This year, we are again taking advantage of the Securities and Exchange Commission rule allowing shareholders to receive proxy materials over the Internet. We have mailed to most beneficial owners of our shares a notice of availability of proxy materials. Registered owners of our shares, owners of our shares through Company benefit plans and other shareholders who have requested paper copies of materials are receiving a copy of proxy materials by mail. In any case, it is important that your shares be represented and voted. Whether or not you expect to attend the meeting in person, you are requested to promptly vote and submit your proxy by phone, via the Internet, or, if you have received a printed copy of these proxy materials by mail, by signing, dating, and returning your proxy card in the envelope provided, on which no postage is needed if mailed in the United States.

A copy of the Company's Annual Report to Shareholders for the year ended December 31, 2012 is being mailed with this Notice and the Proxy Statement to shareholders receiving paper copies.

PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD MAY 13, 2013

The accompanying proxy is solicited by the Board of Directors of Markel Corporation for use at the Annual Meeting of Shareholders of the Company to be held May 13, 2013, or any adjournments of the meeting, for the purposes set forth in this Proxy Statement and the attached Notice of Annual Meeting of Shareholders. A Notice of Internet Availability of Proxy Materials (the "E-Proxy Notice"), containing instructions on how to access this Proxy Statement and our Annual Report online, was mailed to some of the Company's shareholders on or about March 22, 2013. On that date, we also began mailing a full set of proxy materials to other shareholders, including those shareholders who had previously requested paper copies of our proxy materials.

If you received the E-Proxy Notice by mail, you will not automatically receive a printed copy of the proxy materials or the Annual Report to Shareholders. Instead, the E-Proxy Notice instructs you how you may access and review all of the important information contained in the proxy materials, including the Company's Annual Report to Shareholders. The E-Proxy Notice also instructs you how you may submit your proxy. If you would like to receive a printed copy of our proxy materials, including our Annual Report to Shareholders, you should follow the instructions for requesting such materials included in the E-Proxy Notice.

Record Date

The Board of Directors has fixed the close of business on March 7, 2013, as the record date for the determination of shareholders entitled to notice of and to vote at the meeting and any adjournments. Each holder of record of the Company's Common Stock, no par value (the "Common Stock"), on the record date will be entitled to one vote for each share registered in his or her name with respect to each matter properly brought before the meeting. As of the close of business on the record date, 9,630,095 shares of Common Stock were outstanding and entitled to vote at the meeting. A majority of the outstanding shares on the record date constitutes a quorum for the meeting. Abstentions and broker non-votes are counted in determining a quorum.

Solicitation

If sufficient proxies are not returned in response to this solicitation, supplementary solicitations may also be made by mail, telephone, electronic communication or personal interview by directors, officers and employees of the Company, none of whom will receive additional compensation for these services. The Company may retain an outside proxy solicitation firm to assist in the solicitation of proxies, but at this time does not have plans to do so. Costs of solicitation of proxies will be borne by the Company, which will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred by them in forwarding proxy materials to the beneficial owners of shares held by them.

Proxies

The shares represented by all properly executed proxies received by the Secretary of the Company will be voted as set forth in the proxy. Any proxy may be revoked at any time before the shares to which it relates are voted, either by written notice (which may be in the form of a substitute proxy bearing a later date delivered to the secretary of the meeting) or by attending the meeting and voting in person.

Votes Required

Directors will be elected by a majority of the votes cast, unless the election is contested. A majority of votes cast means that the number of shares voted for a director exceeds the number of votes cast against the director. In a contested election, where the number of nominees for director exceeds the number of directors to be elected, directors are elected by a plurality of the votes cast. If there are more persons properly nominated for election than the number of available Board positions, then the nominees receiving the most votes will be elected for the available positions. All of the other items on the agenda require the majority of the votes cast in order to be approved. Broker discretionary voting is permitted only for the proposed ratification of the selection of the Company's independent public registered accounting firm. Broker non-votes or abstentions will not be counted as a vote in favor or against any of the items presented.

ELECTION OF DIRECTORS

Nominees

Members of the Board of Directors will be elected at the meeting to serve until the next annual meeting of shareholders and the election and qualification of their successors. The Board of Directors currently consists of ten members. It will be expanded to twelve members upon closing of the merger of Alterra Capital Holdings Limited (Alterra) with the Company's subsidiary Commonwealth Merger Subsidiary Limited (the Alterra Merger). The Company currently expects the Alterra Merger to be completed before the Annual Meeting takes place, although the transaction remains subject to regulatory approvals, and there are no assurances they will have been obtained by that time. In accordance with the terms of the merger agreement with Alterra, the Board of Directors has elected Messrs. K. Bruce Connell and Michael O'Reilly as directors, and is nominating them for election by the shareholders, both contingent upon completion of the Alterra Merger.

All of the Company's current directors were elected by the shareholders at the 2012 Annual Meeting. All Board members attended the 2012 Annual Meeting, and all are expected to attend the 2013 Annual Meeting, absent unusual circumstances. Messrs. Connell and O'Reilly did not attend the 2012 Annual Meeting, but if elected to the Board of Directors before May 13, 2013, they are expected to attend the 2013 Annual Meeting, absent unusual circumstances.

Each of the nominees has consented to being named as a nominee in this Proxy Statement, has agreed to serve if elected, and has furnished to the Company the information set forth in the following table.

The Board of Directors recommends a vote **FOR** the election of the first ten nominees named below, and **FOR** the two additional nominees at the end of the list, if the Alterra Merger has been completed before the Annual Meeting. It is expected that each of the nominees will be able to serve, but if any nominee is unable to serve for any reason (which is not now anticipated), the Board of Directors will name a substitute nominee, and the proxies will vote for that person.

The Board of Directors believes that each nominee possesses integrity; leadership and policy making experience; the communication and interpersonal skills necessary to function effectively as a member of a decision-making body; and the ability to act in the best interests of the shareholders in order to serve the Company. In addition, the nominees collectively bring to the Board a combination of business and financial expertise, government or community service, and diversity of experience and of background to equip the Board to deal with the range of issues it must address.

The Board of Directors has adopted Corporate Governance Guidelines and written charters for the Audit Committee, Compensation Committee and Nominating/Corporate Governance Committee. Current copies of the Guidelines and the written charters for each of these committees are available to security holders on the Company's website, www.markelcorp.com.

The Board of Directors held five meetings and acted once by unanimous written consent in 2012. Each director attended at least 75% of the meetings of the Board and all committees on which he or she served during 2012.

The following table reflects the current membership and the chair of the Audit, Compensation and Nominating/Corporate Governance Committees.

	Audit	Compensation	Nominating/Corporate Governance

Douglas C. Eby		Chair	Member

The Board has determined that, of the current directors, Messrs. Broaddus, Eby, Kasen, Lewis, Martin and Weinberg and Ms. Wilson are each independent of management under applicable New York Stock Exchange (NYSE) rules, as are the nominees Messrs. Connell and O'Reilly. Other than Mr. Martin, all directors and nominees are independent under categorical standards for determining independence adopted by the Nominating/Corporate Governance Committee. The Board has also determined that each member of the Audit, Compensation and Nominating/Corporate Governance Committees meets applicable NYSE independence standards for service on those committees.

