, represented by the depositary shares. Partial shares of preferred stock will not be issued. If the depositary receipts delivered by the holder evidence a number of depositary shares in excess of the number of depositary shares representing the number of whole shares of preferred stock to be withdrawn, the preferred stock depositary will deliver to the holder at the same time a new depositary receipt evidencing the excess number of depositary shares. Holders of preferred stock that are withdrawn will not be entitled to deposit the shares that have been withdrawn under the deposit agreement or to receive depositary receipts.

Amendment and Termination of the Deposit Agreement

We and the preferred stock depositary may at any time agree to amend the form of depositary receipt and any provision of the deposit agreement. However, any amendment that materially and adversely alters the rights of holders of depositary shares will not be effective unless the amendment has been approved by the holders of at least a majority of the depositary shares then outstanding. The deposit agreement may be terminated by us or by the preferred stock depositary if all outstanding shares have been redeemed or if a final distribution in respect of the underlying preferred stock has been made to the holders of the depositary shares in connection with our liquidation, dissolution or winding up. The deposit agreement may also be terminated by the preferred stock depositary as described in **Miscellaneous** below.

Charges of Preferred Stock Depositary

We will pay all charges of the preferred stock depositary including charges in connection with the initial deposit of the preferred stock, the initial issuance of the depositary receipts, the distribution of information to the holders of depositary receipts with respect to matters on which preference stock is entitled to vote, withdrawals of the preferred stock by the holders of depositary receipts or redemption or conversion of the preferred stock, except for taxes (including transfer taxes, if any) and other governmental charges and any other charges expressly provided in the deposit agreement to be at the expense of holders of depositary receipts or persons depositing preferred stock.

Miscellaneous

Neither we nor the preferred stock depositary will be liable if either of us is prevented or delayed by law or any circumstance beyond our control in performing any obligations under the deposit agreement. The obligations of the preferred stock depositary under the deposit agreement are limited to performing its duties under the agreement without negligence or bad faith. Our obligations under the deposit agreement are limited to performing our duties in good faith. Neither we nor the preferred stock depositary is obligated to prosecute or defend any legal proceeding in respect of any depositary shares or preferred stock unless satisfactory indemnity is furnished. We and the preferred stock depositary may rely on advice of or information from counsel, accountants or other persons that we or the preferred stock depositary believe to be competent and on documents that we or the preferred stock depositary believe to be genuine.

Table of Contents

The preferred stock depositary may resign at any time or be removed by us, effective upon the acceptance by its successor of its appointment. If we have not appointed a successor preferred stock depositary and the successor depositary has not accepted its appointment within 60 days after the preferred stock depositary delivered a resignation notice to us, the preferred stock depositary may terminate the deposit agreement.

DESCRIPTION OF WARRANTS

We may issue warrants from time to time in one or more series. The following description summarizes the general terms and provisions that are common to all series of the warrants we may offer pursuant to this prospectus. The specific terms relating to any series of our warrants that we offer will be described in a prospectus supplement, which you should read. Because the terms of specific series of warrants offered may differ from the general information that we have provided below, you should rely on information in the applicable prospectus supplement that may modify or replace any information below. If there are differences between the applicable prospectus supplement and this prospectus, the prospectus supplement will control. The summary below is not complete and is subject to, and qualified in its entirety by reference to, the terms and provisions of the applicable warrant agreement and warrant certificate relating to each series of warrants, which will be in the form incorporated by reference in the registration statement of which this prospectus is a part.

General

We may issue warrants to purchase common stock, preferred stock, depositary shares, debt securities or any combination thereof, which we refer to in this prospectus, collectively, as the underlying warrant securities. Warrants may be issued independently or together with any series of underlying warrant securities offered by any prospectus supplement and may be attached to or separate from the underlying warrant securities. The warrants will be issued under warrant agreements which we will enter into with a bank or trust company, as warrant agent, which will be set forth in the prospectus supplement relating to the particular issue of warrants. The warrant agent will act solely as our agent in connection with the warrant certificates and will not assume any obligation or relationship of agency or trust for or with any holders of warrant certificates or beneficial owners of warrants.

If warrants are offered, the prospectus supplement will describe the terms of the warrants, including the following:

the title of the warrants;

the aggregate number of warrants;

the offering price or prices;

the currency or currencies in which warrants may be purchased;

the designation and terms of the underlying warrant securities purchasable upon the exercise of the warrants and the number of such underlying warrant securities issuable upon exercise of the warrants;

if applicable, the designation and terms of the underlying warrant securities with which the warrants are issued and the number of warrants issued with each underlying warrant security;

the price at which and the currency or currencies, including composite currencies, with which the underlying warrant securities purchasable upon the exercise of the warrants may be purchased;

Table of Contents

the date on and after which the warrants and the underlying warrant securities will be separately transferable;

if applicable, the minimum or maximum amount of the warrants which may be exercised at any one time;

the date on which the right to exercise the warrants shall commence and the date on which such right shall expire, referred to as the expiration date (subject to any extension);

whether the warrants represented by the warrant certificates will be issued in registered or bearer form;

information with respect to book-entry procedures, if any; and

any other terms of the warrants, including terms, procedures and limitations relating to the exchange or exercise of the warrants.