Under the categorical standards adopted by the Nominating/Corporate Governance Committee, a director is considered independent without further Board determination if the director meets NYSE standards, unless:

The director or a member of his or her immediate family is or has been an employee of the Company within the past three years. Employment as an interim Chairman or Chief Executive Officer does not disqualify a director from being independent following that employment.

The director or a member of his or her immediate family has received, in any 12-month period within the past three years, more than \$120,000 in direct compensation from the Company other than director and committee fees and pension or other forms of deferred compensation.

The director is a current partner or employee of a firm that is the company's internal or external auditor; the director has an immediate family member who is a current partner of such a firm; the director has an immediate family member who is a current employee of such a firm and personally works on the listed company's audit; or the director or an immediate family member was within the last three years a partner or employee of such a firm and personally worked on the listed company's audit within that time.

The director or a member of his or her immediate family is, or within the past three years has been, employed as an executive officer of another company where any of the Company's present executive officers serve or served at the same time on that company's compensation committee.

The director is an employee, or a member of his or her immediate family is an executive officer, of a company that made payments to or received payments from the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1,000,000 or 2% of such other company's consolidated gross revenues.

The director is a director or trustee, or the director or a member of his or her immediate family is an executive officer, of a tax exempt organization which in any single fiscal year receives contributions from the Company in an amount greater than \$1,000,000.

The director or a member of his or her immediate family receives discounted goods or services from the Company if the value of such discount exceeds \$10,000 in any single fiscal year.

For these purposes, immediate family means a person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares the person's home.

Mr. Martin was Chief Financial Officer of the Company from 1988 to 2005 and continued in a part-time advisory and consulting role from 2005 until he was elected to the Board effective October 1, 2009. The Board considered Mr. Martin's independence in November 2012. At that time, Mr. Martin had not been employed by the Company for over three years. He had not been a Section 16 officer of the Company since 2005. He has a son employed by the Company as a managing director. After consideration of all the relevant factors, including the length of time since Mr. Martin has been employed on a full-time basis and his son's position with the Company, the Board, on recommendation of the Nominating/Corporate Governance Committee, determined that Mr. Martin was independent for purposes of Board and Audit Committee membership.

Board Leadership Structure and Risk Oversight

Mr. Kirshner serves as Chairman of the Board and Chief Executive Officer of the Company, and has held both positions since the Company became a public company in 1986. The Board believes that this leadership structure has served, and continues to serve, the Company well, particularly given the emphasis that Mr. Kirshner has placed on open communication between management and the Board and the open access that independent directors have to other members of management. Over the longer term, the Board has no policy with respect to the separation of the offices of Chairman and Chief Executive Officer, believing that this issue will be part of the succession planning process in the future.

In May 2011, the Board adopted changes to the Company's Corporate Governance Guidelines to provide for the designation of a Lead Director by the non-management directors, and Mr. Kasen was appointed as the Lead Director. The Lead Director presides at meetings of the non-management directors and is responsible for communicating to the Chief Executive Officer regarding the meetings.

The Audit Committee and the Board are principally responsible for monitoring risk management by the Company. Management regularly reports to the Audit Committee and the Board on litigation risks, underwriting risks, operating risks, reserving issues, investment risks, reinsurance and catastrophe risk management. Management has also established an enterprise risk management committee which reports on its activities to the Audit Committee or the Board at least annually. In addition, management reviews with the Compensation Committee the design of the Company's incentive compensation programs to assist in evaluating whether the programs might encourage the taking of excessive or unnecessary risks in order to earn incentive compensation. The Board believes it would follow substantially similar procedures in administering its risk oversight function regardless of its leadership structure.

Executive Sessions

The non-management directors (all of whom are independent) meet in executive session without management at each regularly scheduled Board meeting and at such other times as the non-management directors deem appropriate.

Communications with Directors

Any security holder or other interested party wishing to communicate with the Board of Directors as a whole, the non-management directors or an individual director should write to Board of Directors, Non-Management Directors or the individual director in care of the Company Secretary at 4521 Highwoods Parkway, Glen Allen, Virginia, 23060. Communications from security holders or other interested parties addressed in this fashion will be sent directly to the Board of Directors, the non-management directors or the individual director, as applicable.

Compensation of Non-employee Directors

The following table sets forth compensation for the Company's current non-employee directors for 2012:

Name	Fees Earned or Paid		All Other		Total
	in Cash	Stock Awards	Compensation		
	(\$)	(\$)	(\$)	(\$)	(\$)
J. Alfred Broaddus, Jr.	\$ 40,000	\$ 80,183	\$ 5,000		\$ 125,183
Douglas C. Eby	\$ 40,000	\$ 80,183	\$ 2,500		\$ 122,683
Stewart M. Kasen	\$ 55,000	\$ 80,183	\$ 5,000		\$ 140,183
Lemuel E. Lewis	\$ 40,000	\$ 80,183	\$ 9,046		\$ 129,229
Darrell D. Martin	\$ 40,000	\$ 80,183	\$ 5,000		\$ 125,183
Jay M. Weinberg	\$ 40,000	\$ 80,183	\$ 4,046		\$ 124,229
Debora J. Wilson	\$ 40,000	\$ 80,183	\$ 9,046		\$ 129,229

Each non-employee director is paid an annual fee of \$40,000 and reimbursement of expenses incurred in connection with attending meetings.

The Lead Director, Mr. Kasen, receives an additional annual retainer of \$15,000.

Non-employee directors also receive a grant of approximately \$80,000 in restricted stock annually, calculated based on the fair market value of the Company's Common Stock on the grant date. The Company matches up to \$5,000 per year in charitable contributions made by each non-employee director. All Other Compensation includes the following amounts representing matching gifts: Mr. Broaddus (\$5,000); Mr. Eby (\$2,500); Mr. Kasen (\$5,000); Mr. Lewis (\$5,000); Mr. Martin (\$5,000); and Ms. Wilson (\$5,000).

Non-employee directors are also eligible to participate, up to the total amount of fees received by the director, in the Employee Stock Purchase and Bonus Plan (the Stock Purchase Plan). Participating directors receive Stock Bonus Awards in accordance with the terms of that plan equal to 10% of the net increase in shares purchased under the plan in a calendar year. Each of the following directors received bonus shares under the Stock Purchase Plan during 2012 with the purchase price for the bonus shares as indicated: Mr. Lewis (\$4,046); Mr. Weinberg (\$4,046); and Ms. Wilson (\$4,046).

The Company places a strong emphasis on equity ownership by executive officers and other members of senior management, and in 2012, it extended that philosophy to its Board of Directors by adopting stock ownership guidelines for non-employee directors. The guidelines require non-employee directors to acquire and maintain ownership of Common Stock with a value at least equal to five times the annual cash retainer paid, which would currently be an aggregate of \$200,000. All shares acquired under the Stock Purchase Plan count toward ownership requirements along with any restricted stock granted but not vested. Purchased shares are valued at the higher of cost to the director or market. All non-employee directors are expected to reach these minimum levels of ownership within five years of the later of the date of adoption of the guidelines, which was November 15, 2012, or the date of the director's initial election to the Board.

Audit Committee

The purpose of the Audit Committee is to assist the Board in fulfilling its oversight responsibilities with respect to: (i) the integrity of the Company's financial statements; (ii) the Company's compliance with legal and

regulatory requirements; (iii) the independent auditors' qualifications and independence; and (iv) the performance of the independent auditors and the performance of the Company's internal audit function. In addition, the Committee provides an avenue for communication between the internal auditors, the independent auditors, financial management and the Board.

The Board of Directors has determined that all members of the Audit Committee are "audit committee financial experts" as defined by Item 407(d) of Regulation S-K under the Exchange Act. In making this determination, the Board considered, among other things, the experience described under "Election of Directors" above and other relevant experience as summarized below:

Mr. Broaddus-As President of the Federal Reserve Bank of Richmond for eleven years, he had ultimate oversight responsibility for financial and accounting officers preparing financial reports for the bank. A Ph.D. in economics, he spent over 34 years working for the Federal Reserve Bank. He serves or has served on the audit committees of two other publicly traded companies and has supplemented his experience with formal training in accounting issues for corporate directors.

Mr. Kasen-As Chief Executive Officer of several publicly traded companies, he has supervised the chief financial officer and/or other accounting personnel in connection with their preparation of financial statements for the companies. He also has served on the audit committee of other publicly traded companies and has had extensive experience as a private investor in reviewing and analyzing financial statements and periodic reports of numerous public and private businesses.

Mr. Lewis-He has over 30 years of business experience and served for over six years as Chief Financial Officer of Landmark Communications, Inc., a privately held media company, with responsibility for the preparation of the company's financial statements. In addition, he serves or has served as chairman of the board of directors and of the audit committee of the Federal Reserve Bank of Richmond and as a member of the audit committee of two other publicly traded companies.

Mr. Martin-As Chief Financial Officer of the Company for 17 years, he was responsible for the preparation of the Company's financial statements. He is a former partner at KPMG and brings financial and accounting expertise to the Audit Committee as well as having in-depth knowledge of the Company's operations.

Mr. Weinberg-As President of his law firm for 15 years, he actively supervised the business and financial management of the firm. He has served on the audit committee of several companies and has over 50 years of experience as a lawyer serving numerous public and private companies. In his law practice and as a private investor, he has had extensive experience in reviewing and analyzing financial statements and periodic reports of numerous public and private businesses.

Ms. Wilson-As President and Chief Executive Officer of The Weather Channel, she supervised financial and accounting personnel in connection with their preparation of the company's financial statements. She has also served as a member of the audit committee of two other publicly traded companies.

The Audit Committee held seven meetings during 2012.

Compensation Committee

The Compensation Committee is appointed by the Board to review and approve corporate goals relevant to compensation for executive officers; evaluate executive officer performance and, in light of that performance, approve annual and long-term compensation; administer incentive stock plans; and approve or recommend executive incentive compensation plans and equity-based plans in which executive officers and members of the Board participate. The Committee also discusses succession planning with the Chief Executive Officer and other executive officers and periodically reports its views to the full Board.

The Compensation Committee has full authority over compensation of the executive officers of the Company. The Committee's authority is not delegated to any other person.

The Committee annually reviews and resets the compensation of the Company's executive officers taking into account, among other factors, years of service; level of experience; individual areas of responsibility; the annual rate of inflation; the Company's operating performance; and total compensation opportunities relative to compensation opportunities of other members of management of the Company and its subsidiaries. The Committee considers recommendations from senior management in the course of its review.

The Committee has authority to retain, appoint, compensate and oversee the work of compensation advisers and require the Company to provide reasonable compensation to such advisers as determined by the Committee. Neither the Committee nor the Board has retained compensation consultants to assist it in determining the amount or form of compensation for executive officers or directors. When applicable, the Committee will conduct independence assessments of compensation advisers who provide advice to the Committee in accordance with the independence factors established by the New York Stock Exchange, as then in effect.

The Committee also reviews and assesses the compensation paid to members of the Board of Directors and recommends to the Board of Directors any changes the Committee believes are appropriate.

The Compensation Committee held five meetings and acted once by unanimous written consent during 2012.

Nominating/Corporate Governance Committee

The Nominating/Corporate Governance Committee is appointed by the Board to identify individuals qualified to become Board members; assist the Board in reviewing the independence, skills and characteristics of Board members as well as the size and composition of the Board; recommend to the Board the director nominees for the next annual meeting of shareholders; recommend to the Board nominees for each committee of the Board; and oversee the governance of the Company, including recommending to the Board the Corporate Governance Guidelines for the Company.

While the Committee has not adopted minimum criteria, it considers several qualifications when considering candidates for the Board. The Committee seeks a mix of skills and experience on the part of Board members that will maximize the Board's effectiveness. Among attributes the Committee takes into account are: integrity; leadership and policy making experience; business and financial expertise; government or community service; diversity of experience and of background; and the ability to act in the best interests of all shareholders. None of the attributes is given any particular weight in selecting a candidate. The Committee does not have a policy with respect to director diversity, but considers diversity, in its broadest sense, in selecting candidates who have a mix of experiences and backgrounds that will enhance the quality of the Board's interactions and decisions. The Committee also seeks to have candidates with a diversity of backgrounds and experience that complement the backgrounds and experience of others on the Board. The Committee conducts an annual self-evaluation and has determined in connection with past self-evaluations that both its processes and the performance of its functions were appropriate.

Candidates should be committed to representing the long-term interests of all of the shareholders and should not have any interests which conflict with service with the Company. In addition, directors must be willing to devote sufficient time to carrying out their duties and responsibilities effectively, and should be committed to serve on the Board for an extended period of time.

The Committee will consider candidates recommended by shareholders for consideration as directors on the same basis it evaluates other candidates. Any shareholder wishing to recommend a nominee for consideration should write to the Chairman of the Nominating/Corporate Governance Committee in care of the Company Secretary at 4521 Highwoods Parkway, Glen Allen, Virginia, 23060.

The Nominating/Corporate Governance Committee held four meetings during 2012.

COMMITTEE REPORTS

Report of the Audit Committee

In performing its oversight role, the Audit Committee has reviewed and discussed the audited financial statements with management and KPMG LLP. The Audit Committee has also discussed with KPMG the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended, as adopted by the Public Company Accounting Oversight Board; has received the written disclosures and the letter from KPMG required by applicable requirements of the Public Company Accounting Oversight Board regarding KPMG's communications with the Audit Committee concerning independence; and has discussed KPMG's independence with KPMG. The Audit Committee has considered whether the provision of non-audit services (none of which related to financial information systems design and implementation) by KPMG is compatible with maintaining independence and has discussed with KPMG its independence. Based on the review and discussions described in this Report, and subject to the limitations on its role and responsibilities described below and in its charter, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2012.