Amendments and Supplements to Warrant Agreement

The warrant agreement for a series of warrants may be amended or supplemented without the consent of the holders of the warrants issued thereunder to effect changes that are not inconsistent with the provisions of the warrants and that do not adversely affect the interests of the holders of the warrants.

DESCRIPTION OF STOCK PURCHASE CONTRACTS AND STOCK PURCHASE UNITS

We may issue stock purchase contracts and/or stock purchase units from time to time. The following description summarizes the general terms and provisions of the stock purchase contracts and/or stock purchase units that we may offer pursuant to this prospectus. The specific terms relating to any stock purchase contracts and/or stock purchase units that we offer will be described in a prospectus supplement, which you should read. Because the terms of the specific stock purchase contracts and/or stock purchase units offered may differ from the general information that we have provided below, you should rely on information in the applicable prospectus supplement that may modify or replace any information below. If there are differences between the applicable prospectus supplement and this prospectus, the prospectus supplement will control. The summary below is not complete and is subject to, and qualified in its entirety by reference to, the terms and provisions of the applicable stock purchase contract or stock purchase unit agreement, which will be in the form incorporated by reference in the registration statement of which this prospectus is a part at or prior to the time of the issuance of those stock purchase contracts or stock purchase units, as well as, if applicable, any collateral arrangements or depositary arrangements relating to those stock purchase contracts or stock purchase units.

We may issue stock purchase contracts, including contracts obligating holders to purchase from us, and us to sell to holders, a specified number of shares of common stock, preferred stock or depositary shares at a future date. The consideration per share of common stock, preferred stock or depositary shares may be fixed at the time that the stock purchase contracts are issued or may be determined by reference to a specific formula set forth in the stock purchase contracts. Any such formula may include anti-dilution provisions to adjust the number of shares issuable pursuant to such stock purchase contract upon the occurrence of certain events. The stock purchase contracts may be issued separately or as a part of units, which we refer to as stock purchase units, consisting of a stock purchase contract and our debt securities or debt obligations of third parties, including U.S. Treasury securities, in each case securing holders' obligations to purchase common stock, preferred stock or depositary shares under the stock purchase contracts. The stock purchase contracts may require us to make periodic payments to holders of the stock purchase units, or vice versa, and such payments may be unsecured or prefunded. The stock purchase contracts may require holders to secure their obligations thereunder in a specified manner.

Table of Contents

PLAN OF DISTRIBUTION

We may sell the offered securities in one or more of the following ways from time to time:

through agents to the public or to investors;

to dealers or underwriters for resale to the public or to investors;

directly to investors; or

through a combination of any of these methods of sale.

In addition, we may issue the securities as a dividend or distribution to our existing security holders.

We will set forth in a prospectus supplement the terms of that particular offering of securities, including:

the name or names of any agents or underwriters;

the purchase price of the securities being offered and the proceeds we will receive from the sale;

any over-allotment options under which underwriters may purchase additional securities from us;

any agency fees or underwriting discounts and other items constituting agents' or underwriters' compensation;

any initial public offering price;

any discounts or concessions allowed or reallocated or paid to dealers; and

any securities exchanges or markets on which such securities may be listed.

Agents

We may designate agents who agree to use their reasonable efforts to solicit purchases of our securities for the period of their appointment or to sell our securities on a continuing basis.

Underwriters

If we use underwriters for a sale of securities, the underwriters will acquire the securities for their own account. The underwriters may resell the securities in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The obligations of the underwriters to purchase the securities will be subject to the conditions set forth in the applicable underwriting agreement. Subject to such conditions, the underwriters will be obligated to purchase all the securities of the series offered if they

purchase any of the securities of that series. We may change from time to time any initial public offering price and any discounts or concessions the underwriters allow or reallow or pay to dealers. We may use underwriters with whom we have a material relationship. We will describe the nature of any such relationship in any prospectus supplement naming any such underwriter.

Direct Sales

We may also sell securities directly to one or more purchasers without using underwriters or agents.

Trading Markets and Listing of Securities

Unless otherwise specified in the applicable prospectus supplement, each class or series of securities will be a new issue with no established trading market, other than our common stock, which is listed on The New York Stock Exchange. We may elect to list any other class or series of securities on any exchange or market, but we are not obligated to do so. It is possible that one or more underwriters may make a market in a class or series of securities, but the underwriters will not be obligated to do so and may discontinue any market making at any time without notice. We cannot give any assurance as to the liquidity of the trading market for any of the securities.