The Audit Committee performs the oversight role assigned to it by the Board of Directors in its charter. Management is responsible for the preparation, presentation and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent registered public accounting firm is responsible for performing an independent audit of the consolidated financial statements and internal control over financial reporting in accordance with standards of the Public Company Accounting Oversight Board and for attesting to the effectiveness of the Company's internal controls. The members of the Audit Committee are not accountants or auditors and rely without independent verification on the information provided to them and on the representations made by management and the independent registered public accounting firm. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that the Company's financial statements have been prepared in accordance with generally accepted accounting principles or that the audit of the Company's financial statements has been carried out in accordance with the standards of the Public Company Accounting Oversight Board (United States).

COMPENSATION DISCUSSION AND ANALYSIS

The Company focuses on a business model under which the combination of underwriting profits and investment returns (including earnings from non-insurance operations) builds shareholder value over the long term. This focus is reflected in the Company's compensation philosophy and programs. The Company's objective is for associates, including the Company's executive officers, to earn reasonable base salaries and benefits, but have the opportunity to earn significant performance incentives based on underwriting profitability or growth in book value per share, which takes into account both the profits earned from underwriting operations and the earnings on the Company's investments. An additional feature is a strong emphasis on equity ownership, with the expectation that it will result in associates thinking and managing the Company's business like owners.

The following discussion examines each of the key elements of compensation, how they are determined, and how they fit within the overall compensation structure.

Base Salary and Benefits

In general, base salary levels for executive officers are set by the Compensation Committee of the Board of Directors at the minimum levels believed to be sufficient to attract and retain qualified executives when considered with other components of the Company's compensation structure. The Compensation Committee has not retained a compensation consultant to assist it in determining appropriate compensation levels and has not engaged in any formal benchmarking processes. The Committee has instead relied on the general knowledge, experience and good judgment of its members, both with regard to competitive compensation levels and the relative success that has been achieved by the Company, as well as information available to the members of the Committee from sources both within and outside the Company. In addition, the Committee takes into account: years of service; level of experience; individual areas of responsibility; the annual rate of inflation; the Company's operating performance; and total compensation opportunities relative to compensation opportunities of other members of management of the Company and its subsidiaries. Because of the significant incentive opportunities available to managers of the Company's subsidiaries based on underwriting performance, the Committee also evaluates total compensation to executive officers to ensure overall fairness.

The Company's executive officers are led by the Office of the Chairman, with Alan I. Kirshner as Chairman and Chief Executive Officer, and Anthony F. Markel and Steven A. Markel as Vice Chairmen. Reporting to them is a three-member Office of the President. Thomas S. Gayner is President and Chief Investment Officer, while F. Michael Crowley and Richard R. Whitt, III are each President and Co-Chief Operating Officer. Other executive officers are: Anne G. Waleski, Chief Financial Officer; Gerard Albanese, Jr., Chief Underwriting Officer; Bradley J. Kiscaden, Chief Actuarial Officer; and Britton L. Glisson, Chief Administrative Officer.

During 2012, management recommended and the Compensation Committee concurred that salary adjustments be made to certain executive officers. Among the named executive officers, Mr. Kirshner's salary was increased from \$650,000 to \$700,000; Mr. Gayner and Mr. Whitt's respective salaries were increased from \$550,000 to \$625,000; and Ms. Waleski's salary was increased from \$325,000 to \$375,000 in two steps. These increases were made to recognize individual performance and increased responsibilities during 2012, and took into account that no salary increases had been made for any of the named executive officers except Ms. Waleski during 2011 and that Mr. Crowley had more significant bonus opportunities in recent years than Mr. Whitt and Mr. Gayner.

The Company offers a competitive package of employee welfare benefits, in which executive officers participate on the same basis as other salaried associates. The Company's Retirement Savings Plan is a defined contribution plan qualified under Sections 401(a) and 401(k) of the Internal Revenue Code of 1986 (the "Code"). Each of the executive officers participated in the plan in 2012 and received the maximum Company contribution under the plan (\$22,500) for the year. There is no supplemental benefit plan for executive officers with respect to the Retirement Savings Plan or any employee welfare plan.

The Company also offers the Stock Purchase Plan to encourage stock ownership by our associates. If an associate (including an executive officer) purchases shares at fair market value under the Stock Purchase Plan, the Company pays an annual stock bonus of ten percent of the associate's net increase in shares under the Stock Purchase Plan for the year.

Until December 31, 2004, the Company provided deferred compensation benefits to Steven A. Markel in accordance with the terms of his employment contract, which had been in effect, with some modifications, since 1986. Following the passage of Section 409A of the Code, these arrangements were frozen, and a corresponding increase was made to his base salary. No new contributions have been made since that date, although the outstanding balance accrues interest at an annual rate of 8%. The deferred compensation benefits payable under these arrangements are unfunded. Mr. Markel elected to begin receiving distributions of the deferred compensation during 2009 for personal tax and estate planning reasons. These distributions continued in 2012. It is anticipated that the distributions will be suspended during 2013 to avoid non-deductibility of a portion of Mr. Markel's compensation under Section 162(m) of the Code. It is also anticipated that distributions will resume in 2014, and all deferred compensation due Mr. Markel should be paid by the end of that year.

Incentive Compensation

The Company's incentive compensation program for executive officers generally consists of two elements—cash incentive compensation paid under the Executive Bonus Plan and Restricted Stock Units issued under the Omnibus Incentive Plan or the 2012 Equity Incentive Compensation Plan. All named executive officers participate in the Executive Bonus Plan. All named executive officers other than Steven A. Markel were also eligible to receive Restricted Stock Units for 2012. Steven A. Markel and Anthony F. Markel (and, until 2012, Mr. Kirshner) have not participated in either the Omnibus Incentive Plan or the 2012 Equity Incentive Compensation Plan at their request because of both the substantial ownership of Common Stock they already have and their belief that the benefits of Restricted Stock Unit awards to the Company and to the individuals involved were more significant in the case of other members of management. The lack of participation by these executive officers in these plans has not been reflected in higher bonus opportunities under the Executive Bonus Plan. In 2012, the Compensation Committee decided that Mr. Kirshner should become eligible to receive Restricted Stock Units so that his overall compensation would be more competitive with that of other chief executive officers.

Awards to executive officers under the Executive Bonus Plan, the Omnibus Plan and the 2012 Equity Incentive Compensation Plan have generally been subject to the achievement of pre-established performance goals. The principal performance measure used in the plans for 2012 was the same—growth in book value per share. In the case of all named executive officers except Mr. Crowley, that performance measure was the five-year average of compound growth in book value per share. For Mr. Crowley, targets were set based on a four-year average of compound growth in book value per share, as he had joined the Company in 2009. Since the measurement period for his performance target was limited in duration, payouts for him were capped at 125% of base salary under each plan.

Growth in book value per share over a period of several years has been used as the primary performance goal under the plans based on a belief that consistent increases in book value will enhance the value of the Company and will, over time, benefit shareholders through higher stock prices. The five-year measurement period provides balance between line of sight for actions currently being taken and a long-term perspective in managing the Company's operations. In addition, using a longer-term measurement period does not encourage the taking of excessive or unnecessary risks in order to earn incentive compensation.

Growth in book value targets are similar to prior years, except that if compound annual growth in book value falls within the 6-10% range, there is a potential payout equal to 40% of base salary. If performance falls within that range, the Committee is expected to use discretion to determine whether the awards should be reduced.

Book value calculations may be modified by the Compensation Committee to reflect transactions not in the ordinary course which may affect book value including, but not limited to, share issuances or conversions, share repurchases, dividends or other distributions affecting book value. The principal adjustment that has been made is to eliminate the effect of share repurchases by the Company on the book value calculation.

As illustrated in the discussion below and in the tabular and other information under Executive Compensation, all executive officers have the potential to receive a majority of their total compensation in the form of incentive compensation. Moreover, if the Company achieves excellent performance over a multi-year period, a substantial majority (up to 80% for some officers) of their total compensation would be in the form of incentive compensation. While the Company believes it is important to provide incentive compensation at these levels, it believes it is also important to require sustained performance to achieve maximum payouts.

Executive Bonus Plan

The Executive Bonus Plan was approved by shareholders in 2005, and performance criteria under the plan were reapproved in 2010. The plan is administered by the Compensation Committee. The Compensation Committee has the power and complete discretion to select eligible employees to receive awards and to determine the type of award and its terms and conditions. Executive officers of the Company who the Compensation Committee determines have contributed or who can be expected to contribute significantly to the Company are eligible to receive awards under the plan.

The plan is designed so that payments generally will not be subject to the \$1,000,000 deduction limit under Section 162(m) of the Code. Awards are subject to the achievement of pre-established performance goals and are administered to comply with the requirements of Section 162(m).

As discussed above, performance goals for 2012 primarily related to growth in book value. The Compensation Committee sets the amounts payable under each performance award. For each of the named executive officers, the scale for bonus awards currently used is set forth under Non-Equity Incentive Plan Awards on page 25. The executive receives the appropriate payment at the end of the performance period if the performance goals and other terms and conditions of the award are met. Awards are payable in cash. Under the terms of the plan, the aggregate maximum cash amount payable under the plan to any employee in any year cannot exceed the lesser of 250% of base salary or \$2,500,000. Any performance award must be made before the 90th day of the period for which the performance award relates and before the completion of 25% of the period.

In addition, while the Executive Bonus Plan caps incentive compensation paid to any individual at the lesser of 250% of base salary or \$2,500,000, the Compensation Committee reserves the right to approve supplementary bonuses above those levels in the case of compound growth in book value per share exceeding 20% or other special circumstances.

Omnibus Incentive Plan

The Compensation Committee approved performance-based Restricted Stock Unit awards in March 2012 for Messrs. Crowley, Gayner and Whitt and Ms. Waleski, as well as other members of management of the Company and its subsidiaries, under the Company's Omnibus Incentive Plan. The Compensation Committee approved a performance-based Restricted Stock Unit award in August 2012 for Mr. Kirshner under the Company's 2012 Equity Incentive Compensation Plan. Under the awards, Restricted Stock Units, expressed in dollars as a percentage of base salary, could be granted based on growth in book value per share. Each Restricted Stock Unit represents the right to receive one share of Common Stock. The table on page 26 under Stock Awards shows the potential value of Restricted Stock Unit grants under the awards, expressed as a percentage of base salary. Awards of Restricted Stock Units are generally administered as performance grants, designed so that payments will not be subject to the \$1,000,000 deduction limit under Section 162(m) (although due to the timing of the award to Mr. Kirshner in 2012, it might be subject to the limit if he remains an executive officer at the time of vesting). After a Restricted Stock Unit is granted, the Restricted Stock Unit is subject to a vesting schedule, usually cliff vesting on a five-year schedule.

Messrs. Kirshner, Crowley, Gayner and Whitt and Ms. Waleski have the potential to earn equal amounts of incentive compensation in the form of cash and Restricted Stock Units. Paying a substantial portion of incentive compensation in Restricted Stock Units has the advantage of both increasing the executive officers' equity ownership in the Company (which is aligned with the Company's emphasis on equity ownership by associates) and furnishing a retention incentive (i.e., the executive officer must remain employed by the Company in order to be assured of vesting in the stock).

2012 Equity Incentive Compensation Plan

At the Company's 2012 Annual Meeting, the shareholders approved the Company's 2012 Equity Incentive Compensation Plan to replace the Omnibus Incentive Plan. Any equity-based awards granted after April 1, 2012 will be granted under the 2012 Equity Incentive Plan, and no further awards will be granted under the Omnibus Incentive Plan, although existing awards under the Omnibus Incentive Plan will continue in effect in accordance with their terms. The 2012 Equity Incentive Plan does not allow for stock options.

Payouts for 2012 Performance

The five-year average of the compound growth in book value per share from January 1, 2008 through December 31, 2012, taking into account adjustments for stock repurchases and other equity account transactions, was 9%; the four-year average from January 1, 2009 through December 31, 2012 was 16%. Under the terms of the awards, this resulted in payouts in 2013 for 2012 performance under the Executive Bonus Plan for Messrs. Kirshner, Steven A. Markel, Gayner and Whitt and Ms. Waleski of 40% of base salary, and 100% of base salary for Mr. Crowley. Corresponding payouts were also made under the performance-based Restricted Stock Unit awards.

After considering overall performance for 2012, and taking into account competitive considerations, equity of compensation between executive officers and other members of the Company's management, and the incentive opportunities that had been available to executive officers since 2008, the Committee decided to approve discretionary incentive payouts for 2012 for executive officers who were subject to the five-year performance period. This resulted in aggregate cash incentive payments to Messrs. Kirshner, Steven A. Markel, Gayner and Whitt and Ms. Waleski of 100% of base salary and aggregate awards of Restricted Stock Units to Messrs. Kirshner, Gayner and Whitt and Ms. Waleski of 100% of base salary. Mr. Crowley received 100% of base salary both in cash and Restricted Stock Units based on performance against target for the four-year period ending December 31, 2012. Among the performance factors taken into account by the Committee in deciding to make the discretionary awards were the Company's underwriting combined ratio for 2012; the fact that key operating performance measures exceeded budget and prior year by substantial margins; investment performance versus general market conditions; accomplishment of numerous qualitative goals relating to acquisitions, expense management and information technology; consistent growth in book value per share over the past four years; and reaching \$500 million of comprehensive income to shareholders for 2012.

Retention Awards

For retention purposes, grants of Restricted Stock Units have been made in addition to the annual awards made under the Omnibus Incentive Plan in some years, but no retention grants were made to any named executive officer in 2012. In May 2010, the Compensation Committee approved grants of Restricted Stock Units to a number of key executives, including Messrs. Crowley, Gayner and Whitt (who received 2,780 Restricted Stock Units each) to assist the Company in retaining their services. 20% of the units vested after one year, and the balance will vest after five years, assuming continued employment with the Company in each case, with pro rata vesting in case of death, disability or retirement. Shares were issued in respect of the initial 20% of the units after vesting. The remaining shares will be issued only following termination of employment, except that issuance may occur earlier if designated share price targets are attained. Violation of non-competition agreements contained in the award agreement may result in cancellation of the award, even after vesting. In May 2011, Ms. Waleski received a grant of 1,250 Restricted Stock Units, 50% of which vest in May 2015 and the remainder of which vest in May 2016, assuming continued employment.