Table of Contents

Stabilization Activities

Any underwriter may engage in overallotment, stabilizing transactions, short covering transactions and penalty bids in accordance with Regulation M under the Exchange Act. Overallotment involves sales in excess of the offering size, which create a short position. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. Short covering transactions involve purchases of the securities in the open market after the distribution is completed to cover short positions. Penalty bids permit the underwriters to reclaim a selling concession from a dealer when the securities originally sold by the dealer are purchased in a covering transaction to cover short positions. Those activities may cause the price of the securities to be higher than it would otherwise be. If commenced, the underwriters may discontinue any of these activities at any time.

Delayed Delivery Contracts

We may authorize agents and underwriters to solicit offers to purchase securities from us at the public offering price set forth in the applicable prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on the date stated in the prospectus supplement. Each delayed delivery contract will be for an amount not less than, and unless we otherwise agree, the aggregate proceeds of securities pursuant to delayed delivery contracts shall not be less than, nor more than, the respective proceeds stated in the prospectus supplement. Purchasers with whom delayed delivery contracts, when authorized, may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others, but shall in all cases be subject to our approval. Delayed delivery contracts will not be subject to any conditions except that the purchase by an institution of the securities covered by its contract shall not at the time of delivery be prohibited under the laws of any jurisdiction in the United States to which that institution is subject. A commission indicated in the applicable prospectus supplement will be paid to underwriters and agents soliciting purchases of securities pursuant to delayed delivery contracts accepted by us.

The place and time of delivery for the securities in respect of which this prospectus is delivered will be set forth in the applicable prospectus supplement.

Other

Underwriters, dealers and agents that participate in the distribution of the securities may be underwriters as defined in the Securities Act, and any discounts or commissions they receive from us and any profit on their resale of the securities may be treated as underwriting discounts and commissions under the Securities Act. We will identify in the applicable prospectus supplement any underwriters, dealers or agents who may be deemed to be underwriters as defined in the Securities Act and will describe their compensation. We may have agreements with the underwriters, dealers and agents to indemnify them against specified civil liabilities, including liabilities under the Securities Act. Underwriters, dealers and agents or their affiliates may be customers of, engage in transactions with or perform services for us or our affiliates in the ordinary course of business.

Item 15. Indemnification of Directors and Officers.

Section 145 of the Delaware General Corporation Law authorizes a court to award or a corporation's board of directors to grant indemnification to directors and officers in terms sufficiently broad to permit such indemnification under certain circumstances for liabilities (including reimbursement for expenses incurred) arising under the Securities Act. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

Section 145 of the Delaware General Corporation Law (DGCL) permits Gannett Co., Inc. (the Company) to indemnify any director or officer of the Company against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement, incurred in defense of any action (other than an action by or in the right of the Company) arising by reason of the fact that he is or was an officer or director of the Company if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Company and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. Section 145 also permits the Company to indemnify any such officer or director against expenses incurred in an action by or in the right of the Company if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Company, except in respect of any matter as to which such person is adjudged to be liable to the Company. This statute requires indemnification of such officers and directors against expenses to the extent they may be successful in defending any such action. The DGCL provides that it is not exclusive of other indemnification that may be granted by a corporation's bylaws, disinterested director vote, stockholder vote, agreement or otherwise. A right to indemnification or advancement under the DGCL shall not be eliminated or impaired by an amendment to the certificate of incorporation or bylaws after the occurrence of the act or omission to which the indemnification or advancement of expenses relates, unless the provision authorizes such impairment or elimination after such act or omission has occurred. The statute permits purchase of liability insurance by the Company on behalf of officers and directors, and the Company has purchased such insurance.

Table of Contents

Section 17 of Article II of the Company's bylaws requires indemnification to the fullest extent permitted under Delaware law of any person who is or was a director or officer of the Company against any fine, liability, cost or expense asserted against him or incurred by him in his capacity as such director or officer, or arising out of his status as such director, officer, agent, employee, or representative. The Company may maintain insurance, at its expense, to protect itself and any such person against any such fine, liability, cost or expense, whether or not the Company would have the power to indemnify him against such liability under the DGCL.

Section 102(b)(7) of the DGCL permits a provision in the certificate of incorporation of each corporation organized thereunder, such as the Company, eliminating or limiting, with certain exceptions, the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director. Article NINTH of the amended Third Restated Certificate of Incorporation of the Company eliminates the personal liability of directors to the extent permitted by Section 102(b)(7) of the DGCL.

The foregoing statements are subject to the detailed provisions of Sections 145 and 102(b)(7) of the DGCL, Section 17 of Article II of the Company's bylaws and Article NINTH of the Company's Third Restated Certificate of Incorporation, as applicable.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) do not apply if the registration statement is on Form S-3, and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to

be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

- (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (c) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act of 1939 in accordance with the rules and regulation prescribed by the Securities and Exchange Commission under Section 305(b)(2) of the Securities Trust Indenture Act of 1939. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