Stock Ownership Guidelines

The Company places a strong emphasis on equity ownership by executive officers and other members of senior management. The Board of Directors has adopted stock ownership guidelines that require executive officers to acquire and maintain ownership of Common Stock with a value at least equal to five times base salary and other members of senior management to acquire and maintain ownership of Common Stock with a value at least equal to two or three times base salary, depending on position. Restricted Stock Units subject to vesting requirements are counted as owned shares for purposes of the guidelines. Newly hired or newly promoted executives are expected to reach these minimum levels of ownership within five years. Shares as to which the economic risks of ownership are hedged are not considered owned for this purpose. All persons who were executive officers in 2012 currently meet or exceed these guidelines.

Perquisites

The Company provides limited perquisites to its executive officers. In 2012, each of the named executive officers received less than \$10,000 in perquisites and personal benefits.

Employment Agreements

The Company has entered into employment agreements with each of its executive officers. The material terms of these agreements and the severance benefits payable under various scenarios are described under the heading Potential Payments Upon Termination or Change in Control.

Each of the employment agreements provides assurances to the Company with regard to the availability of the executive's services, provides protection for the Company's confidential information and trade secrets, and restricts the ability of the executive officers to compete with the Company during their employment and after its termination. In return, the executive officers are provided assurances with regard to salary, other compensation and benefits, as well as severance benefits if their employment is terminated by the Company other than for cause. For this purpose, cause includes neglect of duties; willful misconduct; conduct that may result in material injury to the reputation of the Company; active disloyalty; inability to maintain or obtain required regulatory approvals; or breach of obligations relating to confidential information, trade secrets or restrictions on competing with the Company.

In addition, Messrs. Crowley, Gayner and Whitt and Ms. Waleski are provided additional assurances following a Change in Control. In such a situation, they would receive enhanced severance benefits, but only if their employment were terminated without cause or if they chose to terminate their employment for Good Reason. See Potential Payments Upon Termination or Change in Control for a description of the benefits payable and for definitions of these terms. This additional double trigger protection has been provided to Messrs. Crowley, Gayner and Whitt and Ms. Waleski because they are considered more vulnerable in a Change in Control context due to their positions with the Company, their relative levels of equity ownership and the stage of their careers. The employment agreements for Mr. Kirshner and Steven A. Markel do not include additional Change in Control protections because they are not perceived to be necessary in their cases.

None of the employment agreements with the Company's executive officers include provisions for tax gross-ups, in respect of the parachute payment tax imposed by Section 280G of the Code or otherwise.

Tax and Accounting Treatment

Section 162(m) of the Code imposes a \$1,000,000 limit on the amount of U. S. compensation that will be deductible for U. S. tax purposes by the Company with respect to each of the Chief Executive Officer and the three other most highly compensated executive officers (other than the Chief Financial Officer). Performance-based compensation (such as annual Restricted Stock Unit awards and cash incentive payments under the

Executive Bonus Plan described above) that meets certain requirements will not be subject to the deduction limit. The Compensation Committee retains discretion to make bonus payments outside of the Executive Bonus Plan or to award grants under the Omnibus Incentive Plan that will count against the \$1,000,000 limit. The Committee did so in the case of the retention awards made in May 2010 and May 2011 (although it is not currently expected that either will result in significant amounts of non-deductible compensation) and the discretionary incentive payments awarded for 2012, and may elect to do so in other circumstances. The Compensation Committee will continue to monitor the impact of the Section 162(m) limit and will attempt to minimize the loss of tax deductions in future years as long as doing so is consistent with its objectives for management compensation.

Compensation expense with respect to Restricted Stock Units under the Omnibus Incentive Plan is fixed for accounting purposes based on the fair value of the award at the grant date, i.e., the date on which the Compensation Committee determines the number of Restricted Stock Units to be awarded. The compensation expense is recognized over the period ending when the awards vest.

Clawback Policy

In February 2013, the Board approved the adoption of the Markel Clawback Policy. If financial results filed with the Securities and Exchange Commission are restated due to material non-compliance resulting from fraud or intentional misconduct, the Board of Directors or an independent Board committee will review performance-based compensation paid to executive officers who are found to be personally responsible for the fraud or intentional misconduct that caused the need for the restatement. To the extent permitted by applicable law, the Board of Directors or an independent Board committee will seek, as it deems appropriate, the recovery on behalf of the Company of any performance-based compensation paid to executive officers whose conduct directly caused the need for restatement. The foregoing will be in addition to seeking any amounts the chief executive officer and chief financial officer may be required to repay under applicable laws.

This Clawback Policy will be reviewed once final rules regarding clawback requirements are released under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and will be amended in order to comply with such requirements and any other clawback provisions required by law or the listing standards of the NYSE.

Say on Pay Votes

At the 2011 Annual Meeting of Shareholders, more than 97 percent of the votes cast approved the Company's executive compensation program. The Compensation Committee considered this strong level of support in continuing the current executive compensation program without any material changes.

A majority of the votes cast at the 2011 Annual Meeting of Shareholders favored holding a non-binding shareholder advisory vote on the compensation of executives as required by Section 14A(a)(2) of the Securities Exchange Act of 1934 once every three years, and the Board of Directors has determined that the Company will hold such votes at that interval. The next scheduled say on pay vote will therefore be held at the 2014 Annual Meeting.

In accordance with applicable rules of the Securities and Exchange Commission, the Summary Compensation Table omits information regarding group life, health, hospitalization and medical reimbursement plans that do not discriminate in scope, terms or operation in favor of executive officers or directors and that are available generally to all salaried employees.

Amounts shown under Bonus represent discretionary cash incentive compensation paid to the named individuals for 2012.

Amounts shown under Stock Awards fall into one of four categories. The amounts represent the fair value of the awards determined at the time of grant and recognized by the Company for financial reporting purposes under FASB ASC Topic 718, Compensation-Stock Compensation.:

Restricted Stock Units awarded based on the achievement of performance goals.

Additional Restricted Stock Units awarded in 2013 for 2012 performance on the same terms as those awarded for achievement of performance goals.

Ms. Waleski received a grant of 1,250 Restricted Stock Units in May 2011, 50% of which will vest in May 2015 and the remainder of which will vest in May 2016, subject to continued employment.

Edgar Filing: MARKEL CORP - Form DEF 14A

Messrs. Crowley, Gayner and Whitt each received a retention award in May 2010 to assist the Company in retaining their services. The awards consisted of 2,780 Restricted Stock Units, with a grant date fair value of \$999,688. 20% of the units vest after one year, and the balance after five years,

assuming continued employment with the Company in each case, with pro rata vesting in case of death, disability or retirement. Shares were issued in respect of the initial 20% of the units after vesting. The remaining shares will be issued only following termination of employment, except that issuance may occur earlier if designated share price targets are attained. Violation of non-competition agreements contained in the award agreement may result in cancellation of the award, even after vesting.

Non-Equity Incentive Plan Compensation consists of amounts paid under the Company's Executive Bonus Plan. See Grants of Plan-Based Awards Non-Equity Incentive Plan Awards for a discussion of these payments and to compare amounts actually paid out as reflected in the Summary Compensation Table with potential payouts at various performance levels.

Nonqualified Deferred Compensation Earnings for Mr. Kirshner and Steven A. Markel represent the difference between 8%, the rate at which amounts of deferred compensation previously set aside accrue interest, and 5.72%, which is 120% of the applicable federal long-term rate at the time the obligation was incurred. The balance owed to Mr. Kirshner under his deferred compensation arrangement was fully paid in 2010.

All Other Compensation for 2012 includes the following:

The Company's contributions under the Company's Retirement Savings (401(k)) Plan in the amount of \$22,500 for each person named in the Summary Compensation Table.

Mr. Crowley received bonus shares under the Stock Purchase Plan having a value of \$11,279. Each of the named executive officers received less than \$10,000 in perquisites and personal benefits in 2012.

* Payments in excess of 200% of base salary are at the discretion of the Compensation Committee. The Executive Bonus Plan caps awards at 250% of base salary, which is the amount shown under the Maximum column, except for Mr. Crowley whose award was capped at a lower level. The Compensation Committee reserves the right to approve supplementary bonuses above these levels in the case of compound growth in book value per share exceeding 20% or in other special circumstances.

** When targets are set for performance-based awards, potential awards are expressed as a percentage of salary (with the reference amount being base salary at year end). The number of units awarded is determined by dividing the dollar amount by the fair market value of Common Stock on the date that the Compensation Committee certifies that the performance goals have been met. Awards in excess of 200% of base salary may be made at the discretion of the Compensation Committee.

This table shows all grants of awards under the Company's incentive plans made during 2012. The Grant Date Fair Value of Stock Awards column shows the fair value of awards actually made in or for 2012 for financial reporting purposes. The remaining columns represent compensation that was potentially payable for 2012.

Amounts shown in the Non-Equity Incentive Plan Awards and Equity Incentive Plan Awards columns for all executive officers reflect potential payouts for 2012 to each executive officer at threshold, target and maximum performance levels. To compare these potential payouts with amounts actually paid, see the discussion below under Non-Equity Incentive Plan Awards and Stock Awards.

The awards shown for the named individuals dated 2/19/2013 under All Other Stock Awards represent the actual payout made in 2013 for 2012 performance.

Non-Equity Incentive Plan Awards

For 2012, all named executive officers were eligible to receive awards under the Company's Executive Bonus Plan, expressed as a percentage of year-end base salary. In the case of all named executive officers except Mr. Crowley, awards were based on the five-year average of the compound growth in book value per share of Common Stock as reflected in the schedule below. The five-year average of the compound growth in book value for the period ending December 31, 2012 was 9%, yielding an incentive payout of 40% of target. Mr. Crowley was eligible for an award based on growth in book value for 2009 through 2012, with the maximum amount payable being equal to 125% of salary and otherwise consistent with the schedule below. The four-year average of the compound growth in book value for the period ending December 31, 2012 was 16%, yielding a bonus for Mr. Crowley of 100% of base salary.

In addition to the cash awards paid in accordance with the terms of the Executive Bonus Plan, the Compensation Committee approved the payment of discretionary cash bonuses for 2012 to all named executive officers other than Mr. Crowley in an amount equal to 60% of base salary.

Stock Awards

For 2012, the Compensation Committee also approved performance-based Restricted Stock Unit awards for Messrs. Kirshner, Crowley, Gayner and Whitt and Ms. Waleski under the Omnibus Incentive Plan or the 2012 Equity Incentive Plan. Each unit represents the right to receive one share of Common Stock. The schedule below shows potential Restricted Stock Unit grants under the awards for Messrs. Kirshner, Crowley, Gayner and Whitt and Ms. Waleski, expressed as a percentage of year-end base salary. Potential awards to Messrs. Kirshner, Gayner and Whitt and Ms. Waleski were based on growth in book value per share of Common Stock averaged for the period from January 1, 2008 to December 31, 2012; Mr. Crowley was eligible for an award based on growth in book value for 2009 through 2012, with the maximum amount payable being equal to 125% of salary and otherwise consistent with the schedule below. See Outstanding Equity Awards at Fiscal Year-End for additional information on vesting. Richard R. Whitt, III	3,295	\$ 1,428,119
Anne G. Waleski	1,532	\$ 664,000

The stock awards reflected in the table are Restricted Stock Units under the Company's Omnibus Incentive Plan. For each of Messrs. Crowley, Gayner and Whitt, 2,224 units relate to retention awards made in May 2010. 20% of the units vested after one year, and the balance after five years, assuming continued employment with the Company in each case, with pro rata vesting in case of death, disability or retirement. Shares were issued in respect of the initial 20% of the units after vesting. The remaining shares will be issued only following termination of employment, except that issuance may occur earlier if designated share price targets are attained. Violation of non-competition agreements contained in the award agreement may result in cancellation of the award, even after vesting.

The remaining stock awards for Messrs. Crowley, Gayner and Whitt are Restricted Stock Units awarded for performance in 2010 and 2011. The units awarded for performance in 2010 will vest in December 2015 (1,673 units for Mr. Crowley, 1,071 units for Mr. Gayner and 1,071 units for Mr. Whitt). The units awarded for performance in 2011 will vest in December 2016 (1,684 units for Mr. Crowley). These Restricted Stock Units provide for cliff vesting (i.e., all at once, not ratably) five years after the end of the year for which the award is made. Early vesting, in whole or in part, may occur upon death, disability, retirement, following a change in control and job loss or if the Compensation Committee determines the executive had an approved termination of employment. Even upon early vesting, the shares will generally not be issued until the end of the applicable period. The awards and shares received under them may be subject to forfeiture and/or partial recapture if: (i) the executive is terminated for cause; (ii) the executive becomes associated with a business that competes with the Company; or (iii) the Committee determines the executive has engaged in conduct detrimental to the interests of the Company.

Ms. Waleski was granted 1,250 Restricted Stock Units in May 2011, 50% of which will vest in May 2015 and the remainder of which will vest in May 2016, subject to continued employment. Ms. Waleski also received 282 Restricted Stock Units for 2010 performance that will vest in December 2015.

Holders of Restricted Stock Units are not entitled to receive any dividends before vesting and issuance of the shares underlying the units.

Values are based on the closing price of shares of Common Stock on December 31, 2012 (\$433.42 per share).

OPTION EXERCISES AND STOCK VESTED

No named executive officers have any outstanding stock options. Restricted Stock Units vested for Messrs. Gayner and Whitt during the last fiscal year as indicated in the table below. No other named executive officers had Restricted Stock Units vest during the last fiscal year.

* Restricted Stock Units vested for Mr. Gayner in December 2012. He has deferred receipt of the shares issuable in respect of the units. Had receipt not been deferred, he would have received 1,605 shares having a fair market value on the date of vesting of \$769,220, subject to payment of applicable withholding taxes.

NONQUALIFIED DEFERRED COMPENSATION

Name	Executive Contributions in Last Fiscal Year (\$)	Aggregate Earnings in Last Fiscal Year (\$)	Aggregate Withdrawals/ Distributions in Last Fiscal Year (\$)	Aggregate Balance at December 31, 2012 (\$)

Thomas S. Gayner	\$ 769,220	\$ 0	\$ 0	\$ 2,756,551

The employment agreement between Steven A. Markel and the Company previously provided for Company contributions to deferred compensation accounts. In response to the adoption of Section 409A of the Code, which among other matters imposes excise taxes on certain types of deferred compensation, the agreement was amended as of January 1, 2005 to eliminate ongoing deferrals while grandfathering deferrals made before December 31, 2004. Amounts of deferred compensation previously set aside continue to accrue interest at the rate of 8% per annum compounded annually. The deferred compensation benefit is payable at a time elected by the executive or, failing an election, upon the executive's death or termination of employment. Payments may be limited to the extent necessary to prevent the payments from becoming non-deductible to the Company under Section 162(m) of the Code. In 2009, Mr. Markel elected to begin receiving distributions of the deferred compensation. In 2012, Mr. Markel received the payments set forth under Aggregate Withdrawals/Distributions in Last Fiscal Year. The amounts in the Aggregate Balance column that represent Company contributions were reported as compensation in the Summary Compensation Table in previous years.

Mr. Gayner has deferred receipt of shares issuable in respect to Restricted Stock Units that vested in 2012 and prior years. The aggregate number of deferred shares at December 31, 2012 was 6,360, which are valued based on the closing price of shares of Common Stock on December 31, 2012 (\$433.42 per share). The deferred shares will be distributed based on Mr. Gayner's elections.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The Company has entered into employment agreements with Mr. Kirshner and Steven A. Markel which provide for the employment of those individuals as executive officers. Each agreement has an initial term of one year and is automatically renewed for additional terms of one year unless either party gives 90 days notice of non-renewal. If the Company chooses not to renew, the Company will be deemed to have terminated the executive's employment without cause.

Each executive has agreed to preserve the confidentiality of the Company's proprietary data and has also agreed not to compete with the Company for a period of 24 months following termination. Upon an executive's death or disability, the Company will continue to pay base salary for twelve months. If the agreement is terminated by the Company for cause or voluntarily by the executive, the Company's obligations under the agreement will terminate. If the agreement is terminated by the Company without cause, the Company will pay the executive his base salary and provide continuing benefits for 24 months from the date of termination (beginning six months after termination if certain provisions of Section 409A of the Code apply). In addition, subject to compliance with the covenants in his employment agreement regarding confidentiality and non-competition, at the end of the 24-month period, the executive will be entitled to receive a lump sum payment equal to twice the amount of bonus, if any, paid to him for the calendar year preceding the year in which termination occurs. The agreements also provide for annual salary reviews, bonuses by the Board of Directors, five weeks of annual vacation and participation in health, 401(k) and other benefit plans available to all U.S. employees.

The Company has entered into similar agreements with Messrs. Crowley, Gayner and Whitt and Ms. Waleski, with differences principally in the duration of the non-competition provision (which extends for twelve months) and in termination compensation.

These agreements provide for the payment of salary and benefits for twelve months if the executive's employment is terminated without cause or, following a Change in Control, the executive voluntarily terminates employment for Good Reason. Following a Change in Control, in the case of either termination without cause or voluntary termination for Good Reason but subject to compliance with the covenants in the employment agreement regarding confidentiality and non-competition, the executive will also be entitled to receive a lump sum payment at the end of the 12-month period equal to the amount of bonus, if any, paid to the executive for the calendar year preceding the year in which termination occurs.

For these purposes "Good Reason" means a material decrease in the executive's base salary; a material reduction in duties or responsibilities; a material breach of the agreement by the Company; or a change by more than 50 miles in the location from which the executive is expected to perform the executive's duties.

"Change in Control" means generally the liquidation or dissolution of the Company; the acquisition of 20% or more of the Company's outstanding shares; a business combination involving the Company; or a change in a majority of the incumbent Board of Directors of the Company, in each case unless the owners of 50% or more of the Company's outstanding voting securities before the transaction remain the owners of 50% or more of the outstanding voting securities of the Company or other resulting entity following a transaction.

The estimated payments and benefits that would be provided upon termination under the various scenarios set forth above are quantified in the following table, assuming termination of employment took place on December 31, 2012. If the executive breached the covenants in the executive's employment agreement regarding competition or confidential information, the Company would not be obligated to continue making payments.

* If Messrs. Crowley, Gayner and Whitt or Ms. Waleski were terminated without cause following a Change in Control, they would receive payments as described in this column.

As of December 31, 2012, Messrs. Crowley, Gayner and Whitt and Ms. Waleski had received Restricted Stock Unit awards under the Company's Omnibus Incentive Plan that have not yet vested. If, within twelve months following a Change in Control, their employment were terminated involuntarily or they voluntarily terminated employment for Good Reason, all outstanding terms and conditions on the Restricted Stock Units would be deemed fully satisfied and vested. See Outstanding Equity Awards at Fiscal Year-End for a summary of outstanding Restricted Stock Units and their value at December 31, 2012.

Edgar Filing: MARKEL CORP - Form DEF 14A

In addition, under the circumstances described above, all outstanding Performance Grants under the Omnibus Incentive Plan or the 2012 Equity Incentive Compensation Plan would be deemed fully earned. At December 31, 2012, that would have resulted in the issuance of shares of Common Stock worth \$1,400,000 to Mr. Kirshner; \$1,250,000 each to Messrs. Gayner and Whitt; \$687,500 to Mr. Crowley; and \$750,000 to Ms. Waleski.

Equity Compensation Plan Information

The following table presents information as of December 31, 2012 with respect to compensation plans under which shares of the Company's Common Stock are authorized for issuance.

Plan Category	Number of Securities to Be Issued upon Exercise of Outstanding Options, Warrants and Rights (including Restricted Stock Units)	Weighted Average Exercise Price of Outstanding Options, Warrants and Rights	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans^a

^a This column excludes shares to be issued in respect of outstanding Restricted Stock Units under the Omnibus Incentive Plan and 2012 Equity Incentive Compensation Plan or outstanding stock options under the Aspen Holdings, Inc. stock option plans (see notes b and d).

^b The Company has no outstanding options, warrants or rights under the Omnibus Incentive Plan or the 2012 Equity Incentive Compensation Plan. Amounts reported represent shares to be issued in respect of outstanding or vested Restricted Stock Units under the Omnibus Incentive Plan and the 2012 Equity Compensation Plan, including 7,447 shares which have vested but with respect to which receipt has been deferred. Since Restricted Stock Units do not have an exercise price, they are not taken into account in the computation of the weighted average exercise price.

^c Includes 195,944 shares of Common Stock eligible for issuance under the Omnibus Incentive Plan and 2012 Equity Incentive Compensation Plan and 46,889 shares available for issuance or purchase on the open market under the Stock Purchase Plan.

^d In connection with the acquisition of Aspen Holdings, Inc., outstanding options to purchase Aspen common stock were converted into options to purchase shares of the Company's Common Stock. No additional options may be issued under the Aspen plans.
